#### **Deel I - Belangrijkste risico's die inherent zijn aan de uitgevende instelling en de aangeboden beleggingsinstrumenten, en die specifiek zijn voor de betrokken aanbieding**

Over het algemeen geldt hoe hoger het aangeboden of verwachte rendement, hoe hoger het risico. Het aangeboden of verwachte rendement op de obligaties is afhankelijk van de winst die de uitgevende instantie maakt. De kans bestaat dat de winst lager is dan verwacht of dat er zelfs sprake is van verlies, waardoor u mogelijk minder rendement krijgt uitgekeerd of zelfs uw inleg of een deel daarvan verliest. De belangrijkste redenen waardoor de uitgevende instelling mogelijk niet in staat is het aangeboden of verwachte rendement of zelfs uw inleg uit te keren, zijn:

Macro-economische, sociale en politieke landenrisico's: er is sprake van het risico dat macro-economische, sociale en politieke factoren leiden tot een lastig zakelijk klimaat voor de uitgevende instelling. Deze risico's zijn aan elkaar gerelateerd en lastig te beheersen. Economische, financiële en sociale instabiliteit, een complex en snel veranderende juridisch systeem, natuurrampen, etc. hebben een grote impact op het zakelijk klimaat via o.a. devaluaties van lokale valuta, hoge inflatie en beperkte capaciteit tot terugbetaling door klanten.

Portefeuille risico: er is sprake van het risico op te veel slechte leningen in de portefeuille van de uitgevende instelling, bijvoorbeeld omdat de kredietbeoordeling en/of klantafhandeling niet op orde is, of door politieke instabiliteit of een natuurramp. Dit betekent dat leningen afgeboekt moeten worden wat een weerslag kan hebben op de kapitalisatie en winstgevendheid van de uitgevende instelling.

Wisselkoersrisico: er is sprake van het risico op verliezen door wisselkoersschommelingen omdat de uitgevende instelling inkomsten genereert die anders zijn dan de valuta waarin de obligaties zijn uitgegeven. Dit betekent dat de liquiditeit en solvabiliteit van de uitgevende instelling in gevaar kan komen bij heftige wisselkoersschommelingen.

De obligaties zijn niet verhandelbaar op een beurs of platform en daardoor beperkt verhandelbaar. Dat betekent dat er mogelijk geen koper is voor uw obligaties als u tussentijds van uw belegging af wilt. U loopt dan dus het risico dat u niet op het door u gewenste moment uw geld terug kan krijgen en uw belegging langer aan moet houden of uw obligaties voor een lagere prijs moet verkopen.

Fraude en corruptierisico's: er is sprake van het risico op fraude en/of corruptie omdat er over het algemeen een grote afstand is tussen de uitgevende instelling en de investeerders in de obligaties. Tevens is het fraude- en corruptieniveau in het land van de uitgevende instelling over het algemeen hoger dan in het land van verblijf van de investeerders in de obligaties. Dit betekent dat de (financiële) situatie bij de uitgevende instelling er beter voor kan lijken te staan dan dat het daadwerkelijk is.

Financieringsrisico: er is sprake van een financieringsrisico omdat de uitgevende instelling continue financiering nodig heeft voor haar activiteiten. Dit betekent dat het kan gebeuren dat de uitgevende instelling haar leenportefeuille moet verkleinen als ze niet meer voldoende financiering kan aantrekken wat een neerwaartse druk geeft op de winstgevendheid.

Vervroegde aflossing: er is sprake van het risico op vervroegde aflossing omdat de uitgevende instelling de obligaties op lagere kosten kan herfinancieren. Dit betekent voor u als belegger dat u eerder de beschikking heeft over uw geld dan verwacht, hetgeen gedeerde (rente)inkomsten als gevolg kan hebben.

Rangorde uitbetaling: uitkering van het rendement gebeurt nadat operationele uitstaande kosten voldaan zijn zoals lonen en facturen van leveranciers. Het risico bestaat dat de uitgevende instelling onvoldoende liquide middelen overhoudt om het rendement uit te keren. Dit betekent voor u als belegger dat het rendement lager kan zijn dan verwacht en eventueel dat u niet uw volledige inleg terugkrijgt.

In geval van faillissement hebben de volgende uitkeringen voorrang op de uitbetaling van het rendement op de obligaties: operationele uitstaande kosten, belastingen, deposito's, vreemd vermogen met onderpand. Let op dat deze lijst niet per se uitputtend is. Dit betekent voor u dat het rendement lager kan zijn dan verwacht en eventueel dat u niet uw volledige inleg terugkrijgt.

Beperkt eigen vermogen: het eigen vermogen van de uitgevende instelling is beperkt ten opzichte van het vreemd vermogen. Dit betekent dat de buffer aan eigen vermogen klein is waardoor bij tegenvallende resultaten de uitgevende instelling relatief snel niet meer aan haar verplichtingen op de obligaties zal kunnen voldoen. Het risicoprofiel van de obligaties lijkt daardoor op het risicoprofiel van aandelen.

Operationeel risico: er is sprake van het risico op operationele tekortkomingen omdat de kosten langdurig te hoog kunnen zijn versus de opbrengsten. Dit betekent dat de uitgevende instelling niet meer aan haar financiële verplichtingen kan voldoen.

Platform risico: er is sprake van het risico op discontinuatie van het platform omdat de aanbieder de exploitatie niet rendabel kan maken. Dit betekent dat het lastiger zal zijn om terugbetalingen te faciliteren voor investeerders in de obligaties.

**Report on the audit of the financial statements**

**Opinion**

We have audited the financial statements of FS Capital Pte. Ltd. (the "Company"), which comprise the statement of financial position as at 31 December 2020, the statement of changes in equity, the statement of comprehensive income and the statement of cash flows of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial position of the Company as at 31 December 2020 and of the financial performance, changes in equity and cash flows of the Company for the financial year ended on that date.

**Basis for opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Other information**

Management is responsible for other information. The other information comprises the general information and directors' statement.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Independent auditor's report  
For the financial year ended 31 December 2020**

**Responsibilities of management and directors for the financial statements**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSS, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

**Auditor's responsibilities for the audit of the financial statements (cont'd)**

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on other legal and regulatory requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

**Report on the audit of the financial statements Opinion**

We have audited the financial statements of FS Capital Pte. Ltd. (the "Company"), which comprise the statement of financial position as at 31 December 2019, the statement of changes in equity, the statement of comprehensive income and the statement of cash flows of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial position of the Company as at 31 December 2019 and of the financial performance, changes in equity and cash flows of the Company for the financial year ended on that date.

**Basis for opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. ### **Responsibilities of management and directors for the financial statements**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

**Auditor's responsibilities for the audit of the financial statements (cont'd)**

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on other legal and regulatory requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.
