

37. May a credit institution based in another member state of the European Economic Area rely on its passport in order to provide financial planning advice in Belgium?

---

Financial planning falls within the scope of a credit institution's passport. This means that the credit institution is permitted as of right to carry out financial planning through branches or under the free provision of services (see Article 34, § 4, of the Law of 25 April 2014).
