PROSPECTUS FOR ADMISSION TO TRADING ON EURONEXT BRUSSELS

LOAN INVEST NV/SA, COMPARTMENT SME LOAN INVEST 2017

(institutionele VBS naar Belgisch recht / SIC institutionelle de droit belge)

EUR 3,920,000,000 SME Asset-Backed Floating Rate Notes due 2051,
issue price 100 per cent.

Application has been made for an admission to trading of the EUR 3,920,000,000 SME Asset-Backed Floating Rate Notes due 2051 (the "Notes"), to be issued by Loan Invest NV/SA, *institutionele VBS naar Belgisch recht / SIC institutionelle de droit belge* (the "Issuer") acting through its Compartment SME Loan Invest 2017, on Euronext Brussels NV ("Euronext Brussels"). The Notes will be issued on 7 April 2017 or such later date as may be agreed between the Issuer, the Seller and the Manager.

This Prospectus constitutes a prospectus for the purposes of the Law of 16 June 2006 on public offerings of investment instruments and the admission of investment instruments to trading on a regulated market (the "Prospectus Act") and the listing and issuing rules of Euronext Brussels (the "Listing Rules"). No application will be made to list the Notes on any other stock exchange.

The Notes are only offered, directly or indirectly, to holders that satisfy the following criteria ("Eligible Holders"):

- (1) they qualify as qualifying investors (*in aanmerking komende beleggers / investisseurs éligibles*) within the meaning of Article 5, §3/1 of the Belgian Act of 3 August 2012 on institutions for collective investment that satisfy the criteria of Directive 2009/65/EC and on institutions for investment in receivables (*Wet betreffende de instellingen voor collectieve belegging die voldoen aan de criteria van Richtlijn 2009/65/EG en de instellingen voor belegging in schuldvoorwaarden / Loi relative aux organismes de placement collectif qui répondent aux conditions de la Directive 2009/65/CE et aux organismes de placement en créances*), as amended from time to time (the "UCITS Act") ("Qualifying Investors") acting for their own account. A list of Qualifying Investors is attached as Annex I to this Prospectus (Qualifying Investors);
- (2) they do not constitute investors that, in accordance with Annex A, (I), second indent, of the Royal Decree of 3 June 2007 concerning further rules for implementation of the directive on markets in financial instruments ("MiFID"), have registered to be treated as non-professional investors; and
- (3) they are holders of an exempt securities account ("X-Account") with the Securities Settlement System operated by the National Bank of Belgium or (directly or indirectly) with a participant in such system and will use that X-Account for the holding of the Notes.

The Notes may only be acquired, by direct subscription, by transfer or otherwise and may only be held by Eligible Holders. Notes may not be acquired by a transferee who is not subject to income tax or who is, as far as interest income is concerned, subject to a tax regime that is deemed by the Belgian tax authorities to be significantly more advantageous than the Belgian tax regime applicable to interest income (within the meaning of Articles 54 and 198, 11° of the Belgian Income Tax Code 1992 or any successor provision) or by a transferee who is a resident of, or has an establishment in, or acts, for the purposes of the Notes, through a bank account held on, a tax haven jurisdiction, a low-tax jurisdiction or a non-cooperative jurisdiction within the meaning of Article 307, §1, fifth indent of the Belgian Income Tax Code 1992 or any successor provision (the "Excluded Holder"). Any acquisition of a Note by, or transfer of a Note to, a person who is not an Eligible Holder and/or by a person who is an Excluded Holder shall be void and not binding on the Issuer and the Security Agent. If a Noteholder ceases to be an Eligible Holder and/or becomes an Excluded Holder, it is obliged to report this to the Issuer and it will promptly transfer the Notes it holds to a person that qualifies as an Eligible Holder and that does not qualify as an Excluded Holder. Each payment of interest on Notes of which the Issuer becomes aware that they are held by a holder that does not qualify as an Eligible Holder or that qualifies as an Excluded Holder, will be suspended. Upon issuance of the Notes, the denomination of the Notes is EUR 250,000.

The Notes will carry a floating rate of interest, payable monthly in arrears, which will be the Euro Interbank Offered Rate ("Euribor") for one (1) month deposits in euro plus, a margin per annum, which will be 0.75 per cent. The interest rate applicable to the Notes will never be less than zero.

The Notes are scheduled to mature on the Monthly Payment Date falling in April 2051 (the "Final Maturity Date"). On the first Monthly Payment Date falling in May 2017 and on each Monthly Payment Date thereafter, the Notes will be subject to mandatory partial redemption in accordance with the terms and conditions of the Notes (the "Conditions") through the application of the Notes Redemption Available Amount to the extent available.

On the Monthly Payment Date falling in April 2022 and on each Monthly Payment Date thereafter (each an "Optional Redemption Date") the Issuer will have the option to redeem all (but not some only) of the Notes then outstanding at their Principal Amount Outstanding subject to and in accordance with the Conditions.

It is a condition precedent to issuance that the Notes, on issue, be assigned at least an 'AAAsf' rating by Fitch Ratings S.A.S. ("Fitch") and at least 'AAA (sf)' by DBRS ("DBRS") (Fitch and DBRS both jointly referred to as the "Rating Agencies" and each as a "Rating Agency"). As of the date of this Prospectus, each of the Rating Agencies is established in the European Union and is registered in accordance with Regulation (EU) No 1060/2009 (the "CRA Regulation"), published on the European Securities and Markets Authority's (ESMA) website (<http://www.esma.europa.eu>). **A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time. For a discussion of some of the risks associated with an investment in the Notes, see Risk factors herein.**

The Notes will (directly and indirectly) be secured by a first ranking right of pledge in favour of the Noteholders and the other Secured Parties, including Deloitte Bedrijfsrevisoren/Réviseurs d'Entreprises C.V.B.A. (the "Security Agent") on behalf of the Noteholders and the other Secured Parties over (i) the SME Receivables (as defined below), (ii) the Issuer's claims under or in connection with the Transaction Documents, and (iii) the balances standing to the credit of the Transaction Accounts (as defined below). Recourse in respect of the Notes is limited to the SME Receivables, any claims of the Issuer under the Transaction Documents and the balances standing to the credit of the Transaction Accounts and there will be no

other assets of the Issuer, such as any assets that are the property of other compartments of the Issuer, and any rights in connection therewith, available for any further payments.

The Notes will be issued in the form of dematerialised notes under the Belgian Company Code (*Wetboek van Vennootschappen/ Code des Sociétés*) (the “**Company Code**”) and cannot be physically delivered. The Notes will be delivered in the form of an inscription on a securities account. The clearing of the Notes will take place through the X/N securities and cash clearing system operated by the National Bank of Belgium (“the **NBB**”) or any of its successors (the “**Securities Settlement System**”). Access to the Securities Settlement System is available through participants which include certain banks, stock brokers and Euroclear and Clearstream, Luxembourg.

The Notes will be solely the obligations of Compartment SME Loan Invest 2017 of the Issuer and have been allocated to Compartment SME Loan Invest 2017 of the Issuer. The Notes will not be obligations or responsibilities of, and will not be guaranteed by, any other entity or person. In particular, the Notes will be no obligations or responsibilities of, and will not be guaranteed by, any of the parties to the Transaction Documents, other than the Issuer acting through its Compartment SME Loan Invest 2017. Furthermore, none of such persons or entities or any other person in whatever capacity (i) has assumed or will accept any liability whatsoever to the Noteholders in respect of any failure by the Issuer to pay any amounts due under the Notes, or (ii) is or will be under any obligation whatsoever to provide additional funds to the Issuer (except for the limited circumstances described in this Prospectus).

The Seller has undertaken to retain a material net economic interest of not less than 5% in the securitisation transaction contemplated in this Prospectus (the “**Transaction**”) in accordance with Article 405, paragraph (1) sub-paragraph (d) of Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (the “**Capital Requirements Regulation**” or “**CRR**”) and Article 51 paragraph (1) sub-paragraph (d) of the Commission Delegated Regulation (EU) No 231/2013 of 19 December 2012 supplementing Directive 2011/61/EU (the “**AIFM Regulation**”). As at the Closing Date, such interest will in accordance with Article 405, paragraph (1) sub-paragraph (d) of the CRR and Article 51 paragraph (1) sub-paragraph (d) of the AIFM Regulation be comprised of an interest in the first loss tranche, and, if necessary, other tranches having the same or a more severe risk profile than those sold to the investors. Any change in the manner in which this interest is held shall be notified to investors. The Seller has provided a corresponding undertaking with respect to the interest to be retained by it during the period wherein the Notes are outstanding to the Issuer and the Security Agent in the SME Receivables Purchase Agreement. In addition to the information set out herein and forming part of this Prospectus, the Seller has undertaken to make available materially relevant data with a view to complying with Article 405 of the CRR and Articles 51 and 52 of the AIFM Regulation, which can be obtained from the Seller upon request. After the Closing Date, the Issuer will prepare monthly investor reports wherein relevant information with regard to the SME Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Seller as confirmed to the Issuer for each monthly Investor Report. Such information can be obtained from the website www.kbc.be/abs/smeloaninvest2017. For the avoidance of doubt, none of the Issuer, the Seller, the Arranger or the Manager makes any representation as to the accuracy or suitability of any financial model which may be used by a prospective investor in connection with its investment decision. Each prospective investor is required to independently assess and determine the sufficiency of the information described above for the purposes of complying with Article 405, paragraph (1) sub-paragraph (d) of the CRR and Article 51 paragraph (1) sub-paragraph (d) of the AIFM Regulation and none of the Issuer, the Seller (in its capacity as the Seller and the Servicer), the Administrator, the Arranger nor the Manager makes any representation that the information described above or in the Prospectus is sufficient in all circumstances for such purposes. In addition, each prospective noteholder should ensure that it complies with the implementing provisions in respect of Article 405, paragraph (1) sub-paragraph (d) of the CRR and Article 51 paragraph (1) sub-paragraph (d) of the AIFM Regulation in its relevant jurisdiction. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction should seek guidance from their regulator.

This prospectus (“**Prospectus**”) has been approved by the Financial Services and Markets Authority (*Autoriteit voor Financiële Diensten en Markten/Autorité des services et marchés financiers*) (“**FSMA**”) on 28 March 2017 pursuant to Article 23 of the Belgian Act of 16 June 2006 concerning the public offer of investment securities and the admission of investment securities to trading on a regulated market (the “**Prospectus Act**”). This approval cannot be considered as a judgment as to the opportunity or the quality of the Transaction, nor on the situation of the Issuer.

Given the complexity of the terms and conditions of the Notes, an investment in the Notes is suitable only for experienced and financially sophisticated investors who understand and are in a position to evaluate the merits and risks inherent thereto and who have sufficient resources to be able to bear any losses which may result from such investment.

For the page reference of the definitions of capitalised terms used herein see *Index of Defined Terms*.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risk associated with the Notes are also described below. The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision. The description of the risk factors below should not be read as a legal advice. If you are in any doubt about the content of this Prospectus or the regulatory framework, you should consult an appropriate professional adviser.

3. RISK FACTORS – THE ISSUER

3.1 Status of the Issuer as Institutional VBS/SIC

(a) Relevance of the Issuer's status as VBS/SIC

The Issuer has been established so as to have and maintain the status of an Institutional VBS/SIC.

Belgian law provides for a specific legal framework designed to facilitate securitisation transactions. These rules are set out in the UCITS Act and its implementing decrees. This legislation provides for a dedicated category of investment undertakings, which are designed for making investments in receivables. These vehicles can be set up as an investment company (*vennootschap voor belegging in schuldvorderingen* (or “VBS”) / *société d'investissement en créances* (or “SIC”)), i.e. as a commercial company under Belgian law in the form of a limited liability company (*naamloze vennootschap / société anonyme*) or in the form of a limited liability partnership (*commanditaire vennootschap op aandelen / société en commandite par actions*). The operations of a VBS/SIC are mainly governed by the UCITS Act and its implementing decrees, its articles of association (*statuten / statuts*) and, except to the extent provided in the UCITS Act, the Company Code.

To date, the legislation provides for a single type of VBS/SIC: the so-called “institutional VBS/SIC”. In order to qualify as an “institutional VBS/SIC” (“**Institutional VBS/SIC**”), the VBS/SIC must, *inter alia*, attract its funding exclusively from Qualifying Investors.

In order to facilitate securitisation transactions, an Institutional VBS/SIC benefits from certain special rules for the assignment of receivables and from a special tax regime. The status as Institutional VBS/SIC is in particular a requirement for the absence of corporate tax on the revenues of the Issuer and, in principle, for an exemption of VAT on certain expenses of the Issuer (see section 7.10 below) and facilitates the assignment of the SME Receivables to or by the Issuer. The loss of such Institutional VBS/SIC status would impact adversely on the Issuer's ability to satisfy its payment obligations to the Noteholders.

(b) Maintenance of the Institutional VBS/SIC status

Under the UCITS Act, the regulatory status of an Institutional VBS *inter alia* depends on the securities it issues being acquired and held at all times by Qualifying Investors only.

Article 271/6, §2 of the UCITS Act provides expressly that a listing on a regulated market accessible to the public (such as Euronext Brussels) and/or the acquisition of securities (including shares) of an

institutional VBS/SIC by investors that are not Qualifying Investors, through third parties and outside the control of the Institutional VBS/SIC, would not adversely affect the status of an investment vehicle as an Institutional VBS/SIC, provided that:

- (1) the Institutional VBS/SIC has taken “adequate measures” to guarantee that the investors of the VBS/SIC are Qualifying Investors acting for their own account; and
- (2) the Institutional VBS/SIC does not contribute to, nor promote, the holding of its securities by investors that are not Qualifying Investors acting for their own account.

The “adequate measures” the Issuer has undertaken and will undertake for such purposes are described below.

The Royal Decree of 15 September 2006 relating to some measures on institutional companies for collective investment in receivables (*Arrêté royal portant certaines mesures d'exécution relatives aux organismes de placement collectif en créances institutionnels / Koninklijk besluit houdende bepaalde uitvoeringsmaatregelen voor de institutionele instellingen voor collectieve belegging in schuldvorderingen*) (the “**2006 Royal Decree VBS/SIC**”) sets out the circumstances and conditions in which an Institutional VBS/SIC will be deemed to have taken such “adequate measures”.

In order to procure that the securities issued by the Issuer are held only by Qualifying Investors acting for their own account, the Issuer has taken the following measures:

- (1) in respect of the shares of the Issuer:
 - (i) the shares of the Issuer will be registered shares; and
 - (ii) the Articles of Association of the Issuer contain transfer restrictions stating that its shares can only be transferred to Qualifying Investors acting for their own account, with the sole exception, if the case arises, of shares which in accordance with Article 271/6, §2 of the UCITS Act, would be held by the Seller as credit enhancement; and
 - (iii) the Articles of Association of the Issuer provide that the Issuer will refuse the registration (in its share register) of the prospective purchase of shares, if it becomes aware that the prospective purchaser is not a Qualifying Investor acting for its own account (with the sole exception, if the case arises, of shares which in accordance with Article 271/6, §2 of the UCITS Act, would be held by the Seller as credit enhancement); and
 - (iv) the Articles of Association of the Issuer provide that it will suspend the payment of dividends in relation to its shares if it becomes aware that such shares are held by a person who is not a Qualifying Investor acting for its own account (with the sole exception, if the case arises, of shares which in accordance with Article 271/6, §2 of the UCITS Act, would be held by the Seller as credit enhancement); and
- (2) in respect of the Notes:
 - (i) the Notes will have the selling and holding restrictions described in Section 30 - *Purchase and Sale* below; and
 - (ii) the Manager will undertake pursuant to the Subscription Agreement in respect of primary sales of the Notes, to sell the Notes solely to Qualifying Investors acting on their own account; and

- (iii) the Notes are issued in dematerialised form and will be included in the Securities Settlement System; and
- (iv) the nominal value of each individual Note is EUR 250,000 upon issuance; and
- (v) in the event that the Issuer becomes aware that Notes are held by investors other than Qualifying Investors acting for their own account in breach of the above requirement, the Issuer will suspend interest payments relating to these Notes until such Notes will have been transferred to and are held by Qualifying Investors acting for their own account; and
- (vi) the Conditions of the Notes, the Articles of Association of the Issuer, the Prospectus and any other document issued by the Issuer in relation to the issue and initial placing of the Notes will state that the Notes can only be acquired, held by and transferred to Qualifying Investors acting for their own account; and
- (vii) all notices, notifications or other documents issued by the Issuer (or a person acting on its account) and relating to transactions with the Notes or the trading of the Notes on Euronext Brussels will state that the Notes can only be acquired, held by and transferred to Qualifying Investors acting for their own account; and
- (viii) the Conditions provide that the Notes may only be held by persons that are holders of an X-Account with the Securities Settlement System operated by the National Bank of Belgium or (directly or indirectly) with a participant in such system.

By implementing these measures, the Issuer has complied with the conditions set out in the 2006 Royal Decree VBS/SIC. Without prejudice to the obligation of the Issuer not to contribute or to promote the holding of the Notes by investors other than Qualifying Investors under the UCITS Act, the measures guarantee to the Issuer, provided that it complies with these measures, that its status as Institutional VBS/SIC will not be challenged as a result of the admission to trading of the Notes on Euronext Brussels or if it would appear that Notes are held by investors other than Qualifying Investors under the UCITS Act. The Issuer has undertaken in the Transaction Documents to comply at all times with the requirements set out in the 2006 Royal Decree VBS/SIC in order to qualify and remain qualified as an Institutional VBS/SIC.

3.2 The Issuer has limited resources available to meet its obligations

The obligations of the Issuer under the Notes are limited recourse obligations and the ability of the Issuer to meet its obligations in full to pay principal and interest on the Notes will be dependent on the receipt by it of funds under the SME Receivables, the receipt by it of payments under the Swap Agreement and the receipt by it of interest in respect of the balance standing to the credit of the Issuer Accounts. In addition, the Issuer will have available to it the balances standing to the credit of the Reserve Account. See further Section 12 – *Credit Structure*.

In the event that the Security Interests in respect of the Notes has been fully enforced and the proceeds of such enforcement, after payment of all other claims ranking in priority, are insufficient to pay in full all principal and interest and other amounts whatsoever due in respect of the Notes, the Noteholders shall have no further claim against the Issuer or the Security Agent in respect of any such unpaid amounts. See further section 4.18 (*Enforcement of Security for the Notes*).

3.3 The Notes will be solely the obligations of the Issuer

The Notes will be solely the obligations of the Issuer. The Notes will not be obligations or responsibilities of, or guaranteed by, any other entity or person, in whatever capacity acting. In

particular, the Notes will not be obligations or responsibilities of, and will not be guaranteed by, any of the parties to the Transaction Documents, other than the Issuer acting through its Compartment SME Loan Invest 2017. Furthermore, none of such persons or entities or any other person in whatever capacity acting:

- (a) has assumed or will accept any liability whatsoever to Noteholders in respect of any failure by the Issuer to pay any amounts due under the Notes, or
- (b) is or will be under any obligation whatsoever to provide additional funds to the Issuer (except in the limited circumstances described herein).

3.4 Compartments – Limited Recourse

The Issuer has been established to issue notes from time to time, including the Notes. The Notes are issued by the Issuer, acting through its Compartment SME Loan Invest 2017. This is the sixth compartment that has been created by the Issuer.

Article 271/11, §3 of the UCITS Acts provides that, in case of the dissolution, liquidation (*ontbinding en vereffening / dissolution et liquidation*) or reorganisation of compartments, the rules on the dissolution and liquidation of companies must be applied *mutatis mutandis*. Each compartment must be liquidated separately and such liquidation does not entail the liquidation of any other compartment. Only the liquidation of the last compartment will entail the liquidation of the Institutional VBS/SIC.

Article 271/11, §4 of the UCITS Act, expressly provides that:

- (1) the rights of the shareholders and the creditors, which have arisen in respect of a particular compartment or in relation to the creation, operation or liquidation of such compartment, only have recourse to the assets of such compartment. Similarly, the creditors in relation to liabilities allocated or relating to other compartments of the same Institutional VBS/SIC only have recourse against the assets of the compartment to which their rights or claims have been allocated or relate;
- (2) if there are different compartments in the Institutional VBS/SIC, all liabilities or transactions must, in relation to the relevant counterparty, be clearly allocated to one or more of such compartments. Directors may be held jointly liable by the company or third parties for all damages that result from a breach of this provision; and
- (3) the Belgian law rules on judicial reorganisation (*gerechtelijke reorganisatie / réorganisation judiciaire*), as applicable, and bankruptcy (*faillissement / faillite*) are to be applied separately for each compartment and a judicial reorganisation, as applicable, or bankruptcy of a compartment does not as a matter of law entail the judicial reorganisation, as applicable, or the bankruptcy to the other compartments or of the Institutional VBS/SIC. Creditors can contractually limit or waive their rights to claim the dissolution, liquidation or bankruptcy of the compartments or the Institutional VBS/SIC

All obligations of the Issuer to the Noteholders and the other Secured Parties have been allocated to Compartment SME Loan Invest 2017 of the Issuer and the Noteholders and the other Secured Parties only have recourse to the Pledged Assets of Compartment SME Loan Invest 2017.

Article 271/11, § 2 of the UCITS Act provides that the articles of association of the Institutional VBS/SIC determine the allocation of costs to the Institutional VBS/SIC and each compartment.

However, when no clear allocation of liabilities (including costs and expenses) to compartments of the Issuer has been made in a particular contract entered into by the Institutional VBS/SIC, it is unclear under Belgian law whether in such case the relevant creditor would have recourse to all compartments of the Issuer. A similar uncertainty exists in relation to creditors whose claims are not based on a contractual relationship (e.g. social security authorities or creditors with claims in tort) and cannot be clearly allocated to a particular compartment. The parliamentary works to the predecessor of the UCITS Act (whose provisions have been incorporated into the UCITS Act) and legal writers suggest that, in the absence of clear allocation, the relevant creditor may claim against all compartments and the investors of these compartments would only have a liability claim against the directors of the Institutional VBS/SIC. Consequently and from that perspective, the liabilities of one compartment of the Issuer may affect the liabilities of its other compartments.

In this respect, the Articles of Association of the Issuer provide that the costs and expenses which cannot be allocated to a compartment will be allocated to all compartments *pro rata* the outstanding balance of the receivables of each compartment.

All obligations of the Issuer to the Noteholders and the other Secured Parties are limited in recourse and the Noteholders and the other Secured Parties will have a right of recourse only in respect of the Pledged Assets (belonging to Compartment SME Loan Invest 2017) and will not have any claim, by operation of law or otherwise, against, or recourse to any of the Issuer's other assets or its issued and paid up capital.

Furthermore, all sums payable to each Secured Party in respect of the Issuer's obligations to such Secured Party shall be limited to the lesser of:

- (1) the aggregate amount of all sums due and payable to such Secured Party; and
- (2) the aggregate amounts received, realised or otherwise recovered by the Security Agent in respect of the SME Receivables and any other Pledged Assets, subject to the payment of amounts ranking in priority to payment of amounts due in respect of the Notes. See further Section 12 - *Credit Structure*.

If there are insufficient funds available to the Issuer to pay in full all principal, interest and other amounts in respect of the Notes at their maturity date in accordance with the Conditions, the Noteholders will have no further claim against the Issuer in respect of any such unpaid amount and such unpaid amount shall be discharged in full. No recourse may be made for any amount due in respect of any Notes or any other obligations of the Issuer against any officer, member, director, employee, shareholder, security holder or incorporator of the Issuer or their respective successors or assigns.

4. RISK FACTORS – THE NOTES

4.1 Factors which might affect an investor's ability to make an informed assessment of the risk associated with Notes

Investors in the Notes must be able to make an informed assessment of the Notes, based upon full knowledge and understanding of the facts and risks. Investors must determine the suitability of that investment in light of their own circumstances. The following factors might affect an investor's ability to appreciate the risk factors outlined below, placing such investor at a greater risk of receiving a lesser return on his investment:

- (1) if such an investor does not have sufficient knowledge and experience to make a meaningful evaluation of the Notes and the merits of investing in the Notes in light of the risk factors outlined below;

- (2) if such an investor does not have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of his particular financial situation, the significance of these risk factors and the impact the Notes will have on his overall investment portfolio;
- (3) if such an investor does not have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the investor's currency;
- (4) if such an investor does not understand thoroughly the terms of the Notes and is not familiar with the behaviour of any relevant indices in the financial markets (including the risks associated thereof) as such investor is more vulnerable from any fluctuations in the financial markets generally; and
- (5) if such an investor is not able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect his investment and his ability to bear the applicable risks.

4.2 Risks related to prepayment on the SME Loans and the occurrence of a Sequential Trigger Event

The Issuer is obliged to apply the Notes Redemption Available Amount towards repayment of the Notes and, as long as no Sequential Trigger Event has occurred, the Subordinated Loan, in accordance with paragraph (b) of Condition 4.5 (Redemption and Cancellation). The maturity of the Notes will depend on, inter alia, the amount and timing of payment of principal (including full and partial prepayments, sale of the SME Receivables by the Issuer, Net Proceeds upon enforcement of a SME Loan and repurchase by the Seller of SME Receivables) on all relevant SME Loans. The average maturity of the Notes may be affected by a higher or lower than anticipated rate of prepayments on the SME Loans or the occurrence of a Sequential Trigger Event.

The rate of prepayment of SME Loans is influenced by a wide variety of economic, social and other factors, including prevailing market interest rates, changes in tax laws (including, but not limited to, amendments to mortgage interest tax deductibility), local and regional economic conditions and changes in Borrowers' behaviour. No guarantee can be given as to the level of prepayment that the SME Loans may experience, and a variation in the rate of prepayments of principal on the SME Receivables may affect the Notes. The estimated average life of the Notes must therefore be viewed with considerable caution and Noteholders should make their own assessment thereof.

In accordance with Article 9 of the Law of 21 December 2013 regarding the financing of small and medium sized enterprises (the "**SME Financing Law**"), a Borrower who entered into a credit agreement after 10 January 2014 may at any time prepay the entire outstanding amount of its SME Loan, provided that:

- the Borrower gives the lender 10 business days prior notice per registered letter; and
- the Borrower pays a prepayment fee (if agreed with the lender) in accordance with article 9, §2 of the SME Financing Law.

4.3 Credit Risk

There is a risk of non-payment of principal and/or interest on the Notes due to non-payment of principal and/or interest on the SME Receivables. The ability of the Issuer to meet its obligations in full to pay principal of and interest on the Notes will be dependent on the receipt by it of funds under the SME Receivables, the proceeds of the sale of any SME Receivables, the receipt by it of payments under the Swap Agreement and the receipt by it of interest in respect of the balances

standing to the credit of the Transaction Accounts (See Section 12 - *Credit Structure*). In addition, the Issuer will have available to it the balances standing to the credit of the Reserve Account for certain of its interest obligations.

The credit risk is mitigated by the subordinated ranking of the Subordinated Loan. The proceeds of the Subordinated Loan will be used to (i) pay part of the Initial Purchase Price and (ii) credit the Reserve Account up to the Reserve Account Required Amount.

The credit risk is further mitigated by (i) the excess in the Interest Amount generated by the SME Receivables and (ii) the excess margin of 0.25 per cent. per annum calculated on a monthly basis and applied to the aggregate outstanding principal amount of SME Receivables that is not paid over to the Swap Counterparty under the Swap Agreement (together the “**Excess Margin**”). This Excess Margin is used to pay interest on the Subordinated Loan but can be used in priority to make good any shortfall in the Principal Deficiency Ledger (See Section 12.4 (*Priority of Payments in respect of interest*)).

If, upon default by the Borrowers and after exercise by the Servicer of all available remedies in respect of the applicable SME Receivables, the Issuer does not receive the full amount due from such Borrowers, Noteholders may receive by way of principal repayment on the Notes an amount less than the Principal Amount Outstanding of their Notes and the Issuer may be unable to pay in full interest due on the Notes.

The risk regarding the payments on the SME Receivables is influenced by, among other things, market interest rates, general economic conditions, the financial standing of the Borrowers and other similar factors. Other factors such as loss of earnings, illness, divorce (in relation to a individual as Borrower) and other similar factors could ultimately have an adverse impact on the ability of the Borrowers to repay their SME Receivables.

4.4 Liquidity Risk

There is a risk of temporary liquidity problems if interest on the SME Receivables is not received on time or is not received at all. This risk is mitigated by (i) the requirement to credit the Reserve Account with an amount equal to the Reserve Account Required Amount, (ii) the Excess Margin and (iii) the revenues of the SME Receivables that have been purchased with the (partial) proceeds of the Subordinated Loan.

4.5 Maturity Risk

There is a risk that the Issuer will not have received sufficient principal to fully redeem the Notes at their Final Maturity Date. The ability of the Issuer to redeem all the Notes in full and to pay all amounts due to the Noteholders (including after the occurrence of an Event of Default), may depend upon whether the value of the SME Receivables is sufficient to redeem the Notes. In addition, no assurance can be given that the Issuer will exercise its option to redeem the Notes on the first or any subsequent Optional Redemption Date or that there will be a purchaser for the SME Receivables.

4.6 Risk that the Issuer will not exercise its right to redeem the Notes on an Optional Redemption

No guarantee can be given that the Issuer will exercise its right to redeem the Notes on the first Optional Redemption Date or on any subsequent Optional Redemption Date. The exercise of such right will, among other things, depend on the ability of the Issuer to have sufficient funds available to redeem the Notes, for example, through the sale of the SME Receivables still outstanding at that time.

4.7 Risk of early redemption as a result of the Clean-Up Call Option, the Regulatory Call Option, the Optional Redemption in case of Change of Law, and the Optional Redemption in case of a Ratings Downgrade Event or for tax reasons

Should the Seller exercise its Clean-up Call Option or Regulatory Call Option on any Monthly Payment Date, the Issuer will redeem the Notes by applying the proceeds of the sale of the SME Receivables towards redemption of the Notes in accordance with the Conditions on such Monthly Payment Date, whether falling before or after the first Optional Redemption Date. The Issuer will have the option to redeem the Notes in case of Change of Law, a Ratings Downgrade Event or for tax reasons on any Monthly Payment Date in accordance with the Conditions. If the Issuer exercises any of such options, the Notes may be redeemed prior to the first Optional Redemption Date and will be redeemed prior to the Final Maturity Date, as applicable. The Issuer will give notice to the Noteholders in accordance with the Conditions.

4.8 Interest Rate Risk

The amount of revenue receipts that the Issuer receives will fluctuate according to the interest rates applicable to the SME Loans and the Transaction Accounts. The Issuer will be subject to floating rate interest obligations under the Notes (floored at zero) while the SME Loans are subject to either a variable rate of interest or a fixed rate of interest.

To hedge the Issuer's exposure against the possible variance between, on the one hand, the revenue it receives from (a) the SME Loans subject to a variable rate of interest or a fixed rate of interest and (b) the interest on the Transaction Accounts and, on the other hand, the floating rate of interest it pays under the Notes, the Issuer will on or about the Closing Date enter into the Swap Agreement with the Swap Counterparty.

There can be no assurance that the Swap Agreement will adequately address the interest rate risk the Issuer is exposed to in case the Swap Counterparty fails to perform its obligations under the Swap Agreement and because of the reasons set out below.

Termination and the failure to make payments under the Swap Agreement

A failure by the Swap Counterparty to make timely payments of amounts due under the Swap Agreement will constitute a default thereunder. The Swap Counterparty is obliged to make payments under the Swap Agreement only to the extent that the Issuer makes payments under it. To the extent that the Swap Counterparty defaults on its obligations under the Swap Agreement to make payment to the Issuer on any payment date under the Swap Agreement, the Issuer will be exposed to the possible variance between the fixed and variable interest received under the SME Receivables and the floating rate interest payable under the Notes.

To the extent that the Swap Counterparty defaults on its obligations under the Swap Agreement to make payment to the Issuer on any payment date under the Swap Agreement, or the Swap Agreement is terminated, and unless a comparable replacement swap agreement is entered into, the Issuer may have insufficient funds to make payments due under the Notes. In addition, if the Swap Agreement terminates, the Issuer may in certain circumstances be required to make a termination payment to the Swap Counterparty. Any such termination payment could be substantial and may affect the funds available to pay amounts due to the Noteholders.

The Swap Agreement can be terminated by one party if, amongst other things, (i) an event of default (as defined therein) occurs in relation to the other party, (ii) it becomes unlawful for either party to perform its obligations under the Swap Agreement, (iii) an Enforcement Notice is served, (iv) in certain circumstances, the Issuer redeems the Notes in full, or (v) certain tax events occur. Events of

default in relation to the Issuer in the Swap Agreement will include (i) non-payment under the Swap Agreement and (ii) certain insolvency-related events.

The Swap Agreement can also be terminated by the Issuer in certain circumstances if the Swap Counterparty is downgraded (see Section 12.11 – *Credit Structure – Downgrade of Swap Counterparty*). If the Swap Agreement is terminated, no assurance can be given on the ability of the Issuer to enter into a replacement swap, or if one is entered into, as to the credit rating or cost of a replacement Swap Counterparty.

For the avoidance of doubt, the Issuer will not be obliged to pay to the Swap Counterparty under the Swap Agreement any amounts in respect of the SME Receivables (or any Prepayment Penalties) to the extent that it has not effectively received such amounts from the Borrowers, the Sellers or the Servicer, as the case may be.

Novation by the Swap Counterparty

In certain circumstances the Swap Counterparty has the right to novate (in whole or in part), the Swap Agreement to any third party, subject to, amongst other things, the then current ratings of the Notes not being downgraded.

Withholding or deduction of Taxes

The Swap Counterparty will be obliged to make payments under the Swap Agreement without any withholding or deduction of taxes unless required by law, subject to the right to novate (in whole or in part) the obligations under the Swap Agreement to a third party, as described in this section above.

If any withholding or deduction is required by law, the Swap Counterparty will be required to pay such additional amounts as are necessary to ensure that the net amount received by the Issuer under the Swap Agreement will be equal to the amount that the Issuer would have received had no such withholding or deduction been required. The Swap Agreement will provide, however, that if due to any change in tax law after the date of the Swap Agreement, the Swap Counterparty will, or there is a substantial likelihood that it will, be required to pay to the Issuer additional amounts for or on account of a tax (a “**Tax Event**”), the Swap Counterparty may (with consent of the Issuer) transfer its rights and obligations under the Swap Agreement to any of its other offices, branches or affiliates to avoid the relevant Tax Event.

4.9 The Swap Counterparty may terminate the Swap Agreement if it is adversely affected by an amendment to a Transaction Document without its consent

The Swap Counterparty may terminate the Swap Agreement upon the making of an amendment to the Transaction Documents that in the opinion of the Swap Counterparty, materially and adversely affects the Swap Counterparty with respect to any amount payable to or by the Swap Counterparty or the priority of payments of any amount payable to or by the Swap Counterparty without its consent. The Swap Counterparty thus may have a decisive influence on the decision to amend a Transaction Document, even if it is not a party to such Transaction Document.

4.10 Limited Liquidity of the Notes

Prior to this offering, there has been no public secondary market for the Notes and there can be no assurance that the issue price of the Notes will correspond to the price at which the Notes will be traded after the initial offering of the Notes. Furthermore, there can be no assurance that active trading in the Notes will commence or continue after the offering. A lack of trading in the Notes could adversely affect the price of the Notes as well as the Noteholders’ ability to sell the Notes.

KBC Bank NV intends to acquire a substantial part of the Notes, which may result in KBC Bank NV holding a participation exceeding 75 per cent. of the Principal Amount Outstanding of the Notes. In addition, Affiliated Entities of KBC Bank NV may also subscribe to the Notes. There can however be no assurance that KBC Bank NV or any Affiliated Entity of KBC Bank NV will continue to hold these Notes, without prejudice to the requirements pursuant to Article 405 of the CRR and Article 51 of the AIFM Regulation (as referred to under section 7.6 below).

4.11 Voting rights

There may be potential conflicts of interest between the interests of KBC Bank NV as holder of part of the Notes and the interests of External Investors (as defined below).

KBC Bank NV will acquire a substantial part of the Notes, which may result in KBC Bank NV holding a participation exceeding 75 per cent. of the Principal Amount Outstanding of the Notes. In addition, Affiliated Entities of KBC Bank NV may also subscribe to the Notes. While KBC Bank NV (or any Affiliated Entity) remains the owner of those Notes, it will be entitled to vote in respect of them, except that with respect to the voting of any Basic Terms Modification, specific quorum- and majority requirements, as set out in Condition 4.12 (*Meetings of Noteholders, Modifications and Waivers*), will apply in order to protect the interest of External Investors.

4.12 Average Life of the Notes

Details of the weighted average life of the Notes can be found in section 10 (Key Parties and Overview Principal Features).

The weighted average life of the Notes is subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the above estimates and assumptions will prove in any way to be correct. The average life must therefore be viewed with considerable caution and Noteholders should make their own assessment thereof.

4.13 The Issuer has counterparty risk exposures

Counterparties to the Issuer may not perform their obligations under the Transaction Documents or may terminate such Transaction Documents in accordance with their terms, which may result in the Issuer not being able to meet its obligations. It should be noted that there is a risk that (a) KBC Bank NV in its capacity as Swap Counterparty, Domiciliary Agent, Listing Agent and Reference Agent, Seller, Subordinated Loan Provider, Servicer and Corporate Services Provider will not perform its obligations under the relevant Transaction Documents, and (b) the Issuer Directors and/or the Shareholder Director will not perform their obligations under the relevant Management Agreements, and (c) Intertrust Administrative Services B.V. as Administrator will not perform its obligations under the Issuer Services Agreement.

Neither the Issuer nor the Domiciliary Agent will have any responsibility for the proper performance by the Clearing System operated by the National Bank of Belgium or a (directly or indirectly) participant in such system of their obligations under their respective rules, operating procedures and calculation methods.

4.14 Force Majeure

Belgian law recognises the doctrine of *overmacht* / *force majeure*, permitting a party to a contractual obligation to be freed from such obligation upon the occurrence of an event which renders impossible the performance of such contractual obligation. There can be no assurance that any of the parties to the Transaction Documents will not be subject to a *overmacht* / *force majeure* event

leading to them being freed from their obligations under the Transaction Documents to which it is a party. This could undermine the ability of the Issuer to meet its obligations under the Notes.

4.15 Payments on the SME Receivables are subject to credit, liquidity and interest rate risks

Payments on the SME Receivables are subject to credit, liquidity and interest rate risks. This may be due to, among other things, market interest rates, general economic conditions, the financial standing of Borrowers and similar factors. Other factors such as loss of earnings, illness, divorce or other similar factors may lead to an increase in delinquencies and bankruptcy filings or filing for a collective debt arrangement by Borrowers and could ultimately have an adverse impact on the ability of Borrowers to repay their SME Loans. The ultimate effect of this could be to delay or reduce the payments on the Notes or to increase the rate of repayment of the Notes.

4.16 Risks of Losses Associated with Declining Values of Mortgaged Assets or pledged business

The security for the Notes created under the Pledge Agreement may be affected by, among other things, a decline in the value of the Mortgaged Assets or pledged businesses. No assurance can be given that values of the Mortgaged Assets or the pledged business have remained or will remain at the level at which they were on the date of origination of the related SME Loans. A decline in value may result in losses to the Noteholders if such security is required to be enforced.

In addition, if foreclosure action is taken by a third party creditor against the Borrower prior to the Servicer, the Servicer will not control the foreclosure procedures in relation to the Mortgaged Assets or pledged business but rather will need to follow the foreclosure actions of the third party having been prior in starting up its proceedings. This will not affect the priority rights in relation to the Mortgaged Assets or pledged business with respect to the Mortgages or Floating Charges, as the case may be, created thereon.

4.17 Parallel Debt

Under Belgian law no security interest can be validly created in favour of a party which is not the creditor of the claim which the security interest purports to secure. In order to secure the valid creation of the security in favour of the Security Agent, the Noteholders and the other Secured Parties, the Issuer has entered into the Parallel Debt Agreement, pursuant to which it has undertaken, as a separate and independent obligation, by way of parallel debt, to pay to the Security Agent any amounts equal to the amounts due by it to the Secured Parties. Upon receipt by the Security Agent of any amount in payment of the Parallel Debt, the payment obligations of the Issuer to the Secured Parties shall be reduced by an amount equal to the amount so received.

Any payments in respect of the Parallel Debt and any proceeds received by the Security Agent may in case of an insolvency of the Security Agent not be separated from the Security Agent's other assets so the Secured Parties accept a credit risk on the Security Agent.

In addition, the Security Agent has been (i) designated as representative (*vertegenwoordiger / représentant*) of the Noteholders in accordance with Article 271/12, §1 of the UCITS Act, (ii) as agent on behalf of the Secured Parties in accordance with article 5 of the Collateral Law and (iii) as irrevocable agent (*mandataris / mandataire*) of the other Secured Parties. In each case, its powers include the acceptance of the pledges created under the Pledge Agreement and the enforcement of the rights of the Secured Parties. The Security Agent, as representative of the Secured Parties under article 5 of the Collateral Law can enforce the pledge over bank accounts pursuant to the provisions of the Collateral Law. It does not need to be the creditor of the parallel debt.

Based on the above and even though there is no Belgian statutory law or case law in respect of a parallel debt or Article 271/12, §1, first to seventh indent of the UCITS Act to confirm this, the

Issuer has been advised that such a parallel debt creates a claim of the Security Agent thereunder which can be validly secured by a pledge such as the pledge created by the Pledge Agreement and that, even if that were not the case, the pledges created pursuant to the Pledge Agreement should be valid and enforceable in favour of the Security Agent and the other Secured Parties.

4.18 Enforcement of Security for the Notes

The Pledge Agreement is governed by Belgian law. Under Belgian law, upon enforcement of the security for the Notes, the Security Agent, in its capacity as pledgee and acting on its own behalf and on behalf of the other Secured Parties, will be permitted to collect any monies payable in respect of the SME Receivables, any moneys payable under the Transaction Documents pledged to it and any monies standing to the credit of the Transaction Accounts and to apply such monies in satisfaction of obligations of the Issuer which are secured by the Pledge Agreement.

The Security Agent will also be permitted to apply to the president of the commercial court (*rechtbank van koophandel / tribunal de commerce*) for authorisation to sell the Pledged Assets. The Security Agent and the other Secured Parties have a first ranking claim over the proceeds of any such sale. Other than claims under the SME Receivables Purchase Agreement in relation to a material breach of a warranty and a right of action for damages in relation to a breach of the Issuer Services Agreement, the Issuer and the Security Agent will have no recourse to the Seller.

In addition to other methods of enforcement permitted by law, Article 271/12, §2 of the UCITS Act also permits all Noteholders (acting together) to request the president of the commercial court to attribute to them the Pledged Assets in payment of an amount estimated by an expert. In accordance with the terms of the Pledge Agreement, only the Security Agent shall be permitted to exercise these rights.

Any proceeds from any sale of the Pledged Assets will be applied in accordance with the Priority of Payments upon Enforcement (see Section 12 - *Credit Structure*).

The ability of the Issuer to redeem all the Notes in full (including after the occurrence of an event of default in relation to the Notes) while any of the SME Receivables are still outstanding, may depend upon whether the SME Receivables can be sold, otherwise realised or refinanced so as to obtain an amount sufficient to redeem the Notes. There is not an active and liquid secondary market for SME Loans in Belgium. Therefore, it may be that neither the Issuer nor the Security Agent will be able to sell or refinance the SME Receivables on appropriate terms should either of them be required to do so.

Enforcement of the pledges to the extent that they comprise the security securing the SME Receivables will occur through the enforcement of the pledge over the SME Receivables.

The enforcement rights of creditors are suspended during bankruptcy proceedings. The Secured Parties will be entitled to enforce their security, but only after the filing of the first report of verification of claims submitted in the bankrupt estate has been completed and the liquidator (*curator/curateur*) and the supervising judge have drawn up a record of all liabilities. This normally implies a suspension of enforcement of about two (2) months, but the liquidator may ask the court to suspend individual enforcement for a maximum period of one year from the date of the bankruptcy judgement. This stay of enforcement does not apply, however, to the enforcement of a pledge over a bank account and over bank receivables and would not be applicable to the Transaction Accounts and the SME Receivables.

4.19 Insolvency of the Issuer

The Issuer has been incorporated in Belgium under the laws of Belgium as a commercial company and is subject to Belgian insolvency legislation. There can be no legal assurance that the Issuer will not be declared insolvent.

However, limitations on the corporate purpose of the Issuer are included in the Articles of Association, so that its activities are limited to the issue of negotiable financial instruments for the purpose of acquiring receivables. Outside the framework of the activities mentioned above, the Issuer is not allowed to hold any assets, enter into any agreements or carry out any other activities. The Issuer may carry out the commercial and financial transactions and may grant security to secure its own obligations or to secure obligations under the Notes or the other Transaction Documents, to the extent only that they are necessary to realise the corporate purposes as described above. The Issuer is not allowed to have employees.

Pursuant to the Pledge Agreement, none of the Secured Parties, including the Security Agent, (or any person acting on their behalf) shall until the date falling one year after the latest maturing Note is paid in full, initiate or join any person in initiating any insolvency proceeding or the appointment of any insolvency official in relation to the Issuer.

4.20 Limited capitalisation of the Issuer

The Issuer is incorporated under Belgian law as a limited liability company (*naamloze vennootschap / société anonyme*) with a share capital of EUR 69,500. In addition, the principal shareholder, Loan Securitisation B.V, is a Dutch private limited liability company (*besloten vennootschap*) which has been capitalised for the purpose of its shareholding in the Issuer. There is no assurance that the shareholder will be in a position to recapitalise the Issuer, if the Issuer's share capital falls below the minimum legal share capital (i.e. EUR 61,500).

4.21 Preferred Creditors under Belgian Law

Belgian law provides that certain preferred rights (*privilèges/voorrechten*) may rank ahead of a mortgage or other security interest. These preferred rights include the lien for legal costs incurred in the interest of all creditors, or the lien for the maintenance or conservation of an asset.

In addition, if a debtor being a merchant (*koopman / commerçant*) is declared bankrupt while or after being subject to a judicial reorganisation with creditors (*réorganisation judiciaire / gerechtelijke reorganisatie*), then any new debts incurred during the judicial reorganisation procedure may be regarded as being debts incurred by the bankrupt estate ranking ahead of debts incurred prior to the judicial reorganisation procedure.

These debts may rank ahead of debts secured by a security interest to the extent they contributed to safeguarding such security interest. Similarly, debts incurred by the liquidator of a debtor after such debtor's declaration of bankruptcy may rank ahead of debts secured by a security interest if the incurring of such debts were beneficial to the secured creditor.

In addition pursuant to the Conditions, the claims of certain creditors will rank senior to the claims of the Noteholders by virtue of the relevant priority of payments referred to therein (see Section 12 - *Credit Structure*).

4.22 Commingling Risk

The Issuer's liability to make payments in respect of the Notes and to pay its operating and administrative expenses depends on funds being received from the Borrowers by the Seller and such

funds subsequently being swept by the Seller or the Servicer on its behalf to the Issuer's Collection Account. The Seller may also collect other funds in the same account on which the payments by the Borrower under the SME Receivables are made, and to this extent there may be a risk of commingling of proprietary funds of the Seller and the Issuer. In case of an insolvency of the Seller, the recourse the Issuer would have against the Seller would be an unsecured claim against the insolvent estate of the Seller for collection money received by the Seller from the Borrower in connection with the SME Receivables at such time.

This commingling risk is mitigated by the fact that the amounts received by the Seller in respect of the SME Receivables will be swept on a daily basis by the Seller or the Servicer on its behalf to the Issuer Collection Account. Furthermore, upon the occurrence of a Risk Mitigation Deposit Trigger Event, an amount corresponding to the Risk Mitigation Deposit Amount shall have to be credited to the Deposit Account which can be used for the purpose of indemnifying the Issuer against commingling risk (see further Section 0 - *SME Receivables Purchase Agreement* Section 17.9 *Risk Mitigation Deposit*).

A commingling risk also exists by reason of the fact that the Seller also acts as Account Bank. This commingling risk is mitigated by the fact that if at any time:

- (a) the short-term IDR of the Account Bank is assigned a rating of less than the Fitch Required Minimum Short Term Rating or any of such rating is withdrawn and the long-term IDR of the Account Bank is assigned a rating of less than the Fitch Required Minimum Long Term Rating or such rating is withdrawn; or
- (b) if at any time the long-term unsecured unsubordinated and unguaranteed debt obligations of the Account Bank are assigned a rating of less than the DBRS Required Minimum Rating,

the Issuer will be required within thirty (30) calendar days to transfer the balance of the relevant Transaction Accounts to an alternative bank with the Required Minimum Rating or to obtain a third party, with the Required Minimum Ratings, to guarantee the obligations of the Account Bank. See Section Section 12 - *Credit Structure*.

4.23 Rating Agency Criteria

The rating criteria used by a Rating Agency to assign a rating to the Notes may be amended by such rating Agency from time to time. Such amendments may result in a downgrade of the ratings assigned to the Notes. Following amendments of the relevant rating criteria by a Rating Agency the relevant parties to a Transaction Document may agree (but are under no obligation) to amend and restate the relevant Transaction Document in order to implement the new criteria so as to maintain the ratings then assigned to the Notes, subject to the terms of the relevant Transaction Document. Such amendments and/or the costs associated with the implementation of such amendment may be prejudicial to the interest of the Noteholders.

4.24 Ratings of the Notes

The (future) ratings of the Notes addresses the assessment made by the Rating Agencies of the likelihood of full and timely payment of interest and ultimate payment of principal on or before the Final Maturity Date.

The rating expected to be assigned to the Notes by the Rating Agencies is based on the value and cash flow generating ability of the SME Loans and other relevant structural features of the Transaction, including, *inter alia*, the short-term and long-term IDR of the other parties involved in the transaction and reflect only the views of the Rating Agency.

There is no assurance and the Issuer can give no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any of the Rating Agencies as a result of changes in or unavailability of information or if, in the Rating Agency's judgement, circumstances so warrant. Any rating agency other than the Rating Agencies could seek to rate the Notes and if such unsolicited ratings are lower than the comparable rating assigned to the Notes by the Rating Agencies, such unsolicited ratings could have an adverse effect on the value of the Notes. For the avoidance of doubt, any references to "ratings" or "rating" in this Prospectus are to ratings assigned by the Rating Agencies only. Future events and/or circumstances relating to the SME Receivables and/or the Belgian market for SME Loans, in general could have an adverse effect on the rating of the Notes.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation if in its judgment, the circumstances (including a reduction in the credit rating of the Account Bank or the Swap Counterparty) in the future so require.

4.25 The Security Agent may agree to modifications without the Noteholders' prior consent

Pursuant to the terms of the Pledge Agreement, the Security Agent may, without the consent of the Noteholders and the other Secured Parties, authorise or waive, on such terms and conditions (if any) as shall seem expedient to it, any proposed or actual breach of any covenants or provisions contained in or arising pursuant to the Notes or any of the Transaction Documents, but only insofar as, in its opinion, the interest of the Noteholders will not be materially prejudiced thereby. Any such authorisation or waiver will be binding on the Noteholders and the other Secured Parties.

Furthermore, the Security Agent may, without the consent of the Noteholders and the other Secured Parties, at any time and from time to time, concur with the Issuer or any other person in making any modification:

- (1) to the Transaction Documents which in the opinion of the Security Agent is of a formal, minor, or technical nature or is to correct a manifest error or to comply with the mandatory provisions of Belgian law; or
- (2) to the Transaction Documents which in the opinion of the Security Agent is not materially prejudicial to the interests of the Noteholders, provided that the then current ratings of the Notes will not be adversely affected by any such modification (it being understood that the fact that the then current rating of the Notes will not be adversely affected does not address whether such modification is in the best interest of, or prejudicial to, some or all of the Noteholders),

it being understood that any modification of a Transaction Document must be approved by each party thereto. Any such modification shall be binding on the Noteholders and the other Secured Parties.

4.26 No Gross-up for Taxes

If withholding of, or deduction for, or an account of any present or future taxes, duties or charges of whatsoever nature are imposed by or on behalf of the Kingdom of Belgium or any other jurisdiction or any political subdivision or any authority therein or thereof having power to tax, the Issuer will make the required withholding or deduction of such taxes, duties or charges for the account of the Noteholders, as the case may be, and shall not be obliged to pay any additional amounts to the Noteholders.

5. RISK FACTORS – THE SME LOANS

5.1 True sale and pledge of SME Receivables

Pursuant to the SME Receivables Purchase Agreement, the Seller transfers to the Issuer the full economic benefit of, and the legal title to, the SME Receivables and all Related Security. The sale of the SME Receivables is a true sale to the effect that, upon an insolvency or bankruptcy of the Seller, the SME Receivables do not form part of the Seller's insolvent estate or are not subject to claims by the Seller's liquidator or creditors, except as set out below.

The sale has the following characteristics:

- (1) the Issuer has no recourse to the Seller except that (i) the Seller may be required to repurchase SME Receivables in relation to which there is a breach of warranty at the time of the transfer of the SME Receivables or upon a Non-Permitted Variation; or (ii) the Seller may be required to indemnify the Issuer for all costs, losses and damages incurred as a consequence of such breach; and
- (2) the sale is for the Outstanding Principal Amount under the SME Receivables.

For further details see Section 0 - *SME Receivables Purchase Agreement* below.

5.2 Effectiveness of the sale of and pledge over Loans secured by Mortgage or pledge of the business

- (a) Loans secured by Mortgage or Mortgage Mandate

Certain of the SME Receivables (or the SME Loans in connection therewith) may be secured by a mortgage or mortgage mandate over real property ("**SME Mortgage Receivables**"). The enforceability of a transfer or pledge of SME Mortgage Receivables towards third parties, including the creditors of the Seller, is subject to Article 5 of the Belgian Act of 16 December 1851 on liens and mortgages (the "**Mortgage Act**") which prescribes a notarial deed and marginal notation of the transfer or pledge in the local mortgage register. Articles 81*bis* and following of the Mortgage Act grant an exemption from Article 5 of the Mortgage Act in relation to a transfer and pledge of SME Mortgage Receivables by or to, amongst others, an Institutional VBS/SIC, so that a transfer or pledge of mortgage receivables to or by an Institutional VBS/SIC is enforceable against third parties (*tegenwerpelijk aan derden / opposable aux tiers*) without marginal notation.

As to the (maintenance of the) status of the Issuer as an Institutional VBS/SIC, see Section 3.1(b) - *The status of the Issuer as Institutional VBS/SIC* above.

Prior to the entry into force of the Belgian Act of 3 August 2012 regarding various measures to facilitate the mobilisation of claims in the financial sector (*wet betreffende diverse maatregelen ter vergemakkelijking van de mobilisering van schuldvorderingen in de financiële sector / loi relative à des mesures diverses pour faciliter la mobilisation de créances dans le secteur financier*), as amended from time to time (the "**Mobilisation Act**") on 3 September 2012, a loss of the status of the Issuer as an Institutional VBS/SIC would have resulted in the exemption set out in Articles 81*bis* and following of the Mortgage Act not being available and therefore in an absence of an effective sale of the SME Mortgage Receivables.

The Mobilisation Act has however expanded and clarified the exemptions from article 5 of the Mortgage Act by amending articles 81*bis* and following of the Mortgage Act (previously included in articles 50 and following of the Belgian Law of 4 August 1992 on mortgage credits (*Wet van 4 augustus 1992 op het hypothecair krediet/Loi du 4 août 1992 relative au crédit hypothécaire*)).

First of all, a transfer or pledge of mortgage receivables by or to an institution that at the time of transfer or pledge qualifies as a Belgian credit institution falling under the Credit Institutions Supervision Act, such as the Seller, now also benefits from the exemption. Furthermore, also a transfer or pledge by or to an institution that at the time of transfer or pledge qualifies as a “mobilisation vehicle” as defined in Article 2 of the Mobilisation Act (a “**Mobilisation Vehicle**”) benefits from the exemption and is enforceable against third parties (*tegenwerpelijk aan derden / opposable aux tiers*) without marginal notation. An institution that is registered on the list of institutional undertakings for the investment in receivables held by the Belgian Federal Public Service Finance in accordance with the provisions of Part 3bis the UCITS Act, qualifies as a Mobilisation Vehicle as set out in the Mobilisation Act. The Issuer was registered as an Institutional VBS/SIC with the Belgian Federal Public Service Finance on 8 May 2007. Compartment SME Loan Invest 2017 of the Issuer has been registered with the Federal Public Service Finance (*Federale Overheidsdienst Financiën / Service Public Fédéral Finances*) on 16 March 2017.

(b) Loans secured by a Floating Charge or a Floating Charge Mandate

Certain of the SME Receivables (or the SME Loans in connection therewith) may be secured by a floating charge or floating charge mandate over the business of the relevant Borrower. In accordance with Article 4, 2° of the Mobilisation Act, all privileges and security rights securing a credit facility that is not secured by a mortgage follow the transfer of the receivables (“bank claims”) resulting from advances granted under such credit facility for and up to the amount of the transferred receivable, regardless of the amount that remains due under the underlying credit facility. As a result, any Floating Charges securing any SME Receivable that is not secured by a mortgage follows the transfer of SME Receivable to the Issuer. According to Article 7, §3 of the Mobilisation Act, a mandate to register a business pledge is, unless otherwise provided for in such mandate, *ex officio* deemed to be concluded in favour of any successor in title of the owner of the secured bank claim, the transferees of such claim included. Any Floating Charge Mandates relating to an SME Receivables will therefore be deemed to be concluded in favour of the Issuer.

5.3 No notification or acknowledgment of the Sale and Pledge

Article 1690 of the Belgian Civil Code (*Belgisch Burgerlijk Wetboek / Code Civil belge*) will apply to the transfer of the SME Receivables. Between the Seller and the Issuer, as well as against third parties (other than the Borrowers), the SME Receivables are transferred on the Closing Date without the need for the Borrowers’ involvement.

Except as described below, the sale of the SME Receivables to the Issuer (as well as the pledge of the SME Receivables to the Noteholders and the other Secured Parties) will not be notified to or acknowledged by the Borrowers, the Insurance Companies or third party providers of additional collateral until the occurrence of a Notification Event.

Failure to give notice to or obtain an acknowledgement by the Borrowers, the Insurance Companies and third party providers of additional collateral will have the following commercial and legal consequences until such notice is given:

- (1) The liabilities of the Borrowers under the relevant SME Loans (and the liabilities of the Insurance Companies or, as the case may be, the third party providers of additional collateral) will be validly discharged by payment to the Seller. The Seller, having transferred all rights, title, interest and the benefit in and to the relevant SME Loan to the Issuer, will however, be the agent of the Issuer (for so long as it remains Servicer under the Issuer Services Agreement) for the purposes of the collection of monies relating to the SME Loans and will be accountable to the Issuer accordingly.

- (2) The failure to give notice or obtain acknowledgment of the transfer also means that the Seller can agree with the Borrowers, the Insurance Companies or the other third party collateral providers to vary the terms and conditions of the SME Loans, the Related Security or the other collateral and that the Seller in such capacity may waive any rights under the SME Loans and the Related Security. The Seller, as Servicer, will, however, undertake for the benefit of the Issuer that it will not vary, or waive any rights under any of the SME Loans, the Related Security or the other collateral other than in accordance with the SME Receivables Purchase Agreement;
- (3) If the Seller were to transfer or pledge its SME Receivables in respect of the same SME Loans, the Loan Security or other collateral to a party other than the Issuer either before or after the Closing Date (or if the Issuer were to transfer or pledge the same to a party other than the Security Agent), the assignee who first notifies or obtains acknowledgment from the Borrowers or, as the case may be, the Insurance Companies, or, as the case may be, the other third party providers of collateral and acts in good faith would have the first claim to the relevant SME Loans or the additional collateral. The Seller will, however, represent to the Issuer and the Security Agent that it has not made any such transfer or pledge on or prior to the Closing Date, and it will undertake to the Issuer and the Security Agent that it will not make any such transfer or pledge after the Closing Date, and the Issuer will make a similar undertaking to the Security Agent;
- (4) Payments made by Borrowers, Insurance Companies or other third party collateral providers to creditors of the Seller will validly discharge their respective obligations under the SME Loans or the additional collateral, provided the Borrowers or, as the case may be, the third party collateral providers and such creditors act in good faith. However, the Seller will undertake:
- (A) to notify the Issuer of any attachment (*bewarend beslag / saisie conservatoire* or *uitvoerend beslag / saisie exécutoire*) by its creditors of any SME Loan or other collateral which may lead to such payments;
 - (B) not to give any instructions to the Borrowers or third party collateral providers to make any such payments; and
 - (C) to indemnify the Issuer and the Security Agent against any reduction in the obligations to the Issuer of the Borrowers or third party collateral providers due to payments to creditors of the Seller.
- (5) Borrowers, Insurance Companies or other third party collateral providers may raise against the Issuer (or the Security Agent) all rights and defences, including rights of set-off, which existed against the Seller prior to the notification of the transfer or pledge. Under the SME Receivables Purchase Agreement, the Seller will represent and warrant in relation to each SME Receivable and Related Security, that no such rights and defences have arisen in favour of the Borrower or the third party collateral providers up to the Closing Date. If a Borrower or third party collateral provider subsequently fails to pay in full any of the amounts which the Issuer is expecting to receive, claiming that such a right or defence has arisen in its favour against the Issuer, the Seller will indemnify the Issuer and the Security Agent for the amount by which the amounts due under the relevant SME Receivable or third party collateral are reduced (whether or not the Seller was aware of the circumstances giving rise to the Borrowers or third party collateral provider's claim at the time it gave the warranty described above).

The SME Receivables Purchase Agreement provides that upon the occurrence of certain Notification Events (as set out in the SME Receivables Purchase Agreement), the Seller shall (i) notify the

relevant Borrowers and any other relevant parties indicated by the Issuer or the Security Agent, including third party collateral providers, of the assignment of the SME Receivables and the Related Security to the Issuer and (ii) instruct the relevant Borrowers of the SME Loans and any other relevant parties indicated by the Issuer and/or the Security Agent, including the third party collateral providers to pay any amounts due directly to the Issuer Collection Account or, at its option, the Issuer will be entitled to make such notification or give such instruction itself or on behalf of the Seller, except in certain limited circumstances (see Section 17 - *SME Receivables Purchase Agreement*). A similar principle is included in the Pledge Agreement with respect to the Security Interests in the SME Receivables.

5.4 Shared Security

The Loan Security that may secure an SME Receivable (which may include, *inter alia*, Mortgages, Mortgage Mandates, floating charges (*pand handelszaak / gage sur fonds de commerce*) granted under the Business Pledge Act (“**Floating Charges**”), floating charge mandates (“**Floating Charge Mandates**”), pledges over financial instruments and/or cash, farmers’ liens under the Belgian Act of 15 April 1884 on farmers’ loans (*landbouwenning / prêts agricoles*) (“**Farmers’ Liens**”), farmers’ lien mandates (“**Farmers’ Lien Mandates**” and together with the Mortgage Mandates and Floating Charge Mandates, “**Mandates**”) does not necessarily only secure such SME Receivable, but often also secures:

- (1) in case the SME Receivable constitutes a term advance under a revolving facility (*kredietopening / ouverture de crédit*) (a “**Credit Facility**”), all advances made from time to time under such Credit Facility; and
- (2) in many cases, all other amounts which the Borrower owes or in the future may owe to the Seller (**All Sums Security Interests**).

As a consequence of the sale of an SME Receivable to the Issuer, the Issuer and the Seller shall thus share the benefit of the same Related Security (a “**Shared Security**”) since it will secure both the SME Receivable (security in favour of the Issuer) and other loans, if any, or any other obligations owing from time to time to the Seller, if any (security in favour of the Seller). In this respect, it should also be noted that the proceeds which are to be allocated to the Seller may increase in the future to the extent (i), in case of an All Sums Security Interest, the amount of debts owed by the Borrower to the Seller increases, or (ii), in case of Loan Security granted in relation to a Credit Facility, additional advances are granted to the Borrower under a Credit Facility.

5.5 SME Loans not or partially secured by a Mortgage, a Floating Charge or a Farmers’ Lien

Certain SME Loans are not or only partially secured by a Mortgage, a Floating Charge or a Farmers’ Lien. Where an SME Loan is not fully secured by a Mortgage, a Floating Charge or a Farmers’ Lien, the Borrower of the relevant SME Loan or a third party provider of Loan Security may have granted a Mandate. A Mandate does not constitute an actual security which creates a priority right of payment out of the proceeds of a sale of the mortgaged or pledged assets, but is an irrevocable power of attorney granted by a Borrower or a third party provider of Loan Security to certain attorneys enabling them to create a Mortgage, a Floating Charge or a Farmers’ Lien, as the case may be, as security for the SME Loan.

5.6 Real security over moveable assets

On 11 July 2013, a Belgian law was enacted amending the Belgian Civil Code as far as the taking of real security over movable assets is concerned and abolishing various provisions (the **Law on Movable Security Rights**). As part of this Law on Movable Security Rights, Belgian law will allow for the creation of a uniform right of pledge over all types of movable assets (*roerende*

goederen/biens meubles) which can be rendered effective against third parties either (i) by the dispossession of the pledged goods under the control of the beneficiary of the pledge or a third party pledgeholder, or (ii) the registration of the pledge in a newly to be constituted national register for pledge (the **National Register for Pledges**). The Law on Movable Security Rights will enter into force on a date to be further determined by royal decree, however at the latest by 1 January 2018, which should in principle allow time for the set-up of the National Register for Pledges by the Belgian government.

As part of the overhaul of the existing system for creation of real security over movable assets, the Law on Movable Security Rights has also abolished the regimes of the Floating Charges and the Farmer's Liens as a separate category of real security rights over movable assets, two categories of security rights which already provided for a registered based security interest right. The Law on Movable Security Rights does however provide for a transitory regime allowing the beneficiary of a Floating Charge or a Farmer's Lien who properly registered its security right prior to the entry into force of the Law on Movable Security Rights on the basis such existing regimes, to retain a right of pledge having the same rank under the new regime provided it registers such right of pledge in the new National Register for Pledges within a period of 12 months after the entry into force of the Law on Movable Security Rights. A Floating Charge Mandate and a Farmer's Lien Mandate will, by operation of law, allow for the conclusion of a pledge agreement in accordance with the provisions of the Law on Movable Security Rights. The SME Receivables Purchase Agreement contains a covenant of the Seller to register at its own cost the Floating Charges and the Farmers' Liens in the new National Register for Pledges within a period of 12 months after the entry into force of the Law on Movable Security Rights.

5.7 Set-Off and defense of non-performance

(a) Set-off following the sale of the SME Receivables

The sale of the SME Receivables to the Issuer and the pledge of the SME Receivables to the Secured Parties, including the Security Agent on behalf of the Noteholders and the other Secured Parties, will not be notified to the Borrowers, the Insurance Companies nor to third party providers of a Loan Security, except in certain circumstances. Set-off rights may therefore continue to arise in respect of cross-claims between a Borrower (or third party provider of collateral) and the Seller, as soon as such cross-claims exist and are fungible, liquid (*vaststaand / liquide*) and payable (*opeisbaar / exigible*), potentially reducing amounts receivable by the assignee and the beneficiaries of the Pledge. In such case this could limit the amounts received by the Issuer, which could in its turn prevent the Issuer from fulfilling its payment obligations under the Transaction, to the extent the Seller would be declared bankrupt or would no longer be able to indemnify the Issuer.

To mitigate this risk under the SME Receivables Purchase Agreement and the Issuer Services Agreement, the Seller will agree to indemnify the Issuer if a Borrower or provider of Loan Security, claims a right to set-off against the Issuer. The rights to payment of such indemnity will be pledged in favour of the Secured Parties.

In addition, the provisions of the Mobilisation Act have now further reduced the risk that amounts receivable under the SME Receivables and the Loan Security are reduced on the basis of set-off rights. The Issuer (and the Secured Parties) will no longer be subject to set-off risk: (a) following notification of the assignment of the SME Receivables (and/or the Loan Security) to the assigned debtors (or acknowledgement thereof by the assigned debtors), to the extent the conditions for set-off are only satisfied after such notification (or acknowledgment); and (b) regardless of any notification or acknowledgement of the assignment, following the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors (*samenloop / concours*) in relation to the Seller, to the extent the conditions for set-off are only satisfied following or as a result of such insolvency proceedings or concurrence of creditors.

(b) Defense of non-performance

Under Belgian law a debtor may, in certain circumstances in case of default of its creditor invoke the defence of non-performance, pursuant to which it would be entitled to suspend payment under its obligations until its creditor has duly discharged its obligations due and payable to the debtor. In such case this defence could limit the amounts received by the Issuer, which could in its turn prevent the Issuer from fulfilling its payment obligations under the Transaction, to the extent the Seller would be declared bankrupt or would no longer be able to indemnify the Issuer. The exception of non-performance is subject to various conditions, the most important ones being: (a) the debt in respect of which payment is suspended must be due and must be conditional upon payment of a debt owed by the other party; (b) the other party must have defaulted on its debt, in a material way; (c) the amount/value involved in the suspension must be in proportion to the amount/value of the default; (d) finally, there must be a close interrelationship between the two debts, typically such close interrelationship is accepted to exist where both debts arise under the same contract or otherwise are so closely interrelated that they are a part of a single transaction. If all such conditions are met, the defence of non-performance may be invoked by a debtor in respect of a Loan.

However, pursuant to the Mobilisation Act, the assigned debtor cannot invoke the defence of non-performance (a) following notification of the assignment of the SME Receivable (and/or the Loan Security) to the assigned debtors (or acknowledgement thereof by the assigned debtor), to the extent the conditions for defence of non-performance are only satisfied after such notification (or acknowledgment); and (b) regardless of any notification or acknowledgement of the assignment, following the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors (*samenloop/concours*) in relation to the Seller, to the extent the conditions for defense of non-performance are only satisfied following or as a result of such insolvency proceedings or concurrence of creditors.

5.8 Insurance Policies

The Issuer as mortgagee enjoys statutory protection under Article 10 of the Mortgage Act and Article 112 of the Insurance Act of 4 April 2014 on insurances (*Wet betreffende de verzekeringen / Loi relative aux assurances*) (the “**Insurance Act**”) pursuant to which any indemnity which third parties (including Insurance Companies) owe for the reason of the destruction of or damage to the mortgaged property will be allocated to the mortgagee-creditors to the extent these indemnities are not used for the reconstruction of the mortgaged property.

Article 112, §2 of the Insurance Act, however, provides that the Insurance Company can pay out the indemnity to the insured in case the holder of an unpublished/undisclosed security over the property does not oppose this by prior notification. As the assignment of the SME Loan and the Mortgage to the Issuer will not be noted in the margin of the mortgage register, the question arises to what extent the lack of disclosure of the assignment could prejudice the Issuer’s rights to the insurance proceeds. Although there are no useful precedents, the assignment should not prejudice the Issuer’s position because (i) the Mortgage will remain validly registered notwithstanding the assignment and (ii) the Issuer would be the assignee and successor of the Seller. Whether the Insurance Company needs to pay to the Seller or to the Issuer would not be of any interest to the Insurance Company.

A notification issue also arises in connection with Article 120, §1 of the Insurance Act which provides that the Insurance Company cannot invoke any defences which derive from facts arising after the accident has occurred (for instance a late filing of a claim) against mortgagee-creditors the mortgages of whom are known to the insurance company. Again, for the same reasons set out above, the Insurance Company should not have a valid interest in disputing the rights of the Issuer.

Pursuant to Article 120, §2 of the Insurance Act:

- (a) the Insurance Company can invoke the suspension, reduction or termination of the insurance coverage only after having given the Seller one (1) month prior notice; and
- (b) if the suspension or termination of the insurance coverage is due to the non-payment of premiums, the Seller has the right to pay the premiums within the one-month notice period and thus avoid the suspension or termination of the insurance coverage.

“**Insurance Company**” means any insurance company granting an Insurance Policy (in respect of a SME Receivable);

“**Insurance Policy/ies**” means any and all hazard insurance(s), fire insurance(s) or debt insurance(s)(*schuldsaldoverzekering/assurance solde restant dû*) (in respect of a Borrower or a Mortgaged Asset).

5.9 Enforcement of Loan Security

The sale proceeds of the sale of the Loan Security may not entirely cover the outstanding amount under such SME Receivable. Subject to the availability of credit enhancement, there is a risk that a shortfall will affect the Issuer’s ability to make the payments due to the Noteholders. Moreover, if action is taken by a third party creditor against a Borrower prior to KBC Bank NV acting as Servicer following the sale of the SME Receivables to the Issuer, the Seller will not control the foreclosure proceedings but rather will become subject to any prior foreclosure proceedings initiated by a third party creditor prior to the institution of foreclosure proceedings by KBC Bank NV.

In addition, certain SME Receivables may not be 100 per cent. covered by the Loan Security.

5.10 Data Protection

To the extent the transfer of SME Receivables entails the transfer of personal data in relation to the Borrowers of the underlying SME Loans, the transfer of SME Receivables by the Seller to the Issuer in connection with the Transaction includes a processing of personal data under the Belgian Act of 8 December 1992 on the protection of privacy (the **Belgian Privacy Act**).

The Belgian Privacy Act permits the processing of personal data under several permissibility grounds, including (a) the prior consent of the data subject, (b) the necessity to process the personal data in order to execute an agreement to which a data subject is a party, and (c) the necessity to process the personal data for legitimate interests of the controller of the processing (insofar as these interests are not outweighed by the legitimate interests of the data subject). The Issuer has been advised that a view could be taken that the transfer of the SME Receivables by the Seller to the Issuer is permitted based on the latter two grounds, so that the prior consent of the Borrowers must not be obtained.

Non-compliance with these regulations may expose the Issuer to legal sanctions and penalties which could have a negative impact on its capacity to (re)pay the Notes.

6. RISK FACTORS – PORTFOLIO INFORMATION

6.1 No Searches and Investigations

None of the Issuer or the Security Agent have made or caused to be made nor will any of them make or cause to be made, any enquiries, investigations or searches to verify the details of the SME Receivables or the Related Security, or to establish the creditworthiness of any Borrower, or any other enquiries, investigations or searches which a prudent purchaser of the SME Receivables would ordinarily make, and each will rely instead on the representations and warranties given by the Seller

in the SME Receivables Purchase Agreement. These representations and warranties will be given in relation to the SME Receivables and all rights related thereto.

If there is an unremedied material breach of any representation and warranty in relation to any SME Receivable and Related Security relating thereto and, to the extent the breach can be remedied, the Seller has not remedied the breach within thirty (30) calendar days of receipt of notice therefrom from the Issuer, the Issuer will have the right (exercisable upon its own initiative or at the direction of the Security Agent) to require the Seller to repurchase such SME Receivables and the Related Security, for an aggregate amount equal to the then Outstanding Principal Amount of the repurchased SME Receivable plus accrued interest thereon and costs up to (but excluding) the date of completion of the repurchase. The Issuer and the Security Agent will have no other remedy in respect of such breach if the Seller fails to effect such repurchase in accordance with the SME Receivables Purchase Agreement. This may affect the quality of the SME Receivables and the Related Security and accordingly the ability of the Issuer to make payments on the Notes.

6.2 Historical Information

The historical, financial and other information set out under *Portfolio Overview* represents the historical performance of the SME Receivables. There can be no assurance that the future performance of the SME Receivables will be similar to the historical performance of the SME Receivables set out in this Prospectus.

The historical and other information set out under *The Belgian Market for SME Loans* is historical information, and therefore the description of the Belgian market for SME loans may not constitute a comprehensive and up-to-date description. There can be no assurance of future similar developments of the Belgian market for SME loans.

6.3 Limited Provision of Information

Except if required by law, the Issuer will not be under any obligation to disclose to the Noteholders any financial information in relation to the SME Receivables. The Issuer will have no obligation to keep any Noteholder or any other person informed as to matters arising in relation to the SME Receivables, except for the information provided in the monthly investor report (the **Investor Report**) produced by the Administrator in relation to the Notes, which will be made available to, among others, the Issuer, the Security Agent and the Domiciliary Agent, on or about each Monthly Payment Date.

7. RISK FACTORS – GENERAL

7.1 Global Credit Market Conditions

Holders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date hereof), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. The Issuer cannot predict when these circumstances will change and if and when they do whether conditions of general market illiquidity for the Notes and instruments similar to the Notes will return in the future.

7.2 Notes in dematerialised form

The Notes will be issued in the form of dematerialised notes under the Company Code and will be represented exclusively by book entries in the records of the Securities Settlement System.

Access to the Securities Settlement System is available through its Securities Settlement System Participants whose membership extends to securities such as the Notes (the “**Securities Settlement**”).

System Participants”). Securities Settlement System Participants include certain Belgian banks, stock brokers (*beursvennootschappen / sociétés de bourse*), SIX SIS Ltd, Monte Titoli, Euroclear France, Clearstream, Luxembourg and Euroclear.

Transfers of interests in the Notes will be effected between the Securities Settlement System Participants in accordance with the rules and operating procedures of the Securities Settlement System. Transfers between investors will be effected in accordance with the respective rules and operating procedures of the Securities Settlement System Participants through which they hold their Notes.

The Issuer and the Domiciliary Agent will not have any responsibility for the proper performance by the Securities Settlement System or its Securities Settlement System Participants of their obligations under their respective rules and operating procedures.

Investors will only be able to hold the Notes through an X-account through a Securities Settlement System Participant, including Euroclear or Clearstream. The Investors will therefore need to confirm their status as Eligible Investor (as defined in Article 4 of the *Koninklijk Besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing / Arrêté Royal du 26 mai 1994 sur la retenue et bonification du précompte mobilier* (“**Royal Decree of 26 May 1994 on the deduction and indemnification of withholding tax**”)) in the account agreement to be entered into with a Securities Settlement System Participant, including Euroclear or Clearstream.

7.3 Change in Law and Tax

The structure of the Transaction and, among other things, the issue of the Notes and the ratings assigned to the Notes are based on law, tax rules, regulations, guidelines, rates and procedures, and administrative practice in effect at the date of this document. No assurance can be given that there will be no change to such law, tax rules, rates, procedures or administrative practice after the date of this Prospectus which change might have an adverse impact on the Notes and the expected payments of interest and repayment of principal in respect of the Notes.

7.4 Conflict of interest

KBC Bank NV/SA is acting in a number of capacities (as Seller, Servicer, Subordinated Loan Provider, Domiciliary Agent, Listing Agent, Reference Agent, Arranger, Manager, Account Bank, Swap Counterparty and Corporate Services Provider) in connection with the Transaction described herein. In acting in such capacities in connection with such Transaction, KBC Bank NV/SA shall have only the duties and responsibilities expressly agreed to by it in its relevant capacity and shall not, by virtue of its acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than expressly provided with respect to each such capacity.

Noteholders should therefore be aware that a conflict of interest could arise between the various roles of KBC Bank NV/SA and that KBC Bank NV/SA has no implicit or explicit obligation or duty to act in the best interest of the Noteholders when performing its various functions.

7.5 Risks relating to the proposed financial transactions tax

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the “**Commission’s proposal**”) for a financial transaction tax (“**FTT**”) to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia, although Estonia has since stated that it will not participate). If the Commission’s proposal was adopted, the FTT would be a tax primarily on “financial institutions” (which would include the Issuer) in relation to “financial transactions” (which

would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions (including concluding swap transactions and/or purchases or sales of securities (such as authorised investments)) if it is adopted based on the Commission's proposal. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest or principal than expected. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Notes (including secondary market transactions) if the conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

However, the FTT proposal remains subject to negotiation between participating member states. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU member states may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

7.6 Legal investment considerations and implementation of regulatory changes that may restrict certain investments or may affect the liquidity of the Notes

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory position for certain investors in securitisation exposures and/or on the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Seller, the Servicer, the Administrator, the Manager or the Arranger makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory capital treatment or other regulatory treatment of their investment in the Notes on the Closing Date or at any time in the future.

(a) Risk Retention Rules

Investors should be aware of the EU risk retention and due diligence requirements which currently apply, or are expected to apply in the future, in respect of various types of EU regulated investors including credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance undertakings, UCITS funds and institutions for occupational retirement provision. In particular, investors subject to European supervision should be aware of Article 405 of the Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (the "**Capital Requirements Regulation**" or "**CRR**") and Article 51 and 52 of the Commission Delegated Regulation (EU) No 231/2013 of 19 December 2012 supplementing Directive 2011/61/EU (the "**AIFM Regulation**").

Amongst other things, such regulations restrict investors subject thereto from investing in asset-backed securities unless (i) that investor is able to demonstrate that it has undertaken certain due diligence in respect of various matters including its note position, the underlying assets and (in the case of certain types of investors) the relevant sponsor or originator and that procedures are established for such activities to be conducted on an ongoing basis, and (ii) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the investor that it will retain, on an on-going basis, a net economic interest of not less than 5 per cent. in respect of certain specified credit risk tranches or asset exposures. Failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a penal capital charge on the notes acquired by the relevant investor. Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear.

Article 405 of the CRR and Article 51 and 52 of the AIFM Regulation apply in respect of the Notes. With respect to the commitment of the Seller to retain a material net economic interest in the securitisation and with respect to the information to be made available by the Issuer or another relevant party (or, after the Closing Date, by the Servicer), please see the following statement.

The Seller has undertaken to retain a material net economic interest of not less than 5% in the Transaction in accordance with Article 405, paragraph (1) sub-paragraph (d) of the CRR and Article 51 paragraph (1) sub-paragraph (d) of the AIFM Regulation. As at the Closing Date, such interest will in accordance with Article 405, paragraph (1) sub-paragraph (d) of the CRR and Article 51 paragraph (1) sub-paragraph (d) of the AIFM Regulation be comprised of an interest in the first loss tranche, and, if necessary, other tranches having the same or a more severe risk profile than those sold to the investors. Any change in the manner in which this interest is held shall be notified to investors. The Seller has provided a corresponding undertaking with respect to the interest to be retained by it during the period wherein the Notes are outstanding to the Issuer and the Security Agent in the SME Receivables Purchase Agreement. In addition to the information set out herein and forming part of this Prospectus, the Seller has undertaken to make available materially relevant data with a view to complying with Article 405 of the CRR and Articles 51 and 52 of the AIFM Regulation, which can be obtained from the Seller upon request. After the Closing Date, the Issuer will prepare monthly Investor Reports wherein relevant information with regard to the SME Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Seller as confirmed to the Issuer for each Investor Report. Such information can be obtained from the website www.kbc.be/abs/smeloaninvest2017. For the avoidance of doubt, none of the Issuer, the Seller, the Arranger or the Manager makes any representation as to the accuracy or suitability of any financial model which may be used by a prospective investor in connection with its investment decision. Each prospective investor is required to independently assess and determine the sufficiency of the information described above for the purposes of complying with Article 405, paragraph (1) sub-paragraph (d) of the CRR and Article 51 paragraph (1) sub-paragraph (d) of the AIFM Regulation and none of the Issuer, the Seller (in its capacity as the Seller and the Servicer), the Administrator, the Arranger nor the Manager makes any representation that the information described above or in the Prospectus is sufficient in all circumstances for such purposes. In addition, each prospective noteholder should ensure that it complies with the implementing provisions in respect of Article 405, paragraph (1) sub-paragraph (d) of the CRR and Article 51 paragraph (1) sub-paragraph (d) of the AIFM Regulation in its relevant jurisdiction. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction should seek guidance from their regulator.

Relevant investors are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements and none of the Issuer, the Seller, the Servicer, the Administrator, the Arranger nor any Manager makes any

representation that the information described above is sufficient in all circumstances for such purposes.

Prospective investors should therefore make themselves aware of the changes and requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

(b) Basel III & Solvency II

The Basel Committee on Banking Supervision (the “**Basel Committee**”) approved significant changes to the Basel II regulatory capital and liquidity framework in 2011 (such changes being commonly referred to as “**Basel III**”). In particular, Basel III provides for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio “backstop” for financial institutions and certain minimum liquidity standards (referred to as the Liquidity Coverage Ratio and the Net Stable Funding Ratio). Basel Committee member countries agreed to implement Basel III from 1 January 2013, subject to transitional and phase-in arrangements for certain requirements e.g. the Liquidity Coverage Ratio requirements refer to implementation from the start of 2015, with full implementation by January 2019, and the Net Stable Funding Ratio requirements refer to implementation from January 2018). Implementation of Basel III requires national legislation and therefore the final rules and the timetable for their implementation in each jurisdiction as well as the treatment of asset-backed securities (e.g. as Liquidity Coverage Ratio eligible assets or not) may be subject to some level of national variation. The European authorities have indicated that they support Basel III in general. The capital rules of Basel III have been implemented through a directive and a regulation adopted on 26 June 2013 by the Council of the European Union (collectively referred to as “**CRD IV**”), which replaced the directives 2006/48/EC and 2006/49/EC, as amended by directive 2009/111/EC. CRD IV entered into force on 1 January 2014, with full implementation by January 2019; however, CRD IV allows individual Member States to implement a stricter definition and/or level of capital more quickly than is envisaged under Basel III. It should also be noted that changes to regulatory capital requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe.

It should be noted that the European Commission has published legislative proposals for two new regulations related to securitisation. Amongst other things, the proposals include provisions intended to implement the revised securitisation framework developed by BCBS and provisions intended to harmonise and replace the risk retention and due diligence requirements (including the corresponding guidance provided through technical standards) applicable to certain EU regulated investors. There are material differences between the legislative proposals and the current requirements including with respect to application approach under the retention requirements and the originator entities eligible to retain the required interest. Moreover, further changes may be, and have been, proposed through the political negotiation process. It is not clear whether, and in what form, the legislative proposals (and any corresponding technical standards) will be adopted. In addition, the compliance position under any adopted revised requirements of transactions entered into prior to adoption, and of activities undertaken by a party (including an investor) in respect of such transactions, is uncertain.

Implementation of the Basel III and Solvency II framework and any changes as described above may have an impact on the capital requirements in respect of the Notes and/or on incentives to hold the

Notes for investors that are subject to requirements that follow the relevant framework and, as a result, may affect the liquidity and/or value of the Notes.

In general, investors should consult their own advisers as to the regulatory capital requirements or regulatory liquidity requirements in respect of the Notes and as to the consequences for and effect on them of any changes to the Basel framework (including the changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

7.7 The Belgian bank recovery and resolution regime

Directive 2014/59/EU of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (the “**Bank Recovery and Resolution Directive**” or “**BRRD**”) provides for the establishment of a European-wide framework for the recovery and resolution of credit institutions and investment firms. The stated aim of the BRRD is to provide supervisory and resolution authorities, including the resolution college of the National Bank of Belgium within the meaning of Article 21ter of the Law of 22 February 1998 establishing the organic statute of the National Bank of Belgium, or any successor body or authority (the “**National Resolution Authority**” and, together with the national resolution authorities of other participating Member States, the “**NRAs**”), with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimise taxpayers’ exposure to losses.

BRRD had been transposed into Belgian law in subsequent stages pursuant to:

- (a) the Credit Institutions Supervision Act;
- (b) the law of 18 December 2015 containing various financial provisions;
- (c) the Royal Decree of 26 December 2015 amending the Credit Institutions Supervision Act related to the recovery and resolution of groups;
- (d) the Royal Decree of 18 December 2015 amending the Credit Institutions Supervision Act which introduces the bail-in mechanism; and
- (e) the law of 27 June 2016 for the implementation of several provisions of the BRRD in relation to the use of government financial stabilisation tools, the objectives of resolution financing arrangements and the establishment and use of resolution financing arrangements.

Under the Belgian bank recovery and resolution regime, the supervisory and resolution authorities (which includes the National Resolution Authority) are able to take a number of measures in respect of any credit institution it supervises if deficiencies in such credit institution’s operations are not remedied. Such measures include: the appointment of a special commissioner whose consent is required for all or some of the decisions taken by all the institution’s corporate bodies; the imposition of additional requirements in terms of solvency, liquidity, risk concentration and the imposition of other limitations; the complete or partial suspension or prohibition of the institution’s activities; the revocation of the institution’s licence; and the right to impose the reservation of distributable profits, or the suspension of dividend distributions or interest payments to holders of additional Tier 1 capital instruments.

The Credit Institutions Supervision Act allows the NRA to take resolution actions. Such powers include the power to (i) direct the sale of the relevant financial institution or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with procedural requirements that would otherwise apply, (ii) transfer all or part of the business of the relevant financial institution to a “bridge institution” (an entity created for that purpose which is

wholly or partially in public control) and (iii) separate assets by transferring impaired or problem assets to a bridge institution or one or more asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down. The Credit Institutions Supervision Act grants a “bail in” power to the NRA. The NRA now have the ability to impose losses on certain financial liabilities of the failing credit institution, either by writing down the principal amount of the liability or converting it into equity. Due to the bail-in mechanism, shareholders and creditors will thus have to contribute to the losses of the failing institution.

It should be noted that (i) certain elements of the Credit Institutions Supervision Act require further detailed measures to be taken by other authorities, in particular the National Bank of Belgium, (ii) certain elements of the Credit Institutions Supervision Act will be influenced by further regulations (including through technical standards) taken or to be taken at European level, and (iii) the application of the Credit Institutions Supervision Act may be influenced by the recent assumption by the European Central Bank of certain supervisory responsibilities which were previously handled by the National Bank of Belgium and, in general, by the allocation of responsibilities between the European Central Bank and the National Bank of Belgium.

Finally, it should be noted that certain of the European initiatives (in particular the prohibition on proprietary trading) to be transposed into Belgian law pursuant to the Credit Institutions Supervision Act are still in draft form, or subject to political discussion, at the European level. Whilst the Credit Institutions Supervision Act contains powers to allow the government to conform the Credit Institutions Supervision Act to developments at a European level in certain areas through a royal decree, it cannot be ruled out that there will be differences between the regulatory regime promulgated by the relevant European directives and the regulatory regime of the Credit Institutions Supervision Act.

Although the exercise of powers by the National Bank of Belgium under the Credit Institutions Supervision Act could not affect the transfer of legal title to the SME Loans to the Issuer, there is a risk that such exercise of powers could adversely affect the proper performance by each of the Seller, the Servicer and the Administrator of its payment and other obligations to the Issuer and enforcement thereof against the such parties under the Transaction Documents.

7.8 European Market Infrastructure Regulation

European Regulation N° 648/2012 of the European Parliament and or the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories (“**EMIR**”) introduced requirements to improve transparency and reduce the risks associated with the over-the-counter (OTC) derivatives market. The application of EMIR requirements depends largely on the qualification of an entity as either a financial or non-financial counterparty. In general terms EMIR establishes certain requirements for OTC derivatives contracts, including a mandatory clearing obligation, risk-mitigation techniques for OTC derivatives contracts not cleared by a central counterparty and reporting requirements.

For financial counterparties and non-financial counterparties above the clearing threshold, EMIR requires (i) that OTC derivatives contracts that are subject to a mandatory clearing obligation clear through a central counterparty and (ii) to implement new risk management standards for all bilateral OTC derivative trades that are not cleared by a central counterparty, including a requirement for these counterparties to post mandatory margin.

Under EMIR, (i) financial counterparties and (ii) non-financial counterparties whose positions in OTC derivatives (excluding hedging positions) exceed a specified clearing threshold must clear OTC derivatives contracts that are entered into on or after the effective date for the clearing obligation for that counterparty pair (the “**Clearing Start Date**”). In addition, some market participants will have

to, from the relevant Clearing Start Date, clear relevant transactions entered into during a given period leading up to the relevant Clearing Start Date, a requirement known as “frontloading”.

Contracts which are declared subject to the clearing obligation will have to be cleared through an authorised or recognised central counterparty (“CCP”) when they trade with each other or with equivalent third country entities unless an exemption applies. Subject to certain conditions, intragroup transactions will not be subject to the clearing obligation. At this moment CCPs have been authorised to offer services and activities in the European Union in accordance with EMIR and following the entry into force on 21 December 2015 of the delegated regulation (the “**IRS Clearing RTS**”) relating to the introduction of the mandatory clearing obligation for certain interest rate swap transactions in USD, EUR, GBP and JPY (“**G4 IRS Contracts**”), there is now a concrete timeframe for the first classes of transactions subject to mandatory clearing and frontloading. The IRS Clearing RTS include a further categorisation of in-scope counterparties by splitting in-scope counterparty types into Category 1, 2, 3 and 4. This further categorisation impacts the relevant Clearing Start Date. The clearing obligation for this first wave of contracts will start from 21 June 2016 for Category 1 counterparties, 21 December 2016 for Category 2 counterparties, 21 June 2017 for Category 3 counterparties and 21 December 2018 for Category 4 counterparties.

The Swap Agreement will likely qualify as an OTC derivative having a conditional notional amount. However, OTC derivatives contracts that are not cleared by a central counterparty are subject to certain other risk management procedures, including arrangements for timely confirmation of OTC derivatives contracts, portfolio reconciliation, dispute resolution and arrangements for monitoring the value of outstanding OTC derivatives contracts. Certain of these risk mitigation requirements impose obligations on the Issuer in relation to the Swap Agreement. EMIR also contains requirements with respect to margining, which are expected to be phased in early 2017. Various regulatory and implementing technical standards have now come into force, but certain critical technical standards have not yet been finalised or come into force, including those addressing the scope of collateralisation obligations in respect of OTC derivative contracts which are not cleared. In addition, under EMIR, counterparties must report all their OTC and exchange traded derivatives contracts to an authorised or recognised trade repository or to ESMA.

The CRR aims to complement EMIR by applying higher capital requirements for bilateral, over-the-counter derivative trades. Lower capital requirements for cleared trades are only available if the central counterparty is recognised as a 'qualifying central counterparty', which has been authorised or recognised under EMIR (in accordance with related binding technical standards). Further significant market infrastructure reforms have been introduced by amendments to the EU Markets in Financial Instruments Directive and are expected to be implemented in 2018.

EMIR may, *inter alia*, lead to more administrative burdens and higher costs for the Issuer. In addition, there is a risk that the Issuer's position in derivatives according to EMIR exceeds the clearing threshold and/or is included in the classes of OTC derivatives that are subject to the clearing obligation and, consequently, the Swap Agreement may become subject to clearing and margining requirements. This could give rise to additional costs and expenses for the Issuer, which may in turn reduce amounts available to make payments with respect to the Notes. The Issuer may also need to appoint a third party and/or incur costs and expenses to enable it to comply with the regulatory requirements imposed by EMIR. In the event that under EMIR additional provisions or technical standards do come into force, this may necessitate amendments to the Transaction Documents. The Issuer will pay such costs, without prior consent of the Security Agent or the Noteholders, under item (iii) of the Interest Priority of Payments or item (iii) of the Priority of Payments upon Enforcement.

Pursuant to Article 12(3) of EMIR any failure by a party to comply with the rules under Title II of EMIR should not make the Swap Agreement as applicable invalid or unenforceable. However, if any

party fails to comply with the rules under EMIR it may be liable for a fine. If such a fine is imposed on the Issuer, the Issuer may have insufficient funds to pay its liabilities in full.

7.9 Eligible collateral

The European Central Bank does not provide any pre-issuance advice regarding the eligibility of assets as Eurosystem collateral. The Eurosystem does only provide counterparties with advice regarding the eligibility of assets as Eurosystem collateral if such assets are submitted to it as collateral. None of the Issuer and the Manager nor any Affiliated Entity of the Issuer and the Manager gives any representation or warranty as to whether the European Central Bank will ultimately confirm the eligibility of such Notes for such purpose and none of the Issuer and the Manager nor any Affiliated Entity of the Issuer and the Manager will have any liability or obligation in relation thereto if the Notes are at any time deemed ineligible for such purposes.

7.10 VAT treatment of management services supplied to a VBS/SIC

Services supplied to a VBS/SIC in respect of its management (including its administration and the organisation and management of its financing instruments) and its assets (including the receipt of payments on behalf of the Issuer and the forced collection of receivables) should be exempt from Belgian VAT on the basis of the exemption provided for in article 44, §3, 11° of the Belgian VAT Code. Despite the intention of the legislator (in the Law of 3 August 2016) to correct an incomplete reference to the relevant regulatory framework (as confirmed in a decision from the Belgian VAT authorities dd. 30 March 2015 (ET 127.885)), the corrected text would based on a literal reading not achieve that objective, due to a mistake in the text of the law. It is expected that the text of the law will be corrected again.

7.11 Tax treatment of interest payments by the Borrowers under the SME Loans under Article 198, §1, 11° of the BITC 1992

Under Belgian income tax, at arm's length interest payments by a borrower on loans relating to its professional activities (such as the SME Loans) are generally tax deductible as professional expenses. In respect of entities subject to Belgian corporate income tax, the deduction of such interest payments as professional expenses is, among others, nevertheless disallowed in the event that:

- (a) the real beneficiary of the interest payments due under the loans is not subject to income tax or, in respect of that income, is subject to a taxation regime which is considerably more advantageous than the regular income tax regime for Belgian corporate residents, or is an entity affiliated to the Borrower; and
- (b) the aggregate amount of the loans referred to sub (a) above exceeds five times the sum of:
 - (i) the taxed reserves of such borrower at the beginning of the taxable period; and
 - (ii) the paid-up capital of such borrower at the end of the taxable period,

whereby the tax deduction is disallowed to the extent that the debt to equity ratio as referred to under (b) (the “**Debt to Equity Ratio**”) exceeds 5 to 1 (Article 198, §1, 11° of the BITC 1992).

As set out below (see section 19.13 (*Tax Position of the Issuer*) below), a VBS/SIC such as the Issuer is subject to corporate income tax at the ordinary rate of currently 33.99%, but its tax base is notional. This means that the Issuer will only be taxed on any disallowed expenses and any abnormal or gratuitous benefits received. Interest payments which the Issuer receives on the SME Loans are therefore not included in its tax base.

The question has therefore been raised whether, based on a strict reading of Article 198, §1, 11° of the BITC 1992, the Issuer could be considered as an entity which is subject to a taxation regime which is considerably more advantageous than the regular income tax regime for Belgian resident companies. In that case, payments of interest on SME Receivables that were transferred to the Issuer would not be tax deductible for the Borrowers to the extent that the 5 to 1 Debt to Equity Ratio is exceeded at the level of the latter.

To obtain legal certainty on this point, the Seller has obtained an advance tax ruling dated 31 January 2017 and with reference number 2016.837, in which the Belgian Ruling Commission confirmed that the tax deductibility of interest payments by the Borrowers under the SME Loans, following their transfer to the Issuer, is not affected by the restrictions of Article 198, §1, 11° of the BITC 1992.

7.12 Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as **FATCA**, a “foreign financial institution” may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting, or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including Belgium) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019 and Notes that are characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

The Issuer believes that the risks described under Section 3, 4, 5 and 6 above are certain of the principal risks inherent in the Transaction for the Noteholders but the inability of the Issuer to pay interest or repay principal on the Notes may occur for other reasons and, accordingly, the Issuer does not represent that the above statements of the risks of holding the Notes are comprehensive. While the various structural elements described in the Prospectus are intended to lessen some of these risks for Noteholders there can be no assurance that these measures will be sufficient or effective to ensure payment to the Noteholders or interest and principal on such Notes on a timely basis at all.

8. TRANSACTION OVERVIEW

The following is an overview of the principal features of the Transaction described in this Prospectus including the issue of the Notes. The information in this section does not purport to be complete. This overview should be read as an introduction to and in conjunction with, and is qualified in its entirety by reference, to the detailed information appearing elsewhere in this Prospectus. Prospective Noteholders are advised to read carefully, and to rely solely on, the detailed information appearing elsewhere in this Prospectus, the Conditions and the Transaction Documents referred to therein in making any decision whether or not to invest in any Notes. If a claim relating to the information contained in this Prospectus will be brought before a competent court, the claimant will, subject to the legal requirement of the relevant member state of the European Economic Area, have to bear the costs of translating this Prospectus before the legal proceedings are initiated.

Capitalised terms used but not defined in this section have the meaning given thereto elsewhere in this Prospectus.

Transaction Overview

The following is an overview of the transaction as illustrated by the Transaction Structure Diagram below.

- (1) On or about 31 March 2017 the Issuer will enter into a SME Receivables purchase agreement (the “**SME Receivables Purchase Agreement**”) with the Seller and the Security Agent. Pursuant to the SME Receivables Purchase Agreement the Seller will sell and assign to the Issuer legal title to the SME Receivables. The SME Receivables consist of any and all rights of the Seller against certain borrowers under SME Loans originated by the Seller which loans may be secured, by a (i) a first ranking Mortgage, (ii) a lower ranking Mortgage, (iii) a mandate to create Mortgages in Belgium, (iv) a Floating Charge or (v) a Floating Charge Mandate, or may be unsecured. The initial purchase price for the SME Receivables amounts to 100% of the Outstanding Principal Amount of the SME Receivables on the Cut-Off Date (which will be equal to an amount of approximately, EUR 5,600,000,000). The transfer of legal title to the SME Receivables will take place on 7 April 2017 or on such later date as may be agreed between the Issuer, the Seller and the Manager (the “**Closing Date**”). The Issuer will pay the initial purchase price on the Closing Date.
- (2) To fund the initial purchase price, the Issuer will issue the Notes and enter into the Subordinated Loan Agreement with the Subordinated Loan Provider on the Closing Date.
- (3) The Issuer will credit on the Closing Date EUR 56,000,000 from the proceeds of the Subordinated Loan to the Reserve Account.
- (4) On each Monthly Payment Date, the Issuer will pay the Noteholders interest and principal in accordance with and subject to the Interest Priority of Payments and the Principal Priority of Payments. See Section 12 – *Credit Structure*.
- (5) The rates of interest on the SME Receivables and on the Transaction Accounts will not necessarily equal the floating rates applicable to the Notes. In order to provide a hedge against certain differences in these rates, the Issuer will enter into an interest rate swap transaction under an ISDA Master Agreement, including a schedule and a credit support annex thereto (the “**Credit Support Annex**”) (together, the “**Swap Agreement**”) with KBC Bank NV (as the “**Swap Counterparty**”).
- (6) The ability of the Issuer to meet its obligations under the Notes will depend primarily upon the receipt by it of principal and interest from the Borrowers under the SME Receivables

and the receipt of funds under the Swap Agreement. The Issuer will secure its obligations under the Notes. Pursuant to a parallel debt agreement (the “**Parallel Debt Agreement**”) the Issuer will undertake to pay to the Security Agent, on the same terms and conditions, an amount equal to the aggregate of all amounts from time to time due and payable by the Issuer to the Noteholders and the other Secured Parties (such payment undertaking and the obligations and liabilities resulting from it being referred to as the “**Parallel Debt**”). Upon receipt by the Security Agent of any amount in payment of the Parallel Debt, the payment obligations of the Issuer to the Secured Parties shall be reduced by an amount equal to the amount so received.

- (7) The Issuer will enter into a pledge agreement (the “**Pledge Agreement**”) with Deloitte Bedrijfsrevisoren / Réviseurs d’Entreprises C.V.B.A. (the “**Security Agent**”) pursuant to which the Security Agent is appointed (i) as representative (*vertegenwoordiger / représentant*) of the Noteholders in accordance with Article 271/12, §1, first to seventh indent of the UCITS Act with respect to their rights and obligations under the Notes and the Conditions, (ii) as agent on behalf of the Secured Parties in accordance with article 5 of the Collateral Law and (iii) as irrevocable agent (*mandataris / mandataire*) of the other Secured Parties. Furthermore, in accordance with the terms of the Pledge Agreement, the obligations of the Issuer to the Secured Parties and the Parallel Debt are secured by a first-ranking pledge over (i) the SME Receivables (ii) the Issuer’s claims under the Transaction Documents and (iii) the balances standing to the credit of the Transaction Accounts. Upon the occurrence of an Event of Default under the Notes, the Security Agent may give notice to the Issuer that the amounts outstanding under the Notes (and under the Parallel Debt) are immediately due and payable and may enforce the Pledge Agreement. The Security Agent will apply the amounts recovered upon enforcement of the Pledge Agreement in accordance with the Priority of Payments upon Enforcement towards satisfaction of the amounts owed by the Issuer to the Noteholders and such other transaction parties. See Section 12 – *Credit Structure*.
- (8) The Issuer will enter into a subordinated loan agreement (the “**Subordinated Loan Agreement**”) with KBC Bank NV (as the “**Subordinated Loan Provider**”) on or before the Closing Date, pursuant to which the Subordinated Loan Provider will agree to make available to the Issuer a subordinated loan (the “**Subordinated Loan**”), the proceeds of which will be used to (i) pay part of the Initial Purchase Price, and (ii) credit the Reserve Account up to the Reserve Account Required Amount.
- (9) The Issuer will enter into an expenses subordinated loan agreement (the “**Expenses Subordinated Loan Agreement**”) with the Subordinated Loan Provider on or before the Closing Date, pursuant to which the Subordinated Loan Provider will agree to make available to the Issuer an expenses subordinated loan (the “**Expenses Subordinated Loan**”), the proceeds of which will be used to pay certain initial costs and expenses in connection with the issue of the Notes.
- (10) The Issuer will enter into an Account Bank Agreement (the “**Account Bank Agreement**”) with KBC Bank NV (as the “**Account Bank**”) and the Security Agent on or before the Closing Date, pursuant to which the Account Bank guarantees a certain interest rate (the “**Account Interest Rate**”) determined by reference to Eonia minus 0.125 per cent. (with a floor at zero) on the balance standing from time to time to the credit of certain bank accounts maintained by the Issuer with the Account Bank.
- (11) The Issuer will enter into a SME payment transactions and issuer services agreement (the “**Issuer Services Agreement**”) with the Seller (as the “**Servicer**”), the Security Agent, KBC Bank NV (as “**Corporate Services Provider**”) and Intertrust Administrative Services B.V. (as “**Administrator**”) on or before the Closing Date, pursuant to which (i) the Servicer will

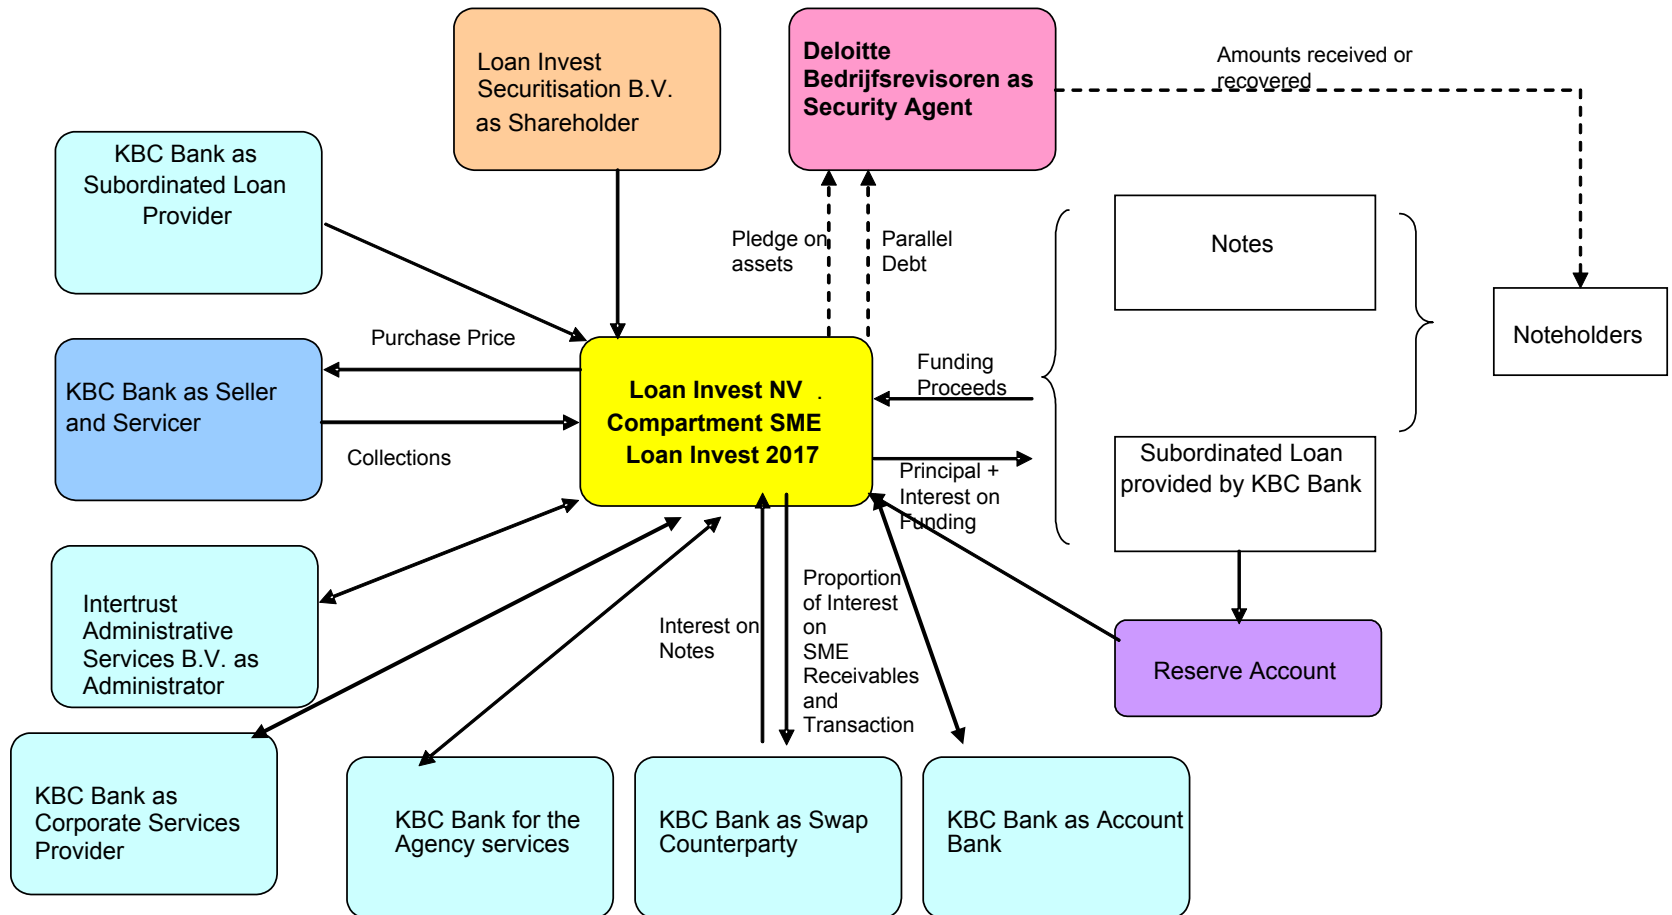

agree to provide SME payment transactions and the other services as agreed in the Issuer Services Agreement in relation to the SME Receivables, (ii) the Corporate Services Provider will agree to provide certain reporting and corporate services for the Issuer and (iii) the Administrator will agree to provide certain administration, calculation and cash management services for the Issuer.

In addition, the Issuer will enter into *inter alia* the following agreements:

- (1) a subscription agreement (the “**Subscription Agreement**”) with KBC Bank NV (as “**Arranger**” and as “**Manager**”) pursuant to which the Manager agrees to subscribe and pay for or to procure subscription and payment for the Notes;
- (2) an agency agreement (the “**Agency Agreement**”) with KBC Bank NV (as the “**Domiciliary Agent**”, “**Listing Agent**” and “**Reference Agent**”) pursuant to which the Domiciliary Agent, the Listing Agent and the Reference Agent will respectively act as domiciliary agent, listing agent and reference agent in relation to the Notes;
- (3) a clearing agreement (the “**Clearing Agreement**”) with the National Bank of Belgium (as “**Securities Settlement System Operator**”) pursuant to which the Notes will be cleared in accordance with the Securities Settlement System;

- (5) issuer management agreements (the “**Issuer Management Agreements**”) with the Issuer Directors and the Security Agent pursuant to which the Issuer Directors will undertake to act as managing director of the Issuer and to perform certain services in connection therewith.

In addition, shareholder management agreements (the “**Shareholder Management Agreements**”) will be entered into between the Stichting Shareholder, the Shareholder, the Shareholder Director and the Security Agent pursuant to which, *inter alia*, the Shareholder Director will undertake to act as director of the Stichting Shareholder and the Shareholder and to perform certain services in connection therewith.

Withholding Tax:

All payments in respect of the Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties

or charges of whatsoever nature, unless the Issuer, the Securities Settlement System Operator, the Domiciliary Agent or any other person is required by applicable law to make any payment in respect of the Notes subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event, the Issuer, the Securities Settlement System Operator, the Domiciliary Agent or such other person (as the case may be) shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. Neither the Issuer, the Securities Settlement System Operator, the Domiciliary Agent nor any other person will be obliged to gross up the payments in respect of the Notes or to make any additional payments to any Noteholders in respect of any such withholding or deduction.

In particular, but without limitation, no additional amounts shall be payable in respect of any Note, where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to FATCA.

Method of Payment:

Payments of principal and interest will be made in euro to the Securities Settlement System Operator, for the credit of the respective accounts of the Noteholders. See further Section 29 – *Terms and Conditions of the Notes*.

Use of proceeds:

The Issuer will use the net proceeds from the issue of the Notes and part of the proceeds of the Subordinated Loan to pay to the Seller the Initial Purchase Price for the SME Receivables, pursuant to the provisions of an agreement dated on or about 31 March 2017 (the “**SME Receivables Purchase Agreement**”) and made between the Seller, the Issuer and the Security Agent. See further Section 0 – *SME Receivables Purchase Agreement*.

Part of the proceeds of the Subordinated Loan will be used on the Closing Date to credit the Reserve Account up to an amount of EUR 56,000,000.

See further Section 22 – *Use of Proceeds*.

Admission to Trading:

Application has been made for the Notes to be admitted to trading on Euronext Brussels.

Ratings:

It is a condition precedent to issuance that the Notes, on issue, be assigned at least AAAsf by Fitch and AAA (sf) by DBRS.

Governing Law:

The Notes will be governed by and construed in accordance with the laws of the Kingdom of Belgium.

SME Receivables:

Under the SME Receivables Purchase Agreement, the Issuer will purchase any and all rights of the Seller against certain borrowers (the “**Borrowers**”) under or in connection with certain selected SME Loans (the “**SME Receivables**”). On the Closing Date, the Issuer will accept the transfer by way of assignment of legal title to the SME Receivables. The Issuer will be entitled to the proceeds of the SME

Receivables from the Cut-Off Date.

Repurchase of SME Receivables: Under the SME Receivables Purchase Agreement the Seller has undertaken to repurchase and accept re-assignment of an SME Receivable:

- (a) in case any of the representations and warranties given by the Seller in respect of such SME Receivable or its related SME Loan are untrue or incorrect;
- (b) if a Borrower requests a Non-Permitted Variation to a SME Receivable and if the Seller requests that such Non-Permitted Variation be accepted;
- (c) if, upon conversion of a Mortgage Mandate, Floating Charge Mandate or Farmers' Lien Mandate in accordance with the Credit Policies, such Mortgage Mandate, Floating Charge Mandate or Farmers' Lien Mandate is not converted in accordance with the terms and conditions of the SME Receivables Purchase Agreement.

SME Loans: The SME Receivables to be sold by the Seller pursuant to the SME Receivables Purchase Agreement will result from investment loans entered into by the Seller and the relevant Borrowers (including individuals and legal persons (*rechtspersonen / personnes morales*) within the framework of a small or medium sized professional enterprise, which may be secured by (i) a first ranking Mortgage, (ii) a lower ranking Mortgage, (iii) a mandate to create Mortgages over Real Estate (the “**Mortgaged Assets**”), (iv) a Floating Charge, or (v) a Floating Charge Mandate, (vi) a Farmers' Lien, (vii) a Farmers' Lien Mandate, or may be unsecured, and entered into by the Seller or its legal predecessors and the relevant Borrowers which meet the criteria set forth in the SME Receivables Purchase Agreement and which will be selected prior to or on the Closing Date for the purpose of the purchase of the relevant SME Receivables in accordance with the SME Receivables Purchase Agreement (the “**SME Loans**”).

Where the SME Loans, which take the form of Investment Credits, have been originated under a (revolving) credit facility, the Investment Credit is fully drawn down on the date of the transfer of the SME Receivables to the Issuer.

Sale of SME Receivables on each Optional Redemption Date: The Issuer will have the right to sell and assign all but not some of the SME Receivables on each Optional Redemption Date to a third party, which may also be the Seller, at arm's length conditions provided that the Issuer shall apply the proceeds of such sale to redeem the Notes.

Other Sales of SME Receivables: In addition, pursuant to the SME Receivables Purchase Agreement, the Seller has the obligation or the right to repurchase certain SME Receivables in certain events and the right to exercise the Clean-Up Call Option and the Regulatory Call Option.

The purchase price of each SME Receivable in the event of such a repurchase or reassignment, other than (i) pursuant to a breach of a

representation and warranty in relation to such SME Receivable or its related SME Loan, or (ii) upon a Non-Permitted Variation, shall be equal to the then Outstanding Principal Amount, together with accrued interest due but unpaid, if any, up to the relevant date of such repurchase or reassignment and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such repurchase and re-assignment), except that with respect to Defaulted Receivables, the purchase price shall be an amount as calculated by the Servicer in its daily operations representing an amount equal to the Outstanding Principal Amount of such SME Receivable less the estimated losses or, as the case may be, realised losses in relation to such SME Receivable according to the Seller's impairment policy (the "**Optional Repurchase Price**").

The purchase price of each SME Receivable in the event of a sale or repurchase (i) pursuant to a breach of a representation and warranty in relation to such SME Receivable or its related SME Loan or (ii) upon a Non-Permitted Variation, shall be equal to the then Outstanding Principal Amount of such SME Receivable plus accrued interest thereon and costs (including any costs incurred by the Issuer for effecting and completing such repurchase and reassignment) up to (but excluding) the date of completion of the repurchase (the "**Repurchase Price**").

Security for the Notes

Parallel Debt Agreement:

On or before the Closing Date, the Issuer and the Security Agent will enter into a parallel debt agreement (the "**Parallel Debt Agreement**") for the benefit of the Secured Parties under which the Issuer shall, by way of parallel debt, undertake to pay to the Security Agent any amounts equal to any and all amounts due by it to the Secured Parties. Upon receipt by the Security Agent of any amount in payment of the Parallel Debt, the payment obligations of the Issuer to the Secured Parties shall be reduced by an amount equal to the amount so received. The advantage of such Parallel Debt is that the Security Agent is entitled to create and enforce the Security Interests not only on behalf of the Secured Parties but also in its own name.

Security for the Notes:

The Notes and the Parallel Debt will be secured by a first ranking pledge in favour of the Secured Parties, including the Security Agent on behalf of the Noteholders and the other Secured Parties by the Issuer over (i) the SME Receivables, including the Related Security, (ii) the Issuer's claims under or in connection with the Transaction Documents, and (iii) the balances standing to the credit of the Transaction Accounts.

The amounts payable to the Noteholders and the other Secured Parties will be limited to the amounts available for such purpose to the Security Agent which, *inter alia*, will consist of amounts recovered by the Security Agent on the SME Receivables, including the Related Security, and amounts received by the Security Agent as creditor under the Parallel Debt Agreement. Following delivery of an Enforcement Notice, payments to the Secured Parties will be made in accordance with the Priority of Payments upon Enforcement.

See further *Risk Factors* and for a more detailed description see Section 23 – *Description of Security*.

Cash flow structure

Issuer Collection Account:

The Issuer shall maintain with the Account Bank an account (the “**Issuer Collection Account**”) to which, *inter alia*, the Seller or the Servicer on its behalf will on each Business Day, (each a “**Collection Date**”) transfer all amounts received by the Seller in connection with the SME Receivables.

Risk Mitigation Deposit:

In case:

- (a) long term unsecured, unguaranteed and unsubordinated debt obligations of the Seller falls below a rating of A by DBRS; or
- (b) the short term IDR of the Seller falls below a rating of F1 by Fitch and the long term IDR of the Seller falls below a rating of A by Fitch,

(each such event being a “**Risk Mitigation Deposit Trigger Event**”), then the Seller shall as soon as reasonably possible following the occurrence of such Risk Mitigation Deposit Trigger Event, credit to a bank account (the “**Deposit Account**”) to be held in the name of the Issuer with a third party account bank having the Required Minimum Ratings, the Risk Mitigation Deposit Amount.

The funds credited to the Deposit Account may only be applied by the Issuer for the purpose of indemnifying the Issuer against any losses resulting from Commingling Risk.

Reserve Account:

The Issuer will pay on the Closing Date EUR 56,000,000 from the proceeds of the Subordinated Loan into an account (the “**Reserve Account**” together with the Issuer Collection Account, the “**Transaction Accounts**”) held with the Account Bank.

The purpose of the Reserve Account will be to enable the Issuer to meet the Issuer’s payment obligations under items (i) up to and including (v) in the Interest Priority of Payments in the event that the Notes Interest Available Amount is not sufficient to meet such payment obligations on a Monthly Payment Date.

The “**Reserve Account Required Amount**” shall on any Monthly Calculation Date be equal to (i) EUR 56,000,000 or (ii) zero, on the Optional Redemption Date whereon the Notes have been or are to be redeemed in full, subject to the Conditions.

Account Bank Agreement:

The Issuer and the Account Bank will enter into an account bank agreement (the “**Account Bank Agreement**”) on the Closing Date, whereunder KBC Bank NV as the Account Bank will agree to pay a guaranteed rate of interest (the “**Account Interest Rate**”) determined by reference to Eonia minus 0.125 per cent. (with a floor at zero) on the balance standing from time to time to the credit of the Transaction

Accounts.

Subordinated Loan Agreement: On or before the Closing Date, the Issuer will enter into a subordinated loan agreement (the “**Subordinated Loan Agreement**”) with the Subordinated Loan Provider for an aggregate amount of EUR 1,736,000,000. The proceeds of the Subordinated Loan will be used to (i) pay part of the Initial Purchase Price for the SME Receivables, and (ii) fund the Reserve Account up to the Reserve Account Required Amount.

Expenses Subordinated Loan Agreement: On or before the Closing Date, the Issuer will enter into an expenses subordinated loan agreement (the “**Expenses Subordinated Loan Agreement**”) with the Subordinated Loan Provider for an aggregate amount of EUR 1,000,000. The proceeds of the Expenses Subordinated Loan will be used to pay certain start-up costs and expenses incurred by the Issuer in connection with the issue of the Notes.

Swap Agreement: On or before the Closing Date, the Issuer will enter into a 2002 ISDA Master Agreement (including a schedule, credit support annex and a confirmation documenting the transaction entered into thereunder) governed by English law with the Swap Counterparty and the Security Agent (the “**Swap Agreement**”) to hedge the risk between (a) the interest received by the Issuer on the SME Receivables (including Prepayment Penalties) and the interest received by the Issuer on the Transaction Accounts and (b) the floating rates of interest payable by the Issuer on the Notes.

See further Section 12 – *Credit Structure* under *Interest Rate Hedging*.

OTHER:

Issuer Services Agreement: Under a SME payment transaction and an issuer services agreement to be entered into on or before the Closing Date (the “**Issuer Services Agreement**”) between the Issuer, the Servicer, the Corporate Services Provider, the Administrator and the Security Agent, (i) the Servicer will agree to provide SME payment transactions and the other services as agreed in the Issuer Services Agreement in relation to the SME Receivables on a day-to-day basis, including, without limitation, (a) the collection of payments of principal, interest and all other amounts in respect of the SME Receivables, and (b) the implementation of arrears procedures including, if applicable, the enforcement of mortgages (see further the section 15 – *SME Loan Underwriting and Servicing* below), (ii) the Administrator will agree to provide certain administration, calculation and cash management services for the Issuer on a day-to-day basis, including without limitation, operation of the Transaction Accounts and all calculations to be made in respect of the Notes pursuant to the Conditions and (iii) the Corporate Services Provider will agree to provide certain corporate and reporting services for the Issuer on a day-to-day basis.

Issuer Management Agreements: The Issuer and the Security Agent have entered into management agreements (together the “**Issuer Management Agreements**”) with each relevant Issuer Director, whereunder the relevant Issuer Director

will undertake to act as managing director of the Issuer and to perform certain services in connection therewith.

**Shareholder Management
Agreements:**

The Stichting Shareholder, the Shareholder and the Security Agent have entered into shareholder management agreements (together, the “**Shareholder Management Agreements**”, and together with the Issuer Management Agreements, the “**Management Agreements**”) with the Shareholder Director, whereunder, *inter alia*, the Shareholder Director will undertake to act as director of the Shareholder and to perform certain services in connection herewith.

11. DOCUMENTS INCORPORATED BY REFERENCE

The incorporation deed and the articles of association (*statuten/statuts*) of the Issuer (the “**Articles of Association**”) which have previously been published shall be incorporated in, and form part of, this Prospectus.

Following the publication of this Prospectus a supplement may be prepared by the Issuer and approved by the FSMA in accordance with Article 32 of the Prospectus Act. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Prospectus or in a document which is incorporated by reference in this Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Prospectus.

Copies of documents incorporated by reference in this Prospectus can be obtained from the registered office of the Issuer and from the specified office of the Domiciliary Agent and will be available at www.kbc.be/abs/smeloaninvest2017.

12. CREDIT STRUCTURE

The structure of the credit arrangements for the proposed issue of the Notes may be summarised as follows:

12.1 SME Loan Interest Rates

The interest rate of each SME Loan is either a variable rate of interest or a fixed rate of interest. On the Cut-off Date the weighted average interest rate of the SME Loans is expected to be approximately 2.88 per cent. Interest rates vary between individual SME Loans. The range of interest rates is described further in *Description of the SME Loans*.

The actual amount of revenue received by the Issuer under the SME Receivables Purchase Agreement will vary during the life of the Notes as a result of the level of delinquencies, defaults, substitutions, interests, repayments and prepayments in respect of the SME Receivables. Similarly, the actual amounts payable under the Interest Priority of Payments will vary during the life of the transaction as a result of fluctuations in Euribor and possible variations in certain other costs and expenses of the Issuer. The eventual effect of such variations could lead to drawings under the Reserve Account and non-payment of certain items under the Interest Priority of Payments.

12.2 Cash Collection Arrangement

Payments by the Borrowers of interest and scheduled principal under the SME Receivables are due on a monthly basis, interest being payable in arrears. Until the assignment of the SME Receivables has been notified to the Borrowers, all payments made by Borrowers will be paid to the Seller.

On each Business Day the Seller or the Servicer on its behalf shall transfer all amounts of principal, interest, Prepayment Penalties and interest penalties received by the Seller in connection with the SME Receivables to the Issuer Collection Account.

Upon the occurrence of certain Notification Events, the Borrowers will be notified of the assignment of the SME Receivables to the Issuer in accordance with Clause 16 of the SME Receivables Purchase Agreement and will be required to make all payments directly to the Issuer Collection Account, unless in the occurrence of certain Notification Events where an appropriate remedy to the satisfaction of the Issuer and the Security Agent is found and implemented within a period of thirty (30) calendar days and to the extent this event would not have a material adverse effect on the interest of the Noteholders.

12.3 Transaction Accounts

(a) Issuer Collection Account

The Issuer will maintain with the Account Bank the Issuer Collection Account to which all amounts received (i) in respect of the SME Receivables and (ii) from the other parties to the Transaction Documents will be paid.

The Administrator will identify all amounts paid into the Issuer Collection Account by crediting such amounts to ledgers established for such purpose. Payments received in respect of the SME Receivables will be identified as principal or revenue receipts and credited to a principal ledger (the “**Principal Ledger**”) or a revenue ledger (the “**Revenue Ledger**”), as the case may be. In particular, the amounts forming part of the Notes Interest Available Amount will be credited to the Revenue Ledger. The amounts forming part of the Notes Redemption Available Amount will be credited to the Principal Ledger.

If at any time (A) (i) the short-term IDR of the Account Bank is assigned a rating of less than the Fitch Required Minimum Short Term Rating or any of such rating is withdrawn, and (ii) the long-term IDR of the Account Bank is assigned a rating of less than the Fitch Required Minimum Long Term Rating or such rating is withdrawn, or (B) the long-term unsecured unsubordinated and unguaranteed debt obligations of the Account Bank are assigned a rating of less than the DBRS Required Minimum Ratings, the Issuer will be required within thirty (30) calendar days to transfer the balance of the relevant Transaction Accounts to an alternative bank with the Required Minimum Rating or to find a third party, with the Required Minimum Ratings, to guarantee the obligations of the Account Bank.

If DBRS withdraws the DBRS Rating of the Account Bank, reference will be made solely to Fitch Required Minimum Ratings, and such withdrawal by DBRS will not constitute a breach of the DBRS Required Minimum Rating and will not trigger an obligation to transfer, or procure a guarantee in respect of, the Issuer Collection Account and a guarantee in respect of the obligations of the Account Bank (as the case may be) in accordance with the Account Bank Agreement.

If the Transaction Accounts were transferred to an alternative Account Bank, the Issuer may opt to re-transfer the Transaction Accounts to the original Account Bank provided that the obligations of the original Account Bank are guaranteed by a third party with the Required Minimum Ratings as from the time of such re-transfer.

If a third party has granted a guarantee for the obligations of the original Account Bank, the Issuer may opt to terminate such guarantee provided that the Transaction Accounts are transferred to an alternative Account Bank with the Required Minimum Ratings by the time of such termination.

If at the time when a transfer of the relevant Transaction Accounts would otherwise have to be made under the Account Bank Agreement and the Issuer has made a reasonable effort to find a substitute Account Bank, there is no other bank which has the Required Minimum Ratings and which is willing, acting reasonably, to act as account bank under the Transaction Documents and if the Security Agent so agrees, the Transaction Accounts will not need to be transferred until such time as there is a bank which has the Required Minimum Ratings and which is willing, acting reasonably, to act as account bank under the Transaction Documents, whereupon such transfer will be made to the bank meeting such criteria within one (1) month of identification of such bank. The Issuer shall ensure that each Rating Agency is promptly informed of any transfer to an alternative Account Bank.

The Issuer may, upon proposal of the Corporate Service Provider, appoint an investment manager proposed by the Corporate Service Provider, which will have the option on each Collection Date to invest any balance standing to the credit of the Transaction Accounts in:

- (a) euro denominated securities with a maturity not beyond one relevant business day before the next succeeding Monthly Payment Date, with such securities returning principal at maturity, in each case provided that such securities have been assigned:
 - (i) for eligible investments with a maturity of up to 30 days:
 - (A) a rating of at least A or R-1(low) by DBRS where the Notes are rated AAA(sf) by DBRS; or
 - (B) a rating of at least A(low) or R-1(low) by DBRS where the Notes are rated AA(high)(sf) by DBRS,
 - and
 - (ii) a rating of:

- (A) where the Notes are rated AAA(sf), for securities with a maturity up to 30 days, at least F1 or, only if a long-term rating is available, A by Fitch; or
 - (B) where the Notes are rated AA(sf), for securities with a maturity up to 30 days, at least F1 or, only if a long-term rating is available, A- by Fitch; or
 - (C) for securities with a maturity exceeding 30 days, up to 365 days, at least F1+ or, only if a long-term rating is available, AA- by Fitch; or
- (b) guaranteed investment contracts or similar accounts with a maturity not beyond the next succeeding Monthly Payment Date, provided that:
 - (i) such investment contracts or accounts are held with a counterparty (A) which has, where the Notes are rated AAA(sf), a short-term IDR of at least F1 or a long-term IDR of at least A, or, where the Notes are rated AA(sf), a short-term IDR of at least F1 or a long-term IDR of at least A-, and (B) whose long-term unsecured unsubordinated and unguaranteed debt obligations are assigned a rating at least equal to the DBRS Required Minimum Ratings, alternative bank with the Required Minimum Rating, and will provide for replacement clauses or similar mitigating clauses in case the counterparty no longer satisfies the rating requirements under (A) or (B); and
 - (ii) the notional amount of such investment or account is unconditionally guaranteed.

each of (a) and (b) being referred to as the **Permitted Investments** .

Payments may be made from the Issuer Collection Account other than on a Monthly Payment Date only (i) to satisfy amounts due to third parties (other than pursuant to the Transaction Documents) and payable in connection with the Issuer's business and (ii) as provided for in the relevant Transaction Documents.

(c) Reserve Account

The Issuer will also maintain with the Account Bank the Reserve Account. On the Closing Date, part of the proceeds of the Subordinated Loan will be credited to the Reserve Account up to an amount of EUR 56,000,000.

Amounts credited to the Reserve Account will be available on any Monthly Payment Date to meet items (i) to (v) (inclusive) of the Interest Priority of Payments. Any drawing under the Reserve Account by the Issuer shall only be made on a Monthly Payment Date if and to the extent there is a shortfall in the Notes Interest Available Amount to meet items (i) to (v) (inclusive) in the Interest Priority of Payments in full on that Monthly Payment Date, before drawing on the Reserve Account.

The Reserve Account Required Amount shall on any Monthly Calculation Date be equal to (i) EUR 56,000,000, or (ii) zero, on the Optional Redemption Date whereon the Notes have been or are to be redeemed in full, subject to the Conditions.

To the extent that the balance standing to the credit of the Reserve Account on any Monthly Calculation Date exceeds the Reserve Account Required Amount, such excess shall be drawn from the Reserve Account on the immediately succeeding Monthly Payment Date and shall form part of the Notes Interest Available Amount on that Monthly Payment Date.

After all amounts of interest and principal due in respect of the Notes have been paid and all payments or provisions of the Interest Priority of Payments ranking higher in priority have been

made, any amount standing to the credit of the Reserve Account will be applied to repay or partially repay, as the case may be, the Subordinated Loan.

(d) Deposit Account

The Issuer may be required to establish a Deposit Account in accordance with the terms of the SME Receivables Purchase Agreement for the deposit of the Risk Mitigation Deposit Amount (see further *SME Receivables Purchase Agreement –17.9 Risk Mitigation Deposit*).

12.4 Priority of Payments in respect of interest

paragraph *Risk Mitigation Deposit* in the section *SME Receivables Purchase Agreement* below, which are transferred from the Deposit Account to the Issuer Collection Account,

will pursuant to the terms of the Pledge Agreement be applied by the Issuer on the immediately succeeding Monthly Payment Date as follows (in each case only if and to the extent that payments of a higher order of priority have been made in full), (the “**Interest Priority of Payments**”):

- (i) *first*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of any amounts, if any, due and payable to the Issuer Directors in connection with the Issuer Management Agreements;

- (vi) *sixth*, in or towards making good any shortfall reflected in the Notes Principal Deficiency Ledger until the debit balance, if any, on the Notes Principal Deficiency Ledger is reduced to zero;

“**Maximum Pro Rata Amount Subordinated Loan**” means the amount equal to:

- (a) the Notes Redemption Available Amount multiplied by the outstanding amount of principal under the Subordinated Loan minus the Reserve Account Required Amount; divided by

- (b) the sum of (i) the outstanding amount of principal under the Notes and (ii) the outstanding amount of principal under the Subordinated Loan minus the Reserve Account Required Amount.

12.6 Priority of Payments upon Enforcement

Following delivery of an Enforcement Notice any amounts payable by the Security Agent under the Pledge Agreement will be applied in the following order of priority (and in each case only if and to the extent payments of a higher priority have been made in full) (the “**Priority of Payments upon Enforcement**”):

- (i) *first*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of any amounts, if any, due and payable to the Issuer Directors in connection with the Issuer Management Agreements;
- (ii) *second*, in or towards satisfaction of fees and expenses due and payable to the Administrator under the Issuer Services Agreement;

- (xii) *twelfth*, in or towards satisfaction of any payments due in connection with the Deferred Purchase Price to the Seller.

12.7 Subordinated Loan

On the Closing Date the Seller will make available to the Issuer the Subordinated Loan. The Subordinated Loan will be in an amount of EUR 1,736,000,000 and will up to an amount of EUR 1,680,000,000 be used by the Issuer to pay to the Seller part of the Initial Purchase Price for the SME Receivables, pursuant to the SME Receivables Purchase Agreement.

Part of the proceeds of the Subordinated Loan up to an amount of EUR 56,000,000 will be used by the Issuer to credit the Reserve Account. The remaining part of the proceeds of the Subordinated Loan will be credited to the Issuer Collection Account.

If the Notes Interest Available Amount is not sufficient to pay all the interest due under the Subordinated Loan on a Monthly Payment Date, the unpaid part of the interest due under the Subordinated Loan will be deferred to the next succeeding Monthly Payment Date.

12.8 Expenses Subordinated Loan

On the Closing Date the Seller will make available to the Issuer the Expenses Subordinated Loan. The Expenses Subordinated Loan will be in an amount of EUR 1,000,000 and will be used by the Issuer to pay certain initial costs and expenses in connection with the issue of the Notes.

12.9 Principal Deficiency Ledger

A “**Principal Deficiency Ledger**” comprising two sub-ledgers (the Notes Principal Deficiency Ledger and the Subordinated Loan Principal Deficiency Ledger) will be established by or on behalf of the Issuer in order to record a Principal Deficiency. On each Monthly Calculation Date, the Monthly Principal Deficiency will be debited to the Subordinated Loan Principal Deficiency Ledger (such debit items, together with the debit balance, if any, on the Subordinated Loan Principal Deficiency Ledger on the immediately preceding Monthly Payment Date being credited at item (ix) of the Interest Priority of Payment, to the extent that any part of the Notes Interest Available Amount is available for such purpose) so long as the debit balance on such ledger is less than EUR 1,736,000,000 (the “**Subordinated Loan Principal Deficiency Limit**”) and thereafter such amount will be debited to the Notes Principal Deficiency Ledger (such debit items, together with the debit balance, if any, on the Notes Principal Deficiency Ledger on the immediately preceding Monthly Payment Date being credited at item (vi) of the Interest Priority of Payments, to the extent that any part of the Notes Interest Available Amount is available for such purpose) so long as the debit balance on such ledger is less than Principal Amount Outstanding of the Notes (the “**Notes Principal Deficiency Limit**”).

“**Principal Deficiency**” means, on any Monthly Calculation Date, the sum of:

- (a) the Monthly Principal Deficiency calculated on such Monthly Calculation Date; and
- (b) the debit balance, if any, on the Principal Deficiency Ledger on the immediately preceding Monthly Payment Date.

“**Monthly Principal Deficiency**” means, on any Monthly Calculation Date, the positive amount by which at such Monthly Calculation Date the aggregate Outstanding Principal Amount of the SME Receivables that have become Defaulted Receivables during the immediately preceding Monthly Calculation Period exceeds the aggregate of all repayments and Net Proceeds relating to defaulted

principal amounts received by the Issuer during the immediately preceding Monthly Calculation Period.

12.10 Interest Rate Hedging

The Eligibility Criteria require that all SME Loans bear a rate of interest which is fixed for an agreed interest period which can either be equal to or shorter than the term of the SME Loan. If the interest period is shorter than the term of the SME Loan, the rate of interest is subject to a reset at the end of the interest period. The interest rate on the Transaction Accounts is a floating rate. The interest rate payable by the Issuer with respect to the Notes is calculated as a margin over Euribor (whereby the interest rate applicable to the Notes will never be lower than zero). The Issuer will hedge its interest rate exposure by entering into the Swap Agreement with the Swap Counterparty.

Under the Swap Agreement, the Issuer will agree to pay on each Monthly Payment Date:

(I) the sum of:

- (a) the aggregate amount of interest actually received by the Issuer and credited to the Issuer's Collection Account in respect of the SME Receivables, during the immediately preceding Monthly Calculation Period; and
- (b) the interest accrued on the Transaction Accounts during the immediately preceding Monthly Calculation Period; and
- (c) the amounts received by the Issuer in respect of Prepayment Penalties under the SME Loans and credited to the Issuer's Collection Account during the immediately preceding Monthly Calculation Period; and
- (d) the amounts received by the Issuer during the immediately preceding Monthly Calculation Period in connection with a repurchase of SME Receivables pursuant to the SME Receivables Purchase Agreement or any other amounts received pursuant to the SME Receivables Purchase Agreement during the immediately preceding Monthly Calculation Period, to the extent such amounts do not relate to principal provided that any such amounts were credited to the Issuer's Collection Account; and
- (e) the amounts received by the Issuer during the immediately preceding Monthly Calculation Period in connection with a sale of SME Receivables pursuant to the Pledge Agreement to the extent such amounts do not relate to principal provided that any such amounts were credited to the Issuer's Collection Account;

less

- (f) an excess margin of 0.25 per cent. per annum calculated on a monthly basis and applied to the aggregate outstanding principal amount of SME Receivables, excluding Delinquent Receivables and Defaulted Receivables on the last day of the relevant Monthly Calculation Period; and
- (g) the operating expenses set out in items (i) up to and including (iv) of the Interest Priority of Payments payable during the relevant Monthly Calculation Period,

multiplied by

(II)

- (a) the principal outstanding amount of the Notes on the immediately preceding Monthly Payment Date minus the balance of the Notes Principal Deficiency Ledger on the immediately preceding Monthly Payment Date; *divided by*
- (b) the sum of (i) the principal outstanding amount of the Notes on immediately preceding Monthly Payment Date minus the balance of the Notes Principal Deficiency Ledger and (ii) an amount equal to the outstanding amount of the Subordinated Loan on the immediately preceding Monthly Payment Date minus the balance on the Subordinated Loan Principal Deficiency Ledger on the immediately preceding Monthly Payment Date.

In order to facilitate payments by the Issuer of interest amounts due on the Notes, the Swap Counterparty will agree to make a monthly payment to the Issuer on each Monthly Payment Date calculated by applying a floating rate of interest equal to that due on the Notes (meaning the Floating Rate of Interest as set out in Condition 4.4(d) and a margin of 0.75 per cent. per annum) to a notional amount which will be calculated on a monthly basis and will be equal to the principal outstanding amount of the Notes on the immediately preceding Monthly Payment Date minus the balance of the Notes Principal Deficiency Ledgers on the immediately preceding Monthly Payment Date.

12.11 Downgrade of Swap Counterparty

DBRS rating triggers

- (a) In the event (such event, an “**Initial DBRS Rating Event**”) that, at any time the longterm, unsecured, unsubordinated and unguaranteed debt obligations of the Swap Counterparty cease to be assigned a public rating, private rating or private assessment of at least as high as A by DBRS (such rating, the “**First Rating Threshold**”), then the Swap Counterparty shall, at its own cost and as soon as practicable, but in any event no later than thirty (30) Business Days provide collateral in such amount as is set out in the Credit Support Annex to the Swap Agreement, or provide for a guarantee by a third party with a rating at least as high as the First Rating Threshold and in line with DBRS’ policies to maintain the rating on the Notes, or arrange for the transfer of its rights and obligations with respect to the Swap Counterparty to a replacement third party with a rating at least as high as the First Rating Threshold.
- (b) In the event (such event, a “**Subsequent DBRS Rating Event**”) that, at any time the long-term unsecured, unsubordinated and unguaranteed debt obligations of the Swap Counterparty or, if applicable, its credit support provider or any third party transferee, cease to be assigned a public rating, private rating or private assessment at least as high as BBB by DBRS (such rating, the “**Second Rating Threshold**”), then the Swap Counterparty will, at its own cost:
 - (i) as soon as practicable but in any event within thirty (30) Business Days as of the occurrence of such Subsequent DBRS Rating Event post collateral in accordance with the provisions of Credit Support Annex (or, if at the time such Subsequent DBRS Rating Event occurs, the Swap Counterparty has posted collateral under the Credit Support Annex following an Initial DBRS Rating Event, as the case may be, post additional collateral in accordance with the Credit Support Annex); and
 - (ii) use commercially reasonable efforts as of the occurrence of any such Subsequent DBRS Rating Event to:
 - (A) obtain a guarantee or procure a co-obligor of its rights and obligations with respect to the Swap Agreement from a third party with a rating at least as high as the First Rating Threshold and in line with DBRS’ policies to maintain the rating on the Notes; or

- (B) transfer all of its rights and obligations with respect to the Swap Agreement to a replacement third party with a rating at least as high as the First Rating Threshold.
- (c) The Issuer and the Security Agent shall use their reasonable endeavours to co-operate with the Swap Counterparty in connection with any transfer of the rights and obligations of the Swap Counterparty under the Swap Agreement pursuant to any downgrade as set out above.

Fitch rating triggers

- (a) Pursuant to the Swap Agreement, if, at any time, an Initial Fitch Rating Event occurs, the Swap Counterparty will at its own cost either:
 - (i) within thirty (30) calendar days of such occurrence:
 - (A) transfer all of its rights and obligations under the Swap Agreement to a replacement third party with a rating at least as high as the Fitch Required Minimum Ratings; or
 - (B) procure that a third party that has the Fitch Required Minimum Ratings, unconditionally guarantees the obligations of the Swap Counterparty under the Swap Agreement; or
 - (C) take such other action as will result in the ratings of the Notes then outstanding being restored to or maintained at the level they were at immediately prior to occurrence of the Initial Fitch Rating Event, or
 - (ii) within fourteen (14) calendar days of such occurrence and pending compliance with the action under (A), (B) or (C) above, post collateral to the Issuer in the Swap Collateral Account in accordance with the terms of the Swap Agreement.
- (b) Pursuant to the Swap Agreement, if, at any time, a Subsequent Fitch Rating Event occurs, the Swap Counterparty will, at its own cost, within thirty (30) days of such occurrence (or, in the case of (i) or pending compliance with the actions under (ii), within fourteen (14) calendar days of such occurrence):
 - (i) post collateral to the Issuer in the Swap Collateral Account in accordance with the terms of the Swap Agreement; and
 - (ii) use commercially reasonable efforts to:
 - (A) transfer all of its rights and obligations under the Swap Agreement to a replacement third party with a rating at least as high as the Fitch Required Minimum Ratings; or
 - (B) procure that a third party that has the Fitch Required Minimum Ratings, unconditionally guarantees the obligations of the Swap Counterparty under the Swap Agreement; or
 - (C) take such other action as will result in the ratings of the Notes then outstanding being restored to or maintained at the level they were at immediately prior to occurrence of the Initial Fitch Rating Event,

in each case in accordance with and subject to the provisions of the Swap Agreement.

For the avoidance of doubt, if the Swap Counterparty has taken one of the measures (other than the transfer of its rights and obligations to a third party) set out in sub-clauses (a) and (b) above, it may at any time and in the alternative take one of the other actions listed the relevant sub-clause. In the event that the Swap Counterparty has posted collateral pursuant to the Swap Agreement in accordance with sub-clauses (a) or (b) above and later takes one of the alternative actions listed in such sub-clauses above, any collateral so posted by the Swap Counterparty to the Issuer will be returned to the Swap Counterparty pursuant to the terms of the Swap Agreement. This will not however affect the obligations of the Swap Counterparty to post collateral in accordance with the Swap Agreement with respect to the rating issued to the Swap Counterparty at such time by Fitch.

For the purposes of items (a) and (b) above:

“Initial Fitch Rating Event” means that no Relevant Entity has the Fitch Required Minimum Ratings;

“Fitch Required Minimum Ratings” means: (i) a short-term IDR of at least F1 by Fitch (the **Fitch Required Minimum Short Term Rating**); or (ii) a long term IDR of at least A by Fitch (the **Fitch Required Minimum Long Term Rating**);

“Fitch Subsequent Required Ratings” means that the long-term IDR of an entity is rated at least “BBB-” by Fitch or the short-term IDR of an entity is rated at least “F3” by Fitch;

“Relevant Entity”) means the Swap Counterparty or the guarantor of the Swap Counterparty (if any);

“Subsequent Fitch Rating Event” means that no Relevant Entity has the Fitch Subsequent Required Ratings;

12.12 Swap Collateral Account

If any collateral in the form of cash is provided by the Swap Counterparty to the Issuer, the Administrator will, upon request from the Issuer, use reasonable efforts to assist the Issuer to open a separate account with a bank (other than the Account Bank or the Swap Counterparty) with the Required Minimum Ratings in which such cash provided by the Swap Counterparty will be credited. If any collateral in the form of securities is provided, the Administrator will, upon request from the Issuer, use reasonable efforts to assist the Issuer to open a custody account with a bank (other than the Account Bank or the Swap Counterparty) with the Required Minimum Ratings in which such securities provided by the Swap Counterparty will be credited. No payments or deliveries may be made in respect of such accounts (any such account, a **“Swap Collateral Account”**) other than to return Excess Swap Collateral to the Swap Counterparty (which shall be paid outside of the Interest Priority of Payments) and to satisfy all or part of any termination amount payable by the Swap Counterparty to the Issuer on termination of the swap transaction, as more particularly described in the Swap Agreement.

“Excess Swap Collateral” means an amount equal to the value of any collateral transferred to the Issuer by the Swap Counterparty under the Swap Agreement that is in excess of the Swap Counterparty’s liability to the Issuer thereunder (i) as at the termination date of the transaction entered into under such Swap Agreement or (ii) as at any other date of valuation in accordance with the terms of the Swap Agreement.

12.13 Sale of SME Receivables

Under the terms of the Pledge Agreement, the Issuer will have the right to sell and assign all but not some of the SME Receivables on each Optional Redemption Date to a third party, which may also

be the Seller, at arm's length conditions, provided that the Issuer shall apply the proceeds of such sale, to the extent relating to principal, to redeem the Notes in accordance with Condition 4.5(e).

In addition, pursuant to the SME Receivables Purchase Agreement, the Issuer has the obligation to sell and assign to the Seller and the Seller has the obligation or the right to repurchase certain SME Receivables in certain events and the right to exercise the Clean-Up Call Option or the Regulatory Call Option provided that, in the case of the Regulatory Call Option and the Clean-Up Call Option, the Issuer has sufficient funds to pay all amounts due in respect of the Notes upon the exercise of such option by the Seller.

The purchase price of the SME Receivables in the event of a repurchase or reassignment other than (i) pursuant to a breach of representation and warranty in relation to such SME Receivable or its related SME Loan or (ii) upon a Non-Permitted Variation shall be equal to the Optional Repurchase Price.

The purchase price of each SME Receivable in the event of a repurchase or reassignment (i) pursuant to a breach of representation and warranty in relation to such SME Receivable or its related SME Loan and (ii) upon the occurrence of a Non-Permitted Variation, shall be equal to the Repurchase Price.

13. OVERVIEW OF BELGIAN MARKET FOR SME LOANS

13.1 Belgium Economic Environment

Belgian economy has recovered relatively quickly from the post-2008 recession, reaching pre-crisis GDP levels halfway 2010. Over 2009-2014 SME added value increased annually by 3.4%, compared to 1.2% for large corporates.

Producer confidence is steadily improving, yet it has not reached its first half 2011 level. Flemish confidence has recently outpaced the Brussels and Walloon regions confidence levels. Corporate and SME performance is improving, with structural decreases in number of bankruptcies and net new start-ups picking up for the third year in a row.

Corporate credit demand is on the rise since early 2015, as reflected by the year on year change in outstanding credit amount and by the Lending Survey indicator (NBB). This increase in demand can be matched with increased corporate capital expenses since 2015.

13.2 SME's in Belgium

In 2014 there were 591,132 SME's (~ up to 50 employees) in Flanders, 289,821 SME's in Wallonia and 120,550 in Brussels. Overall the number of SME's in Belgium structurally keeps increasing, with a 23% increase between 2005 and 2014. Company size in terms of employees and of added value contribution are roughly in line with the European average. However, there is a higher contribution of micro companies (up to 9 employees) and a smaller share of large corporates (≥ 250 employees).

≥ 250 employees	50 to 249 employees	20 to 49 employees	10 to 19 employees	0 to 9 employees

14. THE SELLER – KBC BANK NV

14.1 Creation

KBC Bank NV (“**KBC Bank**”), a wholly-owned subsidiary of KBC Group NV, was established in Belgium in 1998 as a bank (with number BE-0462.920.226) for an unlimited duration and operates under the laws of Belgium. KBC Bank’s LEI code is 6B2PBRV1FCJDMR45RZ53. KBC Bank's registered office is at Havenlaan 2, B-1080 Brussels, Belgium and KBC Bank’s telephone number is (+32) (0)2 429 83 00. KBC Bank is a wholly-owned subsidiary of KBC Group NV (KBC Group NV together with its subsidiaries, “**KBC Group**” or “**KBC**”).

In short, KBC Bank was initially formed through the merger of the banking operations of the Almanij Kredietbank group and CERA Bank group (“**CERA**”). The merger combined the operations of four Belgian banks: Kredietbank, CERA, Bank van Roeselare and CERA Investment Bank. KBC Bank is registered as a credit institution with the National Bank of Belgium (“**NBB**”).

A simplified schematic of KBC Group's legal structure is provided below. KBC Bank and KBC Insurance NV each have a number of subsidiaries. A list of the subsidiaries of KBC Bank and KBC Insurance NV is available on the website at www.kbc.com. This document shall not be incorporated by reference in, or form part of, this Prospectus, unless otherwise specified in the “Documents Incorporated By Reference” section. KBC Bank including all companies in the scope of consolidation will henceforth be called “KBC Bank Group” in this chapter.

As at the end of June 2016, the share capital of KBC Bank was EUR 8,948 million and consisted of 915,228,482 ordinary shares, one of which is held by its sister company KBC Insurance NV and the remainder are held by KBC Group NV. KBC Group NV's shares are listed on Euronext Brussels. An overview of the shareholding of KBC Group NV is available on the website at www.kbc.com. This document shall not be incorporated by reference in, or form part of, this Prospectus, unless otherwise specified in the “Documents Incorporated By Reference” section. The core shareholders of KBC Group NV are KBC Ancora, CERA, MRBB and the other core shareholders.

KBC Bank, as full subsidiary of KBC Group NV, also has, besides its banking activities, a holding function for a wide range of group companies, mainly banking and other financial entities in Central and Eastern Europe and in other selected countries, such as Ireland. In its capacity of holding company, KBC Bank is affected by the cash flows from dividends received from these group companies. KBC Bank also functions as funding provider for a number of these group companies.

The major other subsidiary of KBC Group NV is KBC Insurance NV. KBC Bank co-operates closely with KBC Insurance NV, amongst others, in relation to distribution of insurance products.

14.2 KBC Group strategy

KBC Bank's strategy is fully embedded in the strategy of its parent company, KBC Group NV. A summary is given below of the strategy of the KBC Group, where KBC Bank is essentially responsible for the banking business and KBC Insurance NV for the insurance business.

On 17 June 2014, KBC Group organised an Investor Day, at which occasion (among other things) KBC Group presented an update of its strategy and targets. The presentations and press release of the Investor Day are available on the website at www.kbc.com. These documents shall not be incorporated by reference in, or form part of, this Prospectus, unless otherwise specified in the "Documents Incorporated By Reference" section. Below follows a summary:

- KBC Group wants to build on its strengths and be among Europe's best-performing, retail-focused financial institutions. It will achieve this aim by further strengthening its bank-insurance business model for retail, SME and mid-cap clients in its core markets in a highly cost-efficient way. The model has reached different stages of implementation in the different core countries. In Belgium, the bank and the insurance company already act as a single operational unit, achieving both commercial and non-commercial synergies. In its other core countries (the Czech Republic, Slovak Republic, Hungary and Bulgaria), KBC Group is targeting at least integrated distribution.
- Having both banking and insurance activities integrated within one group creates added value for both clients and KBC Group. Going forward, KBC Group will put further emphasis on the seamless fulfilment of client needs through its bank-insurance offering in the core countries, allowing it to create sustainable, long-term client relationships and to diversify its income streams.
- KBC Group will focus on sustainable and profitable growth within a solid risk, capital and liquidity framework. Profitability will take priority over growth or increasing market shares. Risk management is already fully embedded in KBC Group's strategy and decision-making process and KBC Group wishes to secure the independence of the embedded risk framework through closer monitoring by the Group CRO and by reporting to the Board of Directors of each business entity.
- In recent years, KBC Group has invested heavily in its various distribution channels, i.e. its bank branches and insurance agencies, client contact/service centres, websites and mobile apps. KBC Group wants to create added value for its clients by accurately meeting their needs in terms of financial products. Therefore, everything at KBC is based on the client's needs and not on its banking or insurance products and services. To ensure this happens, KBC analyses a raft of information in its databases. KBC wants to allow clients to decide for themselves whether they want a more personalised approach and the resultant offering. It is also the client who chooses how and when these products and services are provided and through which distribution channel. That is why the different channels are accorded equal status at KBC and need to seamlessly complement and reinforce each other. Because KBC Group is strongly embedded in its local markets, and clients' needs are defined by their local environment, each core country will make the necessary changes and investments in its own way and at its own pace.
- The seamless integration of the distribution channels creates a dynamic and client-driven distribution model. The client is at the centre of what KBC Group does. Everything starts from their needs. This will be supported by a performance and client-driven corporate culture that will be implemented throughout the group, with the focus on building long-term client bank-insurance relationships.
- KBC Group has no plans to significantly expand beyond its current geographical footprint. In its core markets (Belgium, the Czech Republic, Hungary, Slovak Republic, Bulgaria, and Ireland) it will

strengthen its bank insurance presence through organic growth or through acquisitions, if attractive opportunities arise (and based on clear and strict financial criteria).

- The profit, capital and liquidity targets, which the group aims to achieve at the highest level, can be found here. In December 2016, KBC Group has been informed by the European Central Bank of its new minimum capital requirements, leading to a combined overall fully loaded CET1 requirement for KBC (under the Danish Compromise) of 10.40%.

The profit, capital and liquidity targets, which the group aims to achieve at the highest level, are as follows:

Financial targets		By
CAGR total income ('13*-'17) (excl. MTM valuation of ALM derivatives)	≥ 2.25%	2017
CAGR bank-insurance gross income ('13-'17)	≥ 5%	2017
Cost/income ratio	≤ 53%	2017
Combined ratio	≤ 94%	2017
Common equity tier-1 ratio (fully loaded, Danish compromise)	≥ 10.4%**	2019

LCR	≥ 105%	2014
Dividend payout ratio (incl. coupon paid on AT1)	≥ 50%	2016

* 2013: adjusted result

** and additional pillar 2 guidance (P2G) of 1.0% CET1

A definition of the above-mentioned ratios can be found in the glossaries in the Annual Reports of KBC Bank and KBC Group.

14.3 Management structure

KBC Group's strategic choices are fully reflected in the group structure, which consists of a number of new business units and support services and which are presented in simplified form as follows:

The management structure essentially comprises:

- (i) The three business units. These business units focus on local business and should contribute to sustainable profit and growth:
 - Belgium;
 - Czech Republic;
 - International Markets: contains the other core Central and Eastern European countries (Slovak Republic, Hungary and Bulgaria) and Ireland.
- (ii) The pillars 'CRO Services' and 'CFO Services' (act as an internal regulator, and must above all support the business units), and 'Corporate Staff' and 'Corporate HR'.

Each business unit is headed by a Chief Executive Officer (CEO), and these CEOs, together with the CEO, the Chief Risk Officer (CRO) and the Chief Financial Officer (CFO) constitute the executive committee.

The financial highlights for 1H2016, compared to 1H2015, are:

- KBC Bank Group granted more loans in Belgium (+4%), the Czech Republic (+10%), Slovakia (+15%) and Bulgaria (+12%), while clients increased their deposits with KBC Bank Group in all our countries: Belgium (+6%), the Czech Republic (+9%), Hungary (+13%), Slovakia (+16%), Bulgaria (+8%) and Ireland (+11%).
- In spite of the negative impact of low interest rates, net interest income was down just 2% year-on-year, thanks to positive elements such as lower funding costs and higher lending-related income. The bank's net interest margin stood at 1.95%, down 13 basis points year-on-year.

- Net fee and commission income was down 18%, due mainly to lower asset management-related fees.
- The sale of our Visa Europe shares resulted in one-off additional income of 99 million euros (pre-tax), or 84 million euros (after tax).
- At 1 854 million euros, costs went up 2% year-on-year, due mainly to a higher amount of bank taxes being paid. Disregarding these taxes, costs remained unchanged year-on-year. The cost/income ratio stood at 59% year-to-date. After evenly spreading the bank taxes and excluding specific items, the cost/income ratio came to 56%.
- The year-to-date cost of credit amounted to an excellent but unsustainably low 0.07% of the loan portfolio.
- The liquidity position remained solid, and – with a common equity ratio of 13.6% (fully loaded) – the capital base remained strong.

Ratios are defined in KBC Bank's annual and half-yearly reports, available on www.kbc.com. These documents shall not be incorporated by reference in, or form part of, this Prospectus, unless otherwise specified in the "Documents Incorporated By Reference" section.

14.7 General description of activities of KBC Bank Group (i.e. KBC Bank including all companies in the scope of consolidation)

KBC Bank Group is a multi-channel bank that caters primarily to private persons, small and medium-sized companies (SMEs) and midcaps.

Its geographic focus is on Europe. In its “home” (or “core”) markets Belgium, Czech Republic, Slovak Republic, Hungary, Bulgaria and Ireland, KBC Bank Group has important and (in some cases) even leading positions. The KBC Bank Group is also present in Ireland and in certain other countries where the primary focus is on supporting the corporate clients of the home markets.

KBC Bank Group's core business is retail and private bank-insurance (including asset management), although it is also active in providing services to corporations and market activities. Across its home markets, KBC Bank Group is active in a large number of products and activities, ranging from the plain vanilla deposit, credit, asset management and insurance businesses (via its sister company, KBC Insurance NV), to specialised activities such as, but not exclusively, payments services, dealing room activities (money and debt market activities), brokerage and corporate finance, foreign trade finance, international cash management, leasing, etc.

¹ A list of credit rating agencies registered under Regulation (EC) No 1060/2009 and listed on the “List of Registered and Certified CRA's” is published on the ESMA website (<http://esma.europa.eu/page/List-registered-and-certified-CRAs>).

* Average of the share in credits and the share in deposits

KBC Bank Group has a network of over 700 bank branches in Belgium (KBC Bank branches in Flanders, CBC Banque branches in Wallonia and KBC Brussels branches in the Brussels region). The branches focus on providing clients in Belgium with a broad area of credit (including mortgage loans), deposit, investment fund and other asset management products, insurance products (in co-operation with KBC Bank's sister company, KBC Insurance NV) and other specialised financial banking products and services. KBC Bank Group's bricks-and-mortar networks in Belgium are supplemented by electronic channels, such as ATMs, telephones and the Internet (including a mobile banking app). KBC Bank and CBC Banque serve, based on their own estimates, approximately 3.2 million clients.

KBC Group considers itself to be an integrated bank-insurer. Certain shared and support services are organised at group level, serving the entire group, and not just the bank or insurance businesses separately. It is KBC Group's aim to continue to actively encourage the cross-selling of bank and insurance products. The success of KBC Group's integrated bank-insurance model is in part due to the co-operation that exists between the bank branches and the insurance agents, whereby the branches sell standard insurance products to retail customers and refer their customers to the insurance agents for non-standard products. Claims-handling is the responsibility of the insurance agents, the call centre and the head office departments at KBC Insurance NV.

End of 2016, the KBC Bank Group had (see table), based on its own estimates, a 21% share of traditional banking activities in Belgium. Over the past few years, KBC Bank has built up a strong position in investment funds too, and has a share of market of some 33%.

KBC Bank Group believes in the power of a physical presence through a branch and agency network that is close to its clients. At the same time, however, it expects the importance of online and mobile bank-insurance to grow further and it is constantly developing new applications in these areas. This includes the various mobile banking apps for smartphones and tablets, which are being continuously improved and expanded. KBC-Online is also providing clients with information and facilities to perform their own banking and/or insurance transactions.

In KBC Group's financial reporting, the Belgian activities are combined into a single Belgium Business Unit. The results of the Belgium Business Unit essentially comprise the activities of KBC Bank, and its Belgian subsidiaries, the most important of which are CBC Banque, KBC Asset Management, KBC Lease Group (Belgium) and KBC Securities.

Focus on the future:

- New technologies are considered an important means to focus even more on client-centric solutions. In this regard, various initiatives to enhance client centricity have been launched or are planned. For example, a new responsive and convenient bank-insurance platform (Touch) was launched, and the Start it @kbc initiative for people starting up a business has proven to be a success and is growing steadily.
- The KBC Group used to be active in Brussels under the 'KBC' and 'CBC' brands. However, the decision has been taken to more efficiently exploit the full – but currently untapped – potential of

Brussels. As of 2015, a new separate ‘KBC Brussels’ was launched, reflecting the specific cosmopolitan character of Brussels and the needs of its population. Retail and SME clients receive a single, unified bank-insurance product and service offering and existing KBC/CBC branches are being repositioned.

- In Wallonia, CBC – with its autonomous operational and commercial model and strong embeddedness in the local economy – has recorded solid and constant year-on-year gross revenue growth. It also boasts strong solvency and liquidity positions, and has significant market shares in the professional sector, in the agricultural sector and in the retail client sector. Building on these strong fundamentals, CBC wishes to further mine the growth potential in selected market segments in banking and insurance. As of 2015, CBC is increasing its footprint in Wallonia and enhances its availability and service offering. CBC will open a number of new bank branches and relocate existing ones.

Activities in Central and Eastern Europe

In the Central and Eastern European region, the KBC Bank Group focuses on four home countries, being the Czech Republic, Hungary, Slovak Republic and Bulgaria. The main KBC Bank Group Central and Eastern European entities in those home markets are CIBANK (in Bulgaria), ČSOB (in the Slovak Republic), ČSOB (in the Czech Republic), and K&H Bank (in Hungary).

In its four home countries, KBC Bank Group caters to over 4.5 million customers. This customer base, along with KBC Group’s insurance customers in the region (via KBC Insurance NV subsidiaries), make KBC Group one of the larger financial groups in the Central & Eastern European region. The KBC Bank Group companies focus on providing clients with a broad area of credit (including mortgage loans), deposit, investment fund and other asset management products, insurance products (in co-operation with KBC Insurance NV’s subsidiaries in each country) and other specialised financial banking products and services. Just as in Belgium, the bricks-and-mortar networks in Central and Eastern Europe are supplemented by electronic channels, such as ATMs, telephone and the Internet.

KBC Group’s bank-insurance concept has over the past few years been exported to its Central and Eastern European entities. In order to be able to do so, KBC Group has built up a second home market in Central and Eastern Europe in insurance (via KBC Insurance NV). KBC Group has an insurance business in every Central and Eastern European home country: in the Czech Republic, the Group’s insurer is ČSOB Pojist’ovňa, in the Slovak Republic it is ČSOB Poist’ovňa, in Hungary it is K&H Insurance and in Bulgaria it is DZI Insurance. Contrary to the situation of KBC Bank in Belgium, the KBC Group’s insurance companies in Central and Eastern Europe operate not only via tied agents (and bank branches) but also via other distribution channels, such as insurance brokers and multi-agents.

The KBC Bank Group’s estimated market share (the average of the share of the lending market and the deposit market, see table) amounted to 20% in the Czech Republic, 11% in the Slovak Republic, 10% in Hungary, and 3% in Bulgaria (rounded figures). KBC Bank Group also has a strong position in the investment fund market in Central and Eastern Europe (estimated at 23% in the Czech Republic, 7% in Slovak Republic, and 15% in Hungary).

In KBC Bank Group's financial reporting, the Czech activities are separated in a single Czech Republic Business Unit, whereas the activities in the other Central and Eastern European countries, together with Ireland (see further) are combined into the International Markets business unit. The Czech Republic Business Unit hence comprises all KBC Bank Group's activities in the Czech Republic, consisting primarily of the activities of the ČSOB group (under the ČSOB, Era, Postal Savings Bank, Hypoteční banka, Patria and ČMSS brands) and ČSOB Asset Management. The International Markets Business Unit comprises the activities conducted by entities in the other (non-Czech) Central and Eastern European core countries, namely ČSOB in the Slovak Republic, K&H Bank in Hungary and CIBank in Bulgaria, plus KBC Bank Ireland's Irish operations.

Focus on the future:

- The Czech Republic Business Unit's ambition is to create value for its clients by moving from a primarily channel-driven to a client-driven solution, based on the creation of an integrated model, which brings together clients, third parties and bank-insurance. New types of non-financial, service-oriented products will be integrated to create superior client satisfaction and provide added value for clients. On the one hand, ČSOB will increasingly focus on reducing complexity (in products, IT, organisation, bank/distribution network, head office and branding) to generate cost-efficiency benefits. On the other, the business unit will further enhance and accelerate bank-insurance in a number of ways, including introducing an advanced and flexible pricing model, developing combined bank-insurance products, and strengthening the insurance sales force. ČSOB wishes to maintain growth in the areas where it traditionally has been very strong, such as corporate loans and mortgages. On top of that, ČSOB will mine the currently untapped potential in the attractive SME loans market by focusing on sustainable client relationships. In the consumer finance market, too, ČSOB is aiming to increase its current market share, while observing an acceptable cost of risk.
- In the International Markets Business Unit, K&H (Hungary) and ČSOB Slovakia intend to transform their branch-centric model to a hybrid distribution model. K&H plans to further support the Hungarian economy and grow its market shares in all key segments, with continuous improvements in efficiency and profitability. In Slovakia, business income is expected to increase considerably, especially in retail asset classes (home loans, consumer finance, SMEs and leasing). CIBANK (Bulgaria) is following the same path as K&H and ČSOB, but with slower dynamics due to a less mature market. The bank-insurance partnership between DZI and CIBANK has grown strongly over the past few years and they plan to extend this partnership by further developing products and distribution channels.

On 1 July 2015, ČSOB Leasing and Volksbank Leasing International concluded an agreement for ČSOB Leasing to acquire all the shares of Volksbank Leasing Slovakia and its insurance brokerage subsidiary, Volksbank Sprostredkovateľska. Volksbank Leasing Slovakia is a universal leasing company in the Slovak Republic with a market share of approximately 6% and a balance sheet total of approximately EUR 170 million. The deal has no material impact on KBC Group's earnings and capital.

On 30 December 2016, KBC Group announced that it and the National Bank of Greece (NBG), the Greek parent company of United Bulgarian Bank (UBB), reached agreement for KBC to acquire ownership of:

- UBB (99.9%), the fourth-largest bank in Bulgaria in terms of assets with a 8% market share as at the end of September 2016 (11% market share in retail, 8% market share in corporate); and
- Interlease (100%), the third-largest provider of leasing services in Bulgaria with a 13% market share,

for a total consideration of 610 million euros. KBC will use internal sources/available funds to pay the acquisition price in cash.

Closing of the transaction is subject to regulatory approval from the Bulgarian National Bank (BNB) and the Financial Supervision Commission of the Republic of Bulgaria (FSC), authorisation by the National Bank of

Belgium (NBB) / the European Central Bank (ECB) and anti-trust approval. The parties involved in the transaction expect the deal to close during the second quarter of 2017 at the latest.

KBC has been present in the Bulgarian banking sector since 2007 through its subsidiary CIBANK. The combination of UBB and CIBANK will result in the creation of the third-largest banking group in Bulgaria in terms of assets, with a market share of approximately 11%. KBC has also been present in the Bulgarian insurance sector through its subsidiary DZI Insurance, active in both life and non-life insurance. Together, UBB-CIBANK and DZI will become the largest bank-insurance group in Bulgaria, one of KBC's core markets, boasting strong macroeconomic fundamentals while still featuring a high degree of under penetration of financial services compared to developed, Western European markets.

Activities in the rest of the world

A number of companies belonging to KBC Bank Group are also active in, or have outlets in, countries outside the home markets, among which KBC Bank, which has a network of foreign branches and KBC Bank Ireland. See also the list of main companies (under Section 6: Main companies which are subsidiaries of KBC Bank Group or in which it has significant holdings as of 31 December 2016) or the full year-end list on the website at www.kbc.com. This document shall not be incorporated by reference in, or form part of, this Prospectus, unless otherwise specified in the "Documents Incorporated By Reference" section.

The loan portfolio of KBC Bank Ireland stood at about EUR 13 billion at the end of December 2016, circa 86% of which relates to mortgage loans. At the end of December 2016, some 43% (EUR 5.7 billion) of the total Irish loan portfolio was impaired (of which EUR 2.8 billion more than 90 days past due). For the impaired loans, some EUR 2.5 billion (specific and portfolio-based) impairments have been booked. In addition to the ongoing management of the problem real estate portfolio, the group started work in 2013 on transforming and developing KBC in Ireland into an important retail bank (see below). The Group estimates its share of the Irish retail market in 2017 at 7%. It caters for around 0.2 million clients there. In 2016, the contribution of KBC Bank Ireland to KBC Bank's net result was EUR 184 million compared to EUR 13 million in 2015. A full profit and loss scheme for Ireland is available in KBC Bank's segment reporting².

Focus on the future:

In February 2017, the Board of Directors of KBC Group decided on its strategy in relation to the Irish market:

- KBC Group confirms its long standing commitment of almost 40 years to the Irish market. Ireland will become one of the group's core markets, alongside Belgium, Czech Republic, Bulgaria, Slovakia and Hungary. As a consequence, KBC Bank Ireland will strive to achieve at least 10% market share in retail and micro SME segments and will plan to develop bank-insurance similar to other core markets of KBC Group.
- KBC Group will pursue a fully-fledged sustainable growth strategy based on implementation of a 'Digital First' customer-centric strategy.
- KBC Bank Ireland will accelerate its efforts and investments in expertise and resources to evolve fully into a digital-first customer-centric bank, while continuing to carefully and efficiently manage its legacy portfolio for maximum recovery. The bank will facilitate 'always-on 24/7 accessibility' in terms of distribution and service.

² Segment reporting based on the management structure in the Financial Statements of the annual and semi-annual reports, available on www.kbc.com. These documents are not incorporated by reference in, or form part of, this Prospectus.

- The bank will continue to attract retail and micro SME customers. The banking product offering will include day-to-day banking services, as well as access to credit and savings and investments. Recognising ever changing consumer trends the bank will cater also for the new emerging digital savvy consumer in the future.
- Insurance products (life and non-life) will continue to be offered through partnerships and collaboration. KBC Bank Ireland will continue to cultivate its current relationships with insurance product providers.
- To digitalise and innovate faster, KBC Bank Ireland will intensify its collaboration with KBC Group entities and leverage proven innovations and learnings from other KBC core markets. KBC Bank Ireland also has a unique business model with its integrated distribution model (with online and mobile supported by a contact centre and physical hubs), from which other KBC Group core countries can learn.
- Through its integrated distribution business model, KBC Bank Ireland will be given the support to innovate. For example, distributing its products through non-captive channels, on behalf of and to the benefit of its own growth and that of the entire KBC Group. Moreover, the bank's new core banking system with an open architecture will allow KBC Bank Ireland to tap into opportunities offered by the fintech community and provide services from and to other market players, thus broadening the value proposition to its own customers and playing a frontrunner role for KBC Group.

The foreign branches of KBC Bank are located mainly in Western Europe, Southeast Asia and the U.S. and focus on serving customers that already do business with KBC Bank's Belgian or Central and Eastern European network. In the past years, many of the other (niche) activities of these branches have been built down, stopped or sold, and the pure international credit portfolio has been scaled down.

In KBC Bank Group's financial reporting, KBC Bank Ireland is included in the International Markets Business Unit, the foreign branches of KBC Bank are part of the Belgium Business Unit.

The three business units (Belgium, Czech Republic and International Markets) are supplemented by the Group Centre. The Group Centre includes the operational costs of the holding activities of the group, certain capital and liquidity management-related costs, costs related to the holding of participations and the results of the remaining companies or activities earmarked for divestment or in run-down. It also includes results related to the legacy businesses (CDOs, divestment results; both immaterial since 2015) and the valuation of own credit risk.

In July 2015, KBC Asset Management agreed to sell its 49% stake in Union KBC AM to Union Bank of India. This did not have any material impact on KBC Banks's earnings and capital.

14.9 Competition

All of KBC Bank Group's operations face competition in the sectors they serve.

Depending on the activity, competitor companies include other commercial banks, saving banks, loan institutions, consumer finance companies, investment banks, brokerage firms, insurance companies, specialised finance companies, asset managers, private bankers, investment companies, e-commerce companies etc.

In both Belgium and Central and Eastern Europe, KBC Bank Group has an extensive network of branches and KBC Bank Group believes most of its companies have a strong name brand recognition in their respective markets.

In Belgium, KBC Bank Group is perceived as belonging to the top three (3) financial institutions. For certain products or activities, KBC Bank Group estimates it has a leading position (e.g. in the area of investment

funds). The main competitors in Belgium are BNP Paribas Fortis, Belfius and ING, although for certain products, services or markets, other financial institutions may also be important competitors.

In its Central and Eastern European home markets, KBC Bank Group is one of the important financial groups, occupying significant positions in banking. In this respect, KBC Bank Group competes, in each of these countries, against local financial institutions, as well as subsidiaries of other large foreign financial groups (such as Erste Bank, Unicredit and others).

In the rest of the world, KBC Bank Group's presence mainly consists of a limited number of branches and subsidiaries. In this case, KBC Bank Group faces competition both from local companies and international financial groups.

14.10 Staff

In 2016, KBC Bank Group had, on average and on a consolidated basis, about 28,000 employees (full time or equivalent), the majority of who were located in Belgium (largely in KBC Bank) and Central and Eastern Europe. In addition to consultations at works council meetings and at meetings with union representatives and with other consultative bodies, KBC Bank Group also works closely in other areas with employee associations. There are various collective labour agreements in force.

14.11 Risk management

Mainly active in banking, insurance and asset management, KBC Group is exposed to a number of typical risks such as – but certainly not exclusively – credit risk, market risk, movements in interest rates and exchange rates, currency risk, liquidity risk, insurance underwriting risk, operational risk, exposure to emerging markets, changes in regulations and customer litigation as well as the economy in general.

Risk management in KBC Group is effected group-wide. As a consequence, the risk management for KBC Bank is embedded in KBC Group risk management and cannot be seen separately from it.

A description of risk management is available in the 2015 risk report, available on the website at www.kbc.com³. This document shall not be incorporated by reference in, or form part of, this Prospectus, unless otherwise specified in the “Documents Incorporated By Reference” section.

Risk governance

Below follows a description of credit risk, market risk (trading & non-trading activities), liquidity risk and operational risk. A selection of figures on credit risk, asset and liability management (ALM) and market risk in trading activities are provided further on.

- Credit risk is the potential negative deviation from the expected value of a financial instrument arising from the non-payment or non-performance by a contracting party (for instance, a borrower), due to that party's insolvency, inability or lack of willingness to pay or perform, or to events or measures taken by the political or monetary authorities of a particular country (country risk). Credit risk thus encompasses default risk and country risk, but also includes migration risk which is the risk for adverse changes in credit ratings.
- Market risk in trading activities is defined as the potential negative deviation from the expected value of a financial instrument (or portfolio of such instruments) due to changes in the level or in the volatility of market prices, e.g. interest rates, exchange rates, equity or commodity prices. The interest rate, foreign exchange and equity risks of the non-trading positions in the banking book are all included in ALM exposure.

³ https://www.kbc.com/system/files/doc/investor-relations/Results/JVS_2015/Risk_Report_2015.pdf.

- Market risk in non-trading activities (also known as Asset and Liability Management) is the process of managing the Group's structural exposure to market risks. These risks include interest rate risk, equity risk, real estate risk, foreign exchange risk and inflation risk.
- Liquidity risk is the risk that an organisation will be unable to meet its payment obligations as they come due, without incurring unacceptable losses. The principal objective of KBC Bank Group's liquidity management is to be able to fund such needs and to enable the core business activities of KBC Bank Group to continue to generate revenue, even under adverse circumstances.
- Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems, human error or from sudden external events, whether man-made or natural. Operational risks exclude business, strategic and reputational risks.

KBC Group's risk governance framework defines the responsibilities and tasks required to manage value creation and the associated risks. In recent years, KBC Group's risk management framework underwent significant changes with regard to governance and structure. The goal of these changes was to further improve KBC Group's ability to deal decisively with major economic events in the future by creating an adjusted and comprehensive integrated model that aligns all dimensions of risk, capital and value management.

Credit risk

The main source of credit risk is the loan & investment portfolio of KBC Bank Group. A snapshot of this portfolio is shown in the table below.

Loan & investment portfolio

As far as the banking activities are concerned, the main source of credit risk is the loan and investment portfolio. The loan & investment portfolio is mainly the result of what can be considered as pure, traditional lending activities. It includes all retail lending such as mortgage loans and consumer loans, all corporate lending such as (committed and uncommitted) working capital credit lines, investment credit, guarantee credit and credit derivatives (protection sold) and all non-government debt securities in the investment books of the KBC Group's bank entities. The table below excludes other credit risks, such as trading exposure (issuer risk), counterparty risk associated with inter-professional transactions, international trade finance (documentary credit, etc.) and government bonds.

* Excluding KBC Bank Deutschland (classified as a ‘disposal group’ under IFRS 5 in 2013, sold in 2014). In 2013, KBC Bank Deutschland (see the relevant remark at the start of this section) accounted for 3.3 billion euros’ worth of credit granted, 2.3 billion euros of which was outstanding.

The normal loan portfolio is split into internal rating classes ranging from 1 (lowest risk) to 9 (highest risk) reflecting the probability of default (**PD**). An internal rating ranging from PD 10 to PD 12 is assigned to a defaulted obligor. PD class 12 is assigned when either one of the obligor’s credit facilities is terminated by the bank, or when a court order is passed instructing repossession of the collateral. At this stage the credit facility is classified as dubious and transferred to a separate accounting system. PD class 11 is assigned to obligors that are more than 90 days past due (in arrears or overdrawn), yet are still performing and do not meet PD 12 criteria. PD class 10 is assigned to obligors for which there is reason to believe that they are unlikely to pay (on time), but that do not meet the criteria for classification as PD class 11 or PD class 12. Default status is fully aligned with non-performing status and with impaired status. PD Class 10 to 12 are therefore referred to as “defaulted” and “impaired”. Likewise, “performing” status is fully aligned with “non-defaulted” and “non-impaired” status.

For the purpose of this transaction, we have defined the Defaulted Receivables as receivables that have PD class 12 and are booked as dubious.

Loans to large corporations are reviewed at least once a year, with the internal rating being updated as a minimum. If the ratings are not updated in time, a capital add-on is imposed. Loans to small and medium sized enterprises and to private individuals are reviewed periodically. During this review, any new information that is available (such as arrears, financial data or a significant change in the risk class) will be

taken into account. This monthly exercise can trigger a more in-depth review or may result in action being taken towards the client.

For credit linked to defaulted borrowers in PD classes 10 to 12, the impairment losses are recorded based on an estimate of the net present value of the recoverable amount. This is done on a case-by-case basis and on a statistical basis for smaller credit facilities. In addition, for non-defaulted credit in PD classes 1 to 9, impairment losses are recorded on a portfolio basis, using a formula based on the IRB Advanced models used internally, or an alternative method if a suitable IRB Advanced model is not yet available. The “credit cost ratio” is defined as net changes in specific and portfolio-based impairment for credit risks divided by the average outstanding loan portfolio.

Other credit risks

As mentioned above, the loan portfolio clearly constitutes the main source of credit risk for the KBC Bank Group. However, a number of activities that are excluded from the credit portfolio figures also contain an element of credit risk, such as short-term commercial transactions (this activity involves export or import finance (documentary credit, pre-export and post-import finance, etc.) and only entails exposure to financial institutions. Risks associated with this activity are managed by setting limits per financial institution and per country or group of countries), the counterparty risk of inter-professional transactions (refers to placements and the pre-settlement risk of derivatives), trading book securities – issuer risk (refers to the potential loss on default by the issuer of the trading securities) and the government securities in the investment portfolio of banking entities. Information on these risks can be found in the 2015 annual report of KBC Bank.

Structured credit exposure KBC Group (CDOs and other ABS)

The total net portfolio amount (i.e. excluding de-risked positions) of structured credit products (consisting predominantly of European residential mortgage-backed securities) decreased by EUR 0.1 billion compared to December 2014, standing at EUR 1.6 billion as at 31 December 2015. Redemptions were slightly higher than new investments to the tune of EUR 0.1 billion. In 2013, KBC Group decided to lift the strict moratorium on investments in ABS and to allow treasury investments in liquid, high-quality, non-synthetic European ABS, which are also accepted as eligible collateral by the ECB. This allows for further diversification in the investment portfolios. The moratorium on investments in synthetic securitisations or re-securitizations continues to exist.

Standing at more than EUR 25 billion in 2008, KBC Group has fully scaled down its CDO portfolio with the last action taken in September 2014 by collapsing the last two remaining CDOs originated by KBC Financial Products. These collapses ended the guarantee agreement with the Belgian State for KBC Group and completely eliminates the group's exposure to MBIA. KBC Group is, however, the counterparty to and issuer of a further EUR 0.2 billion worth of CDO notes issued by KBC Financial Products and held by third-party investors that will remain outstanding until November 2017. Negligible movements may yet be recorded in KBC Group's income statement in the coming quarters based on changes in the value of the CDO notes.

Asset and Liability Management (market risks in non-trading activities)

The main technique KBC uses to measure interest rate risks is the 10 basis point value (BPV). The 10 BPV measures the extent to which the value of the portfolio would change if interest rates were to go up by ten basis points across the entire curve (negative figures indicate a decrease in the value of the portfolio). KBC also uses other techniques such as the gap analysis, the duration approach, the scenario analysis and stress testing (both from a regulatory capital perspective and from a net income perspective). More details are available in the 2015 annual report of KBC Bank.

Market risk management

The KBC Bank Group is exposed to market risk via the trading books of our dealing rooms in Belgium, the Czech Republic, the Slovak Republic and Hungary, as well as via a minor presence in the UK and Asia. The traditional dealing rooms, with the dealing room in Belgium accounting for the lion's share of the limits and risks, focus on trading in interest rate instruments, while activity on the FX markets has traditionally been limited. All dealing rooms focus on providing customer service in money and capital market products and on funding the bank activities.

The market risk and regulatory capital in the four legacy business lines of KBC Investments Limited (formerly KBC Financial Products), namely the CDO, fund derivatives, reverse mortgages and insurance derivatives businesses have been reduced in recent years⁴. This is especially the case for the fund derivatives, reverse mortgages and insurance derivatives businesses. Where the market risk regulatory capital charges represent only 1% of the total, the reverse mortgages and insurance derivatives businesses were transferred to KBC Bank NV in December 2015 due to the closing of some subsidiaries). These legacy business lines continue to be monitored and wound down by dedicated teams. Regarding the CDO business – and as mentioned in other parts of this report – KBC Group has now fully scaled down its CDO portfolio. Other than the position pertaining to the remaining EUR 0.2 billion (per 31 December 2015) of CDO notes held by investors which is located in the trading books of KBC Investments Limited. Consequently, the market risk regulatory capital for this position is recorded under the re-securitisation column (EUR 15 million per 31 December 2015) in the ‘Trading regulatory capital requirements’ table.

⁴ With respect to the CDO, there is a decrease of the market risk regulatory capital (from EUR 14,589,226 per 31 December 2015 to EUR 3,322,978 per 30 June 2016). A decrease can be noticed also for the market risk regulatory capital for fund derivatives (from USD 24,973 per 31 December 2015 to USD 24,373 per 30 June 2016) and for reverse mortgages and insurance derivatives (from USD 2,367,496 per 31 December 2015 to USD 2,294,631 per 30 June 2016).

The table below shows the Historical Value-at-Risk (HVaR; 99% confidence interval, ten-day holding period, historical simulation) for the linear and non-linear exposure of all the dealing rooms of KBC Group (KBC Securities was included from April 2013 onwards). To allow a year-on-year comparison, the HVaR for KBC Investments Limited (relating to KBC's discontinued CDO business) is also shown.

As of October 2013, the HVaR for KBC Investment Limited's credit derivatives had fallen to zero due to a series of trades with external counterparties that generated an exact match of the offsetting positions in the scope of KBC Investment Limited's VaR model (perfect Back-to-Back positions). As a result, and due to the above-mentioned inclusion of KBC Securities in the HVaR for KBC Bank, all trading activity for KBC Group measured by HVaR has been included in the "KBC Bank" figure from that point on, and thus this figure represents the HVaR for KBC Group.

More details are available in the 2015 annual report of KBC Bank.

Regulatory capital charges for market risk

National regulators have authorised KBC Bank, KBC Investments, and ČSOB (Czech Republic) to use their respective VaR models to calculate regulatory capital requirements for part of their trading activities. ČSOB (Czech Republic) has also received approval from the local regulator to use its VaR model for capital requirement purposes. These models are also used for the calculation of Stressed VaR (SVaR), which is one of the CRD III Regulatory Capital charges that entered into effect at year-end 2011. The calculation of the SVaR measure is based on the normal VaR calculations and follows the same methodological assumptions, but is constructed as if the relevant market factors were experiencing a period of stress. This period of stress is based on recent history and it is calibrated regularly.

The resulting capital requirements for trading risk are shown in the table below. The regulatory capital requirements for the trading risk of local KBC entities that did not receive approval from their respective regulator to use an internal model for capital calculations, as well as the business lines not included in the HVaR calculations, are measured according to the Standardised approach. This approach sets out general and specific risk weightings per type of market risk (interest risk, equity risk, foreign exchange risk and commodity risk). As mentioned higher, the re-securitisation regulatory capital for 2015 (15 million euros) emanates from the counterposition for the 0.2 billion euros of CDO notes held by investors (the counterposition is located in the trading books of KBC Investments Limited).

14.13 Banking supervision and regulation

Introduction

KBC Bank, a credit institution governed by the laws of Belgium, is subject to detailed and comprehensive regulation in Belgium, and is supervised by the European Central Bank (**ECB**). The ECB exercises its prudential supervisory powers by means of application of EU rules and national (Belgian) legislation. The supervisory powers conferred to the ECB include, amongst others, the granting and withdrawal of authorisations to and from credit institutions, the assessment of acquisitions and disposals of qualifying holdings in credit institutions, ensuring compliance with the rules on equity, liquidity, statutory ratios and the carrying out of supervisory reviews (including stress tests) for credit institutions. Pursuant to Regulation (EU) n°468/2014 of 16 April 2014 establishing a framework for cooperation within the Single Supervisory Mechanism between the ECB and national competent authorities, a joint supervisory team has been established for the prudential supervision of KBC Bank (and KBC Group NV). This team is composed of

staff members from the ECB and from the national supervisory authority (in casu the National Bank of Belgium (**NBB**)) and working under the coordination of an ECB staff member.

The Financial Services and Markets Authority (**FSMA**), an autonomous public agency, is in charge of supervision of conduct of business rules for financial institutions and financial market supervision.

EU directives have had and will continue to have a significant impact on the regulation of the banking business in the EU, as such directives are implemented through legislation adopted in each Member State, including Belgium. The general objective of these EU directives is to promote a unified internal market for banking services and to improve standards of prudential supervision and market efficiency through harmonisation of core regulatory standards and mutual recognition among EU Member States of regulatory supervision and, in particular, licensing.

Supervision and regulation in Belgium

The banking regime in Belgium is governed by the Law of 25 April 2014 on the legal status and supervision of credit institutions (the **Banking Law**). The Banking Law replaces the Law on the legal status and supervision of credit institutions of 22 March 1993 and implements various EU directives, including, without limitation, Directive 2013/36/EU of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (**CRD**) and, where applicable, Regulation (EU) n° 575/2013 of 26 June 2013 on prudential requirements for credit institutions and investment firms (**CRR**, together with CRD, **CRD IV**), and Directive 2014/59 of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (**BRRD**). CRD IV applies in Belgium since 1 January 2014, subject to certain requirements being phased in over a number of years, as set out therein. The provisions of the Banking Law which implement the BRRD have fully entered into force on 16 July 2016.

The Banking Law sets forth the conditions under which credit institutions may operate in Belgium and defines the regulatory and supervisory powers of the ECB and the NBB. The main objective of the Banking Law is to protect public savings and the stability of the Belgian banking system in general.

Supervision of credit institutions

- (1) All Belgian credit institutions must obtain a license from the ECB before they may commence operations. In order to obtain a license and maintain it, each credit institution must fulfil numerous conditions, including certain minimum paid-up capital requirements. In addition, any shareholder holding 10% or more (directly or indirectly, alone, together with affiliated persons or in concert with third parties) of the capital or the voting rights of the institution must be of "*fit and proper*" character to ensure proper and prudent management of the credit institution. The ECB therefore requires the disclosure of the identity and participation of any shareholder with a 10% or greater capital or voting interest. If the ECB considers that the participation of a shareholder in a credit institution jeopardizes its sound and prudent management, it may suspend the voting rights attached to this participation and, if necessary, request that the shareholder transfers to a third party its participation in the credit institution. Prior notification to and non-opposition by the ECB is required each time a person intends to acquire shares in a credit institution, resulting either in the direct or indirect ownership of a qualified holding of the capital or voting rights (i.e. 10% or more), or in an increase of such qualified holding thereby attaining or surpassing 20%, 30% or 50%, or when the credit institution would become his subsidiary. Furthermore, a shareholder who wishes to directly or indirectly sell his participation or a part thereof, which would result in his shareholding dropping below any of the above-mentioned thresholds, must notify the ECB thereof. The Belgian credit institution itself is obliged to notify the ECB of any such transfer when it becomes aware thereof. Moreover, every shareholder acquiring, decreasing or increasing its holding (directly or indirectly, alone, together with affiliated persons or in concert with third parties) to 5% or more of voting rights or capital

without reaching the qualifying holding threshold of 10%, must notify the ECB thereof within ten (10) working days.

- (2) The Banking Law requires credit institutions to provide detailed periodic financial information to the ECB and, under certain circumstances, the FSMA. The ECB also supervises the enforcement of laws and regulations with respect to the accounting principles applicable to credit institutions. The ECB sets the minimum capital adequacy ratios applicable to credit institutions. The ECB may also set other ratios, for example, with respect to the liquidity and gearing of credit institutions. It also sets the standards regarding solvency, liquidity, risk concentration and other limitations applicable to credit institutions and the publication of this information. The NBB may in addition impose capital requirements for capital buffers (including countercyclical buffer rates and any other measures aimed at addressing systemic or macro-prudential risks). In order to exercise its prudential supervision, the ECB may require that all information with respect to the organisation, the functioning, the position and the transactions of a credit institution be provided to it. Further, the ECB supervises, among other things, the management structure, the administrative organization, the accounting and the internal control mechanisms of a credit institution. In addition, the ECB may conduct on-site inspections (with or without the assistance of NBB staff). The comprehensive supervision of credit institutions is also exercised through Statutory Auditors who co-operate with the supervisor in its prudential supervision. A credit institution selects its Statutory Auditor from the list of auditors or audit firms accredited by the ECB. Within the context of the European System of Central Banks, the ECB issues certain recommendations regarding monetary controls.
- (3) The Banking Law has introduced a prohibition in principle on proprietary trading. However, certain proprietary trading activities are excluded from this prohibition. Permitted proprietary trading activities (including certified market-making, hedging, treasury management, and long-term investments) are capped, and these types of activities must comply with strict requirements on reporting, internal governance and risk management.
- (4) The Banking Law establishes a range of instruments to tackle potential crises of credit institutions at three stages:
 - (a) Preparation and prevention

Credit institutions have to draw up recovery plans, setting out the measures they would take to restore their financial position in the event of a significant deterioration. These recovery plans must be updated at least annually or after a change to the legal or organisational structure of the institution, its business or its financial position, which could have a material effect on, or necessitates a change to, the recovery plans. In its review of the recovery plan, the ECB pays particular attention to the appropriateness of the capital and financing structure of the institution in relation to the degree of complexity of its organisational structure and its risk profile.

The Single Resolution Board (**SRB**) will have to prepare a resolution plan for each significant Belgian credit institution, laying out the actions it may take if it were to meet the conditions for resolution (as set out in (c) below). The Resolution College of the NBB has the same powers with regard to the non-significant Belgian credit institutions. If the SRB/Resolution College identifies material impediments to resolvability during the course of this planning process, it can require a credit institution to take appropriate measures, including changes to corporate and legal structures.

(b) Early intervention

The ECB and the NBB dispose of a set of powers to intervene if a credit institution faces financial distress (e.g. when a credit institution is not operating in accordance with the provisions of the Banking Law or CRD IV), but before its financial situation deteriorates irreparably. These powers include the ability to dismiss the management and appoint a special commissioner, to convene a meeting of shareholders to adopt urgent reforms, to suspend or prohibit all or part of the credit institution's activities (including a partial or complete suspension of the execution of current contracts), to order the disposal of all or part of the credit institution's shareholdings, and finally, to revoke the license of the credit institution.

(c) Resolution

In relation to credit institutions falling within the scope of the Single Supervisory Mechanism, such as KBC Bank (and KBC Group NV), the SRB is the resolution decision-making authority since 1 January 2016. Pursuant to Regulation (EU) No 806/2014 of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund, the SRB replaced national resolution authorities (such as the Resolution College of the NBB) for resolution decisions with regard to significant credit institutions.

The resolution authority can decide to take resolution measures when the three following circumstances are cumulatively present: (i) the determination has been made by the resolution authority that a credit institution is failing or is likely to fail; (ii) there is no reasonable prospect that other private sector measures or supervisory intervention can be taken to prevent the failure of the institution, and (iii) resolving the credit institution is better from a public interest perspective than winding up the institution.

The resolution tools are: (i) the sale of (a part of) the assets/liabilities or the shares of the credit institution without the consent of shareholders, (ii) the transfer of business to a temporary structure ("*bridge bank*"), (iii) the separation of clean and toxic assets and the transfer of toxic assets to an asset management vehicle and (iv) bail-in. Each decision will be subject to prior judicial control.

The fourth resolution tool, i.e. the bail-in tool, entered into force on 1 January 2016. It was implemented into Belgian law by the Royal Decree of 18 December 2015 amending the Banking Law. Bail-in is a mechanism to write down the liabilities (subordinated debt, senior debt and eligible deposits) or to convert debt into equity, as a means of restoring the institution's capital position. The bail-in tool applies to existing debt instruments as well.

The resolution authority is also empowered (and in certain circumstances required) to write down or convert capital instruments (such as Common Equity Tier 1-, Additional Tier 1- and Tier 2-instruments), before or together with the use of any resolution tools, if it determines that a credit institution becomes non-viable, that the conditions for the exercise of the resolution tools are fulfilled and/or that a credit institution has asked for public support.

The applicability of the resolution tools and measures to credit institutions that are part of a cross-border group are regulated by the Royal Decree of 26 December 2015 implementing the Banking Law, which entered into force on 1 January 2016.

Bank governance

The Banking Law also puts a lot of emphasis on the solid and efficient organisation of credit institutions and introduces to that effect *inter alia* a dual governance structure at management level, specialised advisory committees within the Board of Directors (Audit Committee, Risk Committee, Remuneration Committee and Nomination Committee), independent control functions, and strict remuneration policies (including limits on the amount of variable remuneration, the form and timing for vesting and payment of variable remuneration, as well as claw-back mechanics).

The Banking Law makes a fundamental distinction between the management of banking activities, which is within the competence of the Executive Committee, and the supervision of management and the definition of the credit institution's general and risk policy, which is entrusted to the Board of Directors. According to the Banking Law, KBC Bank has an Executive Committee of which each member is also a member of the Board of Directors.

Pursuant to the Banking Law, the members of the Executive Committee and the Board of Directors need to permanently have the required professional reliability and appropriate experience. The same goes for the responsible persons of the independent control functions. The fit and proper standards have been further elaborated by the NBB in a circular of 17 June 2013.

The NBB Governance Manual for the Banking Sector (the **Governance Manual**) contains recommendations to assure the suitability of shareholders, management and independent control functions and the appropriate organisation of the business.

As required by the Banking Law and the Governance Manual, KBC has drafted a Group Internal Governance Memorandum (the **Governance Memorandum**), which sets out the corporate governance policy applying to KBC Group and its subsidiaries and of which the governance memorandum of KBC Bank forms part. The corporate governance policy of a credit institution must meet the principles set out in the law and the Governance Manual. The most recent version of the Governance Memorandum was approved on 17 December 2015 by the Board of Directors of KBC Group NV, KBC Bank NV and KBC Insurance NV and has been sent to the NBB.

KBC Bank also has a Corporate Governance Charter which has been published on the website www.kbc.com. This document shall not be incorporated by reference in, or form part of, this Prospectus, unless otherwise specified in the "Documents Incorporated By Reference" section.

Solvency supervision

Capital requirements and capital adequacy ratios are provided for in the CRR, transposing the Basel III regulation into European law. CRR requires that credit institutions must comply with several minimum solvency ratios. These ratios are defined as Common Equity Tier 1, Tier 1 or Total capital divided by risk weighted assets. The absolute minimum is a Common Equity Tier 1 ratio of 4.5%. Risk weighted assets are the sum of all assets and off-balance sheet items weighted according to the degree of credit risk inherent in them. The solvency ratios also takes into account market risk with respect to the bank's trading book (including interest rate and foreign currency exposure) and operational risk in the calculation of the weighted risk. On top of the capital requirements defined by the solvency ratios, the regulation imposes a capital conservation buffer and in certain cases a systemic risk buffer and/or a countercyclical buffer.

Solvency is also limited by the leverage ratio, which compares Tier 1 capital to non-risk weighted assets.

In the context of its supervisory authority, the ECB has imposed the following capital requirement for KBC Group: an own funds requirement of an overall CRD IV fully loaded Common Equity Tier 1 capital ratio (based on the Danish compromise method as approved by NBB on 21 January 2014) of at least 10.5%. Besides, the following liquidity coverage requirement applies: 70% as from 1 January 2016, 80% as from 1 January 2017 and 100% as from 1 January 2018 (according to Delegated Regulation 2015/61 of 10 October 2014 supplementing the CRR with regard to liquidity coverage requirement for Credit

Institutions). The liquidity coverage requirement is equal to the ratio of a credit institution's liquidity buffer to its net liquidity outflows over a 30 calendar day stress period. In addition, under Article 205 of the Belgian Banking Law (which implements Article 119 of CRD IV in relation to mixed financial holding companies), KBC Group is required to maintain at all times an own funds requirement of an overall fully loaded Common Equity Tier 1 capital ratio (building block method) of at least 10.5%.

The payment of dividends by Belgian credit institutions is not limited by Belgian banking regulations, except indirectly through capital adequacy and solvency requirements when capital ratios fall below certain thresholds. The pay-out is further limited by the general provisions of Belgian company law.

Large exposure supervision

European regulations ensure the solvency of credit institutions by imposing limits on the concentration of risk in order to limit the impact of failure on the part of a large debtor. For this purpose, credit institutions must limit the amount of risk exposure to any single counterparty to 25% of the total capital. European regulations also require that the credit institutions establish procedures to contain concentrations on economic activity sectors and geographic areas.

Money laundering

Belgium has implemented Directive 2005/60/EC of the European Parliament and of the Council of 26 October 2005 on the prevention of the use of the financial system for the purpose of money laundering and terrorist financing by amending the Law of 11 January 1993 (as amended from time to time). This legislation contains a preventive system imposing a number of obligations in relation to money laundering and the financing of terrorism. These obligations are related, among other things, to the identification of the client, special attention for unusual transactions, internal reporting, processing and compliance mechanisms with the appointment of a compliance officer and employee training requirements. When, after investigation, a credit or financial institution suspects money laundering to be the purpose of a transaction, it must promptly notify an independent administrative authority, the Financial Intelligence Unit. This Unit is designated to receive reports on suspicious transactions, to investigate them and, if necessary, to report to the criminal prosecutors to initiate proceedings. The NBB has issued guidelines for credit and financial institutions and supervises their compliance with the legislation. Belgian criminal law specifically addresses criminal offences of money-laundering (Article 505, paragraphs 1 to 4 of the Criminal Code) and sanctions them with a jail term of a minimum of 15 days and a maximum of 5 years and/or a penalty of a minimum of EUR 26 and a maximum of EUR 100,000 (to be multiplied by 6) or, for legal entities, a fine of a minimum of EUR 500 and a maximum of EUR 200,000 (to be increased with the additional penalty or, in other words, to multiplied by 6).

Consolidated supervision – supplementary supervision

KBC Bank is subject to consolidated supervision by the ECB on the basis of the consolidated financial situation of KBC Group NV, which covers, among other things, solvency as described above, pursuant to Articles 165 and following of the Banking Law. As a subsidiary of a mixed financial holding company (KBC Group NV) and part of a financial conglomerate, KBC Bank is also subject to the supplementary supervision of the ECB, according to Directive 2011/89/EU of 16 November 2011 amending Directives 98/78/EC, 2002/87/EC, 2006/48/EC and 2009/138/EC as regards the supplementary supervision of financial entities in a financial conglomerate (implemented in Articles 185 and following of the Banking Law). The supplementary supervision relates to, among other things, solvency, risk concentration and intra-group transactions and to enhanced reporting obligations.

The consolidated supervision and the supplementary supervision will be aligned as much as possible, as described in Article 170 of the Banking Law.

KBC Asset Management

As from June 2005, the status of KBC Asset Management has been changed from "*investment firm*" to a "*management company of undertakings for collective investment in transferable securities (UCITS)*" (**UCITS-management company**). Its activities are, *inter alia*, the management of UCITS and the management of portfolios of investments in accordance with mandates given by investors on a discretionary, client-by-client basis. KBC Asset Management is subject to detailed, comprehensive regulation in Belgium, supervised by the FSMA.

The UCITS-management company regime in Belgium is governed by the "Law on certain forms of collective management of investment portfolios" of 3 August 2012, as amended from time to time (**Law of 3 August 2012**). The Law of 3 August 2012 implements European Directive 2001/107/EC of 21 January 2002 relating to UCITS, as amended from time to time. The Law of 3 August 2012 regulates management companies and sets forth the conditions under which UCITS-management companies may operate in Belgium; furthermore, it defines the regulatory and supervisory powers of the FSMA.

The regulatory framework concerning supervision on UCITS-management companies is mostly similar to the regulation applicable to investment firms. The Law of 3 August 2012 contains, *inter alia*, the following principles:

- certain minimum paid-up capital requirements and rules relating to changes affecting capital structure;
- obligation for management companies to carry out their activities in the interests of their clients or of the UCITS they manage (e.g. creation of Chinese walls);
- obligation to provide, on a periodical basis, a detailed financial statement to the FSMA;
- supervision by the FSMA; and
- subjection to the control of Statutory Auditors.

14.14 Material contracts

KBC Bank has not entered into any material contracts outside the ordinary course of its business which could result in any member of KBC Bank Group being under an obligation or entitlement that is material to KBC Bank's ability to meet its obligations to its creditors.

14.16 Trend information

Global growth and inflation dynamics have gained momentum recently. Especially the revival of the manufacturing sector after its slump in 2015-2016 is remarkable. The strong support of new (export) orders points to solid internal and external demand. Moreover, it suggests that the improvements in the hard data are

here to stay, at least in the short-term. On top of that, also sentiment indicators for the services sector confirm the favourable growth environment.

In the euro area, real Gross Domestic Product (GDP) growth in the euro area for the fourth quarter of 2016 remained constant at 0.4% compared to the previous quarter (quarter-on-quarter). Solid private and government consumption (both +0.4% qoq) were major contributors to the growth figure. Also investments reported strong results (+0.6% qoq), recovering from the sharp dip in the third quarter of 2016. The data that are already known for this year suggest that growth will be somewhat higher than in 2016.

Meanwhile, optimism in the US economy continues. Sentiment indicators are reaching multi-year highs with the manufacturing sector showing considerable strength. Also sentiment in the services industry, still the most important for the US economy, showed resilience. The high readings of the business activity and new orders components point to persistent momentum. However, hard data didn't fully reflect this optimism surge. Real GDP growth in the fourth quarter reached a solid but rather modest 0.5% qoq. Furthermore, data on personal spending came in on the soft side. However, given the continued rise in personal income, the healthy savings rate and the high level of consumer confidence, we expect private consumption to remain the main growth contributor throughout the coming quarters.

As expected, global headline inflation is accelerating sharply, supported by the base effects of energy and commodity prices. This trend is, however, transitory. Once base effects fade out, we expect headline inflation to converge towards more subdued levels around core inflation. For the US, this is going in the direction of the central bank's 2% target. For the euro area on the contrary, core inflation stays stubbornly soft around 1% for now. This is only half the ECB's medium term inflation target. We don't expect it to reach the ECB's target within the horizon of 2017-2018.

Our view on the ECB monetary policy is that its Quantitative Easing will be continued as scheduled at a monthly pace of €60 billion until December 2017. In the second half of 2017 at the latest, the ECB will announce its policy intentions after the end of its Asset Purchase Programme. Real tapering will start at the beginning of 2018 and the Asset Purchase Programme of the ECB will be completely phased out around mid-2018. The first raise of the deposit rate will only come several months after the Asset Purchase Programme is ended. According to our view, a first rate hike by the ECB is unlikely before 2019.

Given the solid performance of the US economy, we expect three Fed rate hikes in 2017 and three more in 2018. In this context, the USD environment remains supportive. The monetary policy divergence between the Federal Reserve and the ECB will cause some further USD appreciation against the EUR in the coming months. In our view, the USD appreciation will however not continue in 2018. Although the difference in monetary policy will still exist, the anticipation on the ECB tapering and several months later the first ECB rate hike, will prevent the USD from strengthening further against the EUR. The USD will probably remain broadly flat against the EUR during 2018.

We expect US long-term sovereign interest rates to increase further at a gradual pace in the coming months. As the correlation with US yields is still high, also the German 10 year government bond yield will rise. Intra-European Monetary Union spreads have come down again recently. Hence, the uncertainty surrounding the elections in the euro area seems to be translating into more volatility rather than a sustained gradual rise of the spreads. We expect this volatility to persist until the election uncertainties fade.

14.21 Litigation

This section concerns material litigation to which KBC Bank or any of its companies (or certain individuals in their capacity as current or former employees or officers of KBC Bank or any of its companies) are party. It describes all claims, quantified or not, that could lead to the impairment of the company's reputation or to a sanction by an external regulator or governmental authority, or that could present a risk of criminal prosecution for the company, the members of the board or the management.

Although the outcome of these matters is uncertain and some of the claims concern relatively substantial amounts in damages, the management does not believe that the liabilities arising from these claims will adversely affect KBC Bank's consolidated financial position or results, given the provisions that, where necessary, have been set aside for these disputes.

Judicial inquiries and criminal proceedings

- (i) From late 1995 until early 1997, Kredietbank NV, the predecessor of KBC Bank and KB Consult NV ("**KB Consult**") were involved in the sale of "cash companies" to various purchasers. A "cash company" is characterised by the fact that a substantial majority of the assets consist of accounts receivable, fixed financial assets, cash and other highly liquid assets. KB Consult acted as an intermediary between the seller and the purchaser of the cash companies. The involvement of KBC Bank differed from sale to sale, but generally related to the handling of payments and the granting of loans. The transfer of a cash company is in principle a legal transaction. However, in March 1997, KB and KBC Bank Consult discovered that certain purchasers of these cash companies failed to reinvest such companies' cash in qualifying assets and to file tax returns for the cash companies they purchased in order to thereby defer the taxes owed by such companies. KB and KBC Bank and KBC Consult immediately took the necessary measures to preclude any further involvement with these parties. The activities of KB Consult were subsequently wound up.

KBC Bank and KB Consult were summoned or involved separately or jointly to court in 28 legal actions. This resulted in 28 lawsuits of which 25 are still pending before the courts. In three lawsuits the claims of the Belgian State were dismissed and the judgments are definite. Most of these claims are linked to the criminal case before the Court of First Instance in Bruges. As a consequence, these civil claims are stayed awaiting a decision in the criminal proceedings. A provision of EUR 27,2 million (status as at 31 December 2016) has been constituted to cover the potential impact of any liability with respect to these actions.

KB Consult was placed under suspicion by an investigating magistrate in December 2004. In addition to KB Consult KBC Bank and KBC Group were also summoned before the Chambers

section of the Court of First Instance in Bruges on 25 February 2009. The charges against the aforesaid KBC entities only relate to the use of false documents. On 9 November 2011 a judgment ordered KBC Bank and KB Consult to be prosecuted together with 21 other parties indicted of various crimes with regard to tax fraud. The claim against KBC Group was dismissed. An appeal was lodged against this dismissal by the Prosecutor and two civil parties. On 27 October 2015 the court confirmed the dismissal. The proceedings before the court of first instance in Bruges are scheduled for a hearing on 12 April 2017 on the admissibility of the prosecution and on the limitation period.

- (ii) In 2003, an important case of fraud perpetrated by an employee, Atilla Kulcsár, involving about EUR 140.6 million, came to light at K&H Equities in Hungary. Orders and portfolio statements of clients were forged. Many clients suffered substantial losses in their portfolio as a result of unauthorised speculation and the misappropriation of funds. On 28 August 2008 a Budapest court sentenced Atilla Kulcsár to eight years imprisonment and a fine of 230 million forints. The court acquitted Tibor E. Rejtő, former CEO of K&H Bank, who had also been charged with embezzlement as an accomplice. Other persons involved were sentenced to severe punishments.

The Public Prosecutor and all the persons who had been found guilty filed an appeal before the Court of Appeal. On May 27, 2010, the Court of Appeal annulled the first instance court verdict and ordered a complete retrial. In the new trial before the first instance court a verdict was rendered on 29 December 2015: beside several other accused persons Atilla Kulcsár was found guilty and sentenced to six and a half years in prison, Tibor E. Rejtő was again acquitted. The prosecutor appealed. In January 2017 the second instance court prosecutor's office withdrew the appeal against 6 accused including Mr. Tibor E. Rejtő. Consequently the first instance acquittal of these persons became final and binding. The second instance criminal court has been appointed (the Appeal Court of Debrecen) and the first hearing is scheduled to start in March 2017.

All claims have been settled, either amicably or following an arbitral decision.

Other litigation

- (iii) In March 2000, the Belgian State, Finance Department, summoned Rebeo (currently Almafin Real Estate Services) and Trustimmo, two former subsidiaries of former Almafin, currently KBC Real Estate, a Belgian subsidiary of KBC Bank, before the civil court in Brussels, together with four former directors of Broeckdal Vastgoedmaatschappij (a real estate company), for not paying approximately EUR 16.7 million in taxes due by Broeckdal Vastgoedmaatschappij. In November 1995, this company had been converted into a cash company and sold to Mubavi België (currently BeZetVe), a subsidiary of Mubavi Nederland (a Dutch real estate investment group). According to the Belgian State, Finance Department, Mubavi België did not make real investments and failed to file proper tax returns. A criminal investigation is pending. However Broeckdal Vastgoedmaatschappij contested the tax claims and in December 2002 commenced a lawsuit before the civil court in Antwerp against the Belgian State, Finance Department.

The civil lawsuit pending in Brussels has been suspended pending a final judgment in the tax lawsuit in Antwerp. An adjusted provision of EUR 31.2 million (at 31 December 2016) has been reserved to cover the potential impact of liability with respect to these actions.

In July 2003, Broeckdal Vastgoedmaatschappij, Mubavi België and Mubavi Nederland summoned KBC Bank, KB Consult, Rebeo and Trustimmo before the commercial court in Brussels in order to indemnify them against all damages the former would suffer if the tax claims were approved by the court in Antwerp. In March 2005, Mubavi Nederland was declared bankrupt by the court of 's-Hertogenbosch in the Netherlands.

In November 2005, KBC Bank, KB Consult, Rebeo and Trustimmo and the four former directors of Broeckdal Vastgoedmaatschappij summoned the auditor of Broeckdal Vastgoedmaatschappij, Deloitte & Touche, before the civil court in Brussels in order to indemnify them for any amount they should be ordered to pay as a result of the aforementioned claims. In November 2008 Mubavi België (currently BeZetVe) was also declared bankrupt by the commercial court in Antwerp.

On November 2, 2010 Broeckdal Vastgoedmaatschappij was declared dissolved by the commercial court in Antwerp and the liquidation of the company was closed by judgment of 13 September 2011 by the same court.

- (iv) KBC Bank and subsidiaries such as K&H Bank and CSOB SK received numerous complaints about CDO notes issued by KBC Financial Products that were sold to private banking and corporate clients and which have now been downgraded. Such clients have been asking for their notes to be bought back at their original value.

KBC Bank decided to examine all CDO related files with respect to private banking and retail clients on a case-by-case basis and to settle the disputes as much as possible out of court.

In Belgium settlements were reached with clients in KBC Bank Private Banking and Retail Banking.

As a result of complaints, some Corporate Banking files were also examined. Subsequently negotiations started in the files where a decision to propose a settlement was taken and in a limited number of files settlements were reached. Only a few lawsuits are on-going. In nine cases the courts rendered judgments in favour of KBC. Two cases are currently pending in degree of appeal.

In Hungary a marketing brochure was used which could be misinterpreted as a guarantee on a secondary market and contained a possibly misleading comparison with state bonds. In more than 94% of the files, a settlement has been reached. A limited number of clients started a lawsuit. Most of the lawsuits were terminated by a settlement out of court; a few number of remaining court cases were lost and settled; all court proceedings are finished.

On 10 December 2009, the Hungarian Competition Authority (HCA) passed a resolution whereby K&H was ordered to pay a fine of HUF 40,000,000 (approximately per EUR 150,000) based on the violation of the Hungarian Act on the prohibition of unfair and restrictive market practices in relation to K&H's trade in CDO bonds. The appeal filed by K&H against the HCA resolution was rejected by the Budapest Metropolitan Court. K&H Bank submitted a revision claim before the Supreme Court which approved in May 2012 the second level decision.

In CSOB SK a similar approach as in Belgium was followed and in all cases of CDO investments with Private Banking and Retail clients, settlements were reached. No lawsuit in respect of CDO investments is pending.

- (v) Lazare Kaplan International Inc. is a U.S. based diamond company (LKI). Lazare Kaplan Belgium NV is LKI's Belgian affiliate (LKB). LKI and LKB together are hereinafter referred to as LK. Since 2008, LKB has been involved in a serious dispute with its former business partners, DD Manufacturing NV and KT Collection BVBA (Daleyot), Antwerp based diamond companies belonging to Mr. Erez Daleyot. This dispute relates to a joint venture LK and Daleyot set up in Dubai (called Gulfdiam).

LKB and Daleyot became entangled in a complex litigation in Belgium, each claiming that the other party is their debtor. Daleyot initiated proceedings before the Commercial Court of Antwerp claiming the non-payment of commercial invoices for an amount of (initially) approximately USD 9 million. LKB launched a counter claim claiming the non-payment of commercial invoices for (initially) an amount of approximately USD 38 million.

The dispute has escalated to the degree that LK is directly involving Antwerpse Diamantbank NV (“ADB”) and KBC Bank by launching legal claims against ADB in Belgium (Antwerp) and against both ADB and KBC in the USA (New York) alleging that LK was swindled out of some USD 140 million by DD Manufacturing and other Daleyot entities in cooperation with ADB. This development was triggered by the fact that, at the end of 2009, ADB terminated LK’s credit facilities and started proceedings before the Commercial Court in Antwerp.

Essentially, all legal proceedings initiated by LK against ADB and/or KBC Bank in Belgium and the USA only relate to the dispute between ADB and LKI with regard to the termination of the credit facility and the recovery of all the monies LKI owes under the terminated credit facility.

The merger between KBC Bank and ADB by absorption of the latter that took place on 1 July 2015 entails that KBC, whether in its own name or in its capacity as legal successor to ADB, remains the only counterparty in all proceedings against Lazare Kaplan. However, for the sake of clarity further reference is made to ADB on the one hand and KBC on the other hand since all proceedings were initiated before the merger.

Legal Proceedings

A. Belgian Proceedings (overview per court entity)

Commercial Court of Antwerp

Proceedings initiated by ADB against LKI in order to recover the monies owed to it under the terminated credit facility (approximately USD 45 million in capital).

LKB voluntarily intervened and claimed an amount of USD 350 million from ADB. LKI launched a counterclaim of USD 500 million (including the USD 350 million of LKB) against ADB.

LK appealed against the latest decision of the Commercial Court by which a briefing round was scheduled. On July 15, 2016 LKI issued a summons against Ernst&Young to intervene in the proceedings before the Court of Appeals and to indemnify LKI in case LKI would be convicted to satisfy KBC’s claims. A hearing before the Court of Appeals was held on September 26, 2016. On October 24, 2016, the Court of Appeals declared the appeal of LKI and LKB inadmissible given the fact that the decision of the Commercial Court regarding the briefing round was not appealable in the first place. Furthermore, the Court granted KBC’s counterclaim for damages based on the reckless and vexatious character of the appeal and ordered LKI and LKB jointly to pay an amount of 5,000 euro in damages to KBC. Consequently, the case will be brought again for the Commercial Court of Antwerp. KBC has taken procedural measures to reactivate the case, i.e. to set a procedural calendar for the filing of briefs and a new hearing date.

Commercial Court of Antwerp

LK filed four separate winding-up petitions against certain Daleyot entities. LK also involved both ADB and ABN Amro in this proceeding in order to declare the court decision to be taken opposable vis-à-vis ADB en ABN. On 23 June 2015, the Court decided that the proceedings against DDM Holding, K.T.Collection & Kertalor Holding became meaningless given the commencement of the voluntary liquidation proceedings of the Daleyot related entities. By decision of 15 September 2015 the Commercial Court of Antwerp declared K.T.Collection bankrupt.

On 26 May 2015, the proceedings against DD Manufacturing were postponed sine die. On 5 November 2015, DD Manufacturing is declared bankrupt. DD Manufacturing appealed against this decision. On 18 February 2016, the Court of Appeal dismissed the appeal.

Commercial Court of Antwerp

LK launched proceedings against ADB and certain Daleyot entities. This claim is aiming at having certain transactions of the Daleyot entities declared null and void or at least not opposable against LK.

LK also filed a damage claim against ADB for a provisional amount of USD 60 million based on the alleged third party complicity of ADB. This case is still pending.

Commercial Court of Antwerp

Lazare Kaplan filed a proceeding against ADB and KBC claiming an amount of approx. 77 million USD, based on the alleged misbehavior of the banks regarding the granting and maintaining of the credit facilities to the Daleyot entities. In its last court brief Lazare Kaplan claims an additional amount of approx. 5 million USD. A court hearing was set for 11 October 2016. However, on LKI's request the court granted an additional briefing round. A hearing took place on 31 January 2017. Parties are waiting for a judgement.

Commercial Court of Antwerp

LKB initiated proceedings against KBC claiming that the bank acted as de facto director of the bankrupted Daleyot entities. LKB filed a damage claim against KBC for a provisional amount of USD 90 million. Moreover, LKB contests KBC's claim and preferential position in the bankruptcy proceedings of DD Manufacturing and KT Collections (Daleyot entities). The liquidators of both bankrupted companies also received these writ of summons in order to declare the decisions to be taken by the commercial court opposable vis-à-vis the liquidators. An introductory hearing was held on 29 September 2016. Parties agreed on a briefing schedule. The Court will set a hearing for pleadings.

President of the Commercial Court of Antwerp

LKB launched proceedings against ADB, DD Manufacturing, KT Collection and Erez Daleyot before the President of the Commercial Court of Antwerp. LKB applies to the court for a.o. a sequestration of paintings, pledged by Erez Daleyot in favor of ADB concerning the DD Manufacturing and KT collection credit files. LKB also requests the court to impose penalty payments of an amount of 50.000 EUR. By decision dated 7 July 2015, the Commercial Court referred the case to the Court of First Instance of Antwerp since the Commercial Court lacks jurisdiction over Lazare Kaplan's claim.

Court of First Instance of Antwerp

Proceedings launched by LK against KBC, ADB and Erez Daleyot, his wife and certain Daleyot entities. This claim is aiming at having the security interests granted in favor of either KBC or ADB declared null and void or at least not opposable against LK. LK also filed a claim against ADB for a provisional amount of USD 120 million and against ADB en KBC together for a provisional amount of USD 60 million based on the alleged third party complicity of ADB. The Court postponed the case several times. A hearing is set for 23 March 2017.

B. US Proceedings

District Court Southern District of New York

Claim of USD 500 million initiated by LKI against both ADB and KBC, based on the so-called RICO-act; this claim is in fact a non-cumulative duplicate of the one brought before the Commercial

Court in Belgium. After the District Court granted ADB's and KBC's motions to dismiss, the Court of appeals referred the case back to the District Court because the first decision of the District Court was not legally well-founded. Later on, the District Court ruled that reciprocal discovery is appropriate. LKI also requested the Court to impose on ADB an obligation to produce certain non-privileged documents. A court hearing took place on 5 May 2015. During this hearing LKI repeated its deposition request addressed to several ADB officers and lawyers. By decision of 31 July 2015, the Court allowed some depositions in advance of a hearing on the forum selection clauses. All depositions took place. By letter dated 22 February 2016, LKI requested the District Court a pre-motion conference to discuss a motion for sanctions against KBC. LKI claimed that the sworn declarations made by some of KBC's employees to the District Court were false and misleading. Moreover, LKI alleged that KBC concealed documents from the Court.

LKI sought a Court order sanctioning KBC by 1) holding that the Court has jurisdiction over the RICO-claim; 2) directing parties to proceed immediately with the merits discovery and 3) awarding Lazare it reasonable costs, attorneys' fees and expenses. KBC strongly disputed these new allegations. On 4 March 2016 followed the Court's order denying Lazare Kaplan's requests for a pre-motion conference and to file a motion for sanctions against KBC. The Court directed the parties to file a joint status report by April 1, 2016. On 1 April 2016 and as instructed by the Court, parties filed a joint status report regarding the status of any depositions or open discovery, and any other issues to be resolved prior to the scheduling of the New Moon hearing (i.e. an evidentiary hearing on the question whether the Court has territorial jurisdiction over LKI's claim). On 26 September 2016 parties held a status conference before the Court and the Court set the New Moon hearing set for 14 February 2017. The Court set aside three days.

On 6 October 2011, Irving H. Picard, trustee for the substantively consolidated SIPA (Securities Investor Protection Corporation Act) liquidation of Bernard L. Madoff Investments Securities LLC and Bernard L. Madoff, sued KBC Investments Ltd before the bankruptcy court in New York to recover approximately USD 110 million worth of transfers made to KBC entities. The basis for this claim were the subsequent transfers that KBC had received from Harley International, a Madoff feeder fund established under the laws of the Cayman Islands. This claim is one of a whole set made by the trustee against several banks, hedge funds, feeder funds and investors. In addition to the issues addressed by the district court, briefings were held on the applicability of the Bankruptcy Code's 'safe harbor' and 'good defenses' rules to subsequent transferees (as is the case for KBC). KBC, together with numerous other defendants, filed motions for dismissal. District court Judge Jed Rakoff has made several intermediate rulings in this matter, the most important of which are the rulings on extraterritoriality and good faith defences. On 27 April 2014, Judge Rakoff issued an opinion and order regarding the 'good faith' standard and pleading burden to be applied in the Picard/SIPA proceeding based on sections 548(b) and 559(b) of the Bankruptcy Code. As such, the burden of proof that lies on Picard/SIPA is that KBC should have been aware of the fraud perpetrated by Madoff. On 7 July 2014, Judge Rakoff ruled that Picard/SIPA's reliance on section 550(a) does not allow for the recovery of subsequent transfers received abroad by a foreign transferee from a foreign transferor (as is the case for KBC Investments Ltd.). Therefore, the trustee's recovery claims have been dismissed to the extent that they seek to recover purely foreign transfers. In June 2015, the trustee filed a petition against KBC to overturn the ruling that the claim fails on extraterritoriality grounds. In this petition, the trustee also amended the original claim including the sum sought. The amount has now been increased to USD 196 million.

On November 22, 2016, Judge Bernstein issued a Memorandum Decision Regarding Claims to Recover Foreign Subsequent Transfers, including the transfers that the Trustee seeks to recover from KBC (the "Decision"). In the Decision, Judge Bernstein concluded that the Trustee's claims based on foreign transfers should be dismissed out of concern for international comity. A dismissal order is expected in the first quarter of 2017. The trustee can appeal from that judgment to the United States Court of Appeals for the Second Circuit.

15. SME LOAN UNDERWRITING AND SERVICING

15.1 Underwriting

(a) Distribution

All credit requests pass through the KBC front offices network which is responsible for the registration of qualitative and complete credit requests in the credit application systems for commercial credits.

Managing a credit relationship with the client within KBC is based on the following principles:

- Proactive capturing of the client credit needs
- Collecting all relevant client information
- Determining the clients earnings potential

Within BU Belgium contact with professional, SME and corporate clients is initiated by Customer Support Retail and Businesses (retail banking in Flemish and Brussels region), Corporate Banking (which has a defined global footprint) or by CBC (retail and corporate banking in Walloon region). KBC does not originate banking products such as loans through third party or independent intermediaries. In addition to its “bricks and stones” network KBC has a wide range of online and mobile access platforms, reflecting its strategy to be a fully capable multi-channel banking and insurance services provider.

- Retail Banking consists of 605 retail and 21 private banking branches, which are grouped in 6 regions. Client approach is done through segments (private customers, SME’s), client groups (youth, starters, ...) and specific domains (Agriculture, Social Profit, ...).
- Corporate Banking consists of 12 business centres grouped in 4 regions located in Belgium and 6 foreign branches (US / UK / FR / NL / GER / Asia Pacific). Customer profile is primarily based on financial and geographical differentiators:
 - Belgian enterprise groups annual (group) turnover +15 mio EUR
 - Belgian enterprise groups with international footprint and/or specialised needs
 - International groups active in Belgium

(b) Loan origination process

Step 1: Risk analysis

Each credit request starts with translating the clients’ needs in terms of product, term, repayment schedule, pricing and costs, collateral and guarantees, conditions and covenants. KBC primary lending criterion is the clients’ debt repayment capacity. Several types of collateral can be requested to cope with potential negative

economic evolutions, however the presence of sufficient collateral should never substitute the primary criterion of sufficient operating cash flow.

A comprehensive risk profile of the client is assembled for each credit request, reflecting amongst others the probability of default and the expected loss given default. KBC applies a uniform rating scale for all its SME and Corporate exposure ranging from PD1 to PD9 for performing exposures.

	PD		Rating	Average PD
0.00%	To (*)	0.10%	1	0.07%
0.10%	To (*)	0.20%	2	0.14%
0.20%	To (*)	0.40%	3	0.28%
0.40%	To (*)	0.80%	4	0.57%
0.80%	To (*)	1.60%	5	1.13%
1.60%	To (*)	3.20%	6	2.26%
3.20%	To (*)	6.40%	7	4.53%
6.40%	To (*)	12.8%	8	9.05%
12.8%	To (*)	100.00%	9	18.10%

Three different PD-models are used to calculate the probability of default of a professional client: the Retail SME, Corporate SME or Large Corporate model. Which model is used for a certain borrower is based on certain financial differentiators. Calculation of risk parameters such as probability of default, exposure at default and loss given default is strongly automated and model based. The possibility to overrule model input or output by front office users is very limited and subject to strict monitoring procedures, based on clearly defined principles and thresholds.

A borrower analysis is done with different degrees of granularity depending on the nature of the request. The analysis focuses on KBC commercial strategy towards the borrower, the borrowers business profile, shareholder structure, analysis of qualitative and quantitative performance drivers.

Underwriting processes are generally more automated within Retail Banking. There is a strong emphasis on client risk assessment engines which capture both internal (e.g. overruns and arrears) and external (e.g. social security arrears) risk signals. Outcome can be that granting credit to the client is excluded.

KBC applies the principle of risk based pricing for all credit requests, either through the use of return on allocated capital (Raroc) minima for Corporate borrowers or through risk differentiated tariff tables for Retail SME's.

All collateral should be evaluated during credit origination as part of the credit decision, with access to all available collateral information and according to the applicable valuation policies. Collateral valuation rules are specific and conservative.

Step 2: Credit acceptance process

KBC has an extensive and up-to-date framework of credit policies and guidelines, which reflects its risk appetite, governance procedures and CSR guidelines. This framework can lead to either restricted or excluded lending towards certain borrower types or activities. For each lending request the intended goal of

the credit has to be assessed and has to be in line with the economic and social goal of the borrower and with the overall ethical, tax and legal framework.

An independent advice is made when necessary, either by a local advisor or a Group advisor. The adviser focuses on all risk aspects relating to the request and on its compliance with KBC's credit policy and overall policy guidelines.

The credit approval process can be fully automated, individual or by committee decision. Automated decisions are based on a statistical score card and are limited to specific credit types with a maximum requested amount of EUR 100,000 and a maximum tenor of 5 years. Individual decisions are limited to a maximum requested amount of EUR 400,000. Embedded within the front office credit application are system enforced dual controls on whether an individual decision is allowed (for example what is appropriate delegation authority, is there sufficient repayment capacity and are there negative client risk signals). Credit committees always exist of at least two people – reflecting the 4-eyes principle – and can be composed of front office and/or head office representatives depending on the applicable decision level. Core delegation amounts for individual and committee decisions must be multiplied or halved depending on the outcome of a PD/LGD matrix.

Step 3: Credit contract

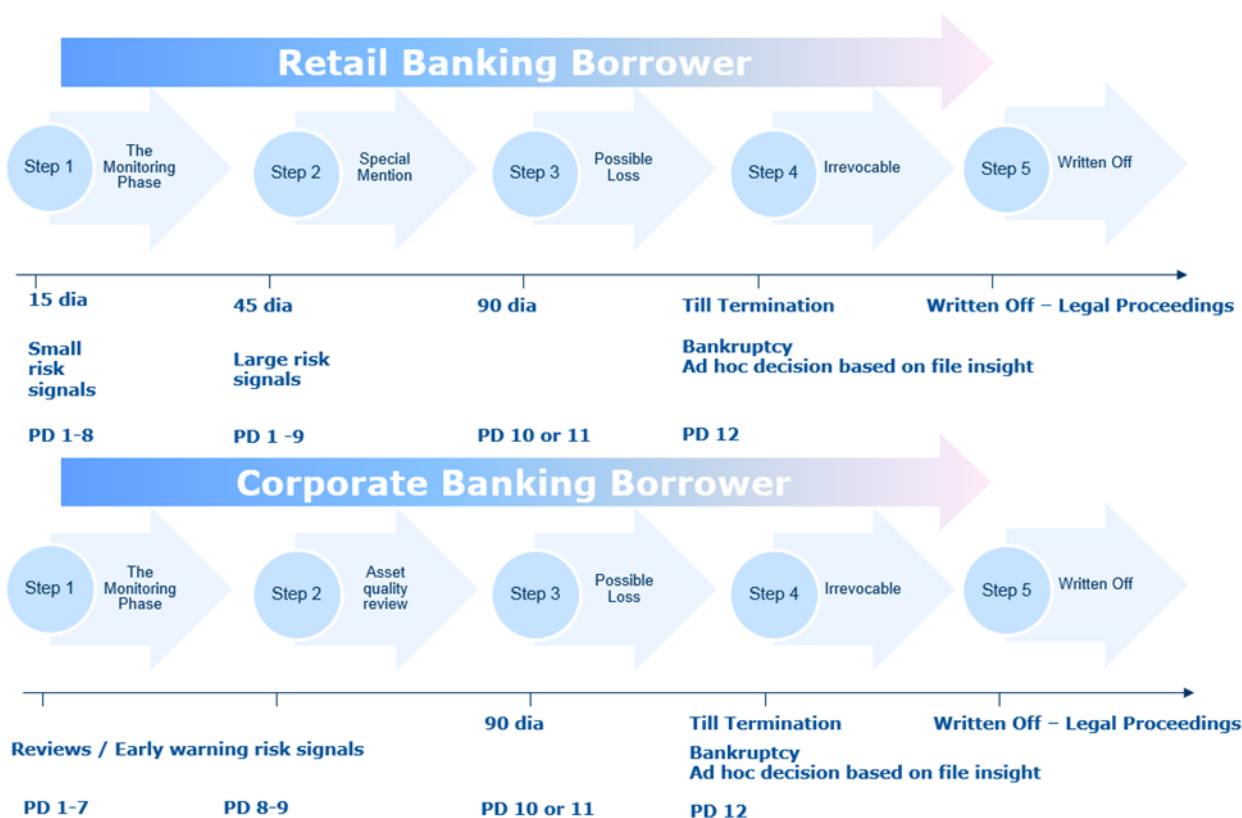

Drafting of credit documentation can be fully automated or may require manual drafting at Head Office, depending on the complexity of the loan and/or the collateral type.

Step 4: Loan disbursement

Loan disbursement is not allowed before several prescribed checks are done and before collateral agreements become active (collateral agreements are signed, registered in the register office, insurance policies are concluded, etc.). Drawdowns can only occur on KBC current accounts.

15.2 Collection, monitoring and bad debt management

(a) Monitoring: phases

(b) Bad debt management

Default definitions

KBC applies PD classes 10 to 12 for its defaulted exposures. A client facility is considered to be in default:

- PD10 corresponds with “unlikely to pay”. This status refers to situations in which:
 - The bank perceives a significant deterioration in creditworthiness
 - The credit obligation is put on a non-accrued status
 - An account specific impairment or charge-off is made for the client/facility
 - The credit is sold at a material loss
 - The consent of forbearance measures (under certain conditions)
 - The bank has filed for the clients bankruptcy or the client has sought/has been placed in bankruptcy
- PD11 corresponds with “>90 days in arrears”
- PD12 corresponds with “irrecoverable”, which can only occur when the facility is terminated by the bank or when repossession of the security has been sentenced by an irreversible court order.

(i) Debt monitoring: review procedures and arrears management

Credit review in Retail Banking is done according to a risk based procedure. The majority of the retail clients are automatically rerated in monthly PD batches. Review procedure in retail is based on ranked risk signals, commitments, past review dates and LGD Irrecoverable. These in turn can trigger three types of control procedures: attention task, risk evaluation by the Cluster or risk evaluation by Head Office.

Within Corporate Banking a periodical approach is used where the review of each borrower must be carried out at regular intervals (at least once a year) or earlier based on specific circumstances or warning signals. This assessment must always include a PD rating- assessment on the basis of the most recent financials. Files with borrowers in PD8 or PD9 are reviewed according to the Asset Quality Review procedure (AQR) on a biannual basis.

All borrowers have a bank account with KBC. Payments are generally made by automatic debit from these accounts. Loan management and risk monitoring start after the release of the funds and can include follow up by the local branches and/or head office.

Within the Monitoring phase the borrower is contacted personally in view of making arrangements to clear the arrears or to set off the arrears against credit balances on his accounts, to negotiate additional or convert existing guarantees. At the same time a dunning procedure is started up with a friendly reminder sent at 15 days past due up to a notice of non-payment after 35 days arrears. The operational management and decision authority remain in the local branches.

Only portfolio based impairment provisions are made for the performing portfolio.

(ii) Debt monitoring: intensive care

The involvement of the Intensive Care department is obligatory as soon as a borrower becomes PD10 or PD11 and enters the Possible Loss phase (step 3). KBC intensive care departments aim to normalize the credit situation and re-enter a performing status when possible. However an exit strategy will be decided if need be, based on a thorough analysis of the economic situation of the client and the overall credit/collateral situation with KBC and other financial institutions. Depending on the client, the outstanding amount and complexity, the distressed file will either be managed on a portfolio or a customized basis. Co-involvement of the branches is often required to ensure maximum continuity in the management of the distressed file.

For files managed by the Corporate Banking network all provisions are calculated on an individual basis. Provisions for impaired Retail Banking files are automatically calculated for exposures below EUR 1,250,000 and are individually calculated for exposures in excess of this threshold. Provisions are permanently evaluated and updated.

(iii) Debt monitoring: debt recovery

As soon as a borrower is assigned with a PD12 rating, the distressed file is handled by the debt recovery departments unconditionally. There is no longer any involvement of the branch or the relationship manager, the file is now the sole discretion of the Debt Recovery department. The aim is now to have a maximum recovery at the lowest possible cost. File managers have an own portfolio of individual files that they manage until the file can be closed.

17. SME RECEIVABLES PURCHASE AGREEMENT

Under the SME Receivables Purchase Agreement the Issuer, acting through its Compartment SME Loan Invest 2017, will purchase any and all rights of the Seller against certain borrowers (the “**Borrowers**”) under or in connection with certain selected SME Loans (the “**SME Receivables**”). On the Closing Date the Issuer will accept the transfer by way of assignment of legal title to the SME Receivables. The assignment of the SME Receivables from the Seller to the Issuer will not be notified to the Borrowers, except in special events as further described hereunder (“**Notification Events**”). The Issuer will be entitled to all proceeds in respect of the SME Receivables as of the Cut-Off Date.

Pursuant to the SME Receivables Purchase Agreement, KBC Bank NV as Seller has covenanted that it will retain a material net economic interest of not less than 5 per cent. in the Transaction in accordance with Article 405, paragraph (1) sub-paragraph (d) of the CRR and Article 51, paragraph (1) sub-paragraph (d) and Article 52 of the AIFM Regulation. As at the Closing Date, such interest will be comprised of an interest in the first loss tranche as required by Article 405, paragraph (1) sub-paragraph (d) of the CRR and Articles 51, paragraph (1) sub-paragraph (d) and 52 of the AIFM Regulation. Any change to the manner in which such interest is held will be notified to investors through the Investor Reports.

17.1 Sale – Purchase Price

The purchase price for the SME Receivables shall consist of

- (a) an initial purchase price (the “**Initial Purchase Price**”), being the aggregate Outstanding Principal Amount of all SME Receivables at the Cut-off Date (which will be an amount of approximately EUR 5,600,000,000, which shall be payable on the Closing Date; and
- (b) a deferred purchase price, which shall, with respect to each financial year, be equal to the net profit of the Issuer over that financial year (after taxes and calculated without taking into account the Deferred Purchase Price), less an amount required for the Issuer to have a final distributable profit as set forth in the SME Receivables Purchase Agreement (the “**Deferred Purchase Price**”).

The “**Outstanding Principal Amount**” means, at any moment in time, the principal balance (*hoofdsom / montant principal*) of a SME Receivable resulting from a SME Loan at such time.

In respect of the Deferred Purchase Price, the following amounts shall be payable:

- (a) on each Monthly Payment Date the Issuer shall pay to the Seller a deferred purchase price instalment (each a “**Deferred Purchase Price Instalment**”) equal to the Deferred Purchase Price Available Amount, less, with respect to each Deferred Purchase Price Instalment to be paid on a Monthly Payment Date, the amounts, if any, paid on that Monthly Payment Date in accordance with paragraph (b) and (c) below;
- (b) on the Monthly Payment Date falling in July of each financial year, the Issuer shall, with respect to the immediately preceding financial year (the “**Preceding Financial Year**”) pay to the Seller an amount equal to the positive difference, if any, between:
 - (i) the Deferred Purchase Price for the Preceding Financial Year; and
 - (ii) the aggregate amount of all Deferred Purchase Price Instalments paid on the Monthly Payment Dates in the Preceding Financial Year and on the Monthly Payment Date falling in January of the current financial year;

up to a maximum amount equal to the Deferred Purchase Price Available Amount for that Monthly Payment Date; and

- (c) if the aggregate of the payments pursuant to paragraphs (a) and (b) above made in respect of a financial year is less than the amount of the Deferred Purchase Price for that financial year, then such difference will be deferred to the next Monthly Payment Date on which the Issuer will have sufficient Notes Interest Available Amount available to pay such difference;
- (d) if the aggregate of the payments under paragraph (a) above made in respect of a financial year exceeds the amount of the Deferred Purchase Price for that financial year, the Seller will on the Monthly Payment Date falling in July of the immediately following financial year, pay such excess to the Issuer together with interest thereon at the rate of the one (1) month EURIBOR applicable to the immediately preceding Interest Period. If such excess is due with respect to the last financial year during which Notes are outstanding, the Seller will pay such amount into the Issuer Collection Account on the last Monthly Payment Date of such financial year.

“Deferred Purchase Price Available Amount” means, on any Monthly Payment Date, an amount equal to:

- (i) prior to delivery of an Enforcement Notice, the positive difference, if any, between the Notes Interest Available Amount as calculated on each Monthly Calculation Date and the sum of all amounts payable by the Issuer as set forth in the Interest Priority of Payments under (i) up to and including (xiv); or, as the case may be,
- (ii) following delivery of an Enforcement Notice, the amount remaining after all the payments as set forth in the Priority of Payments upon Enforcement under (i) up to and including (xi) (see Credit Structure above) on such date have been made.

The sale of the SME Receivables shall include, and the Issuer shall be fully entitled to, all ancillary items (*bijhorigheden / accessoires*) of such SME Receivables and in particular, but not limited to:

- (a) the Outstanding Principal Amount of the SME Receivables on the Cut-off Date;
- (b) all amounts of principal in respect of the SME Receivables due but unpaid on the Cut off Date;
- (c) all rights and title of the Seller in and under the SME Loans including for the avoidance of doubt, but not limited to:
 - (i) the right to demand, sue for, recover, receive and give receipts for all principal moneys payable or to become payable under the SME Receivables or the unpaid part thereof and the interest and Prepayment Penalties to become due thereon;
 - (ii) the benefit of and the right to sue on all covenants with the Seller in each SME Receivable and the right to exercise all powers of the Seller in relation to each SME Receivable;
 - (iii) the right to demand, sue for, recover, receive and give receipts for all prepayment indemnities (*wederbeleggingsvergoeding / indemnité de emploi*) or fees to the extent they relate to the SME Receivables; and
 - (iv) the right to exercise all express and implied rights and discretions of the Seller in, under or to the SME Receivables and each and every part thereof (including, if any,

the right, subject to and in accordance with the terms respectively set out therein, to set and to vary the amount, dates and number of payments of interest and principal applicable to the SME Receivables);

- (d) all rights and title of the Seller to the Related Security insofar as it relates to the SME Receivables;
- (e) the benefit of any Mandate granted as security for the SME Receivables to have a (additional) Mortgage, Floating Charge or Farmers' Lien created in accordance with the provisions of the SME Receivables Purchase Agreement;
- (f) all rights, title, interest and benefit of the Seller in any Hazard Insurance Policy or Debt Insurance Policy in so far as it relates to the SME Receivables including but without limitation the right to receive the proceeds of any claim thereunder;
- (g) all documents, computer data and records on or by which each of the above is recorded or evidenced, to the extent that they relate to the above, such as, but not limited to, the Contract Records;
- (h) all causes and rights of action against any notary public in connection with the execution of the SME Loans, the researches, opinions, certificates or confirmations in relation to any SME Loan or Related Security or otherwise affecting the decision of the Seller to offer to make or to accept any SME Loan;
- (i) all causes and rights of action against any valuer/appraiser in connection with the investigation and appraisal of any property, any researches, opinions certificates or confirmations in relation to any SME Receivable or Related Security or otherwise affecting the decision of the Seller to offer to make or to accept any SME Receivable or Related Security relating thereto;
- (j) all causes and rights of action against any Mortgage Registrar, such as, without limitation, all rights of action mentioned in the articles 128, 130 and 132 of the Mortgage Act, with respect to any transcription (*overschrijving* / *transcription*), inscription (*inschrijving* / *inscription*) or marginal inscription (*kantmelding* / *inscription en marge*) of any right relating to the Mortgaged Assets; and
- (k) all causes and rights of action against any broker, lawyer or other person in connection with any report, valuation, opinion, certificate or other statement of fact or opinion given in connection with any of the above, or affecting the decision of the Seller to offer to make or to accept any of the above,

it being understood that any Related Security with an all sums nature will continue to secure any other amounts owed by the relevant Borrower to the Seller in accordance with the terms and conditions set out in section 17.2 (*All Sums Security Interests*) and 17.3 (*Mandates*) below.

17.2 All Sums Security Interests

- (a) Some SME Receivables may be secured by:
 - (i) an All Sums Mortgage in accordance with Article 81*bis* of the Mortgage Act;
 - (ii) an All Sums Floating Charge in accordance with the law of 25 October 1919 on business pledges ("**Business Pledge Act**"); or

- (iii) an All Sums Farmers' Lien in accordance with the law of 15 April 1884 on farmers' loans (*landbouwlening / prêts agricoles*).
- (b) The Seller may hold Existing Loans and will be entitled to make Further Loans to a Borrower, which are or will be secured by the same Mortgage, Floating Charge or Farmers' Lien, as the case may be, as the SME Receivables transferred to the Issuer.
- (c) If there are Existing Loans which are secured by the same Mortgage, the Seller and the Issuer would by law rank equally with respect to the proceeds of the enforcement of such Mortgage (see further *Risk Factors – SME Loans – Shared Security*), unless otherwise agreed between the Seller and the Issuer.
- (d) If there are Further Loans granted which are secured by the same Mortgage, the proceeds of such Mortgage shall be distributed pursuant to the rules set out in Articles 81*quater*, §2 and 81*quinquies* of the Mortgage Act and the SME Receivables Purchase Agreement, *i.e.*, the Issuer, acting through its Compartment SME Loan Invest 2017, shall fully rank in priority to the Seller.
- (e) In relation to SME Receivables which are secured by an All Sums Floating Charge or All Sums Farmers' Lien, contractually agreed distributions of proceeds derived from all sums securities are *ex officio* enforceable against third parties other than the Borrower according to article 5 of the Mobilisation Act, unless the latter has been notified thereof.
- (f) The SME Receivables Purchase Agreement provides, among other things, that:
 - (i) in respect of any Shared Security securing both a SME Receivable and Seller Loans, all sums owed by any Borrower to the Seller under a Seller Loan and all the rights and remedies of the Seller in respect of a Seller Loan will at all times be subject and subordinated to any sums owed by the Borrower to the Issuer in relation to all sums received out of the enforcement of the Shared Security;
 - (ii) as long as any part of the sums owed to the Issuer under a SME Receivable is or might become outstanding and until all these sums are irrevocably paid in full, all sums received out of the enforcement of the Shared Security will be distributed to the Issuer in priority of the Seller by payment into the Issuer Collection Account, unless the Issuer and the Security Agent otherwise agree; and
 - (iii) the Seller undertakes that, as long as any part of the sums owed to the Issuer under a SME Receivable is or might become outstanding and until all these sums are irrevocably paid in full, it will not be entitled to receive for its own account any of the proceeds of enforcement of the Shared Security.
- (g) In addition, the SME Receivables Purchase Agreement will contain certain arrangements regarding the acceleration of a SME Receivable or a Seller Loan and the enforcement of Shared Security securing both a SME Receivable and Sellers Loans.

17.3 Mandates

- (a) The SME Receivables may have the benefit of a Mandate that permits:
 - (i) the creation of a Mortgage on the Mortgaged Assets either as an All Sums Mortgage or as a Mortgage that secures all advances made under a credit opening (*kredietopening/ouverture de credit*);

- (ii) the creation of a Floating Charge either as an All Sums Floating Charge or as a Floating Charge that secures all advances made under a credit opening (*kredietopening/ouverture de credit*); or
- (iii) the creation of a Farmers' Lien either as an All Sums Farmers' Lien or as a Farmers' Lien that secures all advances made under a credit opening (*kredietopening/ouverture de credit*).

Accordingly, the Seller and the Issuer may have a shared interest in all or some of the Mandates.

- (b) With respect to the exercise of Mandates, the SME Receivables Purchase Agreement provides that:
 - (i) if the SME Receivable to which a Mandate relates is secured by a Mortgage, Floating Charge or Farmers' Lien for an aggregate secured amount of at least 100 per cent. of the Outstanding Principal Amount of the SME Receivable plus 10 per cent. of such amount in accessories (*toebehoren / accessoires*) plus three years of interest, such Mandate may be exercised in order to create a Mortgage, Floating Charge or Farmers' Lien in favour of the Seller only; and
 - (ii) if the SME Receivable to which a Mandate relates is secured by a Mortgage, Floating Charge or Farmers' Lien for an aggregate secured amount that is lower than 100 per cent. of the Outstanding Principal Amount of the SME Receivable plus 10 per cent. of such amount in accessories (*toebehoren / accessoires*) plus three years of interest, such Mandate may only be exercised in order to create a Mortgage, Floating Charge or Farmers' Lien in accordance with the following principles:
 - (A) it will be created for the benefit and in the name of the Seller and the Issuer;
 - (B) it will secure all existing and future debts and obligations which the Borrower owes or may owe to the Seller or to the Issuer;
 - (C) so that all other secured debts will be contractually subordinated to the SME Receivable owing to the Issuer.
- (c) The SME Receivables Purchase Agreement contains a covenant of the Seller to register at its own cost the Floating Charges and the Farmers' Liens in the new National Register for Pledges within a period of 12 months after the entry into force of the Law on Movable Security Rights.

In addition, if, upon conversion of a Mortgage Mandate or Floating Charge Mandate, as the case may be, with respect to a SME Receivable in accordance with the Credit Policies, such Mortgage Mandate or Floating Charge Mandate, as the case may be, was not exercised in accordance with the terms and conditions of the SME Receivables Purchase Agreement, the Issuer will have the right (exercisable upon its own initiative or at the direction of the Security Agent) to require the Seller to repurchase such SME Receivable.

The Issuer has undertaken in the SME Receivables Purchase Agreement to sell and assign the SME Receivables to the Seller or any third party appointed by the Seller in its sole discretion in case of the exercise of the Clean-Up Call Option, to the extent it holds the SME Receivables upon exercise by the Seller of the Clean-Up Call Option.

All SME Receivables to be so repurchased by the Seller shall be repurchased for a price equal to the Optional Repurchase Price.

(c) Regulatory Call Option

On each Monthly Payment Date the Seller has the Regulatory Call Option to repurchase the SME Receivables upon the occurrence of a Regulatory Change provided that the Issuer has sufficient funds to pay all amounts due in respect of the Notes upon the exercise of such option by the Seller. The Issuer has undertaken in the SME Receivables Purchase Agreement to sell and assign the SME Receivables to the Seller or any third party appointed by the Seller in its sole discretion in case of the exercise of the Regulatory Call Option, to the extent it holds the SME Receivables at the time of exercise by the Seller of the Regulatory Call Option.

All SME Receivables to be so repurchased by the Seller shall be repurchased for a price equal to the Optional Repurchase Price.

- (b) the repayment type of the SME Receivable shall not be changed;
- (c) the variation would not cause the SME Loan or SME Receivable to no longer comply with all the Eligibility Criteria;
- (d) if the variation relates to the variation of the interest rates applicable to a SME Receivable, the interest rate after such variation is market conform and not lower than the prevailing interest rate at the moment of such variation, it being understood that the fixed or floating nature of the interest rate will not be altered after such variation;
- (e) the Outstanding Principal Amount of the SME Receivable shall not be reduced otherwise than as a result of an effective payment of principal;
- (f) if the variation results from a discharge (*ontlasting / décharge*) in connection with a divorce (*echtscheiding / divorce*) or from a discharge of a personal guarantor (*persoonlijke borg / garantie personelle*):
 - (i) such variation shall be considered by the Servicer acting as a reasonably prudent lender (*bonus pater familias*);

provided that the SME Receivables in respect of which the variations under paragraph (d) and (g) above apply may not exceed, at any point in time, an amount equal to 5 per cent. of the aggregate Outstanding Principal Amount of all SME Receivables at the Closing Date.

A proposed variation that does not meet the conditions set out above, is a “**Non-Permitted Variation**”.

For the avoidance of doubt:

- (a) the waiver by the Servicer of any Prepayment Penalty in connection with the voluntary prepayment of any SME Receivable, is a Non-Permitted Variation; and
- (b) the power of the Servicer to agree to a Permitted Variation is subject to a request to that effect being made by the relevant Borrower.

The Servicer shall keep a note of any variation, amendment or waiver with respect to a SME Receivable.

The Issuer or the Security Agent shall be entitled to terminate the powers of the Servicer to make Permitted Variations with three (3) months prior notice, provided another procedure or powers are put into place to deal with variations without any additional cost or expense for the Servicer. Such new procedure and powers will have no adverse impact on the then current ratings assigned to the Notes.

(e) Non-Permitted Variations

If the proposed variation is a Non-Permitted Variation and provided that the Non-Permitted Variation has been requested by the Borrower of the relevant SME Receivable:

- (a) the Seller, or the Servicer on its behalf, must promptly inform the Issuer, the Administrator and the Security Agent, and
- (b) if and to the extent that the Seller requests that such Non-Permitted Variation is accepted, it being understood that the Seller may not request the approval of a Non-Permitted Variation in respect of any Defaulted Receivable, the Seller shall repurchase and accept re-assignment of the relevant SME Receivable at a price equal to the Repurchase Price.

(each such event being a “**Risk Mitigation Deposit Trigger Event**”), then the Seller shall as soon as reasonably possible following the occurrence of such Risk Mitigation Deposit Trigger Event, credit to a bank account (the “**Deposit Account**”) to be held in the name of the Issuer with a third party account bank having the Required Minimum Ratings, the Risk Mitigation Deposit Amount.

The “**Risk Mitigation Deposit Amount**” shall be an amount as determined by the Administrator as follows:

- (i) Upon the first occurrence of a Risk Mitigation Deposit Trigger Event, the Risk Mitigation Deposit Amount shall be equal to the higher of (x) zero and (y) the aggregate amount of the first scheduled interest and principal payment becoming due and payable on each SME Loan on or immediately following the occurrence of the Risk Mitigation Deposit Trigger Event.
- (ii) On the first calendar day of each month following the month in which the Risk Mitigation Deposit Trigger Event occurred (the “**Adjustment Date**”) and provided no Notification Event has occurred, the Risk Mitigation Deposit Amount shall be adjusted and be equal to the higher of (x) zero and (y) the sum of:
 - (A) the aggregate amount of the first scheduled interest and principal payment becoming due and payable on each Loan on or immediately following such Adjustment Date; and
 - (B) an amount obtained by multiplying the aggregate Outstanding Principal Amount of all SME Receivables as at such Adjustment Date by the Average Prepayment Rate (applied on a period of one month).

To the extent the balance on the Deposit Account exceeds the Risk Mitigation Deposit Amount calculated on the Adjustment Date, the Administrator will immediately (and in any event no later than five (5) Business Days following the Adjustment Date) release the amount in excess to the Seller. To the extent the balance on the Deposit Account is less than the Risk Mitigation Deposit Amount calculated on the Adjustment Date, the Administrator will notify the Seller thereof and the Seller will immediately (and in any event no later than

five (5) Business Days following the notification of the adjusted Risk Mitigation Deposit Amount by the Administrator) credit such shortfall to the Deposit Account.

- (iii) As from the time a Notification Event has occurred, the Risk Mitigation Deposit Amount will become fixed and may no longer be adjusted in accordance with paragraph (ii) above and will, as a result, become fixed. Furthermore, as from the time a Notification Event has occurred, the Risk Mitigation Deposit Amount may no longer be released (other than to the Issuer for the purpose of indemnifying the Issuer for Commingling Risk (as set out below) unless the Notes have been fully and finally repaid.

The Risk Mitigation Deposit Amount as determined by the Administrator for each first calendar day of the month following the occurrence of a Risk Mitigation Deposit Trigger Event (and as long as the Risk Mitigation Deposit Trigger Event continues) will be reported by the Administrator in the Investor Report. The funds credited to the Deposit Account will not be included as Notes Redemption Available Amount and/or Notes Interest Available Amount and will not form part of the Priority of Payments, unless if used to mitigate Commingling Risk in which case the Issuer will be required to add such funds to the Notes Interest Available Amount and/or Notes Redemption Available Amount, as the case may be. The Risk Mitigation Deposit Amount will not serve as general credit enhancement to the Issuer and can only be used by the Issuer to mitigate Commingling Risk. The Issuer will transfer the interest received on the Deposit Account to the Seller.

The funds credited to the Deposit Account may only be applied by the Issuer for the purpose of indemnifying the Issuer against any losses resulting from the fact that following an insolvency of the Seller the recourse the Issuer would have against the Seller for amounts paid into the accounts held with the Seller at such time would be an unsecured claim against the insolvent estate of the Seller for moneys due at such time (“**Commingling Risk**”)(See also Section 1.17 – Commingling Risk).

In such event, the Issuer (or the Administrator on behalf of the Issuer) will transfer the relevant amounts from the Deposit Account to the Transaction Account.

Unless applied in order to indemnify Commingling Risk, the funds credited to the Deposit Account shall remain credited to the Deposit Account until (the earlier of):

- (a) the Seller no longer being subject to any Risk Mitigation Deposit Trigger Event; or
- (b) a full and final repayment of the Notes on the Final Maturity Date (or such other date upon which the Notes are to be redeemed in full).

If any of the above conditions under (a) or (b) is fulfilled, the Administrator will immediately release the funds credited to the Deposit Account to the Seller (including, for the avoidance of doubt, any amounts as might be credited to this Deposit Account at a later date).

19.5 Compartments

The Articles of Association authorise the Issuer's board of directors to create several compartments within the meaning of Article 271/11, § 4 of the UCITS Act. The notarial deed confirming such decision of the board of directors amends the Articles of Association. The UCITS Act does not further specify the procedure that must be followed in this respect.

Pursuant to the Articles of Association, the Issuer's board of directors may create new compartments either by (i) issuing new shares, or (ii) reallocating the existing shares.

Upon incorporation of the Issuer, all shares of the Issuer were allocated to Category I, representing Compartment Home Loan Invest 2007. The creation of Compartments means that the Issuer is internally split into subdivisions and that each such subdivision, a Compartment, legally constitutes a separate group of assets to which corresponding liabilities are allocated.

The liabilities allocated to a Compartment are exclusively backed by the assets of such Compartment.

The Issuer Management Agreements do not provide for additional benefits upon termination.

19.7 Shareholders’ Meeting

The shareholders’ meeting has the power to take decisions on matters for which it is competent pursuant to the Company Code. In addition, the Articles of Association provide that if as a result of a conflict of interest of one or more directors with respect to a decision to be taken by the board of directors of the Issuer, such decision cannot be validly taken due to the applicable legal provisions with respect to conflicts of interests in public companies, the matter will be submitted to the shareholders’ meeting and the shareholders’ meeting will have the power to take a decision on such matter.

The annual shareholders’ meeting will be held each year on the second Tuesday of the month of June at 11.00 AM (Central European Time) at the registered office of the Issuer. The shareholders’ meetings are held at the Issuer’s registered office. A general meeting may be convened at any time and must be convened whenever this is requested by shareholders representing one-fifth of the share capital or, as the case may be, representing one fifth of the capital attributed to a particular Compartment.

The board of directors can make use of this authorisation and decide to create a Compartment by reallocating existing shares in different categories, in compliance with the equality between shareholders, or by issuing new shares. The rights of the holders of shares and of creditors with respect to a Compartment or that arise by virtue of the creation, the operation, or the liquidation of a Compartment are limited to the assets of such compartment.

Upon creation of a Compartment via (re)allocation of existing shares or via the issue of new shares, the board of directors shall ensure that the shares of that compartment, except with the prior written consent of all shareholders of the category concerned, are assigned to the shareholders in the same proportion as in the other compartments.

19.9 Share Transfer Restrictions

Given the specific purpose of the Issuer and Article 3, 7° of the UCITS Act, the shares in the Issuer can only be held by qualifying investors within the meaning of Article 5, §3/1 of the UCITS Act. Each transfer in violation of the share transfer restrictions contained in Article 10 of the articles of association of the Issuer is null and is not enforceable against the Issuer. In addition:

- (1) if shares are transferred to a transferee who does not qualify as a qualifying investor within the meaning of Article 5, §3/1 of the UCITS Act, the Issuer will not register such transfer in its share register; and
- (2) as long as shares are held by a shareholder who does not qualify as a qualifying investor within the meaning of Article 5, §3/1 of the UCITS Act, the payment of any dividend in relation to the shares held by such shareholder will be suspended.

Share transfers are further subject to authorisation by the board of directors. If a proposed transfer of shares is not authorised by the board of directors, the board of directors will have to propose one or more alternative transferees for the shares.

The shares may not be pledged or be the subject matter of another right *in rem* other than the property interest, unless approved by the board of directors.

19.10 Corporate Governance

The Issuer complies with the relevant corporate governance requirements of the Company Code.

In accordance with Article 526*bis* of the Company Code, companies whose securities are admitted to trading on a regulated market must establish an audit committee. Article 526*bis*, § 7 of the Company Code contains an exemption from this obligation for any company the sole business of which is to act as issuer of asset-backed securities as defined in Article 2(5) of Commission Regulation (EC) No

809/2004. In that case, the relevant company must explain to the public the reasons for which it considers it not appropriate to have an audit committee or an administrative or supervisory body entrusted to carry out the functions of an audit committee.

The Issuer's sole business consists of the issuance of asset-backed securities as defined in Article 2(5) of the Commission Regulation (EC) No 809/2004 and the Issuer does not consider it appropriate to establish an audit committee. The Issuer refers in this respect to the recitals of the European Directive in relation to statutory audits of annual accounts, where it is stated that where a collective investment undertaking functions merely for the purpose of pooling assets, the establishment of an audit committee is not always appropriate. This is because the financial reporting and related risks are not comparable to those of other public-interest entities.

In addition, the Issuer operates in a strictly defined regulatory environment and is subject to specific governance mechanisms. In this regard, the Issuer refers to its corporate purpose, limiting its activities to the issue of negotiable financial instruments for the purpose of acquiring receivables. Furthermore, the Issuer points out that, with respect to the main tasks to be carried out by an audit committee, such as the monitoring of the financial reporting process and of the statutory audit of the annual and consolidated accounts, it will enter into an Issuer Services Agreement pursuant to which the Corporate Services Provider and the Administrator will provide certain reporting, calculation and monitoring services.

The Issuer will include a declaration as to the reasons why it does not consider it appropriate to establish an audit committee (as set out above) in the annual report with respect to its annual accounts.

19.11 Accounting Year

However its tax base is notional: it is only taxed on disallowed expenses and abnormal or gratuitous benefits received by it. The Issuer does not anticipate incurring substantial disallowed expenses or receiving any such abnormal or gratuitous benefits.

(4) Value added tax ("VAT")

The Issuer qualifies in principle as a VAT taxpayer but is fully exempt from VAT in respect of its operations. Any input VAT incurred by the Issuer (at the current rate of 21 per cent.) is, therefore, not recoverable under the VAT legislation.

Services supplied to the Issuer by the parties to the Transaction Documents, including the Auditor, or other parties under the Transaction Documents will, in general, be subject to VAT. However, fees paid in respect of the management of the Issuer (including its administration and the organisation and management of its financing instruments) and its assets (including the receipt of payments on behalf of the Issuer and the forced collection of receivables), as well as transactions with respect to receivables (with the exception of the forced collection thereof), securities and liquid assets should be exempt from Belgian VAT. (d) Valuation rules

The Issuer will apply the following valuation rules:

(i) Assets

Claims

The class of ‘*Claims*’ contains the SME Loans in portfolio that were sold by KBC Bank NV to Compartment SME Loan Invest 2017 of Loan Invest NV/SA for an Initial Purchase Price and a Deferred Purchase Price. The SME Loans will be recognised in the balance sheet at historic cost, minus the recognised write-downs on the SME Loans. The historic cost consists of the Initial Purchase Price which Compartment SME Loan Invest 2017 of Loan Invest NV/SA paid for the SME Loans. The Deferred Purchase Price is determined by the results of Compartment SME Loan Invest 2017 of Loan Invest NV/SA after all other obligations have been met and will be recognised at the moment of determination of the result. The Deferred Purchase Price is recognised under the heading “other financial costs” of the profit and loss account.

Regarding the credit risks, a prudent valuation policy is being pursued. Defaulted loans will be written off at a 100% as soon as they occur.

Liquid assets

By liquid assets the nominal credit amounts on the current accounts held with financial institutions are meant. These credit amounts mainly consist of:

- cash flows on loans already received and not applied for the payment of the compensation to investors;
- the reserve fund.

Accrual accounts

Under the class of asset accrual accounts are included:

- the pro rata of charges that were made in the past accounting period and that should be attributed to the following accounting period;
- the pro rata of revenues that will only be collected in the course of the following accounting period but that relate to the past accounting period.

(ii) Liabilities

Debts

The liabilities arising from the Notes are recognised in the balance sheet in the amount made available, less any repayments effected.

The reimbursement of the Notes takes place by means of incoming cash flows resulting from the redemption or early termination of the SME Receivables. The expected reimbursements of the Notes in the next accounting period are recognised under the heading, '*Liabilities of more than one year which become due within one year*'.

Subordinated liabilities are valued analogously to other liabilities, irrespective of whether they are represented by securities. Included under subordinated liabilities is a subordinated loan provided by KBC Bank NV to Compartment SME Loan Invest 2017 of Loan Invest NV/SA.

Under the class of '*Other liabilities*' all liabilities in relation to payment of a compensation to the management, the payment of dividends, current accounts with related companies and other accounts provided by the minimum chart of accounts (M.A.R.) are included.

The SME Loans purchased by the Issuer carry a floating rate or a fixed rate of interest payable on a monthly, quarterly, semi-annual or yearly basis, whereas the Notes carry a floating interest rate payable on a monthly basis. In order to match these cash flows, Compartment SME Loan Invest 2017 of Loan Invest NV/SA has concluded an interest rate swap with KBC Bank NV.

Accrual accounts

Under the class of liability accrual accounts are included:

- the pro rata charges that will only be paid in the course of the following accounting period but that relate to the past accounting period;

If DBRS withdraws the DBRS Rating of the Account Bank, reference will be made solely to Fitch Required Minimum Ratings, and such withdrawal by DBRS will not constitute a breach of the DBRS Required Minimum Rating and will not trigger an obligation to transfer, or procure a guarantee in respect of, the Issuer Collection Account and a guarantee in respect of the obligations of the Account Bank (as the case may be) in accordance with the Account Bank Agreement.

If the Transaction Accounts were transferred to an alternative Account Bank, the Issuer may opt to re-transfer the Transaction Accounts to the original Account Bank provided that the obligations of the original Account Bank are guaranteed by a third party with the Required Minimum Ratings at the time of such re-transfer.

If a third party has granted a guarantee for the obligations of the original Account Bank, the Issuer may opt to terminate such guarantee provided that the Transaction Accounts are transferred to an alternative Account Bank with the Required Minimum Ratings by the time of such termination.

If at the time when a transfer of the relevant Transaction Accounts would otherwise have to be made under the Account Bank Agreement, there is no other bank which has the Required Minimum Ratings and which is willing, acting reasonably, to act as account bank under the Transaction Documents and if the Security Agent so agrees, the Transaction Accounts will not need to be transferred until such time as there is a bank which has the Required Minimum Ratings and which is willing, acting reasonably, to act as account bank under the Transaction Documents, whereupon such transfer will be made to the bank meeting such criteria within one (1) month of identification of such bank.

- (2) a Domiciliary Agent that has its specified offices in a European city which, so long as the Notes are listed on Euronext Brussels, shall be Brussels;

DBRS Ratings Limited and Fitch Ratings S.A.S. have been requested to rate the Notes.

20.9 The Swap Counterparty

The Seller (as the Swap Counterparty) will enter into a Swap Agreement in order to provide a hedge against the risk of possible variance between the rates of interest on the SME Receivables and the Transaction Accounts and the floating rates applicable to the Notes.

For a description of the Seller, see further *KBC Bank NV*.

(b) Swap Agreement

(i) Description

For a description of the Swap Agreement, see further in the section entitled *Credit Structure – 10. Interest Rate Hedging*.

(ii) Termination of the Swap Agreement

The swap transaction under the Swap Agreement will terminate on the earlier of (a) the Final Maturity Date and (b) the date on which the Notes have been redeemed in full in accordance with the

Conditions (other than a redemption in full in accordance with Condition 4.5(e) Optional Redemption Call, Condition 4.5(f) Optional Redemption Call for Tax Reasons, Condition 4.5(g) Optional Redemption in case of Change in Tax Law, Condition 4.5(h) Optional Redemption in case of Regulatory Call, Condition 4.5(i) Optional Redemption in case of Ratings Downgrade Event or Condition 4.5(b) Clean Up Call).

Upon an early termination of the swap transaction under the Swap Agreement, the Issuer or Swap Counterparty may be liable to make a termination payment to the other. The termination payment will be calculated and made in euro. The amount of any termination payment will be based on one or more firm quotations sought from leading dealers as to the costs of entering into a swap with the same terms and conditions that would have the effect of preserving the economic equivalent of the respective full payment obligations of the parties (or based upon a good faith determination of total losses and costs (or gains) if no prior quotation is accepted and no firm quotations remain capable of being accepted at the relevant price or if basing the valuation on quotations would not produce a commercially reasonable result) and will include any unpaid amounts that become due and payable prior to the date of termination. Any such termination payment could be substantial and may affect the funds available to pay amounts due to the Noteholders.

(iii) Transfer of the Swap Agreement

The Swap Counterparty may by notice to the Security Agent and the Issuer and subject to certain conditions specified in the Swap Agreement, transfer its obligations under the Swap Agreement to another entity.

Upon receipt by the Security Agent of any amount in payment of the Parallel Debt, the payment obligations of the Issuer to the Secured Parties shall be reduced by an amount equal to the amount so received.

To the extent that, following the delivery of an Enforcement Notice, the Security Agent irrevocably and unconditionally receives any amount in payment of the Parallel Debt, the Security Agent shall distribute such amount among the Secured Parties in accordance with the Priority of Payments upon Enforcement. The amounts due to the Secured Parties, will be the sum of:

- (1) amounts recovered by it on the SME Receivables and the other Pledged Assets, and
- (2) the amounts received in connection with the Pledge Agreement and penalty provided in the SME Receivables Purchase Agreement insofar such penalty relates to the SME Receivables and the other Pledged Assets, and

The representative may act in courts and represent the Noteholders in any bankruptcy or judicial reorganisation, as applicable, or similar insolvency proceedings without having to reveal the identity of the Noteholders it represents. The Security Agent, acting in its capacity as representative of the Noteholders, acts in the sole benefit of the Noteholders.

The Security Agent has been designated as agent on behalf of the Secured Parties in accordance with article 5 of the Collateral Law.

The Security Agent has also been appointed as irrevocable agent (*mandataris / mandataire*) of the other Secured Parties. The Issuer shall grant on the Closing Date a first ranking pledge (*pand in eerste rang / gage en premier rang*) to the Secured Parties, including the Security Agent on behalf of the Noteholders and the other Secured Parties (the “**Pledge Agreement**”) over:

The Pledge Agreement provides that the pledge on the SME Receivables and Related Security will not be notified to the Borrowers or other relevant parties, except if a Notification Event occurs or if an Enforcement Notice is given. Prior to notification of the pledge to the Borrowers, the pledge on the SME Receivables will be an undisclosed pledge.

The pledge created pursuant to the Pledge Agreement over the rights referred to in paragraph (2) and (3) above will be acknowledged by the relevant obligors and will therefore be a disclosed pledge.

The Pledge Agreement is subject to Belgian law. Under Belgian law, upon enforcement of the Security Interests, the Security Agent, in its capacity as pledgee and acting on its own behalf and on behalf of the other Secured Parties, will be permitted to collect any moneys payable in respect of the SME Receivables, any moneys payable under the Transaction Documents pledged to it and any moneys standing to the credit of the Transaction Accounts and to apply such moneys in satisfaction of obligations of the Issuer which are secured by the Pledge Agreement. The Security Agent will also be permitted to apply to the president of the Commercial Court (*Rechtbank van Koophandel / Tribunal de Commerce*) for authorisation to sell the Pledged Assets (with the exception of the Transaction Accounts, which can be realised in accordance with the terms of the Pledge Agreement only).

In addition to other methods of enforcement permitted by law, Article 271/12, § 2 of the UCITS Act also permits all Noteholders (acting together) to request the president of the Commercial Court to attribute to them the Pledged Assets in payment of an amount estimated by an expert. In accordance with the terms of the Pledge Agreement, only the Security Agent shall be permitted to exercise these rights.

The security rights described above shall serve as security for the benefit of the Secured Parties, including each of the Noteholders but, *inter alia*, amounts owing to the Subordinated Loan Provider will rank in priority of payment after amounts owing to the Noteholders. In addition, the Parallel Debt Agreement provides that the Security Agent is the beneficiary of the Parallel Debt.

The Security Agent has also been designated as representative of the Noteholders, in compliance with Article 271/12, §1 first to seventh indent of the UCITS Act which states that the representative (the Security Agent) may bind all Noteholders and represent them vis-à-vis third parties or in court, in accordance with the terms of its mission. The representative may act in courts and represent the Noteholders in any bankruptcy or judicial reorganisation, as applicable, or similar insolvency proceedings without having to reveal the identity of the Noteholders it represents. The representative must act in the sole benefit of the Noteholders.

The Security Agent has also been appointed as irrevocable agent (*mandataris / mandataire*) of the Secured Parties (other than the Noteholders). In relation to any duties, obligations and responsibilities of the Security Agent to these other Secured Parties in its capacity as agent of these other Secured Parties in relation to the Pledged Assets and under or in connection with the Transaction Documents, the Security Agent and these other Secured Parties agree and the Issuer concurs, that the Security Agent shall discharge these duties, obligations and responsibilities by performing and observing its duties, obligations and responsibilities as representative of the Noteholders in accordance with the provisions of the Pledge Agreement, the Transaction Documents and the Conditions.

The Security Agent may delegate the performance of any of the foregoing powers to any persons (including any legal entity) whom it may designate. Notwithstanding any sub-contracting or delegation of the performance of its obligations under the Pledge Agreement, the Security Agent shall not thereby be released or discharged from any liability hereunder and shall remain responsible for the performance of the obligations of the Security Agent under the Pledge Agreement and shall be jointly and severally liable for the performance or non-performance or the manner of performance of any sub-contractor, agent or delegate and such sub-contracting or delegation shall not affect the Security Agent's obligations under the Pledge Agreement.

(a) Protection Notice

The Security Agent may in accordance with Clause 10(e) of the Pledge Agreement serve a protection notice as a result of which no payments shall be made from the Transaction Accounts without the prior consent of the Security Agent, provided that such will not alter the relevant Priority of Payments (the “**Protection Notice**”).

(b) Variations

The Security Agent may on behalf of the Noteholders and without the consent of the Noteholders or the other Secured Parties, at any time and from time to time, concur with the Issuer or any other person in making any modification:

- (1) to the Transaction Documents which in the opinion of the Security Agent is of a formal, minor, or technical nature or is to correct a manifest error or to comply with the mandatory provisions of Belgian law; or
- (2) to the Transaction Documents which in the opinion of the Security Agent is not materially prejudicial to the interests of the Noteholders, provided that the then current ratings of the Notes will not be adversely affected by any such modification, authorisation or waiver (it being understood that the fact that the then current rating of the Notes will not be adversely affected does not address whether such modification is in the best interest of, or prejudicial to, some or all of the Noteholders),

it being understood that any modification of a Transaction Document must be approved by each party thereto.

Any such modification shall be binding on the Noteholders.

In no event may such modification be a Basic Terms Modification. The Security Agent shall not be bound to give notice to the Noteholders of any modifications to the Transaction Documents agreed pursuant to this paragraph. The Issuer shall cause notice of any such modification to be also given to the Rating Agencies, the Administrator, the Servicer, the Corporate Services Provider and the Domiciliary Agent.

If in the Security Agent's opinion it is not sufficiently established that the proposed amendment or variation can be approved by it in accordance with this paragraph, it will determine in its full discretion whether to submit the proposal to a duly convened meeting of Noteholders or to refuse the proposed amendment or variation, or, in case of a Basic Term Modification, to ask for an approval of such Basic Term Modification by an Extraordinary Resolution.

(c) Waivers

The Security Agent may, without the consent of the Noteholders and the other Secured Parties or the Issuer, without prejudice to its rights in respect of any further or other breach, condition, event or act from time to time and at any time, but only if and in so far as in its opinion the interests of the Noteholders will not be materially prejudiced thereby, (i) authorise or waive, on such terms and conditions (if any) as shall seem expedient to it, any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Pledge Agreement, the Notes or any of the Transaction Documents, or (ii) determine that any breach, condition, event or act which constitutes (and/or which, with the giving of notice or the lapse of time and/or the Security Agent making any relevant determination and/or issuing any relevant certificate would constitute), but for such determination, an Event of Default shall not, or shall not be subject to specified conditions, be treated as such for the purposes of the Pledge Agreement. Any such authorisation, waiver or determination pursuant to this clause shall be binding on the Noteholders and if, but only if, the Security Agent shall so require, notice thereof shall be given to the Noteholders and any Rating Agency.

(d) Reliance

In determining whether or not any power, trust, authority, duty or discretion or any change, event or occurrence under or in relation to the Conditions or any of the Transaction Documents will be materially prejudicial to the interests of Noteholders, the Security Agent shall be able to rely on, and act on any advice or opinion of or any certificate obtained from a valuer, accountant, banker, broker, securities company or other company other than the Rating Agencies whether obtained by itself or the Issuer and it shall not be liable for any loss occasioned by such action, save where such loss is due to its Gross Negligence, wilful misconduct or fraud. Concurrently, the Security Agent may, along with any other relevant factors, have regard for whether the then current rating of the Notes would not be adversely affected by such exercise.

(e) Conflicts of interest

In connection with the exercise of its powers, authorities and discretions, the Security Agent shall have regard to the interests of all Noteholders as a class and shall not have regard to the consequence of such exercise for individual Noteholders.

The Security Agent shall take account of the interests of the Secured Parties to the extent that there is no conflict amongst them. To the extent that:

- (1) an actual conflict exists or is likely to exist between the interests of the Secured Parties in relation to any material action, decision or duty of the Security Agent under or in relation to the Pledge Agreement and the Conditions; and
- (2) any of the Transaction Documents and the Conditions give the Security Agent a material discretion in relation to such action, decision or duty;

the Security Agent shall always have regard to the interests of the Noteholders in priority to the interests of the other Secured Parties.

Further, to the extent that:

- (i) an actual conflict exists or is likely to exist between the interests of the Issuer, the Secured Parties and the interests of KBC Bank NV in its capacity as Seller in relation to any material action, decision or duty of the Security Agent under or in relation to the Pledge Agreement and any other Transaction Document; and
- (ii) the Pledge Agreement and any other Transaction Document gives the Security Agent a material discretion in relation to such action, decision or duty,

then the Security Agent shall have regard to the interests of the Issuer and the Secured Parties (other than KBC Bank NV in its capacity as Seller) in priority to the interests of the Seller.

(f) No obligation to act

All the parties to the Pledge Agreement agree that the Security Agent shall not be bound to take any action under its powers or duties other than those referred to under paragraph (1), (3) and (5) of *Powers, authorities and duties* and under *Variations*, unless:

- (1) it shall have been directed to do so by an Extraordinary Resolution of the holders of the Notes then outstanding; or
- (2) it shall have been requested to do so by the holders of not less than fifty (50) per cent. in Principal Amount Outstanding of the Notes then outstanding and held by External Investors; or
- (3) it shall have been requested to do so by the holders of not less than ten (10) per cent. in Principal Amount Outstanding of the Notes then outstanding; and
- (4) it shall in all cases have been indemnified to its satisfaction against all liability, proceedings, claims and demands to which it may be or become liable and all costs, charges and expenses which may be incurred by it in connection therewith, save where these are due to its own Gross Negligence, wilful misconduct or fraud.

(g) Restrictions on the Secured Parties to act

As representative of the Noteholders and the other Secured Parties, only the Security Agent may pursue the remedies available under general law or under the Transaction Documents against the Issuer and the Pledged Assets and, other than as permitted in the Pledge Agreement and Condition 4.10, no Secured Party (other than the Security Agent) shall be entitled to proceed directly against the Issuer and the Pledged Assets.

Only the Security Agent may enforce the Security Interests and no other Secured Party shall be entitled to enforce such security or proceed against the Issuer to enforce the performance of any of the provisions of the Pledge Agreement, unless the Security Agent, having become bound to take such steps as provided in the Pledge Agreement, fails to do so within a reasonable period (thirty (30) calendar days being deemed for this purpose to be a reasonable period) and such failure shall be continuing.

(h) Accountability, Indemnification and Exoneration of the Security Agent

If so requested in advance by the board of directors of the Issuer, the Security Agent shall report to the general meeting of Noteholders on the performance of its duties under the Pledge Agreement and the Transaction Documents provided such request is notified by registered mail no later than ten (10)

Business Days prior to the relevant general meeting of Noteholders. The board of directors of the Issuer shall require such report if so requested by those Noteholders who have requested that such general meeting be convened.

The Transaction Documents contain provisions governing the responsibility (and relief from responsibility) of the Security Agent and providing for its indemnification in certain circumstances, including provisions relieving the Security Agent from taking enforcement proceedings or enforcing the Security Interests unless indemnified to its satisfaction.

The Security Agent shall not be liable to the Issuer or any of the Secured Parties (other than the Security Agent) in respect of any loss or damage which arises out of the exercise, or the attempted exercise of, or the failure to exercise any of its powers or any loss resulting there from, except that the Security Agent shall be liable for such loss or damage that is caused by its Gross Negligence, wilful misconduct or fraud.

The Security Agent shall not be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Pledged Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by or to the order of the Servicer or any agent or related company of the Servicer or by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Security Agent.

The Security Agent shall have no liability for any breach of or default under its obligations under the Transaction Documents if and to the extent that such breach is caused by any failure on the part of the Issuer or any of the Secured Parties (other than the Security Agent) to duly perform any of their material obligations under any of the Transaction Documents. In the event that the Security Agent is rendered unable to duly perform its obligations under the Transaction Documents by any circumstances beyond its control (*overmacht / force majeure*), the Security Agent shall not be liable for any failure to carry out its obligations under the Transaction Documents which are thus affected by the event in question and, for so long as such circumstances continue, its obligations under the Transaction Documents which are thus affected will be suspended without liability for the Security Agent.

The Security Agent shall not be responsible for monitoring the compliance by any of the other party (including the Issuer and the Servicer) with their obligations under the Transaction Documents. The Security Agent may, until it has actual knowledge or express notice to the contrary, assume the Issuer and the Servicer are observing and performing all their obligations under any of the Transaction Documents and in any notices or acknowledgements delivered in connection with any such Transaction Documents.

The Security Agent shall not be responsible for ensuring that any Security Interest is created by, or continues to be managed by, the Issuer, the Security Agent, or any other person in such a manner as to create or maintain sufficient control to obtain the type of Security Interest described in the Pledge Agreement in relation to the assets of the Issuer which are purported to be secured thereby, provided that it complies with the provisions of the Transaction Documents.

Except if such meeting is convened by the Security Agent, but only to the extent that any defect has arisen directly from the Security Agent's Gross Negligence, wilful misconduct or fraud, the Security Agent shall not be liable for acting upon any resolution purporting to have been passed at any meeting of Noteholders in respect whereof minutes have been made and signed even though subsequent to its acting it may be found that there was some defect in the constitution of the meeting or passing of the resolution or that for any reason the resolution was not valid or binding upon the Noteholders.

If the Security Agent has acted upon such resolution, each Noteholder shall forthwith on demand indemnify the Security Agent for its *pro rata* share in any liability, loss or expense incurred or expected to be incurred by the Security Agent in any way relating to or arising out of its acting as Security Agent in respect of that resolution, except to the extent that the liability or loss arises directly from the Security Agent's Gross Negligence, wilful misconduct or fraud. The liability shall be divided between the Noteholders *pro rata* according to the respective Principal Amount Outstanding of the Notes held by each of them respectively.

(i) Instructions and indemnity

Whenever the interests of the Noteholders are or can be affected in the opinion of the Security Agent, the Security Agent may - if indemnified to its satisfaction - take legal action on behalf of the Noteholders and represent the Noteholders in any bankruptcy (*faillissement / faillite*), liquidation (*vereffening / liquidation*) or judicial reorganisation (*gerechtelijke reorganisatie / réorganisation judiciaire*), as applicable and any other legal proceedings initiated against the Issuer or any other party to a Transaction Document.

The Security Agent can under no circumstances, including the situation wherein Noteholders' instruction or approval cannot be obtained for whatever reason, be required to act without it being remunerated and indemnified or secured to its satisfaction.

The Security Agent shall be indemnified by the Issuer and held harmless, in respect of any and all liabilities and expenses incurred by it or by anyone appointed by it or to whom any of its functions may be delegated by it in carrying out its functions.

(j) Replacement of the Security Agent

In certain events, the Issuer shall by written notice to the Security Agent, the other Secured Parties and the Rating Agencies, terminate the powers delegated to the Security Agent under the Pledge Agreement and the Transaction Documents with effect from a date (to be no earlier than the date of the notice) specified in the notice and appoint a substitute security agent selected by the Issuer which shall act as security agent until a new security agent is appointed by the general meeting of Noteholders, which shall promptly be convened by the Issuer.

In addition, the Noteholders shall be entitled to terminate the appointment of the Security Agent by an Extraordinary Resolution notified to the Issuer and the Security Agent, provided that (i) in the same resolution a substitute security agent is appointed, and (ii) such substitute security agent meets all legal requirements to act as security agent and representative and accepts to be bound by the terms of the Transaction Documents in the same way as its predecessor.

Such termination shall also terminate the appointment and power of attorney by the other Secured Parties. The other Secured Parties hereby irrevocably agree that the substitute security agent shall from the date of its appointment act as attorney (*mandataris / mandataire*) of the other Secured Parties on the terms and conditions set out in these Conditions and the Transaction Documents.

The Security Agent shall not be discharged from its responsibilities under the Pledge Agreement until a suitable substitute security agent, which has been accepted by the Issuer and the Noteholders (such approval not being unreasonably withheld) is appointed.

25. TAXATION IN BELGIUM

This section provides a general description of the main Belgian tax issues and consequences of acquiring, holding, redeeming and/or disposing of the Notes. This summary provides general information only and is restricted to the matters of Belgian taxation stated herein. It is intended neither as tax advice nor as a comprehensive description of all Belgian tax issues and consequences associated with or resulting from any of the above-mentioned transactions. Prospective acquirers are urged to consult their own tax advisors concerning the detailed and overall tax consequences of acquiring, holding, redeeming and/or disposing of the Notes.

The summary provided below is based on the information provided in this Prospectus and on Belgium's tax laws, regulations, resolutions and other public rules with legal effect, and the interpretation thereof under published case law, all as in effect on the date of this Prospectus and with the exception of subsequent amendments with retroactive effect.

25.1 General Rule

Any taxes which may be due relating to payments of interest and/or principal in respect of the Notes will be borne by the beneficiary of those payments.

If the Issuer, the Securities Settlement System Operator, the Domiciliary Agent or any other person is required to make any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatever nature in respect of any payment in respect of the Notes, the Issuer, the Securities Settlement System Operator, the Domiciliary Agent or that other person shall make such payment after such withholding or deduction has been made and will account to the relevant authorities for the amount so required to be withheld or deducted. Neither the Issuer, the Securities Settlement System Operator, the Domiciliary Agent nor any other person will be obliged to gross up the payment in respect of the Notes or make any additional payments to holders of Notes in respect of such withholding or deduction.

25.2 Belgian Withholding Tax

Under current Belgian withholding tax legislation, all interest payments in respect of the Notes (which include any amount paid in excess of the initial issue price upon the redemption of the Notes by the Issuer) will be subject to Belgian withholding tax on the gross amount of the interest, currently at the rate of 30%. Tax treaties may provide for a lower rate subject to certain conditions.

However, under Belgian domestic law, payments by or on behalf of the Issuer of interest on the Notes may be made without deduction of withholding tax for Notes held by Tax Eligible Investors (as defined below) in an exempt account (an “**X-Account**”) with the Securities Settlement System, as defined and organised by the Act of 6 August 1993, as amended, and its implementing decrees or with a Participant in the Securities Settlement System. In addition, transfers of Notes between two X-Accounts do not give rise to any adjustments on account of Belgian withholding tax.

Tax Eligible Investors include *inter alia*:

- (1) Belgian resident companies subject to corporate income tax;
- (2) Belgian qualifying pension funds in the form of an ASBL/VZW;
- (3) semi-public governmental social security institutions or institutions similar thereto;
- (4) corporate investors who are non-residents of Belgium, whether they have a permanent establishment in Belgium or not; and

- (5) individual investors who are non-residents of Belgium and who have not allocated the Notes to a professional activity in Belgium.

Tax Eligible Investors do not include, *inter alia*, Belgian resident investors who are individuals or Belgian non-profit organisations, other than those referred to under (b) and (c) above.

The above categories only summarise the detailed definitions contained in Article 4 of the Royal Decree of 26 May 1994, as amended, to which investors should refer to for a precise description of the relevant eligibility rules.

Upon opening an X-Account with the Securities Settlement System or a Participant therein, a Tax Eligible Investor is required to provide a statement of its tax eligible status on a form approved by the Belgian Minister of Finance. There are no ongoing declaration requirements for Tax Eligible Investors save that they need to inform the Securities Settlement System Participants of any change of the information contained in the statement of their tax eligible status. However, Securities Settlement System Participants are required to provide to the Securities Settlement System Operator annually with listings of investors who have held an X-Account during the preceding calendar year.

These identification requirements do not apply to Notes held by Tax Eligible Investors through Euroclear or Clearstream Luxembourg or their sub-participants outside of Belgium, provided that these institutions or sub-participants only hold X-Accounts and are able to identify the accountholder.

In the event of any changes made in the laws or regulations governing the exemption for Tax Eligible Investors, neither the Issuer nor any other person will be obliged to make any additional payment in the event that the Issuer, the Securities Settlement System Operator or its Securities Settlement System Participants are required to make any withholding or deduction in respect of the payments due on the Notes.

25.3 Income Tax

(a) Belgian Resident Corporations

Noteholders who are Belgian resident corporations, subject to Belgian corporate income tax, are liable to corporate income tax, currently at the rate of 33.99%, on the income of the Notes and capital gains realised upon the disposal of the Notes. Capital losses realised upon the disposal of the Notes will normally be tax deductible.

(b) Belgian Resident Legal Entities

This paragraph applies only to Belgian resident legal entities subject to the income tax on legal entities which are Tax Eligible Investors and therefore eligible to hold their Notes in an X-Account (e.g. Belgian qualifying pension funds organised in the form of a ASBL/VZW).

For Noteholders who are Belgian resident legal entities, the withholding tax on interest will constitute the final tax in respect of such income. As no withholding tax will be levied on the payment of interest due to the fact that the Belgian legal entities hold the Notes through an X-Account with the Securities Settlement System, they will have to declare the interest and pay the applicable withholding tax to the Belgian Treasury.

Belgian legal entities are not liable to income tax on capital gains realised upon the disposal of the Notes (except for that part of the sale price attributable to the *pro rata* interest component).

(c) Non-Residents of Belgium

Noteholders who are non-residents of Belgium for Belgian tax purposes and are not holding the Notes through a Belgian establishment and do not invest the Notes in the course of their Belgian professional activity will not incur or become liable for any Belgian tax on income or capital gains (save as the case may be, in the form of withholding tax) by reason only of the acquisition, ownership or disposal of the Notes.

25.4 Tax on stock exchange transactions

No tax on stock exchange transactions (*taks op de beursverrichtingen/taxe sur les opérations de bourse*) will be due on the issuance of the Notes.

Any transfer for consideration of the Notes on the secondary market will trigger a tax on stock exchange transactions if (i) executed in Belgium through a professional intermediary, or (ii) deemed to be executed in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals with habitual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

The tax will be due on each sale and acquisition separately, currently at the rate of 0.09%, with a maximum of EUR 1,300 per party and per transaction. A separate tax is due by each party to the transaction, and both taxes are collected by the professional intermediary. However, if the intermediary is established outside of Belgium, the tax will in principle be due by the ordering private individual or legal entity, unless that individual or entity can demonstrate that the tax has already been paid. Professional intermediaries established outside of Belgium can, subject to certain conditions and formalities, appoint a Belgian representative for tax purposes, which will be liable for the tax on stock exchange transactions in respect of the transactions executed through the professional intermediary.

An exemption is available for non-residents acting for their own account (subject to delivery of an affidavit confirming their non-resident status), and for certain professional intermediaries, insurance companies, pension funds and undertakings for collective investment, acting for their own account.

26. DEMATERIALISED NOTES

The Notes will be issued in the form of dematerialised notes under the Company Code and cannot be physically delivered. They will be represented exclusively by book entries in the records of the Securities Settlement System.

Access to the Securities Settlement System is available through its Securities Settlement System Participants whose membership extends to certain banks, stock brokers (*beursvennootschappen / sociétés de bourse*), SIX SIS Ltd, Monte Titoli, Euroclear France and Euroclear and Clearstream, Luxembourg.

Each of the persons appearing from time to time in the records of the Securities Settlement System as the Noteholder will be entitled to receive any payment made in respect of that Note in accordance with the respective rules and procedures of the Securities Settlement System. Such persons shall have no claim directly against the Issuer in respect of payment due on the Notes.

The Issuer and the Domiciliary Agent will not have any responsibility for the proper performance by the Securities Settlement System or its Securities Settlement System Participants of their obligations under their respective rules and operating procedures.

27. ADMISSION TO TRADING AND DEALING ARRANGEMENTS

27.1 Total amount and denomination

The Issuer's Board of Directors has resolved to issue 15,680 Notes.

The Notes are Notes with each a nominal amount of EUR 250,000.

Transfers of interests in the Notes will be effected between Securities Settlement System Participants in accordance with the rules and operating procedures of the Securities Settlement System. Transfers between investors will be effected in accordance with the respective rules and operating procedures of the Securities Settlement System Participants through which they hold their Notes.

The Domiciliary Agent will perform the obligations of domiciliary agent included in the Clearing Agreement, including, without limitation, providing the Securities Settlement System Operator the information required by law, publishing notices required in connection with any redemption of the Notes and notifying, on behalf of the Issuer, the Securities Settlement System Operator and the Swap Counterparty of the Interest Amounts and amounts of principal relating to each Note.

A list of for the time being Qualifying Investors is attached as Annex I.

Notes may not be acquired by a Belgian or foreign transferee who is not subject to income tax or who is, as far as interest income is concerned, subject to a tax regime that is deemed by the Belgian tax authorities to be significantly more advantageous than the Belgian tax regime applicable to interest income (within the meaning of Articles 54 and 198, §1 11° of the Belgian Income Tax Code 1992 or any successor provision) or by a transferee who is a resident of, or has an establishment in, or acts, for the purposes of the Notes, through a bank account held on, a tax haven jurisdiction, a low-tax jurisdiction or a non-cooperative jurisdiction within the meaning of Article 307, §1, fifth indent of the Belgian Income Tax Code 1992 or any successor provision (the “**Excluded Holder**”).

The Noteholders shall have recourse only against the Pledged Assets and to no other assets of the Issuer.

(c) Priorities of payment

4.4 Interest

(a) Period of Accrual

Each Note bears interest on its Principal Amount Outstanding (as defined in Condition 4.5(c)) from and including the Closing Date. Each Note (or in the case of the redemption of part only of a Note that part only of such Note) shall cease to bear interest from its due date for redemption unless payment of the relevant amount of principal or any part thereof is improperly withheld or refused. In such event, interest will continue to accrue thereon (before and after any judgment) at the rate applicable to such Note up to but excluding the date on which all sums due in respect of such Note are paid to the Securities Settlement System Operator for the benefit of the relevant Noteholder, or (if earlier) the seventh calendar day after notice is duly given by the Domiciliary Agent to the relevant Noteholder (in accordance with Condition 4.13) that it has received all sums due in respect of such Note, provided payment is in fact made.

Whenever it is necessary to compute an amount of interest in respect of any Note for any period (including any Floating Rate Interest Period (as defined below)), such interest shall be calculated on the basis of the actual days elapsed and a 360 days year.

(b) Interest Periods and Payment Dates

Interest on the Notes is payable monthly in arrears in euro on the 15th day of each month (or, if such day is not a Business Day, the next succeeding Business Day) in each year (each such day being a “**Monthly Payment Date**”), the first Monthly Payment Date being in April 2017. The period from (and including) a Monthly Payment Date (or the Closing Date in respect of the first Floating Rate Interest Period) to (but excluding) the immediately succeeding (or first) Monthly Payment Date is called a “**Floating Rate Interest Period**” in these Conditions. The first Floating Rate Interest Period will commence on (and include) the Closing Date and will end on (but exclude) the first Monthly Payment Date.

A “**Business Day**” means a day on which banks are open for business in Brussels, provided that such day is also a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer payment system (“**TARGET2**”) or any successor thereto is operating credit or transfer instructions in respect of payments in euro.

(c) Interest on the Notes

Interest on the Notes for each Floating Rate Interest Period will accrue at a rate equal to the sum of the Euro Interbank Offered Rate (“**Euribor**”) for one (1) month deposits plus a margin of 0.75 per cent. per annum. The interest applicable to the Notes will never be lower than zero.

(d) Euribor

For the purpose of Conditions 4.4(c) and 4.4 (d) Euribor will be determined as follows:

- (i) The Reference Agent will obtain for each Floating Rate Interest Period the rate equal to the amount of Euribor for one (1) month deposits in euros (or, in respect of the first Floating Rate Interest Period, the rate which represents the linear interpolation of Euribor for one (1) month deposits in euro, rounded, if necessary, to the 5th decimal place with 0.00005 being rounded upwards). The Reference Agent shall use the Euribor rate as determined and published by the European Money Markets Institute (or any other person which takes over the administration of that rate) and which appears for information purposes on the Reuters Screen EURIBOROI (or, if not available, any other display page on any screen service maintained by any registered information vendor (including, without limitation, the Reuter Monitor Money Rate Service, the Dow Jones Telerate Service and the Bloomberg Service) for the display of the Euribor rate selected by the Reference Agent) as at or about 11.00 a.m. (Central European time) on the day that is two (2) Business Days preceding the first day of each Floating Rate Interest Period (each an “**Interest Determination Date**”).
- (ii) If, on the relevant Interest Determination Date, such Euribor rate is not determined and published by the European Money Markets Institute (or any other person which takes over the administration of that rate), or if it is not otherwise reasonably practicable to calculate the rate under (i) above, the Reference Agent will:
 - (A) request the principal euro-zone office of each of four major banks in the euro-zone interbank market (the “**Reference Banks**”) to provide a quotation for the rate at which three (3) months euro deposits are offered by it in the euro-zone interbank market at approximately 11.00 a.m. (Central European time) on the relevant Interest Determination Date to prime banks in the euro-zone interbank market in an amount that is representative for a single transaction at that time; and determine the arithmetic mean (rounded, if necessary, to the fifth decimal place with 0.000005 being rounded upwards) of such quotation as is provided; and
 - (B) if fewer than two such quotations are provided as requested, the Reference Agent will determine the arithmetic mean (rounded, if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the rates quoted by major banks, of which there shall be at least two in number, in the euro-zone, selected by the Reference Agent, at approximately 11.00 a.m. (Central European time) on the relevant Interest Determination Date for one (1) month deposits to leading euro-zone banks in an amount that is representative for a single transaction in that market at that time,

and Euribor for such Floating Rate Interest Period shall be the rate per annum equal to the euro interbank offered rate for euro deposits as determined in accordance with this Condition 4.4, provided that if the Reference Agent is unable to determine Euribor in accordance with the above provisions in relation to any Floating Rate Interest Period, Euribor applicable to the Notes during such Floating Rate Interest Period will be Euribor last determined in relation thereto.

(e) Determination of Rates of Interest and Calculation of Interest Amounts

The Reference Agent will, as soon as practicable after 11.00 a.m. (Central European Time) on each Interest Determination Date, determine the floating rate of interest for the Notes (the “**Floating Rate of Interest**”) and calculate the amount of interest payable on the Notes for the following Floating Rate Interest Period (the “**Interest Amount**”) by applying the relevant Floating Rate of Interest to the Principal Amount Outstanding of the Notes. The determination of the Floating Rate of Interest and each Interest Amount by the Reference Agent shall (in the absence of manifest error) be final and binding on all parties.

(f) Notification of Rates of Interest and Interest Amounts

At the latest by 02.00 pm (CET) on the Interest Determination Date, the Reference Agent will cause the Floating Rate of Interest and the Interest Amount to be notified to the Securities Settlement System Operator, the Issuer, the Administrator, the Security Agent and the Domiciliary Agent and will cause notice thereof to be given to the Noteholders. The Interest Amount, the Floating Rate of Interest and the Monthly Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Floating Rate Interest Period.

(g) Determination or Calculation

If the Reference Agent at any time for any reason does not determine the relevant Floating Rate of Interest or fails to calculate the Interest Amount in accordance with Condition 4.4(f), the Issuer (or whenever a Protection Notice or Enforcement Notice has been served, the Security Agent in consultation with the Issuer) shall determine or shall cause the Floating Rate of Interest to be determined at such rate as, in its absolute discretion (having such regard as it shall think fit to the procedure described in Condition 4.4(e), it shall deem fair and reasonable under the circumstances, or, as the case may be, the Issuer (or whenever a Protection Notice or Enforcement Notice has been served, the Security Agent in consultation with the Issuer) shall calculate or shall cause the Interest Amount to be calculated in accordance with Condition 4.4(f), and each such determination or calculation shall (in the absence of manifest error) be final and binding on all parties.

(h) Reference Banks and Reference Agent

The Issuer will procure that, as long as any of the Notes remains outstanding, there will at all times be four Reference Banks and a Reference Agent. The Issuer has, subject to prior written consent of the Security Agent, the right to terminate the appointment of the Reference Agent or of any Reference Bank by giving at least ninety (90) calendar days’ notice in writing to that effect. Notice of any such termination will be given to the holders of the Notes in accordance with Condition 4.13. If any person shall be unable or unwilling to continue to act as a Reference Bank or the Reference Agent (as the case may be) or if the appointment of any Reference Bank or the Reference Agent shall be terminated, the Issuer will, with the prior written consent of the Security Agent, appoint a successor Reference Bank or Reference Agent (as the case may be) to act in its place, provided that neither the resignation nor removal of the Reference Agent shall take effect until a successor approved in writing by the Security Agent has been appointed.

4.5 Redemption and Cancellation

(a) Final redemption

Unless previously redeemed as provided below, the Issuer will redeem the Notes at their Principal Amount Outstanding (as defined below) on the Monthly Payment Date falling in April 2051 (the “**Final Maturity Date**”).

The Issuer may not redeem Notes in whole or in part prior to the Final Maturity Date except as provided in Conditions 4.5(b), 4.5(e), 4.5(f), 4.5(g), 4.5 (h) and 4.5(i) but without prejudice to Condition 4.9.

(b) Mandatory Redemption

Provided that no Enforcement Notice has been served in accordance with Condition 4.9:

- (i) on each Monthly Payment Date prior to the occurrence of a Sequential Trigger Event, the Issuer shall be obliged to apply the Notes Redemption Available Amount (as defined below) as follows (and in each case only if and to the extent that payments or provisions of a higher priority have been made in full):
 - (A) *first*, to redeem (or partially redeem) the Notes on a *pro rata* basis at their Principal Amount Outstanding up to the Maximum Pro Rata Amount Notes, until fully redeemed; and
 - (B) *second*, to repay (or partially repay) principal amounts due under the Subordinated Loan, up to the Maximum Pro Rata Amount Subordinated Loan until fully repaid;
- (ii) on each Monthly Payment Date following the occurrence of a Sequential Trigger Event, the Issuer shall be obliged to apply the Notes Redemption Available Amount (as defined below) as follows (and in each case only if and to the extent that payments or provisions of a higher priority have been made in full):
 - (A) *first*, to redeem (or partially redeem) the Notes on a *pro rata* basis at their Principal Amount Outstanding, until fully redeemed; and
 - (B) *second*, to repay (or partially repay) principal amounts due under the Subordinated Loan, until fully repaid.

The principal amount so redeemable in respect of each relevant Note (each a “**Principal Redemption Amount**”) on the relevant Monthly Payment Date shall be the amount (if any) (rounded down to the nearest euro) of:

- (i) in case of a redemption on a Monthly Payment Date prior to the occurrence of a Sequential Trigger Event, the lesser of (i) the Notes Redemption Available Amount and (ii) the Maximum Pro Rata Amount Notes, each of (i) and (ii), on the Monthly Calculation Date relating to that Monthly Payment Date divided by the number of Notes subject to such redemption; and

The Issuer has undertaken in the SME Receivables Purchase Agreement to sell and assign the SME Receivables to the Seller or any third party appointed by the Seller in its sole discretion in case of the exercise of the Clean-Up Call Option, to the extent it still holds the SME Receivables upon exercise by the Seller of the Clean-Up Call Option.

The proceeds of such sales shall be applied by the Issuer towards:

- (a) *first*, in or towards satisfaction of principal amounts due under the Notes until fully redeemed; and
- (b) *second*, in or towards satisfaction of principal amounts due under the Subordinated Loan until fully repaid.

All SME Receivables which would be so repurchased by the Seller or the third party shall be repurchased for a price equal to the then Outstanding Principal Amount together with accrued interest due but unpaid (if any) up to the relevant date of such repurchase and reassignment and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such repurchase and re-assignment), except that with respect to Defaulted Receivables, the purchase price shall be an amount as calculated by the Servicer in its daily operations representing an amount equal to the Outstanding Principal Amount of such SME Receivable less the estimated losses or, as the case may be, realised losses in relation to such SME Receivable according to the Seller’s impairment policy (the “**Optional Repurchase Price**”).

Upon receipt of such payment, the Securities Settlement System Operator shall cause the amounts due to the relevant Noteholders to be credited to the accounts of the Securities Settlement System Participants through which the Noteholders hold their Notes, who shall cause the same amounts to be credited to the Noteholder's accounts with such Securities Settlement System Participants.

- (b) Payments of principal and interest in respect of the Notes are subject in all cases to any (i) fiscal or other laws and regulations applicable thereto and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto (such withholding or deduction, "**FATCA Withholding**").
- (c) The initial Domiciliary Agent is KBC Bank NV and its initial specified office is at Havenlaan 2, 1080 Brussels. In that event, the Issuer, the Securities Settlement System Operator, the Domiciliary Agent or such other person (as the case may be) shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. Neither the Issuer, the Securities Settlement System Operator, the Domiciliary Agent nor any other person will be obliged to gross up the payments in respect of the Notes or to make any additional payments to any Noteholders in respect of any such withholding or deduction.

- (iii) an order being made or an effective resolution being passed for the winding up (*ontbinding / dissolution*) of the Issuer except a winding up for the purposes of or pursuant to an amalgamation or reconstruction the terms of which have previously been approved by the Security Agent in writing or by an Extraordinary Resolution of the Noteholders; or
- (iv) the Issuer, otherwise than for the purposes of such amalgamation or reconstruction as is referred to in sub paragraph (iii) above, ceasing or, through an official action of the Board of Directors of the Issuer, threatening to cease to carry on business or the Issuer being unable to pay its debts allocated to Compartment SME Loan Invest 2017 as and when they fall due or the value of its assets allocated to Compartment SME Loan Invest 2017 falling to less than the amount of its liabilities allocated to Compartment SME Loan Invest 2017 or otherwise becomes insolvent; or

Administrator, is very likely to result in the loss of such status and would adversely affect the Transaction.

(b) General

Each of the Noteholders agrees with the Issuer and the Security Agent that all obligations of the Issuer to the Noteholders and all other Secured Parties are limited in recourse such that only the Pledged Assets allocated to Compartment SME Loan Invest 2017 will be available to meet the claims of the Noteholders and the other Secured Parties. In the event that the Security Interests in respect of the Notes have been fully enforced and the proceeds of such enforcement, after payment of all other claims ranking under the Pledge Agreement in priority to the relevant Notes are insufficient to pay in full all principal and interest and other amounts whatsoever due in respect of the Notes, the Noteholders shall have no further claim against the Issuer or the Security Agent in respect of any such unpaid amounts.

- (ii) Only the Security Agent may enforce the Security Interests and no other Secured Party shall be entitled to enforce such security or proceed against the Issuer to enforce the performance of any of the provisions of the Pledge Agreement, unless the Security Agent, having become bound to take such steps as provided in the Pledge Agreement, fails to do so within a reasonable period (thirty (30) days being deemed for this purpose to be a reasonable period) and such failure shall be continuing. - (ii) Without prejudice to Condition 4.10(a), each Secured Party has agreed in the Pledge Agreement that:
- (A) no Secured Party, (nor any person on its behalf), other than the Security Agent is entitled, otherwise than as permitted by the Transaction Documents, to direct the Security Agent to take any proceedings against the Issuer or take any proceedings against the Issuer unless the Security Agent, having become bound to serve an Enforcement Notice or having been requested in writing or directed by a resolution of the Noteholders in accordance with Conditions 4.10(a) to take any action to enforce its rights under the Notes and under the other Transaction Documents (such obligations a “**Security Agent Action**”), fails to do so within thirty (30) calendar days of becoming so bound and that failure is continuing (in which case each of the Secured Parties shall (subject to (C) and (D) below) be entitled to take any such steps and proceedings as it shall deem necessary in respect of, the Issuer);
 - (B) no Secured Party (nor any person on its behalf), other than the Security Agent, shall have the right to take or join any person in taking any steps against the Issuer for the purpose of obtaining payment of any amount due from the Issuer to any of such Secured Parties, unless the Security Agent, having become bound to take a Security Agent Action, fails to do so within thirty (30) calendar days of becoming so bound and that failure is continuing (in which case each of the Secured Parties shall (subject to (C) and (D) below) be entitled to take any such steps and proceedings as it shall deem necessary in respect of the Issuer);
 - (C) until the date falling one year after the latest maturing Note is paid in full, no Secured Party, including the Security Agent, (nor any person acting on their behalf) shall initiate or join any person in initiating any Bankruptcy Event or the appointment of any Bankruptcy Official in relation to the Issuer or any of its Compartments;
 - (D) no Secured Party, including the Security Agent, (nor any person on their behalf) shall be entitled to take or join in the taking of any steps or proceedings which would result in the applicable priority of payments under the Pledge Agreement not being observed; and
 - (E) no Secured Party (nor any person on its behalf), other than the Security Agent, shall seek to prevent the Security Agent from exercising its powers and discretions under or pursuant to the Pledge Agreement (or any other Transaction Document), unless in the circumstances where they would be entitled to take direct action against the Issuer in accordance with the paragraphs (A) or (B) above.

“**Bankruptcy Event**” in respect of a person means: (a) such person is unable or admits its inability to pay its debts as they fall due, or suspends making payments on any of its debts or is otherwise insolvent; or (b) the value of the assets of such person is less than the amount of its liabilities, taking into account its contingent and prospective liabilities; or (c) a moratorium is declared in respect of any indebtedness of such person; or (d) the commencement of negotiations with one or more creditors of such person with a view to rescheduling any indebtedness of such person; or (e) any corporate action, legal proceedings or other procedure or step is taken in relation to: (i) the appointment of a Bankruptcy Official in relation to such person or in relation to the whole or any part of the undertaking or assets of such person; or (ii) any official or representative (excluding, in relation to the Issuer, by the Security Agent) taking possession of the whole or any part of the undertaking or assets of such person; or (iii) the making of an arrangement, or compromise, (whether by way of voluntary arrangement, scheme of arrangement or otherwise) with any creditor of such person, a reorganisation of such person, a conveyance to or assignment for the creditors of such

person generally or the making of an application to a court of competent jurisdiction for protection from the creditors of such person generally, including without limitation a bankruptcy (*faillissement / faillite*) and a judicial reorganisation (*gerechtelijke reorganisatie / réorganisation judiciaire*); or (iv) any distress, execution, attachment or other process being levied or enforced or imposed upon or against the whole or any part of the undertaking or assets of such person (excluding, in relation to the Issuer, by the Security Agent); or (f) any procedure or step is taken, or any event occurs, analogous to those set out in (a) to (e) above, in any jurisdiction.

“Bankruptcy Official” means, in relation to a person, a liquidator, (except, in the case of the Issuer, a liquidator appointed for the purpose of a merger, reorganisation or amalgamation the terms of which have previously been approved either in writing by the Security Agent or by an Extraordinary Resolution of the Noteholders of the Notes then outstanding), provisional liquidator, administrator, administrative receiver, receiver, manager, compulsory or interim manager, nominee, supervisor, trustee, trustee in bankruptcy, conservator, guardian or other similar officer in respect of such company or in respect of any arrangement, compromise or composition with any creditors or any equivalent or analogous officer under the law of any jurisdiction.

4.11 The Security Agent

(a) Appointment

The Security Agent has been appointed by the Issuer as representative of the Noteholders in accordance with Article 271/12 of the UCITS Act and as irrevocable attorney (*mandataris / mandataire*) of the other Secured Parties, in each case upon the terms and conditions set out in the Pledge Agreement and herein.

(b) Powers, authorities and duties

The Security Agent, acting in its own name and on behalf of the Secured Parties shall have the power:

- (i) to accept the Security Interests on behalf of the Noteholders and the other Secured Parties;
- (ii) upon service of an Enforcement Notice, to proceed against the Issuer to enforce the performance of the Transaction Documents and to enforce the Security Interests on behalf of the Secured Parties;
- (iii) to collect all proceeds in the course of enforcing the Security Interests;
- (iv) to apply or to direct the application of the proceeds of enforcement in accordance with the Conditions and the provisions of the Pledge Agreement;
- (v) to instruct the Domiciliary Agent (or any substitute domiciliary agent appointed in accordance with the provisions of the Agency Agreement) to open a bank account with an Eligible Institution for the purposes of depositing the proceeds of enforcement and to give all directions to the Eligible Institution and/or the Domiciliary Agent (or its substitute) to administer such account, and to receive a power of attorney given by the Domiciliary Agent to administer such account;
- (vi) to exercise all other powers and rights and perform all duties given to the Security Agent under the Transaction Documents; and
- (vii) generally, to do all things necessary in connection with the performance of such powers and duties.

“**Eligible Institution**” means a credit institution within the meaning of the Belgian law of 25 April 2014 on credit institutions.

The Security Agent may delegate the performance of any of the foregoing powers to any persons (including any legal entity) whom it may designate. Notwithstanding any sub-contracting or delegation of the performance of its obligations under the Pledge Agreement, the Security Agent shall not thereby be released or discharged from any liability hereunder and shall remain responsible for the performance of the obligations of the Security Agent under the Pledge Agreement and shall be jointly and severally liable for the performance or non-performance or the manner of performance of any sub-contractor, agent or delegate and such sub-contracting or delegation shall not affect the Security Agent’s obligations under the Pledge Agreement.

The Security Agent has also been appointed as irrevocable agent (*mandataris / mandataire*) of the Secured Parties (other than the Noteholders). In relation to any duties, obligations and responsibilities of the Security Agent to these other Secured Parties in its capacity as agent of these other Secured Parties in relation to the Pledged Assets and under or in connection with the Transaction Documents, the Security Agent and these other Secured Parties agree and the Issuer concurs, that the Security Agent shall discharge these duties, obligations and responsibilities by performing and observing its duties, obligations and responsibilities as representative of the Noteholders in accordance with the provisions of the Pledge Agreement, the Transaction Documents and the Conditions.

The Security Agent may in accordance with Clause 10(e) of the Pledge Agreement serve a Protection Notice as a result of which no payments shall be made from the Transaction Accounts without the prior consent of the Security Agent, provided that such will not alter the relevant Priority of Payments.

(c) Variations

The Security Agent may on behalf of the Noteholders and without the consent of the Noteholders or the other Secured Parties at any time and from time to time, concur with the Issuer or any other person in making any modification:

- (i) to the Transaction Documents which in the opinion of the Security Agent is of a formal, minor, or technical nature or is to correct a manifest error or to comply with the mandatory provisions of Belgian law; or
- (ii) to the Transaction Documents which in the opinion of the Security Agent is not materially prejudicial to the interests of the Noteholders, provided that such modification will have no adverse impact on the then current rating assigned to the Notes (it being understood that the fact that the then current rating of the Notes will not be adversely affected does not address whether such modification is in the best interest of, or prejudicial to, some or all of the Noteholders),

it being understood that any modification of a Transaction Document must be approved by each party thereto.

Any such modification shall be binding on the Noteholders.

In no event may such modification be a Basic Terms Modification (as defined in Condition 4.12) and except as set forth in Condition 4.12. The Security Agent shall not be bound to give notice to Noteholders of any modifications to the Transaction Documents agreed pursuant to this paragraph. The Issuer shall cause notice of any such modification to be given to the Rating Agencies, the Administrator, the Coporate Services Provider, the Servicer and the Domiciliary Agent.

If, in the Security Agent's opinion it is not sufficiently established that the proposed amendment or variation can be approved by it in accordance with this paragraph, it will determine in its full discretion whether to submit the proposal to a duly convened meeting of Noteholders or to refuse the proposed amendment or variation, or, in case of a Basic Term Modification, to ask for an approval of such Basic Term Modification by an Extraordinary Resolution.

(d) Waivers

The Security Agent may, without the consent of the Noteholders and the other Secured Parties or the Issuer, without prejudice to its right in respect of any further or other breach, condition, event or act from time to time and at any time, but only if and in so far as in its opinion the interests of Noteholders will not be materially prejudiced thereby, (i) authorise or waive, on such terms and conditions (if any) as shall seem expedient to it, any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Pledge Agreement, the Notes or any of the Transaction Documents, or (ii) determine that any breach, condition, event or act which constitutes (and/or which, with the giving of notice or the lapse of time and/or the Security Agent making any relevant determination and/or issuing any relevant certificate would constitute) but for such determination, an Event of Default shall not, or shall not subject to specified conditions, be treated as such for the purposes of the Pledge Agreement. Any such authorisation, waiver or determination pursuant to this clause shall be binding on the Noteholders and if, but only if, the Security Agent shall so require, notice thereof shall be given to the Noteholders and the Rating Agencies.

(e) Reliance

In determining whether or not any power, trust, authority, duty or discretion or any change, event or occurrence under or in relation to the Conditions or any of the Transaction Documents will be materially prejudicial to the interests of Noteholders, the Security Agent shall be able to rely on, and act on any advice or opinion of or any certificate obtained from a valuer, accountant, banker, broker, securities company or other company other than the Rating Agencies whether obtained by itself or the Issuer and it shall not be liable for any loss occasioned by such action, save where such loss is due to its Gross Negligence, wilful misconduct or fraud. Concurrently, the Security Agent may, along with any other relevant factors, have regard for whether the Rating Agencies have confirmed that the then current rating of the Notes, would not be adversely affected by such change, event or occurrence. The fact that the current ratings of the Notes would not be adversely affected shall not be construed to mean that any such exercise, change, event or occurrence is not materially prejudicial to the interests of the Noteholders.

(f) Conflicts of interest

In connection with the exercise of its powers, authorities and discretions, the Security Agent shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequence of such exercise for individual Noteholders.

The Security Agent shall take account of the interests of the Secured Parties to the extent that there is no conflict amongst them. To the extent that:

- (i) an actual conflict exists or is likely to exist between the interests of the Secured Parties in relation to any material action, decision or duty of the Security Agent under or in relation to the Pledge Agreement and the Conditions; and
- (ii) any of the Transaction Documents and the Conditions give the Security Agent a material discretion in relation to such action, decision or duty;

the Security Agent shall always have regard to the interests of the Noteholders in priority to the interests of the other Secured Parties.

For so long as there are any Notes outstanding, the Security Agent is to have regard solely to the interests of the Noteholders if, in the Security Agent's opinion, there is a conflict between the interests of (a) the Noteholders and (b) any other Secured Parties.

Further, to the extent that:

- (A) an actual conflict exists or is likely to exist between the interests of the Issuer, the Secured Parties and the interests of KBC Bank NV in its capacity as Seller in relation to any material action, decision or duty of the Security Agent under or in relation to the Pledge Agreement and any other Transaction Document; and
- (B) the Pledge Agreement and any other Transaction Document gives the Security Agent a material discretion in relation to such action, decision or duty;

then the Security Agent shall have regard to the interests of the Issuer and the Secured Parties (other than KBC Bank NV in its capacity as Seller) in priority to the interests of the Seller.

(g) Replacement of the Security Agent

The Noteholders shall be entitled to terminate the appointment of the Security Agent by an Extraordinary Resolution notified to the Issuer and the Security Agent, provided that:

- (i) in the same resolution a substitute security agent is appointed; and
- (ii) such substitute security agent meets all legal requirements to act as security agent and common representative and accepts to be bound by the terms of the Transaction Documents in the same way as its predecessor.

If any of the following events (each a “**Security Agent Termination Event**”) occurs, namely:

- (i) an order is made or an effective resolution is passed for the dissolution (*ontbinding / dissolution*) of the Security Agent except a dissolution (*ontbinding / dissolution*) for the purpose of a merger where the Security Agent remains solvent; or
- (ii) the Security Agent ceases or threatens to cease to carry on its business or a substantial part of its business or stops payment or threatens to stop payment of its debts or becomes unable to pay its debts as they fall due or the value of its assets falls to less than the amount of its liabilities (taking into account for both these purposes its contingent and prospective liabilities) or otherwise becomes insolvent; or
- (iii) the Security Agent defaults in the performance or observance of any of its material covenants and obligations under the Pledge Agreement or any other Transaction Document and (except where such default is incapable of remedy, when no such continuation and/or notice shall be required) such default continues unremedied for a period of thirty (30) Business Days after the earlier of the Security Agent becoming aware of such default and receipt by the Security Agent of written notice from the Issuer requiring the same to be remedied; or
- (iv) the Security Agent becomes subject to any bankruptcy (*faillissement / faillite*), judicial reorganisation (*gerechtelijke reorganisatie / réorganisation judiciaire*), as applicable, or other insolvency procedure under applicable laws; or

- (v) the Security Agent is unable to perform its material obligations under the Pledge Agreement for a period of twenty (20) Business Days by circumstances beyond its reasonable control or *force majeure*; or
- (vi) the Security Agent no longer meets the conditions set out in the UCITS Act and any implementing royal decrees containing the requirements for the appointment of an agent for Noteholders in accordance with Article 271/12 §1 first to seventh indent of the UCITS Act;

then the Issuer shall by written notice to the Security Agent, the other Secured Parties and the Rating Agencies terminate the powers delegated to the Security Agent under the Pledge Agreement and the Transaction Documents with effect from a date (not earlier than the date of the notice) specified in the notice and appoint a substitute security agent selected by the Issuer which shall act as security agent until a new security agent is appointed by the general meeting of Noteholders which shall promptly be convened by the Issuer. Upon such selection being made and notified by the Issuer to the Secured Parties in a way deemed appropriate by the Issuer all rights and powers granted to the company then acting as Security Agent shall terminate and shall automatically be vested in the substitute security agent so selected. All references to the Security Agent in the Transaction Documents shall where and when appropriate be read as references to the substitute security agent as selected and upon vesting of rights and powers pursuant this clause.

Such termination shall also terminate the appointment and power of attorney by the other Secured Parties. The other Secured Parties hereby irrevocably agree that the substitute security agent shall from the date of its appointment act as attorney (*mandataris / mandataire*) of the other Secured Parties on the terms and conditions set out in these Conditions and the Transaction Documents.

The Security Agent shall not be discharged from its responsibilities under the Pledge Agreement until a suitable substitute security agent, which has been accepted by the Issuer and the Noteholders (such approval not being unreasonably withheld) is appointed.

(h) Accountability, Indemnification and Exoneration of the Security Agent

If so requested in advance by the board of directors of the Issuer, the Security Agent shall report to the general meeting of Noteholders on the performance of its duties under the Pledge Agreement and the Transaction Documents provided such request is notified by registered mail no later than ten (10) Business Days prior to the relevant general meeting of Noteholders. The board of directors of the Issuer shall require such report if so requested by those Noteholders who have requested that such general meeting be convened.

The Transaction Documents contain provisions governing the responsibility (and relief from responsibility) of the Security Agent and providing for its indemnification in certain circumstances, including provisions relieving the Security Agent from taking enforcement proceedings or enforcing the Security Interests unless indemnified to its satisfaction.

The Security Agent shall not be liable to the Issuer or any of the Secured Parties (other than the Security Agent) in respect of any loss or damage which arises out of the exercise, or the attempted exercise of, or the failure to exercise any of its powers or any loss resulting there from, except that the Security Agent shall be liable for such loss or damage that is caused by its Gross Negligence, wilful misconduct or fraud.

The Security Agent shall not be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Pledged Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by or to the order of the Servicer or any agent or related company of the Servicer or by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Security Agent.

The Security Agent shall have no liability for any breach of or default under its obligations under the Transaction Documents if and to the extent that such breach is caused by any failure on the part of the Issuer, any of the Secured Parties (other than the Security Agent) to duly perform any of their material obligations under any of the Transaction Documents. In the event that the Security Agent is rendered unable to duly perform its obligations under the Transaction Documents by any circumstances beyond its control (*overmacht / force majeure*), the Security Agent shall not be liable for any failure to carry out its obligations under the Transaction Documents which are thus affected by the event in question and, for so long as such circumstances continue, its obligations under the Transaction Documents which are thus affected will be suspended without liability for the Security Agent.

The Security Agent shall not be responsible for monitoring the compliance by any of the other parties (including the Issuer and the Servicer) with their obligations under the Transaction Documents. The Security Agent may, until it has actual knowledge or express notice to the contrary, assume the Issuer and the Servicer are observing and performing all their obligations under any of the Transaction Documents and in any notices or acknowledgements delivered in connection with any such Transaction Documents.

The Security Agent shall not be responsible for ensuring that any Security Interest is created by, or continues to be managed by, the Issuer, the Security Agent, or any other person in such a manner as to create or maintain sufficient control to obtain the type of Security Interest described in the Pledge Agreement in relation to the assets of the Issuer which are purported to be secured thereby, provided that it complies with the provisions of the Transaction Documents.

Except if such meeting is convened by the Security Agent, but only to the extent that any defect has arisen directly from the Security Agent's Gross Negligence, wilful misconduct or fraud, the Security Agent shall not be liable for acting upon any resolution purporting to have been passed at any meeting of the Noteholders in respect whereof minutes have been made and signed even though subsequent to its acting it may be found that there was some defect in the constitution of the meeting or passing of the resolution or that for any reason the resolution was not valid or binding upon such Noteholders.

If the Security Agent has acted upon such resolution, each Noteholder shall forthwith on demand indemnify the Security Agent for its *pro rata* share in any liability, loss or expense incurred or expected to be incurred by the Security Agent in any way relating to or arising out of its acting as Security Agent in respect of that resolution, except to the extent that the liability or loss arises directly from the Security Agent's Gross Negligence, wilful misconduct or fraud. The liability shall be divided between the Noteholders *pro rata* according to the respective Principal Amount Outstanding of the Notes held by each of them respectively.

(i) Instructions and indemnity

The Security Agent shall not be bound to take any action under its powers or duties other than those referred to in paragraph (i), (iii) and (v) of Condition 4.11(b) and Condition 4.11(c) unless:

- (A) it shall have been directed to do so by an Extraordinary Resolution of the holders of the Notes then outstanding; or it shall have been requested to do so by the holders of not less than fifty (50) per cent. in Principal Amount Outstanding of the Notes then outstanding and held by External Investors; or it shall have been requested to do so by the holders of not less than ten (10) per cent. in Principal Amount Outstanding of the Notes then outstanding; and
- (B) it shall in all cases have been indemnified to its satisfaction against all liability, proceedings, claims and demands to which it may be or become liable and all costs, charges and expenses

which may be incurred by it in connection therewith, save where these are due to its own Gross Negligence, wilful misconduct or fraud.

Whenever the interests of the Noteholders are or can be affected in the opinion of the Security Agent, the Security Agent may – if indemnified to its satisfaction - take legal action on behalf of the Noteholders and represent the Noteholders in any insolvency proceeding and any other legal proceedings initiated against the Issuer or any other party to a Transaction Document.

The Security Agent can under no circumstances, including the situation wherein Noteholders' instruction or approval cannot be obtained for whatever reason, be required to act without it being remunerated and indemnified or secured to its satisfaction.

The Security Agent shall be indemnified by the Issuer and held harmless, in respect of any and all liabilities and expenses incurred by it or by anyone appointed by it or to whom any of its functions may be delegated by it in carrying out its functions.

(j) Parallel Debt

In the Parallel Debt Agreement the Issuer will irrevocably and unconditionally undertake to pay to the Security Agent an amount equal to the aggregate amount due (*verschuldigd / dû*) by the Issuer (the “**Parallel Debt**”):

- (i) to the Noteholders under the Notes;
- (ii) as expenses or other amounts to the Issuer Directors under the Issuer Management Agreements;
- (iii) as fees and expenses to the Servicer under the Issuer Services Agreement;
- (iv) as fees and expenses to the Administrator under the Issuer Services Agreement;
- (v) as fees and expenses to the Corporate Services Provider under the Issuer Services Agreement;
- (vi) as fees and expenses to the Domiciliary Agent, the Reference Agent and the Listing Agent under the Agency Agreement;
- (vii) to the Swap Counterparty under the Swap Agreement, excluding the return of Excess Swap Collateral;
- (viii) the Account Bank under the Account Bank Agreement;
- (ix) to the Seller under the SME Receivables Purchase Agreement; and
- (x) to the Subordinated Loan Provider under the Subordinated Loan Agreement and the Expenses Subordinated Loan Agreement.

(together the “**Secured Parties**”).

The Parallel Debt constitutes a separate and independent obligation of the Issuer and constitutes the Security Agent's own separate and independent claim to receive payment of the Parallel Debt from the Issuer. Upon receipt by the Security Agent of any amount in payment of the Parallel Debt, the payment obligations of the Issuer to the Secured Parties shall be reduced by an amount equal to the amount so received.

To the extent that the Security Agent irrevocably and unconditionally receives any amount in payment of the Parallel Debt, the Security Agent shall distribute such amount among the Secured Parties in accordance with the Priority of Payments upon Enforcement. The amounts due to the Secured Parties, will be the sum of:

- (A) amounts recovered by it on the SME Receivables and the other Pledged Assets; and
- (B) the amounts received in connection with the Pledge Agreement and penalty provided in the SME Receivables Purchase Agreement insofar such penalty relates to the SME Receivables and the other Pledged Assets; and
- (C) the *pro rata* part of amounts received from any of the Secured Parties, as received or recovered by any of them pursuant to the Parallel Debt Agreement;
- (D) **less** any amounts already paid by the Security Agent to the Secured Parties pursuant to the Pledge Agreement, and
- (E) **less** the *pro rata* part of the costs and expenses of the Security Agent (including, for the avoidance of doubt, any costs of, *inter alia*, the Rating Agencies and any legal advisor, auditor or accountant appointed by the Security Agent).

4.12 Meetings of Noteholders, Modifications and Waivers

The Articles 568 to 580 of the Company Code (*Wetboek van vennootschappen / Code des sociétés*) shall only apply to the extent that the Conditions, the articles of association of the Issuer or the Transaction Documents do not contain provisions which differ from the provisions contained in such articles.

The Pledge Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting the interests of Noteholders, including proposals by Extraordinary Resolution to modify, or to sanction the modification of the Notes (including these Conditions) or the provisions of any of the Transaction Documents.

Any resolution passed at a meeting of the Noteholders duly convened and held in accordance with the Conditions shall be binding upon all the Noteholders whether present or not present at such meeting and whether or not voting, provided that no Basic Terms Modification shall be effective unless the modification is approved by an Extraordinary Resolution in accordance with the rules set out in the Pledge Agreement for approving a Basic Terms Modification, except that if the Security Agent is of the opinion that such Basic Terms Modification is being proposed by the Issuer as a result of, or in order to avoid an Event of Default, no such Extraordinary Resolution is required. For the avoidance of doubt, any modification (regardless of whether such modification is a Basic Terms Modification or not), shall require the consent of the Issuer.

The Board of Directors of the Issuer or the Auditors for the time being of the Issuer may at any time or upon a request in writing of (i) Noteholders holding not less than one-tenth of the Principal Amount Outstanding of the Notes for the time being outstanding, (ii) Noteholders holding not less than fifty (50) per cent. of the Principal Amount Outstanding of the Notes for the time being outstanding and held by External Investors, or (iii) the Security Agent (subject to its being indemnified to its satisfaction against all costs and expenses thereby occasioned), shall convene a general meeting of the Noteholders.

The Notes are only offered, directly or indirectly to holders who satisfy the following criteria (“**Eligible Holders**”):

- (1) they qualify as qualifying investors (*in aanmerking komende beleggers / investisseurs éligibles*) within the meaning of Article 5, §3/1 of the UCITS Act (“**Qualifying Investors**”), acting for their own account;
- (2) they do not constitute investors that, in accordance with annex A, (I), second indent, of the Royal Decree of 3 June 2007 concerning further rules for implementation of the directive on markets in financial instruments (“**Mifid**”), have registered to be treated as non-professional investors; and
- (3) they qualify as a holder of an exempt securities account (“**X-account**”) with the Securities Settlement System operated by the National Bank of Belgium or (directly or indirectly) with a participant in such system and will use that X-Account for the holding of the Notes.

A list of, for the time being, Qualifying Investors is attached as Annex I.

The minimum investment required per investor acting for its own account is EUR 250,000.

Any acquisition of a Note by, or transfer of a Note to, a person who is not an Eligible Holder or to a person who is an Excluded Holder shall be void and not binding on the Issuer and the Security Agent. If a

Noteholder ceases to be an Eligible Holder or becomes an Excluded Holder, it is obliged to report this to the Issuer and it will promptly transfer the Notes it holds to a person that qualifies as an Eligible Holder or that does not qualify as an Excluded Holder.

Each payment of interest on Notes of which the Issuer becomes aware that they are held by a holder that does not qualify as an Eligible Holder or that qualifies as an Excluded Holder, will be suspended.

The Manager will not, after the initial distribution, offer and sale of the Notes as provided in the Subscription Agreement, have any obligation whatsoever to ensure that the Notes are offered, sold, delivered or held by Eligible Holders.

In addition, the following sale and purchase restrictions will apply:

- **European Economic Area**

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Manager has represented and agreed that it has not made and will not make an offer of the Notes to the public in that Relevant Member State, except that it may make an offer of the Notes to the public in a Relevant Member State at any time:

- (3) in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 (2) of the Prospectus Directive,

provided always that such offering shall be restricted to Qualifying Investors only and that such offer shall not require the Issuer or the Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of the Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State. This expression “offer of the Notes to the public” should however not be understood as defined in the Prospectus Directive.

The Issuer does not intend to request that the FSMA provides the competent authority of other EEA Member States a certificate of approval attesting that the Prospectus has been drawn up in accordance with the Prospectus Directive. In any EEA Member State, offers of Notes can only be made pursuant to an exemption from the obligation under the Prospectus Directive as implemented in such Member State, to publish a prospectus.

- (3) they qualify as a holder of an exempt securities account (“**X-account**”) with the Securities Settlement System operated by the National Bank of Belgium or (directly or indirectly) with a participant in such system and will use that X-Account for the holding of the Notes.

Accordingly, the Notes are being offered, sold or delivered only to non-U.S. persons (within the meaning of Regulation S) in offshore transactions in reliance on Regulation S.

The Manager has agreed that it will not offer or sell the Notes as part of its distribution at any time or otherwise until 40 days after the later of the commencement of the offering of the Notes and the Closing Date (the “**distribution compliance period**”) within the United States or to, or for the account or benefit of, U.S. persons (within the meaning of Regulation S), and it will have sent to

each affiliate or other dealer (if any) to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. Persons. In addition, until 40 days after the later of the commencement of the offering of the Notes and the Closing Date, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the U.S. Securities Act.

- **Excluded holders**
