[LEGISLATION](#) [CIRCULARS AND COMMUNICATIONS](#)

In order to help those companies that wish to apply for an authorization as a portfolio management and investment advice company, the FSMA has prepared a brochure that sets out concisely the applicable rules. There is a checklist accompanying the brochure. The FSMA also provides answers to a series of frequently asked questions (FAQ) about this topic on its website.

Please consult the [French](#) or [Dutch](#) version.
