

In accordance with the legislation governing public procurement, the FSMA regularly publishes calls for tender for all contracts (works, supplies and services) with a value above 135,000 euros.

- Public contracts that are below the European threshold are published in the Belgian public procurement bulletin: <https://enot.publicprocurement.be>;
- Public contracts above the European threshold are published in the supplement to the official journal of the European Union: <http://ted.europa.eu>;
- Frequently asked questions about public procurement (available in [French](#) or [Dutch](#) only).
