Details of the ratings of the Mortgage Pandbrieven will be specified in the applicable Final Terms. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating organisation.

The issue price and amount of the relevant Mortgage Pandbrieven will be determined at the time of offering of each Tranche or Series based on, inter alia, the then prevailing market conditions and will be set out in the applicable Final Terms.

In addition, the Mortgage Pandbrievien will be covered in accordance with the Belgian Covered Bond Regulations by the Special Estate and the Mortgage Pandbrievien Holders and the Other Cover Pool Creditors will have an exclusive

recourse right to the Special Estate. See also “*Summary of the Belgian Covered Bond Regulations*” below.

Special Estate

Priority Rules in respect of security interest securing Cover Assets and assets in the General Estate

If a security interest (including any mortgage and mortgage mandate) secures both Cover Assets and obligations which are assets of the General Estate, all sums received out of the enforcement of the security interest will be applied in priority to satisfy the obligations in relation to the Cover Assets. Any proceeds of enforcement of such security interest can only be applied in satisfaction of the obligations which are assets of the General Estate once all sums owed to the Special Estate in respect of the relevant Cover Assets are irrevocably repaid in full (see Condition 12.3(*Priority Rules regarding security interest securing both Cover Assets and assets in the General Estate*)).

Issuer Undertakings

The Issuer will undertake in favour of the Mortgage Pandbrievens Holders and the Mortgage Pandbrievens Holders’ Representative (i) to comply with all obligations imposed on it under the Belgian Covered Bond Regulations, (ii) that the Special Estate will mainly consist of Residential Mortgage Loans and will not include (x) RMBS, (y) ABS and (z) mortgage loans other than Residential Mortgage Loans and (iv) to provide an investor report (the **Investor Report**), containing information regarding, amongst others, the Mortgage Pandbrievens and the composition of the Special Estate, on a monthly basis, on the 15th Business Day of each calendar month (each an **Investor Report Date**), which will be made available on the website of the Issuer at <https://www.bnpparibasfortis.com/fr/investisseurs/coveredbonds/covered-bonds>.

The Issuer also undertakes that the Special Estate will at all times include a number of liquid bonds (i) which have an aggregate market value which, after applying the ECB haircut in accordance with the Guideline 2015/510 of the ECB of 19 December 2014 on the implementation of the Eurosystem monetary policy (as may be amended, supplemented, replaced and/or restated from time to time), is higher than the amount of interest due and payable on the outstanding Mortgage Pandbrievens within a period of three months meeting the criteria set out in paragraph 7 of the NBB Covered Bonds Regulation and (ii) which (1) are eligible as collateral for Eurosystem monetary policy purposes and intra-day credit operations by the Eurosystem, (2) have a credit quality step 1 as defined in the CRR, (3) are subject to a daily mark-to-market, (4) have a remaining maturity of more than three months, (5) are not debt issued by the Issuer, and (6) are not residential mortgage backed securities (RMBS), commercial mortgage backed securities

(CMBS) or any other asset backed securities (ABS).

Criteria for the transfer of assets by the General Estate to the Special Estate

The Issuer has also agreed, in the Special Estate Administration Agreement and in the Conditions, the criteria to be used for the selection of assets to satisfy the Issuer's revindication obligations (see Condition 12.1 (*Criteria for the transfer of assets by the General Estate to the Special Estate*) for the full list).

Cover Register

The Issuer will maintain a Cover Register in which both the issued Mortgage Pandbrieven and the Cover Assets will be registered.

Cover Assets means Residential Mortgage Loans that are or will be registered in the Cover Register and all other assets that are or will be included in the Special Estate pursuant to Article 3 of Annex III to the Banking Law.

Cover Register means the cover register established by the Issuer for the Mortgage Pandbrieven issued under the Programme in accordance with Article 15, §2 of Annex III to the Banking Law.

See also "*Summary of the Belgian Covered Bond Regulations – 5. Special obligations of the Issuer in respect of administration of the Belgian Covered Bonds*" below.

Cover Tests

In accordance with Article 2, §2 of Annex III to the Banking Law, the Cover Assets comprising the Special Estate must, for the duration of the Mortgage Pandbrieven, provide sufficient cover (i) for the payment of principal and interest on the Mortgage Pandbrieven, (ii) for the obligations towards the Other Cover Pool Creditors and (iii) for the management of the Special Estate.

Article 5 of the Covered Bonds Royal Decree which further implements this rule, (a) includes a general requirement that, with respect to the Special Estate, the sum of interest, principal and all other revenues generated by the Cover Assets must be sufficient to cover the sum of all interest, principal and charges linked to the Mortgage Pandbrieven (the **Cover Asset Adequacy Test**), and (b) provides, more in particular, for the following two specific tests in relation to the minimum cover to be provided by the Cover Assets.

At the time of the issuance and as long as any Mortgage Pandbrieven remain outstanding:

- (i) the value of the Residential Mortgage Loans registered as Cover Assets in the Special Estate determined in accordance with the valuation rules set out in the Covered Bonds Royal Decree must represent at least 85% of the

aggregate Principal Amount Outstanding of the Mortgage Pandbrieven then in issue (the **85% Asset Coverage Test**); and

**Breach of the
Statutory
Tests**

If the Issuer is (and remains) unable to meet the requirements of the Statutory Tests or any other specific requirements which apply to it as an issuing credit institution of Belgian covered bonds, the NBB can require the Issuer to resolve the situation within a grace period specified by the NBB. If the situation is not resolved after expiry of this grace period, the NBB can remove the Issuer from the list of Belgian covered bonds issuers and revoke the Issuer's license to issue Belgian covered bonds. In situations of urgency the NBB can take such measure without first allowing a grace period within which to resolve the situation.

The NBB can also publish warnings/statements indicating that a credit institution has failed to comply with the NBB's requests to meet the requirements of the Belgian Covered Bond Regulations within a specified grace period. In addition, as part of its general supervisory function under the Banking Law, the NBB can impose fines and administrative penalties.

A removal of the Issuer from the list of Belgian covered bonds issuers will have no impact on the Mortgage Pandbrieven already issued by the Issuer.

SECTION 2 - RISK FACTORS

Introduction

This Base Prospectus identifies in a general way the information that a prospective investor should consider prior to making an investment in the Mortgage Pandbrieven. However, a prospective investor should conduct its own thorough analysis (including its own accounting, legal and tax analysis) prior to deciding whether to invest in the Mortgage Pandbrieven as any evaluation of the suitability for an investor of an investment in the Mortgage Pandbrieven depends upon a prospective investor's particular financial and other circumstances, as well as on the specific terms of the Mortgage Pandbrieven. This Base Prospectus is not, and does not purport to be, an investment advice or an investment recommendation to purchase Mortgage Pandbrieven. The Issuer is acting solely in the capacity of an arm's length contractual counterparty and not as a purchaser's financial adviser or fiduciary in any transaction unless it has agreed to do so in writing. If a prospective investor does not have experience in financial, business and investment matters sufficient to permit it to make such a determination, the investor should consult with its independent financial adviser prior to deciding to make an investment in the Mortgage Pandbrieven.

Each prospective investor in Mortgage Pandbrieven must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Mortgage Pandbrieven (i) is fully consistent with its (or if it is acquiring the Mortgage Pandbrieven in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with any investment policies, guidelines and restrictions applicable to it (whether acquiring the Mortgage Pandbrieven as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or, if it is acquiring the Mortgage Pandbrieven in a fiduciary capacity, for the beneficiary). In particular, investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its legal advisers to determine whether and to what extent (i) the Mortgage Pandbrieven are legal investments for it, (ii) the Mortgage Pandbrieven can be used as underlying securities for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Mortgage Pandbrieven.

Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Mortgage Pandbrieven under any applicable risk-based capital or similar rules.

In purchasing Mortgage Pandbrieven, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Mortgage Pandbrieven. There are a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Mortgage Pandbrieven. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Mortgage Pandbrieven.

1. Risk factors relating to the Issuer and its Operations

Difficult market and economic conditions could in the future have a material adverse effect on the operating environment for financial institutions and hence on the Issuer's financial condition, results of operations and cost of risk.

As part of a global financial institution, the Issuer's businesses can be highly sensitive to changes in the financial markets and economic conditions generally in Europe (especially in Belgium and Luxembourg). In recent years, the Issuer has been, and may again in the future be confronted with a significant deterioration of market and economic conditions resulting, among other things, from crises affecting sovereign debt, the capital markets, credit or liquidity markets, regional or global recessions, sharp fluctuations in commodity prices (including oil), currency exchange rates or interest rates, volatility in prices of financial derivatives, inflation or deflation, corporate or sovereign debt rating downgrades, restructurings or defaults, or adverse political and geopolitical events (such as natural disasters, pandemics, societal unrest, geopolitical tensions, acts of terrorism and military conflicts). Such disruptions, which may develop quickly and hence not be fully hedged, could affect the operating environment for financial institutions for short or extended periods and have a material adverse effect on the Issuer's financial condition, results of operations or cost of risk. In 2017, the macroeconomic environment could be subject to various specific risks, including geopolitical tensions, financial market volatility, slowdowns in China and emerging markets, weak growth in the Euro-zone, decreasing prices of commodities and the gradual unwinding of exceptionally accommodating monetary policies in the United States. Measures taken or that may be taken by central banks to stimulate growth and prevent deflation, including the "quantitative easing" measures implemented by the European Central Bank (the **ECB**) as from January 2016, could have negative effects on the banking industry possibly bringing margin pressure but not necessarily lending volume growth.

Moreover, a resurgence of a sovereign debt crisis cannot be ruled out. In particular, European markets have experienced significant disruptions in recent years as a result of concerns regarding the ability of certain countries in the euro zone to refinance their debt obligations. At several points in recent years these disruptions caused tightened credit markets, increased volatility in the exchange rate of the euro against other major currencies, affected the levels of stock market indices and created uncertainty regarding the economic prospects of certain countries in the European Union as well as the quality of bank loans to sovereign debtors in the European Union.

The Issuer holds and in the future may hold substantial portfolios of sovereign debt and has and may in the future have substantial amounts of loans outstanding to sovereign borrowers ; a new sovereign debt crisis could cause it to incur impairment charges or losses on sales. The Issuer is also active in the interbank financial market and as a result, is indirectly exposed to risks relating to financial institutions with which it does business. More generally, the sovereign debt crisis has had, and may could again in the future have, an indirect impact on financial markets and, increasingly, economies, in Europe and worldwide, and more generally on the environment in which the Issuer operates.

If economic conditions in Europe or in other parts of the world were to deteriorate due among other things to concerns over the European economy (in turn triggered by the heightened risk of or even the occurrence of a sovereign default, the failure of a significant financial institution or the exit of a country from the euro zone), a continued decline in oil and commodity prices, a continued or increased slowdown of economic growth in emerging countries and China in particular, terrorist attacks or political instability, the resulting market and political disruptions could have a significant adverse impact on the credit quality of the Issuer's customers and financial institution counterparties, on market parameters such as interest rates, foreign exchange rates and stock market indices, and on

the Issuer's results of operations, liquidity, ability to raise financing on acceptable terms and financial condition.

On 23 June 2016, the United Kingdom held a referendum in which a majority of its voters opted to leave the European Union (**Brexit**) and on 29 March 2017 the UK Government invoked Article 50 of the Lisbon Treaty relating to withdrawal. Under Article 50, the Treaty on the European Union and the Treaty on the Functioning of the European Union cease to apply in the relevant state from the date of entry into force of a withdrawal agreement, or, failing that, two years after the notification of intention to withdraw, although this period may be extended in certain circumstances. The United Kingdom will begin negotiations to determine its relationship with the European Union going forward, including regarding trade, financial and legal arrangements. The nature, timing and economic and political effects of Brexit remain highly uncertain and will depend upon the results of future negotiations between the United Kingdom and the European Union, and hence may adversely affect the Issuer's operating environment and therefore its results and financial condition

Legislative action and regulatory measures taken in response to the global financial crisis may materially impact the Issuer and the financial and economic environment in which it operates

General

In the past few years, laws and regulations recently have been enacted, adopted or proposed in particular in Europe and the United States, with a view to introduce a number of changes, some permanent, in the financial environment. The impact of the new measures has changed substantially the environment in which the Issuer and other financial institutions operate. The new measures that have been or may be proposed and adopted include more stringent capital and liquidity requirements (particularly for large global banking groups such as BNP Paribas Group), taxes on financial transactions, restrictions and increased taxes on employee compensation over specified levels, restrictions on certain types of activities considered as speculative undertaken by commercial banks that will be prohibited or need to be ring-fenced in subsidiaries (particularly proprietary trading), restrictions or prohibitions on certain types of financial products or activities, enhanced recovery and resolution regimes, revised risk-weighting methodologies, increased internal control and reporting requirements with respect to certain activities, more stringent governance and conduct of business rules, more extensive market abuse regulations, measures to improve the transparency and efficiency of financial markets and in particular to regulate high frequency trading, increased regulation of certain types of financial products including mandatory reporting of derivative and securities financing transactions, requirements either to mandatorily clear, or otherwise mitigate risks in relation to, over-the-counter derivative transactions (including through posting of collateral in respect of non-centrally cleared derivatives), and the creation of new and strengthened regulatory bodies. Many of these measures have been adopted and are already applicable to the Issuer. The principal measures are summarized below.

At the European level, many of the provisions of the Directive 2013/36/EU of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the **Capital Requirements Directive IV**) and the Regulation (EU) No. 575/2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No. 648/2012 (the **Capital Requirements Regulation** and together with the Capital Requirements Directive IV, **CRD IV**), implementing the Basel III capital requirements, took effect as of 1 January 2014 and many delegated and implementing acts provided for in the CRD IV were adopted in 2014. The prudential ratio requirements and the designation of the Issuer as a systemically important financial institution increased the Issuer's prudential requirements and may limit its ability to extend credit or to hold certain assets, particularly those with longer maturities. In 2011-2012, the Issuer implemented an adaptation plan in anticipation of these requirements, including reducing its balance sheet and

bolstering its capital. In addition, the Financial Stability Board published on 9 November 2015 the final principles and term sheet regarding "total loss absorbing capacity" (TLAC), which will require "Global Systemically Important Banks" (including the Issuer) to maintain a significant amount of liabilities and instruments readily available for bail-in, in addition to the Basel III capital requirements, in order to enable authorities to implement an orderly resolution that minimises impacts on financial stability, maintains the continuity of critical functions, and avoids exposing public funds to loss. Given the timing and manner of their adoption, the full impact of TLAC requirements on the Issuer cannot be accurately predicted and could cause its financing costs to increase.

On 31 July 2017, the Belgian legislator adopted a new law to, amongst others, amend the Banking Law in order to give effect to the European Commission's proposals of 23 November 2016 to amend CRD IV and the Directive 2014/59/EU of 15 May 2014 (the **Bank Recovery and Resolution Directive** or **BRRD**). In particular, the law also adds a new article 389/1 in the Banking Law which aims at increasing the effectiveness of the bail-in tool and introduces a new category of claims in the statutory creditor hierarchy in the case of a liquidation procedure (*procédure de liquidation/liquidatieprocedure*) of a credit institution. Article 389/1, 2° of the Banking Law now divides senior notes into: (i) senior preferred notes, retaining the same ranking as the previous senior notes; and (ii) senior non-preferred notes. Senior non-preferred notes are direct, unconditional, senior, and unsecured (*chirographaires/chirografaire*) obligations. They must have the following characteristics:

- (i) the principal and interests of the claim may not be contingent on the occurrence of an event that is uncertain at the time of the issuance, except, in respect of interest, if it is determinable at any moment in accordance with a formula provided in the issuance terms;
- (ii) their maturity may not be less than one year;
- (iii) the issuance terms must expressly provide that the claim is unsecured (*chirographaire/chirografair*) and that their ranking is as set forth in Article 389/1, 2° of the Belgian Banking Law.”.

In accordance with this new provision, in case of liquidation of a credit institution or stockbroking firm, the claims will rank as follows (whereby Common Equity Tier 1 will rank lowest):

Common Equity Tier 1
Additional Tier 1
Tier 2 + other Subordinated Liabilities
Non Preferred Senior Unsecured Instruments (art. 389/1, 2° Belgian Banking Law 25 April 2014)
Other Preferred Senior Unsecured Liabilities
Derivatives
Deposits Large Enterprises (>100,000 EUR)
Deposits SME and Physical Persons (>100,000 EUR)
Covered Deposits (<100,000 EUR)
Secured Liabilities

Regarding the European "Banking Union", the European Union adopted, in October 2013, a Single Supervisory Mechanism (**SSM**) under the supervision of the ECB; as a consequence, since November 2014, the Issuer, along with all institutions qualified as important in the euro zone, are now under the direct supervision of the ECB, with respect to prudential regulation matters entrusted to the ECB by Council Regulation dated 15 October 2013. Within the SSM, the ECB is, in particular, tasked with carrying out an annual supervisory review and evaluation process (**SREP**) and stress tests, in connection with which it has powers to require banks to hold capital requirements in excess of minimum capital requirements in order to address specific risks (so-called "Pillar 2" requirements), and more generally to impose additional liquidity requirements and possibly other regulatory measures. Such measures could have an adverse impact on the Issuer's results of operations and financial condition.

In addition to the SSM, the BRRD, implemented in Belgium by the Belgian Law on the legal status and supervision of credit institutions of 25 April 2014 (*Wet op het statuut van en het toezicht op kredietinstellingen en beursvennootschappen / Loi relative au statut et au contrôle des établissements de crédit et des sociétés de bourse*) (the **Banking Law**), the Royal Decree of 18 December 2015 and the Royal Decree of 26 December 2015 amending the Banking Law, and the Belgian Law of 27 June 2016 strengthens the tools to prevent and resolve banking crises, in particular, in order to ensure that any losses are borne in priority by banks' creditors and shareholders and to minimize taxpayers' exposure to losses and provides for the implementation of resolution funds at the national levels. Under the BRRD and the Banking Law, the National Resolution Authority (as defined hereafter) or the Single Resolution Board (the **SRB**), which was established by Regulation of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism (**SRM**) and a Single Resolution Fund (**SRF**), may commence resolution proceedings in respect of a banking institution, such as the Issuer, with a view to ensure the continuity of critical functions, to avoid the risks of contagion and to recapitalize or restore the viability of the institution. Resolution tools are to be implemented so that, subject to certain exceptions, losses are borne first by shareholders, then by holders of capital instruments (such as subordinated bonds) qualifying as additional tier 1 and tier 2 instruments, and finally by creditors in accordance with the order of their claims in normal insolvency proceedings. Certain powers, including the power to write-

down capital instruments (including subordinated bonds), can also be exercised as a precautionary measure, outside of resolution proceedings. The implementation of these tools and powers may result in significant structural changes to the relevant financial institutions (including as a result of asset or business sales or the creation of bridge institutions) and in a partial or total write-down of claims of their shareholders and creditors (including subordinated and senior creditors). Article 44 (2) of the BRRD explicitly provides that covered bonds (such as the Mortgage Pandbrievien) and other secured liabilities of a credit institutions will not be subject to the bail-in powers, i.e., the write down or conversion powers of resolutions authorities.

Pursuant to the SRM, on 19 December 2014, the Council adopted the proposal for a Council implementing act to calculate the contributions of banks to the SRF, which replaces national resolution funds as from 1 January 2016 and provides for annual contributions to the SRF to be made by banks calculated on the basis of their liabilities, excluding own funds and covered deposits and adjusted for risks. Moreover, the Regulation of the European Commission dated 21 October 2014, adopted pursuant to the BRRD provides for an obligation for banks to have adequate financial resources to ensure the effective application of the resolution tools and powers by the relevant resolution authority. In this context, the resolution authorities, such as the National Resolution Authority or the SRB, shall determine the annual contributions to be paid to resolution financing arrangements by each banking institution in proportion to its risk profile. As a consequence, contributions to the SRF and to resolution financing arrangements will be significant for the Issuer, will result in an increase in fees and will, as a consequence, weigh on the Issuer's results of operations.

Moreover, the Directive of 16 April 2014 on deposit guarantee schemes, transposed into Belgian law by the Banking Law created national deposit guarantee schemes. Other proposals for legislative and regulatory reforms could also have an impact if they were enacted into law. Thus, a draft European Parliament Regulation dated 24 November 2015 completed such Directive of 16 April 2014 through a step plan to create a European deposit insurance scheme that will progressively cover all or part of participating national deposit guarantee schemes.

Furthermore, a proposal for a Regulation of the European Parliament and of the Council of 29 January 2014 on structural measures improving the resilience of EU credit institutions, as amended on 19 June 2015, would prohibit certain proprietary trading activities by European credit institutions that meet certain criteria (particularly as to size) and require them to conduct certain high-risk trading activities only through subsidiaries.

Finally, new regulations designed to enhance the transparency and soundness of financial markets, such as the so-called "EMIR" Regulation of 4 July 2012 on OTC derivatives, central counterparties and trade repositories and the measures adopted or to be adopted thereunder (including in relation to collateral requirements for non-centrally cleared derivatives), Regulation of 25 November 2015 on transparency of securities financing transactions and MiFID II may be a source of additional uncertainty and compliance risk and, more generally, the costs incurred due to the implementation of such regulations may have a negative impact on the profitability of certain activities currently conducted by the Issuer and weigh on the Issuer's results of operations and financial condition.

Bank regulation in the United States has been substantially changed and expanded in the wake of the financial crisis, including most recently as follows. On October 30, 2015, the Board of Governors of the Federal Reserve System (the **Federal Reserve Board**) issued its own proposal to impose TLAC requirements on U.S. intermediate holding companies owned by the largest, most systemically important foreign banking organizations (such as BNP Paribas). The Federal Reserve Board's final rule imposing enhanced prudential standards on the U.S. operations of large foreign banks required BNP Paribas to designate or create an intermediate holding company (**IHC**) for its U.S. subsidiaries by July 1, 2016. BNPP's IHC, BNP Paribas USA, Inc., must comply with risk-based and leverage

capital requirements, liquidity requirements, supervisory stress testing and capital planning requirements as well as other prudential requirements on a stand-alone basis. In addition, on March 4, 2016, the Federal Reserve Board re-proposed single counterparty credit limits that would apply to both the U.S. IHCs and the combined U.S. operations (including U.S. branch operations) of systemically important foreign banking organizations (such as BNP Paribas). Under proposals that remain under consideration, the IHC and the combined U.S. operations of BNP Paribas may become subject to limits on credit exposures to any single counterparty, and the combined U.S. operations of BNP Paribas may also become subject to an early remediation regime which could be triggered by risk-based capital, leverage, stress tests, liquidity, risk management and market indicators. The Federal Reserve Board has also indicated that it is considering future rulemakings that could apply the U.S. rules implementing the Basel III liquidity coverage ratio and net stable funding ratio to the combined U.S. operations (including U.S. branch operations) of certain large foreign banking organizations. On October 30, 2015, the Federal Reserve Board proposed rules that would implement in the United States the Financial Stability Board's standards for a TLAC framework. The proposed rules would require, among other things, BNP Paribas's intermediate U.S. holding company to maintain minimum amounts of "internal" TLAC, which would include minimum levels of tier 1 capital and long-term debt satisfying certain eligibility criteria and a related TLAC buffer commencing January 1, 2019. BNP Paribas's intermediate U.S. holding company would be required to issue all such TLAC instruments to a foreign parent entity (a non-U.S. entity that controls the intermediate holding company). The proposed rules would also impose limitations on the types of financial transactions that BNP Paribas's intermediate holding company could engage in. Finally, the "Volcker Rule", adopted by the U.S. regulatory authorities in December 2013, places certain restrictions on the ability of U.S. and non-U.S. banking entities, including BNP Paribas and its affiliates, to engage in proprietary trading and to sponsor or invest in private equity and hedge funds. The Volcker Rule's implementing regulations are highly complex and are subject to interpretation. U.S. regulators have also adopted or proposed new rules regulating OTC derivatives activities under Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act. In late 2015, the Federal Reserve Board and other U.S. banking regulators finalized margin requirements applicable to uncleared swaps and security-based swaps entered into by swap dealers, major swap participants, security-based swap dealers and major security-based swap participants that are regulated by one of the U.S. banking regulators, including BNP Paribas. These margin requirements, which came into effect for certain counterparties on September 1, 2016, and which are scheduled to continue to come into effect in further phases beginning in September 2016, will require BNP Paribas to post and collect additional, high-quality collateral for certain transactions, which will increase the costs of uncleared swaps and security-based swaps offered by BNP Paribas to its customers who are "U.S. persons" as defined under the rules which apply globally. The U.S. Securities and Exchange Commission also finalized rules in 2015 and early 2016 regarding the registration of security-based swap dealers and major security-based swap participants and business conduct requirements for such entities, as well as obligations relating to transparency and mandatory reporting of security-based swap transactions. Further rules and regulations are expected in 2016 to complete this regulatory framework. The scope and timing for the implementation of these requirements, and therefore their impact on BNP Paribas's swap business, is difficult to predict at this stage.

In sum, extensive legislative and regulatory reform in respect of financial institutions has been enacted in recent years and some remains in progress. It is impossible to accurately predict which additional measures will be adopted or to determine the exact content of such measures and, given the complexity and uncertainty of a number of these measures, their ultimate impact on the Issuer. The overall effect of these measures, whether already adopted or in the process of being adopted, may be to restrict the Issuer's ability to allocate and apply capital and funding resources, limit its ability to diversify risk, reduce the availability of certain funding and liquidity resources, increase its funding costs, increase the cost for or reduce the demand for the products and services it offers, result in the obligation to carry out internal reorganizations, structural changes or divestitures, affect its ability to conduct (or impose limitations on) certain types of business as currently conducted, limit its ability to

attract and retain talent, and, more generally, affect its competitiveness and profitability, which would in turn have an adverse effect on its business, financial condition, and results of operations.

Banking Law

The banking regime in Belgium is governed by the Banking Law of 25 April 2014. The Banking Law replaced the Act on the legal status and supervision of credit institutions of 22 March 1993 and its subsequent modifications. The Banking Law sets forth the conditions under which the Issuer may operate in Belgium and defines the regulatory and supervisory powers of the Supervisor. The Banking Law aims to reinforce the financial solidity of Belgian credit institutions by way of, inter alia, strengthening own funds, imposing stricter liquidity requirements and limits on distributions. As mentioned above, the Banking Law largely follows the evolution of European legislation. It implements, among other things, the Capital Requirements Directive IV and, where applicable, the Capital Requirements Regulation. The Capital Requirements Regulation was directly applicable as from 1 January 2014, subject to further implementation and phased introduction of certain provisions, set out therein. The Banking Law also introduced a dual governance structure at management level, specialised committees within the board (audit committee, risk committee, remuneration committee and nomination committee), independent control functions, and strict remuneration policies (including limits on the amount of compensation, the form and timing for vesting and payment of variable remuneration, as well as reduction and claw-back mechanics). The Banking Law further introduced a prohibition in principle of proprietary trading. The prohibition applies to the Issuer as from 1 January 2015. However, some proprietary trading activities are excluded from the prohibition. Permitted proprietary trading activities (including market-making, hedging, treasury management and long-term investments) are capped, and these types of activities must comply with strict requirements on reporting, internal governance, and risk-management.

Although the Issuer works closely with its regulators and continually monitors regulatory developments, there can be no assurance that the additional regulatory or capital requirements included in the Banking Law will not have an adverse impact on the Issuer, its business, financial condition or results of operations.

It should be noted that (i) certain elements of the Banking Law require further detailed measures to be taken by other authorities, in particular the NBB, (ii) certain elements of the Banking Law will be influenced by further regulations (including through technical standards) taken or to be taken at European level, and (iii) the application of the Banking Law may be influenced by the recent assumption by the ECB of certain supervisory responsibilities which were previously handled by the NBB and, in general, by the allocation of responsibilities between the European Central Bank and the NBB under the SSM.

Finally, it should be noted that certain of the European initiatives (in particular the prohibition on proprietary trading) to be transposed into Belgian law pursuant to the Banking Law are still in draft form, or subject to political discussion, at the European level. Whilst the Banking Law contains powers to allow the government to conform the Banking Law to developments at a European level in certain areas through a royal decree, it cannot be ruled out that there will be differences between the regulatory regime promulgated by the relevant European directives and the regulatory regime of the Banking Law.

Recovery and resolution regime

The stated aim of the BRRD is to provide supervisory and resolution authorities, including the resolution college of the NBB within the meaning of Article 21ter of the Law of 22 February 1998 establishing the organic statute of the NBB, or any successor body or authority (the **National Resolution Authority** and, together with the national resolution authorities of other participating

Member States, the **NRAs**), with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimise taxpayers' exposure to losses. The BRRD was further complemented by the SRM entered into force on 19 August 2014. From that moment, a centralised power of resolution has been established and entrusted to the SRB. The SRB is operational as from 1 January 2016 and works in close cooperation with the NRAs.

BRRD had been transposed into Belgian law as from 3 March 2015. Under the Belgian bank recovery and resolution regime, the supervisory authorities and NRAs (which includes the National Resolution Authority) are able to take a number of measures in respect of any credit institution they supervise if deficiencies in such credit institution's operations are not remedied. Such measures include: the appointment of a special commissioner whose consent is required for all or some of the decisions taken by all the institution's corporate bodies; the imposition of additional requirements in terms of solvency, liquidity, risk concentration and the imposition of other limitations; the limitations on variable remuneration; the complete or partial suspension or prohibition of the institution's activities; the requirement to transfer all or part of the institution's participations in other companies; the replacement of the institution's directors or managers; the revocation of the institution's licence; and the right to impose the reservation of distributable profits, or the suspension of dividend distributions or interest payments to holders of additional Tier 1 capital instruments.

Furthermore, the lead regulators can impose specific measures on important financial institutions (including the Issuer, and whether systemic or not), when the national resolution authority is of the opinion that (a) such financial institution has an unsuitable risk profile or (b) the policy of the financial institution can have a negative impact on the stability of the financial system.

The Banking Law allows the National Resolution Authority to take resolution actions. Such powers include the power to (i) direct the sale of the relevant financial institution or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with procedural requirements that would otherwise apply, (ii) transfer all or part of the business of the relevant financial institution to a "bridge institution" (an entity created for that purpose which is wholly or partially in public control) and (iii) separate assets by transferring impaired or problem assets to a bridge institution or one or more asset management vehicles to allow them to be managed with a view to maximizing their value through eventual sale or orderly wind-down. As indicated above, under the Banking Law, the powers of the supervisory and NRAs are significantly expanded. Implementation by the supervisory and/or NRAs of any of their powers of intervention could have an adverse effect on the interests of the Mortgage Pandbrieven Holders.

The Financial Stability Board (FSB)

In addition to the adoption of the foregoing measures, regulators and lawmakers around the world are actively reviewing the causes of the financial crisis and exploring steps to avoid similar problems in the future. In many respects, this work is being led by the FSB, consisting of representatives of national financial authorities of the G20 nations. The G20 and the FSB have issued a series of papers and recommendations intended to produce significant changes in how financial companies, particularly companies that are members of large and complex financial groups, should be regulated. These proposals address such issues as financial group supervision, capital and solvency standards, systemic economic risk, corporate governance including executive compensation, and a host of related issues associated with responses to the financial crisis. The lawmakers and regulatory authorities in a number of jurisdictions in which the Issuer conducts business have already begun introducing legislative and regulatory changes consistent with G20 and FSB recommendations, and the potential impact of such changes on the Issuer's business, results of operation and financial condition remains unclear.

Additional Governmental Measures

Governments in Belgium and abroad have intervened on an unprecedented scale, responding to stresses experienced in the global financial markets. Some of the measures adopted subject the institutions for which they were designed to additional restrictions, oversight or costs.

As from 1 January 2012, the Issuer is subject to a bank levy (“financial stability contribution” as introduced by the law of 28 December 2011). This contribution is a levy by the NBB to help guarantee the stability of the financial system. The levy, calculated on the total liabilities in the balance sheet, excluding core capital and deposits, is 0.035%. This levy results in increased taxes on the Issuer’s operations, which could negatively impact its operations, financial condition and liquidity.

Any regulations resulting from these financial transaction tax initiatives could affect the Issuer’s operational results, financial condition and liquidity, and could negatively impact the costs and scope of its transactions, including transactions with other financial institutions.

Benchmarks

So-called “benchmarks” (for example the EURIBOR) are the subject of reform measures by a number of international authorities and other bodies (for example, the Regulation (EU) 2016/1011 (the **Benchmark Regulation**) in the European Union). Mortgage Pandbrievens Holders should be aware whether any coupon or redemption amounts payable under the Mortgage Pandbrievens are determined on the basis of a benchmark and whether such a benchmark is the subject of reform. As a result of such reform measures, a relevant benchmark may be suspended or discontinued, which could:

- (a) cause the Mortgage Pandbrievens to be the subject of an early redemption; or
- (b) result in a fallback methodology being applied to determine amounts payable under the Mortgage Pandbrievens, and such fallback could result in a lower amount being payable to Noteholders than would otherwise have been the case.

The Issuer’s access to and cost of funding could be adversely affected by a ratings downgrade.

The financial crisis, the Euro-zone sovereign debt crisis as well as the general macroeconomic environment adversely affected the availability and cost of funding for European banks during the past few years. This was due to several factors, including a sharp increase in the perception of bank credit risk due to their exposure to sovereign debt in particular, credit rating downgrades of sovereigns and of banks, and debt market speculation. Many European banks, including the Issuer, experienced restricted access to wholesale debt markets and to the interbank market, as well as a general increase in their cost of funding. Accordingly, reliance on direct borrowing from the European Central Bank increased substantially. Were such adverse credit market conditions to persist for an extended period or worsen due to factors relating to the economy or the financial industry in general or to the Issuer in particular (such as ratings downgrades), the effect on the liquidity of the European financial sector in general and the Issuer in particular could be materially adverse and have a negative impact on the Issuer’s results of operations and financial condition.

The Issuer’s cost of funding may also be influenced by the credit rating on its long-term debt. Any downgrade in the credit ratings by any of the three principal rating agencies may increase the Issuer’s borrowing costs.

The Issuer’s cost of obtaining long-term unsecured funding from market investors is also directly related to its credit spreads, which in turn depend to a certain extent on its credit ratings. Increases in credit spreads can significantly increase the Issuer’s cost of funding. Changes in credit spreads are continuous, market-driven, and subject at times to unpredictable and highly volatile movements. Credit spreads are also influenced by market perceptions of creditworthiness of the Issuer.

Risks related to the implementation of BNP Paribas group's strategic plans

BNP Paribas group has announced a certain number of strategic objectives, in particular in a strategic plan for the 2014-2016 period presented in March 2014 and a transformation plan for BNP Paribas Fortis Corporate & Institutional Banking (CIB) for the 2016-2019 period presented in February 2016. These plans contemplate a number of initiatives, including simplifying BNP Paribas group's organisation and operations, continuing to improve operating efficiency, adapting certain businesses to their economic, regulatory and technological environment and implementing various business development initiatives.

The plans include a number of financial targets and objectives relating to net banking income, operating costs, net income, capital adequacy ratios and return on equity, among other things. These financial targets and objectives were established primarily for purposes of internal planning and allocation of resources, and are based on a number of assumptions with regard to business and economic conditions. On 5 February 2015 and 5 February 2016, BNP Paribas provided updates regarding the implementation of the 2014-2016 strategic plan and presented the transformation plan of CIB 2016-2019 on 5 February 2016. During the period 2014-2016, the Group made progress on all the major strategic priorities defined in the strategic business development plan. To prepare itself for the transformations of retail banking, the Group has launched Hello bank! which already has 2.5 million customers, developed digital banks in International Retail Banking, continued to adapt the branch networks and expanded private banking in all the networks. CIB, strengthened by Securities Services, gained market share on large corporate and institutional clients and developed transaction banking. All the businesses managed to adapt to the transformations in their environment, like BNL bc. which refocused the corporate sales and marketing approach on the better clients, already reaping the first positive effects in terms of its results, and CIB that grouped together its market businesses in Global Markets. Lastly, regional business development plans (Germany, Asia, Pacific, CIB- North America) achieved their growth targets, as well as the specialised businesses. Average revenue growth (excluding exceptionals) thus attained 4.0% during the period 2013-2016 despite a much more lacklustre environment than expected due to very low interest rates. Organic revenue growth (excluding exceptionals) was sustained (+2.2% per year on average; 2013-2016 average annual growth rate) thanks to the good development of the businesses and the success of the regional business development plans, despite the low interest rate environment on Domestic Markets and the impact of the reduction of the Energy & Commodities business in CIB. Targeted acquisitions (DAB Bank, GE Fleet Services Europe, 50% not yet owned by LaSer and Bank BGZ) allowed to use available capital resources while preserving limited growth of risk-weighted assets (+0.7% per year on average over the period 2013-2016) and provided a positive contribution to the growth of revenues.

Operating expenses were well contained. They benefited from the success of the Simple & Efficient plan which helped to generate 3.3 billion euros in recurring savings (of which 2.5 billion euros during the 2014-2016 period) since it was launched in 2013 or 500 million euros above the initial objective. They recorded however the impact of new taxes and regulations that increased by 1.3 billion euros between 2013 and 2016. Excluding the impact of new taxes and regulations, the average annual growth of operating expenses was 2.7% per year (4.2% a year on average including new taxes and regulations) and only 0.7% at constant scope and exchange rates. The jaws effect was thus positive at 1.2 point per year on average excluding new taxes and regulations. Cost of risk was also reduced and the Group thus achieved or surpassed the main financial targets of the 2014-2016 plan with return on equity excluding exceptional items of 10.3% calculated based on a 10% CET1 ratio (for a 10% target), an 11.5% fully loaded Basel 3 common equity Tier 1 ratio and a 45% dividend pay-out ratio.

During the period, the Group carried out an active Corporate Social Responsibility policy (CSR) and introduced a new Code of Conduct that lead to a large-scale online training programme for employees. Many actions by the Group, such as financing socially responsible businesses, had a positive impact on society. The Group plays an active role in energy transition: it strictly limited financing in the coal

industry and successfully launched a green bond. BNP Paribas is the European leader in the Banking category for CSR criteria according to Vigeo Eiris, the extra-financial rating agency.

In February 2017 the Group unveiled its 2020 business development plan that announces an acceleration of digitalisation and targets on average growth of net income of more than 6.5 % per year until 2020. The 2017-2020 business development plan is based on the Group's integrated and diversified business model with three pillars focused on customers' needs: Domestic Markets, International Financial Services (IFS) and Corporate and Institutional Banking (CIB).

Leveraging this balanced business model, which has demonstrated its strength, the plan aims to build the bank of the future by continuing to grow the business and implementing an ambitious programme of digital transformation, new customer experience, and cost savings in strict compliance with the Corporate Social Responsibility policy. The plan, which is based on conservative macroeconomic assumptions, factors in regulatory constraints expected by 2020 which continue to grow in the current Basel 3 regulatory framework (introduction of Net Stable Funding ratio (NSFR), TLAC requirement on top of the capital constraints...). In this context, headwinds will continue to be strong at the beginning of the period before letting up in 2019-2020. On average, the Group's target is revenue growth above or equal to 2.5% per year in order to raise the ROE to 10% in 2020.

The Group is targeting an average growth of net income in excess of 6.5% per year for the whole period which will allow, with a 50% dividend pay-out ratio, to grow the dividend by 9% per year on average, and reach a 12% CET1 ratio in 2020 (at constant regulatory framework).

The 2017-2020 business development plan is based on an ambitious transformation programme in all the operating divisions and on differentiated development strategies between Domestic Markets, IFS and CIB.

A substantial increase in new provisions or a shortfall in the level of previously recorded provisions could adversely affect the Issuer's results of operations and financial condition.

In connection with its lending activities, the Issuer regularly establishes provisions for loan losses, which are recorded in its profit and loss account under "cost of risk". The Issuer's overall level of provisions is based on its assessment of prior loss experience, the volume and type of lending being conducted, industry standards, past due loans, economic conditions and other factors related to the recoverability of various loans. Although the Issuer seeks to establish an appropriate level of provisions, its lending businesses may have to increase their provisions for loan losses substantially in the future as a result of deteriorating economic conditions or other causes. Any significant increase in provisions for loan losses or a significant change in the Issuer's estimate of the risk of loss inherent in its portfolio of non-impaired loans, as well as the occurrence of loan losses in excess of the related provisions, could have a material adverse effect on the Issuer's results of operations and financial condition.

The Issuer also establishes provisions for contingencies and charges including in particular provisions for litigations. Any loss arising from a risk that has not already been provisioned or that is greater than the amount of the provision would have a negative impact on the Issuer's results of operation and, potentially, its financial condition.

The Issuer may incur significant losses on its trading and investment activities due to market fluctuations and volatility.

The Issuer maintains trading and investment positions in the debt and currency markets, and in private equity, property and other assets, including through derivative contracts. These positions could be adversely affected by volatility in financial and other markets, i.e. the degree to which prices fluctuate

over a particular period in a particular market, regardless of market levels. The capital and credit markets have been experiencing unprecedented volatility and disruption since mid-2007 and particularly since the bankruptcy filing of Lehman Brothers in mid-September 2008. As a result the Issuer incurred significant losses on its trading and investment activities. There can be no assurance that this extreme volatility and market disruption will not re-occur in the future but the Issuer has taken action, where possible, to decrease the trading exposure and to decrease the size of the potential losses on its trading activities as a result. Volatility trends (or other trends in parameters that are sensitive to market fluctuations such as correlations) that prove substantially different from the Issuer's expectations may lead to losses relating to a broad range of other trading and hedging products the Issuer uses, including swaps, forwards and futures, options and structured products.

To the extent that the Issuer owns assets, or has net long positions, in any of those markets, a market downturn could result in losses from a decline in the value of its ALM positions. Conversely, to the extent that the Issuer has sold assets that it does not own or has net short positions in any of those markets, a market upturn could, in spite of the existing limitation of risks and control systems, expose it to potentially substantial losses as it attempts to cover its net short positions by acquiring assets in a rising market. The Issuer may from time to time hold a long position in one asset and a short position in another in the framework of hedging transactions with clients and/or in order to benefit from the gain based on changes in the relative value of the two assets. If, however, the relative value of the two assets changes in a direction or manner that the Issuer did not anticipate or against which it is not hedged, the Issuer might realise a loss on those paired positions. Such losses, if significant, could adversely affect the Issuer's results and financial condition.

The Issuer may generate lower revenues from brokerage and other commission and fee-based businesses during market downturns.

Financial and economic conditions affect the number and size of transactions for which the Issuer provides securities underwriting, financial advisory and other investment banking services. The Issuer's revenues, which include fees from these services, are directly related to the number and size of the transactions in which it participates and can thus be significantly affected by economic or financial changes that are unfavourable to its Investment Banking business and clients. In addition, because the fees that the Issuer charges for managing its clients' portfolios are in many cases based on the value or on the performance of those portfolios, a market downturn that reduces the value of its clients' portfolios or increases the amount of withdrawals would reduce the revenues the Issuer receives from its asset management, equity derivatives and private banking businesses. Even in the absence of a market downturn, below-market performance by the Issuer's mutual funds may result in increased withdrawals and reduced inflows, which would reduce the revenues the Issuer receives from its asset management business and could have an impact on the goodwill account of group entities such as BNP Paribas Investment Partners.

During recent market downturns in the last couple of years, the Issuer experienced all of these effects and a corresponding decrease in revenues in the relevant business lines. There can be no assurance that the Issuer will not experience similar trends in future market downturns, which may occur periodically and unexpectedly.

Protracted market declines can reduce liquidity in the markets, making it harder to sell assets and possibly leading to material losses.

In some of the Issuer's businesses, protracted market movements, particularly asset price declines, can reduce the level of activity in the market or reduce market liquidity. These developments can lead to material losses if the Issuer cannot close out deteriorating positions in a timely way. This is particularly true for assets that are intrinsically illiquid. Assets that are not traded on stock exchanges or other public trading markets, such as certain derivative contracts between financial institutions, may

have values that the Issuer calculates using models rather than publicly-quoted prices. Monitoring the deterioration of prices of assets like these is difficult and could lead to unanticipated losses.

The Issuer is subject to extensive and evolving regulatory regimes in the countries and regions in which it operates.

The Issuer is exposed to regulatory compliance risk, such as the inability to comply fully with the laws, regulations, codes of conduct, professional norms or recommendations applicable to the financial services industry. This risk is exacerbated by the adoption by different countries of multiple and occasionally diverging and even conflicting legal or regulatory requirements. Besides damage to the Issuer's reputation and private rights of action, non-compliance could lead to significant legal proceedings, fines and expenses, public reprimand, enforced suspension of operations or, in extreme cases, withdrawal of operating licenses. This risk is further exacerbated by continuously increasing regulatory oversight. This is the case in particular with respect to money laundering, the financing of terrorist activities or transactions with countries that are subject to economic sanctions.

The Issuer is exposed to the risk of legislative or regulatory changes in all of the countries in which it operates, including, but not limited to, the following:

- (a) monetary, liquidity, interest rate and other policies of central banks and regulatory authorities;
- (b) general changes in government or regulatory policy that may significantly influence investor decisions, in particular in the markets in which the Issuer operates;
- (c) general changes in regulatory requirements applicable to the financial industry, such as rules relating to applicable capital adequacy and liquidity frameworks;
- (d) general changes in securities regulations, including financial reporting and market abuse regulations;
- (e) general changes in the regulation of market infrastructures, such as trading venues, central counterparties, central securities depositories, and payment and settlement systems;
- (f) changes in tax legislation or the application thereof;
- (g) changes in accounting norms;
- (h) changes in rules and procedures relating to internal controls; and
- (i) expropriation, nationalisation, confiscation of assets and changes in legislation relating to foreign ownership.

These changes, the scope and implications of which are highly unpredictable, could substantially affect the Issuer, and have an adverse effect on its business, financial condition and results of operations. Some reforms not aimed specifically at financial institutions, such as measures relating to the funds industry or promoting technological innovation (such as open data projects), could facilitate the entry of new players in the financial services sector or otherwise affect the Issuer's business model, competitiveness and profitability, which could in turn affect its financial condition and results of operations.

The Issuer may incur substantial fines and other administrative and criminal penalties for non-compliance with applicable laws and regulations, and may also incur losses in related (or unrelated) litigation with private parties.

Apart from the potential legislative or/and regulatory changes as stated above, certain local authorities in the jurisdictions in which the Issuer operates may publish from time to time certain position papers or communications (each, a **Communication**), relating to the placement or distribution of financial instruments, that may contain certain restrictive measures or guidelines on the application of certain provisions or rights of an issuer or/and of a distributor of financial instruments in these jurisdictions. Such Communications may affect the business of the Issuer because (i) the relevant competent authority may in practice prevent an issuer of financial instruments from using certain of its rights, (ii) even if not binding on the courts as such, a Communication may be persuasive, (iii) it may be applicable immediately without any transition period and/or it may be designed as a dynamic document that can be amended over time without prior notice, and (iv) certain matters covered by a Communication may be subject to interpretation and there is then no legal certainty that the Issuer will comply with that Communication.

Significant interest rate changes could adversely affect the Issuer's revenues or profitability.

The amount of net interest income earned by the Issuer during any given period significantly affects its overall net banking income and profitability for that period. Interest rates are sensitive to many factors beyond the Issuer's control, such as the level of inflation and the monetary policies of states, and government decisions relating to regulated savings rates. Changes in market interest rates could affect the interest rates charged on interest-earning assets differently than the interest rates paid on interest-bearing liabilities. Any adverse change in the yield curve could cause a decline in the Issuer's net interest income from its lending activities. In addition, maturity mismatches and increases in the interest rates relating to the Issuer's short-term financing may adversely affect the Issuer's profitability.

The prolonged low interest rate environment carries inherent systemic risks

The prolonged period of low interest rates since the 2008/2009 financial crisis may have contributed to, and may continue to contribute to, excessive risk-taking by financial market participants such as lengthening maturities of financings and assets held, more lenient lending standards and increased leveraged lending. Certain of the market participants that may have taken or may take additional or excessive risk are of systemic importance, and any unwinding of their positions during periods of market turbulence or stress (and hence reduced liquidity) could have a destabilizing effect on markets and could lead the Issuer to record operating losses or asset impairments.

The soundness and conduct of other financial institutions and market participants could adversely affect the Issuer.

The Issuer's ability to engage in funding, investment and derivative transactions could be adversely affected by the soundness of other financial institutions or market participants. Financial services institutions are interrelated as a result of trading, clearing, counterparty, funding or other relationships. As a result, defaults, or even rumours or questions about, one or more financial services institutions, or the financial services industry generally, may lead to market-wide liquidity problems and could lead to further losses or defaults. The Issuer has exposure to many counterparties in the financial industry, directly and indirectly, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, and other institutional clients, with which it regularly executes transactions. The Issuer can also be exposed to the risks related to the increasing involvement in the financial sector of players subject to little or no regulations (unregulated funds, trading venues or crowdfunding platforms). The Issuer is exposed to credit and counterparty risk in the event of default or financial distress of the Issuer's counterparties or clients. In addition, the Issuer's credit risk may be exacerbated when the collateral held by it cannot be realised upon or is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure due to the Issuer or in case of a failure of a significant financial market participant such as a central counterparty. It is worth noting in this respect that regulatory changes requiring mandatory clearing of standardized over-the-counter (OTC)

derivatives through central counterparties have resulted in an increase of the exposure of financial market participants to such central counterparties.

In addition, fraud or misconduct by financial market participants can have a material adverse effect on financial institutions due to the interrelated nature of the financial markets. An example is the fraud perpetrated by Bernard Madoff, as a result of which numerous financial institutions globally have announced losses or exposure to losses in substantial amounts.

There can be no assurance that any losses resulting from the risks summarised above will not materially and adversely affect the Issuer's results of operations.

The Issuer's competitive position could be harmed if its reputation is damaged.

In the highly competitive environment arising from globalisation and convergence in the financial services industry, a reputation for financial strength and integrity is critical to the Issuer's ability to attract and retain customers. The Issuer's reputation could be harmed if it fails to adequately promote and market its products and services. The Issuer's reputation could also be damaged if, as it increases its client base and the scale of its businesses, the Issuer's comprehensive procedures and controls dealing with conflicts of interest fail, or appear to fail, to address conflicts of interest properly. At the same time, the Issuer's reputation could be damaged also by other compliance risks, including but not limited to, employee misconduct, misconduct or fraud by market participants or funds to which the Issuer is exposed, a decline in, a restatement of, or corrections to its financial results, as well as any adverse legal or regulatory action. Such risks to reputation have recently increased as a result of the growing use of social networks within the economic sphere. The loss of business that could result from damage to the Issuer's reputation could have an adverse effect on its results of operations and financial position.

An interruption in or a breach of the Issuer's information systems may result in material losses of client or customer information, damage to the Issuer's reputation and lead to financial losses.

As with most other banks, the Issuer relies heavily on communications and information systems to conduct its business. This dependency has increased with the spread of mobile and online banking services (as illustrated by the launch of Hello bank! in 2014), and the development of cloud computing. Any failure or interruption or breach in security of these systems could result in failures or interruptions in the Issuer's customer relationship management, general ledger, deposit, servicing and/or loan organisation systems. The Issuer cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed. An increasing number of companies (including financial institutions) have in recent years experienced intrusion attempts or even breaches of their information technology security, some of which have involved sophisticated and highly targeted attacks on their computer networks. Because the techniques used to obtain unauthorised access, disable or degrade service, steal confidential data or sabotage information systems have become more sophisticated, change frequently and often are not recognised until launched against a target, the Issuer may be unable to anticipate these techniques or to implement in a timely manner effective and efficient countermeasures. In spite of the existing control systems, the Issuer cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed. The occurrence of any failures or interruptions in the Issuer's information systems and any subsequent disclosure of confidential information related to any client, counterpart or employee of the Issuer (or any other person) or any intrusion or attack against the Issuer's communication system could have an adverse effect on the Issuer's reputation, financial condition and results of operations.

In recent years, financial institutions have been impacted by a number of cyber incidents, notably involving large-scale alterations of data which compromise the quality of financial information. This

risk remains today and the Issuer, like other banks, has taken measures to implement systems to deal with cyber attacks that could destroy or damage data and critical systems and hamper the smooth running of its operations. Moreover, the regulatory and supervisory authorities are taking initiatives to promote the exchange of information on cyber security and cyber criminality in order to improve the security of technological infrastructures and establish effective recovery plans after a cyber incident.

Unforeseen external events can interrupt the Issuer's operations and cause substantial losses and additional costs.

Unforeseen events such as an adverse change in the political, military or diplomatic environments, political and social unrest, severe natural disasters, terrorist attacks, military conflicts or other states of emergency could affect the demand for the products and services offered by the Issuer, or lead to an abrupt interruption of the Issuer's operations and, to the extent not covered by insurance, could cause substantial losses that may not necessarily be covered by an insurance policy. Such losses can relate to property, financial assets, trading positions and key employees. Such unforeseen events could also lead to temporary or longer-term business interruption, additional costs (such as relocation of employees affected) and increase the Issuer's costs (particularly insurance premiums).

The Issuer is exposed to country risks, meaning the risk that economic, financial, political or social conditions of a foreign country, especially a country in which it operates, will affect its financial interests. A recent example of such country risk includes security concerns and political changes in Turkey following the attempted coup in July 2016.

Notwithstanding the Issuer's risk management policies, procedures and methods, it could still be exposed to unidentified or unanticipated risks, which could lead to material losses.

The Issuer has devoted significant resources to developing its risk management policies, procedures and assessment methods and intends to continue to do so in the future. Nonetheless, the Issuer risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic and market environments or against all types of risk, particularly risks that the Issuer may have failed to identify or anticipate. The Issuer's ability to assess the creditworthiness of its customers or to estimate the values of its assets may be impaired if, as a result of market turmoil such as that experienced in recent years, the models and approaches it uses become less predictive of future behaviour, valuations, assumptions or estimates. Some of the Issuer's qualitative tools and metrics for managing risk are based on its use of observed historical market behaviour. The Issuer applies statistical and other tools to these observations to arrive at quantifications of its risk exposures. The process used to estimate losses inherent in its credit exposure or estimate the value of certain assets requires difficult, subjective, and complex judgments, including forecasts of economic conditions and how these economic predictions might impair the ability of its borrowers to repay their loans or impact the value of assets, which may, during periods of market disruption, be incapable of accurate estimation and, in turn, impact the reliability of the process. These tools and metrics may fail to predict future risk exposures, e.g. if the Issuer does not anticipate or correctly evaluate certain factors in its statistical models, or upon the occurrence of an event deemed extremely unlikely by the tools and metrics. This would limit the Issuer's ability to manage its risks. The Issuer's losses could therefore be significantly greater than the historical measures indicate. In addition, the Issuer quantified modelling does not take all risks into account. Its more qualitative approach to managing certain risks could prove insufficient, exposing it to material unanticipated losses.

The Issuer's hedging strategies may not prevent losses.

If any of the variety of instruments and strategies that the Issuer uses to hedge its exposure to various types of risk in its businesses is not effective, the Issuer may incur losses. Many of its strategies are based on historical trading patterns and correlations. For example, if the Issuer holds a long position in

an asset, it may hedge that position by taking a short position in another asset where the short position has historically moved in a direction that would offset a change in the value of the long position.

However, the hedging strategies may not protect against all future risks or may not be fully effective in mitigating the Issuer's risk exposure in all market environments or against all types of risk in the future. Unexpected market developments may also reduce the effectiveness of the Issuer's hedging strategies. In addition, the manner in which gains and losses resulting from certain ineffective hedges are recorded may result in additional volatility in the Issuer's reported earnings.

Intense competition in the financial services industry could adversely affect the Issuer's revenues and profitability.

There is substantial competition in Belgium, Luxembourg and the other regions in which the Issuer carries on business for the types of banking, asset management and insurance, and other products and services the Issuer provides.

Such competition is most pronounced in the core Benelux markets of the Issuer where the Issuer faces competition from companies such as KBC Bank, ING Group, Belfius and BIL. As a result, the Issuer's strategy is to maintain customer loyalty and retention, which can be influenced by a number of factors, including service levels, the prices and attributes of products and services, financial strength and actions taken by competitors. If the Issuer is unable to compete with attractive product and service offerings that are profitable, the Issuer may lose market share or incur losses on some or all of the Issuer's activities.

Competitive pressures could result in increased pricing pressures on a number of the Issuer's products and services, particularly as competitors seek to win market share, and may harm the Issuer's ability to maintain or increase profitability.

In addition, competition in the banking industry could intensify as a result of consolidation in the financial services area or as a result of the presence of new players in the payment and the financing services area or the development of crowdfunding. In particular, competitors subject to less extensive regulatory requirements or to less strict capital requirements (e.g., debt funds, shadow banks), or benefiting from economies of scale, data synergies or technological innovation (e.g., internet and mobile operators, fintechs), could be more competitive. If the Issuer is unable to respond to the competitive environment in Benelux by offering attractive and profitable product and service solutions, it may lose market share in key areas of its business or incur losses on some or all of its activities. In addition, downturns in the economies of its principal markets could add to the competitive pressure, through, for example, increased price pressure and lower business volumes for the Issuer and its competitors. It is also possible that the increased presence in the global marketplace of nationalised financial institutions, or financial institutions benefiting from State guarantees or other similar advantages, following the recent financial crisis or the imposition of more stringent requirements (particularly capital requirements and activity restrictions) on larger or systematically significant financial institutions could lead to distortions in competition in a manner adverse to large private-sector institutions such as the Issuer.

Litigation or other proceedings or actions may adversely affect the Issuer's business, financial condition and results of operations.

In its normal course of business, the Issuer is subject to the risk of litigation by customers, employees or others through private actions, class actions, administrative proceedings, regulatory actions or other litigation. The outcome of litigation or similar proceedings or actions is difficult to assess or quantify. Plaintiffs in these types of actions may seek recovery of large or indeterminate amounts or other remedies that may affect the Issuer's ability to conduct business, and the magnitude of the potential

loss relating to such actions may remain unknown for substantial periods of time. The cost to defend future actions may be significant. There may also be adverse publicity associated with litigation that could decrease customer acceptance of the Issuer's services, regardless of whether the allegations are valid or whether the Issuer is ultimately found liable. As a result, the possibility cannot be ruled out that the outcome of such litigations or investigations may adversely affect the Issuer's business, financial condition and results of operations.

Furthermore, several (previous) shareholders and organisations representing shareholders of Ageas SA/NV (previously Fortis SA/NV and Fortis N.V.) have initiated proceedings in Belgium and in The Netherlands against, amongst others, the Issuer in connection with events and developments in respect of the former Fortis group between May 2007 and October 2008, amongst others in connection with the rights issue of Ageas SA/NV in October 2007. In February 2013 the public prosecutor in Brussels has requested the court ("*raadkamer/chambre du conseil*") to refer certain individuals for trial before the Criminal court of Brussels in respect of certain of these events and developments. Investigation is still ongoing. As an additional investigation has been ordered, the hearing before the court has not yet taken place. It cannot be ruled out that the outcome of such "Fortis Legacy" litigations and/or investigations might also have an impact on the Issuer.

In March 2016 Ageas and several claimant organisations announced a settlement proposal with respect to all civil proceedings related to the former Fortis group for the events in May 2007 and October 2008. The parties to this settlement have requested the Amsterdam Court of Appeal to declare that the settlement is binding for all eligible Fortis shareholders in accordance with the Dutch Act on Collective Settlement of Mass Claims. While awaiting the Court's decision, the concerned procedures have been stayed, also with regards to the Issuer.

On 16 June 2017 the Amsterdam Court of Appeal issued an interim decision in relation to the request made by Ageas, Stichting FORsettlement and the claimant organisations (i.e. the Dutch investor association VEB, Stichting Investor Claims Against Fortis (SICAF), Stichting FortisEffect and Deminor) to declare the Fortis settlement entered into on 14 March 2016 binding. At this stage the Court has not declared the settlement binding. The main concern of the Court relates to the distribution of the settlement amount of EUR 1.2 billion between Non-Active Claimants and Active Claimants and the related compensations for the claimant organisations.

Since 16 June 2017, Ageas and the claimant organisations have been working intensively on an amended settlement that would address the main concerns of the Amsterdam Court of Appeal as expressed in its interim decision. No agreement has been reached yet and therefore an extension of the filing period, which ran to 17 October 2017, was requested to the Court. In order to reach such an amended settlement, Ageas has decided to make a final additional effort of EUR 100 million.

A deterioration of the credit rating of BNP Paribas of its debt quality could adversely affect the Issuer

As part of the BNP Paribas Group, the Issuer can be highly sensitive to a downgrade by rating agencies of the rating of the parent company of the BNP Paribas Group or a deterioration of its debt quality. BNP Paribas took control of the Issuer on 12 May 2009 (formerly Fortis Bank NV/SA) and subsequently increased its stake in the Issuer to 74.93 per cent. BNP Paribas is now the major shareholder of the Issuer.

While each of the Issuer's businesses manages its operational risks, these risks remain an inherent part of all of the Issuer's businesses

The Issuer is subject to operational risk because of the uncertainty inherent in all business undertakings and decisions. This risk can be broken down into business risk and event risk.

Business risk is the risk of 'being in business', which affects any enterprise, financial or non-financial. It is the risk of loss due to changes in the competitive environment that damage the business's franchise or operating economics. Typically, the fluctuation originates with variations in volume, pricing or margins against a fixed cost base. Business risk is thus mostly externally driven (by regulatory, fiscal, market and or competition changes, as well as strategic, reputation risks and other related risks).

Event risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal and compliance risk. Event risk is often internally driven (internal and external fraud involving employees, clients, products and business practices, as well as technological and infrastructure failures and other related malfunctions) and can be limited through management processes and controls.

The Issuer attempts to keep these risks at appropriate levels by maintaining a sound and well controlled environment in light of the characteristics of its business, the markets and the regulatory environments in which the Issuer operates. While these control measures mitigate operational risks they do not eliminate them.

The Issuer has significant counterparty risk exposure and exposure to systemic risks

The Issuer's business is subject to general credit risks, including credit risks of borrowers and other counterparties. Third parties that owe the Issuer money, securities or other assets may not pay or perform under their obligations. These parties include borrowers under loans made, the issuers whose securities the Issuer holds, customers, trading counterparties, counterparties under swaps and credit and other derivative contracts, clearing agents, exchanges, clearing houses and other financial intermediaries. These parties may default on their obligations to the Issuer due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

Counterparty credit risk is the translation of the credit risk embedded in financial transactions, investments and/or settlement transactions between counterparties. Those transactions include bilateral contracts such as over-the-counter (OTC) derivatives contracts as well as contracts settled through clearing houses. The amount of this risk may vary over time in line with changing market parameters which then impacts the replacement value of the relevant transactions.

Counterparty credit risk lies in the event that a counterparty defaults on its obligations to pay the Issuer the full present value of the flows relating to a transaction or a portfolio for which the Issuer is a net receiver. Counterparty credit risk is also linked to the replacement cost of a derivative or portfolio in the event of counterparty default. Hence, it can be seen as a market risk in case of default or a contingent risk. Counterparty risk arises both from both bilateral activities of the Issuer with clients and clearing activities through a clearing house or an external clearer

In addition, in the past, the general credit environment has been adversely affected by significant instances of fraud. Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or defaults by other institutions because the commercial soundness of many financial institutions may be closely related as a result of their credit, trading, clearing or other relationships. This risk is sometimes referred to as "systemic risk" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with whom the Issuer interacts on a daily basis, and could have an adverse effect on the Issuer's business.

Uncertainty linked to fair value accounting and use of estimates

According to the Issuer's valuation rules financial assets can be carried at fair value through profit or loss. Concerned assets include financial assets held for trading, including non-cash flow hedging

derivatives, and financial assets that the Issuer has irrevocably designated to be held at fair value through profit or loss ('fair value option'). The fair value of a financial instrument is determined based on quoted prices in active markets. When quoted prices in active markets are not available, valuation techniques are used. Valuation techniques make maximum use of market inputs but are affected by the assumptions used, including discount rates and estimates of future cash flows, and take into consideration, where applicable, model risks. Such techniques include market prices of comparable investments, discounted cash flows, option pricing models and market multiples valuation methods. In the rare case where it is not possible to determine the fair value of a financial instrument, it is accounted for at cost. The effect of changing the assumptions for those financial instruments for which the fair values are measured using valuation techniques that are determined in full or in part on assumptions that are not supported by observable inputs may have a material adverse effect on the Issuer's earnings.

The preparation of financial statements in conformity with IFRS requires the use of certain accounting estimates and assumptions. It also requires management to exercise its judgment in the process of applying these accounting policies. Actual results may differ from those estimates and judgmental decisions.

Financial institutions may use different accounting categorisations for the same or similar financial assets due to their different intentions regarding those assets. In determining fair value of financial instruments, different financial institutions may use different valuation techniques, assumptions, judgments and estimates which may result in lower or higher fair values for such financial instruments.

Adjustments to the carrying value of the Issuer's securities and derivatives portfolios and the Issuer's own debt could have an impact on its net income and shareholders' equity

The carrying value of the Issuer's securities and derivatives portfolios and certain other assets, as well as its own debt, in its balance sheet is adjusted as of each financial statement date. Most of the adjustments are made on the basis of changes in fair value of its assets or its debt during an accounting period, with the changes recorded either in the income statement or directly in shareholders' equity. Changes that are recorded in the income statement, to the extent not offset by opposite changes in the value of other assets, affect its consolidated revenues and, as a result, its net income. All fair value adjustments affect shareholders' equity and, as a result, its capital adequacy ratios. The fact that fair value adjustments are recorded in one accounting period does not mean that further adjustments will not be needed in subsequent periods.

The expected changes in accounting principles relating to financial instruments may have an impact on the Issuer's balance sheet and regulatory capital ratios and result in additional costs

The International Financial Reporting Standard 9 Financial Instruments (**IFRS 9**), issued by the International Accounting Standards Boards (**IASB**) in July 2014, will replace IAS 39 Financial Instruments: recognition and measurement, related to the classification and measurement of financial instruments. It sets out the new principles for the classification and measurement of financial instruments, for impairment for credit risk on financial assets and for general hedge accounting (i.e. micro hedging).

IFRS 9, which was adopted by the European Union on 22 November 2016, is mandatory for annual periods beginning on or after 1 January 2018.

Classification and measurement

According to IFRS 9, classification and measurement of financial assets will depend on the business model and the contractual characteristics of the instruments. On initial recognition, financial assets will be measured at amortised cost, at fair value through shareholders' equity (on a separate line) or at fair value through profit or loss.

It will no longer be possible to recognise derivatives embedded in financial assets separately from the host contract.

Application of the criteria relating to the business model and the contractual characteristics of the instruments may lead to different classification and measurement of some financial assets compared with IAS 39.

Debt instruments (loans, receivables or debt securities) will be classified at amortised cost, at fair value through shareholders' equity (on a separate line), or at fair value through profit or loss.

- They will be classified at amortised cost if the business model objective is to hold the financial assets in order to collect contractual cash flows, and if the contractual cash flows solely consist of payments relating to principal and interest on the principal.
- They will be classified at fair value through shareholders' equity if the business model is achieved by both holding the financial assets in order to collect contractual cash flows and selling the assets and if the cash flows solely consist of payments relating to principal and interest on the principal. Upon disposal, amounts previously recognised in shareholders' equity will be transferred to profit or loss.
- All debt instruments not eligible for classification at amortised cost or at fair value through shareholders' equity will be presented at fair value through profit or loss.

Debt instruments may only be designated as at fair value through profit or loss if the use of this option enables the entity to eliminate or significantly reduce an accounting mismatch in profit or loss.

Investments in equity instruments such as shares will be classified as instruments at fair value through profit or loss, or, as an option, as instruments at fair value through shareholders' equity (on a separate line). In the latter case, upon disposal of equity instruments classified at fair value through shareholders' equity, amounts previously recognised in shareholders' equity shall not be transferred to profit or loss. Only dividends will be recognised in profit or loss.

With respect to financial liabilities, the only change introduced by IFRS 9 relates to recognition of changes in fair value attributable to changes in the credit risk of the liabilities designated as at fair value through profit or loss (fair value option), which will be recognised on a separate line in shareholders' equity and no longer through profit or loss.

The provisions of IAS 39 concerning the derecognition of financial assets and financial liabilities have been maintained in IFRS 9 without any modification.

Based on existing business models, the main classifications would be expected to be as follows:

- Apart from those not complying with the contractual characteristics criterion, loans and receivables due from credit institutions and customers and repurchase agreements recognised in "Loans and receivables" under IAS 39 should be eligible to amortised cost under IFRS 9;

- Treasury bills, Government bonds and other fixed-income securities classified as "Available-for-sale financial assets" under IAS 39 should be recognised at amortised cost or at fair value through shareholders' equity depending on the business model, apart from those not complying with the contractual characteristics criterion;
- Financial assets classified at fair value through profit or loss under IAS 39 could remain in this category under IFRS 9;
- The majority of investments in equity instruments are likely to be classified as instruments at fair value through profit or loss, making income more volatile than under IAS 39. Some of these investments are likely to be classified at fair value through shareholders' equity.

Impairment

IFRS 9 establishes a new credit risk impairment model based on expected losses.

This model will apply to loans and debt instruments measured at amortised cost or at fair value through shareholders' equity (on a separate line), to loan commitments and financial guarantees not recognised at fair value, as well as to lease receivables.

Under the impairment model in IAS 39, an impairment loss is recognised when there is an objective evidence of a decrease in value. Counterparties that are not individually impaired are risk-assessed on the basis of portfolios with similar characteristics and groups of counterparties which, as a result of events occurring since inception of the loans present objective indication of impairment, are subject to a portfolio-based impairment. Moreover, BNP Paribas Fortis may recognise additional collective impairment with respect to a given economic sector or geographic area affected by exceptional economic events.

The new impairment model under IFRS 9 requires accounting for 12-month expected credit losses (that result from the risk of default in the next 12 months) on the financial instruments issued or acquired, as of the date of initial recognition on the balance sheet.

Expected credit losses at maturity (that result from the risk of default over the life of the financial instrument) must be recognised if the credit risk has increased significantly since initial recognition.

Financial assets for which a 12-month expected credit loss will be recognised, will be included in "Stage 1". Interest income will be measured according to the effective interest method using the financial asset's gross value (before impairment).

Financial assets for which the credit risk has increased significantly since the initial recognition will be included in "Stage 2". Interest income will be measured according to the effective interest method using the financial asset's gross value (before impairment).

Significant increase in the credit risk will be assessed on an individual basis or on a collective basis (by grouping the financial instruments according to common credit risk characteristics) by taking into consideration all reasonable and supportable information and comparing the default risk of the financial instrument at the reporting date with the default risk on the date of its initial recognition.

Assessment of deterioration will be measured by comparing probability of default/ratings on the date of initial recognition and those existing on the reporting date.

Under the standard, there is also a rebuttable presumption that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due.

The standard suggests that it may be assumed that the credit risk of a financial instrument has not increased significantly since initial recognition if this risk is considered to be low on the reporting date (for example, a financial instrument which has an 'investment grade' rating). This provision could be applied to debt securities.

The amount of expected credit loss will be measured on the basis of probability-weighted scenarios, in view of past events, current conditions and reasonable economic forecasts.

Financial assets for which there is objective evidence of a decrease in value as a result of an event occurring after inception of the loan or acquisition of the asset will be considered as impaired and be included in "Stage 3". Criteria for identifying impaired assets will be similar to those prevailing under IAS 39. Interest income will be measured according to the effective interest method using the financial asset's net value (after impairment).

Treatment of restructuring for financial difficulties is likely to remain similar to that prevailing under IAS 39.

The new impairment model is likely to result in an increase in impairment for credit risk since all financial assets will be subject to a 12-month expected credit loss assessment. Moreover, the scope of the assets for which there is a significant increase in credit risk could be different from the scope of assets for which portfolio-based impairment was recognised under IAS 39.

Furthermore, the impairment model of IFRS 9 is based on more forward-looking information than that of IAS 39, inducing a more volatile amount of expected credit losses.

BNP Paribas Fortis is considering using existing concepts and methods (in particular the Basel framework) on exposures for which the capital requirement for credit risk is measured according to the IRBA methodology. This method will also need to be applied to portfolios for which the capital requirement for credit risk is measured according to the standardised approach. Moreover, the Basel framework will need to be supplemented with the specific provisions of IFRS 9, in particular the use of forward-looking information.

Methods of measuring expected credit losses will be based on 3 main parameters: the probability of default (**PD**), loss given default (**LGD**) and exposure at default (**EAD**) in light of amortisation profiles. Expected credit losses will be measured as the product of the PD, LGD and EAD.

Hedge accounting

The objective of the hedge accounting model under IFRS 9 is to better reflect risk management, especially by expanding the eligible hedging instruments and eliminating some overly prescriptive rules. On initial application of IFRS 9, BNP Paribas Fortis may choose either to apply the new hedge accounting provisions or to maintain the hedge accounting principles under IAS 39 until the new macro hedging standard enter into force. Irrespective of the chosen hedge accounting option, additional information will be required in the notes to the financial statements concerning risk management and the impacts of the hedge accounting on the financial statements.

IFRS 9 does not explicitly address the fair value hedge of the interest rate risk on a portfolio of financial assets or liabilities. The provisions of IAS 39 for these portfolio hedges, as adopted by the European Union, will continue to apply.

Based on the analyses made to date, the Group is considering maintaining all the provisions of IAS 39 for hedge accounting.

Transition

The IFRS 9 classification and measurement provisions, as well as its new impairment model, are applicable retrospectively by adjusting the opening balance sheet on the date of first application, without any obligation to restate the comparative figures for prior periods.

IFRS 9 allows early application of the requirements for the presentation of gains and losses attributable to changes in the credit risk of the financial liabilities designated as at fair value through profit or loss (fair value option). However, the Group does not envisage an early application of these requirements.

Implementation of IFRS 9 at BNP Paribas Fortis

The implementation of IFRS 9 at BNP Paribas Fortis relies on a set of projects corresponding to each of the different phases of the standard. Steering committees bringing together the heads of the Risk and Finance functions have been set up, as well as operational committees dedicated to the various issues associated with the implementation of the new standard.

The project on classification and measurement is managed by the Finance Department, through dedicated governance.

The work relating to the analysis of business models and the contractual cash flows characteristics of the assets of BNP Paribas Fortis is being finalised. Meanwhile, the required IT developments and adaptations have proceeded through 2016 and will be finalised in 2017.

The project on the impairment model is conducted under the joint responsibility of the Finance and Risk Departments.

The work conducted to date has led to the definition of a methodology for the new impairment model (see above) that is consistent with that of the Group. The model is currently being adapted to operational requirements and refined.

Operational implementation is based on the convergence of Finance, Risk and Liquidity reporting streams with the aim of guaranteeing high quality data and developing information sharing at every level.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 Revenue from Contracts with Customers, issued in May 2014, will supersede a number of standards and interpretations on revenue recognition (in particular IAS 18 Revenue and IAS 11 Construction Contracts). Revenues from lease contracts, insurance contracts or financial instruments are excluded from the scope of this standard.

Adopted by the European Union on 22 September 2016, IFRS 15 will become mandatory for annual periods beginning on, or after, 1 January 2018.

IFRS 15 defines a single model for recognising revenue based on five-step principles. These five steps determine performance obligations (contractual goods and services) that are considered to be distinct and the transaction price to be allocated to them.

Revenue is recognised when the performance obligations are satisfied, namely when the entity transfers control of the goods or services. BNP Paribas Fortis is in the process of analysing the standard and its potential impacts. Revenues from net banking income falling within the scope of application concern in particular the commissions received for banking and similar services provided (except those arising from the effective interest rate), revenues from property development and revenues from services provided in connection with lease contracts.

The implementation of IFRS 15 within BNP Paribas Fortis is based on a project structure managed by the Finance Department. The analysis of the standard and the documentation and identification of its potential impacts will be finalised in 2017. The impact is not expected to be material.

IFRS 16 Leases

IFRS 16 Leases, issued in January 2016, will supersede IAS 17 Leases and the interpretations relating to the accounting of such contracts. The new definition of leases relies on both the identification of an asset and the right to control the identified asset by the lessee.

From the lessor's point of view, the expected impact should be limited, as the requirements of IFRS 16 remain substantially unchanged from the current IAS 17.

For the lessee, IFRS 16 will require recognition in the balance sheet of all leases, in the form of a right-of-use on the leased asset presented under fixed assets, along with the recognition of a financial liability for the rent and other payments to be made over the leasing period. The right-of-use assets will be amortised on a straight-line basis and the financial liabilities will be amortised on an actuarial basis over the lease period. Under IAS 17, operating leases require no recognition in the balance sheet.

IFRS 16 will become mandatory for annual periods beginning on or after 1 January 2019, after its adoption by the European Union for application in Europe. Following the publication of the standard, BNP Paribas Fortis has started to analyse the standard and define its potential impacts.

2. Risks relating to the Mortgage Pandbrieven

Risks related to Mortgage Pandbrieven in general.

The risk factors below include a summary description of certain risks relating to the Mortgage Pandbrieven in general:

The Mortgage Pandbrieven may not be a suitable investment for all investors

Each potential investor in the Mortgage Pandbrieven must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Mortgage Pandbrieven, the merits and risks of investing in the Mortgage Pandbrieven and the information contained or incorporated by reference in this Base Prospectus, any applicable supplement or Final Terms;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Mortgage Pandbrieven and the impact the Mortgage Pandbrieven will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Mortgage Pandbrieven including Mortgage Pandbrieven with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Mortgage Pandbrieven and be familiar with the behaviour of any relevant indices, securities, assets and/or financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The return on an investment in Mortgage Pandbrieven will be affected by charges incurred by investors

An investor's total return on an investment in Mortgage Pandbrieven will be affected by the level of fees charged to the investor, including fees charged to the investor as a result of the Mortgage Pandbrieven being held in a Securities Settlement System. Such fees may include charges for opening accounts, transfers of securities, custody services and fees for payment of principal, interest or other sums due under the terms of the Mortgage Pandbrieven. Investors should carefully investigate these fees before making their investment decision.

Tax risk

This Base Prospectus includes general summaries of the Belgian tax considerations relating to an investment in the Mortgage Pandbrieven. Such summaries may not apply to a particular Mortgage Pandbrieven Holder or to a particular issue and do not cover all possible tax considerations. In addition, the tax treatment may change before the maturity of Mortgage Pandbrieven. Any potential investor should consult its own independent tax adviser for more information about the tax consequences of acquiring, owning and disposing of Mortgage Pandbrieven in its particular circumstances.

Belgian Covered Bond Regulations

The Mortgage Pandbrieven as described in this Base Prospectus will be issued on the basis of and in accordance with the provisions of a statutory framework constituted by the Belgian Covered Bond Regulations. To date the provisions of the Belgian Covered Bond Regulations have not yet been the object of interpretation by case law. Furthermore, only a limited number of issuances of similar securities as the Mortgage Pandbrieven have been based on the Belgian Covered Bond Regulations. The application and implementation of certain provisions of the Belgian Covered Bond Regulations may therefore remain open to further interpretation discussions and the possibility that amendments or changes, affecting the Mortgage Pandbrieven may be needed cannot be excluded.

Potential Mortgage Pandbrieven Holders may be unfamiliar with certain aspects of the Belgian Covered Bond Regulations (and, in a more general sense, Belgian law) as referred to in this Base Prospectus. Potential Mortgage Pandbrieven Holders should pay particular attention to sections of the Base Prospectus containing such references. For further information on the Belgian Covered Bond Regulations, see “*Summary of the Belgian Covered Bond Regulations*” below.

Change of Law

The Mortgage Pandbrieven are based on Belgian law, tax rules, regulations, guidelines and administrative practice in effect as at the date of the relevant Mortgage Pandbrieven. No assurance can be given that there will be no change to such law, tax rules, regulations, guidelines and administrative practice after the date of issuance of the relevant Mortgage Pandbrieven which might have an adverse impact on the Mortgage Pandbrieven. Such changes may occur at any time (including during any subscription period or the term of the Mortgage Pandbrieven), and may result in an adverse effect on a Mortgage Pandbrieven Holder, including that the Mortgage Pandbrieven may be redeemed before their due date, their liquidity may decrease and/or the tax treatment of amounts payable to or receivable by an affected Mortgage Pandbrieven Holder may be less than otherwise expected by such Mortgage Pandbrieven Holder.

Credit ratings

The Issuer has a senior debt rating from Standard & Poor’s Credit Market Services Europe Limited (**S&P**) of A and a senior debt rating from Moody’s France SAS (**Moody’s**) of A2.

Mortgage Pandbrieven issued under the Programme may be rated or unrated and one or more independent credit rating agencies may assign (additional) credit ratings to the Mortgage Pandbrieven or the Issuer. Where a Tranche of Mortgage Pandbrieven is rated, such rating will not necessarily be the same as the ratings assigned to other Tranches or Series of Mortgage Pandbrieven.

If applicable, the expected credit ratings of the Mortgage Pandbrieven are set out in the applicable Final Terms for each Series of Mortgage Pandbrieven. In addition to issuing Mortgage Pandbrieven that are rated, the Issuer may also issue Mortgage Pandbrieven which are unrated. Credit rating agencies may also assign (additional) credit rating to the Mortgage Pandbrieven on an unsolicited basis.

The credit ratings that may be assigned to the Mortgage Pandbrieven (where applicable) address:

- (a) the likelihood of full and timely payment to Mortgage Pandbrieven Holders of all payments of interest on each Interest Payment Date; and
- (b) the likelihood of ultimate payment of principal in relation to Mortgage Pandbrieven on (a) the Maturity Date thereof, or (b) if the Mortgage Pandbrieven are subject to an Extended Maturity Date in accordance with the applicable Final Terms, the Extended Maturity Date thereof.

There is no guarantee that ratings will be assigned or maintained.

If any credit rating assigned to the Mortgage Pandbrieven is lowered or withdrawn, the market value of the Mortgage Pandbrieven may reduce.

The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Mortgage Pandbrieven and the ability of the Issuer or the Issuer to make payments under the Mortgage Pandbrieven (including but not limited to market conditions and funding related and operational risks inherent to the business of the Issuer). A credit rating is not a recommendation to buy, sell or hold securities. There is no assurance that a rating will remain for any given period of time or that a rating will not be suspended, lowered or withdrawn by the relevant rating agency if, in its judgement, circumstances in the future so warrant. The investors can find the updated ratings on the Issuer's website (www.bnpparibasfortis.com).

In the event that a rating assigned to the Mortgage Pandbrieven or the Issuer is subsequently suspended, lowered or withdrawn for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to the Mortgage Pandbrieven, the Issuer may be adversely affected, the market value of the Mortgage Pandbrieven is likely to be adversely affected and the ability of the Issuer to make payments under the Mortgage Pandbrieven may be adversely affected.

In addition, the Issuer's bank assets are risk weighted. Downgrades of these assets could result in a higher risk weighting which may result in higher capital requirements and thus a need to deleverage. This may impact net earnings and the return on capital, and may have an adverse impact on the Issuer's financial position and ability to make payments under the Mortgage Pandbrieven.

In general, European regulated investors are restricted under the CRA Regulation (as defined on the cover page of this Base Prospectus) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings will be disclosed in the applicable Final Terms

Liabilities under the Mortgage Pandbrieven

The Mortgage Pandbrieven will be solely obligations of the Issuer. The Issuer will be liable solely in its corporate capacity for its obligations in respect of the Mortgage Pandbrieven and such obligations will not be the obligations of its respective officers, members, directors, employees, security holders or incorporators.

The Mortgage Pandbrieven will not be obligations or responsibilities of, or guaranteed by, any other entity or person than the Issuer, in whatever capacity acting, including (without limitation) the Mortgage Pandbrieven Holders' Representative, the Cover Pool Monitor, the Cover Pool Administrator, the Competent Authority, the Agents, the Hedging Counterparties, the Arrangers, or the Dealers or any of their officers, members, directors, employees, security holders or incorporators. None of the Arrangers, the Dealers, the Hedging Counterparties, the Mortgage Pandbrieven Holders' Representative, the Cover Pool Monitor, the Agents, the Cover Pool Administrator, the Competent Authority, any company in the same group of companies as such entities or any other party to the

Programme Documents will accept any liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Mortgage Pandbrieven.

Modifications and waivers under the Mortgage Pandbrieven and the Programme Documents without Mortgage Pandbrieven Holders' consent

Pursuant to the Conditions and the terms of the Mortgage Pandbrieven Holders Representative Agreement, the Mortgage Pandbrieven Holders' Representative may, without the consent or sanction of any of the Mortgage Pandbrieven Holders or any of the other Other Cover Pool Creditors, agree to modifications and waivers under the Mortgage Pandbrieven and the Programme Documents consent if:

- (a) the Mortgage Pandbrieven Holders' Representative is of the opinion that the proposed amendment or waiver will not be materially prejudicial to the interests of any of the Mortgage Pandbrieven Holders of any Series; or
- (b) such proposed amendment or waiver is of a formal, minor or technical nature; or
- (c) the modification in the opinion of the Mortgage Pandbrieven Holders' Representative is to correct a manifest error or to comply with mandatory provisions of law; or
- (d) such modification or amendment would cause such Programme Document to better reflect or comply with the provisions and requirements of the Belgian Covered Bond Regulations.

Furthermore, the Conditions contain provisions for calling meetings of Mortgage Pandbrieven Holders to consider matters affecting their interests generally, including modifications to the Conditions and the Programme Documents. These provisions permit defined majorities to bind all Mortgage Pandbrieven Holders including Mortgage Pandbrieven Holders who did not attend and vote at the relevant meeting and Mortgage Pandbrieven Holders who voted in a manner contrary to the majority.

Capital requirements and/or liquidity associated with a holding of the Mortgage Pandbrieven for certain investors

Investors should consult their own advisers as to the regulatory capital requirements in respect of the Mortgage Pandbrieven and as to the consequences for and effect on them of the Basel III framework as implemented in the EU by CRD IV and other relevant implementing measures (including various technical standards). No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Early redemption

The Conditions provide for an early redemption of the Mortgage Pandbrieven in the case of an illegality or tax gross-up. Investors willing to reinvest the funds received in such case of may face reinvestment risk in light of the available investment opportunities at such time. Investors may only be able to reinvest in securities with a lower yield than the redeemed Mortgage Pandbrieven.

Moreover, following the opening of winding-up proceedings against the Issuer, the Cover Pool Administrator may in certain circumstances proceed with the liquidation of the Special Estate and early redemption of the Mortgage Pandbrieven (see section "*Realisation of the Special Estate and Sale of Cover Assets*" below). There is a risk that, in such circumstances, the proceeds from the liquidation of the Special Estate will not be sufficient to cover the Early Redemption Amount due under the Mortgage Pandbrieven and that Mortgage Pandbrieven Holders or the Mortgage Pandbrieven Holders' Representative on their behalf will have to introduce a contingent unsecured claim against the Issuer's general bankruptcy estate in order to preserve their recourse against the General Estate.

Mortgage Pandbrievs issued under the Programme will either be fungible with an existing Series of Mortgage Pandbrievs or have different terms to any existing Series of Mortgage Pandbrievs (in which case they will constitute a new Series). All Mortgage Pandbrievs will rank *pari passu* and *pro rata* without any preference or priority among themselves, irrespective of their Series.

Following the occurrence of an Event of Default and service by the Mortgage Pandbrievs Holders' Representative of a Notice of Default, the Mortgage Pandbrievs of all outstanding Series will become immediately due and payable against the Issuer.

Certain decisions of Mortgage Pandbrievs Holders need to be taken at Programme level

A resolution to direct the Mortgage Pandbrievs Holders' Representative to start any enforcement action must be taken by way of an Extraordinary Resolution passed at a single meeting of all Mortgage Pandbrievs Holders of all Series then outstanding.

Limited liquidity in the secondary market in Mortgage Pandbrievs

A secondary market for Mortgage Pandbrievs may not continue for the maturity of the Mortgage Pandbrievs or it may not provide Mortgage Pandbrievs Holders with liquidity of investment with the result that a Mortgage Pandbrievs Holder may not be able to find a buyer to buy its Mortgage Pandbrievs readily or at prices that will enable the Mortgage Pandbrievs Holder to realise a desired yield.

The Issuer may, but is not obliged to, list an issue of Mortgage Pandbrievs on a stock exchange or regulated market. If Mortgage Pandbrievs are not listed or traded on any stock exchange or regulated market, pricing information for the relevant Mortgage Pandbrievs may be more difficult to obtain and the liquidity of such Mortgage Pandbrievs may be adversely affected, and therefore the price of the Mortgage Pandbrievs could be affected by their limited liquidity.

If Mortgage Pandbrievs are not listed or traded on a stock exchange or regulated market, they may be traded on trading systems governed by the laws and regulations in force from time to time (e.g. multilateral trading systems) or in other trading systems (e.g. bilateral systems, or equivalent trading systems). In the event that trading in such Mortgage Pandbrievs takes place outside any such stock exchange, regulated market or trading systems, the manner in which the price of such Mortgage Pandbrievs is determined may be less transparent and the liquidity of such Mortgage Pandbrievs may be adversely affected. Investors should note that the Issuer does not grant any warranty to Mortgage Pandbrievs Holders as to the methodologies used to determine the price of Mortgage Pandbrievs which are traded outside a trading system, however, where the Issuer or any of its affiliates determines the price of such Mortgage Pandbrievs, it will take into account the market parameters applicable at such time in accordance with applicable provisions of law. Even if Mortgage Pandbrievs are listed and/or admitted to trading, this will not necessarily result in greater liquidity.

Each of the Issuer and any Dealer may, but is not obliged to, at any time purchase Mortgage Pandbrievs at any price in the open market or by tender or private agreement. Any Mortgage Pandbrievs so purchased may be held or resold or surrendered for cancellation. If any Mortgage Pandbrievs are redeemed in part, then the number of Mortgage Pandbrievs outstanding will decrease, which will reduce liquidity for the outstanding Mortgage Pandbrievs. Any such activities may have an adverse effect on the price of the relevant Mortgage Pandbrievs in the secondary market and/or the existence of a secondary market.

Any Dealer or any of its affiliates may, but is not obliged to, be a market maker, liquidity provider, specialist or bid intermediary, for an issue of Mortgage Pandbrievs. Even if a Dealer is a market-maker, liquidity provider, specialist or bid intermediary for an issue of Mortgage Pandbrievs, the

secondary market for such Mortgage Pandbrieven may be limited and there is no assurance given as to the price offered by a market-maker, liquidity provider, specialist or bid intermediary or the impact of any such quoted prices on those available in the wider market and any such activities may be affected by legal restrictions in certain jurisdictions.

The appointment of an entity acting as a market maker, liquidity provider, specialist or bid intermediary with respect to the Mortgage Pandbrieven, may, under certain circumstances, have a relevant impact on the price of the Mortgage Pandbrieven in the secondary market.

If it is possible to sell Mortgage Pandbrieven, they would be sold for the prevailing bid price in the market and may be subject to a transaction fee. The prevailing bid price may be affected by several factors including prevailing interest rates at the time of sale, the time remaining to the stated maturity date, the creditworthiness of the Issuer and factors affecting the capital markets generally. The introduction of additional or competing products in the market may also have a negative effect on the price of any Mortgage Pandbrieven. It is therefore possible that an investor selling Mortgage Pandbrieven in the secondary market may receive substantially less than their original purchase price.

Limited liquidity in the secondary market may continue to have a severe adverse effect on the market value of debt securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. Consequently, an investor in the Mortgage Pandbrieven may not be able to sell its Mortgage Pandbrieven readily. The market values of the Mortgage Pandbrieven are likely to fluctuate and may be difficult to determine. Any of these fluctuations may be significant and could result in significant losses to such investor.

In addition, the forced sale into the market of debt securities held by structured investment vehicles, hedge funds, issuers of collateralised debt obligations and other similar entities that are experiencing funding difficulties could adversely affect an investor's ability to sell, and/or the price that an investor receives for the Mortgage Pandbrieven in the secondary market.

Common Reporting Standard

Following recent international developments, the exchange of information will be governed by the Common Reporting Standard ("**CRS**"). On 10 November 2017, 96 jurisdictions signed the multilateral competent authority agreement (MCAA), which is a multilateral framework agreement to automatically exchange financial and personal information, with the subsequent bilateral exchanges coming into effect between those signatories that file the subsequent notifications.

More than 50 jurisdictions, including Belgium, have committed to a specific and ambitious timetable leading to the first automatic information exchanges in 2017, relating to income year 2016 ("early adopters").

Under CRS, financial institutions resident in a CRS country are now required to report, according to a due diligence standard, financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities (which includes trusts and foundations) with fiscal residence in another CRS country. The standard includes a requirement to look through passive entities to report on the relevant controlling persons.

On 9 December 2014, EU Member States adopted Directive 2014/107/EU on administrative cooperation in direct taxation ("**DAC2**"), which provides for mandatory automatic exchange of financial information as foreseen in CRS. DAC2 amends the previous Directive on administrative cooperation in direct taxation, Directive 2011/16/EU.

According to DAC2, the mandatory automatic exchange of financial information by EU Member States will at the latest take place as of 30 September 2017, except with regard to Austria. The mandatory automatic exchange of financial information by Austria will at the latest take place as of 30 September 2018.

The Belgian government has implemented said Directive 2014/107/EU, respectively the Common Reporting Standard, per the Law of 16 December 2015 regarding the exchange of information on financial accounts by Belgian financial institutions and by the Belgian tax administration, in the context of an automatic exchange of information on an international level and for tax purposes.

As a result of the Law of 16 December 2015, the mandatory automatic exchange of information applies in Belgium (i) as of income year 2016 (first information exchange in 2017) towards the EU Member States (including Austria, irrespective the fact that the automatic exchange of information by Austria towards other EU Member States is only foreseen as of income year 2017), (ii) as of income year 2014 (first information exchange in 2016) towards the US and (iii), with respect to any other non-EU States that have signed the MCAA, as of the respective date determined by Royal Decree.

Investors who are in any doubt as to their position should consult their professional advisers.

Foreign Account Tax Compliance Act

In certain very exceptional circumstances the Issuer, the Domiciliary Agent and certain other entities through which payments on the Mortgage Pandbrieven are made might be required to withhold U.S. tax at a rate of 30% on a portion of interest payments made after 31 December 2016 in respect of Mortgage Pandbrieven that would be treated as debt for U.S. federal tax purposes, pursuant to sections 1471 through 1474 of the U.S. Internal Revenue Code and the regulations and other guidance promulgated thereunder (**FATCA**).

Under FATCA, non-U.S. financial institutions generally will be required to enter into agreements with the U.S. Internal Revenue Service (the **IRS**) to identify financial accounts held by certain U.S. persons or entities with substantial U.S. ownership, as well as accounts of other financial institutions that are not themselves participating in (or otherwise exempt from) the FATCA reporting regime. For these purposes, the term financial institution includes, among others, banks, insurance companies and funds that are engaged primarily in the business of investing, reinvesting or trading in securities, commodities or partnership interests. If a participating financial institution makes a relevant payment

to an accountholder that has not provided information requested to establish the accountholder is exempt from reporting under the rules, or if the recipient of the payment is a non-participating financial institution (that is not otherwise exempt), the payor might be required to withhold 30% on a portion of the payment which is or is deemed to be from US source. However, the IRS is further considering the treatment of these so called foreign pass-through payments and it is uncertain whether and how this rule will ultimately apply to the Issuer or the Mortgage Pandbrieven.

If the Issuer or one of its Agents were required to withhold any amount from any payment on the Mortgage Pandbrieven in respect of FATCA, there will be no “gross up” (or any other additional amount) payable by way of compensation to the investor for the withheld amount. An investor that is able to claim the benefits of an income tax treaty between its own jurisdiction and the United States may be entitled to a refund of amounts withheld pursuant to the FATCA rules, though the investor would have to file a U.S. tax return to claim this refund and may not be entitled to interest from the IRS for the period prior to the refund.

Some countries have entered into, and other countries are expected to enter into, agreements (intergovernmental agreements or **IGAs**) with the United States to facilitate the type of information reporting required under FATCA. While the existence of IGAs will not eliminate the risk of the withholding described above, these agreements are expected to reduce that risk for financial institutions and investors in countries that have entered into IGAs. IGAs will often require financial institutions in those countries to report some information on their U.S. accountholders to the taxing authorities of those countries, which will then pass the information to the IRS.

Belgium has entered into an intergovernmental agreement (**IGA**) relating to the implementation of FATCA with the United States. Under this IGA, the Issuer would currently not be required to deduct or withhold amounts under FATCA. However, the terms of the IGA in respect of withholding are subject to change, and the Issuer can offer no assurances on future withholding requirements under the US-Belgian IGA. Moreover, Belgium has in the meantime implemented FATCA in its domestic legislation by a law of 16 December 2015 (“*Wet tot regeling van de mededeling van inlichtingen betreffende financiële rekeningen, door de Belgische financiële instellingen en de FOD Financiën in het kader van automatische uitwisseling van inlichtingen op internationaal niveau envoor belastingdoeleinden*”/“*Loi réglant la communication des renseignements relatifs aux comptes financiers, par les institutions financières belges et le SPF Finances, dans le cadre d'un échange automatique de renseignements au niveau international et à des fins fiscales*”). Under this law, Belgian financial institutions holding Mortgage Pandbrieven for “US accountholders” and for “Non US owned passive Non Financial Foreign entities” are held to report financial information regarding the Mortgage Pandbrieven (income, gross proceeds,..) to the Belgian competent authority, who shall communicate the information to the US tax authorities.

The Issuer closely monitors all present and new legislation that is or will be applicable for its organisation, and is currently investigating all implications of FATCA and legislation of countries that have entered into IGAs. While investigating these implications, the Issuer is and will be in close contact with all of its stakeholders, including its peers and financial industry representative organisations.

The Issuer intends to take all necessary steps to comply with FATCA (including entering into agreements with the U.S. tax authorities as may be required), in accordance with the timeframe set by the U.S. tax authorities. However, if the Issuer cannot enter into such agreements or satisfy the requirements thereunder (including as a result of local laws in non-IGA countries prohibiting information sharing with the IRS, as a result of contracts or local laws prohibiting withholding on certain payments to accountholders, or other investors, or as a result of the failure of accountholders or other investors to provide requested information), certain payments to the Issuer may be subject to

withholding under FATCA. The possibility of such withholding and the need for accountholders and investors to provide certain information may adversely affect the sales of certain of the Issuer's products. In addition, (i) entering into agreements with the IRS and (ii) compliance with the terms of such agreements and with FATCA any regulations or other guidance promulgated thereunder or any legislation promulgated under an IGA may substantially increase the Issuer's compliance costs. Because legislation and regulations implementing FATCA and the IGAs remains under development, the future impact of this law on the Issuer is uncertain.

FATCA is particularly complex and its application to the Issuer or the Mortgage Pandbrieven issued is uncertain at this time. Each Mortgage Pandbrieven Holder should consult its own tax advisor to obtain a more detailed explanation of FATCA and to learn how it might affect such holder in its specific circumstance, in particular if it may be, or hold its interest through an entity that is, classified as a financial institution under FATCA.

Risks relating to the proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **Participating Member States**). On 8 December 2015, Estonia however expressed its intention not to introduce the FTT.

The proposed FTT has very broad scope and could apply to certain dealings in the Mortgage Pandbrieven (including secondary market transactions) in certain circumstances. The issuance and subscription of Mortgage Pandbrieven should, however, be exempt.

Under the proposals, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Mortgage Pandbrieven where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The Issuer is a financial institution incorporated in Belgium and therefore financial institutions worldwide would be subject to the FTT when dealing in the Mortgage Pandbrieven.

Joint statements issued by the Participating Member States indicate an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives. The FTT, as initially implemented on this basis, may not apply to dealings in the Mortgage Pandbrieven.

The proposed FTT remains subject to negotiation between the Participating Member States and the timing remains unclear. The proposed FTT may still be abandoned or repealed. Additional EU Member States may decide to participate. Given the lack of certainty surrounding the proposals and their implementation, it is not possible to predict what effect the proposed FTT might have on the business of the Issuer; it could materially adversely affect its business. Prospective Mortgage Pandbrieven Holders are strongly advised to seek their own professional advice in relation to the FTT.

Risks related to specific types of Mortgage Pandbrieven

The Programme allows for the issuance of different types of Mortgage Pandbrieven with a wide variety of distinctive features. Certain features may create particular risk for potential investors. The risk factors below contain a description of the most common of such features:

Mortgage Pandbrieven with an Extended Maturity Date

The Final Terms applicable to a Series of Mortgage Pandbrieven may provide that the obligations of the Issuer to pay the Principal Amount Outstanding due on the relevant Maturity Date (the **Final Redemption Amount**) may be deferred until a later date (such date the **Extended Maturity Date**). To the extent an Extended Maturity Date is applicable in respect of a Series of Mortgage Pandbrieven, the Mortgage Pandbrieven Holders are subject to an extension risk. The extension of the Maturity Date will occur automatically if the Issuer has failed to pay any amount of the Final Redemption Amount within fourteen (14) calendar days after the applicable Final Maturity Date of such Series (as specified in the applicable Final Terms). Notwithstanding such extension, the Issuer shall be entitled to pay, in whole or in part, any amount representing the Final Redemption Amount remaining unpaid on the relevant Maturity Date, on any Interest Payment Date thereafter up to (and including) the Extended Maturity Date (provided that it will in any event have to be paid in full on the relevant Extended Maturity Date). If on any such Interest Payment Date, the Issuer pays only a part of the Final Redemption Amount, this repaid amount will be apportioned to the Mortgage Pandbrieven Holders pro rata the Principal Amount Outstanding of their Mortgage Pandbrieven. The payment of the (remaining) Final Redemption Amount shall become due and payable on the Extended Final Maturity Date of the relevant Series, as specified in the applicable Final Terms.

In the event the maturity of the Final Redemption Amount is extended from the applicable Maturity Date until the Extended Maturity Date, the Mortgage Pandbrieven Holders shall not be entitled to accelerate the Mortgage Pandbrieven or to take any action against the Issuer and the Special Estate. The amount unpaid under the Mortgage Pandbrieven will continue to accrue interest up to the Extended Maturity Date or, if redeemed earlier in full, on such Interest Payment Date on which the Mortgage Pandbrieven are redeemed in full, in accordance with the Conditions and the Issuer will make payments of accrued interest on each relevant Interest Payment Date up to (and including) the Extended Maturity Date or, if redeemed earlier in full, on such Interest Payment Date on which the Mortgage Pandbrieven are redeemed in full, until the Final Redemption Amount is paid in full. Unless otherwise set out in the applicable Final Terms of the relevant Series, no other amount is payable as a result of the extension of the Maturity Date being triggered.

It should be noted that an extension of the maturity of a particular Series of Mortgage Pandbrieven will not automatically result in an extension of the maturity date of any other Series. However, any other Series of Mortgage Pandbrieven, the Maturity Date of which falls due for payment within the same calendar month as an Interest Payment Date for a Series of Mortgage Pandbrieven to which an Extended Maturity Date applies, will only be redeemed if and to the extent that the Issuer is able to redeem in full (in such calendar month) the Series to which the Extended Maturity Date applies. If it is unable to do so, or is unable to redeem in full the Series to which an Extended Maturity Date did not apply, then such Series will also (to the extent not redeemed in full within fourteen (14) calendar days of the relevant Maturity Date) become subject to extension of its Maturity Date.

Fixed Rate Mortgage Pandbrieven

Investors in Fixed Rate Mortgage Pandbrieven are exposed to a decrease in value of their investment that could result in case of subsequent increases of market interest rates. If the Final Terms of the Mortgage Pandbrieven provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline, because investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Floating Rate Mortgage Pandbrieven

A key difference between Floating Rate Mortgage Pandbrieven and Fixed Rate Mortgage Pandbrieven is that interest income on Floating Rate Mortgage Pandbrieven cannot be anticipated.

Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Mortgage Pandbrieven at the time they purchase them, so that their return on investment cannot be compared with that of investments having fixed interest periods. If the Final Terms of the Mortgage Pandbrieven provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline, because investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Zero Coupon Mortgage Pandbrieven

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Mortgage Pandbrieven than on the prices of ordinary Mortgage Pandbrieven because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Mortgage Pandbrieven can suffer higher price losses than other Mortgage Pandbrieven having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Mortgage Pandbrieven are a type of investment associated with a particularly high price risk.

Mortgage Pandbrieven where Maximum Rate of Interest applies

Mortgage Pandbrieven where a Maximum Rate of Interest applies, have an interest rate that is subject to a maximum specified rate. The maximum amount of interest payable in respect of these Mortgage Pandbrieven will occur when the sum of the relevant reference rate and the specified margin (if any) equals the maximum specified rate. Investors in such Mortgage Pandbrieven will therefore not benefit from any increase in the relevant reference rate which, when the specified margin is added to such reference rate, would otherwise cause such interest rate to exceed the maximum specified rate. Typically, the more the sum of the relevant reference rate and the margin exceeds the maximum specified rate, the more the market value of these Mortgage Pandbrieven falls.

Mortgage Pandbrieven issued at a substantial discount or premium

The market values of securities issued at a substantial discount (such as Zero Coupon Mortgage Pandbrieven) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Mortgage Pandbrieven not contemplated by the Base Prospectus

The Issuer may from time to time issue Mortgage Pandbrieven under the Programme in any form agreed between the Issuer and the relevant Dealer or investor. The issuance of these Mortgage Pandbrieven is subject to compliance with the Special Estate Administration Agreement, which contains certain terms to which all Mortgage Pandbrieven issued under the Programme will be subject. These Mortgage Pandbrieven will furthermore be subject to terms and conditions and final terms which may be agreed with the Issuer at the time of their issuance. The issuance of these Mortgage Pandbrieven is also subject to the Belgian Covered Bond Regulations (see also “*Summary of the Belgian Covered Bond Regulations*” below). The Mortgage Pandbrieven Holders should note that all Mortgage Pandbrieven will rank *pari passu* among themselves and that, as a result, the proceeds of the Special Estate will be applied to the satisfaction of amounts due and payable to all Mortgage Pandbrieven Holders on a pro rata basis.

Mortgage Pandbrieven in dematerialised form

The Mortgage Pandbrieven may be issued in the form of dematerialised securities under the Belgian Company Code and will be represented exclusively by book entries in the records of the Securities Settlement System.

Access to the Securities Settlement System is available through participants in the Securities Settlement System whose membership extends to securities such as the Mortgage Pandbrieven (the **Participants**). Participants include certain Belgian banks, stock brokers (*beursvennootschappen/sociétés de bourse*), Clearstream, Luxembourg, Euroclear, SIX SIS, Switzerland and Monte Titoli, Italy.

Transfers of interests in the Mortgage Pandbrieven will be effected between the Participants in accordance with the rules and operating procedures of the Securities Settlement System. Transfers between investors will be effected in accordance with the respective rules and operating procedures of the Participants through which they hold their Mortgage Pandbrieven.

The Issuer and the Domiciliary Agent will not have any responsibility for the proper performance by the Securities Settlement System or its Participants of their obligations under their respective rules and operating procedures.

Inflation Risk

The inflation risk is the risk of future money depreciation. The real yield from an investment is reduced by inflation. The higher the rate of inflation, the lower the real yield on a Mortgage Pandbrief. If the inflation rate is equal to or higher than the nominal yield, the real yield is zero or even negative

Currency Exchange Rate Risk

The Issuer will pay interest and principal on the Mortgage Pandbrieven in the Specified Currency. This presents certain risks relating to currency conversion if the Mortgage Pandbrieven Holder's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency's equivalent yield on the Mortgage Pandbrieven and (2) the Investor's Currency equivalent market value of the Mortgage Pandbrieven.

Government and monetary authorities may impose (as some have done in the past) exchange controls that would adversely affect an applicable exchange rate and/or restrict currency within or outside of a particular jurisdiction which in turn would adversely affect the ability by the Issuer to make payment in respect of the Mortgage Pandbrieven. As a result, investors may receive less interest and principal than expected, or receive it later than expected.

3. Risks relating to the Mortgage Pandbrieven and the Special Estate

The risk factors below include a summary description of certain risks relating to the Mortgage Pandbrieven, more specifically in relation to the Special Estate.

Credit risk

An investor in Mortgage Pandbrieven is exposed to the credit risk of the Issuer. In the event the Issuer fails to make any payments of principal or interest, in part or in full, the Mortgage Pandbrieven Holder will have no recourse against any other person.

This credit risk is to some extent mitigated by the creation of the Special Estate, a segregated pool of assets that exclusively cover the obligation of the Issuer under and in relation to Mortgage Pandbrieven (*bijzonder vermogen/patrimoine spécial*) (the **Special Estate**). The Mortgage Pandbrieven Holders and the Other Cover Pool Creditors will not only have recourse to the General Estate of the Issuer as any other creditor, but also an exclusive recourse against the Special Estate (see section *Summary of the Belgian Covered Bond Regulations – 3. Special Estate* below).

The main asset category of the Special Estate will consist of Residential Mortgage Loans, their Related Security and all monies derived therefrom from time to time in accordance with the Belgian Covered Bond Regulations. In accordance with Article 3, §1, 1° juncto Article 3, §3, and Article 5, §1, of the Covered Bonds Royal Decree, the value of such Residential Mortgage Loans that are part of the Special Estate must represent at least 85 per cent of the aggregate Principal Amount Outstanding of all Mortgage Pandbrieven of all Series then outstanding. The Mortgage Pandbrieven are therefore, amongst others, exposed to the credit risk of the Residential Mortgage Loans that are part of the Special Estate.

Liquidity risk

The maturity and amortisation profile of the Cover Assets may not match the repayment profile and maturities of the Mortgage Pandbrieven.

In order to comply with the Covered Bond Regulations the Programme needs to incorporate solutions addressing this liquidity risk. The Liquidity Test set out in Article 7 § 1 of the Covered Bonds Royal Decree in particular requires that the Cover Assets of the Special Estate generate sufficient liquidity or contain enough liquid assets in order to allow the Issuer to make all unconditional payments under or in relation to the Mortgage Pandbrieven falling due in the following six (6) month period (including payments of principal, interest and other costs under the Mortgage Pandbrieven). If an Extended Maturity Date is specified in the applicable Final Terms for a Series of Mortgage Pandbrieven, any payments which shall be subject to an extension in accordance with the Conditions shall, however, not be considered as unconditional for the purpose of the Liquidity Test.

Under the Programme, the Issuer may address liquidity risk and ensure compliance with the Liquidity Test by entering into a liquidity facility (provided the counterparty is a credit institution outside the group that satisfies certain credit quality requirements) or by holding Cover Assets with a short-term amortisation profile or liquid assets such as cash. The Conditions include an undertaking of the Issuer with regard to liquidity of the Special Estate (see Condition 2.6 (c)). Under the Conditions, the Issuer furthermore has the option to retain all or part of the Mortgage Pandbrieven for liquidity purposes.

Statutory Tests applicable to Special Estate

The Statutory Tests applicable to the Special Estate are intended to ensure that the Issuer maintains an adequate amount of Cover Assets in the Special Estate to enable the Issuer to meet its obligations under the Mortgage Pandbrieven. Failure to satisfy the Statutory Tests may have an adverse effect on

the ability of the Issuer to meet its payment obligations in respect of the Mortgage Pandbrieven. If the Issuer is (and, as applicable, following a grace period, remains) unable to meet the requirements of the Statutory Tests, the NBB can revoke the Issuer's license to issue Mortgage Pandbrieven. Furthermore, at any time the Liquidity Test is not complied with, the Issuer shall not be able to issue further Mortgage Pandbrieven.

Characteristics of the Cover Assets in the Special Estate are subject to change

There is no assurance that the characteristics allocated to the Cover Assets to the Special Estate on the Issue Date of a Series of Mortgage Pandbrieven will remain the same on any date thereafter. It is expected that the composition of the Special Estate will change frequently as a result of additions, removals and/or substitutions of Cover Assets. Cover Assets will however need to satisfy the requirements of Covered Bond Regulations.

Mortgage Pandbrieven Holders will not receive detailed information or statistics on the Cover Assets in the Special Estate other than the information included in the Investor Report. The Cover Pool Monitor shall at least once a month verify whether the Statutory Tests and the requirements in relation to the Cover Register are met. The Cover Pool Monitor shall immediately inform the NBB if it establishes that the Issuer no longer satisfies the requirements. At the end of each accounting year of the Issuer, the Cover Pool Monitor shall furthermore deliver a report to the NBB including the result of its monitoring duties and confirming whether the Mortgage Pandbrieven in all material respects comply with the requirement of the Covered Bond Regulations in terms of (i) the qualitative requirements and valuation of the Cover Assets, (ii) compliance with the Statutory Tests, and (iii) the correct registration of Cover Assets in the Cover Register.

Factors that may impact the realisable value of the Cover Assets and the Special Estate

The Mortgage Pandbrieven Holders together with the Other Cover Pool Creditors will have an exclusive recourse against the Special Estate. The value of the Special Estate may vary over time, as the economic value of the Cover Assets may increase or decrease. The Issuer makes no representation, warranty or guarantee that the value of the Cover Assets will remain at the same level as it was on the date of the origination of the related Residential Mortgage Loan or at any other time. Although the Statutory Tests (and the Issuer's obligations to remedy breaches of the Statutory Tests) are intended to ensure that the value of the Special Estate as determined in accordance with the Belgian Covered Bond Regulations is greater than the Principal Amount Outstanding of the Mortgage Pandbrieven covered by the Special Estate, no assurance can be given that the Issuer will at all times (be able to) do so at the time of realisation and that the Cover Assets could be realised for sufficient value to enable the Issuer to meet its obligations under the Mortgage Pandbrieven.

Below is a description of certain factors that may adversely impact the realisable value of Residential Mortgage Loans registered as Cover Assets and their Related Security comprising part of the Special Estate.

Payments on Residential Mortgage Loans are subject to credit, liquidity and interest rate risks

Payments on the Residential Mortgage Loans are subject to credit, liquidity and interest rate risks. This may be due to general economic factors such as market interest rates, inflation, changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws and regulatory changes and developments. Also individual factors related to the Borrower (such as loss of earnings, illness, divorce and other similar factors) and its financial standing may lead to an increase in filings for a collective debt arrangement or bankruptcy proceedings by Borrowers and delinquencies. Each of these factors may have an adverse impact on the ability of Borrowers to repay their Residential Mortgage Loan and could reduce the value of the Residential Mortgage Loans (and

potential losses) in case the Special Estate would need to be liquidated. The ultimate effect of this could be to delay or reduce the payments on the Mortgage Pandbrieven.

Risks of losses associated with declining real estate values and geographical concentration of the Residential Mortgage Loans

The value of the Residential Mortgage Loans included as Cover Assets in the Special Estate may be affected by, among other things, a decline in property values of the real estate securing such Residential Mortgage Loans. Certain geographic regions may thereby be subject to weaker regional conditions and housing markets than others. Although Borrowers are located throughout Belgium, the Borrowers may be concentrated in certain locations. No assurance can be given that property values will remain at the level at which they were on the date of origination of the relevant Residential Mortgage Loans.

A decline in such property values may result in losses under the Residential Mortgage Loans if the mortgages securing such loans are required to be enforced. A concentration of Borrowers in weaker performing regions areas may furthermore result in a greater risk of loss than would be the case if such concentration had not been present.

Changes to the origination criteria of the Issuer

The Residential Mortgage Loans are originated in accordance with the Issuer's origination criteria at the time of origination. Such origination criteria will generally consider, inter alia, type of property, term of loan, age of applicant, the loan-to-value ratio, status of applicant and credit history. The Issuer retains the right to revise its origination criteria from time to time but it would only do so if such a change would be required in accordance with applicable laws and regulations or acceptable to a reasonable, prudent mortgage lender. If the origination criteria change in a manner that results in the Issuer applying more flexible acceptance criteria for Residential Mortgage Loans, this may lead to increased delinquencies and defaults under the Residential Mortgage Loans and may affect the realisable value of the Special Estate, or part thereof. This may in turn impact on the ability of the Issuer to make payments under the Mortgage Pandbrieven.

Realisation of the Special Estate and Sale of Cover Assets

Realisation of the Special Estate may occur in the following circumstances:

- (a) the Issuer, or upon its appointment by the NBB, the Cover Pool Administrator may need to liquidate the Special Estate in whole or in part in order to repay the Mortgage Pandbrieven Holders upon the occurrence of an Event of Default and the service of a Notice of Default by the Mortgage Pandbrieven Holders' Representative;
- (b) following the initiation of winding-up proceedings against the Issuer and the appointment of the Cover Pool Administrator by the NBB, the Cover Pool Administrator may subject to approval of the NBB and after consultation with the Mortgage Pandbrieven Holders' Representative, proceed with the liquidation of the Special Estate in order to repay the Mortgage Pandbrieven Holders to the extent the Cover Assets are not sufficient or risk not being sufficient to satisfy the obligations under the Mortgage Pandbrieven; or
- (c) following the initiation of winding-up proceedings against the Issuer and the appointment of the Cover Pool Administrator by the NBB, the Cover Pool Administrator may after consultation with the NBB and the Mortgage Pandbrieven Holders' Representative, proceed with the liquidation of the Special Estate in whole or in part and the repayment of the Mortgage Pandbrieven Holders when a decision (by simple majority) to that effect has been

taken at a meeting of Mortgage Pandbrieven Holders at which at least two thirds of the principal amount of all Mortgage Pandbrieven of all Series is represented.

There is no assurance that in case of such realisation of the Special Estate, the liquidation proceeds will be sufficient to pay all amounts due to the Mortgage Pandbrieven Holders and the Other Cover Pool Creditors under and in relation to the Mortgage Pandbrieven and the Programme Documents in accordance with the applicable Priority of Payments (See also “*Factors that may impact the realisable value of the Cover Assets and the Special Estate*” below). The Mortgage Pandbrieven may therefore be repaid sooner or later than expected or not at all.

Following its appointment, the Cover Pool Administrator, or any person appointed by the Cover Pool Administrator, will furthermore sell or be entitled to sell, in whole or in part, the Cover Assets in order to help satisfy the Issuer’s obligations in respect of the Mortgage Pandbrieven. Any such transaction that entails or risks to entail that the Cover Tests, the Liquidity Test or the contractual provisions can no longer be fulfilled, will require the prior approval of the NBB and of the Mortgage Pandbrieven Holders’ Representative.

There is no guarantee that the Cover Pool Administrator will be able to sell in whole or in part the Cover Assets as the Cover Pool Administrator may not be able to find a buyer at the time it chooses to sell.

Transfer of the Special Estate in case of distress

The Competent Authority may designate a Cover Pool Administrator in the circumstances set out in Article 8 of Annex III to the Banking Law and in accordance with the Cover Pool Administrator Royal Decree (as defined in Section 4 *Summary of the Belgian Covered Bond Regulations*). If bankruptcy proceedings are initiated against the Issuer, the Cover Pool Administrator may, subject to approval of the Competent Authority and following consultation with the Mortgage Pandbrieven Holders’ Representative, transfer the Special Estate (i.e. all its assets and liabilities) and its management to an institution which will be entrusted with the continued performance of the obligations to the Mortgage Pandbrieven Holders in accordance with the Conditions (and the applicable Final Terms) and the Belgian Covered Bond Regulations.

The rights of the Mortgage Pandbrieven Holders against the Special Estate will be maintained and will follow the Special Estate on any such transfer. In similar vein, Book II, Titel VIII of the Banking Law entitles the National Resolution Authority to take resolution action in relation to any failing credit institution. Such resolution action may, amongst other things, result in a transfer of assets and liabilities or branches of activity of a credit institution, which may include the Special Estate. Article 10 of Annex III to the Banking law specifies that, in the case of such a transfer, the claims of the Mortgage Pandbrieven Holders and Other Creditors shall be maintained and transferred together with the Special Estate’s Cover Assets. Investors should be aware that in such circumstances, the obligor under the Mortgage Pandbrieven will be the institution to which the Special Estate is transferred.

Other Cover Pool Creditors and subordination

Certain other creditors of the Issuer acting in relation to the issuance of Mortgage Pandbrieven also have, in accordance with the Conditions and the Belgian Covered Bond Regulations, recourse against the Special Estate. These include the Mortgage Pandbrieven Holders’ Representative, the Cover Pool Monitor, any Hedging Counterparty, any Liquidity Facility Provider, the Cover Pool Administrator as well as any of the other Other Cover Pool Creditors (as defined in Condition 1 (*Interpretation*)). In accordance with the Priority of Payments (see Condition 9 (*Priority of Payments*)), the claims of the Mortgage Pandbrieven Holders may thereby be subordinated to the claims of the Cover Pool Administrator, the Cover Pool Monitor, the Agents, the Registrar, the Mortgage Pandbrieven Holders’

Representative, the Operational Creditors and any Hedging Counterparty and any Liquidity Facility Provider (subject to certain exceptions). As a result, it is possible that none or only part of the proceeds of the Special Estate are available to satisfy amounts due and payable to the Mortgage Pandbrieven Holders

This risk is to some extent mitigated by the Statutory Tests (see “*General Description of the Mortgage Pandbrieven*” below).

Acceleration of the Mortgage Pandbrieven by the Mortgage Pandbrieven Holders

Mortgage Pandbrieven Holders should be aware that the breach of the Statutory Tests, the non-compliance of the Issuer with the Belgian Covered Bond Regulations and the opening of bankruptcy proceedings with respect to the Issuer will not as such give them the right to declare the Mortgage Pandbrieven immediately due and payable. Other than pursuant to an Event of Default under Condition 8 (*Events of Default and Enforcement*) or pursuant to Article 11, 7° of Annex III to the Banking Law (following a winding-up of the Issuer when a decision (by simple majority) to that effect has been taken at a meeting of Mortgage Pandbrieven Holders at which at least two thirds of the principal amount of all Mortgage Pandbrieven of all Series is represented), the Mortgage Pandbrieven Holders cannot cause an acceleration or early repayment of the Mortgage Pandbrieven.

Return of Cover Assets to the General Estate

Any positive balance remaining after the closing of the liquidation of the Special Estate shall by operation of law be part of the General Estate of the Issuer. Cover Assets shall thus in principle only return to the General Estate after all obligations owed under and in relation with the Mortgage Pandbrieven have been repaid in full. Following the initiation of winding-up proceedings against the Issuer, the bankruptcy trustee may however require, after consultation with the NBB, that the Cover Pool Administrator returns that portion of the Cover Assets to the General Estate of which it is certain that it is no longer necessary to serve as Cover Assets, i.e. that such amount of Cover Assets are no longer necessary for the payment of the Mortgage Pandbrieven Holders.

Based on the preparatory works of the Law of 3 August 2012 regarding the implementation of a legal framework for Belgian covered bonds (which amended the previous version of the Banking Law), the determination as to whether certain cover assets constitute such a surplus must not only take into account the regulatory requirements but also, when relevant, the objective not to adversely affect the credit ratings previously assigned to the pandbrieven by external credit ratings agencies.

However, no assurance can be given that such return of Cover Assets to the General Estate will not affect the value of the Mortgage Pandbrieven.

Bankruptcy proceedings under Belgian Law

If bankruptcy proceedings were initiated against the Issuer in Belgium, a receiver would be appointed over the Issuer, and, if not previously appointed, a Cover Pool Administrator in respect of the Special Estate. The initiation of bankruptcy proceedings against the Issuer would not affect the relevant powers of the Cover Pool Administrator to manage the Special Estate to the exclusion of the Issuer and the insolvency administrator. The purpose of such management is to ensure compliance with the obligations under the Mortgage Pandbrieven in accordance with the Conditions.

In addition, bankruptcy proceedings would be limited to the General Estate of the Issuer, since the Special Estate do not form part of the bankruptcy estate of the Issuer. The proceedings do not cause the obligations and debts covered by the Special Estate (such as those resulting from the Mortgage Pandbrieven) to become due and payable.

Pursuant to the Belgian Covered Bond Regulations, a receiver has a legal obligation to co-operate with the Competent Authority and the Cover Pool Administrator in order to enable them to manage the Special Estate in accordance with the Belgian Covered Bond Regulations. There may be certain practical difficulties in this respect, which may cause a delay in the execution of the obligations of the Special Estate towards the Mortgage Pandbrievens Holders and the Other Cover Pool Creditors.

Whenever a credit institution is subject to a resolution measure in accordance with the provisions of the Banking Law (or if all conditions are fulfilled for initiating a resolution measure), no liquidation proceedings (“*faillissement/faillite*”) can be started without the prior approval of the National Resolution Authority (Article 273 of the Banking Law).

The Banking Law incorporates private international law principles transposing Directive 2001/24/EC of the European Parliament and of the Council of April 2001 on the reorganisation and winding up of credit institutions (as amended or supplemented from time to time, the **Credit Institutions Insolvency Directive**) into Belgian law. The Credit Institutions Insolvency Directive applies to credit institutions and their branches set up in Member States other than those in which they have their head offices, as defined in Directive 2000/12/EC, subject to the conditions and exemptions laid down in the Credit Institutions Insolvency Directive. Only the administrative or judicial authorities of the home member state which are responsible for winding-up are empowered to decide on the opening of winding up proceedings.

Commingling Risk

In accordance with Article 3, §2 of Annex III to the Banking Law, cash amounts held by the Issuer as a result of collections on, or as, Cover Assets will, by operation of law, form part of the Special Estate. In the event of bankruptcy of the Issuer, the ability of the Special Estate to make timely payments on the Mortgage Pandbrievens may in part depend on the availability of such cash amounts. To the extent such amounts are held on bank accounts with the Issuer, the existence of commingling risk in respect of such amounts can, as a practical matter, not be excluded. This risk is however mitigated to some extent by the revindication mechanism provided in Article 3, §2 second indent of Annex III to the Banking Law pursuant to which the property rights over any amounts that are part of the Special Estate but that cannot be identified as such in the General Estate, are transferred by operation of law to other unencumbered assets in the General Estate selected in accordance with the criteria specified in Condition 12 (*Mortgage Pandbrievens Provisions*). The bankruptcy trustee or liquidator of the General Estate has an obligation to transfer such selected assets to the Cover Pool Administrator upon receipt of a claim therefore.

Set-off risk

The registration of Residential Mortgage Loans as Cover Assets in the Special Estate will, in principle, not be notified to the underlying debtors. Under Belgian law, legal set-off occurs where two persons hold claims against each other, provided, in general, that their debts exist, are fungible, liquid (*vaststaand/liquide*) and due (*opeisbaar/exigible*). As a result, set-off rights may therefore continue to arise in respect of cross-claims between an underlying debtor of a Residential Mortgage Loan and the Issuer, potentially reducing amounts receivable by the Special Estate.

Pursuant to the Mobilisation Law, a Residential Mortgage Loan in the Special Estate will however no longer be subject to set-off risk by the underlying debtor: (a) following notification of the registration/transfer of the relevant loan to the underlying debtor (or acknowledgement thereof by the underlying debtor), to the extent the conditions for set-off are only satisfied after such notification (or acknowledgment); and (b) regardless of any notification or acknowledgement of the registration/transfer, following the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors (*samenloop/concours*) in relation to the Issuer, to the extent the conditions

for set-off are only satisfied following or as a result of such insolvency proceedings or concurrence of creditors.

The Residential Mortgage Loans in the Special Estate may nevertheless still be subject to the rights of the underlying debtors of Residential Mortgage Loans to invoke set-off to the extent that the relevant claims against the Issuer arise, or the conditions for set-off against the Issuer are met, prior to the earlier of (i) the notification (or acknowledgement) of the registration of the loan or (ii) the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors in respect the Issuer. The exercise of set-off rights by underlying debtors may adversely affect the value of the Special Estate, may additionally affect any sale proceeds of the Special Estate and may ultimately affect the ability of the Issuer or the Cover Pool Administrator, as applicable, to make payments under the Mortgage Pandbrieven.

Mortgage mandates

Pursuant to the Belgian Covered Bond Regulations, a Residential Mortgage Loan which is partly secured by a mortgage mandate may be included in the Special Estate. Subject to certain valuation rules (see section “*Summary of the Belgian Covered Bond Regulations – Cover Test – Valuation methodology*” below), the amounts secured by the mortgage mandate may be taken into account for purposes of the Cover Tests.

Investors should be aware that such mortgage mandate does not constitute an actual security which creates a priority right of payment out of the proceeds of a sale of the mortgage property, but would first need to be converted into a mortgage. The mortgage mandate is an irrevocable power of attorney granted by a Borrower (as defined herein) or a third party provider of Related Security to certain attorneys enabling them to create a mortgage as security for the Residential Mortgage Loan (or, as the case may be, for other existing or future loans or all other sums owed by the Borrower to the Issuer at any stage). A mortgage will only become enforceable against third parties upon registration of the mortgage at the relevant mortgage registrar. The ranking of the mortgage is based on the date of registration. The registration is dated the day on which the mortgage deed pertaining to the creation of the mortgage and the “registration extracts” (*borderellen/bordereaux*) are registered at the relevant mortgage registrar’s office. Prior to such registration, third parties acting in good faith may register prior-ranking mortgages.

In certain circumstances, exercise of a mandate may no longer be possible or may no longer result in valid and effective security. The following limitations, amongst others, exist in relation to the conversion of mortgage mandates:

- (a) the Borrower or the third party collateral provider that has granted a mortgage mandate, may grant a mortgage to a third party that will rank ahead of the mortgage to be created pursuant to the conversion of the mortgage mandate, although this would generally constitute a contractual breach of the standard loan documentation;
- (b) if a conservatory or an executory seizure of the real property covered by the mortgage mandate has been filed by a third party creditor of the Borrower or, as the case may be, of the third party collateral provider, a mortgage registered pursuant to the exercise of the mortgage mandate after the writ of seizure has been recorded at the mortgage register, will not be enforceable against the seizing creditor;
- (c) if the Borrower or the third party collateral provider is a merchant or commercial entity:

- (i) the mortgage mandate can no longer be converted following the bankruptcy of the Borrower or, as the case may be, the third party collateral provider and any mortgage registered at the mortgage register after the bankruptcy judgement is void; and
 - (ii) a mortgage registered at the mortgage register pursuant to the exercise of a mortgage mandate during the pre-bankruptcy investigation period (i.e. after the date of cessation of payments that may be fixed by the court) for a pre-existing loan will not be enforceable against the bankrupt estate. Under certain circumstances, the clawback rules are not limited in time, for example where a mortgage has been granted pursuant to a mortgage mandate and in order to “fraudulently prejudice” creditors; and
 - (iii) mortgages registered after the day of cessation of payments of debt can be declared void by the bankruptcy court, if the registration was made more than 15 days after the creation of the mortgage; and
 - (iv) the effect of a judicial reorganisation (*gerechtelijke reorganisatie/réorganisation judiciaire*) of a Borrower or of a third party collateral provider on the mortgage mandate is uncertain;
- (d) if the Borrower or the third party collateral provider, as the case may be, is a private person and started collective debt settlement proceedings, a mortgage registered at the mortgage register after the court has declared the request admissible, is not enforceable against the other creditors of the Borrower or of the third party collateral provider;
- (e) besides the possibility that the Borrower or the third party collateral provider may grant a mortgage to another lender discussed above, the mortgage to be created pursuant to a mortgage mandate may also rank behind certain statutory mortgages (such as e.g. the statutory mortgage of the tax and the social security authorities) to the extent these mortgages are registered before the exercise of the mortgage mandate. In this respect, it should be noted that the notary involved in preparing the mortgage deed will need to notify the tax administration, and, as the case may be, the social security administration before finalising the mortgage deed pertaining to the creation of the mortgage;
- (f) if the Borrower or the third party collateral provider, as the case may be, is a private person, certain limitations apply to the conversion of the mortgage mandate into a mortgage if the Borrower or third party collateral provider dies before the conversion; certain limitations also apply in case of a dissolution of the Borrower or third party collateral provider that is a legal person.

Once a mandate is exercised, the ensuing mortgage will rank at the highest level available at the time of registration of such mortgage.

Financial institutions should consult their own legal advisors or the appropriate regulators to determine the appropriate treatment of Mortgage Pandbrieven under any applicable risk-based capital or similar rules.

Reliance on third parties

The Special Estate has entered into agreements with a number of third parties which have agreed to perform services for the Special Estate. The ability of the Special Estate to duly perform its obligations under the Mortgage Pandbrieven will depend to a large extent on the due performance by other third parties of their obligations and duties under the Programme Documents.

Reliance on Hedging Counterparties

In order to provide a hedge against interest rate, currency and/or other risks in respect of amounts received by the Issuer under the Residential Mortgage Loans forming part of the Cover Assets and its obligations under the Mortgage Pandbrieven, the Issuer may enter into one or more Hedging Agreements with a Hedging Counterparty in respect of certain Series of Mortgage Pandbrieven.

A Hedging Counterparty is only obliged to make payments to the Issuer under a Hedging Agreement as long as the Issuer complies with its payment obligations thereunder. If the Hedging Counterparty is not obliged to make payments under the Hedging Agreement or if it defaults itself on its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the Issuer on the due date for payment under the relevant Hedging Agreement, the Issuer will be exposed the risks intended to be covered by such Hedging Agreement. As a result, the Issuer may have insufficient funds to make payments under the Mortgage Pandbrieven.

If a Hedging Agreement terminates, then the Issuer may be obliged to make a termination payment to the relevant Hedging Counterparty. There can be no assurance that the Issuer will have sufficient funds available to make a termination payment under the relevant Hedging Agreement, nor can there be any assurance that the Issuer will be able to enter into a replacement hedging agreement, or if one is entered into, that the credit rating of the replacement swap counterparty will be sufficiently high to prevent a downgrade of the then current ratings of the Mortgage Pandbrieven by a Rating Agency.

If the Issuer is obliged to pay a termination payment under any Hedging Agreement, such termination payment will rank *pari passu* with amounts due on the Mortgage Pandbrieven, except where such termination has been caused by the default, or downgrade of, the relevant Hedging Counterparty.

Conflicts of Interest

Time subordination

Taking into account that the final terms of different Series of Mortgage Pandbrieven may provide for different maturity dates, the Issuer or, as the case may be, the Cover Pool Administrator, will be entitled to apply available funds in order to repay earlier maturing Series of Mortgage Pandbrieven, which may mean that there may be fewer assets available to support later maturing Series of Mortgage Pandbrieven. This risk is however mitigated in case of early redemption as set out in Article 11, 6° and 7° of Annex III to the Banking Law.

Potential conflicts of interest between the Issuer acting as Calculation Agent and the Mortgage Pandbrieven Holders

The Calculation Agent is entitled to carry out a series of determinations which affect the Mortgage Pandbrieven (save for the Fixed Rate Mortgage Pandbrieven). Such determinations could have an adverse effect on the value of the Mortgage Pandbrieven and on the amounts payable to investors under the Conditions of the Mortgage Pandbrieven, whether in the case of an early redemption event or at maturity, giving rise to a potential conflict of interest in respect of the interests of the Mortgage Pandbrieven Holders.

Mortgage Pandbrieven Holders' Representative's powers may affect the interests of the Mortgage Pandbrieven Holders

The Mortgage Pandbrieven Holders' Representative shall, in connection with the exercise of its powers, authorities and discretions (including, without limitation, any modification or determination) have regard to the general interests of the Mortgage Pandbrieven Holders as a whole, but shall not have regard to any interests arising from circumstances particular to individual Mortgage Pandbrieven Holders or the consequences of any such exercise for individual Mortgage Pandbrieven Holders.

Accordingly, a conflict of interest may arise to the extent that the interests of particular Mortgage Pandbrieven Holders are not aligned with those of the Mortgage Pandbrieven Holders generally.

If, in connection with the exercise of its powers, authorities or discretions, the Mortgage Pandbrieven Holders' Representative is of the opinion that the interests of the Mortgage Pandbrieven Holders of any one or more Series could or would be materially prejudiced thereby, the Mortgage Pandbrieven Holders' Representative may determine that it will not exercise such power, authority or discretion without the approval of such Mortgage Pandbrieven Holders by Extraordinary Resolution. Provided that the Mortgage Pandbrieven Holders' Representative acts in good faith, as described in the foregoing, it will not incur any liability to any of the Mortgage Pandbrieven Holders, any Other Cover Pool Creditor or any other person for so doing.

Early redemption of the Mortgage Pandbrieven

The Cover Pool Administrator:

- (a) may in consultation with the Mortgage Pandbrieven Holders' Representative and subject to approval by the NBB, proceed with the liquidation of the Special Estate and with the early redemption of the Mortgage Pandbrieven where the Cover Assets are not, or risk not being, sufficient to satisfy the obligations under all of the Mortgage Pandbrieven;
- (b) will, in consultation with the Mortgage Pandbrieven Holders' Representative and the NBB, proceed with the liquidation of the Special Estate and with the early redemption of the Mortgage Pandbrieven when a majority decision (simple majority) has been taken to this effect at a meeting of Mortgage Pandbrieven Holders at which at least two thirds of the Principal Amount Outstanding of the Mortgage Pandbrieven of all Series are represented; the Issuer, the Cover Pool Administrator or a qualifying portion of Mortgage Pandbrieven Holders (see Part 3 of Section "*Meeting rules of the Mortgage Pandbrieven Holders*") may convene a meeting of Mortgage Pandbrieven Holders for such purpose.

Issuance of N Bonds under the Programme

The Issuer may from time to time issue Mortgage Pandbrieven under the Programme in the form of N Bonds, as well as in any other form agreed by the Issuer from time to time. The N Bonds will be subject to the terms and conditions which may be agreed with the Issuer at the time of their issuance. The N Bonds (as well as any Mortgage Pandbrieven issued in any other form) will, however, be subject to the Special Estate Administration Agreement, which contains certain terms which apply to all Mortgage Pandbrieven issued under the Programme (including N Bonds) (the **Common Terms**). The N Bonds issued under the Programme will also be subject to the Covered Bond Regulations (see section headed "*Summary of the Belgian Covered Bond Regulations*"). The Mortgage Pandbrieven Holders should furthermore note that all Mortgage Pandbrieven (including N Bonds) will rank *pari passu* among themselves and that, as a result, the proceeds of the Special Estate will be applied to the satisfaction of amounts due and payable to all Mortgage Pandbrieven Holders (including the holders of N Bonds) on a *pro rata* basis.

The requirement to publish a prospectus under the Prospectus Directive only applies to Mortgage Pandbrieven which are to be admitted to trading on a regulated market in the European Economic Area under Article 3.2 of the Prospectus Directive (as implemented in the Relevant Member State(s)). References in this Base Prospectus to **Exempt Mortgage Pandbrieven** are to Mortgage Pandbrieven for which no prospectus is required to be published under the Prospectus Directive. The Issuer may agree with any Dealer that Exempt Mortgage Pandbrieven may be issued in a form not contemplated by the Conditions of the Mortgage Pandbrieven herein.

Neither the Arrangers, nor the Dealers, nor the Mortgage Pandbrieven Holders’ Representative (as defined below) have independently verified the information contained herein. Each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to in this section) which it might

otherwise have in respect of this Base Prospectus or any such statement. The statements made in this paragraph are made without prejudice to the responsibility of the Issuer under the Programme.

No person is or has been authorised by the Issuer or the Mortgage Pandbrieven Holders' Representative to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Mortgage Pandbrieven and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, any of the Dealers or the Mortgage Pandbrieven Holders' Representative.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Mortgage Pandbrieven (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer, the Arrangers, any of the Dealers or the Mortgage Pandbrieven Holders' Representative that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Mortgage Pandbrieven should purchase any Mortgage Pandbrieven. Each investor contemplating purchasing any Mortgage Pandbrieven should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Mortgage Pandbrieven constitutes an offer or invitation by or on behalf of the Issuer, the Arrangers, any of the Dealers or the Mortgage Pandbrieven Holders' Representative to any person to subscribe for or to purchase any Mortgage Pandbrieven.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Mortgage Pandbrieven shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Mortgage Pandbrieven Holders' Representative expressly do not undertake to review the financial condition or affairs of the Issuer during the maturity of the Programme or to advise any investor in the Mortgage Pandbrieven of any information coming to their attention. Investors should review, inter alia, the documents incorporated herein by reference when deciding whether or not to purchase any Mortgage Pandbrieven. The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to the information included in this Base Prospectus which is capable of affecting the assessment of any Mortgage Pandbrieven or any change in the condition of the Issuer which is material in the context of the Programme or the issue of any Mortgage Pandbrieven, prepare and publish a supplement to this Base Prospectus or publish a new base prospectus for use in connection with any subsequent issue of Mortgage Pandbrieven to be listed or admitted to trading on an EU Regulated Market.

This Base Prospectus contains certain statements that are forward-looking statements with respect to the Issuer's business strategies, expansion and growth of operations, trends in its business, competitive advantage, and technological and regulatory changes, information on exchange rate risk and generally including all statements preceded by, followed by or that include the words "believe", "expect", "project", "anticipate", "seek", "estimate" or similar expressions. Such forward-looking statements are not guarantees of future performance and involve risk and uncertainties and actual results may differ materially from those in the forward looking statements as a result of various factors. Potential investors are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date hereof.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF MORTGAGE PANDBRIEVEN GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Mortgage Pandbrieven in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Mortgage Pandbrieven may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Mortgage Pandbrieven Holders' Representative do not represent that this Base Prospectus may be lawfully distributed, or that any Mortgage Pandbrieven may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Mortgage Pandbrieven Holders' Representative which is intended to permit a public offering of any Mortgage Pandbrieven or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Mortgage Pandbrieven may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Mortgage Pandbrieven may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Mortgage Pandbrieven. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Mortgage Pandbrieven in the United States, the United Kingdom, Japan, France, the Netherlands, Belgium and Switzerland (see "*Subscription and Sale*" below).

This Base Prospectus has been prepared on a basis that would permit a public offer of Mortgage Pandbrieven with a denomination of at least EUR 100,000 or its equivalent in any other Specified Currency. As a result, any offer of Mortgage Pandbrieven in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**) must be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Mortgage Pandbrieven. Accordingly any person making or intending to make an offer of Mortgage Pandbrieven in that Relevant Member State may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Mortgage Pandbrieven in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

The Mortgage Pandbrieven may not be a suitable investment for all investors. Each potential investor in the Mortgage Pandbrieven must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the Mortgage Pandbrieven, the merits and risks of investing in the Mortgage Pandbrieven and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Mortgage Pandbrieven and the impact the Mortgage Pandbrieven will have on investment portfolio;

- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Mortgage Pandbrieven, including Mortgage Pandbrieven where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understands thoroughly the terms of the Mortgage Pandbrieven and is familiar with the behaviour of financial markets; and
- (e) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

By subscribing for or otherwise acquiring the Mortgage Pandbrieven, the Mortgage Pandbrieven Holders will also be deemed to have knowledge of, accept and be bound by all the provisions of, the Programme Documents.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Mortgage Pandbrieven are legal investments for it, (2) Mortgage Pandbrieven can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Mortgage Pandbrieven. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Mortgage Pandbrieven under any applicable risk-based capital or similar rules.

The Mortgage Pandbrieven have not been and will not be registered under the United States Securities Act and are subject to U.S. tax law requirements. Subject to certain exceptions, Mortgage Pandbrieven may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "*Subscription and Sale*").

The Mortgage Pandbrieven are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2002/92/EC on insurance mediation (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIPs Regulation**) for offering or selling the Mortgage Pandbrieven or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Mortgage Pandbrieven or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

STABILISATION

In connection with the issue of any Tranche of Mortgage Pandbrieven, the Dealer or Dealers (if any) named as the stabilising manager(s) (**Stabilising Manager(s)**) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Mortgage Pandbrieven or effect transactions with a view to supporting the market price of the Mortgage Pandbrieven at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake any stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Mortgage Pandbrieven is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Mortgage Pandbrieven and 60 days after the date of the allotment of the relevant

Tranche of Mortgage Pandbrieven. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

PRESENTATION OF INFORMATION

In this Base Prospectus, all references to Euro, EUR and € refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union.

SECTION 4 - SUMMARY OF THE BELGIAN COVERED BOND REGULATIONS

The following is a brief summary of certain features of the Belgian Covered Bond Regulations governing the issuance of Belgian covered bonds, including the Mortgage Pandbrieven as at the date of this Base Prospectus. The Belgian Covered Bond Regulations may be supplemented, amended, modified or varied whether by legislative enactment or by way of judicial decisions and administrative pronouncements including, possibly, with retroactive effect.

This summary is a general description of the Belgian Covered Bond Regulations. It does not purport to be, and is not, a complete description of all aspects of the Belgian legislative and regulatory framework pertaining to Belgian covered bonds. Prospective Mortgage Pandbrieven Holders should also read the detailed information set out elsewhere in this Base Prospectus.

The original and official languages of the Belgian Covered Bond Regulations are Dutch and French. The following summary is provided in English only for the sake of convenience. In the event of any doubt, the original Dutch or French language version of the Belgian Covered Bond Regulations should be consulted.

1. INTRODUCTION – OVERVIEW OF THE BELGIAN COVERED BOND REGULATIONS

- 1.1. On 3 August 2012, Belgian parliament voted into law a legal framework for the issuance of Belgian covered bonds. The new legal framework was set up to allow Belgian credit institutions to issue a debt instrument as referred to under article 52, paragraph 4 of Directive 2009/65 of the European Parliament and of the Council of 13 July 2009 on the coordination of the law, regulations and administrative provisions relating to undertakings for collective investments in transferable securities (the **UCITS Directive**). To this effect, the Belgian Act of 3 August 2012 established a legal framework for Belgian covered bonds (the **Covered Bond Law**) introducing the concepts of a “Belgian covered bond” (*Belgische covered bond/covered bond belge*) and a “Belgian pandbrief” (*Belgische pandbrief/lettre de gage belge*). This law has been further incorporated in the law of 25 April 2014 on the legal status and supervision on credit institutions, published in the Belgian Official Journal on 7 May 2014 (the **Banking Law**).
- 1.2. A **Belgian Covered Bond** is a debt instrument that satisfies the following criteria (Article 1, 1° of Annex III to the Banking Law):
 - (a) it is issued by a Belgian credit institution that is registered on a list, held by the NBB, of credit institutions that have been granted a General Authorisation by the NBB to issue Belgian covered bonds;
 - (b) it is, or is issued under a programme that is, registered on a list, held by the NBB (per issuer), of issues or issuance programmes for which the NBB has granted a Specific Authorisation in accordance with the provisions of the Banking Law; and
 - (c) it is a debt instrument in relation to which a special estate (*bijzonder vermogen/patrimoine special*) is created in accordance with the provisions of the Banking Law.
- 1.3. The Belgian legislator made the following fundamental choices in respect of the Belgian covered bond framework:
 - (a) the Banking Law does not foresee in the creation of a new type of specialized credit institution. Belgian Covered Bonds can be issued by a regular Belgian credit

institution. However, in order to be entitled to issue Belgian Covered Bonds, the issuing credit institution needs to obtain two authorisations from the NBB as competent authority (see below under 2. *Dual Authorisation*).

- (b) the holders of the Belgian Covered Bonds (and certain other creditors that can be established on the basis of the terms and conditions of the relevant Belgian Covered Bond) benefit from an exclusive right of recourse to a segregated pool of cover assets (*dekkingswaarden/actifs de couverture*). For the segregation of this pool of cover assets, the Belgian legal framework has opted for a technique whereby the cover assets are segregated on the balance sheet of the issuer by the creation of one or more special estates (*bijzonder vermogen/patrimoine special*). The right of recourse to the segregated special estate comes in addition to a general right of recourse to the remaining assets (not allocated to a special estate) on the balance of the issuing credit institution – the general estate (*algemeen vermogen/patrimoine general*). This way, the holder of the Belgian Covered Bonds (and the other related creditor) obtain a *dual recourse*. The Belgian legislator has thus followed the approach of certain well established covered bond jurisdictions, such as Germany, which provides for an on balance sheet segregation of cover assets rather than a segregation of assets into a special purpose vehicle
- 1.4. A **Belgian Pandbrief** (Article 1, 3° and Article 2, § 1 of Annex III to the Banking Law) is a Belgian Covered Bond whereby the composition and valuation of the Cover Assets must satisfy the specific requirements to obtain an advantageous risk weight under the Belgian own fund regulations transposing the Capital Requirements Directive). The criteria to determine whether a Belgian Covered Bond satisfies such specific requirements, may be established or clarified by royal decree (Article 81 of the Banking Law).
- 1.5. On 11 October 2012, two royal decrees were adopted further implementing the provisions of the Covered Bond Law:
- (a) the royal decree regarding the issuance of Belgian covered bonds by Belgian law credit institutions (the **Covered Bonds Royal Decree**). The Covered Bonds Royal Decree provides for implementing regulations in order to allow for the issuance of Belgian pandbrieven (*Belgische pandbrieven/lettres de gage belges*);
 - (b) the royal decree regarding the cover pool administrator in the framework of the issuance of Belgian covered bonds by a Belgian credit institution (the **Cover Pool Administrator Royal Decree**). Under the Banking Law, a cover pool administrator (*portefeuillebeheerder/gestionnaire de portefeuille*) will or may be appointed by the NBB under certain circumstances in order to take over the management of the special estate (Article 8 of Annex III to the Banking Law). The Cover Pool Administrator Royal Decree sets forth further rules regarding required qualifications and powers of the Cover Pool Administrator (Article 9 of Annex III to the Banking Law).
- 1.6. In accordance with the Covered Bonds Royal Decree, the NBB was also mandated to establish technical rules implementing certain provisions of the Covered Bonds Royal Decree. On 29 October 2012, the NBB issued two regulations:
- (a) the regulation (NBB_2012_12) regarding practical rules for the application of the law of 3 August 2012 establishing a legal framework for Belgian covered bonds (*circulaire over de praktische regels voor de toepassing van de wet van 3 augustus 2012 tot invoering van een wettelijke regeling voor covered bonds/Modalités*

pratiques d'application de la loi du 3 août 2012 instaurant le régime pour les covered bonds)(the **NBB Covered Bonds Regulation**);

- (b) the regulation (NBB_2012_13) addressed to portfolio monitors at Belgian credit institutions that issue Belgian covered bonds (*circulaire aan portefeuillesurveillanten bij kredietinstellingen naar Belgisch recht die Belgische covered bonds uitgeven/circulaire aux surveillants de portefeuille auprès d'établissements de credit de droit belge qui émettent des covered bonds belges*) (the **NBB Cover Pool Monitor Regulation**).
- 1.7. Whereas the creation of Belgian Covered Bonds depends on the effectiveness of the segregation of Cover Assets in a Special Estate on balance of the issuing credit institution, the Belgian legislator also had to ensure that this segregation would not be open to challenge or recharacterisation on the basis of insolvency rules. Therefore, a second law was voted by Belgian Parliament on 3 August 2012 regarding diverse measures to facilitate the mobilisation of claims in the financial sector (*wet betreffende diverse maatregelen ter vergemakkelijking van de mobilisering van schuldvorderingen in de financiële sector/loi relative à des mesures pour faciliter la mobilisation de créances dans le secteur financier*) (the **Mobilisation Law**).
- 1.8. The Belgian Banking Law, the Mobilisation Law, the Covered Bonds Royal Decree, the Cover Pool Administrator Royal Decree, the NBB Covered Bonds Regulation and the NBB Cover Pool Monitor Regulation, together constitute the **Belgian Covered Bond Regulations**.
- 1.9. The Mortgage Pandbrieven issued under the Programme described in this Base Prospectus will be issued pursuant to the Belgian Covered Bond Regulations.

2. DUAL AUTHORISATION

- 2.1. Belgian Covered Bonds may only be issued by a Belgian credit institution following the receipt of two authorisations by the NBB (Article 79 of the Banking Law):
 - (a) a general authorisation to be requested in accordance with Article 80, §1 of the Banking Law, that relates to the organizational capacity of a credit institutions to issue and monitor Belgian covered bonds (the **General Authorisation**); and
 - (b) a specific authorisation to be requested in accordance with Article 80, §2 of the Banking Law prior to each issue (that does not take place within the context of an issuance programma) or each issuance programme, that relates to the compliance of a specific issue or issuance programme with the provisions of the Belgian Covered Bond Regulations (the **Specific Authorisation**).
- (A) **General Authorisation**
- 2.2. In order to obtain a General Authorisation, the credit institution that intends to issue Belgian Covered Bonds needs to submit a file with the NBB describing how it will organize the proposed transactions. This file needs to include, inter alia, the following information:
 - (a) a description of the financial position of the issuer, showing it is sufficiently solvent to safeguard also the interest of creditors other than the holders of Belgian Covered Bonds;
 - (b) a description of the long-term strategy of the issuer, in particular as to liquidity and the role of the Belgian Covered Bonds in this strategy;

- (c) a description of the tasks and responsibilities within the organisation of issuing credit institution in relation to the issuance of Belgian Covered Bonds;
 - (d) a description of the risk management policy of the issuing credit institution in relation to Belgian Covered Bonds, in particular in respect of interest rate risk, currency exchange risk, credit and counterparty risk, liquidity risk and operational risk;
 - (e) a description of the involvement of internal audit in the procedures for the issuance of Belgian Covered Bonds, including the frequency of the audits and applicable audit procedures;
 - (f) a description of the decision and reporting procedures in relation to the issuance Belgian Covered Bonds; and
 - (g) a description of the necessary IT systems in relation to the issuance of Belgian Covered Bonds.
- 2.3. The NBB will grant the General Authorisation to the extent, on the basis of the information in the file submitted by the credit institution, on-site inspections and further information it may obtain from the institution or third parties, it is convinced that:
- (a) the administrative and accounting organisation of the credit institution allow it to comply with the requirements of the Belgian Covered Bond Regulations, in particular in terms of segregation of the Cover Assets; and
 - (b) the financial position of the credit institution, in particular its solvency, is sufficient to safeguard also the interest of creditors other than the holders of Belgian Covered Bonds.
- 2.4. Prior to granting the General Authorisation, the NBB will request the auditor of the credit institution to submit a report on the organisational capacity of the credit institution to comply with its obligations under the Belgian Covered Bond Regulations (Article 80, §1 of the Banking Law).
- 2.5. The Issuer obtained the General Authorisation from the NBB in relation to its organisational capacity to issue Belgian Covered Bonds on 9 February 2016.

(B) Specific Authorisation

- 2.6. In order to obtain the Specific Authorisation, the credit institution that intends to issue Belgian Covered Bonds needs to submit a file with the NBB including, inter alia, the following information:
- (a) the impact of the envisaged issuance or issuance programme on the liquidity position of the credit institution;
 - (b) the quality of the Cover Assets, in particular on the type of debtors of the Cover Assets, the collateral, guarantees or privileges securing the Cover Assets, the diversification of the Cover Assets and their maturity dates;
 - (c) the matching of maturity dates of the Belgian Covered Bonds and the Cover Assets; and
 - (d) elements showing that the requirements to obtain the General Authorisation are still satisfied.

2.7. The NBB will grant the Specific Authorisation to the extent, on the basis of the information in the file submitted by the credit institutions and further information it may request from the institution, it is convinced that:

- (a) the institution has obtained the General Authorisation, and
- (b) in respect of the envisaged issuance or issuance programme, the institution complies with the Belgian Covered Bond Regulations, in particular as far as the nature and minimum requirements of the Cover Assets is concerned (see below under *4. Cover Assets and Tests*).

2.8. The Issuer obtained the Specific Authorisation from the NBB in relation to the Programme on 3 May 2016.

(C) Limitation on the issuance of Belgian Covered Bonds

2.9. Based on Article 10 of the Covered Bonds Royal Decree, a credit institution shall in principle not be able to issue additional Belgian Covered Bonds to the extent the amount of all Cover Assets allocated to the Special Estate(s) related to all Belgian Covered Bonds issued by the credit institution (as reflected in its financial accounts) is higher than 8% of the aggregate amount of all its assets (balance sheet total).

2.10. In case exceptional circumstances on the financial markets justify an increased utilisation of Belgian Covered Bonds as a funding tool, the NBB may temporarily allow a more flexible limitation.

2.11. The NBB may also impose a more stringent limit, on a case by case basis, in order to protect the interest of other creditors than the holders of Belgian Covered Bonds. The NBB will in particular assess the impact of an envisaged issuance on the level of encumbered assets. To this end, the NBB expects that in the file to obtain the General Authorisation, the credit institution describes its policy towards liquidity and sets further internal limits that ensure:

- (a) an adequate diversification between secured and unsecured funding sources,
- (b) the availability of sufficient unencumbered assets to provide a cushion in the event of crisis on the market for unsecured funding, and
- (c) the availability of sufficient unencumbered assets that can be allocated as Cover Assets in order to substitute matured or defaulted Cover Assets.

(D) Publication of Authorisation

2.12. The NBB keeps a list of:

- (a) credit institutions that have obtained a General Authorisation, which is published on its website: www.nbb.be – prudential supervision – areas of responsibility – credit institutions – lists – credit institutions authorised to issue Belgian Covered Bonds; and
- (b) covered bonds issuance programmes and issuances for which the credit institution has obtained a Specific Authorisation: www.nbb.be – prudential supervision – areas of responsibility – credit institutions – lists – covered bond issuances carried out by the credit institutions (information only available in French or Dutch).

2.13. Both lists and amendments thereto are communicated by the NBB to the European Commission in application of Article 52(4) of the UCITS Directive.

- 2.14. The Issuer is on the NBB's list of credit institutions that have obtained General Authorisation. The Programme is on the NBB's list of Belgian Covered Bonds in respect of which a Specific Authorisation has been granted.

3. SPECIAL ESTATE

- 3.1. A key characteristic of Belgian Covered Bonds is the existence of a segregated pool of assets providing an additional and exclusive right of recourse to the holders of the Belgian Covered Bonds.

(A) Creation of one or more Special Estates

- 3.2. In order to segregate a pool of Cover Assets, the Banking Law introduces a technique to separate one or more Special Estates within the estate of a credit institution that issues Belgian Covered Bonds.
- 3.3. Article 3, §1 of Annex III to the Banking Law confirms that the estate of a credit institution that issues Belgian Covered Bonds consist, by operation of law, of a general estate (*algemeen vermogen/patrimoine general*)(the **General Estate**) and one or more special estates (*bijzondere vermogen/patrimoine spécial*)(the **Special Estate(s)**).
- 3.4. The most important part of the Cover Assets in respect of an issuance or issuance programme of Belgian Covered Bonds is segregated into a Special Estate by way of registration of such Cover Assets in a Cover Register that is kept by the issuing credit institution in relation to one or more specific issuances of Belgian Covered Bonds or, as the case may be, in relation to all Belgian Covered Bonds under an issuance programme (Article 15, §2 of Annex III to the Banking Law). See below under 5(a) - *special obligations of the issuer in respect of administration of the Belgian Covered Bonds*.
- 3.5. In accordance with Article 3, §2 of Annex III to the Banking Law, a Special Estate is, by operation of law, composed of:
- (a) all assets registered in a Cover Register in accordance with Article 15, §2 of Annex III to the Banking Law;
 - (b) all collateral – cash and financial instruments – received in relation to any hedging instruments that have been registered as Cover Assets;
 - (c) all security interest (in rem and personal), guarantees of privileges issued in relation to the Cover Asset, including all rights under insurance policies or other agreements relating to the Cover Assets or the management of the Special Estate;
 - (d) all amounts held as collections in relation to Cover Assets or a result of the exercise of the rights referred to under (a) to (c) above (hereafter, the **Collections**); and
 - (e) any mandatory reserves that would be held at the NBB in relation to the Special Estate.
- 3.6. The preparatory works to the Covered Bond Law clarify that the technique to segregate Cover Assets into a Special Estate does not result into the creation of a separate legal entity and hence does not trigger specific corporate law obligations or tax consequences.

(B) Purpose of the Special Estate - exclusive right of recourse

3.7. Based on Article 6 of Annex III to the Banking Law, a Special Estate provides an exclusive right of recourse to:

- (a) the holders of the related Belgian Covered Bonds, and
- (b) the creditors of a claim that is or may be established on the basis of the terms and condition applicable to the related Belgian Covered Bonds.

As a result, no other creditor will be entitled to exercise any rights, including rights of attachment (*beslag/saisie*) against the Cover Assets in the Special Estate. Collateral that is posted in relation to a hedging instrument that constitutes a Cover Asset, may only be used to satisfy the obligations of the counterparty under such hedging instrument (or be returned to the collateral provider). In respect of the Mortgage Pandbrieven issued under the Programme, only the Mortgage Pandbrieven Holders and the Other Cover Pool Creditors will thus have an exclusive right of recourse to the Special Estate.

3.8. A priority of payments between the claims of the holder of Belgian Covered Bonds (and any other creditors of claims related to the Belgian Covered Bonds issuance) may be determined in the terms and conditions and the agreement entered into in respect of the issuance of Belgian Covered Bonds or the related issuance programme (Article 6, 4th paragraph of Annex III to the Banking Law). See Condition 9 (*Priority of Payments*) in the Section *Terms and Conditions of the Mortgage Pandbrieven*.

3.9. Article 6, 5th to 7th paragraph of Annex III to the Banking Law provide for three exceptions to the exclusive right of recourse:

- (a) in order to improve the liquidity of the Special Estate, additional obligations may be entered into in relation to the Special Estate (such as a liquidity line). The terms and conditions of the Belgian Covered Bonds may determine whether such additional obligations will be paid in priority or will be subordinated (in the absence of any determination, such obligations will rank *pari passu* and *pro rata*);
- (b) a Cover Pool Administrator (see below under 7.A – *Cover Pool Administrator*) may, unless otherwise agreed, withhold its remuneration, costs and expenses from the Special Estate; and
- (c) following liquidation of the Special Estate, an remaining (positive) balance will, by operation of law, form part of the General Estate.

3.10. Notwithstanding this exclusive right of recourse to the Special Estate, the holders of the Belgian Covered Bonds and the Other Creditors related to the Belgian Covered Bonds retain a right of recourse to the General Estate (that ranks *pari passu* with the claims of all other unsubordinated creditors of the issuing credit institution) so that they can exercise a dual right of recourse (Article 6, 8th paragraph of Annex III to the Banking Law).

(C) Management of the Special Estate

3.11. In first instance, the issuing credit institution remains responsible for the management of the Special Estate(s). The rights and obligations in respect of transactions between the issuing credit institution and a Special Estate need to be agreed upon in writing as if the Special Estate were a separate legal entity (Article 7 of Annex III to the Banking Law).

- 3.12. In accordance with Article 8, §1 of Annex III to the Banking Law, the NBB will appoint a cover pool administrator (*portefeuillebeheerder/gestionnaire de portefeuille*) (a **Cover Pool Administrator**) for each Special Estate:
- (a) in case a reorganisation measure (as referred to in Article 236 of the Banking Law) is taken in respect of the issuing credit institution that, in the opinion of the NBB, may have a negative impact on the related Belgian covered bonds;
 - (b) in case a liquidation procedure (as referred to in Article 3, 59° of the Banking Law) is initiated against the issuing credit institution; or
 - (c) if, in the opinion of the NBB, the position of the issuing credit institution seriously jeopardizes the interest of the holders of the relevant Belgian Covered Bonds.
- 3.13. Upon the appointment of a Cover Pool Administrator by the NBB, the Cover Pool Administrator will assume the management of the Special Estate (Article 8, §2 of Annex III to the Banking Law). The Cover Pool Administrator manages the Special Estate with a view to ensure further compliance with the terms and conditions applicable to the relevant Belgian Covered Bonds. To this end, the Cover Pool Administrator is granted all necessary and useful powers to manage the Special Estate, including the power to dispose of Cover Assets. Any acts relating to the Special Estate that are performed in the name of the issuing credit institution by any person other than the Cover Pool Administrator following its appointment, are null and void, unless such acts are ratified by the Cover Pool Administrator (See also see below under 7.A – Cover Pool Administrator).

(D) Impact of reorganization and liquidation procedures

- 3.14. In the event liquidation procedures are started against the issuing credit institution (Article 11 of Annex III to the Banking Law):
- (a) such procedures will only affect the General Estate. The Special Estate(s) and the debts and liabilities covered by the Special Estate(s) will not be part of the bankrupt estate. The Special Estate will be managed separately from the bankruptcy procedure applicable to the General Estate of the issuing credit institution (i.e., on a bankruptcy remote basis);
 - (b) the bankruptcy trustee (*curator/curateur*) has a legal obligation to cooperate with the NBB and the Cover Pool Administrator so that they can manage the Special Estate(s) in accordance with the Belgian Covered Bond Regulations;
 - (c) the Belgian Covered Bonds and the other debts and liabilities covered by the Special Estate(s) will not be accelerated. They (can) remain outstanding until their stated maturity, regardless of the opening of liquidation procedures against the issuing credit institution except as provided under (f) and (g) below;
 - (d) the holder of Belgian Covered Bonds and any Other Cover Pool Creditors of claims related to the Belgian Covered Bonds issuance, will retain their rights in the liquidation procedure;
 - (e) the Cover Pool Administrator may, in the interest of the holders of the relevant Belgian Covered Bonds, following consultation with the representative of the holders of the relevant Belgian Covered Bonds and subject to consent of the NBB, transfer the Special Estate and the debts and liabilities related thereto to another institution that

will assume the performance of the obligations in accordance with the initial terms and conditions;

- (f) the Cover Pool Administrator may, following consultation with the representative of the holders of the relevant Belgian Covered Bonds and subject to the consent of the NBB, proceed with the liquidation of a Special Estate and the early redemption of the relevant Belgian Covered Bonds if the Cover Assets are no longer sufficient, or risk to be no longer sufficient, to satisfy the obligations in respect of the Belgian Covered Bonds;
 - (g) the Cover Pool Administrator will, following consultation with the NBB and the representative of the holders of the Belgian Covered Bonds, proceed with the entire liquidation, in part or in full, of the Special Estate and the early redemption of the Belgian Covered Bonds if the holders of the Belgian Covered Bonds have approved such liquidation and early redemption by simple majority at a meeting of holders of Belgian covered bonds at which a quorum of at least two thirds of the outstanding principal amount of the Belgian Covered Bonds is present;
 - (h) the bankruptcy trustee has the right, following consultation with the NBB, to require the Cover Pool Administrator to return those assets to the General Estate in respect of which it is clear they are no longer required as Cover Assets. The preparatory works to the Covered Bond Law clarify that, when determining whether assets are no longer required as Cover Assets, one must not only take into account the regulatory requirement in view of the Cover Tests (see below 4.c. Statutory Tests – Cover Tests), but also the retention of ratings by external credit rating agencies.
- 3.15. When the National Resolution Authority uses its powers under Book II, Titel VIII (Resolution Measures) of the Banking Law to dispose (of part) of the estate of the credit institution that also involves the Special Estate, the rights of the holders of the Belgian Covered Bonds (and of any creditors of claims related to the Belgian Covered Bonds issuance) are automatically transferred together with the Cover Assets and assumed as obligations by the transferee (Article 10 of Annex III to the Banking Law).
- 3.16. The start of liquidation procedures against the issuing credit institution or the revocation of its license as a credit institution does not prevent the issuing credit institution to further perform activities that are necessary or useful to assist the Cover Pool Administrator with its management in order to safeguard the interest of the Holders of Belgian Covered Bonds in respect of the Special Estate. The issuing credit institution may only perform such activities until all obligations in relation to the Special Estate have been satisfied or are extinguished (Article 12, §2 of Annex III to the Banking Law).

(E) Special protection of the Special Estate against commingling risk

- 3.17. The Special Estate benefits from specific protections against commingling risk:
- (a) if amounts held by the issuing credit institution as Collections, cannot be identified within the General Estate at the time a request is made to allocate such amounts to the Special Estate, the Special Estate will benefit from a special revindication right allowing it to exercise a claim on other unencumbered assets within the General Estate. Such assets are identified following consultation between the representative of the Special Estate (either the Cover Pool Administrator or, in absence thereof, the Cover Pool Monitor) and the issuing credit institution (or its liquidator or bankruptcy

trustee) on the basis of criteria determined in the terms and conditions of the Belgian Covered Bonds (Article 3, §2, second paragraph of Annex III to the Banking Law).

With respect to the Programme, these criteria are specified in Condition 12 (Mortgage Pandbrieven Provisions);

- (b) in the event of a bankruptcy or the start of liquidation procedures against the issuing credit institution, all amounts and payments relating to Cover Assets that are received by or on behalf of the Special Estate are automatically excluded from the bankrupt estate and exclusively allocated to the Special Estate. The bankruptcy trustee or liquidator will have to account for such amounts and remit them to the Cover Pool Administrator (Article 5 of Annex III to the Banking Law).

4. COVER ASSETS AND TESTS

(A) Categories of Cover Assets

- 4.1. In order to obtain the Specific Authorisation in respect of an issuance or an issuance programme for Belgian Covered Bonds, the issuing credit institution may only include the following types of assets as Cover Assets in the Special Estate (Article 80, §3 of the Banking Law):

- (a) claims secured by a mortgage;
- (b) claims against or guaranteed by (i) a central, regional or local government of an OECD member state or (ii) a central banks of those states or (iii) a public entity of those states or (iv) a multilateral development bank or international organisation;
- (c) participations in securitization vehicles that mainly securitize claims as set out under (a) or (b);
- (d) claims against a credit institution, including amounts deposited with such institution or amounts held by the issuing credit institution; and
- (e) positions resulting from hedging instruments entered into in relation to the Cover Assets or the relevant Belgian Covered Bonds.

(B) Further qualitative requirements for Cover Assets relating to Belgian Covered Bonds

- 4.2. The Covered Bonds Royal Decree has further implemented the qualitative requirements for Cover Assets that may be included in a Special Estate related to Pandbrieven.

- 4.3. Article 3 of the Covered Bonds Royal Decree identifies five categories of qualifying Cover Assets:

- (a) **category 1:** claims secured by (at least) a first ranking mortgage on residential real estate situated in an EEA member state (**Residential Mortgage Loans**) or certain asset-backed securities backed by such claims (RMBS).

Claims secured by a mortgage on residential real estate under construction (construction loans) may compose up to 15% of the aggregate amount of claims secured by residential real estate that are included as Cover Assets.

Residential real estate is real property that is destined for housing or for renting (*huur/location*) as housing by the owner.

- (b) **category 2:** claims secured by (at least) a first ranking mortgage on commercial real estate situated in an EEA member state (**Commercial Mortgage Loans**) or certain asset-backed securities backed by such claims (CMBS). Claims secured by commercial real estate under construction are not eligible.

Commercial real estate is real property that is primarily used for industrial or commercial purposes or other professional activities, such as offices or other spaces used for the exercise of commercial activities or the rendering of services.

- (c) **category 3:** claims against or guaranteed or insured by (a) a central government or central bank of a member state of the Organisation for Economic Co-operation and Development (**OECD**), or by a regional or local government of those member states, (b) a public entity of an OECD member states, or (c) a multilateral development bank or international organisation that obtains a 0% risk weight in accordance with article 117.2 of the CRR, and certain asset-backed securities backed by such claims (ABS).
- (d) **category 4:** claims against a EEA credit institution, including amounts deposited with such credit institution or held by the issuing credit institution.
- (e) **category 5:** positions resulting from hedging instruments entered into in relation to Cover Assets or the relevant Pandbrieven and whereby the counterparty is an OECD credit institution.

In order for hedging instruments to qualify as eligible Cover Assets (Article 4 of the Covered Bonds Royal Decree):

- (i) the start of reorganisation or liquidation procedures against the issuing credit institution may not result in an automatic early termination (close-out) of the relevant hedging instrument and may not provide the counterparty with a right to invoke early termination (close-out) of the instrument;
- (ii) the issuing credit institution may not include the hedging instrument in netting or novation agreements;
- (iii) the issuing credit institution must be able to show that counterparty risk is minimal; and
- (iv) in case the counterparty is an entity which is part of the consolidation circle of the same group as the issuing credit institution, it needs to be an EEA credit institution falling in credit quality category 1 as referred to under article 120 of the CRR and the counterparty exposure needs to be covered by eligible collateral or financial instruments as referred to in article 197 of the CRR.

4.4. Collections paid in respect of the abovementioned categories of Cover Assets, may be applied as Cover Assets of the same category until such time such Collections are used for other purposes.

4.5. At the time an asset is registered as a Cover Asset in the Cover Register, such asset may not be subject to a payment default. A payment default is deemed to exist (i) as soon as the debtor is ninety (90) days in arrears with interest or principal payments or (ii) in case the issuing credit institution deems it unlikely that the debtor will fully satisfy its obligations towards the credit institution without further action being taken (such as enforcement of collateral)(Article 3, §6 of the Covered Bonds Royal Decree).

(C) Statutory Tests - Cover Tests

4.6. In accordance with Article 2, §2 of Annex III to the Banking Law, the Cover Assets comprising the Special Estate must, for the duration of the Belgian Covered Bonds, provide sufficient cover:

- (a) for the payment of principal and interest on the Belgian Covered Bonds,
- (b) for the obligations towards the other creditors of claims related to the Belgian Covered Bonds issuance, and
- (c) for the management of the Special Estate.

To this end the value of the Cover Assets need to show an excess compared to the Principal Amount Outstanding of the Belgian Covered Bonds. The cover provided by the Cover Assets and the excess needs to be tested periodically and, if required to provide adequate cover, the issuing credit institution needs to further modify the portfolio of Cover Assets. To this end, the issuing credit institution has the legal obligation to maintain an active collateral management policy. Accordingly, the composition of the Cover Assets included in the Special Estate is dynamic.

4.7. In respect of Belgian Covered Bonds, this rule has been further implemented in article 5 of the Covered Bonds Royal Decree which provides for:

- (a) a general requirement that, with respect to the Special Estate, the sum of interest, principal and all other revenues generated by the Cover Assets must be sufficient to cover the sum of all interest, principal and charges linked to the Belgian Pandbrievien (the Cover Asset Adequacy Test), and
- (b) the following two specific tests in relation to the minimum cover to be provided by the Cover Assets. At the time of the issuance and as long as any Belgian Pandbrievien remain outstanding:
 - (i) the value of the Cover Assets that belong to one of the first three categories, determined in accordance with the valuation rules set out in the Covered Bonds Royal Decree, must represent at least 85% of the aggregate principal amount outstanding of the Belgian Pandbrievien then in issue (the **85% Asset Coverage Test**);
 - (ii) the value of the Cover Assets, determined in accordance with the valuation rules set out in the Covered Bonds Royal Decree, must represent at least 105% of the aggregate principal amount outstanding of Belgian Pandbrievien then in issue (the **Over-Collateralisation Test**).

For the valuation rules, see below *E. valuation of Cover Assets for the Cover Tests*.

4.8. The Cover Asset Adequacy Test, the 85% Asset Coverage Test and the Over-Collateralisation Test are herein jointly referred to as the Cover Tests.

(D) Statutory Tests – Liquidity Test

4.9. In accordance with Article 13 of Annex III to the Banking Law, the terms and conditions applicable to Belgian Covered Bonds need to include mechanics to ensure that the Belgian Covered Bonds are repaid within the contractually agreed term.

- 4.10. In respect of Belgian Pandbrieven, Article 7 of the Covered Bonds Royal Decree has implemented this rule by imposing that with respect to the Special Estate, the Cover Assets must, at any time, be able to generate sufficient liquidity or include enough liquid assets to enable the Issuer to make all unconditional payments on the Belgian Pandbrieven (including principal, interest and other costs) falling due during the following 6 months (the **Liquidity Test**). The NBB Covered Bonds Regulation further specifies the conditions to be satisfied in order for an asset to be considered a liquid asset.
- 4.11. In order to satisfy the Liquidity Test, the issuing credit institution may enter into a liquidity facility with another EEA credit institution that, in accordance with article 120 of the CRR, falls within credit quality category 1 and that is not part of the consolidation circle of the group to which the issuing credit institution belongs. The liquidity that is made available pursuant to the liquidity facility will be taken into account for the calculation of the Liquidity Test, provided that (i) the liquidity facility can be used only for payment on the Belgian Covered Bonds; and (ii) the funds drawn under the liquidity facility cannot be used for any other activities.
- 4.12. In relation to the Mortgage Pandbrieven issued under the Programme, if an Extended Maturity Date is specified in the applicable Final Terms for a Series of Mortgage Pandbrieven, payments of amounts due on the Maturity Date will not be considered as unconditional for the purpose of the Liquidity Test.

(E) Valuation of Cover Assets for the Cover Tests

- 4.13. For the purposes of the Cover Tests, Article 6 of the Covered Bonds Royal Decree specifies further valuation rules for the Cover Assets in the Special Estate:
 - (a) for Cover Assets of category 1 (claims secured by a residential mortgage), the value will be equal to the lowest of (i) the amount of the claim, (ii) 80% of the sales value of the mortgaged real estate and (iii) the value of the mortgage,

whereby, the value of the mortgage, is determined as follows:

 - (i) if the real estate is located in Belgium and is not secured by mortgage mandate, the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s));
 - (ii) if the real estate is located in Belgium and in addition to the mortgage, also a mortgage mandate has been granted to secure the claim, the value of the mortgage is the lowest of the following two amounts:
 - a. the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s)) plus the amount for which the mortgage mandate has been granted; and
 - b. the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s)) divided by 0.6;
 - (iii) if the real estate is not situated in Belgium, the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s)).

Residential real estate may only be taken into account for the valuation calculations of the Cover Assets if the requirements of article 208 and the valuation rules of article 229.1 of the CRR are satisfied. This does however not prevent to take into account the value of mortgage mandates as set out above. The valuation of residential real estate is subject to periodic review.

- (b) for Cover Assets of category 2 (claims secured by commercial mortgages), the value will be equal to the lowest of (i) the amount of the claim, (ii) 60% of the sales value of the mortgaged real estate and (iii) the value of the mortgage, whereby, the value of the mortgage is equal to the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s)). The value of any mortgage mandates is not taken into account.

Commercial real estate may only be taken into account for the valuation calculations of the Cover Assets if the requirements of article 208 of the CRR and the valuation rules of article 229.1 of the CRR are satisfied. The valuation of commercial real estate is subject to periodic review;

- (c) for Cover Assets of category 3 (public sector claims), the value is equal to the amount of such assets as reflected in the financial accounts of the issuing credit institution. If the assets is only guaranteed or insured by an entity as described in category 3, the value of the Cover Asset will be limited to the guaranteed or insured part. Furthermore, in case the relevant entity is not a member of the European Union, the value of the claim is zero, unless:
 - (i) such entity falls under credit quality step 1 as referred to article 116 of the CRR, or
 - (ii) such entity falls under credit quality step 2 as set out in the CRR and the claims do not represent more than 20% of the amount of the relevant Belgian Pandbrieven;
- (d) the Cover Assets of category 4 are not taken into account for the 85% Asset Coverage Test. They may not be taken into account for the Over-Collateralisation Test either, unless:
 - (i) they fall within credit quality step 1 as referred to in article 120 of the CRR and, to the extent these assets take the form of deposits, their maturity date falls not later than 12 months following the date of registration in the Cover Register, or
 - (ii) they fall within credit quality step 2 as referred to in article 120 of the CRR and their maturity date falls not later than 100 days following the date of registration in the Cover Register;

The value of these Cover Assets is equal to the amount of such assets as reflected in the financial accounts of the issuing credit institution;

- (e) the Cover Assets of category 5 are not taken into account for the calculation of the Cover Tests;
- (f) the Cover Assets for which there is a payment default, the value is equal to zero. As soon as an asset is more than 30 days in arrears, it can only be taken into account for 50% of its value as determined in accordance with the above valuation rules;

- (g) in case a mortgage secures multiple claims and not all claims are included in the Special Estate, the value of the mortgage and of the real estate are allocated to the Cover Assets in the Special Estate based on the priority rules that can be established in the terms and conditions of the Belgian Pandbrieven.
- 4.14. In the event an asset included in the Special Estate (or collateral securing such asset) is governed by foreign law, such asset will only be taken into account for compliance with the Statutory Tests if such foreign law does not prevent that such assets will provide an exclusive right of recourse to the holders of the Belgian Pandbrieven (or the other creditors of claims related to the Belgian Pandbrieven issuance) (Article 3, §7 of the Covered Bonds Royal Decree).

5. SPECIAL OBLIGATIONS OF THE ISSUER IN RESPECT OF ADMINISTRATION OF THE BELGIAN COVERED BONDS

- 5.1. In accordance with Article 15 of Annex III to the Banking Law, a credit institution that has issued Belgian Covered Bonds has the following special obligations in terms of follow-up and administration of the Belgian Covered Bonds:

- (a) in relation to each Special Estate, it needs to organise a special administration for the relevant Belgian Covered Bonds and the Cover Assets. This special administration entails, amongst others, the obligation to keep a register for each issue of Belgian Covered Bonds or, as the case may be, for all issues under an issuance programme in which all Cover Assets are registered (the **Cover Register**).

In accordance with Article 9 of the Covered Bonds Royal Decree, the Cover Register includes at least information in respect of (i) the characteristics (nominal amount, maturity, interest rate) of the Belgian Covered Bonds and (ii) the characteristic of the Cover Assets (category, type of contract, currency, issuance and maturity date of the asset, identification of the counterparty, information on amortization, interest rate, guarantees and valuation).

The issuing credit institution shall as soon as possible (and at least on a daily basis) register any transaction in respect of the Cover Assets in the Cover Register and shall as soon as possible update any characteristics in respect of the Cover Assets in the Cover Register. The segregation of an asset as a Cover Asset is valid and effective against third parties upon its registration in the Cover Register. Once an asset is deleted from the Cover Register, it is no longer part of the Special Estate. Only authorised staff is entitled to update the Cover Register. The issuing credit institution needs to take safety measures to prevent that the Cover Register is changed by unauthorised persons, damaged or destroyed. An up-to-date back-up shall be made on a monthly basis and be kept for 5 years at another location than the original Cover Register. All information in the Cover Register needs to be verifiable by the Cover Pool Monitor;

- (b) it needs to comply with reporting obligations specified by the NBB in accordance with the NBB Covered Bonds Regulation. These regulations provide for quarterly reporting on the Cover Assets and their valuation, yield and maturity, the results of the Liquidity Test and the hedging of currency and interest rate risk;
- (c) it needs to cooperate with its auditor, any Cover Pool Administrator and the Cover Pool Monitor in order to allow such parties to complete their tasks as set out in the

Belgian Covered Bond Regulations, the terms and conditions of the Belgian Covered Bonds and the contractual agreements;

- (d) it needs to provide evidence to the NBB, periodically, that the Belgian Covered Bonds still comply with the Belgian Covered Bond Regulations, by providing a report on the special administration, the Cover Assets and their valuation, and the Liquidity Test;
- (e) it needs to provide evidence to the NBB that the Belgian Covered Bonds still comply with the requirement to obtain the Specific Authorisation, each time a significant change occurs in relation to the Belgian Covered Bonds, the issuance programme or the related legal documentation; and
- (f) it needs to take measures to reduce interest rate and currency risk. To this effect, the issuing credit institution must establish a risk policy in order to ensure that in the event of brutal interest rate or currency exchange rate movements (as further specified in ar. 8 of the NBB Covered Bonds Regulations), the liquidity flows generated by the Cover Assets are sufficient to satisfy the Cover Tests and the Liquidity Test, or sufficient other liquid assets are available.

6. SPECIFIC SUPERVISION

(A) Cover Pool Monitor

- 6.1. As soon as Belgian Covered Bonds are issued, the issuing credit institution has to appoint, following the advice of the NBB, a cover pool monitor (*portefeuille surveillant/surveillant de portefeuille*) (the **Cover Pool Monitor**) for each issuance of, or for an issuance programme of, Belgian Covered Bonds (Article 16, §1 of Annex III to the Banking Law and Article 10 of the Covered Bonds Royal Decree).
- 6.2. The Cover Pool Monitor will report to the NBB on the compliance of the issuing credit institution with the Belgian Covered Bond Regulations:
 - (a) prior to an issuance of Belgian Covered Bonds, the Cover Pool Monitor reports to the NBB as to whether the credit institution is able to comply with the qualitative requirements of the Cover Assets, the limitations in respect of the Cover Assets, the level of cover and the available liquidity, and the requirements in respect of correct registration in the Cover Register;
 - (b) following the issuance of Belgian Covered Bonds, these verifications are performed on an annual basis;
 - (c) the compliance with the Cover Tests, the Liquidity Test and the registration in the Cover Register are however verified on a monthly basis.
- 6.3. Once a year, the Cover Pool Monitor reports to the NBB on the results of its activities. As soon as the Cover Pool Monitor finds that the credit institution does not longer comply with the above requirements or the other requirements under the Belgian Covered Bond Regulations, it will immediately inform the NBB and the credit institution. The content and format of its reports are further set out in the NBB Cover Pool Monitor Regulation.
- 6.4. The NBB can also request that the cover pool monitor performs other tasks and verifications.
- 6.5. The Cover Pool Monitor needs to be a recognized auditor of credit institutions other than the actual auditor of the issuing credit institution. Prior to terminating the appointment of the

Cover Pool Monitor, the credit institution needs to obtain the advice of the NBB. In case the Cover Pool Monitor wants to resign, it will first need to inform the NBB.

- 6.6. The fees and cost of the Cover Pool Monitor must be borne by the issuing credit institution.
- 6.7. David De Schacht, accredited auditor for financial institutions, domiciled at 3391 Tielt-Winge, Attenrodestraat 43 and Jurgen De Raedemaeker, accredited auditor for financial institutions, domiciled at 3210 Lubbeek, Molendries 42, acting jointly and severally, have been appointed as Cover Pool Monitor in relation to the Special Estate pursuant to Article 16, §1 of Annex III to the Banking Law by the Issuer pursuant to the Cover Pool Monitor Appointment Agreement. The appointment of David De Schacht and Jurgen De Raedemaeker as Cover Pool Monitor was approved by the NBB on 15 March 2016.

(B) NBB

- 6.8. The NBB is the competent supervisor in respect of Belgian Covered Bonds issued by credit institutions. In case the NBB becomes aware that a specific category of debt instruments does no longer comply with the Belgian Covered Bond Regulations or if the issuer does not longer comply with its specific obligations as issuer, the NBB will grant a remedy period. If the situation is not remedied within the remedy period, the NBB may revoke the General Authorisation and delete the issuer from the relevant list of credit institutions authorised to issue Belgian Covered Bonds. In extremely urgent situations, the NBB may proceed with a deregistration without remedy period.
- 6.9. A deregistration will be notified by the NBB to the European Commission. As a result of this deregistration, the issuer will no longer be entitled to issue Belgian Covered Bonds. In case it wishes to issue new Belgian Covered Bonds, the Issuer will again have to comply with all requirements in order to be registered. A deregistration does not affect the holders of outstanding Belgian Covered Bonds.
- 6.10. The NBB can also publish warnings/statements indicating that a credit institution has failed to comply with the NBB's requests to meet the requirements of the Belgian Covered Bond Regulations within a specified grace period. In addition, as part of its general supervisory function under the Banking Law, the NBB can – after hearing or inviting the issuing credit institution for a hearing – impose a fine of maximum EUR 2,500,000 per breach or EUR 50,000 per day of non-compliance
- 6.11. The NBB has the power to impose administrative penalties on issuing credit institutions. Such administrative penalties may range from EUR 2,500 to EUR 2,500,000.

7. OTHER PARTIES

(A) Cover Pool Administrator

- 7.1. Under certain circumstances, the NBB may or will appoint a Cover Pool Administrator to take over management of the Special Estate (see above 3.C *Management of the Special Estate*).
- 7.2. The required qualifications and powers of a Cover Pool Administrator are further specified in the Cover Pool Administrator Royal Decree.
- 7.3. The Cover Pool Administrator may not be the same entity as the liquidator of the issuing credit institution. Before the appointment of a party as Cover Pool Administrator, the NBB will assess whether such party has the required expertise and appropriate experience in order to manage the Cover Assets comprised in the Special Estate, is professionally reliable and has

an appropriate organisation for the activities that it will have to perform as Cover Pool Administrator. An EEA credit institution that (i) has issued Mortgage Pandbrieven relating to similar cover assets, or (ii) manages portfolios of assets that would qualify as Cover Assets, is deemed to satisfy the requirements of the Cover Pool Administrator Royal Decree (Article 3).

7.4. In order to comply with the obligations set out in the Belgian Covered Bonds Regulations, the Cover Pool Administrator has, inter alia, the power to take the following actions:

- (a) to make interest and principal payments in respect of the Belgian Covered Bonds deriving from Collections received or, as the case may be, available liquidity lines;
- (b) to organise the receipt of Collections (including the enforcement of payments in arrears due on Cover Assets);
- (c) to sell Cover Assets;
- (d) to invest Collections until these are paid out (in assets that would be eligible as Cover Assets);
- (e) to renegotiate the terms of Cover Assets in arrears;
- (f) to enter into hedging instruments;
- (g) to enter into liquidity lines to ensure compliance with the contractual terms of the relevant Belgian Covered Bonds; and
- (h) to perform administrative task of the issuing credit institution in relation to the issued Belgian Covered Bonds.

7.5. The Cover Pool Administrator will perform the Statutory Tests, report on such tests to the NBB and the representative of the holders of the Belgian Covered Bonds on a quarterly basis and ensure the reporting as prescribed by the Covered Bonds Royal Decree and the NBB Covered Bonds Regulation.

7.6. For each transaction (in particular a sale of Cover Assets) that entails the risk that the Statutory Tests or the conditions of the Belgian Covered Bonds will no longer be complied with, the Cover Pool Administrator needs to obtain the approval of the NBB and the representative of the holders of the Belgian Covered Bonds.

(B) Representative of the holder of the Belgian Covered Bonds

7.7. For the holders of Belgian Covered Bonds of a specific issue or of the same issuance programme, one or more representatives can be appointed either by the issuing credit institution prior to the issuance of the Belgian Covered Bonds or by the general meeting of the holders of the Belgian Covered Bonds after the issuance (Article 14, §2 of Annex III to the Banking Law).

7.8. The powers of the representative of the holders of the Belgian Covered Bonds are determined either in the terms and conditions of the Belgian Covered Bonds or by the general meeting of the holders of the Belgian Covered Bonds. The general meeting of the holders of the Belgian Covered Bonds may at all times revoke the appointment of such representative of the holders of the Belgian Covered Bonds provided at the same time one or more substitute representative are appointed.

- 7.9. The representative of the holders of the Belgian Covered Bonds may also represent other creditors of claims related to the Belgian Covered Bonds issuance provided it is mandated by such creditors.
- 7.10. Stichting BNP Paribas Fortis Mortgage Pandbrieven Representative has been appointed by the Issuer as representative of the Mortgage Pandbrieven Holders in relation to the Programme pursuant to Article 14, §2 of Annex III to the Banking Law in accordance with the terms of the Mortgage Pandbrieven Holders' Representative Appointment Agreement. The tasks and duties of Stichting BNP Paribas Fortis Mortgage Pandbrieven Representative as representative of the Mortgage Pandbrieven Holders (the **Mortgage Pandbrieven Holders' Representative**) are further described in the Belgian Covered Bond Regulations, the Conditions and the Mortgage Pandbrieven Holders Representative Agreement.

8. MOBILISATION LAW

- 8.1. In accordance with the provisions of the Covered Bond Law and the Covered Bonds Royal Decree, Cover Assets that are registered into the Cover Register will form part of the Special Estate providing an exclusive recourse to the holders of Belgian Covered Bonds and the Other Creditors of claims related to the Belgian Covered Bonds issuance. The Mobilisation Law that was adopted on the same date as the Covered Bond Law provides for certain additional protections in respect of the segregation of Cover Assets in the Special Estate. These include, inter alia, the following:

- (a) the registration of Cover Assets in a Cover Register is valid and effective in case the registration:
 - (i) precedes the start of insolvency proceedings, an attachment or a situation of concurrence of creditors, or
 - (ii) occurs on the date of the opening of such proceedings, provided that the credit institution was rightfully ignorant (*gewettigde onwetendheid/ignorance légitime*) of the start of such proceedings.

In such case, the registration cannot be challenged on the basis of claw-back rules set out in the Belgian Bankruptcy Code of 8 August 1997, unless in the event of fraud (Article 8, §2 of the Mobilisation Law);

- (b) the debtor of a bank claim that is registered as a Cover Asset in the Cover Register, will, subject to some limited exceptions, no longer be entitled to invoke set-off rights (legal and contractual) or suspend payments on the basis of an exception of non-performance in respect of such claim, following a notification of the registration of such claim in the Cover Register or following the start of insolvency proceedings against the issuing credit institution, if the conditions for set-off or the exception of non-performance (including the requirement that the claims to be set-off or on the basis of which the defense is invoked, are payable) are only satisfied following such notification or start of the insolvency proceedings (Article 6, §§2 to 5 of the Mobilisation Law);
- (c) in the event a claim, secured by a mortgage that is an All Sums Mortgage, is registered into a Special Estate, then such claim will in respect of such mortgage be paid (i) in priority to all other claims secured by the same mortgage that came into existence after the date of this registration and (ii) *pari passu* and *pro rata* with the other claims that existed on the date of registration, unless otherwise agreed between

the Special Estate and the General Estate (Article 81quinquies of the Belgian act on mortgages (*hypotheekwet/loi hypothécaire*) (the **Mortgage Act**);

- (d) a Mortgage Mandate is, by operation of law, deemed to be granted for the benefit of any transferee of the secured claim and is transferred automatically together with the secured claim (including in case of a registration into a Special Estate).

- (d) to better reflect the requirements and provisions of the Belgian Covered Bond Regulations.

7.4. Upon the Issuer's request, the Mortgage Pandbrieven Holders' Representative shall, without the consent or sanction of any of the Mortgage Pandbrieven Holders, concur with the Issuer in making any modifications to the Conditions, to the Meeting Rules or to the Special Estate Administration Terms (together with any requisite or consequential modifications to the Programme Documents) that the Issuer may decide in its discretion to request in order to comply with mandatory provisions of law or with any criteria of a Rating Agency which may be published after the signing of the initial agreement(s) for the issuance of and subscription for the Mortgage Pandbrieven and which the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing it reasonably believes are necessary to avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to any Series of Mortgage Pandbrieven, provided that the Mortgage Pandbrieven Holders' Representative shall not be obliged to agree to any modifications which, in the sole opinion of the Mortgage Pandbrieven Holders' Representative, as applicable, would have effect of (i) exposing the Mortgage Pandbrieven Holders' Representative, as applicable, to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or (ii) increasing the obligations or duties, or decreasing the protections, of the Mortgage Pandbrieven Holders' Representative, as applicable in the Meeting Rules or the

Conditions. For avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

- 7.5. Notwithstanding the foregoing, upon the Issuer's request, the Mortgage Pandbrieven Holders' Representative shall, without the consent or sanction of any of the Mortgage Pandbrieven Holders, concur with the Issuer in making any modifications to the Special Estate Administration Terms (together with any requisite or consequential modifications to the Programme Documents) that the Issuer may decide in its own discretion in relation to future issues of Mortgage Pandbrieven under the Programme provided that (a) such modifications will not affect the then current ratings assigned by a Rating Agency to any Series of Mortgage Pandbrieven issued under the Programme and (b) the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing that these modifications will not affect the rights of Mortgage Pandbrieven already issued under the Programme, provided that the Mortgage Pandbrieven Holders' Representative shall not be obliged to agree to any modification which, in the sole opinion of the Mortgage Pandbrieven Holders' Representative, as applicable, would have effect of (i) exposing the Mortgage Pandbrieven Holders' Representative, as applicable, to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or (ii) increasing the obligations or duties, or increasing the protections, of the Mortgage Pandbrieven Holders' Representative, as applicable in the Meeting Rules or the Conditions. For avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

8. CLEARING SERVICES AGREEMENT

Pursuant to the Clearing Services Agreement, the NBB as operator of the Securities Settlement System will provide clearing services for the Issuer.

9. HEDGING AGREEMENTS

- 9.1. The Issuer or, upon its appointment by the NBB, the Cover Pool Administrator may, from time to time during the Programme, enter into interest rate swap agreements, currency swap agreements and other relevant swap or hedging agreements (together the **Hedging Agreements**) with one or more hedging counterparties (the **Hedging Counterparties**) for the purpose of, *inter alia*, protecting itself against certain risks (including, but not limited to, interest rate, liquidity and credit) related to the Cover Assets and/or the Mortgage Pandbrieven.
- 9.2. The distribution or priority rules between the obligations towards Mortgage Pandbrieven Holders and the Hedging Counterparties are determined in the Conditions. Reference is made to Condition 9 (*Priority of Payments*) in this respect.

10. LIQUIDATION FACILITY AGREEMENTS

- 10.1. The Issuer or, upon its appointment by the NBB, the Cover Pool Administrator may, from time to time during the Programme, enter into liquidity facility agreements (the **Liquidity Facility Agreements**) in relation to the Special Estate with one or more liquidity facility providers (the **Liquidity Facility Providers**) in order to improve the liquidity of the Special Estate.

- 10.2. The distribution or priority rules between the obligations towards Mortgage Pandbrievs Holders and the Liquidity Facility Providers are determined in the Conditions. Reference is made to Condition 9 (*Priority of Payments*) in this respect.

SECTION 6 – COVER ASSETS

The Belgian Covered Bond Regulations identify five categories of assets that may be included as cover assets in a special estate in relation to an issuance of Mortgage Pandbrieven (see “*Summary of the Belgian Covered Bond Regulations*” – section “4.B. Further qualitative requirements for Cover Assets relating to Belgian Pandbrieven” above). In accordance with the undertakings included in the Conditions (see Condition 2.6(b)) and the Programme Documents, the Issuer will further limit the types of assets that will be eligible as Cover Assets for the Special Estate as described below.

1. Eligible Assets - Types

The following types of assets may be included as Cover Assets in the Special Estate:

- (a) Residential Mortgage Loans (category 1): mortgage receivables secured by a mortgage on residential real estate located in the European Economic Area (**EEA**). With respect to residential mortgage loans, the Issuer must be the beneficiary of a first ranking mortgage. Mortgage receivables relating to residential real estate under construction or in development can only be included in the Special Estate if they do not represent more than 15% of all the residential mortgage loans included in the Special Estate.

Residential real estate is defined as real property that is destined for housing or for rent (*huur/location*).

- (b) Exposures to public sector entities (category 3): receivables on or guaranteed or insured by (i) central, regional or local authorities of EEA Member States that are member of the organisation for Economic Co-operation and Development (**OECD**), (ii) central banks of these member states, (iii) public sector entities of these member states or (iv) multilateral development banks or international organisations that qualify for a 0% risk weighing as set out in annex VI, 20 of Directive 2006/48/EC of 14 June 2006 (the **CRD Directive**), but excluding in each case, public sector asset backed securities (**ABS**).
- (c) Exposures to credit institutions (category 4): claims against credit institutions that have the status of credit institution under the law of a member state of the OECD and cash held on account with these credit institutions, as well as sums held by the issuing credit institution.
- (d) Hedging Agreements (category 5): positions resulting from one or more Hedging Agreements linked to one or more Cover Assets or Mortgage Pandbrieven concerned, as well as sums paid under these positions may also qualify as Cover Assets. The counterparty of these instruments must have the status of a credit institution under an OECD member state.

The Hedging Agreements may only cover interest rate risk, currency exchange risk or other risks linked to the Cover Assets or the Mortgage Pandbrieven

The Hedging Agreements may only be included in the Special Estate if reorganisation measures or winding-up proceedings opened against the Issuer do not automatically result in the early termination (close-out) of these Hedging Agreements and if the Hedging Counterparty cannot invoke such procedures in order to claim the

termination (close-out) of these Hedging Agreements. The Issuer may not include the derivatives in one of the novation or netting agreements to which it is a party.

The Issuer must be able to demonstrate that the default risk of the Hedging Counterparty is limited.

Hedging Agreements registered in the Cover Register are part of the Special Estate.

When the counterparty is a group-related entity of the Issuer, it must have the status of credit institution in an EEA Member State and must benefit from the credit quality step 1 (as defined in article 120 of the CRR).

Amounts paid as reimbursement, collection or payment of interest on claims or assets included in the Special Estate as part of the relevant categories, may be taken into account as Cover Assets that are a part of their respective category.

We refer to chapter 4 of the Summary of the Belgian Covered Bond Regulations for a description of the valuation criteria and the Statutory Tests.

2. Main category of Cover Asset – Residential Mortgage Loans

The Special Estate may be composed of assets of each of the following categories (residential mortgage loans (but excluding Residential Mortgage Backed Securities (RMBS)) (category 1), public exposures (but excluding Public Asset Backed Securities) (category 3), exposures to credit institutions (category 4) and Hedging Agreements (category 5)).

The main asset category of the Special Estate will consist of Category 1 *i.e.* Residential Mortgage Loans (excluding RMBS).

The value of Cover Assets out of this Category 1 (Residential Mortgage Loans, but excluding RMBS) as determined in accordance with the valuation rules set out in the Article 6 of the Covered Bonds Royal Decree must represent at least 85% of the aggregate principal amount outstanding of all Mortgage Pandbrieven of all Series outstanding (the 85% Asset Coverage Test). In exceptional circumstances the NBB may decrease the minimum percentage of 85 % of the 85% Asset Coverage Test.

3. Description of the Residential Mortgage Loans

(a) Interest Rates

The Residential Mortgage Loans comprising Cover Assets bear:

- (i) a fixed rate interest for the entire term of the Residential Mortgage Loan; or
- (ii) an interest rate which is subject to a reset from time to time, with the period between to reset dates being no less than one year and no more than ten years.

The actual amount of interest paid under the Residential Mortgage Loans will vary during the maturity of the Mortgage Pandbrieven as a result of the level of delinquencies, defaults, repurchases, repayments and prepayments in respect of the Residential Mortgage Loans.

(b) Prepayment Penalties

In accordance with applicable law, the Residential Mortgage Loan agreements allow for prepayment penalties equal to three months interest on the prepaid amount, calculated at the interest rate then applicable to the prepaid Residential Mortgage Loan (except in the case of: (a) death of a Borrower if the Residential Mortgage Loan is repaid from the proceeds of life insurance taken out in relation to the Residential Mortgage Loans; or (b) in case of destruction of or damage to the property because of hazard, to the extent that the prepayment occurs with funds paid pursuant to a hazard insurance policy relating to the Residential Mortgage Loan).

(c) Default Interest

In respect of arrears on the Residential Mortgage Loans, default interest (*nalatigheidsinterest/intérêt moratoire*) at a rate of up to 0.5 per cent per annum is charged/applied in addition to the interest rate then applicable to the Residential Mortgage Loan.

(d) Types of Residential Mortgage Loans

The Residential Mortgage Loans comprising Cover Assets are of the following repayment terms:

- (i) **Linear Residential Mortgage Loan** means a mortgage loan under which the Borrower has to make a periodical repayment of principal which remains the same for the duration of the loan, so that the debt gradually decreases. Due to the decreasing outstanding balance, the interest payment decreases proportionally. As a result, the gross mortgage costs (interest plus repayment of principal) decreases over time;
- (ii) **Annuity Residential Mortgage Loan** means a mortgage loan under which the Borrower has to make a periodical repayment which remains the same for the duration of the loan consisting partly of interest and partly of principal, whereby the interest payments decrease and the repayments of principal increase. As of 1 January 1995, only monthly based Annuity Mortgage Loan can be offered. The monthly payment has been calculated based on monthly scheduled payments in arrears, as a result of which the distribution between the interest and principal component alters every month;
- (iii) **Interest-Only Residential Mortgage Loan** means a mortgage loan under which the Borrower does not have to reimburse principal amount until maturity of such loan, but only makes interest payments during the lifetime of the loan. The interest payment can be monthly, quarterly, semi-annually, or annually; and
- (iv) **Reconstitution Residential Mortgage Loan** means a Residential Mortgage Loan the terms of which provide that on its final maturity date the proceeds of a Reconstitution Insurance Policy will be used for its repayment. Under this type of Residential Mortgage Loan the Borrower does not repay any principal, but instead pays life insurance premiums to the Insurance Company and interest on the Mortgage Loans. The premiums are used to provide death cover and to accumulate capital. For that purpose the Borrower or a third party who has taken out the insurance on the life of the

Borrower, transfers or pledges to the Originator its rights to payment and under the relevant Reconstitution Insurance Policy or appoints the Originator as the beneficiary of such policy.

A **Reconstitution Insurance Policy** is either an Investment Insurance Policy or a Savings Insurance Policy. An **Investment Insurance Policy** is a life insurance policy under which the premiums paid by the Borrower or the third party that has taken out the policy on the life of the Borrower, are invested in an investment fund. This type of policy is always combined with a prior death coverage. Upon maturity of the Reconstitution Loan the investments will be sold and the proceeds used to repay the loan (whether in full or in part, depending on the value of the investments). Should the Borrower decease the proceeds will be used to repay the loan. **Savings Insurance Policy** is a life insurance policy under which the premiums are used to accumulate capital at a guaranteed minimum rate of return. This type of policy is also always combined with a prior death coverage.

(e) Loan Security

The Residential Mortgage Loans are secured by (1) a first ranking mortgage, and, as the case may be, (2) a lower ranking mortgage provided that the Issuer also has the benefit of all higher ranking mortgages on the same real estate and, as the case may be, a mandate to create mortgages.

(i) Mortgage

A mortgage creates a priority right to payment out of the mortgaged assets, subject to mandatory statutory priorities (including beneficiaries of prior ranking mortgages).

Most of the Residential Mortgage Loans are secured by a Mortgage which is used to also secure all other amounts which the Borrower owes or in the future may owe to the Issuer (*alle sommen hypotheek/hypothèque pour toute somme*) (a **All Sums Mortgage**).

Pursuant to article 81quinquies of the Mortgage Act a receivable secured by an All Sums Mortgage which is registered in the Cover Register shall, in respect of such mortgage, (i) rank in priority to any receivable which arises after the date of the registration and (ii) have equal ranking with loans or debts which existed at the time of the registration, unless stipulated otherwise in the issue conditions.

Other Mortgage Loans have been originated under credit facilities which have the form of a revolving facility (*kredietopening / ouverture de crédit*)(a **Credit Facility**). The Mortgage that is granted as security for this type of loans is used to secure all advances (*voorschotten / avances*) made available under such revolving facility. In many cases the Mortgage that is created in respect of this type of loans is also an All Sums Mortgage.

Pursuant to article 81quater of the Mortgage Act, an advance granted under a revolving facility secured by a mortgage can be registered in the Cover Register. Such advance will benefit from the privileges and mortgages securing the revolving facility. The advance registered in the Cover Register

shall, in respect of the mortgage securing the revolving facility, (i) rank in priority to further advances that are granted after the date of registration and (ii) have equal ranking with other advances which existed at the time of the registration, unless stipulated otherwise in the issue conditions.

Condition 12.3 (*Priority Rules regarding security interest securing both Cover Assets and assets in the General Estate*) provides that if a security interest (including any mortgage and mortgage mandate) secures both Cover Assets and assets in the General Estate, all sums received out of the enforcement of the security interest will be applied in priority to satisfy the obligations in relation to the Cover Assets. Any proceeds of enforcement of such security interest can only be applied in satisfaction of the obligations of the relevant assets in the General Estate once all sums owed to the Special Estate in respect of the relevant Cover Assets are irrevocably repaid in full.

(ii) Mortgage Mandate

A mortgage mandate is often used in addition to a mortgage to limit registration duties payable by the Borrower.

A mortgage mandate does not create an actual security interest and does not therefore create an actual priority right of payment out of the proceeds of a sale of the mortgaged assets. The mortgage mandate is an irrevocable mandate granted by a Borrower or a third party collateral provider to certain attorneys to create a mortgage as security for the Residential Mortgage Loan and all other amounts which the Borrower owes or in the future may owe to the Issuer. Only after creation of the mortgage, the beneficiary of the mortgage will have a priority right to payment out of the proceeds of a sale of the mortgaged assets. See further *Risk Factors – Mortgage Loans – Mortgage Mandates*;

- (iii) as the case may be, life insurance policies and hazard insurance policies;
- (iv) as the case may be, an assignment of salary by the Borrower; and/or
- (v) as the case may be, any pledge, set-off or unicity of account rights of the Issuer pursuant to its applicable general banking terms and conditions.

Pursuant to Article 3, §2, 3° of Annex III to the Banking Law (and, as far as Mortgage Mandates are concerned, Articles 81sexies and 81septies of the Mortgage Act), all security interests and sureties, guarantees or privileges under whichever form that have been granted in relation to Cover Assets as well as rights under insurance policies and other contracts in relation to the Cover Assets or the management of the Special Estate are automatically part of the Special Estate.

SECTION 10 - TERMS AND CONDITIONS OF THE MORTGAGE PANDBRIEVEN

The following are the Terms and Conditions (the **Conditions**) of the Mortgage Pandbrieven which, as completed by the applicable Final Terms in relation to any Tranche of Mortgage Pandbrieven, will apply to the Mortgage Pandbrieven. Reference should be made to "Form of the Final Terms" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Tranche of Mortgage Pandbrieven.

The applicable Final Terms in relation to any Tranche of Mortgage Pandbrieven may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Conditions, replace or modify the following Conditions for the purpose of such particular Tranche of Mortgage Pandbrieven, in the case of any Mortgage Pandbrieven which are neither to be admitted to trading on a regulated market within the European Economic Area nor offered to the public in an EEA State in circumstances which require the publication of a prospectus under the Prospectus Directive (**Exempt Mortgage Pandbrieven**).

The Issuer may also issue from time to time Mortgage Pandbrieven under the Programme which shall be subject to terms and conditions and/or final terms not contemplated by this Base Prospectus, in the case of any Mortgage Pandbrieven which are neither to be listed or admitted to trading on a regulated market within the European Economic Area nor offered to the public in an EEA State in circumstances which require the publication of a prospectus under the Prospectus Directive. In such circumstances, the relevant forms of terms of such Mortgage Pandbrieven will be set out in a schedule to the Agency Agreement.

BNP Paribas Fortis SA/NV (**BNP Paribas Fortis** or the **Issuer**) has established a Residential Mortgage Pandbrieven Programme (the **Programme**) for the issuance of Belgian *pandbrieven/lettres de gage* governed by the Law of 3 August 2012 on the legal framework of Belgian covered bonds (*Wet van 3 augustus 2012 tot invoering van een wettelijke regeling voor Belgische covered bonds/Loi du 3 août 2012 instaurant un régime légal pour les covered bonds belges*) (as implemented in Annex III of the Banking Law) as subsequently amended and/or supplemented (hereinafter the Mortgage Pandbrieven).

The National Bank of Belgium (*Nationale Bank van België/Banque Nationale de Belgique*) (the **NBB** or the **Competent Authority**) has admitted the Issuer to the list of credit institutions that have obtained the authorisation to issue Belgian Covered Bonds pursuant to Article 80, §1 of the Banking Law on 9 February 2016. The Programme has been admitted by the NBB to the list of authorised programmes for issue of Belgian covered bonds pursuant to Article 80, §2 of the Banking Law on 3 May 2016. Upon so being notified by the Issuer, the NBB shall regularly update such list with the Mortgage Pandbrieven issued under the Programme and shall indicate that the Mortgage Pandbrieven constitute Belgian *pandbrieven/lettres de gage* under the Belgian Covered Bond Regulations

As used herein, **Tranche** means Mortgage Pandbrieven which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Mortgage Pandbrieven together with any further Tranche or Tranches of Mortgage Pandbrieven which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Each Tranche is the subject of Final Terms (hereinafter the **Final Terms**) which completes these Conditions. The terms and conditions applicable to any particular Tranche of Mortgage Pandbrieven

are these Conditions as completed by the applicable Final Terms, save to the extent that such Final Terms replace or modify such Conditions.

All subsequent references in these Conditions to **Mortgage Pandbrieven** are, unless the context otherwise requires, to the Mortgage Pandbrieven of the relevant Series.

Interest shall be calculated in respect of any period by applying the Rate of Interest to, in the case of Dematerialised Mortgage Pandbrieven, the Principal Amount Outstanding or, in the case a Registered Mortgage Pandbrief, the Principal Amount Outstanding of such Registered Mortgage Pandbrief and, in either case, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant figure to the nearest Sub-unit, half of any such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

4.2. Interest on Floating Rate Mortgage Pandbrieven

- (a) ***Interest Period End Dates and Interest Payment Date***

Each Floating Rate Mortgage Pandbrieven bears interest at the rate per annum (expressed as a percentage) equal to the Rate of Interest (determined in accordance with Condition 4.2(b) (*Rate of Interest*)), from (and including) the Interest Commencement Date. Interest will accrue in respect of each Interest Period and will be payable in arrear on the Interest Payment Date(s). The amount of interest payable shall be calculated in accordance with Condition 4.2(d) (*Determination of Rate of Interest and calculation of Interest Amounts*).

(b) **Rate of Interest**

The Rate of Interest payable from time to time in respect of Floating Rate Mortgage Pandbrieven will be equal to the rate of interest determined in the following manner, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Mortgage Pandbrieven

Where **ISDA Determination** is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph 4.2(b)(i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Issuer or other person specified in the applicable Final Terms under an interest rate swap transaction if the Issuer or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Mortgage Pandbrieven (the **ISDA Definitions**), and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is the period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (I) if the applicable Floating Rate Option is based on the Eurozone inter-bank offered rate (**EURIBOR**), the first day of that Interest Period or (II) in any other case, as specified in the applicable Final Terms

For the purposes of this subparagraph 4.2(b)(i), (1) **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions and (2) **Eurozone** means the region comprising the member states of the European Union that adopt or have adopted the single currency in accordance with the Treaty establishing the European Community, as amended from time to time.

When this Condition 4.2(b)(i) (*ISDA Determination for Floating Rate Mortgage Pandbrieven*) applies, in respect of each relevant Interest Period the Calculation Agent will be deemed to have discharged its obligations under Condition 4.2(d) (*Determination of Rate of Interest and calculation of Interest Amounts*) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph 4.2(b)(i).

(ii) Screen Rate Determination

- (A) Where **Screen Rate Determination** is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:
 - (1) the offered quotation (if there is only one quotation appearing on the relevant Screen Page); or

- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent

(B) If the Reference Rate is EURIBOR, and

- (1) the Relevant Screen Page is not available or if, in the case of (A)(1) above, no such offered quotation appears or, in the case of (A)(2) above, fewer than three such offered quotations appear, in each case as at the Specified Time on the Interest Determination Date in question, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question;
- (2) on any Interest Determination Date,
- two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent; or
 - fewer than two of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for the relevant Interest Period shall be the offered quotation for deposits in Euro for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered quotations for deposits in Euro for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the Eurozone inter bank market, as the case may be, plus or minus (as appropriate) the Margin (if any);
- (3) five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations; and

- (4) the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

(c) ***Minimum Rate of Interest and/or Maximum Rate of Interest***

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) ***Determination of Rate of Interest and calculation of Interest Amounts***

The Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. The Calculation Agent will notify the Domiciliary Agent and the Issuer, as applicable, of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Mortgage Pandbrievens for the relevant Interest Period by applying the Rate of Interest to, in the case of Dematerialised Mortgage Pandbrievens, the relevant Series Principal Amount Outstanding or, in the case a Registered Mortgage Pandbrief, the Principal Amount Outstanding of such Registered Mortgage Pandbrief and, in either case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest Sub-unit, half of any such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(e) ***Notification of Rate of Interest and Interest Amounts***

The Calculation Agent will promptly notify the Domiciliary Agent and the Issuer, as applicable, of each Interest Amount and the Domiciliary Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the other Agents and any stock exchange on which the relevant Floating Rate Mortgage Pandbrievens are for the time being listed (to the extent required by the rules applicable to the relevant stock exchange) and notice thereof to be published in accordance with Condition 19 (*Notices*) as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Rate of Interest so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate

Mortgage Pandbrievens are for the time being listed (to the extent required by the rules applicable to the relevant stock exchange) and to the Mortgage Pandbrievens Holders in accordance with Condition 19 (*Notices*).

(f) ***Calculation Agent***

If for any reason at any relevant time after the Issue Date, the Calculation Agent defaults in its obligation to determine the Rate of Interest and any Interest Amount in accordance with Conditions 4.2(b)(i) (*ISDA Determination for Floating Rate Mortgage Pandbrievens*) or 4.2(b)(ii) (*Screen Rate Determination*) above, and in each case in accordance with Condition 4.2(d) (*Determination of Rate of Interest and calculation of Interest Amounts*), the Issuer or upon the opening of Winding-up Proceedings against the Issuer, the Cover Pool Administrator, if the Calculation Agent is not the Issuer or the Mortgage Pandbrievens Holders' Representative, if the Calculation Agent is the Issuer, may determine the Rate of Interest at such rate as, in its absolute discretion having such regard as it may think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms, it shall deem fair and reasonable in all the circumstances or, as the case may be, the Issuer, the Cover Pool Administrator or the Mortgage Pandbrievens Holders' Representative, as applicable, may calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances but taking into account the provisions of the applicable Final Terms. In making any such determination or calculation, the Issuer, the Cover Pool Administrator or the Mortgage Pandbrievens Holders' Representative, as applicable, may appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). If such determination or calculation is made, the Issuer, the Cover Pool Administrator or the Mortgage Pandbrievens Holders' Representative, as applicable, shall as soon as reasonably practicable notify the Issuer, the Domiciliary Agent, the other Agents, the Issuer or the Mortgage Pandbrievens Holders' Representative, as applicable, and each stock exchange on which the relevant Floating Rate Mortgage Pandbrievens are for the time being listed (to the extent required by the rules applicable to the relevant stock exchange), of such determination or calculation and each such determination or calculation shall be deemed to have been made by the Calculation Agent.

In the case of late payment the amount due and repayable shall be calculated in accordance with Condition 6.8 (*Late Payment for Zero Coupon Mortgage Pandbrieven*).

The Mortgage Pandbrieven Holders' Representative shall be indemnified by the Issuer and held harmless, in respect of any and all liabilities and expenses incurred by it or by anyone appointed by it or to whom any of its functions may be delegated by it in carrying out its functions.

6. REPORTING, LIABILITY, EXONERATION AND INDEMNIFICATION OF THE MORTGAGE PANDBRIEVEN HOLDERS' REPRESENTATIVE

6.1. Reporting

If so requested in advance by the Issuer or the Cover Pool Administrator, as applicable, the Mortgage Pandbrieven Holders' Representative shall report to the Meeting on the performance of its duties under the Mortgage Pandbrieven Holders Representative Agreement, the Meeting Rules and the Programme Documents (the **Report**) provided such request is notified by registered mail no later than ten (10) Business Days prior to the relevant Meeting.

The Issuer or the Cover Pool Administrator, as applicable, shall require a Report if so instructed by those Mortgage Pandbrieven Holders who have requested that such Meeting be convened.

6.2. Liabilities and Exoneration

The Mortgage Pandbrieven Holders Representative Agreement contains provisions governing the responsibility (and relief from responsibility) of the Mortgage Pandbrieven Holders' Representative and providing for its indemnification in certain circumstances, including provisions relieving the Mortgage Pandbrieven Holders' Representative from taking enforcement proceedings unless indemnified to its satisfaction.

The Mortgage Pandbrieven Holders' Representative shall not be liable to the Issuer or any of the Mortgage Pandbrieven Holders or the Other Cover Pool Creditors represented by it in respect of any loss or damage which arises out of the exercise, or the attempted exercise of, or the failure to exercise any of its powers or any loss resulting therefrom, except that the Mortgage Pandbrieven Holders' Representative shall be liable for such loss or damage that is caused by its gross negligence, wilful misconduct or fraud.

The Mortgage Pandbrieven Holders' Representative shall not be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Cover Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by or to the order of the Issuer or any agent or related company of the Issuer or by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons.

The Mortgage Pandbrieven Holders' Representative shall have no liability for any breach of or default under its obligations under the Mortgage Pandbrieven Holders Representative Agreement if and to the extent that such breach is caused by any failure on the part of the Issuer, any of the Other Cover Pool Creditors (other than the Mortgage Pandbrieven Holders' Representative) to duly perform any of their material obligations under any of the Programme Documents. In the event that the Mortgage Pandbrieven Holders' Representative is rendered unable to duly perform its obligations under the Mortgage Pandbrieven Holders Representative Agreement by any circumstances beyond its control (*overmacht/force majeure*), the Mortgage Pandbrieven Holders' Representative shall not be liable for any failure to carry out its obligations under the Mortgage Pandbrieven Holders Representative Agreement which are thus affected by the event in question and, for so long as such circumstances continue, its obligations under the Mortgage Pandbrieven Holders Representative Agreement which are thus affected will be suspended without liability for the Mortgage Pandbrieven Holders' Representative.

The Mortgage Pandbrieven Holders' Representative shall not be responsible for monitoring the compliance by any of the other parties (including the Issuer and the Cover Pool Monitor) with their obligations under the Programme Documents. The Mortgage Pandbrieven Holders' Representative may, until it has actual knowledge or express notice to the contrary, assume the Issuer and the Cover Pool Monitor are observing and performing all their obligations under any of the Programme Documents and in any notices or acknowledgements delivered in connection with any such Programme Documents.

The Mortgage Pandbrieven Holders' Representative shall not be responsible for ensuring that the Issuer complies with the obligations applicable to it under the Belgian Covered Bond Regulations or that any asset is duly registered in the Cover Register and the Cover Register is duly maintained.

Except if such meeting is convened by the Mortgage Pandbrieven Holders' Representative or the passing of a Written Resolution has been organised by the Mortgage Pandbrieven Holders' Representative, the Mortgage Pandbrieven Holders' Representative shall not be liable for acting upon (i) any resolution purporting to be a Written Resolution or to have been passed at any Meeting in respect whereof minutes have been made and signed or (ii) a direction of the requisite percentage of Mortgage Pandbrieven Holders. This limitation of liability will apply, even though subsequent to its acting it may be found that there was some defect in the constitution of the meeting or passing of the Written Resolution or the giving of such direction or that for any reason the resolution purporting to be a Written Resolution or to have been passed at any meeting or the giving of the direction was not valid or binding upon such Mortgage Pandbrieven Holders, except if and to the extent any defect has arisen directly from the Mortgage Pandbrieven Holders' Representative's gross negligence, wilful misconduct or fraud.

6.3. Indemnity

If the Mortgage Pandbrieven Holders' Representative has acted upon a resolution, Written Resolution or direction as referred to in 6.2 above, each Mortgage Pandbrieven Holder shall forthwith on demand indemnify the Mortgage Pandbrieven Holders' Representative for its *pro rata* share in any liability, loss or expense incurred or expected to be incurred by the Mortgage

Pandbrieven Holders' Representative in any way relating to or arising out of its acting as Mortgage Pandbrieven Holders' Representative in respect of that resolution, Written Resolution or direction, except if and to the extent that the liability or loss arises directly from the Mortgage Pandbrieven Holders' Representative's gross negligence, wilful misconduct or fraud. The liability shall be divided between the Mortgage Pandbrieven Holders *pro rata* according to the respective Principal Amount Outstanding of the Mortgage Pandbrieven held by each of them respectively.

7. MODIFICATIONS BY THE MORTGAGE PANDBRIEVEN HOLDERS' REPRESENTATIVE

7.1. Waivers

7.1.1. Waivers

The Mortgage Pandbrieven Holders' Representative may in its sole discretion, without the consent of the Mortgage Pandbrieven Holders and without prejudice to its rights in respect of any further or other breach, condition, event or act from time to time and at any time, but only if and in so far as in its opinion the interests of the Mortgage Pandbrieven Holders will not be materially prejudiced thereby:

- (a) authorise or waive, on such terms and conditions (if any) as shall seem expedient to it, any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Mortgage Pandbrieven Holders Representative Agreement, the Mortgage Pandbrieven or any of the Programme Documents, or
- (b) determine that any breach shall not be (subject to specified conditions or not) treated as such.

Any such authorisation, waiver or determination pursuant to this clause shall be binding on the Mortgage Pandbrieven Holders and notice thereof shall be given to the Mortgage Pandbrieven Holders and the Rating Agencies

7.1.2. Reliance

In determining whether or not any power, trust, authority, duty or discretion or any change, event or occurrence under or in relation to the Conditions or any of the Programme Documents will be materially prejudicial to the interests of Mortgage Pandbrieven Holders, the Mortgage Pandbrieven Holders' Representative shall be able to rely on, and act on any advice or opinion of or any certificate obtained from a valuer, accountant, banker, broker, securities company or other company other than the Rating Agencies whether obtained by itself or the Issuer and it shall not be liable for any loss occasioned by such action, save where such loss is due to its gross negligence, wilful misconduct or fraud.

7.2. Amendments

The Mortgage Pandbrieven Holders' Representative may upon the request of the Issuer on behalf of the Mortgage Pandbrieven Holders and without the consent or sanction of any of the Mortgage Pandbrieven Holders of any Series or the Other Cover Pool Creditors it represents at any time and from time to time, concur with the Issuer or any other person in making:

- (a) any modification (other than in respect of a Basic Term Change) of the terms and conditions applying to the Mortgage Pandbrieven of one or more Series (including the Conditions) or any Programme Document provided that in the sole opinion of the Mortgage Pandbrieven Holders' Representative such modification is not materially prejudicial to the interests of any of the Mortgage Pandbrieven Holders of such Series, or
- (b) any modification of the terms and conditions applying to Mortgage Pandbrieven of any one or more Series (including the Conditions) or any Programme Document which is in the sole opinion of the Mortgage Pandbrieven Holders' Representative of a formal, minor or technical nature or is to correct a manifest error or to comply with applicable mandatory statutory provisions or would cause such terms and conditions of the Mortgage Pandbrieven or provision of any Programme Document to better reflect or comply with the provisions and requirements of the Belgian Covered Bond Regulations.

In no event may such modification be a Basic Term Change. The Mortgage Pandbrieven Holders' Representative shall not be bound to give notice to Mortgage Pandbrieven Holders of any modifications to the Programme Documents agreed pursuant to this Clause.

The Issuer or the Cover Pool Administrator, as applicable, shall cause notice of any modification in this Clause 7.2 to be given to the Rating Agencies and the Domiciliary Agent.

If, in the Mortgage Pandbrieven Holders' Representative's opinion it is not sufficiently established that the proposed amendment or variation can be approved by it in accordance with this Clause, it will determine in its full discretion whether to submit the proposal to a duly convened Meeting or to refuse the proposed amendment or variation.

Upon the Issuer's request, the Mortgage Pandbrieven Holders' Representative shall, without the consent or sanction of any of the Mortgage Pandbrieven Holders, concur with the Issuer in making any modifications to the Conditions, to the Meeting Rules or to the Special Estate Administration Terms that the Issuer may decide in its discretion in order to comply with any criteria of the Rating Agency which may be published after the signing of the initial agreement(s) for the issuance of and subscription for the Mortgage Pandbrieven and in respect of which the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing that it reasonably believes such modifications are necessary to avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to any Series of Mortgage Pandbrieven, provided that the Mortgage Pandbrieven Holders' Representative shall not be obliged to agree to any modification which, in the sole opinion of the Mortgage Pandbrieven Holders' Representative, as applicable, would have the effect of (i) exposing the Mortgage Pandbrieven Holders' Representative, as applicable, to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the protections, of the Mortgage Pandbrieven Holders' Representative, as applicable in these Meeting Rules or the Conditions. For avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

Notwithstanding the foregoing, upon the Issuer's request, the Mortgage Pandbrieven Holders' Representative shall, without the consent or sanction of any of the Mortgage Pandbrieven Holders, concur with the Issuer in making any modifications to the Special Estate Administration Terms in relation to future issues of Mortgage Pandbrieven under the Programme provided that (i) the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing that it reasonably believes such modifications will not affect the

then current ratings assigned by a Rating Agency to any Series of Mortgage Pandbrieven issued under the Programme and (ii) the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing that these modifications will not affect the rights of holders of Mortgage Pandbrieven already issued under the Programme, provided that the Mortgage Pandbrieven Holders' Representative shall not be obliged to agree to any modification which, in the sole opinion of the Mortgage Pandbrieven Holders' Representative, as applicable, would have the effect of (i) exposing the Mortgage Pandbrieven Holders' Representative, as applicable, to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the protections, of the Mortgage Pandbrieven Holders' Representative, as applicable in the Meeting Rules. For avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

SECTION 12 - FORM OF FINAL TERMS

Set out below is the form of Final Terms which, subject to any necessary amendment, will be completed for each Tranche of Mortgage Pandbrieven issued under the Programme. Text in this section appearing in italics does not form part of the Final Terms but provides directions for completing the Final Terms.

Final Terms dated [•]

BNP Paribas Fortis SA/NV

Issue of [Aggregate Nominal Amount of Tranche] [Title of Mortgage Pandbrieven]

Issued under the EUR 10,000,000,000

Belgian Residential Mortgage Pandbrieven Programme

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Mortgage Pandbrieven in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a **Relevant Member State**) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Mortgage Pandbrieven. Accordingly any person making or intending to make an offer in that Relevant Member State of the Mortgage Pandbrieven may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Mortgage Pandbrieven in any other circumstances.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Mortgage Pandbrieven are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (MiFID II); (ii) a customer within the meaning of Directive 2002/92/EC, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Prospectus Directive (as defined below). Consequently, no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Mortgage Pandbrieven or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Mortgage Pandbrieven or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

SECTION 14 - OVERVIEW OF BELGIAN HOUSING AND MORTGAGE MARKET

1. SOUND FUNDAMENTALS

Home-ownership in Belgium is stable at 72%, with the majority of the owners carrying at least some outstanding mortgage debt (Graph 1). As such Belgium compares favourably to most neighbouring countries. Its homeownership rate is higher than that of France, Germany and the Netherlands. Belgium has a higher share of houses owned without outstanding housing debt than most of its neighbours and the Scandinavian countries.

This following report provides a detailed overview of the Belgian housing market. First, the general macroeconomic situation in the country is discussed, highlighting GDP growth and consumer sentiment. A second part covers the prevailing forces of supply and demand on the housing market. Then follows an overview of the Belgian mortgage market. The last part covers the stability of housing prices in Belgium.

2. GENERAL MACRO ECONOMICS

2.1. Stable growth

The Belgian economy has proven mostly resilient after the financial crisis of 2008 and is expected to remain on an upward trajectory for the next couple of years. Taking 2008 Q1 as a point of reference (Graph 2) it is clear that the Belgian growth rebounded.

Graph 2: GDP Evolution (2008Q1 = 100)

Source: BNPP Fortis, Macrobond

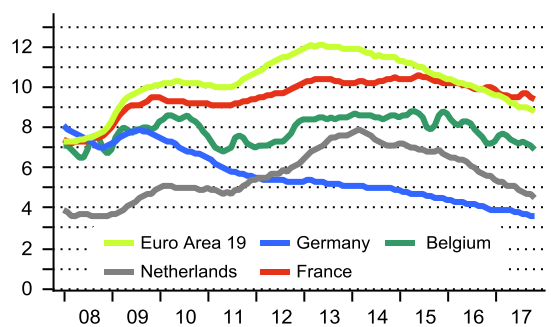

2.2. Stable and low unemployment

The unemployment rate, the number of jobseekers as a part of the total active population, is already well below the European average (Graph 3). Nonetheless, the Belgian government is taking steps to further improve in this area as there is ample scope to do so.

2.3. Consumer confidence on the up

Consumer confidence recovered partially after a couple of difficult years during the European debt crisis (Graph 4). Current sentiment improved markedly since the end of 2016, spurred on by a reduced fear of future unemployment.

Graph 3: Unemployment rate

Source: BNPP Fortis, Macrobond

Graph 4: Consumer Confidence

Source: BNPP Fortis, Macrobond

2.4. Inflation: one of Europe's highest

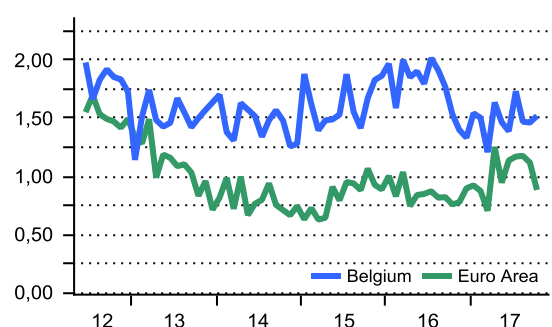

Over the whole of 2017, Belgian headline inflation was mostly in excess of the ECB policy target of “near to but below 2%” (Graph 5). Core inflation (excluding energy and food prices) has proven resilient in Belgium (Graph 6), compared to the Euro Area. This is mainly caused by structurally higher fees in service sectors and price-indexing mechanisms on certain markets. Increases in existing and the instalment of various new taxes further spurred on core inflation.

Graph 5: Consumer Price Index (%Y/Y)

Graph 6: Core Inflation (% Y/Y)

3. OVERVIEW OF THE HOUSING MARKET

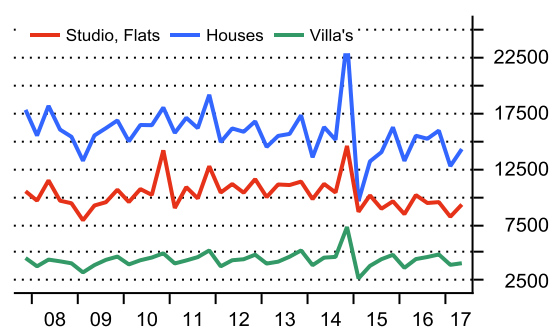

3.1. Number of transactions rising

Activity only declined somewhat after 2008, but the trend quickly recovered, as number of sales transactions show, for all types of homes (Graph 7). The surge in transactions at the end of 2014, following the abandonment of various purchase-promoting government schemes, gave way to a slower trend.

3.2. Improved appetite for real estate spending

It has been suggested that this trend reflects the growing number of households searching for better investment than the traditional savings account, combined with a more positive outlook (Graph 8).

Graph 7: Real estate sales (transactions/q)

Source: BNPP Fortis, Macrobond

Graph 8: Momentum for Major Household Purchases (standardized)

Source: BNPP Fortis, Macrobond

3.3. Construction is big business

The construction sector is a key sector in Belgium, with gross investment rate of households around 10% of GDP last year. This metric captures household investment (mostly in dwellings) compared to disposable household income. In this regard the country is similar to Germany, with households in France investing a smaller portion of their disposable incomes (Graph 9). It illustrates why the sector matters so much for the Belgian economy and explains banks' willingness to be an active actor in it.

3.4. Stable growth of housing stock

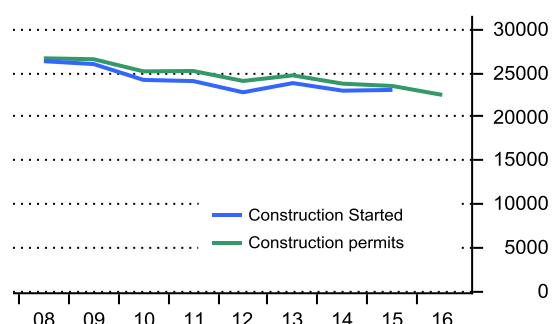

The number of building permits issued each year has suffered in the aftermath of the financial crisis. It's beginning to stabilise now at around 230 000 permits per year. The same trend is found in the number of construction starts (Graph 10).

Graph 9: Gross Investment Rate of Households (12-mma)

Source: BNPP Fortis, Macrobond

Graph 10: Construction by Status (3 year ma)

Source: BNPP Fortis, Macrobond

4. OVERVIEW OF THE MORTGAGE MARKET

4.1. Interest rates bottoming out

Interest rates were declining steadily since the start of the financial crisis. They came down almost 2.5% over the last 10 years (Graph 11). The fixed rate for mortgages running 20 years was at 2.46% at the end of last year, almost half a percentage-point above the flexible rate. According to the European Mortgage Federation, 93.5% of new mortgage credits were at a fixed rate or initial fixed rate for at least 10 years.

4.2. Savings rate down, other assets preferred

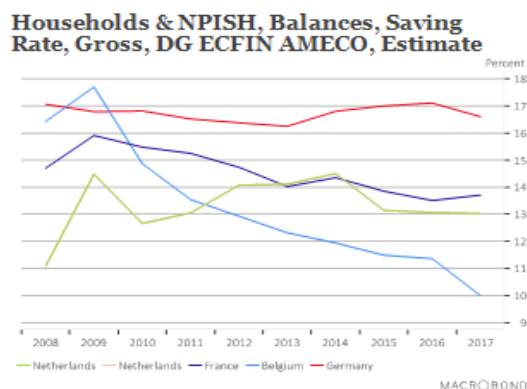

The savings rate is down significantly from its 2010 peak, well below that of neighbouring countries. (Graph 12) There is a clear trend towards other investment opportunities. An example of this is the fact that 20% of all new mortgage loans in the first half of 2017 pertained to a second house.

Graph 11: Interest Rates (Mortgages)

Source: BNPP Fortis, Macrobond

Graph 12 : Savings rate (1 year ma)

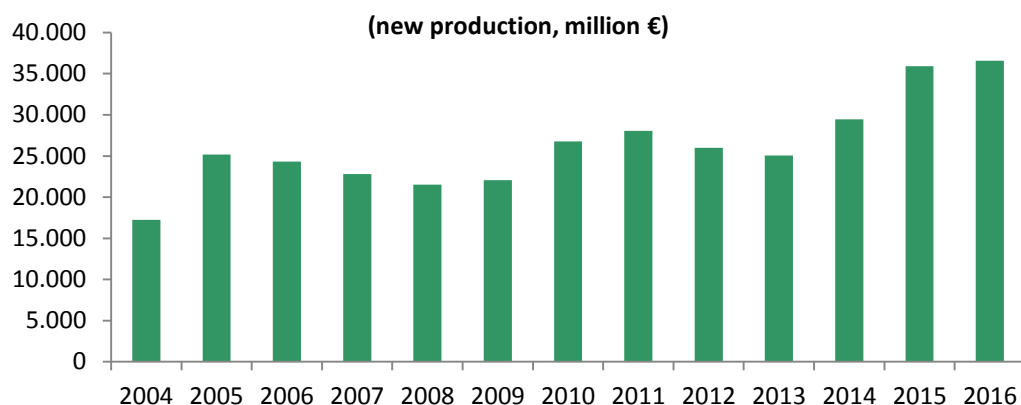

4.3. Mortgages growth averages 10% / yr since 2003

Banks have always been willing to lend for real estate purposes in Belgium. The total outstanding amount of mortgages growth stumbled only briefly after the 2008 financial crisis. Since then, amounts have been soaring, with the annual growth depicted below (Graph 13).

The large majority of loans (96.5%) were given out by banks, with insurance companies and other types of lenders making up the remainder according to the European Mortgage Federation. In their 2017 report it says that the average maturity of a Belgian mortgage loan is around 22 years.

Last year, about 1 in every 4 Belgian mortgages was extended by BNPPF. Non-performing loans as a percentage of total gross loans have been stable since the financial crisis, hovering around 1%.

5. PRICES

5.1. Prices holding up quite well

The 2008 financial crisis had a temporary and only mild impact on average house prices in Belgium. When compared to the Euro area, it is fair to say that the sector held up quite well (Graph 15 & 16). Both price-to-income and price-to-rent ratio's were stable since 2010, similar to those of France (Graph 17 & 18).

Overall, the continued economic recovery and a slightly increased tendency to invest in real estate should exert upward pressure on the price level for the next couple of years. Further change in regulations at the regional level are expected to provide some counterweight, with several mortgage-tax-relief measures up for reevaluation or already trimmed down.

Graph 17: Price-to-Income (Base: 2010)

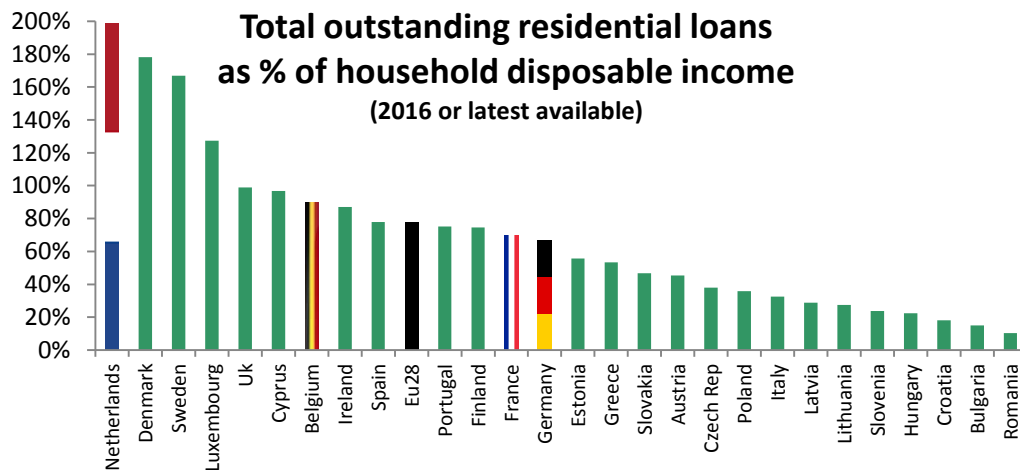

Graph 18: Price-to-Rent (Base: 2010)

5.2. Level of debt below EU-average

Total residential debt, as a % of disposable household income is slightly above the EU28-average. The ration increased sharply over from 64% in 2008 to 90% in 2016.

Key developments in 2016

Easy Banking Web launched in 2016, a new informative public website with considerably more online banking options, and with the same look and feel as the Easy Banking App. A great deal of work went into the necessary migration exercise: 2.4 million customers migrated successfully from the old PC banking platform to Easy Banking Web. In addition to carrying out day-to-day operations and transactions, the adapted direct sales flows now make it easier for our customers to purchase end-to-end products and services by themselves.

³ Source: 2016 annual report of the Issuer

During 2016 the structure of the banking network was also adjusted in order to more closely meet the needs and expectation of the customers as regards expertise and service availability within the framework of a universal bank with strong local presence. The country is now divided into nine regions, with experts specifically trained for the branch network, Priority Banking, the Bank for Entrepreneurs, Private Banking and the Easy Banking Centre. Moreover, new branch formats have been introduced. ‘Flagship’ branches were opened in Ghent and Brussels. This new type of branch offers daily banking facilities plus a non-banking range with more services than previously available.

The Easy Banking Centre, which is the Bank’s call centre, underwent further expansion during the year and now has 400 specialists available to answer all the customers’ various questions within a broader.

Hello Bank! posted another ‘first’ among Belgian banks when it launched Hello Home, an online mortgage loan platform. As part of this initiative the Bank has entered into cooperation agreements with existing real estate sites.

The persistently low interest rates have led to a drop in interest payable on savings deposits. However, as the political uncertainties in Europe and the United States resulted in a loss of confidence among investors and a consequent slowdown in new investments, the balances on both current and savings accounts increased, in spite of the low interest available on these accounts.

The low interest rates in turn gave rise to a significant increase in new mortgages and in refinancing of existing mortgages. Consumer Finance also saw further expansion, partly encouraged by a rise in digital sales via Easy Banking Web. In addition to the broader socially responsible investment offering (being an investment that is considered socially responsible because of the nature of the business the company conducts (Socially Responsible Investment or **SRI**))⁴, BNP Paribas Fortis Private Banking expanded its range of services during the year.

The growing complexity of the body of regulation relating to investment requires intensive communication with our clients and advanced training for our Private Banking staff. Meanwhile, taking advantage of the new network organisation, the Bank for Entrepreneurs extended its outreach by setting up a number of Entrepreneur Bank Centres. The increased availability of specialist advice pertaining to small and medium-sized companies, new businesses, real estate projects, agriculture and the medical professions is intended to meet the precise needs of these client groups and the Bank ensures that staff working in these specialist fields receives advanced training.

Based on the outcome of client questionnaires and staff workshops, two new business packs specially designed for businesspeople – Essential Pro and Flex Pro – were developed. In the field of electronic payment services, a competitive electronic payments offering was rolled out in 2016 and the Bank entered into a ground-breaking cooperation agreement with SIX Payment Services.

- **BGL BNP Paribas SA**

- **TEB**

The Issuer operates in Turkey through TEB, in which it holds a 48.72 per cent. stake. TEB ranks 10th in the country's banking sector in terms of market share in loans and deposits, and provides the full range of BNP Paribas Group Retail products and services in Turkey.

In Retail Banking, TEB provides debit and credit cards, mortgage loans, personal loans, plus investment and insurance products, which are distributed through the branch network and via Internet, phone and mobile banking.

Through its commercial and small business banking departments, the Bank offers a full range of banking services to small and medium-sized enterprises and is also recognised as having strong expertise in non-financial services.

Corporate Banking services include international trade finance, asset and cash management, credit services, hedging of currency, interest and commodity risk, plus factoring and leasing.

Throughout 2016, the Bank achieved a highly satisfactory performance in both revenue generation and profitability, in spite of the less-than-favourable conditions prevailing in Turkey's banking sector.

Steadily increasing the accessibility of its services, TEB today operates through a total of 515 branches and over 1,700 automated teller machines throughout Turkey. While growing the network, TEB is also working to improve efficiency. During the period from end-2009 to end-2016, the bank achieved significant improvements in most of the efficiency indicators.

(ii) Corporate Banking

In the course of 2016, a deep and thorough reorganisation exercise was initiated to bring the Corporate & Institutional Banking (CIB) businesses within the same fold as Corporate and Public Bank Belgium (CPBB). The purpose of merging these two business lines is to be better armed to become the bank of choice for corporate clients in Belgium and abroad by 2020. As a result of this reorganisation, CIB and CPBB operate as of 2017 under the name Corporate Banking.

Corporate Banking offers a comprehensive range of local and international financial services to Belgian enterprises, public entities and local authorities. The offering includes domestic banking products, specialist financial skills, and securities, insurance and real estate

services. Skills include specialist ones such as trade services, cash management, factoring and leasing, as well as M&A and capital markets.

A central team of corporate bankers, relationship managers and skills officers ensure that the Issuer stays close to the market. This team, combined with the European network of business centres managed within CIB, enables the Issuer to offer unified commercial management to its Belgian clients locally and abroad.

In 2016 Corporate Banking pursued its efforts to remain the ‘top of mind’ partner for corporates and public and social profit organisations in Belgium. The central aim of its strategy is to continuously build and maintain strong, long-term relationships based on both expertise and trust. During the year, relationship managers worked hand-in-hand with their clients as they made strategic decisions, so as to be able to offer them the right financial solutions to achieve their ambitions. Providing a wide range of both traditional and alternative products and services and drawing on the international network of the BNP Paribas Group across more than 75 countries, Corporate Banking continues to meet the precise financing needs of Belgian companies and so to make a significant contribution to the development of Belgium’s economic fabric.

5. BNPPF 2016 Financial Results

The below analysis focuses on underlying business performance and excludes the following non-recurrent items: impacts of scope changes, evolution of foreign exchange rates and credit spreads, and other non-operating items (mainly composed of one-off results).

Non-recurrent scope changes include Arval, transferred by BNP Paribas on 8 December 2016, fully integrated in the balance sheet at end 2016 (impact of EUR 16.9 billion) but only contributing for 23 days in the profit and loss account.

Revenues amounted to EUR 7,300 million, up by 3.1 per cent.* compared to 2015. The underlying increase was mainly supported by development in Belgium, continuing growth in Turkey and also by good performance at Personal Finance and Leasing.

- In Belgium, revenues grew by 1.8 per cent.* driven by good volume growth and positive ALM contribution including capital gains (+47m), in an unfavourable environment materialised by the negative impact of the refinancing of mortgages and lower financial fees.

- Outside Belgium, revenues increased by 5.0 per cent.* driven by strong volume growth in both loans and deposits in Turkey, higher net interest income at Personal Finance and the good performance in Leasing.

Operating expenses, salary costs and depreciations amounted to EUR 4,394 million, up by 1.2 per cent.** compared to 2015.

- In Belgium, costs slightly decreased by 0.7 per cent.* thanks to the effect of operating efficiency measures and the partial write-back of a provision for charges, and despite an increase of IT and digitalisation projects costs. Banking taxes remained at a high level and amounted to EUR 282 million, an increase of EUR 18 million.
- Outside Belgium, costs increased by 4.5 per cent.* mainly in Turkey, at Leasing and Personal Finance to support the business development.

Excluding non-recurrent items, the corporate tax rate amounted to 29 per cent..

BNP Paribas Fortis generated EUR 1,727 million in net income attributable to equity holders, up by 7.4 per cent.* compared to last year.

The BNP Paribas Fortis balance sheet total amounted to EUR 298 billion at 31 December 2016, up by 8.8 per cent. compared to the end of 2015. The increase essentially resulted from the integration of Arval and the increase in loans and deposits mainly in Belgium.

From a segment reporting point of view, 62 per cent. of the assets are related to banking activities in Belgium, 20 per cent. to other Domestic Markets, 7 per cent. to banking activities in Turkey and 11 per cent. to other segments.

The Bank's solvency and liquidity remained well above minimum regulatory requirements. At 31 December 2016, BNP Paribas Fortis' fully loaded Common Equity Tier 1 ratio stood at 12.5 per cent. and the phased-in Common Equity Tier 1 ratio, at 13.6 per cent.. The Bank's Liquidity Coverage Ratio (LCR) stood at 139 per cent.⁵.

Given the important investments in 2016, the BNP Paribas Fortis Board of Directors proposed not to distribute any dividend at the Annual General Meeting of shareholders on 20 April 2017.

⁵ On a non-consolidated view.

* means ‘Excluding non-recurrent items, i.e. at constant scope, constant exchange rates and excluding credit spread impact, activation of deferred tax assets and other one-off results.’

Specifically, BNP Paribas S.A. holds 99.94 per cent. of the issued shares of the Issuer. The remaining 0.06 per cent. of the issued shares are held by minority shareholders. Nevertheless, the Issuer constantly communicates with its various stakeholders through its website and via other media.

For more information on the Issuer's governance, please refer to the Corporate Governance Charter of the Issuer published on www.bnpparibasfortis.com (select the section "your bank", and then the section "corporate governance").

7. General

The basis for any statements in this Base Prospectus made by the Issuer regarding its competitive position originate from the Issuer's evaluation of market trends and should generally reflect market views.

The business address of all members of the Board of Directors of the Issuer is Rue Royale 20, B-1000 Brussels, Belgium.

8. Trend information

Macroeconomic environment.

Market and macroeconomic conditions affect the Issuer's results. The nature of the Issuer's business makes it particularly sensitive to market and macroeconomic conditions in Europe, which have been at times changing and volatile in recent years.

In 2016, global growth stabilised slightly above 3 per cent., despite a much lower growth in the advanced economies. Three major transitions continue to affect the global outlook: declining economic growth in China, fluctuating energy prices that rose in 2016, and a second tightening of monetary policy in the United States in the context of a resilient domestic recovery. It should be noted that the central banks of several large developed countries continue to maintain accommodative monetary policies. IMF economic forecasts for 2017(1) point to a recovery in global activity, no significant improvement in growth in the euro zone and Japan, and a slowdown in the United Kingdom.

While the exposure of the BNP Paribas Group in emerging countries is limited, the vulnerability of these economies may generate disruptions in the global financial system that could affect the BNP Paribas Group (including the Issuer) and potentially alter its results.

A broad increase in the foreign exchange liabilities of the economies of many emerging market economies was observed in 2016, at a time when debt levels (in both foreign and local currency) were already high. The private sector was the main source of the increase in this debt. Furthermore, the prospect of a gradual increase in US key rates (the Federal Reserve Bank made its first increase in December 2015, and a second in December 2016) and increased financial volatility stemming from concerns about growth and mounting geopolitical risk in emerging markets have contributed to a tightening of external financial conditions, increased capital outflows, further currency depreciations in many emerging markets and heightened risks for banks. These factors could result in further downgrades of sovereign ratings.

There is still a risk of disturbances in global markets (rising risk premiums, erosion of confidence, declining growth, deferral or slower pace of normalisation of monetary policies, declining liquidity in markets, asset valuation problems, decline in credit supply and disorderly deleveraging) that could affect all banking institutions.

Despite the upturn since mid-2016, interest rates remain low, which may continue to encourage excessive risk-taking among some players in the financial system: increased maturities of financing and assets held, less stringent policy for granting loans, increase in leveraged financing.

Some players (insurance companies, pension funds, asset managers, etc.) entail an increasingly systemic dimension and in the event of market turbulence (linked for instance to a sudden rise in interest rates and/or a sharp price correction) they may decide to unwind large positions in an environment of relatively weak market liquidity.

Recent years have also seen an increase in debt (public and private, in both developed and emerging countries). The resulting risk could materialise either in the event of a spike in interest rates or a further negative growth shock.

Laws and Regulations Applicable to Financial Institutions.

Laws and regulations applicable to financial institutions that have an impact on the Issuer have significantly evolved in the wake of the global financial crisis. The measures that have been proposed and/or adopted in recent years include more stringent capital and liquidity requirements (particularly for large global banking groups such as the BNP Paribas Group), taxes on financial transactions, restrictions and taxes on employee compensation, limits on the types of activities that commercial banks can undertake and ring-fencing or even prohibition of certain activities considered as speculative within separate subsidiaries, restrictions on certain types of financial products, increased internal control and reporting requirements, more stringent conduct of business rules, mandatory clearing and reporting of derivative transactions, requirements to mitigate risks in relation to over-the-counter derivative transactions and the creation of new and strengthened regulatory bodies.

The measures that were recently adopted, or in some cases proposed and still under discussion, that have or are likely to affect the Issuer, include in particular the EU Directive and Regulation on prudential requirements "**CRD IV**" dated 26 June 2013 and many of whose provisions have been applicable since 1 January 2014; the proposals of technical regulatory and execution rules relating to the Directive and Regulation CRD IV published by the EBA; the Belgian Banking Law dated 25 April 2014 replacing the previous law of 1993 and introducing important changes; the Belgian Royal Decree dated 22 February 2015 determining the entry into force of the Belgian Banking Law provisions relating to resolution (including the establishment of a Belgian Resolution Authority) and creating two preferential rights on the bank's movables; and the Belgian Royal Decree dated 18 December 2015 amending the law of 25 April 2014 on the status and supervision of credit institutions and the Royal Decree of 26 December 2015 amending the law of 25 April 2014 on the status and supervision of credit institutions relating to the resolution and recovery of group failures; both Royal Decrees being ratified by the Act of 27 June 2016; the public consultation for the reform of the structure of the EU banking sector of 2013 and the European Commission's proposed regulation on structural measures designed to improve the strength of EU credit institutions of 29 January 2014; Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014; the proposal for a regulation on indices used as benchmarks in financial instruments and financial contracts; the European Single Supervisory Mechanism; the European Single Resolution Mechanism dated 15 July 2014 and the European Directive on Bank Recovery and Resolution dated 15 May 2014; the European Directive on Revised Deposit Guarantee Schemes dated 16 April 2014; the final rule for the regulation of foreign banks imposing certain liquidity, capital and other prudential requirements adopted by the U.S. Federal Reserve; the proposal of the U.S. Federal Reserve relating to liquidity ratios of large banks; and the "Volcker" Rule imposing certain restrictions on investments in or sponsorship of hedge funds and private equity funds and proprietary trading activities (of U.S. banks and to some extent non-U.S. banks) that was adopted by the U.S. regulatory authorities. More generally, regulators and legislators in any

country may, at any time, implement new or different measures that could have a significant impact on the financial system in general or the Issuer in particular.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Mortgage Pandbrieven. In some cases, different rules may apply. This summary does not describe the tax consequences for a holder of Mortgage Pandbrieven that are redeemable in exchange for, or convertible into assets, of the exercise, settlement or redemption of such Mortgage Pandbrieven or any tax consequences after the moment of exercise, settlement or redemption. Furthermore, this description is based on current legislation, published case law and other published guidelines and regulations as in force at the date of this document and remains subject to any future amendments, which may or may not have retroactive effect.

The prospective Mortgage Pandbrieven Holders are urged to consult their own professional advisers with respect to the tax consequences of an investment in the Mortgage Pandbrieven, taking into account their own particular circumstances and the possible impact of any regional, local or national laws.

General

For the purpose of the below summary, a Belgian resident is (i) an individual subject to Belgian personal income tax (*ie*, an individual who has his domicile in Belgium or has his seat of wealth in Belgium, or a person assimilated to a Belgian resident), (ii) a legal entity subject to Belgian corporate income tax (*ie* a company that has its registered office, its main establishment, its administrative seat or its seat of management in Belgium), or (iii) a legal entity subject to Belgian legal entities tax (*ie* an entity other than a legal entity subject to corporate income tax having its registered office, its main establishment, its administrative seat or its seat of management in Belgium).

A non-resident is a person or entity that is not a Belgian resident.

For Belgian income tax purposes, interest includes (i) periodic interest income, (ii) any amounts paid by the Issuer in excess of the issue price (upon full or partial redemption whether or not at maturity, or upon purchase by the Issuer), (iii) if the Mortgage Pandbrieven qualify as "fixed income securities" (in the meaning of article 2, §1, 8° of the Belgian Income Tax Code 1992) in case of a sale of the Mortgage Pandbrieven between two interest payment dates to any third party, excluding the Issuer, the pro rata of accrued interest corresponding to the detention period. "Fixed income securities" are defined as bonds, specific debt certificates issued by banks (*'kasbon' / 'bon de caisse'*) and other similar securities, including securities where income is capitalised or securities which do not generate a periodic payment of income but are issued with a discount corresponding to the capitalised interest up to the maturity date of the security.

Belgian withholding tax

General

The interest component of payments on the Mortgage Pandbrieven made by or on behalf of the Issuer is as a rule subject to Belgian withholding tax, currently at a rate of 30 per cent. on the gross amount of such interest. Both Belgian domestic tax law and applicable tax treaties may provide for a lower or zero rate subject to certain conditions.

Belgian interest withholding tax exemption for certain holders of Dematerialised Mortgage Pandbrieven (X/N withholding tax exemption)

The holding of the Mortgage Pandbrieven in the X/N clearing system of the NBB (the **Securities Settlement System**) permits investors to collect interest on their Mortgage Pandbrieven free of Belgian withholding tax if and as long as at the moment of payment or attribution of interest the Mortgage Pandbrieven are held by certain types of investors (the **Eligible Investors**, see below) in an exempt securities account (**X-account**) that has been opened with a financial institution that is a direct or indirect participant (a **Participant**) in the Securities Settlement System of the *Nationale Bank van België/Banque Nationale de Belgique*. Euroclear and Clearstream, Luxembourg are directly or indirectly Participants for this purpose.

Holding the Mortgage Pandbrieven through the Securities Settlement System enables Eligible Investors to receive the interest income on their Mortgage Pandbrieven free of Belgian withholding tax and to transfer the Mortgage Pandbrieven on a gross basis.

Eligible Investors are those entities referred to in article 4 of the Belgian Royal Decree of 26 May 1994 as amended from time to time) on the deduction of withholding tax (*koninklijk besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing/arrêté royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier*), which include *inter alia*:

- (i) Belgian resident companies referred to in article 2, §1, 5°, b) Belgian Income Tax Code of 1992 (*wetboek van inkomstenbelastingen 1992 / code des impôts sur les revenus 1992*) (**BITC**);
- (ii) Without prejudice to article 262,1° and 5° of the BITC, the institutions, associations or companies referred to in article 2, §3 of the law of 9 July 1975 on the control of insurance companies other than those referred to in 1° and 3°;
- (iii) Semi-governmental institutions (*institutions parastatales / parastatalen*) for social security or institutions assimilated therewith, as referred to in article 105, 2° of the Royal Decree of 27 August 1993 implementing the BITC (**RD/BITC**);
- (iv) Non-resident investors referred to in article 105, 5° RD/BITC;
- (v) Investment funds referred to in article 115 of the RD/BITC;
- (vi) Investors referred to in article 227, 2° BITC, that are subject to non-resident income tax (*belasting van niet-inwoners / impôt des non-résidents*) in accordance with article 233 of the BITC and which have used the Mortgage Pandbrieven for the exercise of their professional activities in Belgium;
- (vii) The Belgian State, in respect of investments which are exempt from withholding tax in accordance with article 265 BITC;
- (viii) Investment funds governed by foreign law (such as *fonds de placement / beleggingsfondsen*) that are undivided estate managed by a management company for the account of the participants, provided the funds units are not publicly issued in Belgium or traded in Belgium; and
- (ix) Belgian resident companies, not referred to under (i), whose sole or principal activity consists of the granting of credits and loans.

Eligible Investors do not include, *inter alia*, Belgian resident individuals and Belgian non-profit organisations, other than those mentioned under (ii) and (iii) above.

Participants to the Securities Settlement System must keep the Mortgage Pandbrieven which they hold on behalf of non-Eligible Investors in a non-exempt securities account (**N-account**). In such instance all payments of interest are subject to withholding tax, currently at a rate of 30 per cent. This withholding tax is withheld by the NBB from the interest payment and paid to the tax authorities.

Transfers of Mortgage Pandbrieven between an X-account and an N-account give rise to certain adjustment payments on account of withholding tax:

- (i) A transfer from an N-account (to an X-account or N-account) gives rise to the payment by the transferring non-Eligible Investor to the NBB of withholding tax on the accrued interest calculated from the last interest payment date up to the transfer date.
- (ii) A transfer from an X-account (or N-account) to an N-account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued interest calculated from the last interest payment date up to the transfer date.
- (iii) Transfers of Mortgage Pandbrieven between two X-accounts do not give rise to any adjustment on account of withholding tax.

When opening an X-account for the holding of Mortgage Pandbrieven, an Eligible Investor will be required to certify its eligible status on a standard form approved by the Belgian Minister of Finance and send it to the participant to the Securities Settlement System where this account is kept. This statement needs not be periodically reissued (although Eligible Investors must update their certification should their eligible status change). Participants to the Securities Settlement System are however required to annually report to the NBB as to the eligible status of each investor for whom they hold Mortgage Pandbrieven in an X-account during the preceding calendar year.

These identification requirements do not apply to Mortgage Pandbrieven held with Euroclear, Clearstream, Luxembourg, SIX SIS, Switzerland or Monte Titoli, Italy acting as Participants to the Securities Settlement System, provided that they only hold X-accounts and that they are able to identify the holders for whom they hold Mortgage Pandbrieven in such account. Moreover, the contracts concluded by Euroclear, Clearstream, Luxembourg, SIX SIS, Switzerland or Monte Titoli, Italy should contain the commitment that all of their clients-accountholders qualify as Eligible Investors.

Belgian interest withholding tax exemption for certain holders of Registered Mortgage Pandbrieven

Payments of interest and principal by the Issuer under the Registered Mortgage Pandbrieven (except Zero Coupon Mortgage Pandbrieven and other Registered Mortgage Pandbrieven which provide for the capitalisation of interest) may be made without deduction of withholding tax provided that the following conditions are cumulatively met (Article 107, §2, 5°, b) and 8°, and Article 118, §1, 1° and 2° of the RD/BITC):

- (i) the Registered Mortgage Pandbrieven are registered in the name of the holder with the Issuer during the entire relevant Interest Period;
- (ii) the holder is the legal owner (*eigenaar/propriétaire*) or usufructuary (*vruchtgebruiker/usufruitier*) of Registered Mortgage Pandbrieven in respect of which it is entitled to payment of interest, uninterruptedly for the entire relevant Interest Period;
- (iii) the holder is either (A) not resident for tax purposes in Belgium and does not use the income producing assets to exercise a business or professional activity in Belgium; or (B) a financial

institution or institution which is assimilated therewith, provided for in Article 105, 1° of the RD/BITC; or (C) a state regulated institution (*parastatale/institution parastatale*) for social security, or institution which is assimilated therewith, provided for in Article 105, 2° of the RD/BITC; and

- (iv) upon each interest payment, the holder must provide the Issuer with an affidavit in which it is certified that the conditions mentioned in points (ii) and (iii) are complied with.

If Belgian withholding tax was levied by the Issuer further to non-compliance of condition (ii) above, then the transferor and/or the transferee have the right, subject to certain time limitations and provided conditions (i) and (iii) are fulfilled, to file a claim with the Belgian tax authorities to request a refund of Belgian withholding tax on the pro rata amount of interest attributable to them (Article 119, §1 of the RD/BITC).

Belgian income tax and capital gains

Belgian resident individuals

For individuals who are Belgian residents for tax purposes, *ie*, who are subject to the Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), payment of the 30 per cent. interest withholding tax fully discharges them from their personal income tax liability with respect to interest received on the Mortgage Pandbrieven (*précompte mobilier libératoire/bevrijdende roerende voorheffing*). This means that they do not have to report the interest obtained from the Mortgage Pandbrieven in their personal income tax return, provided that Belgian withholding tax was in fact levied on the interest.

Belgian resident individuals may nevertheless elect to report the interest in their personal income tax return. Where the beneficiary opts to report the interest, interest payments will normally be taxed at withholding separate tax rate of 30 per cent. (or at the progressive personal tax rates taking into account the taxpayer's other reported income, whichever is more beneficial). If the interest payment is reported, the Belgian withholding tax retained may be credited.

Capital gains realised on the sale of the Mortgage Pandbrieven are in principle tax exempt, unless the capital gains are realised outside the scope of the management of the transferor's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

Different tax rules apply to Belgian resident individuals who do not hold the Mortgage Pandbrieven as a private investment.

Belgian resident companies

Interest attributed or paid to corporate Mortgage Pandbrieven Holders who are Belgian residents for tax purposes, *i.e.* who are subject to Belgian corporate income tax (*vennootschapsbelasting / impôt des sociétés*), as well as capital gains realised upon disposal of the Mortgage Pandbrieven are taxable at the ordinary corporate income tax rates (the normal corporate tax rate is 33.99 per cent. but lower rates apply to small income companies under certain conditions). Any Belgian interest withholding tax retained will generally, subject to certain conditions, be creditable against any corporate income tax due and the excess amount will be refundable. Capital losses realised upon disposal of the Mortgage Pandbrieven are in principle tax deductible.

Belgian legal entities

Belgian legal entities subject to the Belgian legal entities tax (*rechtspersonenbelasting / impôt des personnes morales*) which do not qualify as Eligible Investors (as defined in the Section “Belgian Withholding Tax – X/N clearing system of the NBB”) and/or which do not hold the Mortgage Pandbrieven through an X-account in the Securities Settlement System are subject to a withholding tax of 30 per cent. on any interest payments received under the Mortgage Pandbrieven. Such withholding tax then generally constitutes the final taxation in the hands of the relevant beneficiaries.

Belgian legal entities which do qualify as Eligible Investors (as defined in the section “Belgian Withholding Tax – X/N clearing system of the NBB”) and which hold the Mortgage Pandbrieven through an X-account in the Securities Settlement System, and which consequently have received gross interest income on the Mortgage Pandbrieven, are required to report and pay the 30 per cent. withholding tax to the Belgian tax authorities themselves.

Capital gains realised on the sale of the Mortgage Pandbrieven are in principle tax exempt, unless the capital gain qualifies as interest (as defined above). Capital losses are in principle not tax deductible.

Organisation for Financing Pensions

Interest and capital gains derived by Organisations for Financing Pensions (**OFP**) in the meaning of the Law of 27 October 2006 on the activities and supervision of institutions for occupational retirement provision, are in principle not included in the OFP’s corporate income tax base and are therefore, as a rule, not subject to corporate income tax at the level of the latter. Subject to certain conditions, the Belgian withholding tax that may have been levied on the interest due under the Mortgage Pandbrieven can be credited against any corporate income tax due and any excess amount is in principle refundable.

Belgian non-residents

Dematerialized Mortgage Pandbrieven

Dematerialized Mortgage Pandbrieven Holders who are non-residents of Belgium for Belgian tax purposes and are not holding the Dematerialized Mortgage Pandbrieven through a Belgian establishment and do not invest the Dematerialized Mortgage Pandbrieven in the course of their Belgian professional activity will not incur or become liable for any Belgian tax on income or capital gains by reason only of the acquisition, ownership or disposal of the Dematerialized Mortgage Pandbrieven, provided that they qualify as Eligible Investors and hold their Dematerialized Mortgage Pandbrieven through an X-account in the Securities Settlement System.

If the Dematerialized Mortgage Pandbrieven are not entered into an X-account by the Eligible Investor, withholding tax on the interest is in principle applicable at the current rate of 30 per cent., possibly reduced pursuant to Belgian domestic tax law or applicable tax treaties, on the gross amount of the interest.

Registered Mortgage Pandbrieven

Mortgage Pandbrieven Holders who are not residents of Belgium for Belgian tax purposes and who are not holding the Registered Mortgage Pandbrieven through a Belgian permanent establishment will not become liable for any Belgian tax on income or capital gains by reason only of the acquisition or disposal of the Registered Mortgage Pandbrieven, save, as the case may be, in the form of withholding tax.

Exchange of information: Common Reporting Standard

The Mortgage Pandbrieven are subject to the Directive on administrative cooperation in direct taxation (2014/107/EU) of 9 December 2014 (**DAC**). Under this Directive (and the Belgian law implementing this Directive (“*Wet tot regeling van de mededeling van inlichtingen betreffende financiële rekeningen, door de Belgische financiële instellingen en de FOD Financiën in het kader van automatische uitwisseling van inlichtingen op internationaal niveau en voor belastingdoeleinden*” of 16 December 2015.)), Belgian financial institutions holding Mortgage Pandbrieven for tax residents in another CRS contracting state, shall report financial information regarding the Mortgage Pandbrieven (income, gross proceeds, ...) to the Belgian competent authority, who shall communicate the information to the competent authority of the state of the tax residence of the beneficial owner.

Tax on stock exchange transactions

A tax on stock exchange transactions (*beurstaks/taxe sur les opérations de bourse*) will be due on the purchase and sale in Belgium of the Mortgage Pandbrieven on a secondary market through a professional intermediary. The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.12 per cent. (with a maximum amount of EUR 1300 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary. The acquisition of the Mortgage Pandbrieven upon their issuance (primary market) is not subject to the tax on stock exchange transactions.

Following the law of 25 December 2016 (*programmawet van 25 december 2016/loi-programme du 25 décembre 2016*), the scope of application of the tax on stock exchange transactions has been extended as from 1 January 2017 in the sense that as from that date, transactions that are entered into or carried out by an intermediary that is not established in Belgium are considered to be entered into or carried out in Belgium if the order to execute the transaction is directly or indirectly given by either a natural person that has its habitual residence in Belgium or by a legal entity on behalf of its registered office or establishment in Belgium. In such a scenario, foreign intermediaries have the possibility to appoint a Belgian tax representative that is responsible for collecting the stock exchange tax due and for paying it to the Belgian treasury on behalf of clients that fall within one of the aforementioned categories (provided that these clients do not qualify as exempt persons for stock exchange tax purposes – see below). If no such permanent representative is appointed, the relevant parties themselves are responsible for the filing of a stock exchange tax return and for the timely payment of the amount of stock exchange tax due.

The tax on stock exchange transactions will however not be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126.1 2° of the Code of various duties and taxes (*Code des droits et taxes divers / Wetboek diverse rechten en taksen*).

As mentioned in the risk factor section of this Base Prospectus, the European Commission has published a proposal for a Directive for a common financial transactions tax (FTT). The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished if and once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

Annual tax on securities accounts

A bill of law has recently been published which aims at introducing an annual tax on securities accounts. From the information that is currently available, it appears that physical persons that hold certain types of qualifying securities such as shares, bonds and units of undertakings for collective investment (UCI), for an aggregate amount exceeding EUR 500,000 on one or more securities accounts, may be charged an annual subscription tax of 0.15% on the aggregate value of the value of those securities. The new tax would apply to both Belgian and non-Belgian resident physical persons, but for non-Belgian residents only the value of the qualifying securities that are held through one or more Belgian securities account would in principle have to be taken into account.

It is to be expected that Covered Bonds will be qualifying securities for the purposes of this tax. Prospective individual investors should thus be aware that subject to certain conditions, the value of the Covered Bonds may be taken into account in determining the aforementioned 500,000 EUR threshold and that, depending on their concrete situation, an investment in the Covered Bonds may trigger a 0.15% tax on the value thereof (and possibly also on the value of any other qualifying securities they may hold through one or more securities accounts).

Do note, however, that the annual tax on securities accounts is still the subject of a political debate. It may therefore be altered prior to any implementation, the timing of which remains unclear. Moreover, the bill of law regarding the new tax on securities accounts may still be abandoned or repealed.

SECTION 17 – SUBSCRIPTION AND SALE

The Dealers, in a programme agreement dated 16 September 2016 (as amended and/or supplemented and/or restated from time to time the **Programme Agreement**), will agree with the Issuer a basis upon which they or any of them may from time to time agree to purchase Mortgage Pandbrieven. Any such agreement will extend to those matters stated under “*Form of the Mortgage Pandbrieven*” and “*Terms and Conditions of the Mortgage Pandbrieven*” above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Mortgage Pandbrieven under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

General

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Mortgage Pandbrieven or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Mortgage Pandbrieven under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries. None of the Issuer nor any other Dealer shall have any responsibility therefor.

None of the Issuer nor any of the Dealers represents that Mortgage Pandbrieven may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

In particular (but without limiting the generality of the above), subject to any amendment or supplement which may be agreed with the Issuer in respect of the issue of any Tranche, each Dealer

has agreed, and each further Dealer appointed under the Programme will be required to agree, to comply with the following provisions except to the extent that, as a result of any change in, or the official interpretation of, any applicable laws and/or regulations, non-compliance would not result in any breach of the applicable laws and/or regulations.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that Mortgage Pandbrieven issued under the Programme will not be placed with “consumers” within the meaning of the Belgian Code of Economic Law dated 28 February 2013. The Mortgage Pandbrieven are neither intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2002/92/EC on insurance mediation (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Mortgage Pandbrieven or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Mortgage Pandbrieven or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

United States

The Mortgage Pandbrieven have not been or will not be registered under the U.S. Securities Act of 1933 as amended (the **Securities Act**) and the Mortgage Pandbrieven may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Programme Agreement, it has not offered or sold and will not offer or sell the Mortgage Pandbrieven of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer and/or the Principal Paying Agent by the relevant Dealer, or, in the case of Mortgage Pandbrieven issued on a syndicated basis, the relevant lead manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Mortgage Pandbrieven during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Mortgage Pandbrieven within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Mortgage Pandbrieven are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering, an offer or sale of Mortgage Pandbrieven within the United States by any dealer may violate the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Mortgage Pandbrieven outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Mortgage Pandbrieven, in whole or in part, for any reason. This Base

Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.

Public Offer Selling Restriction Under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each a **Relevant Member State**), each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**), it has not made and will not make an offer of Mortgage Pandbrieven which are the subject of the offering contemplated by this Base Prospectus as completed by the relevant final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Mortgage Pandbrieven to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 100, or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Mortgage Pandbrieven to the public” in relation to any Mortgage Pandbrieven in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Mortgage Pandbrieven to be offered so as to enable an investor to decide to purchase or subscribe the Mortgage Pandbrieven, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

From 1 January 2018, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Mortgage Pandbrieven which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area.

For the purposes of this provision:

- (a) the expression “retail investor” means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or
 - (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Directive; and
- (b) the expression “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Mortgage Pandbrieven to be offered so as to enable an investor to decide to purchase or subscribe the Mortgage Pandbrieven.

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the UK FSMA 2000) received by it in connection with the issuance or sale of any Mortgage Pandbrieven in circumstances in which Section 21(1) of the UK FSMA 2000 does not apply to the Issuer; and
