

The Financial Services and Markets Authority (FSMA) warns the public against the activities of Global InterGold.

Global InterGold **is not authorized** to offer investment services or financial instruments in or from Belgium.

In addition, Global InterGold offers investments in physical gold. The FSMA has previously published a [warning](#) about the risks associated with offers of investments in alternative investment products.

Moreover, the system offered by Global InterGold exhibits clear signs of a pyramid scheme or at any rate of a Ponzi scheme. The FSMA refers in that regard to its general [warning](#) about that type of fraud, published on 23 September 2016.

The FSMA **thus strongly advises against responding to any offers of financial services** made by Global InterGold and **against transferring money** to any account number that company might mention.

Global InterGold has been the subject of a warning published by the financial supervisory authorities of Switzerland ([FINMA](#)) and Malta ([MFSA](#)).
