Following the service of a Notice of Default (i) no further Mortgage Pandbrievens will be issued and (ii) the Mortgage Pandbrievens of each Series shall become immediately due and payable, together with any accrued interest and they will rank *pari passu*.

Post-acceleration Priority of Payments

Following (i) delivery of a Notice of Default or (ii) a decision by the Cover Pool Administrator to early redeem the Mortgage Pandbrievens of all Series pursuant to Article 11, 6° or 7° of Annex III to the Banking Law and as long as no Notice of Default has been delivered, all funds deriving from the Cover Assets or otherwise received or recovered by the Special Estate and subject to Condition 9.2 (*Excess Cover Assets*) (whether in the administration, liquidation of the Special Estate or otherwise) (other than amounts or financial instruments representing Excess Swap Collateral (if any), which amounts shall be applied in accordance with the terms of the relevant Hedging Agreement(s)) shall be

applied on any Business Day in accordance with the following order of priority of payments (the Priority of Payments) (in each case only if and to the extent that payments of a higher priority have been made in full) provided that any such amount that is due to be paid hereunder has not been paid by the Issuer using funds not forming part of the Special Estate:

first, *pari passu* and *pro rata* according to the respective amounts thereof, (a) payment of all amounts then due and payable to the Mortgage Pandbrieven Holders' Representative (including remuneration or amounts by way of indemnity payable to it) under the provisions of the Mortgage Pandbrieven Holders Representative Agreement or any other Programme Document together with interest and applicable VAT (or other similar taxes) thereon to the extent provided therein; (b) payment of all amounts then due and payable to the Agents and/or the Registrar (if any) under the provisions of the Agency Agreement, any Calculation Agency Agreement or any other Programme Document together with interest and applicable VAT (or other similar taxes) thereon to the extent provided therein; (c) payment of all amounts then due and payable to the Cover Pool Monitor under the provisions of the Cover Pool Monitor Agreement or any other Programme Document together with interest and applicable VAT (or other similar taxes) thereon to the extent provided therein; (d) upon its appointment in accordance with the Belgian Covered Bond Regulations, payment of all amounts then due to any Cover Pool Administrator (including any of its representatives or delegates) pursuant to the conditions of its appointment together with interest and applicable VAT or other similar taxes and any costs and expenses incurred by or on behalf of the Special Estate; and (e) *pari passu* and *pro rata* according to the respective amounts thereof, in and towards, payment of any amounts, fees, costs, charges, liabilities, expenses and taxes due and payable by the Issuer or the Special Estate to the Operational Creditors;

second, *pari passu* and *pro rata* according to the respective amounts thereof, in and towards, (a) payment of all amounts of interest and principal then due and payable on any Mortgage Pandbrieven, (b) payment of any amounts due and payable under any Hedging Agreement other than the Subordinated Termination Payments to any Hedging Counterparties under any such Hedging Agreements, and (c) payment of all amounts due and payable under any Liquidity Facility Agreement to any Liquidity Facility Provider other than any Junior Liquidity Amounts;

third, *pari passu* and *pro rata*, according to the respective amounts thereof, in and towards, (a) payment of any amount due and payable to any Hedging Counterparties arising out of any Subordinated Termination Payment, and (b) payment of any Junior Liquidity Amounts due and payable under any Liquidity Facility Agreement to any Liquidity Facility Provider; and

fourth, following the payment in full of all items (i) to (iii), in and towards payment of excess to the General Estate of the Issuer.

For these purposes:

Subordinated Termination Payment means any termination payments due and payable to any Hedging Counterparty under a Hedging Agreement where such termination results from (a) an Additional Termination Event relating to the credit rating or credit worthiness of the Hedging Counterparty as specified in the schedule to the relevant Hedging Agreement, (b) the bankruptcy of the

relevant Hedging Counterparty, or (c) any default and/or failure to perform by such Hedging Counterparty under the relevant Hedging Agreement, other than, in the event of (a) or (b) above, the amount of any termination payment due and payable to such Hedging Counterparty in relation to the termination of such transaction to the extent of any premium received by the Issuer from a replacement hedging counterparty.

Junior Liquidity Amount means any amount, including any costs, charges, liabilities and expenses, due and payable to a Liquidity Provider which under the relevant Liquidity Facility Agreement are expressed to rank junior to interest and principal due to Mortgage Pandbrievens Holders and any other party ranking senior in accordance with the Priority of Payments.

See Condition 9.1 (*Priority of Payments*).

SECTION 2 – RISK FACTORS

This section sets out risk factors which the Issuer believes are specific to the Issuer and/or the Mortgage Pandbrievien and are material for taking an informed investment decision with respect to the Mortgage Pandbrievien. However, the inability of the Issuer to pay any amount under any the Mortgage Pandbrief may occur for other reasons which may not be considered significant risks by the Issuer based on the information currently available to it or which it may not currently be able to anticipate.

The risk factors have been presented in a number of categories depending on their nature. In accordance with the Prospectus Regulation, the most material risk factors in each category, in the assessment of the Issuer, taking into account the negative impact on the Issuer and the probability of their occurrence, have been set out first.

*Factors which the Issuer believes may be material for the purpose of assessing the risks related to the Issuer associated with the Mortgage Pandbrievien issued under the Programme are described below. The Issuer has assessed the most material risks, taking into account the negative impact (including any relevant mitigation measures) of such risks on the Issuer and the probability of their occurrence (**Global Criticality**). Each risk factor relating to the Issuer is followed by the Issuer's assessment of whether such Global Criticality can be assessed as high, medium or low.*

The Issuer believes that the factors described below represent the principal risks inherent in investing in Mortgage Pandbrievien issued under the Programme, but the inability of the relevant Issuer to pay interest, principal or other amounts on or in connection with any Mortgage Pandbrievien may occur for other reasons which are not known to the Issuer or which the Issuer deems immaterial at this time.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents deemed to be incorporated in it by reference) and reach their own views prior to making any investment decision.

Words and expressions defined in “Terms and Conditions of the Notes” shall have the same meanings in this section.

1. Risk factors relating to the Issuer and its operations

The main categories of risk inherent in BNPPF's business are presented below. They may be measured through risk-weighted assets or other quantitative or qualitative indicators, to the extent risk-weighted assets are not relevant (for example, for liquidity and funding risk).

<i>Risk-weighted assets in billions of euros</i>	31 December 2022	31 December 2021
Credit risk	100,365	95,451
Counterparty credit risk	1,059	1,689
Securitisation risk in the banking book	671	1,248
Operational risk	7,880	8,528

Market risk	1,396	1,168
Equity risk	11,149	12,800
TOTAL	122,520	120,884

The figures in the table above are extracted from the BNPPF 2022 Annual Report which is incorporated by reference in this document.

More generally, the risks to which BNPPF is exposed may arise from a number of factors related, among others, to changes in its macroeconomic or regulatory environment or factors related to the implementation of its strategy and its business.

The material risks specific to BNPPF's business, determined based on the circumstances known to the management as of the date of this Base Prospectus, are presented below under seven main categories: credit risk, counterparty risk and securitisation risk in the banking book; operational risk; market risk; liquidity and funding risk; risks related to the macroeconomic and market environment; regulatory risks; and risks related to BNPPF's growth in its current environment.

BNPPF's risk management policies have been taken into account in assessing the materiality of these risks; in particular, risk-weighted assets factor in risk mitigation elements to the extent eligible in accordance with applicable banking regulations.

Credit risk, counterparty risk and securitisation risk in the banking book

BNPPF's credit risk is defined as the probability of a borrower or counterparty defaulting on its obligations to BNPPF. Probability of default along with the recovery rate of the loan or debt in the event of default are essential elements in assessing credit quality. In accordance with European Banking Authority recommendations, this category of risk also includes risks on equity investments. As of 31 December 2022, BNPPF's credit risk exposure broke down as follows (in millions of euros): corporates (153,588), retail customers (132,027), central governments and central banks (54,914), credit institutions (18,044) and other items (4,808). As at 31 December 2022, 58% of BNPPF's credit exposure was comprised of exposures in Belgium, 7% in France, 10% in Luxembourg, 17% in other European countries, 1% in North America, and 7% in the rest of the world. BNPPF's risk-weighted assets subject to this type of risk amounted to EUR 100,365 million at 31 December 2022, or 82% of the total risk-weighted assets of BNPPF (see the chapters entitled "Risk Management and Capital Adequacy", "4 Credit and counterparty Credit Risk" and "4.a Credit risk" in the BNPPF 2022 Annual Report), compared to EUR 95,451 million at 31 December 2021.

BNPPF's counterparty risk arises from its credit risk in the specific context of market transactions, investments, and/or settlements. BNPPF's exposure to counterparty risk, excluding Credit Valuation Adjustment ("CVA") risk as at 31 December 2022, is comprised of: 63% to the corporate sector, 5% to governments and central banks, 16% to credit institutions and investment firms and 15% to clearing houses. By product, BNPPF's exposure, excluding CVA risk, as at 31 December 2022 was comprised of: 84% in OTC derivatives, 7% in repurchase transactions and securities lending/borrowing and 9% in contributions to the clearing houses' default funds. The amount of this risk varies over time, depending on fluctuations in market parameters affecting the potential future value of the covered transactions. In addition, CVA risk measures the risk of losses related to CVA volatility resulting from fluctuations in credit spreads associated with the counterparties to which BNPPF is subject to risk. The risk-weighted assets subject to counterparty risk amounted to EUR 1,059 million at 31 December 2022, representing 1% of BNPPF's total risk-weighted assets (see the BNPPF 2022 Pillar 3 Disclosure), compared to EUR 1,689 million at 31 December 2021.

Securitisation risk in the banking book: securitisation is a transaction or arrangement by which the credit risk associated with a liability or set of liabilities is subdivided into tranches. Any commitment made by BNPPF under a securitisation structure (including derivatives and liquidity lines) is considered to be a securitisation. The bulk of BNPPF's commitments are in the prudential banking portfolio. Securitised exposures are essentially those generated by BNPPF. BNPPF's securitisation exposure amounted to EUR 2,590 million at 31 December 2022, compared to EUR 5,333 million at 31 December 2021. This decrease can mainly be ascribed to the sale of securitisation positions and the decrease of exposures in other positions. The securitisation positions held or acquired by BNPPF may also be categorized by its role: of the positions as at 31 December 2022, BNPPF was originator of 80% and was investor of 20%. The risk-weighted assets subject to this type of risk amounted to EUR 671 million at 31 December 2022 for BNPPF, or less than 1% of the total risk-weighted assets of BNPPF (see the BNPPF 2022 Pillar 3 Disclosure), compared to EUR 1,248 million at 31 December 2021.

A substantial increase in new provisions or a shortfall in the level of previously recorded provisions exposed to credit risk and counterparty risk could adversely affect BNPPF's results of operations and financial condition (Global Criticality: Medium)

Credit risk and counterparty risk impact BNPPF's consolidated financial statements when a customer or counterparty is unable to honour its obligations and when the book value of these obligations in BNPPF's records is positive. The customer or counterparty may be a bank, a financial institution, an industrial or commercial enterprise, a government or a government entity, an investment fund, or a natural person. If the default rate of customers or counterparties increases, BNPPF may have to record increased charges or provisions in respect of irrecoverable or doubtful loans (Stage 3) or of performing loans (Stages 1 and 2) in response to a deterioration in economic conditions or other factors, which may affect its profitability.

As a result, in connection with its lending activities, BNPPF regularly establishes provisions which are recorded on its income statement in the line item Cost of Risk. These provisions amounted to EUR -328 million at 31 December 2022, representing 15 basis points of outstanding customer loans (compared with 18 basis points at 31 December 2021). In Belgium, cost of risk decreased mainly as a consequence of lower provisions on non-performing loans, a positive evolution compared to last year, partly offset by a material increase of the provisions on performing loans reflecting the deterioration of the macroeconomic environment linked to factors including, but not limited to, the invasion of Ukraine, higher inflation and the sharp increase in interest rates. In other activities, despite the deterioration of the macroeconomic environment, there was an overall limited decrease of the cost of risk driven by lower provisions on performing loans offset by more provisions on non-performing loans mainly in Turkey, despite the material depreciation of the Turkish lira, and at Leasing Solutions and Arval.

BNPPF's overall level of provisions is based on its assessment of prior loss experience, the volume and type of lending being conducted, industry standards, past due loans, economic conditions and other factors related to the recoverability of various loans or statistical analysis based on scenarios applicable to asset classes.

Although BNPPF seeks to establish an appropriate level of provisions, its lending businesses may have to increase their provisions for loan losses or sound receivables substantially in the future as a result of deteriorating economic conditions or other causes. Any significant increase in provisions for loan losses or a significant change in BNPPF's estimate of the risk of loss inherent in its portfolio of non impaired loans, as well as the occurrence of loan losses in excess of the related provisions, could have a material adverse effect on BNPPF's results of operations and financial condition.

For reference, at 31 December 2022, the ratio of doubtful loans to total loans outstanding was 1.80% and the coverage ratio of these doubtful commitments (net of guarantees received) by provisions was 74.5%, compared to 2.05% and 68.0%, respectively, as at 31 December 2021. These two ratios are calculated based on figures from the FINREP reporting of BNPPF.

While BNPPF seeks to reduce its exposure to credit risk and counterparty risk by using risk mitigation techniques such as collateralisation, obtaining guarantees, entering into credit derivatives and entering into netting agreements, it cannot be certain that these techniques will be effective to offset losses resulting from counterparty defaults that are covered by these techniques. Moreover, BNPPF is also exposed to the risk of default by the party providing the credit risk coverage (such as a counterparty in a derivative or a loan insurance contract) or to the risk of loss of value of any collateral. In addition, only a portion of BNPPF's overall credit risk and counterparty risk is covered by these techniques. Accordingly, BNPPF has very significant exposure to these risks.

The soundness and conduct of other financial institutions and market participants could adversely affect BNPPF (Global Criticality: Medium)

BNPPF's ability to engage in financing, investment and derivative transactions could be adversely affected by the soundness of other financial institutions or market participants. Financial institutions are interrelated as a result of trading, clearing, counterparty, funding or other relationships. As a result, defaults by one or more states or financial institutions, or even rumours or questions about one or more financial institutions, or the financial services industry generally, may lead to market wide liquidity problems and could lead to further losses or defaults. BNPPF has exposure to many counterparties in the financial industry, directly and indirectly, including clearing houses, brokers and dealers, commercial banks, investment banks, mutual and alternative investment funds, and other institutional clients with which it regularly executes transactions. BNPPF may also be exposed to risks related to the increasing involvement in the financial sector of players and the introduction of new types of transactions subject to little or no regulation (such as unregulated funds, trading venues or crowdfunding platforms). Credit and counterparty risks could be exacerbated if the collateral held by BNPPF cannot be realised, it decreases in value or it is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure due to BNPPF or in the event of the failure of a significant financial market participant such as a central counterparty.

For reference, counterparty risk exposure related to financial institutions was EUR 956 million at 31 December 2022, or 16% of BNPPF's total counterparty risk exposure, and counterparty risk exposure related to clearing houses was EUR 866 million, or 15% of BNPPF's total counterparty risk exposure.

In addition, fraud or misconduct by financial market participants can have a material adverse effect on financial institutions due in particular to the interrelated nature of the financial markets.

Losses resulting from the risks summarised above could materially and adversely affect BNPPF's results of operations.

Operational risk

BNPPF's operational risk is the risk of loss resulting from failed or inadequate internal processes (particularly those involving personnel and information systems) or external events, whether deliberate, accidental or natural (floods, fires, earthquakes, terrorist attacks, etc.). BNPPF's operational risks cover fraud, human resources risks, legal and reputational risks, non-compliance risks, tax risks, information systems risks, risk of providing inadequate financial services (conduct risk), risk of failure of operational processes including credit processes, or from the use of a model (model risk), as well as potential financial consequences related to reputation risk management. The risk-weighted assets subject to this type of risk amounted to EUR 7,880 million at 31 December 2022, or 6% of the total risk-weighted assets of BNPPF (see the table entitled "Key capital indicators" under paragraph 3.b of the BNPPF 2022 Pillar 3 Disclosure), compared to EUR 8,528 million, representing 7% of total risk weighted assets, at 31 December 2021.

BNPPF's risk management policies, procedures and methods may leave it exposed to unidentified or unanticipated risks, which could lead to material losses (Global Criticality: Low)

BNPPF has devoted significant resources to developing its risk management policies, procedures and assessment methods and intends to continue to do so in the future. Nonetheless, BNPPF's risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic and market environments or against all types of risk, particularly risks that BNPPF may have failed to identify or anticipate. BNPPF's ability to assess the creditworthiness of its customers or to estimate the values of its assets may be impaired if, as a result of market turmoil such as that experienced in recent years, the models and approaches it uses become less predictive of future behaviour, valuations, assumptions or estimates. Some of BNPPF's qualitative tools and metrics for managing risk are based on its use of observed historical market behaviour. BNPPF applies statistical and other tools to these observations to arrive at quantifications of its risk exposures. The process BNPPF uses to estimate losses inherent in its credit exposure or estimate the value of certain assets requires difficult, subjective, and complex judgments, including forecasts of economic conditions and how these economic predictions might impair the ability of its borrowers to repay their loans or impact the value of assets, which may, during periods of market disruption or substantial uncertainty, be incapable of accurate estimation and, in turn, impact the reliability of the process. These tools and metrics may fail to predict future risk exposures, for example, if BNPPF does not anticipate or correctly evaluate certain factors in its statistical models, or upon the occurrence of an event deemed extremely unlikely by the tools and metrics. This would limit BNPPF's ability to manage its risks. BNPPF's losses could therefore be significantly greater than the historical measures indicate. In addition, BNPPF's quantified modelling does not take all risks into account. Its more qualitative approach to managing certain risks could prove insufficient, exposing it to material unanticipated losses.

An interruption in or a breach of BNPPF's information systems may cause substantial losses of client or customer information, damage to BNPPF's reputation and result in financial losses (Global Criticality: Medium)

As with most other banks, BNPPF relies heavily on communications and information systems to conduct its business. This dependency has increased with the spread of mobile and online banking services, the development of cloud computing and more generally the use of new technologies. Any failure or interruption or breach in security of these systems could result in failures or interruptions in BNPPF's customer relationship management, general ledger, deposit, servicing and/or loan organization systems or could cause BNPPF to incur significant costs in recovering and verifying lost data. BNPPF cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed.

In addition, BNPPF is subject to cybersecurity risk, or risk caused by a malicious and/or fraudulent act, committed virtually, with the intention of manipulating information (confidential data, bank/insurance, technical or strategic), processes and users, in order to cause material losses to BNPPF's subsidiaries, employees, partners and clients and/or for the purpose of extortion (ransomware). An increasing number of companies (including financial institutions) have in recent years experienced intrusion attempts or even breaches of their information technology security, some of which have involved sophisticated and highly targeted attacks on their computer networks. Because the techniques used to obtain unauthorised access, disable or degrade service, steal confidential data or sabotage information systems have become more sophisticated, change frequently and often are not recognised until launched against a target, BNPPF and its third party service providers may be unable to anticipate these techniques or to implement in a timely manner effective and efficient countermeasures.

Any failures of or interruptions in BNPPF's information systems or those of its providers and any subsequent disclosure of confidential information related to any client, counterparty or employee of BNPPF (or any other person) or any intrusion or attack against its communication system could cause significant losses and have an adverse effect on BNPPF's reputation, financial condition and results of operations.

Regulatory authorities now consider cybersecurity as a growing systemic risk for the financial sector. They have stressed the need for financial institutions to improve their resilience to cyber-attacks by strengthening

internal IT monitoring and control procedures. A successful cyber-attack could therefore expose BNPPF to a regulatory fine, especially should any personal data from customers be lost.

Moreover, BNPPF is exposed to the risk of operational failure or interruption of a clearing agent, foreign markets, clearing houses, custodian banks or any other financial intermediary or external service provider used by BNPPF to execute or facilitate financial transactions. Due to its increased interaction with clients, BNPPF is also exposed to the risk of operational malfunction of the latter's information systems. BNPPF's communications and data systems and those of its clients, service providers and counterparties may also be subject to malfunctions or interruptions as a result of cyber-crime or cyber-terrorism. BNPPF cannot guarantee that these malfunctions or interruptions in its own systems or those of other parties will not occur or that in the event of a cyber-attack, these malfunctions or interruptions will be adequately resolved.

Reputational risk could weigh on BNPPF's financial strength and diminish the confidence of clients and counterparties in it (Global Criticality: Medium)

Considering the highly competitive environment in the financial services industry, a reputation for financial strength and integrity is critical to BNPPF's ability to attract and retain customers. BNPPF's reputation could be harmed if the means it uses to market and promote its products and services were deemed to be inconsistent with client interests. BNPPF's reputation could also be damaged if, as it increases its client base and the scale of its businesses, its overall procedures and controls dealing with conflicts of interest fail, or appear to fail, to address them properly. Moreover, BNPPF's reputation could be damaged by employee misconduct, fraud or misconduct by financial industry participants to which BNPPF is exposed, a restatement of, a decline in or corrections to, its results, as well as any adverse legal or regulatory action, such as the settlement the BNP Paribas Group entered into with the U.S. authorities in 2014 for violations of U.S. laws and regulations regarding economic sanctions. The loss of business that could result from damage to BNPPF's reputation could have an adverse effect on its results of operations and financial position.

Market risk

BNPPF's market risk is the risk of loss of value caused by an unfavourable trend in prices or market parameters. The parameters affecting BNPPF's market risk include, but are not limited to, exchange rates, prices of securities (whether the price is directly quoted or obtained by reference to a comparable asset), the price of derivatives on an established market and all benchmarks that can be derived from market quotations such as interest rates, credit spreads, volatility or implicit correlations or other similar parameters.

BNPPF is exposed to market risk mainly through trading activities carried out by the business lines of its Corporate & Institutional Banking ("**CIB**") operating division, primarily in Global Markets, which represented 2% of BNPPF's revenue in 2022. BNPPF's trading activities are directly linked to economic relations with clients of these business lines, or indirectly as part of its market making activity.

In addition, the market risk relating to BNPPF's banking activities covers its interest rate and foreign exchange rate risk in connection with its activities as a banking intermediary. The "operating" foreign exchange risk exposure relates to net earnings generated by activities conducted in currencies other than the functional currency of the entity concerned. The "structural" foreign exchange risk position of an entity relates to investments in currencies other than the functional currency. In measuring interest rate risk, BNPPF defines the concepts of standard rate risk and structural rate risk as the following: the standard rate risk corresponds to the general case, namely when it is possible to define the most appropriate hedging strategy for a given transaction, and the structural rate risk is the interest rate risk for equity and non-interest-bearing current accounts.

BNPPF's market risk based on its activities is measured by Value at Risk ("**VaR**"), and various other market indicators (stressed VaR, Incremental Risk Charge) as well as by stress tests and sensitivity analysis compared with market limits.

The risk-weighted assets subject to this type of risk amounted to EUR 1,396 million at 31 December 2022, or 1% of the total risk-weighted assets of BNPPF (see the BNPPF 2022 Pillar 3 Disclosure).

BNPPF may incur significant losses on its trading and investment activities due to market fluctuations and volatility (Global Criticality: Medium)

BNPPF maintains trading and investment positions in the debt, currency, commodity and equity markets, and in unlisted securities, real estate and other asset classes, including through derivative contracts. These positions could be adversely affected by extreme volatility in these markets, *i.e.*, the degree to which prices fluctuate over a particular period in a particular market, regardless of market levels. Moreover, volatility trends that prove substantially different from BNPPF's expectations may lead to losses relating to a broad range of other products that BNPPF uses, including swaps, forward and future contracts, options and structured products.

To the extent that BNPPF owns assets, or has net long positions, in any of those markets, a market downturn could result in losses from a decline in the value of its positions. Conversely, to the extent that BNPPF has sold assets that it does not own, or has net short positions in any of those markets, a market upturn could, in spite of the existing limitation of risks and control systems, expose BNPPF to potentially substantial losses as it attempts to cover its net short positions by acquiring assets in a rising market. BNPPF may from time to time hold a long position in one asset and a short position in another, in order to hedge transactions with clients and/or in view of benefiting from changes in the relative value of the two assets. If, however, the relative value of the two assets changes in a direction or manner that BNPPF did not anticipate or against which its positions are not hedged, it might realise a loss on those paired positions. Such losses, if significant, could adversely affect BNPPF's results and financial condition. In addition, BNPPF's hedging strategies may not be suitable for certain market conditions.

If any of the variety of instruments and strategies that BNPPF uses to hedge its exposure to various types of risk in its businesses is not effective, BNPPF may incur losses. Many of its strategies are based on historical trading patterns and correlations. For example, if BNPPF holds a long position in an asset, it may hedge that position by taking a short position in another asset where the short position has historically moved in a direction that would offset a change in the value of the long position. However, the hedge may only be partial, or the strategies used may not protect against all future risks or may not be fully effective in mitigating BNPPF's risk exposure in all market environments or against all types of risk in the future. Unexpected market developments may also reduce the effectiveness of BNPPF's hedging strategies. In addition, the manner in which gains and losses resulting from certain ineffective hedges are recorded may result in additional volatility in BNPPF's reported earnings.

The BNP Paribas Group uses a VaR model to quantify its exposure to potential losses from market risks, and also performs stress testing with a view to quantifying its potential exposure in extreme scenarios (see Chapter 5 ("Market Risk") in the BNPPF 2022 Annual Report). However, these techniques rely on statistical methodologies based on historical observations, which may turn out to be unreliable predictors of future market conditions. Accordingly, BNPPF's exposure to market risk in extreme scenarios could be greater than the exposures predicted by its quantification techniques.

BNPPF may generate lower revenues from commission and fee based businesses during market downturns and declines in activity (Global Criticality: Low)

Commissions represented 15% of BNPPF's total revenues in 2022. Financial and economic conditions affect the number and size of transactions for which BNPPF provides securities underwriting, financial advisory and other investment banking services. These revenues, which include fees from these services, are directly related to the number and size of the transactions in which BNPPF participates and can thus be significantly affected by economic or financial changes that are unfavourable to its investment banking business and clients. In addition, because the fees that BNPPF charges for managing its clients' portfolios are in many cases based on the value or performance of those portfolios, a market downturn that reduces the value of its clients' portfolios

or increases the amount of withdrawals would reduce the revenues it receives from its asset management, equity derivatives and private banking businesses.

Adjustments to the carrying value of BNPPF's securities and derivatives portfolios and BNPPF's own debt could have an adverse effect on its net income and shareholders' equity (Global Criticality: Low)

The carrying value of BNPPF's securities and derivatives portfolios and certain other assets, as well as its own debt, in its balance sheet is adjusted as of each financial statement date. As at 31 December 2022, on the assets side of BNPPF's balance sheet, financial instruments at fair value through profit or loss, derivative financial instruments used for hedging purposes and financial assets at fair value through shareholders' equity amounted to EUR 12,315 million, EUR 6,499 million and EUR 5,877 million respectively. In the liabilities column, financial instruments at fair value through profit or loss and derivative financial instruments used for hedging purposes amounted to EUR 18,520 million and EUR 9,692 million, respectively, at 31 December 2022. Most of the adjustments are made on the basis of changes in fair value of BNPPF's assets or debt during an accounting period, with the changes recorded either in the income statement or directly in shareholders' equity. Changes that are recorded in the income statement, to the extent not offset by opposite changes in the value of other assets, affect BNPPF's consolidated revenues and, as a result, its net income. A downward adjustment of the fair value of BNPPF's securities and derivatives portfolios may lead to reduced shareholders' equity and, to the extent not offset by opposite changes in the value of BNPPF's liabilities, BNPPF's capital adequacy ratios may also be lowered. The fact that fair value adjustments are recorded in one accounting period does not mean that further adjustments will not be needed in subsequent periods.

Liquidity and funding risk

Liquidity risk is the risk that BNPPF will not be able to honour its commitments or unwind or offset a position due to market conditions or specific factors within a specified period of time and at a reasonable cost. It reflects the risk of not being able to cope with net cash outflows, including collateral requirements, over short-term to long-term horizons. BNPPF's specific risk can be assessed through its short-term liquidity ratio ("**Liquidity Coverage Ratio**" or "**LCR**"), which analyses the hedging of net cash outflows during a thirty-day stress period. The LCR of BNPPF at 31 December 2022 was 126 per cent.

See the Pillar 3 disclosure for the year 2022 and the Additional Pillar 3 for the year 2022, which are incorporated by reference in this Base Prospectus.

BNPPF's access to and cost of funding could be adversely affected by a resurgence of financial crises, worsening economic conditions, rating downgrades, increases in sovereign credit spreads or other factors (Global Criticality: Low)

Over the last ten years, the financial crisis, the eurozone sovereign debt crisis as well as the general macroeconomic environment have, at times, adversely affected the availability and cost of funding for European banks. This was due to several factors, including a sharp increase in the perception of bank credit risk due to exposure to sovereign debt in particular, credit rating downgrades of sovereigns and of banks, and debt market speculation. Many European banks, including BNPPF, at various points during these periods experienced restricted access to wholesale debt markets for institutional investors and to the interbank market, as well as a general increase in their cost of funding. In the context of the health crisis, the European Central Bank ("**ECB**") also set up refinancing facilities designed to foster the banks' refinancing of the economy (targeted longer-term refinancing options or "**TLTRO**", on which BNPPF has drawn). Such adverse credit market conditions may reappear in the event of prolonged stagnation of growth, deflation, resurgence of the financial crisis, another sovereign debt crisis or new forms of financial crises, factors relating to the financial industry or the economy in general (including the economic consequences of the health crisis) or to BNPPF in particular. In this case, the effect on the liquidity of the European financial sector in general, and BNPPF in particular, could be materially adverse and have a negative impact on BNPPF's results of operations and financial condition.

Protracted market declines can reduce BNPPF's liquidity, making it harder to sell assets and possibly leading to material losses. Accordingly, BNPPF must ensure that its assets and liabilities properly match in order to avoid exposure to losses (Global Criticality: Low)

In some of BNPPF's businesses, particularly Global Markets (which represented 2% of BNPPF's revenue in 2022) and Asset/Liability Management, protracted market movements, particularly asset price declines, can reduce the level of activity in the market or reduce market liquidity. These developments can lead to material losses if BNPPF cannot close out deteriorating positions in a timely way. This is particularly true for assets that are intrinsically illiquid. Assets that are not traded on stock exchanges or other public trading markets, such as certain derivative contracts between financial institutions, may have values that BNPPF calculates using models rather than publicly-quoted prices. Monitoring the deterioration of prices of assets like these is difficult and could lead to significant unanticipated losses (see Chapters 4 ("Note to the Balance Sheet"), 4d ("Measurement of the Fair Value of Financial Instruments", pages 103 to 113) and the section entitled "Risk Management and Capital Adequacy", page 191 in Chapter 9 ("Liquidity Risk") in the BNPPF 2022 Annual Report).

BNPPF is exposed to the risk that the maturity, interest rate or currencies of its assets might not match those of its liabilities. The timing of payments on certain of BNPPF's assets is uncertain, and if BNPPF receives lower revenues than expected at a given time, it might require additional market funding in order to meet its obligations on its liabilities. While BNPPF imposes strict limits on the gaps between its assets and its liabilities as part of its risk management procedures, it cannot be certain that these limits will be fully effective to eliminate potential losses arising from asset and liability mismatches.

Any downgrade of BNPPF's credit ratings could weigh heavily on the profitability of BNPPF (Global Criticality: Low)

Credit ratings have a significant impact on BNPPF's liquidity.

On 13 December 2022, Standard & Poor's affirmed BNPPF's long-term issuer credit rating at A+, and its short-term rating at A-1, with a stable outlook.

On 4 October 2022, Fitch affirmed BNPPF's long-term senior unsecured rating at AA-, and its short-term rating at F1+, with a stable outlook.

On 2 May 2022, Moody's affirmed BNPPF's long-term senior unsecured rating at A2, and its short-term rating at P-1, with a stable outlook.

Any rating action may occur at any time by any rating agency.

A downgrade in BNPPF's credit rating could affect the liquidity and competitive position of BNPPF. It could also increase BNPPF's borrowing costs, limit access to the capital markets or trigger additional obligations under its covered bonds or under certain bilateral provisions in some trading, derivative or collateralised financing contacts. As part of the BNP Paribas Group, BNPPF can be highly sensitive to a downgrade by rating agencies of the rating of the parent company of the BNP Paribas Group or a deterioration of its debt quality.

In addition, BNPPF's cost of obtaining long term unsecured funding from market investors is also directly related to its credit spreads, which in turn depend to a certain extent on its credit ratings. Increases in credit spreads can significantly increase BNPPF's cost of funding. Changes in credit spreads are continuous, market driven, and subject at times to unpredictable and highly volatile movements. Credit spreads are also influenced by market perceptions of BNPPF's creditworthiness. Furthermore, credit spreads may be influenced by movements in the cost to purchasers of credit default swaps referenced to BNPPF's debt obligations, which are influenced both by the credit quality of those obligations, and by a number of market factors that are beyond the control of the BNP Paribas Group.

Risks related to the macroeconomic and market environment

Adverse economic and financial conditions have in the past had and may in the future have an impact on BNPPF and the markets in which it operates (Global Criticality: Medium)

BNPPF's business is sensitive to changes in the financial markets and more generally to economic conditions in Belgium (48% of BNPPF's revenues at 31 December 2022), other countries in Europe (38% of BNPPF's revenues at 31 December 2022) and the rest of the world (14% of BNPPF's revenues at 31 December 2022). A deterioration in economic conditions in the markets in the countries where BNPPF operates and in the economic environment could in the future have, some or all of the following impacts:

- (i) adverse economic conditions affecting the business and operations of BNPPF's customers, reducing credit demand and trading volume and resulting in an increased rate of default on loans and other receivables, in part as a result of the deterioration of the financial capacity of companies and households;
- (ii) a decline in market prices of bonds, equities and commodities affecting the businesses of BNPPF, including in particular trading, investment banking and asset management revenues;
- (iii) macroeconomic policies adopted in response to actual or anticipated economic conditions having unintended effects, and are likely to impact market parameters such as interest rates and foreign exchange rates, which in turn can affect BNPPF's businesses that are most exposed to market risk;
- (iv) perceived favourable economic conditions generally or in specific business sectors resulting in asset price bubbles, which could in turn exacerbate the impact of corrections when conditions become less favourable;
- (v) a significant economic disruption (such as the global financial crisis of 2008 or the European sovereign debt crisis of 2011 or the COVID-19 pandemic since 2020) having a substantial impact on all of BNPPF's activities, particularly if the disruption is characterised by an absence of market liquidity that makes it difficult to sell certain categories of assets at their estimated market value or at all. These disruptions could also lead to a decline in transaction commissions and consumer loans; and
- (vi) a significant deterioration of market and economic conditions resulting from, among other things, adverse political and geopolitical events such as natural disasters, geopolitical tensions, health risks such as the COVID-19 health crisis and its aftermath, the fear or recurrence of new epidemics or pandemics, acts of terrorism, societal unrest, cyber-attacks, military conflicts or threats thereof and related risks may affect the operating environment for BNPPF episodically or for extended periods.

In addition, numerous factors may impact the economy and the financial markets in the coming months or years, in particular geopolitical tensions (notably in Eastern Europe, and in particular, the Russian invasion of Ukraine and the reaction of the international community for which the consequences on the financial markets and the general business climate are significantly unfavourable in the short-term and remain uncertain in the long term), political risks directly affecting Europe, general trends in consumer and commodity prices (themselves affected by the above-mentioned factors) characterised by high inflation, corresponding trends in wages, supply chain pressures, the changing economic situation in certain countries or regions that contribute to overall global economic growth, tensions around international trade and, as discussed below, the evolution of monetary policy and interest rates.

Inflation has risen sharply reaching more than 10% in 2022, reflecting strong post-pandemic demand, supply chain bottlenecks, higher energy and food prices, being further fuelled by the rising wage costs and still accommodative monetary policies in the first half of 2022. Starting from July 2022, the European Central Bank began raising its key interest rates, with the policy tightening aiming to ensure a timely return of inflation

to the 2% medium-term target, however, at the price of lower aggregate demand and economic growth. Nevertheless, the NBB reported an annual gross domestic product growth of 3.1% for the year 2022. Persistent and structural high inflation may weigh on the profitability model of BNPPF. Core inflation is expected to remain higher than 2% in 2023, prompting BNPPF to remain vigilant for downturns in the Belgian economy.

More generally, the volatility of financial markets could adversely affect BNPPF's trading and investment positions in the debt, currency, commodity and equity markets, as well as its positions in other investments. Severe market disruptions and extreme market volatility have occurred often in recent years and may occur again in the future, which could result in significant losses for BNPPF. Such losses may extend to a broad range of trading and hedging products, including swaps, forward and future contracts, options and structured products. The volatility of financial markets makes it difficult to predict trends and implement effective trading strategies.

It is difficult to predict when economic or market downturns or other market disruptions will occur, and which markets will be most significantly impacted. If economic or market conditions in Belgium or elsewhere in Europe, or Global Markets more generally, were to deteriorate or become more volatile, BNPPF's operations could be disrupted, and its business, results of operations and financial condition could be adversely affected.

Significant upward and downward interest rate changes could adversely affect BNPPF's revenues or profitability (Global Criticality: Medium)

The net interest income recorded by BNPPF during any given period significantly affects its overall revenues and profitability for that period. Interest rates are highly sensitive to many factors beyond BNPPF's control, such as the rate of inflation, country-specific monetary policies and certain decisions concerning regulatory capital. Changes in market interest rates could affect the interest rates charged on interest-earning assets differently from the interest rates paid on interest-bearing liabilities. Any adverse change in the yield curve could cause a decline in net interest income generated by BNPPF's lending activities. In addition, increases in the interest rates at which BNPPF's short-term funding is available and maturity mismatches may adversely affect its profitability.

Since the 2008-2009 financial crisis, global markets were characterised by an extended period of low interest rates. This low interest rate environment weighed significantly on banks' profitability, including that of BNPPF, for a number of years. The relative impact on banks depends, in particular, on the proportion of their revenues represented by net interest income; this proportion was 50% for BNPPF in 2022 (see page 46 in the BNPPF 2022 Annual Report). The situation worsened since 2019 with the introduction of negative rates, particularly on placements by European banks with the ECB. Central banks – in 2020 and again in 2021 – increased their monetary support in the face of the recession caused by the health crisis of 2020 and 2021. A reduction in these accommodative policies by central banks, particularly in response to increasing inflation, has been implemented by the U.S. Federal Reserve, the Bank of England and the ECB.

During periods of low interest rates, interest rate spreads tend to tighten, and BNPPF may be unable to lower interest rates on deposits sufficiently to offset reduced income from lending at lower interest rates. Net interest income amounted to EUR 4,866 million in 2022 and EUR 4,694 million in 2021, respectively (see the BNPPF 2022 Annual Report). The negative interest rate environment in which banks are charged for cash deposited with central banks, whereas banks typically do not charge clients for deposits, weighs significantly on banks' margins. In addition, BNPPF has been facing and may continue to face an increase in early repayment and refinancing of mortgages and other fixed rate consumer and corporate loans as clients take advantage of lower borrowing costs. This, along with the issuance of new loans at the low prevailing market interest rates, has resulted and may continue to result in a decrease in the average interest rate of BNPPF's portfolio of loans thereby causing a decline in its net interest income from lending activities. Moreover, an environment of persistently low interest rates can also have the effect of flattening the yield curve in the market more generally, which could reduce the premium generated by BNPPF from its funding activities. A flattening yield curve can also influence financial institutions to engage in riskier activities in an effort to earn the desired level of returns,

which can increase overall market risk and volatility. Low interest rates may also affect the profitability and even the solvency of the insurance activities of BNPPF, particularly due to the prevalence in the market of life insurance contracts backed by euro-denominated funds, which may not be able to generate sufficient returns to be competitive with other investment products. Low interest rates may also adversely affect commissions charged by BNPPF's asset management subsidiaries on money market and other fixed income products. A reduction in credit spreads and decline in retail banking income resulting from lower portfolio interest rates may adversely affect the profitability of BNPPF's retail banking operations.

On the other hand, the end of a period of prolonged low interest rates, in particular due to the normalisation and tightening of monetary policy (as already initiated by some central banks and expected by the market) following the economy's recovery, or inflation a level higher or lasting longer than expected by central banks, would also carry risks. If market interest rates were to rise generally, a portfolio featuring significant amounts of lower interest loans and fixed income assets would be expected to decline in value. If BNPPF's hedging strategies are ineffective or provide only a partial hedge against such a change in value, BNPPF could incur losses. Any sharper or more rapid than expected tightening could have a negative impact on the economic recovery. On the lending side, it could in particular cause stress in loan and bond portfolios, possibly leading to an increase in non-performing exposures and defaults. More generally, the reduction of accommodative monetary policies (already initiated by some central banks after a period of substantial liquidity infusions from asset purchases) by central banks may, even if implemented progressively, lead to severe corrections in certain markets or asset classes (e.g., non-investment grade corporate and sovereign borrowers, certain sectors of equities and real estate) that particularly benefited (including from very low risk premia as compared to historical averages) from the prolonged low interest rate and high liquidity environment, and such corrections could potentially be contagious to financial markets generally, including through substantially increased volatility.

Given the global scope of its activities, BNPPF is exposed to country risk and to changes in the political, macroeconomic or financial contexts of a region or country (Global Criticality: Medium)

BNPPF is subject to country risk, meaning the risk that economic, financial, political or social conditions in a given foreign country in which it operates could adversely affect BNPPF's operations, its results, its financial condition or its business. BNPPF monitors country risk and takes it into account in the fair value adjustments and cost of risk recorded in its financial statements. However, a significant change in political or macroeconomic environments may require it to record additional charges or to incur losses beyond the amounts previously written down in its financial statements. In addition, factors specific to a country or region in which BNPPF operates could make it difficult for it to carry out its business and lead to losses or impairment of assets.

At 31 December 2022, BNPPF's loan portfolio consisted of receivables from borrowers located in Belgium (58%), France (7%), Luxembourg (10%), other European countries (17%), North America (1%), and the rest of the world (7%). Adverse conditions that particularly affect these countries and regions would have a significant impact on BNPPF.

Regulatory risks

Laws and regulations adopted in recent years, as well as current and future legislative and regulatory developments may materially impact BNPPF and the financial and economic environment in which it operates (Global Criticality: Medium)

Laws and regulations have been enacted in the past few years, in particular in Belgium, Europe and the United States, with a view to introducing a number of changes, some permanent, in the financial environment. The impact of the measures has changed substantially the environment in which BNPPF and other financial institutions operate.

The measures that have been adopted include:

- (i) more stringent capital and liquidity requirements (particularly for global systemically important banks such as the BNP Paribas Group), as well as changes to the risk-weighting methodologies and the methods of using internal models that have led, could have led or could lead to increased capital requirements;
- (ii) restrictions on certain types of activities considered as speculative undertaken by commercial banks that are prohibited or need to be ring fenced in subsidiaries (particularly proprietary trading) and are subject to prudential requirements and autonomous funding;
- (iii) prohibitions or restrictions on fees for certain types of financial products or activities;
- (iv) enhanced recovery and resolution regimes, in particular the Bank Recovery and Resolution Directive of 15 May 2014 (the "**BRRD**"), as amended from time to time, which strengthens powers to prevent and resolve banking crises in order to ensure that losses are borne largely by the creditors and shareholders of the banks and in order to keep the costs incurred by taxpayers to a minimum;
- (v) the establishment of the national resolution funds by the BRRD and the creation of the Single Resolution Board (the "**SRB**") by the European Parliament and Council of the European Union in a resolution dated 15 July 2014 (the "**SRM Regulation**"), as amended from time to time, which can initiate resolution proceedings for banking institutions such as BNPPF, and the Single Resolution Fund (the "**SRF**"), the financing of which by BNPPF (up to its annual contribution) can be significant;
- (vi) the establishment of national deposit guarantee schemes and a proposed European deposit guarantee scheme or deposit insurance which will gradually cover all or part of the guarantee schemes of participating countries;
- (vii) increased internal control and reporting requirements with respect to certain activities;
- (viii) the implementation of regulatory stress tests (including in relation to climate change risk) which could lead to additional regulatory capital requirements (see the BNPPF 2021 Annual Report);
- (ix) greater powers granted to the relevant authorities to combat money laundering and terrorism financing;
- (x) more stringent governance and conduct of business rules and restrictions and increased taxes on employee compensation over specified levels;
- (xi) measures to improve the transparency, efficiency and integrity of financial markets and in particular the regulation of high frequency trading, more extensive market abuse regulations, increased regulation of certain types of financial products including mandatory reporting of derivative and securities financing transactions, requirements either to mandatorily clear, or otherwise mitigate risks in relation to, over-the-counter derivative transactions (including through posting of collateral in respect of non-centrally cleared derivatives);
- (xii) the taxation of financial transactions;
- (xiii) enhanced protection of personal data and cybersecurity requirements;
- (xiv) enhanced disclosure requirements, including through the introduction of new disclosure requirements on (i) how banking groups providing asset management services, such as BNPPF, integrate sustainability risks, negative impacts, sustainable investment objectives or the promotion of environmental or social attributes when making investment decisions, and (ii) how and to what extent

banking groups themselves finance or develop economic activities that can be considered environmentally sustainable as defined in the European Taxonomy;

- (xv) the introduction of new requirements for the integration of climate risk into the risk measurement and management systems of banking groups, including through the publication of proposals for banks to manage and disclose climate risk; and
- (xvi) strengthening the powers of supervisory bodies and the creation of new authorities, including the adoption of the Single Resolution Mechanism (the "**SRM**") in October 2013, pursuant to which BNPPF is under the direct supervision of the ECB.

These measures may have a significant adverse impact. For example, the introduction of a required contribution to the Single Resolution Fund resulted in a substantial additional expense for BNPPF (BNPPF made a EUR 127 million contribution to the SRF in 2022).

Measures relating to the banking sector could be further amended, expanded or strengthened. Moreover, additional measures could be adopted in other areas. It is impossible to predict what additional measures will be adopted or what their exact content will be, and, given the complexity of the issues and the uncertainty surrounding them, to determine their impact on BNPPF. The effect of these measures, whether already adopted or that may be adopted in the future, has been and could continue to be a decrease in BNPPF's ability to allocate its capital and capital resources to financing, limit its ability to diversify risks, reduce the availability of certain financing and liquidity resources, increase the cost of financing, increase the cost of compliance, increase the cost or reduce the demand for the products and services offered by BNPPF, require BNPPF to proceed with internal reorganisations, structural changes or reallocations, affect the ability of BNPPF to carry on certain activities or to attract and/or retain talent and, more generally, affect its competitiveness and profitability, which could have an impact on its profitability, financial condition and operating results. As a recent example, on 27 October 2021 the European Commission presented a legislative package to finalise the implementation within the European Union of the Basel III agreement adopted by the Group of Central Bank Governors and Heads of Supervision ("**GHOS**") on 7 December 2017. This legislative package will in the next stage be discussed by the European Parliament and Council with a view to agreeing on a final text. In the impact assessment accompanying the legislative package, the European Commission estimated, on the basis of a European Banking Authority ("**EBA**") impact study dated December 2020 and of additional European Commission's estimates for some EU-specific adjustments, that the implementation of the final Basel III standards may result in an average increase in total minimum capital requirements ranging between 6.4% and 8.4% after a full implementation of the reform. On the basis of the EBA's updated impact analysis taking into account the combined effect of the reform and the potential consequences of the health crisis, the European Commission opted to apply the new capital requirements to EU banks as of 1 January 2025, with a phase-in period during which the requirements will be gradually increased through 2030 (and 2032 for certain requirements).

BNPPF is subject to extensive and evolving regulatory regimes in the jurisdictions in which it operates. BNPPF faces the risk of changes in legislation or regulation in all of the countries in which it operates, including, but not limited to, the following:

- (i) monetary, liquidity, interest rate and other policies of central banks and regulatory authorities;
- (ii) changes in government or regulatory policy that may significantly influence investor decisions, in particular in the markets in which BNPPF operates;
- (iii) changes in regulatory requirements applicable to the financial industry, such as rules relating to applicable governance, remunerations, capital adequacy and liquidity frameworks, restrictions on activities considered as speculative and recovery and resolution frameworks;

- (iv) changes in securities regulations as well as in financial reporting, disclosure and market abuse regulations;
- (v) changes in the regulation of certain types of transactions and investments, such as derivatives and securities financing transactions and money market funds;
- (vi) changes in the regulation of market infrastructures, such as trading venues, central counterparties, central securities depositories, and payment and settlement systems;
- (vii) changes in the regulation of payment services, crowdfunding and fintech;
- (viii) changes in the regulation of protection of personal data and cybersecurity;
- (ix) changes in tax legislation or the application thereof;
- (x) changes in accounting norms;
- (xi) changes in rules and procedures relating to internal controls, risk management and compliance; and
- (xii) expropriation, nationalisation, price controls, exchange controls, confiscation of assets and changes in legislation relating to foreign ownership.

These changes, the scope and implications of which are highly unpredictable, could substantially affect BNPPF and have an adverse effect on its business, financial condition and results of operations. Certain reforms not directed specifically at financial institutions, such as measures relating to the funds industry or promoting technological innovation (such as open data projects), could facilitate the entry of new players in the financial services sector or otherwise affect BNPPF's business model, competitiveness and profitability, which could in turn affect its financial condition and results of operations.

BNPPF may incur substantial fines and other administrative and criminal penalties for non-compliance with applicable laws and regulations, and may also incur losses in related (or unrelated) litigation with private parties (Global Criticality: Medium)

BNPPF is exposed to regulatory compliance risk, *i.e.*, the failure to comply fully with the laws, regulations, codes of conduct, professional norms or recommendations applicable to the financial services industry. This risk is exacerbated by the adoption by different countries of multiple and occasionally diverging and even conflicting legal or regulatory requirements. Besides damage to BNPPF's reputation and private rights of action (including class actions), non-compliance could lead to material legal proceedings, fines and expenses (including fines and expenses in excess of recorded provisions), public reprimand, enforced suspension of operations or, in extreme cases, withdrawal by the authorities of operating licenses. This risk is further exacerbated by continuously increasing regulatory scrutiny of financial institutions as well as substantial increases in the quantum of applicable fines and penalties. Moreover, litigation by private parties against financial institutions has substantially increased in recent years. Accordingly, BNPPF faces significant legal risk in its operations, and the volume and amount of damages claimed in litigation, regulatory proceedings and other adversarial proceedings against financial services firms have substantially increased in recent years and may increase further. BNPPF may record provisions in this respect as indicated in the BNPPF 2022 Annual Report, under the chapter entitled "Notes to the Consolidated Financial Statements 2022", in particular note 4. "Notes to the balance sheet at 31 December 2022" and note 4n. "Provisions for contingencies and charges".

In this respect, on 30 June 2014 the BNP Paribas Group entered into a series of agreements with, and was the subject of several orders issued by, U.S. federal and New York state government agencies and regulatory authorities in settlement of investigations into violations of U.S. laws and regulations regarding economic sanctions. The BNP Paribas Group remains subject to increased scrutiny by regulatory authorities (including

via the presence of an independent consultant within the BNP Paribas Group) who are monitoring its compliance with a remediation plan agreed with them.

BNPPF is currently involved in various litigation and investigations as summarised in the note to its consolidated financial statements for the period ended 31 December 2022 (see the BNPPF 2022 Annual Report, under the chapter entitled "Notes to the Consolidated Financial Statements 2022", in particular note 7. "Additional information" and note 7.a "Contingent liabilities: legal proceedings and arbitration"). It may become involved in further such matters at any point. No assurance can be given that an adverse outcome in one or more of such matters would not have a material adverse effect on BNPPF's operating results for any particular period.

BNPPF could experience an unfavourable change in circumstances, causing it to become subject to a resolution proceeding; holders of securities of BNPPF could suffer losses as a result (Global Criticality: Low)

The BRRD, SRM Regulation and the law of 25 April 2014, confer upon the NBB or the SRB the power to commence resolution proceedings for a banking institution, such as BNPPF, with a view to ensure the continuity of critical functions, to avoid the risks of contagion and to recapitalise or restore the viability of the institution. These powers are to be implemented so that, subject to certain exceptions, losses are borne first by shareholders, then by holders of additional capital instruments qualifying as Tier 1 and Tier 2 (such as subordinated bonds), then by the holders of non-preferred senior debt and finally by the holders of senior preferred debt, all in accordance with the order of their claims in normal insolvency proceedings. For reference, BNPPF's medium- to long-term wholesale financing at 31 December 2021 consisted of the following: EUR 0.7 billion in hybrid Tier 1 debt, EUR 1 billion in Tier 2 subordinated debt, EUR 1.9 billion in subordinated debt not recognised in Tier 2, EUR 2.0 billion in structured notes and EUR 8.3 billion in other senior unsecured debt. As of 31 December 2022, the financing consisted of the following: EUR 0.5 billion in hybrid Tier 1 debt, EUR 1 billion in Tier 2 subordinated debt, EUR 1.8 billion on subordinated debt not recognised in Tier 2, EUR 1.7 billion in structured notes and EUR 8.3 billion in other senior unsecured debt.

Resolution authorities have broad powers to implement resolution measures with respect to institutions and groups subject to resolution proceedings, which may include (without limitation): the total or partial sale of the institution's business to a third party or a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, the full or partial write down of capital instruments, the dilution of capital instruments through the issuance of new equity, the full or partial write down or conversion into equity of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), discontinuing the listing and admission to trading of financial instruments, the dismissal of managers or the appointment of a special manager (*administrateur spécial*).

Certain powers, including the full or partial write down of capital instruments, the dilution of capital instruments through the issuance of new equity, the full or partial write down or conversion into equity of additional capital instruments qualifying as Tier 1 and Tier 2 (such as subordinated bonds), can also be exercised as a precautionary measure, outside of resolution proceedings and/or pursuant to the European Commission's State Aid framework if the institution requires exceptional public financial support.

The implementation of these tools and powers with respect to BNPPF may result in significant structural changes to BNPPF (including as a result of asset or business sales or the creation of bridge institutions) and in a partial or total write down, modification or variation of claims of shareholders and creditors. Such powers may also result, after any transfer of all or part of BNPPF's business or separation of any of its assets, in the holders of securities (even in the absence of any such write down or conversion) being left as the creditors of BNPPF whose remaining business or assets are insufficient to support the claims of all or any of the creditors of the BNP Paribas Group.

Risks related to BNPPF's growth in its current environment

BNPPF's current environment may be affected by the intense competition amongst banking and non-banking operators, which could adversely affect BNPPF's revenues and profitability (Global Criticality: Medium)

Competition is intense in all of BNPPF's primary business areas in Belgium and the other countries in which it conducts a substantial portion of its business, including other European countries and the United States. Competition in the banking industry could intensify as a result of consolidation in the financial services area, as a result of the presence of new players in the payment and the financing services area or the development of crowdfunding platforms, as well as the continuing evolution of consumer habits in the banking sector. New technologies that facilitate or transform transaction processes and payment systems, such as blockchain technologies and related services, or that could significantly impact the fundamental mechanisms of the banking system, such as central bank digital currencies ("CBDC"), have been developed in recent years or could be developed in the near future. While it is difficult to predict the effects of these developments and the regulations that apply to them, the use of such technology could nevertheless reduce the market share of banks, including BNPPF, secure investments that otherwise would have used technology used by more established financial institutions, such as BNPPF or, more broadly, lead to the emergence of a different monetary system in which the attractiveness of using established financial institutions, such as BNPPF, would be affected. If such developments continue to gain momentum, particularly with the support of governments and central banks, and if BNPPF is unable to respond to the competitive environment in Belgium or in its other major markets by offering more attractive, innovative and profitable product and service solutions than those offered by current competitors or new entrants or if some of these activities were to be carried out by institutions other than banks, it may lose market share in key areas of its business or incur losses on some or all of its activities. In addition, downturns in the economies of its principal markets could add to the competitive pressure, through, for example, increased price pressure and lower business volumes for BNPPF and its competitors. It is also possible that the imposition of more stringent requirements (particularly capital requirements and business restrictions) on large or systemically significant financial institutions, that new players may not be subject to, could lead to distortions in competition in a manner adverse to large private sector institutions such as BNPPF.

BNPPF could experience business disruption and losses due to climate change risks such as transition risks, physical risks or liability risks (Global Criticality: Low)

BNPPF is exposed to risks related to climate change, either directly through its own operations or indirectly through its financing and investment activities. There are two main types of risks related to climate change: (i) transition risks, which result from changes in the behaviour of economic and financial actors in response to the implementation of energy policies or technological changes; (ii) physical risks, which result from the direct impact of climate change on people and property through extreme weather events or long-term risks such as rising water levels or increasing temperatures. In addition, liability risks may arise from both categories of risk. They correspond to the damages that a legal entity would have to pay if it were found to be responsible for global warming. BNPPF is progressively integrating the assessment of these risks into its risk management system. The BNP Paribas Group monitors these risks in the conduct of its business, in the conduct of its counterparties' business, and in its investments on its own behalf and on behalf of third parties. In this respect, the specific credit policies and the General Credit Policy have been enhanced since 2012 and 2014, respectively, with the addition of relevant clauses in terms of social and environmental responsibility. In addition, sector-specific policies and policies excluding certain environmental, social and governance sectors from financing have also been put in place. In 2019, as part of the fight against climate change, the BNP Paribas Group made new commitments to reduce its exposure to thermal coal to zero by 2030 in the European Union and by 2040 for the rest of the world. The BNP Paribas Group also supports its clients, both individuals and businesses, in their transition to a low-carbon economy. The BNP Paribas Group also aims to reduce the environmental footprint of its own operations. Despite the actions taken by the BNP Paribas Group to monitor risks and combat climate change, physical, transition or liability risks related to climate change could disrupt business or lead to losses.

Changes in certain holdings in credit or financial institutions could have an impact on BNPPF's financial position (Global Criticality: Low)

Certain classes of assets may carry a high risk-weight of 250%. These assets include: credit or financial institutions consolidated under the equity method within the prudential scope (excluding insurance); significant financial interest in credit or financial institutions in which BNPPF holds a stake of more than 10%; and deferred tax assets that rely on future profitability and arise from temporary differences.

The risk-weighted assets carrying a risk-weight of 250% amounted to EUR 6.4 billion at 31 December 2022, or 5.2% of the total risk-weighted assets of BNPPF. If BNPPF increases the amount of heavy risk-weighted assets (either by increasing the proportion of such heavy risk-weighted assets in its overall asset portfolio or due to an increase of the regulatory risk-weighting applicable to these assets), its capital adequacy ratios may be lowered.

2. Risks relating to the Mortgage Pandbrieven

Risks related to Mortgage Pandbrieven in general.

The risk factors below include a summary description of certain risks relating to the Mortgage Pandbrieven in general:

The Issuer may redeem the Mortgage Pandbrieven prior to their stated maturity, subject to certain conditions

The Conditions provide for an early redemption of the Mortgage Pandbrieven in the case of an illegality or tax gross-up. Investors willing to reinvest the funds received in such case may face reinvestment risk in light of the available investment opportunities at such time. Investors may only be able to reinvest in securities with a lower yield than the redeemed Mortgage Pandbrieven.

Moreover, following the opening of Winding-up Proceedings against the Issuer, the Cover Pool Administrator may in certain circumstances proceed with the liquidation of the Special Estate and early redemption of the Mortgage Pandbrieven (see section “Realisation of the Special Estate and Sale of Cover Assets” below). There is a risk that, in such circumstances, the proceeds from the liquidation of the Special Estate will not be sufficient to cover the Early Redemption Amount due under the Mortgage Pandbrieven and that Mortgage Pandbrieven Holders or the Mortgage Pandbrieven Holders’ Representative on their behalf will have to introduce a contingent unsecured claim against the Issuer’s general bankruptcy estate in order to preserve their recourse against the General Estate.

Mortgage Pandbrieven issued under the Programme will either be fungible with an existing Series of Mortgage Pandbrieven or have different terms to any existing Series of Mortgage Pandbrieven (in which case they will constitute a new Series). All Mortgage Pandbrieven will rank *pari passu* and *pro rata* without any preference or priority among themselves, irrespective of their Series.

Following the occurrence of an Event of Default and service by the Mortgage Pandbrieven Holders’ Representative of a Notice of Default, the Mortgage Pandbrieven of all outstanding Series will become immediately due and payable against the Issuer.

Tax laws of the investors’ jurisdiction and of the Issuer’s jurisdiction may have an impact on the value and liquidity of and return on the Mortgage Pandbrieven

This Base Prospectus includes general summaries of the Belgian tax considerations relating to an investment in the Mortgage Pandbrieven. Such summaries may not apply to a particular Mortgage Pandbrieven Holder or to a particular issue and do not cover all possible tax considerations. In addition, the tax treatment may change before the maturity of Mortgage Pandbrieven. Any potential investor

should consult its own independent tax adviser for more information about the tax consequences of acquiring, owning and disposing of Mortgage Pandbrieven in its particular circumstances.

Credit ratings

Mortgage Pandbrieven issued under the Programme may be rated or unrated and one or more independent credit rating agencies may assign (additional) credit ratings to the Mortgage Pandbrieven or the Issuer. Where a Tranche of Mortgage Pandbrieven is rated, such rating will not necessarily be the same as the ratings assigned to other Tranches or Series of Mortgage Pandbrieven.

If applicable, the expected credit ratings of the Mortgage Pandbrieven is (are) set out in the applicable Final Terms for each Series of Mortgage Pandbrieven. In addition to issuing Mortgage Pandbrieven that are rated, the Issuer may also issue Mortgage Pandbrieven which are unrated. Credit rating agencies may also assign (additional) credit rating to the Mortgage Pandbrieven on an unsolicited basis.

There is no guarantee that ratings will be assigned or maintained. If any credit rating assigned to the Mortgage Pandbrieven is lowered or withdrawn, the market value of the Mortgage Pandbrieven may reduce.

Liabilities under the Mortgage Pandbrieven

The Mortgage Pandbrieven will be solely obligations of the Issuer. The Issuer will be liable solely in its corporate capacity for its obligations in respect of the Mortgage Pandbrieven and such obligations will not be the obligations of its respective officers, members, directors, employees, security holders or incorporators.

The Mortgage Pandbrieven will not be obligations or responsibilities of, or guaranteed by, any other entity or person than the Issuer, in whatever capacity acting, including (without limitation) the Mortgage Pandbrieven Holders' Representative, the Cover Pool Monitor, the Cover Pool Administrator, the Competent Authority, the Agents, the Hedging Counterparties, the Arrangers, or the Dealers or any of their officers, members, directors, employees, security holders or incorporators. None of the Arrangers, the Dealers, the Hedging Counterparties, the Mortgage Pandbrieven Holders' Representative, the Cover Pool Monitor, the Agents, the Cover Pool Administrator, the Competent Authority, any company in the same group of companies as such entities or any other party to the Programme Documents will accept any liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Mortgage Pandbrieven.

Modifications and waivers under the Mortgage Pandbrieven and the Programme Documents without Mortgage Pandbrieven Holders' consent

Pursuant to the Conditions and the terms of the Mortgage Pandbrieven Holders Representative Agreement, the Mortgage Pandbrieven Holders' Representative may, without the consent or sanction of any of the Mortgage Pandbrieven Holders or any of the other Other Cover Pool Creditors, agree to modifications and waivers under the Mortgage Pandbrieven and the Programme Documents consent if:

- (a) the Mortgage Pandbrieven Holders' Representative is of the opinion that the proposed amendment or waiver will not be materially prejudicial to the interests of any of the Mortgage Pandbrieven Holders of any Series; or
- (b) such proposed amendment or waiver is of a formal, minor or technical nature; or
- (c) the modification in the opinion of the Mortgage Pandbrieven Holders' Representative is to correct a manifest error or to comply with mandatory provisions of law; or

- (d) such modification or amendment would cause such Programme Document to better reflect or comply with the provisions and requirements of the Belgian Covered Bond Regulations.

Furthermore, the Conditions contain provisions for calling meetings of Mortgage Pandbrieven Holders to consider matters affecting their interests generally, including modifications to the Conditions and the Programme Documents. These provisions permit defined majorities to bind all Mortgage Pandbrieven Holders including Mortgage Pandbrieven Holders who did not attend and vote at the relevant meeting and Mortgage Pandbrieven Holders who voted in a manner contrary to the majority.

In addition, pursuant to Condition 4.2(h) (*Benchmark replacement*), if a Benchmark Event occurs, certain changes may be made to the interest calculation and related provisions of Floating Rate Mortgage Pandbrieven, as well as the Agency Agreement in the circumstances and as otherwise set out in such Condition, without the consent or approval of the Mortgage Pandbrieven Holders.

Certain decisions of Mortgage Pandbrieven Holders need to be taken at Programme level

A resolution to direct the Mortgage Pandbrieven Holders' Representative to start any enforcement action must be taken by way of an Extraordinary Resolution passed at a single meeting of all Mortgage Pandbrieven Holders of all Series then outstanding.

Limited liquidity in the secondary market in Mortgage Pandbrieven

A secondary market for Mortgage Pandbrieven may not continue for the maturity of the Mortgage Pandbrieven or it may not provide Mortgage Pandbrieven Holders with liquidity of investment with the result that a Mortgage Pandbrieven Holder may not be able to find a buyer to buy its Mortgage Pandbrieven readily or at prices that will enable the Mortgage Pandbrieven Holder to realise a desired yield.

The Issuer may, but is not obliged to, list an issue of Mortgage Pandbrieven on a stock exchange, regulated market or a multilateral trading facility (MTF). If Mortgage Pandbrieven are not listed or traded on any stock exchange, regulated market or MTF, pricing information for the relevant Mortgage Pandbrieven may be more difficult to obtain and the liquidity of such Mortgage Pandbrieven may be adversely affected, and therefore the price of the Mortgage Pandbrieven could be affected by their limited liquidity.

If Mortgage Pandbrieven are not listed or traded on a stock exchange, regulated market or MTF, they may be traded on trading systems governed by the laws and regulations in force from time to time (e.g. multilateral trading systems) or in other trading systems (e.g. bilateral systems, or equivalent trading systems). In the event that trading in such Mortgage Pandbrieven takes place outside any such stock exchange, regulated market or MTF, the manner in which the price of such Mortgage Pandbrieven is determined may be less transparent and the liquidity of such Mortgage Pandbrieven may be adversely affected. Investors should note that the Issuer does not grant any warranty to Mortgage Pandbrieven Holders as to the methodologies used to determine the price of Mortgage Pandbrieven which are traded outside a trading system, however, where the Issuer or any of its affiliates determines the price of such Mortgage Pandbrieven, it will take into account the market parameters applicable at such time in accordance with applicable provisions of law. Even if Mortgage Pandbrieven are listed and/or admitted to trading, this will not necessarily result in greater liquidity.

Each of the Issuer and any Dealer may, but is not obliged to, at any time purchase Mortgage Pandbrieven at any price in the open market or by tender or private agreement. Any Mortgage Pandbrieven so purchased may be held or resold or surrendered for cancellation. If any Mortgage Pandbrieven are redeemed in part, then the number of Mortgage Pandbrieven outstanding will decrease, which will reduce liquidity for the outstanding Mortgage Pandbrieven. Any such activities may have an adverse

effect on the price of the relevant Mortgage Pandbrieven in the secondary market and/or the existence of a secondary market.

Any Dealer or any of its affiliates may, but is not obliged to, be a market maker, liquidity provider, specialist or bid intermediary, for an issue of Mortgage Pandbrieven. Even if a Dealer is a market-maker, liquidity provider, specialist or bid intermediary for an issue of Mortgage Pandbrieven, the secondary market for such Mortgage Pandbrieven may be limited and there is no assurance given as to the price offered by a market-maker, liquidity provider, specialist or bid intermediary or the impact of any such quoted prices on those available in the wider market and any such activities may be affected by legal restrictions in certain jurisdictions.

The appointment of an entity acting as a market maker, liquidity provider, specialist or bid intermediary with respect to the Mortgage Pandbrieven, may, under certain circumstances, have a relevant impact on the price of the Mortgage Pandbrieven in the secondary market.

If it is possible to sell Mortgage Pandbrieven, they would be sold for the prevailing bid price in the market and may be subject to a transaction fee. The prevailing bid price may be affected by several factors including prevailing interest rates at the time of sale, the time remaining to the stated maturity date, the creditworthiness of the Issuer and factors affecting the capital markets generally. The introduction of additional or competing products in the market may also have a negative effect on the price of any Mortgage Pandbrieven. It is therefore possible that an investor selling Mortgage Pandbrieven in the secondary market may receive substantially less than their original purchase price.

Limited liquidity in the secondary market may continue to have a severe adverse effect on the market value of debt securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. Consequently, an investor in the Mortgage Pandbrieven may not be able to sell its Mortgage Pandbrieven readily. The market values of the Mortgage Pandbrieven are likely to fluctuate and may be difficult to determine. Any of these fluctuations may be significant and could result in significant losses to such investor.

In addition, the forced sale into the market of debt securities held by structured investment vehicles, hedge funds, issuers of collateralised debt obligations and other similar entities that are experiencing funding difficulties could adversely affect an investor's ability to sell, and/or the price that an investor receives for the Mortgage Pandbrieven in the secondary market.

Reference Rates and Benchmark

Reference Rates and indices, including interest rate benchmarks, such as the Euro Interbank Offered Rate (**EURIBOR**), which are used to determine the amounts payable under financial instruments or the value of such financial instruments (**Benchmark**), are the subject of national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms and changes may cause a Benchmark to perform differently than it has done in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the Floating Rate Mortgage Pandbrieven referencing or linked to such Benchmark.

The discontinuation of any Benchmark, changes in the manner of administration of any Benchmark, or any other Benchmark Event could require or result in an adjustment to the interest calculation and related provisions of the Conditions as well as the Agency Agreement (as further described in Condition 4.2(h) (*Benchmark replacement*)), or result in adverse consequences to holders of any Mortgage Pandbrieven linked to such Benchmark. Furthermore, even prior to the implementation of any changes,

uncertainty as to the nature of alternative reference rates and as to potential changes to a Benchmark may adversely affect such Benchmark during the term of the relevant Mortgage Pandbrieven.

Mortgage Pandbrieven with an Extended Maturity Date.

To the extent an Extended Maturity Date is applicable in respect of a Series of Mortgage Pandbrieven, the Mortgage Pandbrieven Holders are subject to an extension risk.

The Final Terms applicable to a Series of Mortgage Pandbrieven may provide that the obligations of the Issuer to redeem the Mortgage Pandbrieven on the Maturity Date may be deferred until the Extended Maturity Date.

Pursuant to Article 13/1, §2, 2nd par. of Annex III to the Banking Law, an extension of the maturity date may not result in a change of the sequence of the maturity dates of the Series of the Programme. Therefore, the **Extended Maturity Date** in respect of any Series of Mortgage Pandbrieven (the **Relevant Mortgage Pandbrieven**) shall be the earlier of (i) the Extended Maturity Date as specified in the applicable Final Terms and (ii) the maturity date (as extended, if applicable) of any other Series of Mortgage Pandbrieven falling after the original Maturity Date of the Relevant Mortgage Pandbrieven.

Pursuant to the Belgian Covered Bond Regulations, the Extended Final Maturity Date specified in the applicable Final Terms shall not be later than one year after the original Maturity Date.

The relevant Extension Trigger Event will be specified in the applicable Final Terms and can be one or any combination of Failure To Pay and/or Liquidation Or Resolution (each as defined in Condition 6.2 (*Extension of Maturity Date*)).

If an Extension Trigger Event as specified in the applicable Final Terms occurs, the Issuer (or, in case of a liquidation procedure (as defined in Article 3, 59° of the Banking Law) or resolution (as defined in Article 3, 55° of the Banking Law) in respect of the Issuer, the Cover Pool Administrator) may extend the applicable original Maturity Date to the applicable Extended Maturity Date (and the obligation of the Issuer to redeem the relevant Mortgage Pandbrieven shall be deferred accordingly) in accordance with the provisions of Condition 6.2 (*Extension of Maturity Date*) and in each case subject to Article 13/1 of Annex III to the Banking Law.

Notwithstanding such extension, the Issuer shall be entitled to pay, in whole or in part, any amount representing the Final Redemption Amount remaining unpaid on the relevant Maturity Date, on any Interest Payment Date after the original Maturity Date up to (and including) the Extended Maturity Date (provided that it will in any event have to be paid in full on the relevant Extended Maturity Date). If on any such Interest Payment Date, the Issuer pays only a part of the Final Redemption Amount, this repaid amount will be apportioned to the Mortgage Pandbrieven Holders pro rata the Principal Amount Outstanding of their Mortgage Pandbrieven. The payment of the (remaining) Final Redemption Amount shall become due and payable on the Extended Final Maturity Date of the relevant Series, as specified in the applicable Final Terms.

In the event the maturity of the Final Redemption Amount is extended from the applicable Maturity Date until the Extended Maturity Date, the Mortgage Pandbrieven Holders shall not be entitled to accelerate the Mortgage Pandbrieven or to take any action against the Issuer and the Special Estate. The amount unpaid under the Mortgage Pandbrieven will continue to accrue interest up to the Extended Maturity Date or, if redeemed earlier in full, on such Interest Payment Date on which the Mortgage Pandbrieven are redeemed in full, in accordance with the Conditions and the Issuer will make payments of accrued interest on each relevant Interest Payment Date up to (and including) the Extended Maturity Date or, if redeemed earlier in full, on such Interest Payment Date on which the Mortgage Pandbrieven

are redeemed in full, until the Final Redemption Amount is paid in full. Unless otherwise set out in the applicable Final Terms of the relevant Series, no other amount is payable as a result of the extension of the Maturity Date being triggered.

It should be noted that an extension of the maturity of a particular Series of Mortgage Pandbrieven will not automatically result in an extension of the maturity date of any other Series.

3. Risks relating to the Special Estate and the Cover Assets

The risk factors below include a summary description of certain risks relating to the Mortgage Pandbrieven, more specifically in relation to the Special Estate.

Liquidity risk

The maturity and amortisation profile of the Cover Assets may not match the repayment profile and maturities of the Mortgage Pandbrieven.

In order to comply with the Covered Bond Regulations the Programme needs to incorporate solutions addressing this liquidity risk. The Liquidity Test set out in Article 7 § 1 of the Covered Bonds Royal Decree in particular requires that the Special Estate must contain sufficient liquid and available Cover Assets to provide a liquidity buffer in order to enable the Issuer to cover the net liquidity outflows of the relevant Programme at any time, as well as the maximum amount of the sum of the net liquidity outflows calculated over a six month period. If an Extended Maturity Date is specified in the applicable Final Terms for a Series of Mortgage Pandbrieven, then such Extended Maturity Date (instead of the original Marurity Date) will be taken into account when determining the net liquidity outflow.

Under the Programme, the Issuer may address liquidity risk and ensure compliance with the Liquidity Test by entering into a liquidity facility (provided the counterparty is a credit institution outside the group that satisfies certain credit quality requirements) or by holding Cover Assets with a short-term amortisation profile or liquid assets such as cash. The Conditions include an undertaking of the Issuer with regard to liquidity of the Special Estate (see Condition 2.6 (c)).

Characteristics of the Cover Assets in the Special Estate are subject to change

There is no assurance that the characteristics allocated to the Cover Assets to the Special Estate on the Issue Date of a Series of Mortgage Pandbrieven will remain the same on any date thereafter. It is expected that the composition of the Special Estate will change frequently as a result of additions, removals and/or substitutions of Cover Assets. Cover Assets will however need to satisfy the requirements of Covered Bond Regulations.

Mortgage Pandbrieven Holders will not receive detailed information or statistics on the Cover Assets in the Special Estate other than the information included in the Investor Report, in accordance with Article 15/1 of Annex III to the Banking Law and Article 12 of the Covered Bonds Royal Decree. The Cover Pool Monitor shall at least once a month verify whether the Statutory Tests and the requirements in relation to the Cover Register are met. The Cover Pool Monitor shall immediately inform the NBB if it establishes that the Issuer no longer satisfies the requirements. At the end of each accounting year of the Issuer, the Cover Pool Monitor shall furthermore deliver a report to the NBB including the result of its monitoring duties and confirming whether the Mortgage Pandbrieven in all material respects comply with the requirement of the Covered Bond Regulations in terms of (i) the qualitative requirements and valuation of the Cover Assets, (ii) compliance with the Statutory Tests, and (iii) the correct registration of Cover Assets in the Cover Register.

Factors that may impact the realisable value of the Cover Assets and the Special Estate

The Mortgage Pandbrieven Holders together with the Other Cover Pool Creditors will have an exclusive recourse against the Special Estate. The value of the Special Estate may vary over time, as the economic value of the Cover Assets may increase or decrease. The Issuer makes no representation, warranty or guarantee that the value of the Cover Assets will remain at the same level as it was on the date of the origination of the related Residential Mortgage Loan or at any other time. Although the Statutory Tests (and the Issuer's obligations to remedy breaches of the Statutory Tests) are intended to ensure that the

value of the Special Estate as determined in accordance with the Belgian Covered Bond Regulations is greater than the Principal Amount Outstanding of the Mortgage Pandbrieven covered by the Special Estate, no assurance can be given that the Issuer will at all times (be able to) do so at the time of realisation and that the Cover Assets could be realised for sufficient value to enable the Issuer to meet its obligations under the Mortgage Pandbrieven.

Below is a description of certain factors that may adversely impact the realisable value of Residential Mortgage Loans registered as Cover Assets and their Related Security comprising part of the Special Estate.

Payments on Residential Mortgage Loans are subject to credit, liquidity and interest rate risks

Payments on the Residential Mortgage Loans are subject to credit, liquidity and interest rate risks. This may be due to general economic factors such as market interest rates, inflation, changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws and regulatory changes and developments. Also individual factors related to the Borrower (such as loss of earnings, illness, divorce and other similar factors) and its financial standing may lead to an increase in filings for a collective debt arrangement or bankruptcy proceedings by Borrowers and delinquencies. Each of these factors may have an adverse impact on the ability of Borrowers to repay their Residential Mortgage Loan and could reduce the value of the Residential Mortgage Loans (and potential losses) in case the Special Estate would need to be liquidated. The ultimate effect of this could be to delay or reduce the payments on the Mortgage Pandbrieven.

Risks of losses associated with declining real estate values and geographical concentration of the Residential Mortgage Loans

The value of the Residential Mortgage Loans included as Cover Assets in the Special Estate may be affected by, among other things, a decline in property values of the real estate securing such Residential Mortgage Loans. Certain geographic regions may thereby be subject to weaker regional conditions and housing markets than others. Although Borrowers are located throughout Belgium, the Borrowers may be concentrated in certain locations. No assurance can be given that property values will remain at the level at which they were on the date of origination of the relevant Residential Mortgage Loans.

A decline in such property values may result in losses under the Residential Mortgage Loans if the mortgages securing such loans are required to be enforced. A concentration of Borrowers in weaker performing regions areas may furthermore result in a greater risk of loss than would be the case if such concentration had not been present.

Changes to the origination criteria of the Issuer

The Residential Mortgage Loans are originated in accordance with the Issuer's origination criteria at the time of origination. Such origination criteria will generally consider, inter alia, type of property, term of loan, age of applicant, the loan-to-value ratio, status of applicant and credit history. The Issuer retains the right to revise its origination criteria from time to time but it would only do so if such a change would be required in accordance with applicable laws and regulations or acceptable to a reasonable, prudent mortgage lender. If the origination criteria change in a manner that results in the Issuer applying more flexible acceptance criteria for Residential Mortgage Loans, this may lead to increased delinquencies and defaults under the Residential Mortgage Loans and may affect the realisable value of the Special Estate, or part thereof. This may in turn impact on the ability of the Issuer to make payments under the Mortgage Pandbrieven.

Realisation of the Special Estate and Sale of Cover Assets

Realisation of the Special Estate may occur in the following circumstances:

- (a) the Issuer, or upon its appointment by the NBB, the Cover Pool Administrator may need to liquidate the Special Estate in whole or in part in order to repay the Mortgage Pandbrieven Holders upon the occurrence of an Event of Default and the service of a Notice of Default by the Mortgage Pandbrieven Holders' Representative;
- (b) following the initiation of winding-up proceedings against the Issuer and the appointment of the Cover Pool Administrator by the NBB, the Cover Pool Administrator may subject to approval of the NBB and after consultation with the Mortgage Pandbrieven Holders' Representative, proceed with the liquidation of the Special Estate in order to repay the Mortgage Pandbrieven Holders to the extent the Cover Assets are not sufficient or risk not being sufficient to satisfy the obligations under the Mortgage Pandbrieven; or
- (c) following the initiation of winding-up proceedings against the Issuer and the appointment of the Cover Pool Administrator by the NBB, the Cover Pool Administrator may after consultation with the NBB and the Mortgage Pandbrieven Holders' Representative, proceed with the liquidation of the Special Estate in whole or in part and the repayment of the Mortgage Pandbrieven Holders when a decision (by simple majority) to that effect has been taken at a meeting of Mortgage Pandbrieven Holders at which at least two thirds of the principal amount of all Mortgage Pandbrieven of all Series is represented.

There is no assurance that in case of such realisation of the Special Estate, the liquidation proceeds will be sufficient to pay all amounts due to the Mortgage Pandbrieven Holders and the Other Cover Pool Creditors under and in relation to the Mortgage Pandbrieven and the Programme Documents in accordance with the applicable Priority of Payments (See also "*Factors that may impact the realisable value of the Cover Assets and the Special Estate*" below). The Mortgage Pandbrieven may therefore be repaid sooner or later than expected or not at all.

Following its appointment, the Cover Pool Administrator, or any person appointed by the Cover Pool Administrator, will furthermore sell or be entitled to sell, in whole or in part, the Cover Assets in order to help satisfy the Issuer's obligations in respect of the Mortgage Pandbrieven. Any such transaction that entails or risks to entail that the Cover Tests, the Liquidity Test or the contractual provisions can no longer be fulfilled, will require the prior approval of the NBB and of the Mortgage Pandbrieven Holders' Representative.

There is no guarantee that the Cover Pool Administrator will be able to sell in whole or in part the Cover Assets as the Cover Pool Administrator may not be able to find a buyer at the time it chooses to sell.

Security interest securing both Cover Assets and cover assets of other special estate(s)

Most of the Residential Mortgage Loans are secured by a Mortgage which is used to also secure all other amounts which the Borrower owes or in the future may owe to the Issuer (*alle sommen hypotheek/hypothèque pour toute somme*) (an **All Sums Mortgage**).

Pursuant to Article 81*quinquies* of the Belgian act on mortgages (*hypotheekwet/loi hypothécaire*) (the **Mortgage Act**) a receivable secured by an All Sums Mortgage which is registered in the Cover Register shall, in respect of such mortgage, (i) rank in priority to any receivable which arises after the date of the registration and (ii) have equal ranking with loans or debts which existed at the time of the registration, unless stipulated otherwise in the issue conditions.

Other Mortgage Loans have been originated under credit facilities which have the form of a revolving facility (*kredietopening / ouverture de crédit*) (a **Credit Facility**). The Mortgage that is granted as

security for this type of loans is used to secure all advances (*voorschotten / avances*) made available under such Credit Facility. In many cases the Mortgage that is created in respect of this type of loans is in addition to all other amounts which the Borrower owes or in the future may owe to the Issuer.

Pursuant to Article 81^{quater} of the Mortgage Act, an advance granted under a revolving facility secured by a mortgage can be registered in the Cover Register. Such advance will benefit from the privileges and mortgages securing the revolving facility. The advance registered in the Cover Register shall, in respect of the mortgage securing the revolving facility, (i) rank in priority to further advances that are granted after the date of registration and (ii) have equal ranking with other advances which existed at the time of the registration, unless stipulated otherwise in the issue conditions.

If a security interest (including any mortgage and mortgage mandate) secures both Cover Assets and cover assets of other special estate(s) of the Issuer, proceeds from the enforcement of any such security interest shall be applied *pari passu* and *pro rata* to satisfy the obligations in relation to the different special estates of the Issuer.

Transfer of the Special Estate in case of distress

The Competent Authority may designate the Cover Pool Administrator in the circumstances set out in Article 8 of Annex III to the Banking Law and in accordance with the Cover Pool Administrator Royal Decree (as defined in Section 4 *Summary of the Belgian Covered Bond Regulations*). If bankruptcy proceedings are initiated against the Issuer, the Cover Pool Administrator may, subject to approval of the Competent Authority and following consultation with the Mortgage Pandbrieven Holders' Representative, transfer the Special Estate (i.e. all its assets and liabilities) and its management to an institution which will be entrusted with the continued performance of the obligations to the Mortgage Pandbrieven Holders in accordance with the Conditions (and the applicable Final Terms) and the Belgian Covered Bond Regulations.

The rights of the Mortgage Pandbrieven Holders against the Special Estate will be maintained and will follow the Special Estate on any such transfer. In similar vein, Book II, Titel VIII of the Banking Law entitles the National Resolution Authority to take resolution action in relation to any failing credit institution. Such resolution action may, amongst other things, result in a transfer of assets and liabilities or branches of activity of a credit institution, which may include the Special Estate. Article 6/1 of Annex III to the Banking law specifies that, in the case of such a transfer, the claims of the Mortgage Pandbrieven Holders and Other Creditors shall be maintained and transferred together with the Special Estate's Cover Assets. Investors should be aware that in such circumstances, the obligor under the Mortgage Pandbrieven will be the institution to which the Special Estate is transferred.

Other Cover Pool Creditors and subordination

Certain other creditors of the Issuer acting in relation to the issuance of Mortgage Pandbrieven also have, in accordance with the Conditions and the Belgian Covered Bond Regulations, recourse against the Special Estate. These include the Mortgage Pandbrieven Holders' Representative, the Cover Pool Monitor, any Hedging Counterparty, any Liquidity Facility Provider, the Cover Pool Administrator as well as any of the other Other Cover Pool Creditors (as defined in Condition 1 (*Interpretation*)). In accordance with the Priority of Payments (see Condition 9 (*Priority of Payments*)), the claims of the Mortgage Pandbrieven Holders may thereby be subordinated to the claims of the Cover Pool Administrator, the Cover Pool Monitor, the Agents, the Registrar, the Mortgage Pandbrieven Holders' Representative, the Operational Creditors and any Hedging Counterparty and any Liquidity Facility Provider (subject to certain exceptions). As a result, it is possible that none or only part of the proceeds of the Special Estate are available to satisfy amounts due and payable to the Mortgage Pandbrieven Holders.

This risk is to some extent mitigated by the Statutory Tests (see “*General Description of the Mortgage Pandbrieven*” below).

Mortgage Pandbrieven Holders may not immediately accelerate the Mortgage Pandbrieven upon a breach of the Statutory Tests or the Issuer’s bankruptcy

Mortgage Pandbrieven Holders should be aware that the breach of the Statutory Tests, the non-compliance of the Issuer with the Belgian Covered Bond Regulations and the opening of bankruptcy proceedings with respect to the Issuer will not as such give them the right to declare the Mortgage Pandbrieven immediately due and payable. Other than pursuant to an Event of Default under Condition 8 (*Events of Default and Enforcement*) or pursuant to Article 11, 7° of Annex III to the Banking Law (following a winding-up of the Issuer when a decision (by simple majority) to that effect has been taken at a meeting of Mortgage Pandbrieven Holders at which at least two thirds of the principal amount of all Mortgage Pandbrieven of all Series is represented), the Mortgage Pandbrieven Holders cannot cause an acceleration or early repayment of the Mortgage Pandbrieven.

Bankruptcy proceedings under Belgian Law

If bankruptcy proceedings were initiated against the Issuer in Belgium, a receiver would be appointed over the Issuer, and, if not previously appointed, the Cover Pool Administrator in respect of the Special Estate. The initiation of bankruptcy proceedings against the Issuer would not affect the relevant powers of the Cover Pool Administrator to manage the Special Estate to the exclusion of the Issuer and the insolvency administrator. The purpose of such management is to ensure compliance with the obligations under the Mortgage Pandbrieven in accordance with the Conditions.

In addition, bankruptcy proceedings would be limited to the General Estate of the Issuer, since the Special Estate do not form part of the bankruptcy estate of the Issuer. The proceedings do not cause the obligations and debts covered by the Special Estate (such as those resulting from the Mortgage Pandbrieven) to become due and payable.

Pursuant to the Belgian Covered Bond Regulations, a receiver has a legal obligation to co-operate with the Competent Authority and the Cover Pool Administrator in order to enable them to manage the Special Estate in accordance with the Belgian Covered Bond Regulations. There may be certain practical difficulties in this respect, which may cause a delay in the execution of the obligations of the Special Estate towards the Mortgage Pandbrieven Holders and the Other Cover Pool Creditors.

Whenever a credit institution is subject to a resolution measure in accordance with the provisions of the Banking Law (or if all conditions are fulfilled for initiating a resolution measure), no liquidation proceedings (“*faillissement/faillite*”) can be started without the prior approval of the National Resolution Authority (Article 273 of the Banking Law).

The Banking Law incorporates private international law principles transposing Directive 2001/24/EC of the European Parliament and of the Council of April 2001 on the reorganisation and winding up of credit institutions (as amended or supplemented from time to time, the **Credit Institutions Insolvency Directive**) into Belgian law. The Credit Institutions Insolvency Directive applies to credit institutions and their branches set up in Member States other than those in which they have their head offices, as defined in Directive 2000/12/EC, subject to the conditions and exemptions laid down in the Credit Institutions Insolvency Directive. Only the administrative or judicial authorities of the home member state which are responsible for winding-up are empowered to decide on the opening of winding up proceedings.

Commingling Risk

In accordance with Article 3, §2 of Annex III to the Banking Law, cash amounts held by the Issuer as a result of collections on, or as, Cover Assets will, by operation of law, form part of the Special Estate. In the event of bankruptcy of the Issuer, the ability of the Special Estate to make timely payments on the Mortgage Pandbrieven may in part depend on the availability of such cash amounts. To the extent such amounts are held on bank accounts with the Issuer, the existence of commingling risk in respect of such amounts can, as a practical matter, not be excluded. This risk is however mitigated to some extent by the revindication mechanism provided in Article 3, §2 second indent of Annex III to the Banking Law pursuant to which the property rights over any amounts that are part of the Special Estate but that cannot be identified as such in the General Estate, are transferred by operation of law to other unencumbered assets in the General Estate selected in accordance with the criteria specified in Condition 12 (*Mortgage Pandbrieven Provisions*). The bankruptcy trustee or liquidator of the General Estate has an obligation to transfer such selected assets to the Cover Pool Administrator upon receipt of a claim therefore.

Set-off risk

The registration of Residential Mortgage Loans as Cover Assets in the Special Estate will, in principle, not be notified to the underlying debtors. Under Belgian law, legal set-off occurs where two persons hold claims against each other, provided, in general, that their debts exist, are fungible, liquid (*vaststaand/liquide*) and due (*opeisbaar/exigible*). As a result, set-off rights may therefore continue to arise in respect of cross-claims between an underlying debtor of a Residential Mortgage Loan and the Issuer, potentially reducing amounts receivable by the Special Estate.

Pursuant to the Mobilisation Law, a Residential Mortgage Loan in the Special Estate will however no longer be subject to set-off risk by the underlying debtor: (a) following notification of the registration/transfer of the relevant loan to the underlying debtor (or acknowledgement thereof by the underlying debtor), to the extent the conditions for set-off are only satisfied after such notification (or acknowledgement); and (b) regardless of any notification or acknowledgement of the registration/transfer, following the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors (*samenloop/concours*) in relation to the Issuer, to the extent the conditions for set-off are only satisfied following or as a result of such insolvency proceedings or concurrence of creditors.

The Residential Mortgage Loans in the Special Estate may nevertheless still be subject to the rights of the underlying debtors of Residential Mortgage Loans to invoke set-off to the extent that the relevant claims against the Issuer arise, or the conditions for set-off against the Issuer are met, prior to the earlier of (i) the notification (or acknowledgement) of the registration of the loan or (ii) the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors in respect the Issuer. The exercise of set-off rights by underlying debtors may adversely affect the value of the Special Estate, may additionally affect any sale proceeds of the Special Estate and may ultimately affect the ability of the Issuer or the Cover Pool Administrator, as applicable, to make payments under the Mortgage Pandbrieven.

Mortgage mandates

Pursuant to the Belgian Covered Bond Regulations, a Residential Mortgage Loan which is partly secured by a mortgage mandate may be included in the Special Estate. Subject to certain valuation rules (see section “*Summary of the Belgian Covered Bond Regulations – Cover Test – Valuation methodology*” below), the amounts secured by the mortgage mandate may be taken into account for purposes of the Cover Tests.

Investors should be aware that such mortgage mandate does not constitute an actual security which creates a priority right of payment out of the proceeds of a sale of the mortgage property, but would first need to be converted into a mortgage. The mortgage mandate is an irrevocable power of attorney granted by a Borrower (as defined herein) or a third party provider of Related Security to certain attorneys enabling them to create a mortgage as security for the Residential Mortgage Loan (or, as the case may be, for other existing or future loans or all other sums owed by the Borrower to the Issuer at any stage). A mortgage will only become enforceable against third parties upon registration of the mortgage at the relevant mortgage registrar. The ranking of the mortgage is based on the date of registration. The registration is dated the day on which the mortgage deed pertaining to the creation of the mortgage and the “registration extracts” (*borderellen/bordereaux*) are registered at the relevant mortgage registrar’s office. Prior to such registration, third parties acting in good faith may register prior-ranking mortgages.

In certain circumstances, exercise of a mandate may no longer be possible or may no longer result in valid and effective security. The following limitations, amongst others, exist in relation to the conversion of mortgage mandates:

- (a) the Borrower or the third party collateral provider that has granted a mortgage mandate may transfer or otherwise encumber the relevant piece of real estate to a third party acting in good faith, and a mortgage registered pursuant to the exercise of the mortgage mandate after such transaction has been recorded at the mortgage register will not be enforceable against that third party, although this would generally constitute a contractual breach of the standard loan documentation.
- (b) the Borrower or the third party collateral provider that has granted a mortgage mandate, may grant a mortgage to a third party that will rank ahead of the mortgage to be created pursuant to the conversion of the mortgage mandate, although this would generally constitute a contractual breach of the standard loan documentation;
- (c) if a conservatory or an executory seizure of the real property covered by the mortgage mandate has been filed by a third party creditor of the Borrower or, as the case may be, of the third party collateral provider, a mortgage registered pursuant to the exercise of the mortgage mandate after the writ of seizure has been recorded at the mortgage register, will not be enforceable against the seizing creditor;
- (d) if the Borrower or the third party collateral provider is an undertaking (*onderneming/entreprise*) within the meaning of Article I.1, 1° of the Belgian Code of Economic Law (i.e. individuals carrying out a professional activity on a self-employed basis) or commercial entity:
 - (i) the mortgage mandate can no longer be converted following the bankruptcy of the Borrower or, as the case may be, the third party collateral provider and any mortgage registered at the mortgage register after the bankruptcy judgement is void; and
 - (ii) a mortgage registered at the mortgage register pursuant to the exercise of a mortgage mandate during the pre-bankruptcy investigation period (i.e. after the date of cessation of payments that may be fixed by the court) for a pre-existing loan will not be enforceable against the bankrupt estate. Under certain circumstances, the clawback rules are not limited in time, for example where a mortgage has been granted pursuant to a mortgage mandate and in order to “fraudulently prejudice” creditors; and

- (iii) mortgages registered after the day of cessation of payments of debt can be declared void by the bankruptcy court, if the registration was made more than 15 days after the creation of the mortgage; and
- (iv) the effect of a judicial reorganisation (*gerechtelijke reorganisatie/réorganisation judiciaire*) of a Borrower or of a third party collateral provider on the mortgage mandate is uncertain;
- (e) if the Borrower or the third party collateral provider, as the case may be, is not an undertaking and started collective debt settlement proceedings, a mortgage registered at the mortgage register after the court has declared the request admissible, is not enforceable against the other creditors of the Borrower or of the third party collateral provider;
- (f) besides the possibility that the Borrower or the third party collateral provider may grant a mortgage to another lender discussed above, the mortgage to be created pursuant to a mortgage mandate may also rank behind certain statutory mortgages (such as e.g. the statutory mortgage of the tax and the social security authorities) to the extent these mortgages are registered before the exercise of the mortgage mandate. In this respect, it should be noted that the notary involved in preparing the mortgage deed will need to notify the tax administration, and, as the case may be, the social security administration before finalising the mortgage deed pertaining to the creation of the mortgage;
- (g) if the Borrower or the third party collateral provider, as the case may be, is a private person, certain limitations apply to the conversion of the mortgage mandate into a mortgage if the Borrower or third party collateral provider dies before the conversion; certain limitations also apply in case of a dissolution of the Borrower or third party collateral provider that is a legal person.

Once a mandate is exercised, the ensuing mortgage will rank at the highest level available at the time of registration of such mortgage.

Financial institutions should consult their own legal advisors or the appropriate regulators to determine the appropriate treatment of Mortgage Pandbrieven under any applicable risk-based capital or similar rules.

Reliance on Hedging Counterparties

In order to provide a hedge against interest rate or currency risks in respect of amounts received by the Issuer under the Residential Mortgage Loans forming part of the Cover Assets and its obligations under the Mortgage Pandbrieven, the Issuer may enter into one or more Hedging Agreements with a Hedging Counterparty in respect of certain Series of Mortgage Pandbrieven.

A Hedging Counterparty is only obliged to make payments to the Issuer under a Hedging Agreement as long as the Issuer complies with its payment obligations thereunder. If the Hedging Counterparty is not obliged to make payments under the Hedging Agreement or if it defaults itself on its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the Issuer on the due date for payment under the relevant Hedging Agreement, the Issuer will be exposed the risks intended to be covered by such Hedging Agreement. As a result, the Issuer may have insufficient funds to make payments under the Mortgage Pandbrieven.

If a Hedging Agreement terminates, then the Issuer may be obliged to make a termination payment to the relevant Hedging Counterparty. There can be no assurance that the Issuer will have sufficient funds available to make a termination payment under the relevant Hedging Agreement, nor can there be any

assurance that the Issuer will be able to enter into a replacement hedging agreement, or if one is entered into, that the credit rating of the replacement swap counterparty will be sufficiently high to prevent a downgrade of the then current ratings of the Mortgage Pandbrieven by a Rating Agency.

If the Issuer is obliged to pay a termination payment under any Hedging Agreement, such termination payment will rank *pari passu* with amounts due on the Mortgage Pandbrieven, except where such termination has been caused by the default, or downgrade of, the relevant Hedging Counterparty.

Conflicts of Interest

Time subordination

Taking into account that the Final Terms of different Series of Mortgage Pandbrieven may provide for different maturity dates, the Issuer or, as the case may be, the Cover Pool Administrator, will be entitled to apply available funds in order to repay earlier maturing Series of Mortgage Pandbrieven, which may mean that there may be fewer assets available to support later maturing Series of Mortgage Pandbrieven. This risk is however mitigated in case of early redemption as set out in Article 11, 6° and 7° of Annex III to the Banking Law.

Potential conflicts of interest between the Issuer acting as Calculation Agent and the Mortgage Pandbrieven Holders

The Calculation Agent is entitled to carry out a series of determinations which affect the Mortgage Pandbrieven (save for the Fixed Rate Mortgage Pandbrieven). Such determinations could have an adverse effect on the value of the Mortgage Pandbrieven and on the amounts payable to investors under the Conditions of the Mortgage Pandbrieven, whether in the case of an early redemption event or at maturity, giving rise to a potential conflict of interest in respect of the interests of the Mortgage Pandbrieven Holders.

Mortgage Pandbrieven Holders' Representative's powers may affect the interests of the Mortgage Pandbrieven Holders

The Mortgage Pandbrieven Holders' Representative shall, in connection with the exercise of its powers, authorities and discretions (including, without limitation, any modification or determination) have regard to the general interests of the Mortgage Pandbrieven Holders as a whole, but shall not have regard to any interests arising from circumstances particular to individual Mortgage Pandbrieven Holders or the consequences of any such exercise for individual Mortgage Pandbrieven Holders. Accordingly, a conflict of interest may arise to the extent that the interests of particular Mortgage Pandbrieven Holders are not aligned with those of the Mortgage Pandbrieven Holders generally.

If, in connection with the exercise of its powers, authorities or discretions, the Mortgage Pandbrieven Holders' Representative is of the opinion that the interests of the Mortgage Pandbrieven Holders of any one or more Series could or would be materially prejudiced thereby, the Mortgage Pandbrieven Holders' Representative may determine that it will not exercise such power, authority or discretion without the approval of such Mortgage Pandbrieven Holders by Extraordinary Resolution. Provided that the Mortgage Pandbrieven Holders' Representative acts in good faith, as described in the foregoing, it will not incur any liability to any of the Mortgage Pandbrieven Holders, any Other Cover Pool Creditor or any other person for so doing.

Early redemption of the Mortgage Pandbrieven

The Cover Pool Administrator:

- (a) may in consultation with the Mortgage Pandbrieven Holders' Representative and subject to approval by the NBB, proceed with the liquidation of the Special Estate and with the early redemption of the Mortgage Pandbrieven where the Cover Assets are not, or risk not being, sufficient to satisfy the obligations under all of the Mortgage Pandbrieven;
- (b) will, in consultation with the Mortgage Pandbrieven Holders' Representative and the NBB, proceed with the liquidation of the Special Estate and with the early redemption of the Mortgage Pandbrieven when a majority decision (simple majority) has been taken to this effect at a meeting of Mortgage Pandbrieven Holders at which at least two thirds of the Principal Amount Outstanding of the Mortgage Pandbrieven of all Series are represented; the Issuer, the Cover Pool Administrator or a qualifying portion of Mortgage Pandbrieven Holders (see Part 3 of Section "*Meeting rules of the Mortgage Pandbrieven Holders*") may convene a meeting of Mortgage Pandbrieven Holders for such purpose.

Issuance of N Bonds under the Programme

The Issuer may from time to time issue Mortgage Pandbrieven under the Programme in the form of N Bonds, as well as in any other form agreed by the Issuer from time to time. The N Bonds will be subject to the terms and conditions which may be agreed with the Issuer at the time of their issuance. The N Bonds (as well as any Mortgage Pandbrieven issued in any other form) will, however, be subject to the Special Estate Administration Agreement, which contains certain terms which apply to all Mortgage Pandbrieven issued under the Programme (including N Bonds) (the **Common Terms**). The N Bonds issued under the Programme will also be subject to the Covered Bond Regulations (see section headed "*Summary of the Belgian Covered Bond Regulations*"). The Mortgage Pandbrieven Holders should furthermore note that all Mortgage Pandbrieven (including N Bonds) will rank *pari passu* among themselves and that, as a result, the proceeds of the Special Estate will be applied to the satisfaction of amounts due and payable to all Mortgage Pandbrieven Holders (including the holders of N Bonds) on a *pro rata* basis.

The FSMA has not reviewed nor approved any Exempt Covered Bonds or any documents relating thereto.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF MORTGAGE PANDBRIEVEN GENERALLY

No person is or has been authorised by the Issuer or the Mortgage Pandbrieven Holders' Representative to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Mortgage Pandbrieven and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Dealers or the Mortgage Pandbrieven Holders' Representative.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Mortgage Pandbrieven (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer, the Arrangers, the Dealers or the Mortgage Pandbrieven Holders' Representative that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Mortgage Pandbrieven should purchase any Mortgage Pandbrieven. Each investor contemplating purchasing any Mortgage Pandbrieven should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Mortgage Pandbrieven constitutes an offer or invitation by or on behalf of the Issuer, the Arrangers, the Dealers or the Mortgage Pandbrieven Holders' Representative to any person to subscribe for or to purchase any Mortgage Pandbrieven.

The above is without prejudice to the legal and regulatory obligations of the Issuer and the financial intermediaries. These obligations may require the Issuer and relevant financial intermediaries to assess whether an investment is suitable or appropriate for an investor.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Mortgage Pandbrieven shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Mortgage Pandbrieven Holders' Representative expressly do not undertake to review the financial condition or affairs of the Issuer during the maturity of the Programme or to advise any investor in the Mortgage Pandbrieven of any information coming to their attention. Investors should review, inter alia, the documents incorporated herein by reference when deciding whether or not to purchase any Mortgage Pandbrieven. The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to the information included in this Base Prospectus which is capable of affecting the assessment of any Mortgage Pandbrieven or any change in the condition of the Issuer which is material in the context of the Programme or the issue of any Mortgage Pandbrieven, prepare and publish a supplement to this Base Prospectus pursuant to Article 23 of the Prospectus Regulation or publish a new base prospectus for use in connection with any subsequent issue of Mortgage Pandbrieven to be listed or admitted to trading on an EU Regulated Market. If at any time the Issuer is required to publish a supplement pursuant to Article 23 of the Prospectus Regulation, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus which, in respect of any subsequent issuance of Mortgage Pandbrieven to be listed and admitted to trading on Euronext Brussels' regulated market, shall constitute a prospectus supplement in

accordance with Article 23(1) of the Prospectus Regulation. The obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply when this Base Prospectus is no longer valid. This Base Prospectus shall be valid for a period of twelve months from its date of approval.

This Base Prospectus contains certain statements that are forward-looking statements with respect to the Issuer's business strategies, expansion and growth of operations, trends in its business, competitive advantage, and technological and regulatory changes, information on exchange rate risk and generally including all statements preceded by, followed by or that include the words "believe", "expect", "project", "anticipate", "seek", "estimate" or similar expressions. Such forward-looking statements are not guarantees of future performance and involve risk and uncertainties and actual results may differ materially from those in the forward looking statements as a result of various factors. Potential investors are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date hereof.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Mortgage Pandbrieven in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Mortgage Pandbrieven may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Mortgage Pandbrieven Holders' Representative do not represent that this Base Prospectus may be lawfully distributed, or that any Mortgage Pandbrieven may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Mortgage Pandbrieven Holders' Representative which is intended to permit a public offering of any Mortgage Pandbrieven or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Mortgage Pandbrieven may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Mortgage Pandbrieven may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Mortgage Pandbrieven. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Mortgage Pandbrieven in the United States, the United Kingdom, Japan and Switzerland (see "*Subscription and Sale*" below).

This Base Prospectus has been prepared on a basis that would permit a public offer of Mortgage Pandbrieven with a denomination of at least EUR 100,000 or its equivalent in any other Specified Currency. As a result, any offer of Mortgage Pandbrieven must be made pursuant to an exemption under the Prospectus Regulation, from the requirement to publish a prospectus for offers of Mortgage Pandbrieven. Accordingly any person making or intending to make an offer of Mortgage Pandbrieven may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Mortgage Pandbrieven in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

The Mortgage Pandbrieven may not be a suitable investment for all investors. Each potential investor in the Mortgage Pandbrieven must consider the suitability of that investment in light of its own legal, tax, financial status and/or other personal circumstances. In particular, each potential investor may wish

to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the Mortgage Pandbrieven, the merits and risks of investing in the Mortgage Pandbrieven and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;

SECTION 4 – SUMMARY OF THE BELGIAN COVERED BOND REGULATIONS

The following is a brief summary of certain features of the Belgian Covered Bond Regulations governing the issuance of Belgian covered bonds, including the Mortgage Pandbrieven as at the date of this Base Prospectus. The Belgian Covered Bond Regulations may be supplemented, amended, modified or varied whether by legislative enactment or by way of judicial decisions and administrative pronouncements including, possibly, with retroactive effect.

This summary is a general description of the Belgian Covered Bond Regulations. It does not purport to be, and is not, a complete description of all aspects of the Belgian legislative and regulatory framework pertaining to Belgian covered bonds. Prospective Mortgage Pandbrieven Holders should also read the detailed information set out elsewhere in this Base Prospectus.

The original and official languages of the Belgian Covered Bond Regulations are Dutch and French. The following summary is provided in English only for the sake of convenience. In the event of any doubt, the original Dutch or French language version of the Belgian Covered Bond Regulations should be consulted.

1. INTRODUCTION – OVERVIEW OF THE BELGIAN COVERED BOND REGULATIONS

- 1.1. On 3 August 2012, Belgian parliament voted into law a legal framework for the issuance of Belgian covered bonds. The new legal framework was set up to allow Belgian credit institutions to issue a debt instrument as referred to under Article 52, paragraph 4 of Directive 2009/65 of the European Parliament and of the Council of 13 July 2009 on the coordination of the law, regulations and administrative provisions relating to undertakings for collective investments in transferable securities (the **UCITS Directive**). To this effect, the Belgian Act of 3 August 2012 established a legal framework for Belgian covered bonds (the **Covered Bond Law**) introducing the concepts of a “Belgian covered bond” (*Belgische covered bond/covered bond belge*) and a “Belgian pandbrief” (*Belgische pandbrief/lettre de gage belge*). This law has been further incorporated in the law of 25 April 2014 on the legal status and supervision on credit institutions and stockbroking firms, published in the Belgian Official Journal on 7 May 2014 (as amended from time to time, the **Banking Law**).
- 1.2. A **Belgian covered bond** is a debt instrument that satisfies the following criteria (Article 1, 1° of Annex III to the Banking Law):
 - (a) it is issued by a Belgian credit institution that is registered on a list, held by the NBB, of credit institutions that have been granted a General Authorisation by the NBB to issue Belgian covered bonds;
 - (b) it is, or is issued under a programme that is, registered on a list, held by the NBB (per issuer), of issues or issuance programmes for which the NBB has granted a Specific Authorisation in accordance with the provisions of the Banking Law; and
 - (c) it is a debt instrument that is guaranteed by Cover Assets in accordance with the provisions of the Banking Law.
- 1.3. The Belgian legislator made the following fundamental choices in respect of the Belgian covered bond framework:
 - (a) the Banking Law does not provide for the creation of a new type of specialized credit institution. Belgian covered bonds can be issued by a regular Belgian credit institution.

However, in order to be entitled to issue Belgian covered bonds, the issuing credit institution needs to obtain two authorisations from the NBB as competent authority (see below under 2. *Dual Authorisation*).

- (b) the holders of the Belgian covered bonds (and certain other creditors that can be established on the basis of the terms and conditions of the relevant Belgian covered bond) benefit from an exclusive right of recourse to a segregated pool of cover assets (*dekkingsactiva/actifs de couverture*). For the segregation of this pool of cover assets, the Belgian legal framework has opted for a technique whereby the cover assets are segregated on the balance sheet of the issuer by the creation of one or more special estates (*bijzonder vermogen/patrimoine special*). The right of recourse to the segregated special estate comes in addition to a general right of recourse to the remaining assets (not allocated to a special estate) on the balance of the issuing credit institution – the general estate (*algemeen vermogen/patrimoine general*). This way, the holder of the Belgian covered bonds (and the other related creditor) obtain a *dual recourse*. The Belgian legislator has thus followed the approach of certain well established covered bond jurisdictions, such as Germany, which provides for an on balance sheet segregation of cover assets rather than a segregation of assets into a special purpose vehicle.
- 1.4. A **Belgian Pandbrief** (Article 1, 3° and Article 2, § 1 of Annex III to the Banking Law) is a Belgian covered bond whereby the composition and valuation of the Cover Assets must satisfy the specific requirements to obtain an advantageous risk weight under the Belgian own fund regulations transposing the Capital Requirements Directive. The criteria to determine whether a Belgian Covered Bond satisfies such specific requirements, may be established or clarified by royal decree (Article 81, §4 of the Banking Law).
- 1.5. On 11 October 2012, two royal decrees were adopted further implementing the provisions of the Covered Bond Law:
- (a) the royal decree regarding the issuance of Belgian covered bonds by Belgian law credit institutions, as amended by the royal decree of 27 January 2022 and as amended from time to time (the **Covered Bonds Royal Decree**). The Covered Bonds Royal Decree provides for implementing regulations in order to allow for the issuance of Belgian pandbrieven (*Belgische pandbrieven/lettres de gage belges*);
 - (b) the royal decree regarding the cover pool administrator in the framework of the issuance of Belgian covered bonds by a Belgian credit institution, as amended by the royal decree of 27 January 2022 and as amended from time to time (the **Cover Pool Administrator Royal Decree**). Under the Banking Law, a cover pool administrator (*portefeuillebeheerder/gestionnaire de portefeuille*) will or may be appointed by the NBB under certain circumstances in order to take over the management of the special estate (Article 8 of Annex III to the Banking Law). The Cover Pool Administrator Royal Decree sets forth further rules regarding required qualifications and powers of the Cover Pool Administrator (Article 8 of Annex III to the Banking Law).
- 1.6. In accordance with the Covered Bonds Royal Decree, the NBB was also mandated to establish technical rules implementing certain provisions of the Covered Bonds Royal Decree. On 14 June 2022, the NBB issued two regulations:
- (a) the circular (NBB_2022_15) regarding practical rules for the application of the law of 25 April 2014 establishing a legal framework for Belgian covered bonds (*Praktische*

regels voor de toepassing van de wet van 25 april 2014 op het statuut van en het toezicht op kredietinstellingen en beursvennootschappen zoals gewijzigd door de wet van 26 november 2021 met het oog op de omzetting van Richtlijn 2019/2162 betreffende de uitgifte van en het overheidstoezicht op gedekte obligaties/Modalités pratiques d'application de la loi du 25 avril 2014 relative au statut et au contrôle des établissements de crédit telle que modifiée par la loi du 26 novembre 2021 afin de transposer la directive 2019/2162 relative à l'émission et à la surveillance publique des obligations sécurisées) as subsequently amended and/or supplemented (the **NBB Covered Bonds Circular**);

- (b) the circular (NBB_2022_16) addressed to the cover pool monitors of Belgian credit institutions that issue Belgian covered bonds dated 14 June 2022 (*Circulaire aan de portefeuillesurveillanten van kredietinstellingen naar Belgisch recht die Belgische covered bonds uitgeven/Circulaire aux surveillants de portefeuille auprès d'établissements de crédit de droit belge qui émettent des covered bonds belges*) as subsequently amended and/or supplemented (the **NBB Cover Pool Monitor Circular**).
- 1.7. Whereas the creation of Belgian covered bonds depends on the effectiveness of the segregation of Cover Assets in the Special Estate on balance of the issuing credit institution, the Belgian legislator also had to ensure that this segregation would not be open to challenge or recharacterisation on the basis of insolvency rules. Therefore, a second law was voted by Belgian Parliament on 3 August 2012 regarding diverse measures to facilitate the mobilisation of claims in the financial sector (*wet betreffende diverse maatregelen ter vergemakkelijking van de mobilisering van schuldvorderingen in de financiële sector/loi relative à des mesures pour faciliter la mobilisation de créances dans le secteur financier*) (the **Mobilisation Law**).
 - 1.8. The Belgian Banking Law, the Mobilisation Law, the Covered Bonds Royal Decree, the Cover Pool Administrator Royal Decree, the NBB Covered Bonds Circular and the NBB Cover Pool Monitor Circular, together constitute the **Belgian Covered Bond Regulations**.
 - 1.9. The Mortgage Pandbrieven issued under the Programme described in this Base Prospectus will be issued pursuant to the Belgian Covered Bond Regulations.
 - 1.10. On 27 November 2019, the Directive (EU) 2019/2162 of the European Parliament and of the Council on the issue of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EC (the Covered Bond Directive) and Regulation (EU) 2019/2160 of the European Parliament and of the Council amending Regulation 575/2013 as regards exposures in the form of covered bonds (the **Covered Bond Regulation**) have been adopted. The Covered Bond Directive and the Covered Bond Regulation aim to foster the development of covered bonds across the European Union. The Covered Bond Directive (i) provides a common definition of covered bonds, which will represent a consistent reference for prudential regulation purposes, (ii) defines the structural features of covered bonds, (iii) defines the tasks and responsibilities for the supervision of covered bonds and (iv) sets out the rules allowing the use of the 'European Covered Bonds' label. The Covered Bond Directive should be implemented in each Member State by 8 July 2021 and should apply at the latest from 8 July 2022.
 - 1.11. The Covered Bond Directive and the Covered Bond Regulation have been implemented in Belgian law by (i) the Law of 26 November 2021 amending, among others, the Banking Law, transposing the Covered Bond Directive into Belgian law and (ii) the Royal Decree of 27 January 2022 amending, among others, the Covered Bonds Royal Decree and the Cover Pool Administrator Royal Decree.

1.12. The Law of 26 November 2021 establishes a transitory regime in Article 52, which stipulates that covered bonds issued:

- (a) before 8 July 2022; or
- (b) under an issuance programme and whose ISIN was opened before 8 July 2024 and provided that:
 - (i) such covered bonds mature before 8 July 2027;
 - (ii) the total volume of issues under the programme carried out after 8 July 2022 does not exceed twice the total volume of covered bonds outstanding on that date;
 - (iii) the total volume of the issue on the maturity date does not exceed EUR 6 000 000 000;
 - (iv) the assets serving as collateral are located in Belgium,

remain subject until their maturity date to Articles 6, 80, 81 and 82 of the Banking Law and to Articles 2, 3, 4, 6, 13 and 15 of Annex III to the Banking Law, as they existed before their amendment by the Law of 26 November 2021. Otherwise, the provisions of the Banking Law, as amended by the Law of 26 November 2021, shall apply to it, with the exception of Articles 1/2, 1/3, 2/1 and 13/1 of Annex III to the Banking Law.

2. DUAL AUTHORISATION

2.1. Belgian covered bonds may only be issued by a Belgian credit institution following the receipt of two authorisations by the NBB (Article 79 of the Banking Law):

- (a) a general authorisation to be requested in accordance with Article 80, §1 of the Banking Law, that relates to the organizational capacity of a credit institutions to issue and monitor Belgian covered bonds (the **General Authorisation**); and
- (b) a specific authorisation to be requested in accordance with Article 81, §1 of the Banking Law prior to each issue (that does not take place within the context of an issuance programme) or each issuance programme, that relates to the compliance of a specific issue or issuance programme with the provisions of the Belgian Covered Bond Regulations (the **Specific Authorisation**).

(A) General Authorisation

2.2. In order to obtain a General Authorisation, the credit institution that intends to issue Belgian covered bonds needs to submit a file with the NBB describing how it will organize the proposed transactions. This file needs to include, inter alia, the following information:

- (a) a description of the financial position of the issuer, showing it is sufficiently solvent to safeguard also the interest of creditors other than the holders of Belgian covered bonds;
- (b) a description of the long-term strategy of the issuer, in particular as to liquidity and the role of the Belgian covered bonds in this strategy;
- (c) a description of the tasks and responsibilities within the organisation of issuing credit institution in relation to the issuance of Belgian covered bonds;

- (d) a description of the risk management policy of the issuing credit institution in relation to Belgian covered bonds, in particular in respect of interest rate risk, currency exchange risk, credit and counterparty risk, liquidity risk and operational risk;
- (e) a description of the involvement of internal audit in the procedures for the issuance of Belgian covered bonds, including the frequency of the audits and applicable audit procedures;
- (f) a description of the decision and reporting procedures in relation to the issuance of Belgian covered bonds; and
- (g) a description of the necessary IT systems in relation to the issuance of Belgian covered bonds.

2.3. The NBB will grant the General Authorisation to the extent, on the basis of the information in the file submitted by the credit institution, on-site inspections and further information it may obtain from the institution or third parties, it is convinced that:

- (a) the administrative and accounting organisation of the credit institution allow it to comply with the requirements of the Belgian Covered Bond Regulations, in particular in terms of segregation of the Cover Assets;
- (b) the financial position of the credit institution, in particular its solvency, is sufficient to safeguard also the interest of creditors other than the holders of Belgian covered bonds; and
- (c) that the person who, within the effective management of the credit institution, is responsible for the issuance and administration of the Belgian covered bonds has the requisite expertise and is sufficiently available to carry out this responsibility and the credit institution provides the necessary resources to ensure the proper performance of the issuance and administration of these covered bonds.

2.4. Prior to granting the General Authorisation, the NBB will request the auditor of the credit institution to submit a report on the organisational capacity of the credit institution to comply with its obligations under the Belgian Covered Bond Regulations (Article 80, §2 of the Banking Law).

2.5. The Issuer obtained the General Authorisation from the NBB in relation to its organisational capacity to issue Belgian covered bonds on 9 February 2016.

(B) Specific Authorisation

2.6. In order to obtain the Specific Authorisation, the credit institution that intends to issue Belgian covered bonds needs to submit a file with the NBB including, inter alia, the following information:

- (a) the impact of the proposed issuance or issuance programme on the liquidity position of the credit institution;
- (b) the quality of the Cover Assets, in particular on the type of debtors of the Cover Assets, the collateral, guarantees or privileges securing the Cover Assets, the diversification of the Cover Assets and their maturity dates;

- (c) the extent to which the maturity dates of the Belgian covered bonds match the maturity dates of the Cover Assets;
 - (d) the identity of the proposed cover pool monitor (*portefeuillesurveillant / surveillant de portefeuille*); and
 - (e) elements showing that the requirements to obtain the General Authorisation are still satisfied.
- 2.7. The NBB will grant the Specific Authorisation to the extent, on the basis of the information in the file submitted by the credit institutions and further information it may request from the institution, it is convinced that:
- (a) the institution has obtained the General Authorisation, and
 - (b) in respect of the proposed issuance or issuance programme, the institution complies with the Belgian Covered Bond Regulations, in particular as far as the nature and minimum requirements of the Cover Assets is concerned (see below under *4. Cover Assets and Tests*); and
 - (c) the institution has an appropriate organization to ensure compliance with the legal and regulatory provisions relating to the issuance of Belgian covered bonds.
- 2.8. The Issuer obtained the Specific Authorisation from the NBB in relation to the Programme on 3 May 2016.
- (C) Limitation on the issuance of Belgian covered bonds**
- 2.9. Based on Article 10 of the Covered Bonds Royal Decree, a credit institution shall in principle not be able to issue additional Belgian covered bonds to the extent the amount of all Cover Assets allocated to the Special Estate related to all Belgian covered bonds issued by the credit institution (as reflected in its financial accounts) is higher than 8% of the aggregate amount of all its assets (balance sheet total).
- 2.10. The NBB may authorise an issuing credit institution to issue Belgian covered bonds in excess of the 8% limit:
- (a) on a temporary basis, when justified by exceptional circumstances affecting the credit institution concerned and necessitating increased use of this source of financing. The NBB shall in such case set a period within which the 8% limit must again be complied with; or
 - (b) if the subordinated liabilities of such credit institution provide sufficient protection to reach the threshold of 8% of total liabilities, including own funds, as referred to in Article 255, §6, 3° of the Banking Law or in Article 27(7)(a) of Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and procedure for the resolution of credit institutions and certain investment firms under a single resolution mechanism and a single resolution fund.
- 2.11. On 19 May 2020, the NBB has allowed the Issuer to exceed the above-mentioned 8% without surpassing 12.5% until 31 May 2021 in reference to the exceptional circumstances that exist in the context of the COVID-19 pandemic.

- 2.12. On 23 May 2023, the NBB has allowed the Issuer to exceed the above-mentioned 8% for the purpose of an issuance of Belgian covered bonds in the third quarter of 2023.
- 2.13. As of 1 January 2024, the 8% limit in Article 10 of the Covered Bonds Royal Decree will no longer apply.
- 2.14. The NBB may also impose a more stringent limit, on a case by case basis, in order to protect the interest of other creditors than the holders of Belgian covered bonds. The NBB will in particular assess the impact of an envisaged issuance on the level of encumbered assets. To this end, the NBB expects that in the file to obtain the General Authorisation, the credit institution describes its policy towards liquidity and sets further internal limits that ensure:
 - (a) an adequate diversification between secured and unsecured funding sources,
 - (b) the availability of sufficient unencumbered assets to provide a cushion in the event of crisis on the market for unsecured funding, and
 - (c) the availability of sufficient unencumbered assets that can be allocated as Cover Assets in order to substitute matured or defaulted Cover Assets.

(D) Publication of Authorisation

- 2.15. The NBB keeps a list of:
 - (a) credit institutions that have obtained a General Authorisation, which is published on its website (Prudential Supervision – Areas of Responsibility – Credit Institutions – Lists – Credit Institutions Authorised to issue Belgian covered bonds); and
 - (b) covered bonds issuance programmes and issuances for which the credit institution has obtained a Specific Authorisation (Prudential Supervision – Areas of Responsibility – Credit Institutions – Lists – Covered Bond Issuances Carried out by the Credit Institutions) (information only available in French or Dutch).

The information contained on the website of the NBB (www.nbb.be) does not form part of this Base Prospectus and has not been scrutinised or approved by the FSMA.

- 2.16. Both lists and amendments thereto are communicated by the NBB to the European Commission in application of Article 52(4) of the UCITS Directive.
- 2.17. The Issuer is on the NBB's list of credit institutions that have obtained General Authorisation. The Programme is on the NBB's list of Belgian covered bonds in respect of which a Specific Authorisation has been granted.

3. SPECIAL ESTATE

- 3.1. A key characteristic of Belgian covered bonds is the existence of a segregated pool of assets providing an additional and exclusive right of recourse to the holders of the Belgian covered bonds.

(A) Creation of one or more Special Estates

- 3.2. In order to segregate a pool of Cover Assets, the Banking Law introduces a technique to separate one or more Special Estates within the estate of a credit institution that issues Belgian covered bonds.

- 3.3. Article 3, §1 of Annex III to the Banking Law confirms that the estate of a credit institution that issues Belgian covered bonds consist, by operation of law, of a general estate (*algemeen vermogen/patrimoine general*)(the **General Estate**) and one or more special estates (*bijzondere vermogen/patrimoine spécial*) (in this Section 3 referred to as the **Special Estate**).
- 3.4. The most important part of the Cover Assets in respect of an issuance or issuance programme of Belgian covered bonds is segregation into the Special Estate by way of registration of such Cover Assets in a Cover Register that is kept by the issuing credit institution in relation to one or more specific issuances of Belgian covered bonds or, as the case may be, in relation to all Belgian covered bonds under an issuance programme (Article 15, §1, 1° of Annex III to the Banking Law). See below under Section 5 - *special obligations of the issuer in respect of administration of the Belgian covered bonds*.
- 3.5. In accordance with Article 3, §2 of Annex III to the Banking Law, the Special Estate is, by operation of law, composed of:
- (a) all assets registered in a Cover Register in accordance with Article 15, §1, 1° of Annex III to the Banking Law;
 - (b) all collateral – cash and financial instruments – received in relation to any hedging instruments that have been registered as Cover Assets;
 - (c) all (*in rem* and *in personam*) security interests, guarantees or privileges issued in relation to the Cover Asset, including all rights under insurance policies or other agreements relating to the Cover Assets or the management of the Special Estate;
 - (d) all amounts held as collections in relation to Cover Assets or a result of the exercise of the rights referred to under (a) to (c) above (hereafter, the **Collections**); and
 - (e) any mandatory reserves that would be held at the NBB in relation to the Special Estate.
- 3.6. The preparatory works to the Covered Bond Law clarify that the technique to segregate Cover Assets into the Special Estate does not result into the creation of a separate legal entity and hence does not trigger specific corporate law obligations or tax consequences.

(B) Purpose of the Special Estate - exclusive right of recourse

- 3.7. Pursuant Article 1/1 and Article 6 of Annex III to the Banking Law, the Special Estate provides an exclusive right of recourse to:
- (a) the holders of the related Belgian covered bonds, and
 - (b) the creditors of a claim that is or may be established on the basis of the terms and condition applicable to the related Belgian covered bonds.

As a result, no other creditor will be entitled to exercise any rights, including rights of attachment (*beslag/saisie*) against the Cover Assets in the Special Estate. Collateral that is posted in relation to a hedging instrument that constitutes a Cover Asset may only be used to satisfy the obligations of the counterparty under such hedging instrument (or be returned to the collateral provider). In respect of the Mortgage Pandbrieven issued under the Programme, only the Mortgage Pandbrieven Holders and the Other Cover Pool Creditors will thus have an exclusive right of recourse to the Special Estate.

- 3.8. A priority of payments between the claims of the holder of Belgian covered bonds (and any other creditors of claims related to the Belgian covered bonds issuance) may be determined in the terms and conditions and the agreement entered into in respect of the issuance of Belgian covered bonds or the related issuance programme. See Condition 9 (*Priority of Payments*) in the Section *Terms and Conditions of the Mortgage Pandbrieven*.
- 3.9. Article 6, 4th and 5th paragraph of Annex III to the Banking Law provides for two exceptions to the exclusive right of recourse:
- (a) the Cover Pool Administrator (see below under Section 7.A – *Cover Pool Administrator*) may, unless otherwise agreed, withhold its remuneration, costs and expenses from the Special Estate; and
 - (b) following liquidation of the Special Estate, an remaining (positive) balance will, by operation of law, form part of the General Estate.
- 3.10. Notwithstanding this exclusive right of recourse to the Special Estate, the holders of the Belgian covered bonds and the Other Creditors related to the Belgian covered bonds retain a right of recourse to the General Estate (that ranks *pari passu* with the claims of all other unsubordinated creditors of the issuing credit institution) so that they can exercise a dual right of recourse (Articles 1/1, c) and 6, 8th paragraph of Annex III to the Banking Law).

(C) Management of the Special Estate

- 3.11. In first instance, the issuing credit institution remains responsible for the management of the Special Estate. The rights and obligations in respect of transactions between the issuing credit institution and the Special Estate need to be agreed upon in writing as if the Special Estate were a separate legal entity (Article 7 of Annex III to the Banking Law).
- 3.12. In accordance with Article 8, §1 of Annex III to the Banking Law, the NBB will appoint a cover pool administrator (*portefeuillebeheerder/gestionnaire de portefeuille*) (in this Section 3 referred to as the **Cover Pool Administrator**) for each Special Estate:
- (a) in case a reorganisation measure (as referred to in Articles 234 §2, 235, 236, 345, 346 §2 and 347 of the Banking Law) is taken in respect of the issuing credit institution that, in the opinion of the NBB, such measure or sanction and/or the reasons for it may prejudice the rights of the holders of the Belgian covered bonds and/or of third parties who may have a claim against the Special Estate;
 - (b) in case a liquidation procedure (as referred to in Article 3, 59° of the Banking Law) is initiated against the issuing credit institution;
 - (c) if, in the opinion of the NBB, the position of the issuing credit institution seriously jeopardizes the interest of the holders of the relevant Belgian covered bonds; or
 - (d) in case the General Authorisation and/or Specific Authorisation is revoked.
- 3.13. Upon the appointment of the Cover Pool Administrator by the NBB, the Cover Pool Administrator will assume the management of the Special Estate (Article 8, §2 of Annex III to the Banking Law). The Cover Pool Administrator manages the Special Estate with a view to ensure further compliance with the terms and conditions applicable to the relevant Belgian covered bonds. To this end, the Cover Pool Administrator is granted all necessary and useful powers to manage the Special Estate, including the power to dispose of Cover Assets and to

extend the maturity of the Belgian covered bonds in accordance with Article 13/1, §1 of Annex III to the Banking Law. Any acts relating to the Special Estate that are performed in the name of the issuing credit institution by any person other than the Cover Pool Administrator following its appointment, are null and void, unless such acts are ratified by the Cover Pool Administrator (See also see below under 7.A – *Cover Pool Administrator*). The Cover Pool Administrator collaborates with and exchanges all necessary and useful information with the NBB and, in the event of a liquidation or the resolution procedure with respect to the issuing credit institution, with the liquidator or resolution authority.

(D) Impact of reorganization and liquidation procedures

- 3.14. In the event liquidation procedures are started against the issuing credit institution (Article 11 of Annex III to the Banking Law):
- (a) such procedures will only affect the General Estate. The Special Estate and the debts and liabilities covered by the Special Estate will not be part of the bankrupt estate. The Special Estate will be managed separately from the bankruptcy procedure applicable to the General Estate of the issuing credit institution (i.e., on a bankruptcy remote basis);
 - (b) the bankruptcy trustee (*curator/curateur*) has a legal obligation to cooperate with the NBB and the Cover Pool Administrator so that they can manage the Special Estate in accordance with the Belgian Covered Bond Regulations;
 - (c) the Belgian covered bonds and the other debts and liabilities covered by the Special Estate will not be subject to automatic acceleration. They (can) remain outstanding until their stated maturity, regardless of the opening of liquidation procedures against the issuing credit institution except as provided under (f) and (g) below;
 - (d) the holder of Belgian covered bonds and any Other Cover Pool Creditors of claims related to the Belgian covered bonds issuance, will retain their rights in the liquidation procedure;
 - (e) the Cover Pool Administrator may, in the interest of the holders of the relevant Belgian covered bonds, following consultation with the representative of the holders of the relevant Belgian covered bonds and subject to consent of the NBB, transfer the Special Estate and the debts and liabilities related thereto to another institution that will assume the performance of the obligations in accordance with the initial terms and conditions;
 - (f) the Cover Pool Administrator may, following consultation with the representative of the holders of the relevant Belgian covered bonds and subject to the consent of the NBB, proceed with the liquidation of the Special Estate and the early redemption of the relevant Belgian covered bonds if the Cover Assets are no longer sufficient, or risk to be no longer sufficient, to satisfy the obligations in respect of the Belgian covered bonds;
 - (g) the Cover Pool Administrator will, following consultation with the NBB and the representative of the holders of the Belgian covered bonds, proceed with the entire liquidation, in part or in full, of the Special Estate and the early redemption of the Belgian covered bonds if the holders of the Belgian covered bonds have approved such liquidation and early redemption by simple majority at a meeting of holders of Belgian covered bonds at which a quorum of at least two thirds of the outstanding principal amount of the Belgian covered bonds is present;

- (h) the bankruptcy trustee (*curator/curateur*) has the right, following consultation with the NBB, to require the Cover Pool Administrator to return those assets to the General Estate in respect of which it is clear they are no longer required as Cover Assets. The preparatory works to the Covered Bond Law clarify that, when determining whether assets are no longer required as Cover Assets, one must not only take into account the regulatory requirement in view of the Cover Tests (see below 4 (C) *Statutory Tests – Cover Tests*), but also the retention of ratings by external credit rating agencies.
- 3.15. When the National Resolution Authority uses its powers under Book II, Titel VIII (Resolution Measures) of the Banking Law to dispose (of part) of the estate of the credit institution that also involves the Special Estate, the rights of the holders of the Belgian covered bonds (and of any creditors of claims related to the Belgian covered bonds issuance) are automatically transferred together with the Cover Assets and assumed as obligations by the transferee (Article 6/1 of Annex III to the Banking Law).
 - 3.16. The start of liquidation procedures against the issuing credit institution or the revocation of its license as a credit institution does not prevent the issuing credit institution to further perform activities that are necessary or useful to assist the Cover Pool Administrator with its management in order to safeguard the interest of the Holders of Belgian covered bonds in respect of the Special Estate. The issuing credit institution may only perform such activities until all obligations in relation to the Special Estate have been satisfied or are extinguished (Article 12, §2 of Annex III to the Banking Law).

(E) Special protection of the Special Estate against commingling risk

- 3.17. The Special Estate benefits from specific protections against commingling risk; if amounts held by the issuing credit institution as Collections, cannot be identified within the General Estate at the time a request is made to allocate such amounts to the Special Estate, the Special Estate will benefit from a special revindication right allowing it to exercise a claim on other unencumbered assets within the General Estate. Such assets are identified following consultation between the representative of the Special Estate (either the Cover Pool Administrator or, in absence thereof, the Cover Pool Monitor) and the issuing credit institution (or its liquidator or bankruptcy trustee) on the basis of criteria determined in the terms and conditions of the Belgian covered bonds (Article 3, §2, second paragraph of Annex III to the Banking Law).

With respect to the Programme, these criteria are specified in Condition 12 (Mortgage Preamble Provisions);

4. COVER ASSETS AND TESTS

(A) Categories of Cover Assets

- 4.1. In order to obtain the Specific Authorisation in respect of an issuance or an issuance programme for Belgian covered bonds, the issuing credit institution may only include the following types of assets as Cover Assets in the Special Estate as set out in Article 1/2 of Annex III to the Banking Law and to the extent the assets satisfy the requirements of the Covered Bonds Royal Decree (Article 81, §3, 2° and 81, §4, 1° of the Banking Law):
 - (a) claims secured by a mortgage where the object of the mortgage is (i) residential real estate located in a member state of the European Economic Area or (ii) commercial real estate located in a member state of the European Economic Area;

- (b) claims against or guaranteed by (i) a central, regional or local government of an OECD member state or (ii) a central banks of those states or (iii) a public entity of those states or (iv) a multilateral development bank or international organisation;
- (c) claims against a credit institution, including amounts deposited with such institution or amounts held by the issuing credit institution; and
- (d) positions resulting from hedging instruments that satisfy the requirements stipulated in Article 1/3 of Annex III to the Banking Law.

(B) Further qualitative requirements for Cover Assets relating to Belgian covered bonds

4.2. The Covered Bonds Royal Decree has further implemented the qualitative requirements for Cover Assets that may be included in the Special Estate related to Pandbrieven.

4.3. Article 3 of the Covered Bonds Royal Decree identifies four categories of qualifying Cover Assets:

- (a) **category 1:** claims secured by (at least) a first ranking mortgage on residential real estate situated in an EEA member state (**Residential Mortgage Loans**) up to the lower of (i) the principal amount of the corresponding mortgages and (ii) 80% of the value of the relevant residential real estate.

Claims secured by a mortgage on residential real estate under construction or in development (construction loans) may compose up to 15% of the aggregate amount of claims secured by residential real estate that are included as Cover Assets.

Residential real estate is real property that is destined for housing or for renting (*huur/location*) as housing by the owner.

- (b) **category 2:** claims secured by (at least) a first ranking mortgage on commercial real estate situated in an EEA member state (**Commercial Mortgage Loans**) up to a value which is the lower of (i) the principal amount of the corresponding mortgages (together with all previously granted mortgages) and (ii) 60% of the value of the relevant commercial real estate.

Claims secured by commercial real estate under construction or in development are not eligible.

Commercial real estate is real property that is primarily used for industrial or commercial purposes or other professional activities, such as offices or other spaces used for the exercise of commercial activities or the rendering of services.

- (c) **category 3:** claims against or guaranteed by (a) a central government or central bank of a member state of the Organisation for Economic Co-operation and Development (**OECD**), or by a regional or local government of those member states, (b) a public entity of an OECD member states, or (c) a multilateral development bank or international organisation that obtains a 0% risk weight in accordance with Article 117 and 118 of the CRR.

When the counterparties to the claims referred to under (a) and (b) are not members of the EU or, in the case of central banks, not members of the European System of Central Banks (ESCB), only those claims are eligible that:

- (i) in the case of counterparties referred to in point (a), belong to credit quality step 1 or 2 as determined in accordance with Article 136 CRR; or
- (ii) in the case of counterparties referred to in point (b), have the same risk weight as exposures in relation to institutions or central governments, and central banks in accordance with, respectively, Article 115(1) or (2) or with Article 116(1), (2) or (4) CRR and belong to credit quality step 1 or 2 as determined in accordance with Article 136 CRR,

provided that claims on counterparties belonging to credit quality step 2 may not exceed 20% of the nominal amount of all outstanding Belgian covered bonds concerned.

- (d) **category 4:** claims against credit institutions of an OECD member state and which belong to credit quality steps 1 or 2 as determined under Article 136 CRR provided that these claims take the form of:

- (i) short-term claims having a maturity of 3 months or less, or short-term deposits with an original maturity of up to 100 days, where they are used to meet the liquidity requirement for the Special Estate, as set out in Article 7, paragraph 1 of the Covered Bonds Royal Decree; or
- (ii) derivative contracts, provided that, in accordance with Article 1/3 of the Annex III to the Banking Law and Article 4 of the Covered Bonds Royal Decree, such derivative contract complies with the following requirements:
 - (a) the derivative contracts are used exclusively for hedging against interest rate and currency exchange risks linked to cover assets or Belgian covered bonds. The volume of these contracts is adjusted to reflect changes in the hedged risks, and they are removed from the Special Estate once the hedged risk no longer exist;
 - (b) the derivative contracts are not subject to early termination (close-out provisions) in case liquidation or resolution proceedings are opened against the issuing credit institution, irrespective of whether such early termination occurs automatically or at the initiative of the counterparty;
 - (c) the derivative contracts may not be included in a novation or netting agreement to which the issuing credit institution is a party;
 - (d) the derivative contracts must be concluded with credit institutions that are (i) not included in the scope of the issuing credit institution's prudential consolidation, (ii) governed by the laws of an OECD member state and (iii) at least eligible for credit quality step 2 as determined per Article 136 CRR; and
 - (e) the net exposures of the counterparties under these derivative contracts must be secured by values (waarden/valeurs) or financial instruments issued or guaranteed by a central authority which is governed by the laws of an OECD member state and is eligible for credit quality step 1 as determined per Article 136 CRR.

The claims on credit institutions belonging to credit quality step 2 may only be used as Cover Assets up to 10% of the nominal amount of the outstanding Belgian covered bonds concerned.

The total value of claims on credit institutions belonging to the credit quality steps 1 or 2 shall not exceed 15% of the nominal amount of the outstanding Belgian covered bonds concerned.

- 4.4. Amounts paid as reimbursement, collection or payment of interest on claims, assets or obligations included in the Special Estate may be taken into account as Cover Assets belonging to the respective category of the relevant claim, asset or obligation giving rise to such reimbursement, collection or payment of interest.
- 4.5. At the time an asset is registered as a Cover Asset in the Cover Register, such asset may not be subject to a 'payment default' in the sense of Article 178 CRR (Article 3, §6 of the Covered Bonds Royal Decree).
- 4.6. The issuing credit institutions that decide to include derivative contracts in the special estate must ensure that they at all times have the requisite documentation, which is regularly updated, to demonstrate compliance with the requirements of Article 1/3 of Annex III to the Belgian Banking Law and with the requirements of Section 6.4 of the IFRS 9 – Financial Instruments. This documentation must also include an external and independent legal advice confirming the validity and enforceability of the derivative contracts in the relevant jurisdictions is confirmed and which covers at least the law chosen by the parties (*lex contractus*) and the law applicable to liquidation proceedings (*lex fori concursus*) that may affect the counterparty.

(C) Statutory Tests - Cover Tests

- 4.7. In accordance with Article 2/1, §1 of Annex III to the Banking Law, the Cover Assets comprising the Special Estate must, for the duration of the Belgian covered bonds, provide sufficient cover:
 - (a) for the payment of principal and interest on the Belgian covered bonds,
 - (b) for the obligations towards the other creditors of claims related to the Belgian covered bonds issuance, and
 - (c) for payment of the maintenance and administration of the Cover Assets sets and the Belgian covered bonds, including the costs of winding down the issuance programme of the relevant Belgian covered bonds.

To this end the value of the Cover Assets need to show an excess compared to the Principal Amount Outstanding of the Belgian covered bonds. The cover provided by the Cover Assets and the excess needs to be tested periodically and, if required to provide adequate cover, the issuing credit institution needs to further modify the portfolio of Cover Assets. To this end, the issuing credit institution has the legal obligation to maintain an active collateral management policy. Accordingly, the composition of the Cover Assets included in the Special Estate is dynamic (Article 7 of Annex III to the Banking Law).

- 4.8. In respect of Belgian covered bonds, this rule has been further implemented in Article 5 of the Covered Bonds Royal Decree which provides for:
 - (a) a general requirement that, with respect to the Special Estate, the sum of interest, principal and all other revenues generated by the Cover Assets must be sufficient to cover the sum of all interest, principal and charges linked to maintenance and administration (including the winding down) of the issuance programme and the Belgian covered bonds (the **Cover Asset Adequacy Test**), and

- (b) the following two specific tests in relation to the minimum cover to be provided by the Cover Assets. At the time of the issuance and as long as any Belgian covered bonds remain outstanding:
 - (i) the value of the primary assets (within the meaning of Article 1, 9° of Annex III to the Banking Law) determined in accordance with the valuation rules set out in the Covered Bonds Royal Decree, must represent at least 85% of the aggregate principal amount outstanding of the Belgian covered bonds then in issue (the **85% Asset Coverage Test**);
 - (ii) the value of the Cover Assets, determined in accordance with the valuation rules set out in the Covered Bonds Royal Decree, must represent at least 105% of the aggregate principal amount outstanding of Belgian covered bonds then in issue (the **Over-Collateralisation Test**).

For the valuation rules, see below Section (E) *Valuation of Cover Assets for the Cover Tests*.

- 4.9. To determine the extent to which the principal amount of the Cover Assets is included in the calculation of the Cover Asset Adequacy Test, the eligibility criteria set out in Article 3 of the Covered Bonds Royal Decree shall be taken into account as per Article 5, §3, 1st indent of the Covered Bonds Royal Decree.
- 4.10. The interest generated by the Cover Assets are calculated, and the costs for maintenance and management, are calculated and estimated in accordance with Article 5, §3, 2nd and 3rd indent of the Covered Bonds Royal Decree
- 4.11. The Cover Asset Adequacy Test, the 85% Asset Coverage Test and the Over-Collateralisation Test are herein jointly referred to as the **Cover Tests**.

(D) Statutory Tests – Liquidity Test

- 4.12. In accordance with Article 13 of Annex III to the Banking Law, the terms and conditions applicable to Belgian Covered Bonds need to include mechanics to ensure that the Belgian covered bonds are repaid within the contractually agreed term.
- 4.13. In respect of Belgian Pandbrieven, Article 7 of the Covered Bonds Royal Decree has implemented this rule by imposing that with respect to the Special Estate, the Cover Assets must provide a liquidity buffer in order to enable the issuing credit institution to cover at all times the net liquidity outflows of the relevant issue or the relevant issuance programme at any time, and the maximum amount of the sum of the net liquidity outflows calculated over a 6-month period (the **Liquidity Test**). The NBB Covered Bonds Circular further specifies the conditions to be satisfied in order for an asset to be considered a liquid asset.
- 4.14. The funds drawn under the liquidity facility will be part of the special estate by operation of law. Liquid assets that can be used for the purpose of the Liquidity Test are, in accordance with Article 7 of the Covered Bonds Royal Decree:
 - (a) Cover Assets satisfying the requirements of level 1 assets within the meaning of the Commission Delegated Regulation (EU) 2015/61 to supplement Regulation (EU) No 575/2013, which are valued in accordance with this Commission Delegated Regulation and which are not issued by the issuing credit institution nor by its parent undertaking (unless it is a public law entity other than a credit institution), its subsidiary or another subsidiary of its parent undertaking; and

- (b) short-term exposures and short-term deposits within the meaning of Article 3 §1, 4°, a) of the Covered Bonds Royal Decree.

If an issuing credit institution fails the Liquidity Test, it will have 14 days to take the necessary remedial actions to meet the relevant requirements under the Liquidity Test. As long as an issuing credit institution has not taken the necessary remedial actions, it is not allowed to issue new Belgian covered bonds, nor on a stand-alone basis nor under a programme.

(E) Valuation of Cover Assets for the Cover Tests

4.15. For the purposes of the Cover Tests, Article 6 of the Covered Bonds Royal Decree specifies further valuation rules for the Cover Assets in the Special Estate:

- (a) for Cover Assets of category 1 (**claims secured by a residential mortgage**), the value will be equal to the lowest of (i) the amount of the claim, (ii) 80% of the sales value of the mortgaged real estate and (iii) the value of the mortgage,

whereby, the value of the mortgage, is determined as follows:

- (i) if the real estate is located in Belgium and is not secured by mortgage mandate, the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s));
- (ii) if the real estate is located in Belgium and in addition to the mortgage, also a mortgage mandate has been granted to secure the claim, the value of the mortgage is the lower of the following two amounts:
 - a. the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s)) plus the amount for which the mortgage mandate has been granted; and
 - b. the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s)) divided by 0.6;
- (iii) if the real estate is not situated in Belgium, the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s)).

Residential real estate may only be taken into account for the valuation calculations of the Cover Assets if the requirements of Article 208 of the CRR are satisfied, including the requirements that the valuation of the residential real estate is regularly, and at least once a year, verified.

The 80% limit referred to above in paragraph (a) point (ii) is calculated separately for each loan and determines the portion of the loan that contributes to the coverage of the liabilities associated with the Belgian Covered Bond in question, and applies throughout the term of the loan;

- (b) for Cover Assets of category 2 (**claims secured by commercial mortgages**), the value will be equal to the lowest of (i) the amount of the claim, (ii) 60% of the sales value of the mortgaged real estate and (iii) the value of the mortgage, whereby, the value of the

mortgage is equal to the amount of the mortgage registered in first rank plus, as the case may be, the amount of any subsequent ranks (provided no other creditors have registered before such subsequent rank(s)). The value of any mortgage mandates is not taken into account.

Commercial real estate may only be taken into account for the valuation calculations of the Cover Assets if the requirements of Article 208 of the CRR are satisfied, including the requirements that the valuation of the residential real estate is regularly, and at least once a year, verified.

The 60% limit referred to above in paragraph (b) point (ii) is calculated separately for each loan and determines the portion of the loan that contributes to the coverage of the liabilities associated with the Belgian Covered Bond in question, and applies throughout the term of the loan;

- (c) for Cover Assets of category 3 (**public sector claims**), the value is equal to the amount of such assets as reflected in the financial accounts of the issuing credit institution. If the assets are only guaranteed by an entity as described in category 3, the value of the Cover Asset will be limited to the guaranteed part;
 - (d) for the Cover Assets of category 4 (**claims on credit institutions**), the value is equal to the amount at which the assets are registered in the financial accounts of the issuing credit institution;
 - (e) for **derivative contracts**, the value is calculated on the basis of the amounts due upon termination of such derivative contract, i.e. the close-out amount;
 - (f) the Cover Assets for which there is a payment default within the meaning of Article 178 CRR the value is equal to zero. As soon as an asset is more than 30 days in arrears, it can only be taken into account for 50% of its value as determined in accordance with the above valuation rules;
 - (g) in case a mortgage secures multiple claims and not all claims are included in the Special Estate, the value of the mortgage and of the real estate are allocated to the Cover Assets in the Special Estate based on the priority rules that can be established in the terms and conditions of the Belgian covered bonds.
- 4.16. In the event an asset included in the Special Estate (or collateral securing such asset) is governed by foreign law, such asset will only be taken into account for compliance with the Statutory Tests if such foreign law does not prevent that such assets will provide an exclusive right of recourse to the holders of the Belgian covered bonds (or the other creditors of claims related to the Belgian covered bonds issuance) (Article 3, §7 of the Covered Bonds Royal Decree).

5. SPECIAL OBLIGATIONS OF THE ISSUER IN RESPECT OF ADMINISTRATION OF THE BELGIAN COVERED BONDS

- 5.1. In accordance with Article 15 of Annex III to the Banking Law, a credit institution that has issued Belgian covered bonds has the following special obligations in terms of follow-up and administration of the Belgian covered bonds:
- (a) in relation to each Special Estate, it needs to organise a special administration for the relevant Belgian covered bonds and the Cover Assets. This special administration entails, amongst others, the obligation to keep a register for each issue of Belgian

covered bonds or, as the case may be, for all issues under an issuance programme in which all Cover Assets are registered (the **Cover Register**).

In accordance with Article 9 of the Covered Bonds Royal Decree, the Cover Register includes at least information in respect of (i) the characteristics (nominal amount, maturity, interest rate) of the Belgian covered bonds and (ii) the characteristic of the Cover Assets (category, type of contract, currency, issuance and maturity date of the asset, identification of the counterparty, information on amortization, interest rate, guarantees and valuation).

The issuing credit institution shall as soon as possible (and at least on a daily basis) register any transaction in respect of the Cover Assets in the Cover Register and shall as soon as possible update any characteristics in respect of the Cover Assets in the Cover Register. The segregation of an asset as a Cover Asset is valid and effective against third parties upon its registration in the Cover Register. Once an asset is deleted from the Cover Register, it is no longer part of the Special Estate.

Only authorised staff is entitled to update the Cover Register. The issuing credit institution needs to take safety measures to prevent that the Cover Register is changed by unauthorised persons, damaged or destroyed. An up-to-date back up shall be made on a monthly basis and be kept for 5 years at another location than the original Cover Register. All information in the Cover Register needs to be verifiable by the Cover Pool Monitor;

- (b) it needs to comply with reporting obligations in accordance with Article 15, §1, 4° of Annex III to the Banking Law as further specified in section 9 of the NBB Covered Bonds Circular. These regulations provide for quarterly reporting on, among others, the Cover Assets and their valuation, yield and maturity, the composition of the Special Estate, the results of the Stress Tests with respect to the requirements of the Liquidity Test and the Cover Test, compliance with the requirements of extendable maturity structures, asset segregation requirements including compliance with the registration requirements, the hedging of credit, liquidity, currency and interest rate risk and the performance by the Cover Pool Monitor of its tasks;
- (c) it needs to cooperate with its auditor, any Cover Pool Administrator and the Cover Pool Monitor in order to allow such parties to complete their tasks as set out in the Belgian Covered Bond Regulations, the terms and conditions of the Belgian covered bonds and the contractual agreements;
- (d) it needs to provide evidence to the NBB, periodically, that the Belgian covered bonds still comply with the Belgian Covered Bond Regulations, by providing a report on the special administration, the Cover Assets and their valuation, and the Liquidity Test;
- (e) it needs to provide evidence to the NBB that the Belgian covered bonds still comply with the requirement to obtain the Specific Authorisation, each time a significant change occurs in relation to the Belgian covered bonds, the issuance programme or the related legal documentation; and
- (f) it needs to take measures to reduce interest rate and currency risk (Article 8 of the Covered Bonds Royal Decree). To this effect, the issuing credit institution must establish a risk policy in order to ensure that in the event of 'brutal' and sudden interest rate or currency exchange rate movements (as further specified in section 8 of the NBB

Covered Bonds Circular), the liquidity flows generated by the Cover Assets are sufficient to satisfy the Cover Tests and the Liquidity Test, or sufficient other liquid assets are available.

5.2. In accordance with Article 15/1 of Annex III to the Banking Law, the issuing credit institution must publish the following information on its website separately for each issuance programme within the month following the issuance and subsequently each month for information relating to the previous month:

- (a) the value of the Special Estate and relevant outstanding Belgian covered bonds, and if applicable, the rating of the relevant Belgian covered bonds;
- (b) for each issuance, a list of the International Securities Identification Numbers (ISINs) of the securities, the currency in which the Belgian covered bonds were issued, the outstanding amount, the issue date, the maturity date, the coupon characteristics and the rate;
- (c) the type and geographical distribution of the Cover Asset as well as the geographical distribution of the securities securing them, and, if there are no securities, the geographical distribution of the residences or seats of the debtors of those assets, the amount outstanding relating to the claims concerned and the valuation method;
- (d) details concerning market risk, interest-rate and foreign-exchange risk, credit risk, and liquidity risk.
- (e) the alignment between the maturities of the Cover Assets and those of the Belgian covered bonds, including maturity extension triggers and final maturities of the Belgian covered bonds;
- (f) the level of Cover Assets required and any surplus required by or pursuant to Annex III to the Banking Law or the terms of issuance, as well as the level of surplus voluntarily constituted;
- (g) the percentage of claims for which it is deemed a payment default (within the meaning of Article 178 of the CRR) has occurred as well as the percentage of claims for which the delay in payment exceeds 30 days without a payment defaults within the meaning of Article 178 of the CRR being established.

5.3. In accordance with Article 8 of the Covered Bonds Royal Decree and as further set out in section 8 of the NBB Covered Bonds Circular, the issuing credit institution must establish risk management policies and perform a stress test on at least a quarterly basis in order to guarantee that the liquidity flows generated by the Cover Assets remain sufficient to satisfy the requirements of the Cover Test and the Liquidity Test and/or must have other assets that, when necessary, can be used quickly as cover asset (the **Stress Test**).

The Stress Test must at least take into account:

- (a) 'brutal' and unexpected interest rate or exchange rate movements;
- (b) scenarios with different levels of percentages of early repayment of cover assets; and
- (c) scenarios with material deterioration of the credit quality of the cover assets.

For the purpose of the above, the NBB has defined a ‘brutal’ interest rate or exchange rate movement as a parallel upward or downward movement by 2% with respect to interest rates and by 8% with respect to exchange rates. The NBB has clarified that, if the issuing credit institution uses internal models to calculate its own funds requirements for market risk, it may use other scenarios in which there is a movement of interest rates and exchange rates, provided that these internal models are sufficiently prudent. In this case, a confidence interval of at least 99% should be used and a time horizon of one year.

If the Cover Assets are no longer adequate, taking into account the aforementioned stress test scenarios, the issuing credit institution should take the necessary measures and/or at least ensure that it has sufficient other assets that it can pledge if these scenarios effectively occur.

The issuing credit institution must publish the results of the Stress Tests on its website each quarter pursuant to Article 12 §2 of the Covered Bonds Royal Decree.

6. SPECIFIC SUPERVISION

(A) Cover Pool Monitor

- 6.1. As soon as Belgian Covered Bonds are issued, the issuing credit institution has to appoint, following the advice of the NBB, a cover pool monitor (*portefeuille surveillant/surveillant de portefeuille*) (the **Cover Pool Monitor**) for each issuance of, or for an issuance programme of, Belgian covered bonds (Article 16, §1 of Annex III to the Banking Law and Article 11 of the Covered Bonds Royal Decree).
- 6.2. The Cover Pool Monitor will report to the NBB on the compliance of the issuing credit institution with the Belgian Covered Bond Regulations:
 - (a) prior to an issuance of Belgian covered bonds, the Cover Pool Monitor reports to the NBB as to whether the credit institution is able to comply with (i) the qualitative and quantitative requirements of the Cover Assets, the requirements in respect of valuation methods, the level of cover, the surplus, the available liquidity, the requirements for the purchase of assets to cover an issuance and requirements with respect to derivative contracts, and (ii) the requirements in respect of segregation, investor disclosure, extendable maturity structures and the requirements with respect to keeping a register with the Cover Assets, in particular the correct registration in the Cover Register;
 - (b) following the issuance of Belgian covered bonds, these verifications are performed on an annual basis;
 - (c) the compliance with the Cover Tests, the Liquidity Test, the results of the Stress Tests and the registration in the Cover Register are however verified on a monthly basis.
- 6.3. Once a year, the Cover Pool Monitor reports to the NBB on the results of its activities. As soon as the Cover Pool Monitor finds that the credit institution does no longer comply with the above requirements or the other requirements under the Belgian Covered Bond Regulations, it will immediately inform the NBB and the credit institution. The content and format of its reports are further set out in the NBB Cover Pool Monitor Circular.
- 6.4. The NBB can also instruct the cover pool monitor to perform other tasks and verifications.
- 6.5. The Cover Pool Monitor needs to be a recognized auditor of credit institutions other than the actual auditor of the issuing credit institution. Prior to terminating the appointment of the Cover

Pool Monitor, the credit institution needs to obtain the advice of the NBB. In case the Cover Pool Monitor wants to resign, it will first need to inform the NBB.

- 6.6. The fees and cost of the Cover Pool Monitor must be borne by the issuing credit institution.
- 6.7. David De Schacht, accredited auditor for financial institutions, domiciled at 3391 Tielt-Winge, Kapellekensweg 57 and Jurgen De Raedemaeker, accredited auditor for financial institutions, domiciled at 3210 Lubbeek, Molendries 42, acting jointly and severally, have been appointed as Cover Pool Monitor in relation to the Special Estate pursuant to Article 16, §1 of Annex III to the Banking Law by the Issuer pursuant to the Cover Pool Monitor Appointment Agreement. The appointment of David De Schacht and Jurgen De Raedemaeker as Cover Pool Monitor was approved by the NBB on 15 March 2016.

(B) National Bank of Belgium

- 6.8. The NBB is the competent supervisor in respect of Belgian covered bonds issued by credit institutions. In case the NBB becomes aware that a specific category of debt instruments does no longer comply with the Belgian Covered Bond Regulations or if the issuer does not longer comply with its specific obligations as issuer, the NBB will grant a remedy period. If the situation is not remedied within the remedy period, the NBB may revoke the General Authorisation and delete the issuer from the relevant list of credit institutions authorised to issue Belgian covered bonds. In extremely urgent situations, the NBB may proceed with a deregistration without remedy period.
- 6.9. A deregistration will be notified by the NBB to the European Commission. As a result of this deregistration, the issuer will no longer be entitled to issue Belgian covered bonds. In case it wishes to issue new Belgian covered bonds, the Issuer will again have to comply with all requirements in order to be registered. A deregistration does not affect the holders of outstanding Belgian covered bonds.
- 6.10. The NBB can also publish warnings/statements indicating that a credit institution has failed to comply with the NBB's requests to meet the requirements of the Belgian Covered Bond Regulations within a specified grace period. In addition, as part of its general supervisory function under the Banking Law, the NBB can – after hearing or inviting the issuing credit institution for a hearing – impose a fine of maximum EUR 2,500,000 per breach or EUR 50,000 per day of non-compliance.
- 6.11. The NBB has the power to impose administrative penalties on issuing credit institutions. Such administrative penalties may range from EUR 10,000 to 10% of the credit institution's annual net turnover of the preceding financial year.

7. OTHER PARTIES

(A) Cover Pool Administrator

- 7.1. Under certain circumstances, the NBB may or will appoint the Cover Pool Administrator to take over management of the Special Estate (see above 3 (C) *Management of the Special Estate*).
- 7.2. The required qualifications and powers of the Cover Pool Administrator are further specified in the Cover Pool Administrator Royal Decree.

- 7.3. The Cover Pool Administrator may not be the same entity as the liquidator of the issuing credit institution. Before the appointment of a party as Cover Pool Administrator, the NBB will assess whether such party has the required expertise and appropriate experience in order to manage the Cover Assets comprised in the Special Estate, is professionally reliable and has an appropriate organisation for the activities that it will have to perform as Cover Pool Administrator. An EEA credit institution that (i) has issued Mortgage Pandbrieven relating to similar cover assets, or (ii) manages portfolios of assets that would qualify as Cover Assets, is deemed to satisfy the requirements of the Cover Pool Administrator Royal Decree (Article 3).
- 7.4. In order to comply with the obligations set out in the Belgian Covered Bond Regulations, the Cover Pool Administrator has, inter alia, the power to take the following actions:
- (a) to make interest and principal payments in respect of the Belgian Covered Bonds deriving from Collections received or, as the case may be, available liquidity lines;
 - (b) to organise the receipt of Collections (including the enforcement of payments in arrears due on Cover Assets);
 - (c) to sell Cover Assets;
 - (d) to invest Collections until these are paid out (in assets that would be eligible as Cover Assets);
 - (e) to renegotiate the terms of Cover Assets in arrears;
 - (f) to enter into hedging instruments;
 - (g) to enter into liquidity lines to ensure compliance with the contractual terms of the relevant Belgian covered bonds; and
 - (h) to perform administrative task of the issuing credit institution in relation to the issued Belgian covered bonds.
- 7.5. The Cover Pool Administrator will perform the Statutory Tests, report on such tests to the NBB and the representative of the holders of the Belgian Covered Bonds on a quarterly basis and ensure the reporting as prescribed by the Covered Bonds Royal Decree and the NBB Covered Bonds Circular.
- 7.6. For each transaction (in particular a sale of Cover Assets) that entails the risk that the Statutory Tests or the conditions of the Belgian covered bonds will no longer be complied with, the Cover Pool Administrator needs to obtain the approval of the NBB and the representative of the holders of the Belgian Covered Bonds.
- (B) Representative of the holder of the Belgian covered bonds**
- 7.7. For the holders of Belgian covered bonds of a specific issue or of the same issuance programme, one or more representatives can be appointed either by the issuing credit institution prior to the issuance of the Belgian covered bonds or by the general meeting of the holders of the Belgian covered bonds after the issuance (Article 14, §2 of Annex III to the Banking Law).
- 7.8. The powers of the representative of the holders of the Belgian covered bonds are determined either in the terms and conditions of the Belgian covered bonds or by the general meeting of the holders of the Belgian covered bonds. The general meeting of the holders of the Belgian covered bonds may at all times revoke the appointment of such representative of the holders of

the Belgian covered bonds provided at the same time one or more substitute representative are appointed.

- 7.9. The representative of the holders of the Belgian covered bonds may also represent other creditors of claims related to the Belgian covered bonds issuance provided it is mandated by such creditors.
- 7.10. Stichting BNP Paribas Fortis Mortgage Pandbrieven Representative has been appointed by the Issuer as representative of the Mortgage Pandbrieven Holders in relation to the Programme pursuant to Article 14, §2 of Annex III to the Banking Law in accordance with the terms of the Mortgage Pandbrieven Holders' Representative Appointment Agreement. The tasks and duties of Stichting BNP Paribas Fortis Mortgage Pandbrieven Representative as representative of the Mortgage Pandbrieven Holders (the **Mortgage Pandbrieven Holders' Representative**) are further described in the Belgian Covered Bond Regulations, the Conditions and the Mortgage Pandbrieven Holders Representative Agreement.

8. MOBILISATION LAW

- 8.1. In accordance with the provisions of the Covered Bond Law and the Covered Bonds Royal Decree, Cover Assets that are registered into the Cover Register will form part of the Special Estate providing an exclusive recourse to the holders of Belgian covered bonds and the Other Creditors of claims related to the Belgian covered bonds issuance. The Mobilisation Law that was adopted on the same date as the Covered Bond Law provides for certain additional protections in respect of the segregation of Cover Assets in the Special Estate. These include, inter alia, the following:

- (a) the registration of Cover Assets in a Cover Register is valid and effective in case the registration:
 - (i) precedes the start of insolvency proceedings, an attachment or a situation of concurrence of creditors, or
 - (ii) occurs on the date of the opening of such proceedings, provided that the credit institution was rightfully ignorant (*gewettigde onwetendheid/ignorance légitime*) of the start of such proceedings.

In such case, the registration cannot be challenged on the basis of claw-back rules set out in the Belgian Bankruptcy Code of 8 August 1997, unless in the event of fraud (Article 8, §2 of the Mobilisation Law);

- (b) the debtor of a bank claim that is registered as a Cover Asset in the Cover Register, will, subject to some limited exceptions, no longer be entitled to invoke set-off rights (legal and contractual) or suspend payments on the basis of an exception of non-performance in respect of such claim, following a notification of the registration of such claim in the Cover Register or following the start of insolvency proceedings against the issuing credit institution, if the conditions for set-off or the exception of non-performance (including the requirement that the claims to be set-off or on the basis of which the defense is invoked, are payable) are only satisfied following such notification or start of the insolvency proceedings (Article 6, §§2 to 5 of the Mobilisation Law);
- (c) in the event a claim, secured by a mortgage that is an All Sums Mortgage, is registered into the Special Estate, then such claim will in respect of such mortgage be paid (i) in priority to all other claims secured by the same mortgage that came into existence after

the date of this registration and (ii) *pari passu* and *pro rata* with the other claims that existed on the date of registration, unless otherwise agreed between Special Estate and the General Estate (Article 81*quinquies* of the Belgian act on mortgages (*hypotheekwet/loi hypothécaire*) (the **Mortgage Act**));

- (d) a Mortgage Mandate is, by operation of law, deemed to be granted for the benefit of any transferee of the secured claim and is transferred automatically together with the secured claim (including in case of a registration into the Special Estate).

 - (i) any modification (other than in respect of a Basic Term Change) of the terms and conditions applying to the Mortgage Pandbrieven of one or more Series (including the Conditions) or any Programme Document provided that in the sole opinion of the Mortgage Pandbrieven Holders’ Representative such modification is not materially prejudicial to the interests of any of the Mortgage Pandbrieven Holders of such Series; or
 - (ii) any modification of the terms and conditions applying to Mortgage Pandbrieven of any one or more Series (including the Conditions) or any Programme Document which is in the sole opinion of the Mortgage Pandbrieven Holders’ Representative of a formal, minor or technical nature or is to correct a manifest error or to comply with the mandatory statutory provisions or would cause such Mortgage Pandbrieven or such Programme Documents to better reflect or comply with the provisions and requirements of the Belgian Covered Bond Regulations;
- (b) Any such modification shall be binding on the Mortgage Pandbrieven Holders.
- (c) In no event may such modification be a Basic Term Change. Reference is made to section “*Meeting Rules of the Mortgage Pandbrieven Holders*” of this Base Prospectus for further details in this respect.

3.6 Waivers

The Mortgage Pandbrieven Holders’ Representative may in its sole discretion, without the consent of the Mortgage Pandbrieven Holders and without prejudice to its rights in respect of any further or other breach, condition, event or act from time to time and at any time, but only if and in so far as in its opinion the interests of the Mortgage Pandbrieven Holders will not be materially prejudiced thereby, (i) authorise or waive, on such terms and conditions (if any) as shall seem expedient to it, any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Mortgage Pandbrieven Holders Representative Agreement, the Mortgage Pandbrieven or any of the Programme Documents, or (ii) determine that any breach shall not be, or shall not be subject to specified conditions, treated as such. - (b) The Mortgage Pandbrieven Holders' Representative shall, as regards the powers, authorities and discretions vested in it, except where expressly provided otherwise, have regard to the interests of both the Mortgage Pandbrieven Holders of all Series and the Other Cover Pool Creditors that have agreed to be represented by the Mortgage Pandbrieven Holders' Representative but, if, in the opinion of the Mortgage Pandbrieven Holders' Representative, there is a conflict between the interests the Mortgage Pandbrieven Holders and those Other Cover Pool Creditors, the Mortgage Pandbrieven Holders' Representative will have regard solely to the interest of the Mortgage Pandbrieven Holders, but, for the avoidance of doubt, without prejudice to the applicable priority of payments.

- (d) The Cover Pool Monitor shall perform its tasks in accordance with the provisions of the Belgian Covered Bond Regulations and in particular the NBB Cover Pool Monitor Circular.

5.3. Termination of appointment

- (a) The Issuer may terminate the appointment of the Cover Pool Monitor on 30 calendar days' prior written notice provided that it has the prior consent of the NBB.
- (b) The Cover Pool Monitor may, at any time, resign by giving at least 30 calendar days' prior written notice to the Issuer and the NBB (with such notice stating the reasons for its resignation). The Cover Pool Monitor has agreed to provide its services under the Cover Pool Monitor Agreement during an initial period expiring on 15 March 2019 (the **Initial Term**), which will thereafter be tacitly renewed for additional one calendar year periods (each a **Renewal Period**) provided that the Cover Pool Monitor may resign from its appointment under the Cover Pool Monitor Agreement upon providing the Issuer, the Mortgage Pandbrieven Holders' Representative and the NBB with at least 3 calendar months days' prior written notice before the end of the Initial Term or the end of the additional Renewal Period. Notwithstanding the foregoing, the Cover Pool Monitor may with the prior consent of the NBB resign from its appointment immediately by giving written notice to the Issuer and the NBB in the event a professional conflict of interest for the Cover Pool Monitor is caused by an action of the Issuer (or its shareholders) or the Mortgage Pandbrieven Holders' Representative or in the event the performance of its services would become illegal following a change of law. The Cover Pool Monitor is required to resign if it becomes the statutory

- (c) Upon the Cover Pool Monitor giving 30 calendar days' prior written notice of resignation, the Issuer shall immediately use all reasonable endeavours to appoint a replacement (such replacement to be approved by the NBB which agrees to perform the duties of the Cover Pool Monitor set out in the Belgian Covered Bond Regulations and in the Cover Pool Monitor Agreement).

5.4. Costs

Pursuant to the terms of the Cover Pool Monitor Appointment Agreement, the fees and cost of the Cover Pool Monitor will be borne by the Issuer.

6. SUBSCRIPTION AGREEMENT

The Programme Agreement may be supplemented on or around the date of each issuance by a subscription agreement, which will set out, *inter alia*, the relevant underwriting commitments (such agreement, the **Subscription Agreement**).

7. SPECIAL ESTATE ADMINISTRATION AGREEMENT

- 7.1. The Special Estate Administration Agreement dated on or about the date hereof provides that all Mortgage Pandbrieven issued under the Programme shall be subject to and have the benefit of certain common terms (the **Special Estate Administration Terms**) regardless of whether the Mortgage Pandbrieven are issued under the Base Prospectus or not. These Special Estate Administration Terms specify that all Mortgage Pandbrieven Holders will be represented by the Mortgage Pandbrieven Holders' Representative and will benefit from a recourse to the same Special Estate. Such recourse shall only extend to the Mortgage Pandbrieven Holders and the Other Cover Pool Creditors under the Programme.

- 7.2. The other Special Estate Administration Terms provided for in the Special Estate Administration Agreement are:

- (g) the priority of application for recoveries from security which secures both Cover Assets (to which such recoveries shall first be applied until such Cover Assets have been satisfied in full) and assets forming part of the General Estate (which shall only receive such recoveries when the relevant Cover Assets have been repaid in full);
- (h) the collateral provided under Hedging Agreements which are Cover Assets shall only be used for obligations in relation to the Special Estate and in accordance with the relevant Hedging Agreement; and
- (i) the appointment and maintenance of the appointment of the Cover Pool Monitor.

However, the Special Estate Administration Agreement may be amended in writing between the Issuer, the Mortgage Pandbrieven Holders' Representative and the Cover Pool Monitor, without the agreement or consent of the Mortgage Pandbrieven Holders if:

- (a) the Mortgage Pandbrieven Holders' Representative is of the opinion that the amendment will not materially prejudice the interests of the Mortgage Pandbrieven Holders; or
- (b) the Mortgage Pandbrieven Holders' Representative is of the opinion that the amendment is of a formal, minor or technical nature; or
- (c) the Mortgage Pandbrieven Holders' Representative is of the opinion that the amendment is to correct a manifest error or to comply with mandatory statutory provisions; or
- (d) to better reflect the requirements and provisions of the Belgian Covered Bond Regulations.

7.4. Upon the Issuer's request, the Mortgage Pandbrieven Holders' Representative shall, without the consent or sanction of any of the Mortgage Pandbrieven Holders, concur with the Issuer in making any modifications to the Conditions, to the Meeting Rules or to the Special Estate Administration Terms (together with any requisite or consequential modifications to the Programme Documents) that the Issuer may decide in its discretion to request in order to comply with mandatory provisions of law or with any criteria of a Rating Agency which may be published after the signing of the initial agreement(s) for the issuance of and subscription for the Mortgage Pandbrieven and which the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing it reasonably believes are necessary to avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to any Series of Mortgage Pandbrieven, provided that the Mortgage Pandbrieven Holders' Representative shall not be obliged to agree to any modifications which, in the sole opinion of the Mortgage Pandbrieven Holders' Representative, as applicable, would have effect of (i) exposing the Mortgage Pandbrieven Holders' Representative, as applicable, to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or (ii) increasing the obligations or duties, or decreasing the protections, of the Mortgage Pandbrieven Holders' Representative, as applicable in the Meeting Rules or the Conditions. For avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

7.5. Notwithstanding the foregoing, upon the Issuer's request, the Mortgage Pandbrieven Holders' Representative shall, without the consent or sanction of any of the Mortgage Pandbrieven Holders, concur with the Issuer in making any modifications to the Special Estate Administration Terms (together with any requisite or consequential modifications to the Programme Documents) that the Issuer may decide in its own discretion in relation to future issues of Mortgage Pandbrieven under the Programme provided that:

- (a) such modifications will not affect the then current ratings assigned by a Rating Agency to any Series of Mortgage Pandbrieven issued under the Programme; and
- (b) the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing that these modifications will not affect the rights of Mortgage Pandbrieven already issued under the Programme, provided that the Mortgage Pandbrieven Holders' Representative shall not be obliged to agree to any modification which, in the sole opinion of the Mortgage Pandbrieven Holders' Representative, as applicable, would have effect of:
 - (i) exposing the Mortgage Pandbrieven Holders' Representative, as applicable, to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or
 - (ii) increasing the obligations or duties, or increasing the protections, of the Mortgage Pandbrieven Holders' Representative, as applicable in the Meeting Rules or the Conditions. For avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

8. CLEARING SERVICES AGREEMENT

Pursuant to the Clearing Services Agreement, the NBB as operator of the Securities Settlement System will provide clearing services for the Issuer.

9. HEDGING AGREEMENTS

- 9.1. The Issuer or, upon its appointment by the NBB, the Cover Pool Administrator may, from time to time during the Programme, enter into interest rate swap agreements, currency swap agreements and other relevant swap or hedging agreements (together the **Hedging Agreements**) with one or more hedging counterparties (the **Hedging Counterparties**) for the purpose of, *inter alia*, protecting itself against certain risks (including, but not limited to, interest rate, liquidity and credit) related to the Cover Assets and/or the Mortgage Pandbrieven.
- 9.2. The distribution or priority rules between the obligations towards Mortgage Pandbrieven Holders and the Hedging Counterparties are determined in the Conditions. Reference is made to Condition 9 (*Priority of Payments*) in this respect.

10. LIQUIDATION FACILITY AGREEMENTS

- 10.1. The Issuer or, upon its appointment by the NBB, the Cover Pool Administrator may, from time to time during the Programme, enter into liquidity facility agreements (the **Liquidity Facility Agreements**) in relation to the Special Estate with one or more liquidity facility providers (the **Liquidity Facility Providers**) in order to improve the liquidity of the Special Estate.

- 10.2. The distribution or priority rules between the obligations towards Mortgage Pandbrieven Holders and the Liquidity Facility Providers are determined in the Conditions. Reference is made to Condition 9 (*Priority of Payments*) in this respect.

SECTION 6 – COVER ASSETS

The Belgian Covered Bond Regulations identify four categories of assets that may be included as cover assets in a special estate in relation to an issuance of Mortgage Pandbrieven (see “*Summary of the Belgian Covered Bond Regulations*” – section “*4.B. Further qualitative requirements for Cover Assets relating to Belgian Pandbrieven*” above). In accordance with the undertakings included in the Conditions (see Condition 2.6(b)) and the Programme Documents, the Issuer will further limit the types of assets that will be eligible as Cover Assets for the Special Estate as described below.

1. Main category of Cover Asset – Residential Mortgage Loans

The Special Estate may be composed of assets of each of the following categories: residential mortgage loans (category 1), public exposures (category 3), exposures to credit institutions, including derivative contracts (category 4).

The main asset category of the Special Estate will consist of Category 1 *i.e.* Residential Mortgage Loans.

The value of Cover Assets out of this Category 1 (Residential Mortgage Loans) as determined in accordance with the valuation rules set out in the Article 6 of the Covered Bonds Royal Decree must represent at least 85% of the aggregate principal amount outstanding of all Mortgage Pandbrieven of all Series outstanding (the 85% Asset Coverage Test). In exceptional circumstances the NBB may decrease the minimum percentage of 85 % of the 85% Asset Coverage Test.

2. Description of the Residential Mortgage Loans

(a) Interest Rates

The Residential Mortgage Loans comprising Cover Assets bear:

- (i) a fixed rate interest for the entire term of the Residential Mortgage Loan; or
- (ii) an interest rate which is subject to a reset from time to time, with the period between to reset dates being no less than one year and no more than ten years.

The actual amount of interest paid under the Residential Mortgage Loans will vary during the maturity of the Mortgage Pandbrieven as a result of the level of delinquencies, defaults, repurchases, repayments and prepayments in respect of the Residential Mortgage Loans.

(b) Prepayment Penalties

In accordance with applicable law, the Residential Mortgage Loan agreements allow for prepayment penalties equal to three months interest on the prepaid amount, calculated at the interest rate then applicable to the prepaid Residential Mortgage Loan (except in the case of: (a) death of a Borrower if the Residential Mortgage Loan is repaid from the proceeds of life insurance taken out in relation to the Residential Mortgage Loans; or (b) in case of destruction of or damage to the property because of hazard, to the extent that the prepayment occurs with funds paid pursuant to a hazard insurance policy relating to the Residential Mortgage Loan).

(c) Default Interest

In respect of arrears on the Residential Mortgage Loans, default interest (*nalatigheidsinterest/intérêt moratoire*) at a rate of up to 0.5 per cent per annum is charged/applied in addition to the interest rate then applicable to the Residential Mortgage Loan.

(d) Types of Residential Mortgage Loans

The Residential Mortgage Loans comprising Cover Assets are of the following repayment terms:

- (i) **Linear Residential Mortgage Loan** means a mortgage loan under which the Borrower has to make a periodical repayment of principal which remains the same for the duration of the loan, so that the debt gradually decreases. Due to the decreasing outstanding balance, the interest payment decreases proportionally. As a result, the gross mortgage costs (interest plus repayment of principal) decreases over time;
- (ii) **Annuity Residential Mortgage Loan** means a mortgage loan under which the Borrower has to make a periodical repayment which remains the same for the duration of the loan consisting partly of interest and partly of principal, whereby the interest payments decrease and the repayments of principal increase. As of 1 January 1995, only monthly based Annuity Mortgage Loan can be offered. The monthly payment has been calculated based on monthly scheduled payments in arrears, as a result of which the distribution between the interest and principal component alters every month;
- (iii) **Interest-Only Residential Mortgage Loan** means a mortgage loan under which the Borrower does not have to reimburse principal amount until maturity of such loan, but only makes interest payments during the lifetime of the loan. The interest payment can be monthly, quarterly, semi-annually, or annually; and
- (iv) **Reconstitution Residential Mortgage Loan** means a Residential Mortgage Loan the terms of which provide that on its final maturity date the proceeds of a Reconstitution Insurance Policy will be used for its repayment. Under this type of Residential Mortgage Loan the Borrower does not repay any principal, but instead pays life insurance premiums to the Insurance Company and interest on the Mortgage Loans. The premiums are used to provide death cover and to accumulate capital. For that purpose the Borrower or a third party who has taken out the insurance on the life of the Borrower, transfers or pledges to

the Originator its rights to payment and under the relevant Reconstitution Insurance Policy or appoints the Originator as the beneficiary of such policy.

A **Reconstitution Insurance Policy** is either an Investment Insurance Policy or a Savings Insurance Policy. An **Investment Insurance Policy** is a life insurance policy under which the premiums paid by the Borrower or the third party that has taken out the policy on the life of the Borrower, are invested in an investment fund. This type of policy is always combined with a prior death coverage. Upon maturity of the Reconstitution Loan the investments will be sold and the proceeds used to repay the loan (whether in full or in part, depending on the value of the investments). Should the Borrower decease the proceeds will be used to repay the loan. **Savings Insurance Policy** is a life insurance policy under which the premiums are used to accumulate capital at a guaranteed minimum rate of return. This type of policy is also always combined with a prior death coverage.

(e) **Loan Security**

The Residential Mortgage Loans are secured by (1) a first ranking mortgage, and, as the case may be, (2) a lower ranking mortgage provided that the Issuer also has the benefit of all higher ranking mortgages on the same real estate and, as the case may be, a mandate to create mortgages.

(i) **Mortgage**

A mortgage creates a priority right to payment out of the mortgaged assets, subject to mandatory statutory priorities (including beneficiaries of prior ranking mortgages).

Most of the Residential Mortgage Loans are secured by a Mortgage which is used to also secure all other amounts which the Borrower owes or in the future may owe to the Issuer (*alle sommen hypotheek/hypothèque pour toute somme*) (a **All Sums Mortgage**).

Pursuant to Article 81*quinquies* of the Mortgage Act a receivable secured by an All Sums Mortgage which is registered in the Cover Register shall, in respect of such mortgage, (i) rank in priority to any receivable which arises after the date of the registration and (ii) have equal ranking with loans or debts which existed at the time of the registration, unless stipulated otherwise in the issue conditions.

Other Mortgage Loans have been originated under credit facilities which have the form of a revolving facility (*kredietopening / ouverture de crédit*) (a **Credit Facility**). The Mortgage that is granted as security for this type of loans is used to secure all advances (*voorschotten / avances*) made available under such revolving facility. In many cases the Mortgage that is created in respect of this type of loans is also an All Sums Mortgage.

Pursuant to Article 81*quater* of the Mortgage Act, an advance granted under a revolving facility secured by a mortgage can be registered in the Cover Register. Such advance will benefit from the privileges and mortgages securing the revolving facility. The advance registered in the Cover Register shall, in respect of the mortgage securing the revolving facility, (i) rank in

priority to further advances that are granted after the date of registration and (ii) have equal ranking with other advances which existed at the time of the registration, unless stipulated otherwise in the issue conditions.

Condition 12.3 (*Priority Rules regarding security interest securing both Cover Assets and assets in the General Estate*) provides that if a security interest (including any mortgage and mortgage mandate) secures both Cover Assets and assets in the General Estate, all sums received out of the enforcement of the security interest will be applied in priority to satisfy the obligations in relation to the Cover Assets. Any proceeds of enforcement of such security interest can only be applied in satisfaction of the obligations of the relevant assets in the General Estate once all sums owed to the Special Estate in respect of the relevant Cover Assets are irrevocably repaid in full.

(ii) Mortgage Mandate

A mortgage mandate is often used in addition to a mortgage to limit registration duties payable by the Borrower.

A mortgage mandate does not create an actual security interest and does not therefore create an actual priority right of payment out of the proceeds of a sale of the mortgaged assets. The mortgage mandate is an irrevocable mandate granted by a Borrower or a third party collateral provider to certain attorneys to create a mortgage as security for the Residential Mortgage Loan and all other amounts which the Borrower owes or in the future may owe to the Issuer. Only after creation of the mortgage, the beneficiary of the mortgage will have a priority right to payment out of the proceeds of a sale of the mortgaged assets. See further *Risk Factors – Mortgage Loans – Mortgage Mandates*;

- (iii) as the case may be, life insurance policies and hazard insurance policies;
- (iv) as the case may be, an assignment of salary by the Borrower; and/or
- (v) as the case may be, any pledge, set-off or unicity of account rights of the Issuer pursuant to its applicable general banking terms and conditions.

Pursuant to Article 3, §2, 3° of Annex III to the Banking Law (and, as far as Mortgage Mandates are concerned, Articles 81sexies and 81septies of the Mortgage Act), all security interests and sureties, guarantees or privileges under whichever form that have been granted in relation to Cover Assets as well as rights under insurance policies and other contracts in relation to the Cover Assets or the management of the Special Estate are automatically part of the Special Estate.

Interest will accrue in respect of each Interest Period and will be payable in arrear on the Interest Payment Date(s).

Interest shall be calculated in respect of any period by applying the Rate of Interest to, in the case of Dematerialised Mortgage Pandbrieven, the Principal Amount Outstanding or, in the case a Registered Mortgage Pandbrief, the Principal Amount Outstanding of such Registered Mortgage Pandbrief and, in either case, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant figure to the nearest Sub-unit, half of any such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

4.2. Interest on Floating Rate Mortgage Pandbrieven

- (a) *Interest Period End Dates and Interest Payment Date*

Each Floating Rate Mortgage Pandbrieven bears interest at the rate per annum (expressed as a percentage) equal to the Rate of Interest (determined in accordance with Condition 4.2(b) (*Rate of Interest*)), from (and including) the Interest Commencement Date. Interest will accrue in respect of each Interest Period and will be payable in arrear on the Interest Payment Date(s). The amount of interest payable shall be calculated in accordance with Condition 4.2(d) (*Determination of Rate of Interest and calculation of Interest Amounts*).

(b) ***Rate of Interest***

The Rate of Interest payable from time to time in respect of Floating Rate Mortgage Pandbrieven will be equal to the rate of interest determined in the following manner, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms.

(i) **ISDA Determination for Floating Rate Mortgage Pandbrieven**

Where **ISDA Determination** is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph 4.2(b)(i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Issuer or other person specified in the applicable Final Terms under an interest rate swap transaction if the Issuer or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Mortgage Pandbrieven (the **ISDA Definitions**), and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is the period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (I) if the applicable Floating Rate Option is based on the Eurozone inter-bank offered rate (**EURIBOR**), the first day of that Interest Period or (II) in any other case, as specified in the applicable Final Terms.

For the purposes of this subparagraph 4.2(b)(i), (1) **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date** have the meanings given to those terms in the ISDA Definitions and (2) **Eurozone** means the region comprising the member states of the European Union that adopt or have adopted the single currency in accordance with the Treaty establishing the European Community, as amended from time to time.

When this Condition 4.2(b)(i) (*ISDA Determination for Floating Rate Mortgage Pandbrieven*) applies, in respect of each relevant Interest Period the Calculation Agent will be deemed to have discharged its obligations under Condition 4.2(d) (*Determination of Rate of Interest and calculation of Interest Amounts*) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph 4.2(b)(i).

(ii) **Screen Rate Determination**

(A) Where **Screen Rate Determination** is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation appearing on the relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

(B) If the Reference Rate is EURIBOR, and

- (1) the Relevant Screen Page is not available or if, in the case of (A)(1) above, no such offered quotation appears or, in the case of (A)(2) above, fewer than three such offered quotations appear, in each case as at the Specified Time on the Interest Determination Date in question, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question;
- (2) on any Interest Determination Date,
 - two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent; or
 - fewer than two of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for the relevant Interest Period shall be the offered quotation for deposits in Euro for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered quotations for deposits in Euro for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the Eurozone inter bank market, as the case may be, plus or minus (as appropriate) the Margin (if any);

- (3) five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations; and
- (4) the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

(c) ***Minimum Rate of Interest and/or Maximum Rate of Interest***

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) ***Determination of Rate of Interest and calculation of Interest Amounts***

The Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. The Calculation Agent will notify the Domiciliary Agent and the Issuer, as applicable, of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Mortgage Pandbrievs for the relevant Interest Period by applying the Rate of Interest to, in the case of Dematerialised Mortgage Pandbrievs, the relevant Series Principal Amount Outstanding or, in the case of a Registered Mortgage Pandbrief, the Principal Amount Outstanding of such Registered Mortgage Pandbrief and, in either case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest Sub-unit, half of any such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(e) ***Notification of Rate of Interest and Interest Amounts***

The Calculation Agent will promptly notify the Domiciliary Agent and the Issuer, as applicable, of each Interest Amount and the Domiciliary Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the other Agents and any stock exchange on which the

relevant Floating Rate Mortgage Pandbrievens are for the time being listed (to the extent required by the rules applicable to the relevant stock exchange) and notice thereof to be published in accordance with Condition 19 (*Notices*) as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Rate of Interest so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Mortgage Pandbrievens are for the time being listed (to the extent required by the rules applicable to the relevant stock exchange) and to the Mortgage Pandbrievens Holders in accordance with Condition 19 (*Notices*).

(f) ***Calculation Agent***

If for any reason at any relevant time after the Issue Date, the Calculation Agent defaults in its obligation to determine the Rate of Interest and any Interest Amount in accordance with Conditions 4.2(b)(i) (*ISDA Determination for Floating Rate Mortgage Pandbrievens*) or 4.2(b)(ii) (*Screen Rate Determination*) above, and in each case in accordance with Condition 4.2(d) (*Determination of Rate of Interest and calculation of Interest Amounts*), the Issuer or upon the opening of Winding-up Proceedings against the Issuer, the Cover Pool Administrator, if the Calculation Agent is not the Issuer or the Mortgage Pandbrievens Holders' Representative, if the Calculation Agent is the Issuer, may determine the Rate of Interest at such rate as, in its absolute discretion having such regard as it may think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms, it shall deem fair and reasonable in all the circumstances or, as the case may be, the Issuer, the Cover Pool Administrator or the Mortgage Pandbrievens Holders' Representative, as applicable, may calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances but taking into account the provisions of the applicable Final Terms. In making any such determination or calculation, the Issuer, the Cover Pool Administrator or the Mortgage Pandbrievens Holders' Representative, as applicable, may appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). If such determination or calculation is made, the Issuer, the Cover Pool Administrator or the Mortgage Pandbrievens Holders' Representative, as applicable, shall as soon as reasonably practicable notify the Issuer, the Domiciliary Agent, the other Agents, the Issuer or the Mortgage Pandbrievens Holders' Representative, as applicable, and each stock exchange on which the relevant Floating Rate Mortgage Pandbrievens are for the time being listed (to the extent required by the rules applicable to the relevant stock exchange), of such determination or calculation and each such determination or calculation shall be deemed to have been made by the Calculation Agent.

(g) ***Notifications to be final***

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4.2 (*Interest on Floating Rate Mortgage Pandbrievens*), whether by the Issuer or the Mortgage Pandbrievens Holders' Representative shall (in the absence of wilful default, gross negligence, fraud or manifest error) be binding on the Issuer, the Domiciliary Agent, the other Agents and all Mortgage Pandbrievens Holders and (in the

absence as aforesaid) no liability to the Issuer or the Mortgage Pandbrieven Holders, as applicable, shall attach to the Issuer or the Mortgage Pandbrieven Holders' Representative, as applicable, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(h) ***Benchmark replacement***

Without prejudice to the other provisions in this Condition 4, if the Issuer determines that a Benchmark Event occurs in relation to the relevant Reference Rate specified in the applicable Final Terms when any Rate of Interest (or the relevant component part thereof) remains to be determined by reference to such Reference Rate, then the following provisions shall apply to the relevant Mortgage Pandbrieven:

- (i) the Issuer shall use reasonable endeavours, as soon as reasonably practicable, to appoint and consult with an Independent Adviser with a view to the Issuer determining (without any requirement for the consent or approval of the Mortgage Pandbrieven Holders) (A) a Successor Rate or, failing which, an Alternative Reference Rate, for purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Mortgage Pandbrieven and (B) in either case, an Adjustment Spread;
- (ii) if the Issuer is unable to appoint an Independent Adviser prior to the IA Determination Cut-Off Date, the Issuer (acting in good faith and in a commercially reasonable manner) may still determine (A) a Successor Rate or, failing which, an Alternative Reference Rate and (B) in either case, an Adjustment Spread in accordance with this Condition 4.2(h);
- (iii) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with paragraphs (i) or (ii) above, such Successor Rate or, failing which, Alternative Reference Rate (as applicable) shall be the Reference Rate for each of the future Interest Periods (subject to the subsequent operation of, and to adjustment as provided in, this Condition 4.2(h));
- (iv) if the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Reference Rate (as applicable). If the Issuer is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread;
- (v) if the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) in accordance with the above provisions, the Issuer may (without any requirement for the consent or approval of the Mortgage Pandbrieven Holders) also specify changes to these Conditions and/or the Agency Agreement in order to ensure the proper operation of such Successor Rate or Alternative Reference Rate or any Adjustment Spread (as applicable), including, but not limited to, (A) the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Interest Determination Date, and/or the

definition of Reference Rate applicable to the Mortgage Pandbrieven and (B) the method for determining the fall-back rate in relation to the Mortgage Pandbrieven. No consent shall be required from the Mortgage Pandbrieven Holders in connection with determining or giving effect to the Successor Rate or Alternative Reference Rate (as applicable) or such other changes, including for the execution of any documents or other steps to be taken by the Agent and any other agents party to the Agency Agreement (if required or useful); and

- (vi) the Issuer shall promptly, following the determination of any Successor Rate, Alternative Reference Rate or Adjustment Spread (as applicable), give notice thereof to the Agent, the Calculation Agent and, in accordance with Condition 19 (Notices), the Mortgage Pandbrieven Holders. Such notice shall specify the effective date(s) for such Successor Rate or Alternative Reference Rate (as applicable), the Adjustment Spread (if any) and any consequential changes made to the Agency Agreement and these Conditions (if any),

provided that the determination of any Successor Rate, Alternative Reference Rate or Adjustment Spread (as applicable) and any other related changes to the Mortgage Pandbrieven, shall be made in accordance with the relevant Applicable Banking Regulations (if applicable).

An Independent Adviser appointed pursuant to this Condition 4.2(h) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Agent, the Calculation Agent or the Mortgage Pandbrieven Holders for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 4.2(h).

Without prejudice to the obligations of the Issuer under this Condition 4.2(h), the Reference Rate and the other provisions in this Condition 4 will continue to apply unless and until the Calculation Agent has been notified of the Successor Rate or Alternative Reference Rate (as applicable), the Adjustment Spread (if any) and any consequential changes made to the Agency Agreement and the Conditions (if any).

Failure To Pay means that the Issuer has determined that it is unable to repay all amounts that are due on the applicable original Maturity Date (“failure to pay”);

Liquidation or Resolution: a liquidation procedure (as defined in Article 3, 59° of the Banking Law) is initiated in respect of the Issuer or the Issuer is resolved (as defined in Article 3, 55° of the Banking Law).

- (d) If an Extension Trigger Event as specified in the applicable Final Terms occurs, the Issuer (or, in case of a liquidation procedure (as defined in Article 3, 59° of the Banking Law) or resolution (as defined in Article 3, 55° of the Banking Law) in respect of the Issuer, the Cover Pool Administrator) may extend the applicable original Maturity Date to the applicable Extended Maturity Date (and the obligation of the Issuer to redeem the relevant Mortgage Pandbrieven shall be deferred accordingly) in accordance with the provisions of this Condition 6.2 and in each case subject to Article 13/1 of Annex III to the Banking Law.
- (e) The **Extended Maturity Date** in respect of any Series of Mortgage Pandbrieven (the **Relevant Mortgage Pandbrieven**) shall be the earlier of (i) the Extended Maturity Date as specified in the applicable Final Terms and (ii) the maturity date (as extended, if applicable) of any other Series of Mortgage Pandbrieven falling after the original Maturity Date of the Relevant Mortgage Pandbrieven.
- (f) If the original Maturity Date is extended in accordance with this Condition 6.2, the relevant Extension Trigger Event and the action plan that the Issuer will follow to ensure that all amounts due are repaid on the Extended Maturity Date shall be documented and notified to

the NBB within 15 Business Days of the extension in accordance with Article 13/1, §2 of Annex III to the Banking Law. If the relevant Extension Trigger Event is Failure To Pay, the Issuer shall demonstrate that it has taken all reasonable measures to prevent the Extension Trigger Event from occurring.

- (g) If the original Maturity Date is extended in accordance with this Condition 6.2, the obligation of the Issuer to redeem the relevant Mortgage Pandbrieven shall be deferred until the Extended Maturity Date and in such case the Final Redemption Amount will not be considered to have been due and payable on the original Maturity Date, and no Event of Default will be deemed to have occurred as a result of non-payment of the Final Redemption Amount on the original Maturity Date. The extension of the original Maturity Date in accordance with this Condition 6.2 shall not affect the situation of the Mortgage Pandbrieven Holders of such Series and the Other Cover Pool Creditors in terms of their exclusive right to the Cover Assets constituting the Special Estate.
- (h) Following an extension of the Maturity Date in accordance with this Condition 6.2, the Issuer may redeem the Mortgage Pandbrieven in whole or in part on any Interest Payment Date falling after the original Maturity Date but prior to the Extended Maturity Date, provided that on such Interest Payment Date there are no outstanding Mortgage Pandbrieven of another Series with an original maturity date falling before the original Maturity Date of the Mortgage Pandbrieven (or that such outstanding Mortgage Pandbrieven of another Series are redeemed in full on such Interest Payment Date).
- (i) Subject to Condition 4 below, if and to the extent that on any subsequent Interest Payment Date falling prior to the Extended Maturity Date (each an **Extension Payment Date**), the Issuer has sufficient available funds to redeem the relevant Mortgage Pandbrieven, then the Issuer shall (a) give notice thereof to the Mortgage Pandbrieven Holders of such Series, the Mortgage Pandbrieven Holders' Representative and the Paying Agent as soon as reasonably practicable and in any event at least two Business Days prior to such Extension Payment Date and (b) apply such available funds to redeem the Mortgage Pandbrieven of such Series on such Extension Payment Date at their Final Redemption Amount.
- (j) The Issuer, or as the case may be the Cover Pool Administrator on its behalf, shall give notice of the extension of the Maturity Date to the Extended Maturity Date in accordance with this Condition 6.2 as soon as reasonably practicable, to the Cover Pool Monitor, the Rating Agency, the Mortgage Pandbrieven Holders' Representative, the Domiciliary Agent, the Paying Agent, and the Mortgage Pandbrieven Holders of the relevant Series as soon as reasonably practicable. Any failure by the Issuer (or the Cover Pool Administrator, as the case may be) to notify such parties shall not affect the validity of effectiveness of the extension.
- (k) If the maturity of any Mortgage Pandbrieven is extended up to the Extended Maturity Date in accordance with this Condition 6.2, for so long as any of those Mortgage Pandbrieven remain outstanding, the Issuer shall not issue any further Mortgage Pandbrieven, unless the proceeds of issuance of such further Mortgage Pandbrieven are applied by the Issuer on issuance in redeeming in whole or in part the relevant Mortgage Pandbrieven in accordance with the terms hereof.

6.3. **Redemption for taxation reasons**

The Mortgage Pandbrieven may be redeemed at the option of the Issuer in whole, but not in part, at any time (if the relevant Mortgage Pandbrief is not a Floating Rate Mortgage Pandbrief) or on

any Interest Payment Date (if the relevant Mortgage Pandbrief is a Floating Rate Mortgage Pandbrief), on giving not less than 30 nor more than 60 calendar days' notice to the Domiciliary Agent and the Mortgage Pandbrieven Holders' Representative and, in accordance with Condition 19 (*Notices*), the Mortgage Pandbrieven Holders (which notice shall be irrevocable), if:

(a) on the occasion of the next payment due under the Mortgage Pandbrieven, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 (*Tax gross-up*), as a result of any change in, or amendment to, the laws or regulations of Belgium or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Mortgage Pandbrieven; and

(b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 calendar days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts where a payment in respect of the Mortgage Pandbrieven then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Domiciliary Agent and the Mortgage Pandbrieven Holders' Representative a certificate signed by two authorised signatories of the Issuer, stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Mortgage Pandbrieven redeemed pursuant to this Condition 6.3 (*Redemption for taxation reasons*) will be redeemed at their Early Redemption Amount referred to in Condition 6.4 (*Early Redemption Amounts*) together (if appropriate) with interest accrued to (but excluding) the date of early redemption.

6.4. Early Redemption Amounts

For the purpose of Condition 6.3 (*Redemption for taxation reasons*), Condition 6.5 (*Illegality*) and Condition 8 (*Events of Default and Enforcement*), the Early Redemption Amount in respect of any Mortgage Pandbrieven shall be calculated as follows:

- (a) in the case of a Mortgage Pandbrief with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof, unless otherwise specified in the applicable Final Terms;
- (b) in the case of a Mortgage Pandbrief (other than a Zero Coupon Mortgage Pandbrief) with a Final Redemption Amount which is or may be less or greater than the Issue Price, at the amount specified in the applicable Final Terms or, if no such amount is so specified in the applicable Final Terms, at its Principal Amount Outstanding; and
- (c) in the case of a Zero Coupon Mortgage Pandbrief, at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

Where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Mortgage Pandbrieven to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Mortgage Pandbrief becomes due and repayable and the denominator of which is 360, provided that where such calculation is to be made for a period which is not a whole number of years, it shall be made (i) in the case of Zero Coupon Mortgage Pandbrieven payable in a Specified Currency other than Euro, on the basis of a 360-day year consisting of 12 months of 30 days each or (ii) in the case of Zero Coupon Mortgage Pandbrieven payable in Euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non-leap year divided by 365) or (iii) other such redemption amount of a Zero Coupon Mortgage Pandbrieven as may be specified in the applicable Final Terms.

6.5. **Illegality**

In the event that the Issuer determines that the performance of the Issuer's obligations under the Mortgage Pandbrieven has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, the Issuer having given not less than thirty (30) nor more than sixty (60) calendar days' notice to Mortgage Pandbrieven Holders and the Mortgage Pandbrieven Holders' Representative in accordance with Condition 19 (*Notices*) (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Mortgage Pandbrieven of the relevant Series, each Mortgage Pandbrief being redeemed at the Early Redemption Amount together (if appropriate) with interest accrued to (but excluding) the date of redemption.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Domiciliary Agent and the Mortgage Pandbrieven Holders' Representative a certificate signed by two authorised signatories of the Issuer, stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

6.6. **Purchases**

The Issuer or any subsidiary, affiliate or holding company of the Issuer may at any time purchase or otherwise acquire Mortgage Pandbrieven at any price in the open market either by tender or private agreement or otherwise.

Any Mortgage Pandbrieven acquired by the Issuer may be held, resold or, at the option of the Issuer, transferred to the Domiciliary Agent for cancellation.

Unless otherwise indicated in the applicable Final Terms, Mortgage Pandbrieven so acquired by the Issuer may be held in accordance with Article 10, §1 of Annex III to the Banking Law or cancelled in accordance with this Condition 6.6.

6.7. **Subscription to own Mortgage Pandbrieven**

- (a) the date on which all amounts due in respect of such Zero Coupon Mortgage Pandbrieven have been paid; and
- (b) five calendar days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Mortgage Pandbrieven has been received by the Domiciliary Agent and notice to that effect has been given to the Mortgage Pandbrieven Holders in accordance with Condition 19 (*Notices*).

6.9. Removal of Cover Assets from the Cover Register

For the avoidance of any doubt, upon the redemption of Mortgage Pandbrieven in accordance with this Condition 6 (or the cancellation of Mortgage Pandbrieven as referred to in Conditions 6.7 and 6.8), the Issuer will be entitled to remove Cover Assets from the Cover Register provided that Cover Assets remaining in the Special Estate following such removal would ensure that the Issuer continues to satisfy the Statutory Test and the obligations under the Programme Documents.

7. TAX GROSS-UP

All payments of principal and interest in respect of the Mortgage Pandbrieven by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (**Taxes**) imposed, levied, collected, withheld or assessed by or on behalf of Belgium or any political subdivision thereof or any authority therein or thereof having power to tax, unless the withholding or deduction of such Taxes is required by law. In that event the Issuer shall pay such additional amounts as will result in receipt by the Mortgage Pandbrieven Holders of such amounts after such withholding or deduction as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable:

- (a) with respect to any payment in respect of any Dematerialised Mortgage Pandbrief:
 - (i) held by a holder of a Dematerialised Mortgage Pandbrief which is liable to Taxes in respect of such Dematerialised Mortgage Pandbrief by reason of its having some connection with the jurisdiction by which such Taxes have been imposed, levied, collected, withheld or assessed other than the mere holding of the Dematerialised Mortgage Pandbrief; or

- (ii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to FATCA; or
 - (iii) held by a holder of a Dematerialised Mortgage Pandbrief who would have been able to avoid such withholding or deduction by arranging to receive the relevant payment through another paying agent of the Issuer in a member state of the European Union; or
 - (iv) where such withholding or deduction is imposed because the holder of the Dematerialised Mortgage Pandbrief is not an Eligible Investor (unless that person was an Eligible Investor at the time of its acquisition of the relevant Mortgage Pandbrief but has since ceased (as such term is defined from time to time under Belgian law) being an Eligible Investor by reason of a change in the Belgian tax laws or regulations or in the interpretation or application thereof or by reason of another change which was outside that person's control), or is an Eligible Investor but is not holding the relevant Dematerialised Mortgage Pandbrief in an exempt securities account with a qualifying clearing system in accordance with the Belgian law of 6 August 1993 relating to transactions in certain securities and its implementation decrees; or

- (i) held by a holder of a Registered Mortgage Pandbrief which is liable to Taxes in respect of such Mortgage Pandbrief by reason of its having some connection with the jurisdiction by which such Taxes have been imposed, levied, collected, withheld or assessed other than the mere holding of the Registered Mortgage Pandbrief; or
 - (ii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to FATCA; or
 - (iii) held by a holder of a Registered Mortgage Pandbrief who would have been able to avoid such withholding or deduction by arranging to receive the relevant payment through another paying agent of the Issuer in a member state of the European Union; or
 - (iv) where such withholding or deduction is imposed because the holder of the Registered Mortgage Pandbrief is not to a holder who is an Exempt Investor (as defined below) (unless that person was an Exempt Investor at the time of its acquisition of the relevant Mortgage Pandbrief but has since ceased (as such term is defined from time to time under Belgian law) being an Exempt Investor by reason of a change in the Belgian tax laws or regulations or in the interpretation or application thereof); or

- (v) where such withholding or deduction is imposed for reason of the holder of the Registered Mortgage Pandbrieven, at the time of the relevant interest payment, not benefitting from a full exemption from Belgian interest withholding tax due to the Issuer no longer qualifying as a financial institution as referred to in the Articles 105, 1°, a) and 107, §2, 5°, b) of the Royal Decree implementing the Belgian Income Tax Code 1992; or
- (vi) to a holder who is entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption; or
- (vii) presented for payment more than 30 calendar days after the Relevant Date (as defined below) except to the extent that the holder of the Registered Mortgage Pandbrief would have been entitled to additional amount on presenting the same for payment on the expiry of such period of 30 calendar days; or
- (viii) which is issued as a Zero Coupon Mortgage Pandbrieven or any other Registered Mortgage Pandbrief which provides for the capitalisation of interest.

As used in this Condition:

14. THE MORTGAGE PANDBRIEVEN HOLDERS' REPRESENTATIVE

The Mortgage Pandbrieven Holders' Representative has been appointed by the Issuer as representative of the Mortgage Pandbrieven Holders in accordance with Article 14, §2 of Annex III to the Banking Law upon the terms and conditions set out in the Mortgage Pandbrieven Holders Representative Agreement and herein.

By reason of holding Mortgage Pandbrieven, each Mortgage Pandbrieven Holder:

- (a) recognises the Mortgage Pandbrieven Holders' Representative as its representative and (to the fullest extent permitted by law) agrees to be bound by any agreement entered into from time to time by the Mortgage Pandbrieven Holders' Representative in such capacity as if such Mortgage Pandbrieven Holder was a signatory thereto; and
- (b) acknowledges and accepts that the Issuer shall not be liable, except in case of fraud, in respect of any loss, liability, claim, expenses or damage suffered or incurred by any of the Mortgage Pandbrieven Holders as a result of the performance by the Mortgage Pandbrieven Holders' Representative of its duties or the exercise of any of its rights under these Conditions (including the Meeting Rules).

- (b) it shall in all cases have been indemnified, prefunded or secured to its satisfaction against all liability, proceedings, claims and demands to which it may be or become liable and all costs, charges and expenses which may be incurred by it in connection therewith, save where these are due to its own gross negligence, wilful misconduct or fraud.

Whenever the interests of the Mortgage Pandbrieven Holders are or can be affected in the opinion of the Mortgage Pandbrieven Holders' Representative, the Mortgage Pandbrieven Holders' Representative may – if indemnified, prefunded or secured to its satisfaction – take legal action on behalf of the Mortgage Pandbrieven Holders and represent the Mortgage Pandbrieven Holders in any insolvency proceeding and any other legal proceedings initiated against the Issuer or any other party to a Programme Document.

The Mortgage Pandbrieven Holders' Representative shall be indemnified by the Issuer and held harmless, in respect of any and all liabilities and expenses incurred by it or by anyone appointed by it or to whom any of its functions may be delegated by it in carrying out its functions.

6. REPORTING, LIABILITY, EXONERATION AND INDEMNIFICATION OF THE MORTGAGE PANDBRIEVEN HOLDERS' REPRESENTATIVE

6.1. Reporting

If so requested in advance by the Issuer or the Cover Pool Administrator, as applicable, the Mortgage Pandbrieven Holders' Representative shall report to the Meeting on the performance of its duties under the Mortgage Pandbrieven Holders Representative Agreement, the Meeting Rules and the Programme Documents (the **Report**) provided such request is notified by registered mail no later than ten (10) Business Days prior to the relevant Meeting.

The Issuer or the Cover Pool Administrator, as applicable, shall require a Report if so instructed by those Mortgage Pandbrieven Holders who have requested that such Meeting be convened.

6.2. Liabilities and Exoneration

The Mortgage Pandbrieven Holders Representative Agreement contains provisions governing the responsibility (and relief from responsibility) of the Mortgage Pandbrieven Holders' Representative and providing for its indemnification in certain circumstances, including provisions relieving the Mortgage Pandbrieven Holders' Representative from taking enforcement proceedings unless indemnified to its satisfaction.

The Mortgage Pandbrieven Holders' Representative shall not be liable to the Issuer or any of the Mortgage Pandbrieven Holders or the Other Cover Pool Creditors represented by it in respect of any loss or damage which arises out of the exercise, or the attempted exercise of, or the failure to exercise any of its powers or any loss resulting therefrom, except that the Mortgage Pandbrieven Holders' Representative shall be liable for such loss or damage that is caused by its gross negligence, wilful misconduct or fraud.

The Mortgage Pandbrieven Holders' Representative shall not be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Cover Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by or to the order of the Issuer or any agent or related company of the Issuer or by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons.

The Mortgage Pandbrieven Holders' Representative shall have no liability for any breach of or default under its obligations under the Mortgage Pandbrieven Holders Representative Agreement if and to the extent that such breach is caused by any failure on the part of the Issuer or any of the Other Cover Pool Creditors (other than the Mortgage Pandbrieven Holders' Representative) to duly perform any of their material obligations under any of the Programme Documents. In the event that the Mortgage Pandbrieven Holders' Representative is rendered unable to duly perform its obligations under the Mortgage Pandbrieven Holders Representative Agreement by any circumstances beyond its control (*overmacht/force majeure*), the Mortgage Pandbrieven Holders' Representative shall not be liable for any failure to carry out its obligations under the Mortgage Pandbrieven Holders Representative Agreement which are thus affected by the event in question and, for so long as such circumstances continue, its obligations under the Mortgage Pandbrieven Holders Representative Agreement which are thus affected will be suspended without liability for the Mortgage Pandbrieven Holders' Representative.

The Mortgage Pandbrieven Holders' Representative shall not be responsible for monitoring the compliance by any of the other parties (including the Issuer and the Cover Pool Monitor) with their obligations under the Programme Documents. The Mortgage Pandbrieven Holders' Representative may, until it has actual knowledge or express notice to the contrary, assume the Issuer and the Cover Pool Monitor are observing and performing all their obligations under any of the Programme Documents and in any notices or acknowledgements delivered in connection with any such Programme Documents.

The Mortgage Pandbrieven Holders' Representative shall not be responsible for ensuring that the Issuer complies with the obligations applicable to it under the Belgian Covered Bond Regulations or that any asset is duly registered in the Cover Register and the Cover Register is duly maintained.

Except if such meeting is convened by the Mortgage Pandbrieven Holders' Representative or the passing of a Written Resolution has been organised by the Mortgage Pandbrieven Holders' Representative, the Mortgage Pandbrieven Holders' Representative shall not be liable for acting upon (i) any resolution purporting to be a Written Resolution or to have been passed at any Meeting in respect whereof minutes have been made and signed or (ii) a direction of the requisite percentage of Mortgage Pandbrieven Holders. This limitation of liability will apply, even though subsequent to its acting it may be found that there was some defect in the constitution of the meeting or passing of the Written Resolution or the giving of such direction or that for any reason the resolution purporting to be a Written Resolution or to have been passed at any meeting or the giving of the direction was not valid or binding upon such Mortgage Pandbrieven Holders, except if and to the extent any defect has arisen directly from the Mortgage Pandbrieven Holders' Representative's gross negligence, wilful misconduct or fraud.

6.3. Indemnity

If the Mortgage Pandbrieven Holders' Representative has acted upon a resolution, Written Resolution or direction as referred to in 6.2 above, each Mortgage Pandbrieven Holder shall forthwith on demand indemnify the Mortgage Pandbrieven Holders' Representative for its *pro rata* share in any liability, loss or expense incurred or expected to be incurred by the Mortgage Pandbrieven Holders' Representative in any way relating to or arising out of its acting as Mortgage

Pandbrieven Holders' Representative in respect of that resolution, Written Resolution or direction, except if and to the extent that the liability or loss arises directly from the Mortgage Pandbrieven Holders' Representative's gross negligence, wilful misconduct or fraud. The liability shall be divided between the Mortgage Pandbrieven Holders *pro rata* according to the respective Principal Amount Outstanding of the Mortgage Pandbrieven held by each of them respectively.

7. MODIFICATIONS BY THE MORTGAGE PANDBRIEVEN HOLDERS' REPRESENTATIVE

7.1. Waivers

7.1.1. Waivers

The Mortgage Pandbrieven Holders' Representative may in its sole discretion, without the consent of the Mortgage Pandbrieven Holders and without prejudice to its rights in respect of any further or other breach, condition, event or act from time to time and at any time, but only if and in so far as in its opinion the interests of the Mortgage Pandbrieven Holders will not be materially prejudiced thereby:

- (a) authorise or waive, on such terms and conditions (if any) as shall seem expedient to it, any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Mortgage Pandbrieven Holders Representative Agreement, the Mortgage Pandbrieven or any of the Programme Documents, or
- (b) determine that any breach shall not be (subject to specified conditions or not) treated as such.

Any such authorisation, waiver or determination pursuant to this clause shall be binding on the Mortgage Pandbrieven Holders and notice thereof shall be given to the Mortgage Pandbrieven Holders and the Rating Agency.

7.1.2. Reliance

In determining whether or not any power, trust, authority, duty or discretion or any change, event or occurrence under or in relation to the Conditions or any of the Programme Documents will be materially prejudicial to the interests of Mortgage Pandbrieven Holders, the Mortgage Pandbrieven Holders' Representative shall be able to rely on, and act on any advice or opinion of or any certificate obtained from a valuer, accountant, banker, broker, securities company or other company other than the Rating Agency whether obtained by itself or the Issuer and it shall not be liable for any loss occasioned by such action, save where such loss is due to its gross negligence, wilful misconduct or fraud.

7.2. Amendments

The Mortgage Pandbrieven Holders' Representative may upon the request of the Issuer on behalf of the Mortgage Pandbrieven Holders and without the consent or sanction of any of the Mortgage Pandbrieven Holders of any Series or the Other Cover Pool Creditors it represents at any time and from time to time, concur with the Issuer or any other person in making:

- (a) any modification (other than in respect of a Basic Term Change) of the terms and conditions applying to the Mortgage Pandbrieven of one or more Series (including the Conditions) or any Programme Document provided that in the sole opinion of the

Mortgage Pandbrieven Holders' Representative such modification is not materially prejudicial to the interests of any of the Mortgage Pandbrieven Holders of such Series, or

- (b) any modification of the terms and conditions applying to Mortgage Pandbrieven of any one or more Series (including the Conditions) or any Programme Document which is in the sole opinion of the Mortgage Pandbrieven Holders' Representative of a formal, minor or technical nature or is to correct a manifest error or to comply with applicable mandatory statutory provisions or would cause such terms and conditions of the Mortgage Pandbrieven or provision of any Programme Document to better reflect or comply with the provisions and requirements of the Belgian Covered Bond Regulations.

In no event may such modification be a Basic Term Change. The Mortgage Pandbrieven Holders' Representative shall not be bound to give notice to Mortgage Pandbrieven Holders of any modifications to the Programme Documents agreed pursuant to this Clause.

The Issuer or the Cover Pool Administrator, as applicable, shall cause notice of any modification in this Clause 7.2 to be given to the Rating Agency and the Domiciliary Agent.

If, in the Mortgage Pandbrieven Holders' Representative's opinion it is not sufficiently established that the proposed amendment or variation can be approved by it in accordance with this Clause, it will determine in its full discretion whether to submit the proposal to a duly convened Meeting or to refuse the proposed amendment or variation.

Upon the Issuer's request, the Mortgage Pandbrieven Holders' Representative shall, without the consent or sanction of any of the Mortgage Pandbrieven Holders, concur with the Issuer in making any modifications to the Conditions, to the Meeting Rules or to the Special Estate Administration Terms that the Issuer may decide in its discretion in order to comply with any criteria of the Rating Agency which may be published after the signing of the initial agreement(s) for the issuance of and subscription for the Mortgage Pandbrieven and in respect of which the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing that it reasonably believes such modifications are necessary to avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to any Series of Mortgage Pandbrieven, provided that the Mortgage Pandbrieven Holders' Representative shall not be obliged to agree to any modification which, in the sole opinion of the Mortgage Pandbrieven Holders' Representative, as applicable, would have the effect of (i) exposing the Mortgage Pandbrieven Holders' Representative, as applicable, to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the protections, of the Mortgage Pandbrieven Holders' Representative, as applicable in these Meeting Rules or the Conditions. For avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

Notwithstanding the foregoing, upon the Issuer's request, the Mortgage Pandbrieven Holders' Representative shall, without the consent or sanction of any of the Mortgage Pandbrieven Holders, concur with the Issuer in making any modifications to the Special Estate Administration Terms in relation to future issues of Mortgage Pandbrieven under the Programme provided that (i) the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing that it reasonably believes such modifications will not affect the then current ratings assigned by a Rating Agency to any Series of Mortgage Pandbrieven issued under the Programme and (ii) the Issuer certifies to the Mortgage Pandbrieven Holders' Representative in writing that these modifications will not affect the rights of holders of

Mortgage Pandbrieven already issued under the Programme, provided that the Mortgage Pandbrieven Holders' Representative shall not be obliged to agree to any modification which, in the sole opinion of the Mortgage Pandbrieven Holders' Representative, as applicable, would have the effect of (i) exposing the Mortgage Pandbrieven Holders' Representative, as applicable, to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the protections, of the Mortgage Pandbrieven Holders' Representative, as applicable in the Meeting Rules. For avoidance of doubt, such modification may include, without limitation, modifications which would allow any hedge counterparty and/or liquidity facility provider not to post collateral in circumstances where it previously would have been obliged to do so.

SECTION 13 – FORM OF FINAL TERMS

Set out below is the form of Final Terms which, subject to any necessary amendment, will be completed for each Tranche of Mortgage Pandbrieven issued under the Programme pursuant to the Base Prospectus. Text in this section appearing in italics does not form part of the Final Terms but provides directions for completing the Final Terms.

Final Terms dated [●]

BNP Paribas Fortis SA/NV

Issue of [Aggregate Nominal Amount of Tranche] [Title of Mortgage Pandbrieven]

Issued under the EUR 10,000,000,000

Belgian Residential Mortgage Pandbrieven Programme

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Mortgage Pandbrieven will be made pursuant to an exemption under the Prospectus Regulation, from the requirement to publish a prospectus for offers of the Mortgage Pandbrieven. Accordingly, any person making or intending to make an offer of the Mortgage Pandbrieven may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Mortgage Pandbrieven in any other circumstances.

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer's (i.e. each person deemed a manufacturer for purposes of the EU Delegated Directive 2017/593, hereafter referred to as a **Manufacturer**) product approval process, the target market assessment in respect of the Mortgage Pandbrieven has led to the conclusion that: (i) the target market for the Mortgage Pandbrieven is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Mortgage Pandbrieven to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Mortgage Pandbrieven (a **distributor**) should take into consideration the Manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Mortgage Pandbrieven (by either adopting or refining the Manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Mortgage Pandbrieven are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**) or in the United Kingdom (**UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the **Insurance Distribution Directive** or **IDD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended the **PRIIPs Regulation**) for offering or selling the Mortgage Pandbrieven or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore

offering or selling the Mortgage Pandbrieven or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO CONSUMERS IN BELGIUM - The Mortgage Pandbrieven are not intended to be offered, sold or otherwise made available to and, may not be offered, sold or otherwise made available to, any consumer (*consument/consommateur*) within the meaning of the Belgian Code of Economic Law (*Wetboek van economisch recht/Code de droit économique*) in Belgium.

SECTION 15 – OVERVIEW OF BELGIAN HOUSING AND MORTGAGE MARKET

1. SOUND FUNDAMENTALS

Home-ownership in Belgium is stable at around 70%, with the majority of the owners carrying at least some outstanding mortgage debt (Graph 1). As such Belgium compares favourably to most neighbouring countries. Its homeownership rate is higher than that of France, Germany and the Netherlands. Belgium has a higher share of houses owned without outstanding housing debt than the Netherlands.

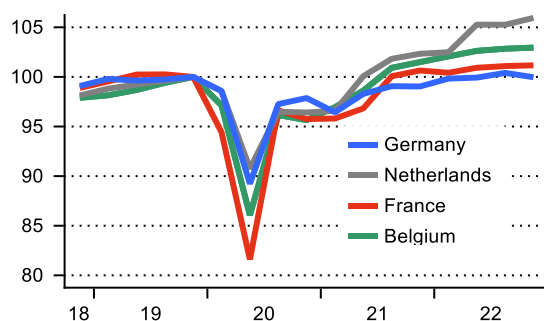

This following report provides an overview of the Belgian housing market. First, the general macroeconomic situation in the country is discussed, highlighting GDP growth and consumer sentiment. A second part covers the prevailing forces of supply and demand on the housing market. Then follows an overview of the Belgian mortgage market. The last part covers the stability of housing prices in Belgium. We pay especially attention to the outlook for the next couple of quarters as both transaction-volume and price-growth are clearly shifting gears.

2. GENERAL MACRO ECONOMICS

2.1. GDP growth: stable, but slower

The Belgian economy was expected to remain on an upward trajectory for the next couple of years, up until the start of the Coronavirus crisis. The Belgian economy shrunk by 5.4%, but quarterly GDP had recovered to pre-covid levels before the end of 2021, posting above potential growth rates in the process. Our outlook for 2023-2024 is more subdued with growth rates of around 1% currently deemed the most likely outcome.

Graph 2: GDP Evolution (2019Q4 = 100)

2.2. Stable and low unemployment

The unemployment rate, the number of jobseekers as a part of the total active population, was well below the European average (Graph 3). It remained stable throughout the first months of the health crisis. This was largely a consequence of the expanded temporary unemployment scheme, which allowed companies to keep employers on their payroll, while the government subsidised part of their wages. The labour market remains in good health, with persistent employment growth since the start of the pandemic.

2.3. Consumer confidence recovering from double dip

Consumer confidence had recovered after a couple of difficult years (Graph 4), but the Coronavirus crisis put an end to this trend. Confidence-levels have since then nosedived twice: first at the start of the first lockdown and then again, after having recovered gradually, when the Russian invasion commenced. A perceived shortage of supply and rising energy-prices pushed confidence down again at the end of last year, but since then it has improved steadily.

Graph 3: Unemployment rate

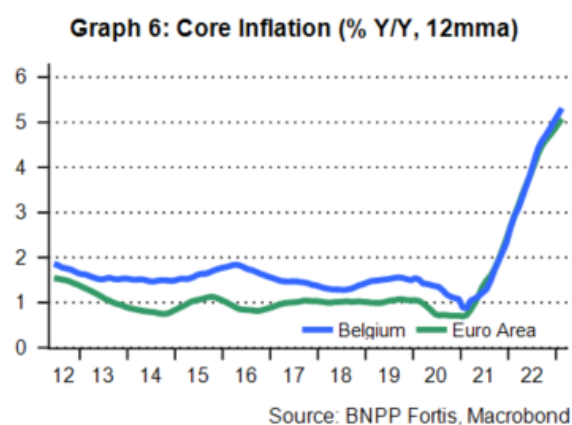

Graph 4: Consumer Confidence

2.4. Inflation: past the peak

Historically, Belgian headline inflation was mostly in excess of the ECB policy target of “near to but below 2%” (Graph 5). Inflation seems to have peaked at the start of Q4 2022. Core inflation (excluding energy and food prices) however is still on the rise, as are food-prices (Graph 6).

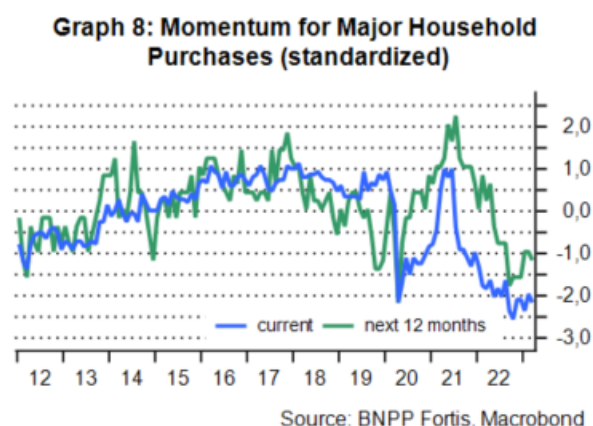

3. OVERVIEW OF THE HOUSING MARKET

3.1. Number of transactions: slowdown ahead

Activity has been experiencing steady growth, as number of sales transactions show, for all types of homes (Graph 7). The surge in transactions at the end of 2014, following the end of various purchase-promoting government schemes, gave way to a normalisation to trend. A similar dynamic could be observed at the end of 2019, when the Flemish government ended a specific measure to support first-time home-ownership. The resulting surge in transactions, effectively pulled some transactions forward in time, resulting in lower activity levels in the first quarter of this year. Lately however, a slowdown in the number transactions is becoming apparent.

3.2. Little appetite for real estate spending

After a couple of strong years, appetite for major household purchase cooled down during the first half of 2020 (Graph 8). After a swift recovery, the current appetite for large purchases has hit an all-time-low in the last couple of months.

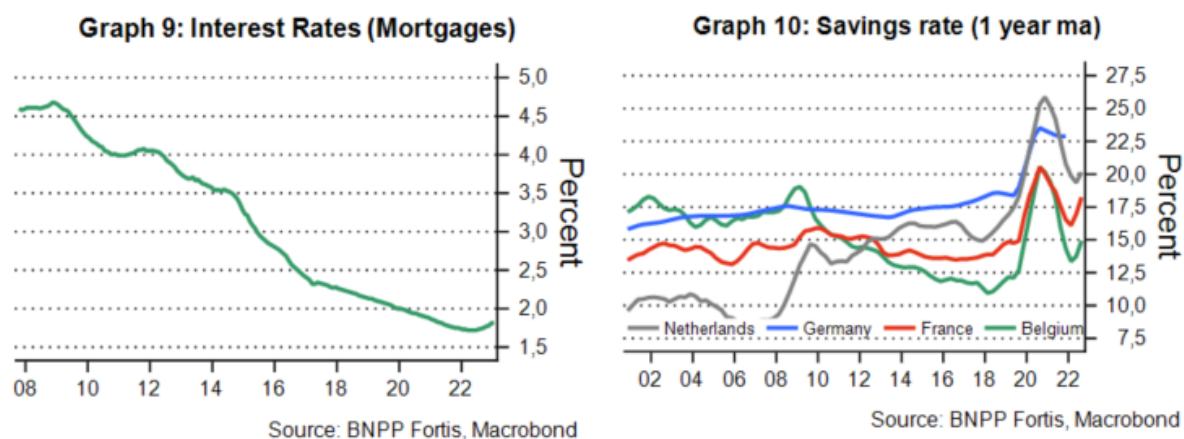

4. OVERVIEW OF THE MORTGAGE MARKET

4.1. Interest rates rising

Interest rates were declining steadily since the start of the financial crisis of 2008. They came down almost 2.5%-points over the last 10 years (Graph 9). Meanwhile, the NBB report mortgages of closer to 4% at the start of 2023.

4.2. Savings rate normalising

The savings rate was spiked in the 2nd quarter of 2020, just as it did in the neighbouring countries. (Graph 10). It has normalised somewhat in the mean time, but could pickup again, spurred on by wage-indexations and higher interest rates.

4.3. Household debt in excess over EA-average

Household debt as % of GDP has exceeded the average of the Eurozone since 2016. Also in terms of income, Belgian households are more indebted then the Eurozone-average. According to the NBB the share of mortgage loans with a loan-to-value ratio (LTV) – that is, the ratio of the amount borrowed to the value of the residential property serving as collateral – above 90 % has remained stable around 20% since the start of the pandemic.

Graph 11: Belgian Household debt

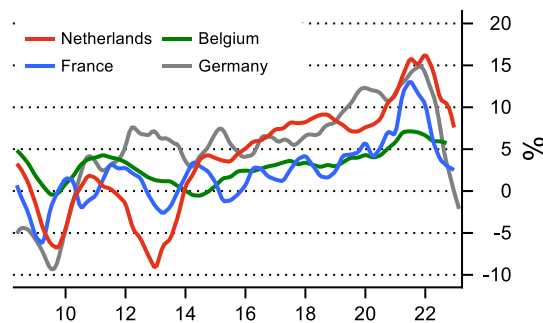

5. PRICES

5.1. Prices have been rising...

The 2008 financial crisis had a temporary and only mild impact on average house prices in Belgium. When compared to the Euro area, it is fair to say that the sector held up quite well. (Graph 12 & 13). Both price-to-income and price-to-rent ratios were stable in the periode 2010-2020, similar to those of France (Graph 14 & 15). Prices started rising faster in the second half of 2020, but less so in Belgium than in the neighbouring countries. And more importantly, they remain at least anchored to the underlying fundamentals. According to the NBB housing prices exceeded their theoretical valuation by 13% in the second half of 2022, down from 22% at the start of 2021.

5.2. ...but a slowdown looks unavoidable

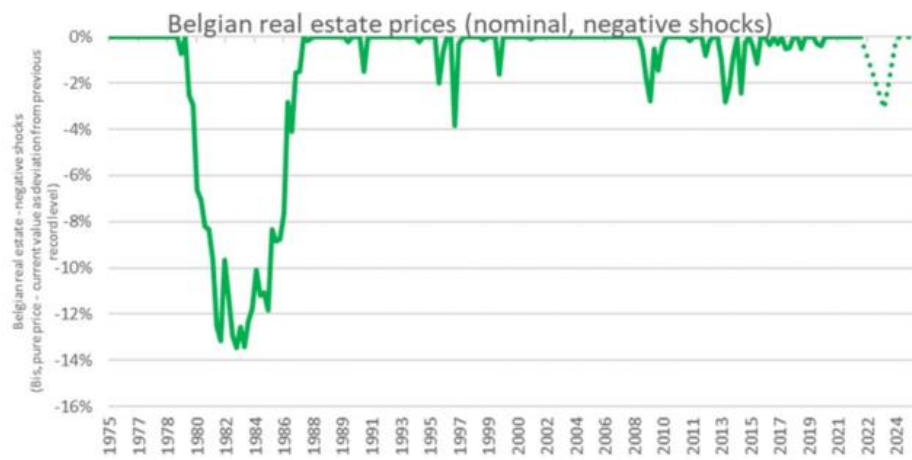

Rising interest rates and ever higher housing prices are weighing down house-affordability. A recent publication by BNP Paribas Fortis shows that monthly housing costs have increased to 36% of average income, compared to 29% at the end of 2020. The National Bank estimates that the current level is an all-time high, tied with the peak in the '80s.

Our own outlook for the short term consists of a marked slowdown in the number of transactions over the next couple of quarters. Meanwhile prices are expected to decline (Chart 16) to the tune of -0.2% for the full year 2023. In 2024 we expect a gradual recovery, with prices increasing by +0.2%.

Further out, we expect price-growth to normalise somewhat, if perhaps at a slower pace than previously. The recent renovations-obligations implemented by the government could weigh in

selling prices for certain types of dwellings. It remains to be seen to what degree the cost of a pending renovation will translate into discount in the selling prices.

2.1 Principal activities

The major changes in the consolidation scope of BNPPF during 2016-2022 were related to the acquisition of Arval Service Lease SA and the purchase from bpost of the remaining 50 per cent. of its 50/50 bpost bank joint venture. Changes in the BNPPF consolidation perimeter comprised, *inter alia*:

- On 8 December 2016 BNPPF acquired Arval Service Lease ("**Arval**"), the European leader in the automobile leasing sector, formerly a 100 per cent.-owned subsidiary of BNPP. This transaction concerned the contribution in kind by BNP Paribas of 100 per cent. minus five shares in Arval Service Lease S.A. to the share capital, the sale of five shares in Arval Service Lease S.A. by a number of subsidiaries of BNP Paribas to a subsidiary of BNPPF and the funding of most of the new business of the Arval group, from the date of closing of the Transaction.

- The transfer of the activities, assets and liabilities of eight European CIB branches and one representative office of BNPPF located in Austria, Czech Republic, Denmark, Finland, the Netherlands, Norway, Romania, Sweden and Spain to BNP Paribas was completed during the years 2017 and 2018. It also involved the transfer to BNP Paribas of the funding commitments of BNPPF towards the transferred businesses.
- Von Essen Bank GmbH, previously fully consolidated, was sold in January 2019 to BNP Paribas and merged with the German Branch of BNP Paribas. Von Essen Bank GmbH provides retail banking services in Germany. It offers savings and investing products, financing services, such as consumer credit, loan rescheduling, real estate credit, mortgage loans and leasing for equipment.
- Greenval Insurance DAC is a fleet motor insurance company registered in Ireland dedicated to customers of Arval. Following approval by the Irish regulatory authorities, Greenval Insurance DAC was sold by BNP Paribas Ireland to Arval Service Lease in December 2020.
- On 3 January 2022, BNPPF purchased the residual 50 per cent. stake of its 50/50 bpost bank joint-venture with bpost. As a consequence, BNPPF has exclusive control of bpost bank and the bpost bank entity has been fully consolidated as of the first quarter of 2022. This operation will enable BNPPF to optimise the Retail Banking activity in Belgium. Bpost bank is a retail bank, selling banking (daily banking, save and invest, lending) and insurance products (provided by AG Insurance) to its client base of almost 1 million clients, predominantly in Belgium. At the same time, bpost and BNPPF signed an exclusive, seven-year commercial agreement under which bpost will continue to offer BNPPF services and products in its network of post offices.
- On 30 November 2022, Arval Service Lease purchased 100 per cent. of Terberg Leasing Group BV, a full-service vehicle leasing entity active mainly in the Netherlands and with a limited presence in Belgium. BNP Paribas Fortis took exclusive control of these entities and fully consolidated them from the last quarter of 2022.

2.2 Retail & Private Banking

channels include a fleet of 878 ATMs, banking services via the internet through Easy Banking Web ("EBW") and Mobile banking (together 2.7 million total aggregate active users).

BNPPF owns a stake in Batopin, a joint venture with KBC, ING and Belfius, with each partner owning a 25 per cent. stake. Batopin is installing bank-neutral cash points across Belgium in locations where customer footfall is expected to be high. Batopin currently has 483 ATMs in operation and the number is rising every week.

With 30 Private Banking centres and one Private Banking Centre by James (Private Banking Centre with remote services through digital channels), BNPPF is a leading player in the Belgian private banking market. Individuals with assets of more than EUR 250,000 are eligible for private banking services. Wealth Management caters to clients with potential assets of more than EUR 5 million. They benefit from a dedicated service model and are primarily served via two Wealth Management centres.

From 1 January 2023, BNPPF has a new commercial organisation based around three customer segments:

Retail Banking for personal and self-employed customers, served by a multidisciplinary team;

Affluent and Private Banking for personal and self-employed customers with more than EUR 85,000 of assets, who each have a dedicated relationship manager; and

Corporate Banking for business clients with a dedicated relationship manager. The Enterprises business line serves small and medium-sized businesses while Corporate Coverage handles large corporations, public-sector entities and institutional clients.

Key developments in 2022

In 2022, BNPPF stood by its customers against a background that saw Belgium gradually emerge from the acute COVID-19 phase, but having to face a nascent energy crisis due to the war in Ukraine. BNPPF therefore stepped up its communication campaigns, towards both private individual customers and self-employed professional clients, with a view to providing them with the most personalised and relevant service possible. Given the economic situation, the energy crisis and the changing regulations, BNPPF stepped up its Financial Wellbeing outreach to private individual customers, with four distinct areas of action: (i) creating and constantly revising the content of the My Life pages on EBW; (ii) providing a range of sales materials to its sales force on the themes of My Mobility, My Budget, My Future and My Housing; (iii) producing a newsletter sent out to individual customers and (iv) also setting up targeted leads to create opportunities for contact with customers experiencing financial difficulties or in need of assistance in managing their budget – with a particular focus on solutions for financing home renovation/insulation works designed to reduce their energy bills.

BNPPF also ran information campaigns on the launch of the new Bancontact Visa debit card and the rollout of a new network of Batopin cash point ATMs.

Towards more "sustainable mobility"

As part of its policy of actively promoting the transition to a more sustainable world, BNPPF focused – among other things – on "sustainable mobility", running an internal communication drive and a large-scale external publicity campaign, involving frequent TV and radio spots, use of digital channels, plus posters at its branches and direct marketing. In addition, BNPPF created a web-seminar – aimed at self-

employed professional clients – looking at changes in the tax treatment of work-related travel and also made those clients frequent special offers, in partnership with Arval, for "top deals" on electric vehicles. In December 2022, BNPPF published the results of a large-scale survey among 2,000 Belgians, enquiring into how their choice of transport options, including the transition towards zero-emission vehicles, is evolving. Results revealed that close to half of all those Belgians surveyed wished to switch to an electric car by 2029, provided that a number of improvements are made in terms of the range of vehicles on offer, lower prices for bottom-of-the-range vehicles, wider availability of recharging infrastructure and greater battery-related driving autonomy. The survey results also underlined that consumers expect the banks to play a proactive part in assisting the transition.

Banking and insurance services: BNPPF's repositioning drive continues

In 2022, BNPPF continued its drive to reposition as the preferred partner for both banking and insurance solutions, for private individual customers and self-employed professionals. BNPPF ran advertising campaigns on TV, radio and in digital media and engaged in direct communication with its customers, placing emphasis on the broad range of solutions available. This was boosted by the partnership with alarm system and remote monitoring expert, Homiris, whose alarm systems enable customers to obtain a discount on their home insurance policy. BNPPF also highlighted the greater ease of use attributable to, *inter alia*, the new digital functionality in the Easy Banking App ("**EBA**") that enables customers for example to subscribe to Touring services (see below), submit loss or damage claims or sign up to insurance policies online.

In November 2022, BNPPF, together with insurance group AG, signed an agreement in-principle with the non-profit organisation Touring Club Royal de Belgique for the transfer of all operational and commercial activities of the Touring group to a limited liability company called Touring SA and the acquisition of the shares of Touring SA by AG (75 per cent.) and BNPPF (25 per cent.).

In addition, BNPPF launched an initial large-scale campaign designed to promote insurance solutions provided by AG for self-employed professionals that are now integrated into BNPPF's portfolio, enabling clients to sign up directly with BNPPF for those policies and services. For this purpose, BNPPF developed an online tool to help customers choose the right occupational insurance solution. BNPPF also expanded its portfolio of solutions for 2nd Pillar pensions, incorporating "Tak 23"-type products into its offer range.

More targeted investment assistance

BNPPF also continued to build out and promote its MyExperts expertise platform, which enables Private Banking, Wealth Management and Priority Exclusive clients to access articles and web-seminars designed to help them take the right investment decisions. BNPPF has now broadened the range of subjects covered to include information precisely geared to the needs of entrepreneurs and members of the liberal professions.

At the same time, BNPPF decided to close down the Lucy online investment platform.

In line with its policy of promoting sustainable and socially-responsible investments, the bank launched during the year a new philanthropic fund entitled Impact Together, embedded within the King Baudouin Foundation, which is financed solely by revenue from the sustainable investment solutions offered by BNPPF. This replaces the Venture Philanthropy Fund, whose profile was not sufficiently high. The money thus collected is intended to provide long-term backing to local organisations, specifically

supporting one-off projects, plus also intervening to help mitigate natural disasters or alleviate crisis situations.

Following the adoption of new EU legislation on sustainable investment, the bank has now adjusted its approach so as to systematically gauge customers' interest in opting for sustainable investment solutions. Inter alia, new terminology has been adopted in order to distinguish "sustainable" investments from "socially-responsible" investments.

Continuous development of BNPPF's digital solutions for managing day-to-day tasks

In order to make life easier for its customers, BNPPF continued during 2022 to build out its digital tools, offering customers greater autonomy in managing their day-to-day needs, including adjusting transaction limits on cards and launching Personal Finance Management, a tool that helps customers to manage their budget. In addition, BNPPF ran an advertising campaign on TV, in digital media and on social networks, designed to promote the full range of digital solutions available on its EBA. BNPPF also conducted direct campaigns aimed specifically at entrepreneur clients, highlighting the Easy Banking Business and Easy Banking Business mobile platforms, which provide advanced functionality for helping to run a business. At the same time, BNPPF continued to communicate regularly on BNPPF's accessibility via our digital "click to call" and EBA, plus video calls.

During 2022, BNPPF continued to help educate its customers on the safe use of digital tools and processes, stepping up fraud prevention and phishing avoidance campaigns with new videos posted on the EBW.

Promoting digital payment solutions

Following the entry into force on 1 July 2022 of a new law requiring retailers and merchants to offer a digital payments option to their customers, BNPPF took a number of initiatives to highlight its digital payment acceptance solutions for its clients in these sectors. In close partnership with its subsidiary Axepta and payment platform, Payconiq, BNPPF stepped up its appearances at trade fairs and salons and conducted several direct communication campaigns to enable clients to find the solution that best matches their needs.

During 2022, BNPPF also worked to promote the loyalty solutions provided by its partner, Joyn. Complementing payment solutions, these loyalty solutions enable digitalisation of customer relations and help to boost business by facilitating merchants' promotional efforts vis-à-vis their customers. In support of this aim, BNPPF ran a wide-ranging drive to activate the Joyn solutions at its own premises in order to increase familiarity with and foster ambassadorship of this type of solution among its staff.

Stepping up outreach to business starters

During the year, BNPPF increased its efforts to reach out to business starters, a process begun in 2021, via both the BNPPF and Hello bank! brands. BNPPF ran fresh advertising campaigns on radio and in digital media to promote its solutions and highlight its expertise in supporting future entrepreneurs. At the same time, BNPPF developed a web-seminar aimed at business starters, focusing on the circular economy and created a number of video clips highlighting various aspects of its expertise for young entrepreneurs, in partnership with the Goed Bezig! (Good job!) broadcast on the Dutch-speaking TV business channel, KanaalZ.

BNPPF's expertise widely recognised again

On 13 July 2022, BNPPF was named "Best Bank in Belgium" and "Best Investment Bank in Belgium" at the 2022 Awards for Excellence ceremony hosted by the international finance magazine, *Euromoney*. These awards are designed to honour banks that show leadership, innovation and dynamism in the markets where they operate.

On 4 November 2022, leading financial magazine, *The Banker* (part of the Financial Times group) named BNPPF "Best Private Bank in Belgium".

On 29 November 2022, publisher, Global Finance, conferred its "Best SME Bank Award 2023" on BNPPF for the Belgian market, in recognition of BNPPF's commitment to supporting small and medium-sized businesses in Belgium.

3. BNPPF 2022 FINANCIAL RESULTS

BNPPF's consolidated net income attributable to equity holders in 2022 amounted to EUR 3,161 million, a material increase of +21.9 per cent. compared to 2021. When excluding the retreated items, such as the noticeable impact of the change of consolidation of bpost bank in 2022 (resulting in a goodwill of EUR 245 million in non-operating income (see note 7.b "*Business combinations and other changes of the consolidation scope*" on page 145 of the BNPPF 2022 Annual Report), the underlying evolution showed an increase of +18.8 per cent.*

The below analysis focuses on this underlying evolution.

Strong growth in revenues supported by almost all activities

Revenues amounted to EUR 9,642 million, increasing by +17.1 per cent.* compared to 2021.

- In Belgium³, revenues rose by +0.8 per cent.*, mainly attributable to Commercial and Personal Banking activities, with a higher net interest income supported by the increase in interest rates and the growth of loans to individuals, mainly mortgage loans, and a strong increase in loans to corporate clients. Fees were also higher, with an increase in banking fees partly offset by lower financial fees. There was a sharp decrease in off-balance sheet asset under management, driven by the unfavourable market environment. The overall increase in revenues in Belgium was partly offset by lower revenues at Corporate and Institutional Banking, driven by slower lending activities at Global Banking compared to a very good year in 2021. Within Corporate and Institutional Banking activities, there was a sharp increase in revenues at Global Markets in the context of higher volatility in interest rates and currency exchange rates.
- In Other Activities⁴, revenues rose by +34.9 per cent.* The increase in Luxembourg was mainly driven by Commercial and Personal Banking activities, with a higher net interest income supported by the increase in interest rates and the growth of loans to all customer segments. Fees were also higher, driven by banking fees. Specialised Businesses⁵ performed very well with a continued growth of all activities. The increase in revenues was driven by exceptional results at Arval, mainly in relation to prices of second-hand vehicles remaining at a very high level and a good increase at Leasing Solutions. Revenues at Personal Finance were stable, with the positive impact of the growth of volumes being offset by lower margins. In Turkey, there was a solid increase, explained particularly by the growth in loans to the corporate segment and by strong revenues in market activities servicing clients in a context of high volatility in interest rates and currency exchange rates.

Cost increase to support the business development impacted by inflation

³ Excluding retreated items i.e. at constant scope, constant exchange rates and excluding other one-off results.

* Includes Commercial & Personal Banking, Corporate and Institutional Banking and the Corporate Center.

⁴ Comprised of Luxembourg (mainly BGL BNP Paribas), Turkey (mainly TEB), Arval, Leasing Solutions, Personal Finance (Alpha Crédit) and Other (mainly investments in AG Insurance, BNPP-Asset Management and BNPP Bank Polska).

⁵ Includes Arval, Leasing Solutions and Personal Finance (Alpha Crédit).

Costs amounted to EUR -5,072 million, increasing by +11.2 per cent.* compared to 2021.

- In Belgium, costs rose by +5.7 per cent.*, or by +3.8 per cent.* when excluding the material increase in banking taxes. The higher costs are mainly explained by the development of business activities, the impact of higher inflation and a sharp increase in banking taxes, partly offset by a decrease in full time equivalents and the optimisation of the network.
- In Other Activities, there was an overall stronger increase in costs by +18.5 per cent.* mainly due to activities in Turkey. The very strong increase in costs in Turkey was driven by very high inflation, reaching its highest level at 86% in October 2022. In Luxembourg, costs rose by +4.0 per cent.*, or +3.2 per cent.* when excluding the increase in banking taxes, mainly in relation with the development of business activities, whereas the impact of inflation on staff expenses was mitigated by a decrease in full time equivalents. At Specialised Businesses, there was a stronger increase in costs, driven by the development of the businesses and by the impact of higher inflation in some countries.

Strong operational performance and positive jaws effect

Gross operating income increased by +24.3 per cent.* to EUR 4,570 million. The consolidated cost / income ratio⁶ improved to 52.6 per cent. in 2022 compared to 54.4 per cent. in 2021.

Prudent risk profile reflected in a low cost of risk

Cost of risk amounted to EUR -328 million in 2022, an overall decrease of 3 basis points, mainly driven by lower provisions on non-performing loans, partly offset by more provisions on performing loans in relation to the deterioration of the macroeconomic environment. Cost of risk in 2022 was at a low level of 14 basis points, slightly lower than the 17 basis points in 2021.

- In Belgium, the cost of risk was at 7 basis points in 2022 compared to 9 basis points in 2021. At Commercial and Personal Banking, the cost of risk decreased significantly from 9 basis points in 2021 to 3 basis points in 2022, driven by less provisions for non-performing loans and despite an increase in provisions on performing loans
- At Corporate and Institutional Banking, there was an overall increase in the cost of risk mainly due to higher provisions on performing loans.
- In Other Activities, the cost of risk was at 27 basis points in 2022, slightly below the 29 basis points in 2021, a decrease driven by the activities in Luxembourg and at Personal Finance. The cost of risk rose in Turkey, at Arval and at Leasing Solutions.

The consolidated operating income increased by +27.8 per cent.*

The **share of earnings of equity-method entities** amounted to EUR 292 million, decreasing by 5.4 per cent.* compared to 2021, mainly due to a lower contribution from BNPP Asset Management, driven by lower assets under management impacted by the unfavourable market performance, partly mitigated by net inflow of assets under management.

* Excluding retreated items (RI), i.e. at constant scope, constant exchange rates and excluding other one-off results.

⁶ The cost income ratio is calculated by dividing the total operating expenses and depreciation (absolute value) by the total revenues (the net banking income), without excluding the retreated items.

The pre-tax income amounted to EUR 4,835 million in 2022, an increase of +25.1 per cent.* compared to 2021.

The net income attributable to equity holders increased in 2022 by + 18.8 per cent.* compared to 2021 and reached EUR 3,161 million.

Balance sheet and financial structure

The consolidated balance sheet totalled EUR 350 billion as at 31 December 2022, of which 244 billion or 70% in customer loans increasing by EUR +26 billion compared to 2021. This increase includes the EUR 9 billion of newly consolidated bpost bank's customer loans.

The consolidated Common Equity Tier 1 ratio stood at 17.2 per cent. (compared to 18.0 per cent. as of 31 December 2021), well above the regulatory threshold.

The non-consolidated Liquidity Coverage Ratio stood at 126 per cent. (compared to 192 per cent. as of 31 December 2021), well above the regulatory threshold of 100 per cent.

Strategy and objectives

On 8 February 2022, the BNP Paribas Group presented the main areas and priorities of its strategic plan for 2025, called "Growth, Technology & Sustainability 2025", as well as its financial ambitions. This presentation is available on the investors' website <https://invest.bnpparibas.com>.

Growth, Technology & Sustainability 2025

The BNP Paribas Group has built an integrated and diversified model that has proven its performance in all environments.

This model translates in an organisation based on three pillars, integrated to focus on the needs of clients and partners: Corporate & Institutional Banking; Commercial and Personal Banking and Services, which encompasses all the Group's Commercial and personal banking as well as specialised businesses such as BNP Paribas Personal Finance or Arval; and Investment and Protection Services, which brings together Wealth and Asset Management businesses and Insurance.

Leveraging the strengths of its platforms and favourably positioned client franchises with the full benefit of its integrated and transformed operating model, the BNP Paribas Group aims to deliver profitable growth, while making technology and industrialisation a hallmark of its development, scaling up sustainable finance and social and environmental responsibility, as well as developing its employees' potential and engagement.

Accordingly, and building on the strength of its model, the BNP Paribas Group aims to maintain disciplined organic growth while gaining market share at marginal cost, thus generating new growth opportunities and substantial economies of scale.

The BNP Paribas Group thus reaffirms the importance and relevance of the pillars that have structured its development and its value creation model, with the objective of ensuring that growth in revenues

* Excluding retreated items, i.e. at constant scope, constant exchange rates and excluding other one-off results

outstrips growth in operating expenses and growth in risk-weighted assets, along with a return on tangible equity above the cost of capital in 2025.

Possible dependency

Except for the banking licence of BNPPF, there is no patent or licence, industrial, commercial or financial contract or new manufacturing processes that is material to BNPPF's business or profitability.

Local climate activists have, on occasion (for example, on 1 April 2021), symbolically blocked the entrance of one of the buildings, without impact on the operations.

Statement of the Board of Directors on the Corporate Governance Charter

BNP Paribas Fortis SA/NV is a limited liability company, incorporated under Belgian law. It qualifies as credit institution and as an organisation of public interest, according to the Belgian Company Code.

Although BNPPF is not a listed company as defined by the applicable legislation, it issues debt securities that are listed on a regulated market in the meaning of article 2, 3° of the law of 2 August 2002 (as amended) regarding the supervision of the financial sector and financial services. In addition, but without the involvement of BNPPF itself, its shares are traded from time to time on a multilateral trading facility in the meaning of article 2, 4° of the same law of 2 August 2002.

Taking into account the above, BNPPF has drafted and approved its Corporate Governance Charter that covers certain requirements set forth by article 75, §1, second alinea of the law of 25 April 2014 on the statute and supervision on credit institutions and stockbroking firms (the "**Banking Law**").

This Corporate Governance Charter has been created in accordance with the abovementioned references, as well as with the European Banking Authority ("**EBA**") Guidelines EBA/GL/2021/05 on internal governance and the related National Bank of Belgium ("**NBB**") circular NBB_2021_28.

8. TREND INFORMATION

Macroeconomic environment

Macroeconomic and market conditions affect BNPPF's results. The nature of BNPPF's business makes it particularly sensitive to macroeconomic and market conditions in Europe.

After a sustained recovery in 2021, global activity decelerated during the course of 2022. According to a statement from the IMF in January 2023, world GDP growth stood at +3.4% in 2022 (after reaching +6.2% in 2021), reflecting a marked slowdown in both mature and emerging economies. In the eurozone, in particular, growth reached +3.5% in 2022, after reaching +5.3% in 2021.

Several major developments have contributed to a more pronounced deterioration of growth than expected (after a global activity rebound in 2021). Beyond the increase of inflation seen at the beginning of 2022 in both Europe and the United States, the economic consequences of the invasion of Ukraine are significant, particularly in Europe.

Strong disruptions in the energy and food markets have pushed inflation and inflation expectations to high levels, particularly in European countries. In response to these very high levels of inflation, central banks have experienced more severe monetary tightening than in recent decades. The strong tightening of financial conditions could penalise the level of activity in 2023. The measures put in place in the context of the health crisis in some countries with less vaccine protection or applying very strict measures to stem it continued to disrupt activity. These measures could continue to weigh on activity in 2023. It cannot be ruled out that the lifting of these measures in certain countries with lower vaccination protection could also weigh on activity in 2023.

While central banks had not yet completed their monetary policy tightening cycle at the end of 2022, both short- and long-term interest rates are at levels not seen since the 2000's and could rise further in 2023.

In this context, the following risk categories can be identified:

Risks related to high inflation and tensions on commodity markets

The consequences of the invasion of Ukraine have contributed to the sharp rise in energy and food prices. High inflation has a significant impact on household disposable income and business profits in the short term. In the longer term, there is a risk that inflation may not decline as quickly as expected leading to "second round" effects such as higher wage growth.

Beyond the risks generated by the volatility of energy and other raw material prices, the risks weighing on the available volumes of, for example, natural gas could lead the authorities of certain importing countries to resort to rationing in certain sectors during the winter. Reduced quantities of available energy and raw materials could directly affect activity (for example, lack of inputs or unprofitable production), and lead to difficulties in the most exposed sectors (such as losses and/or defaults).

Risks linked to the sharp rise in interest rates, in connection with sometimes high indebtedness

The return to strong inflation has led to a rebound in interest rates. These rapid developments generate risks for the economy and the financial system and could trigger market reactions (for example, in the equity market, foreign exchange or capital flows). Moreover, economic agents sensitive to interest rates are facing and may continue to face less favourable financing conditions. Some economic agents with high levels of debt may find it more difficult to pay off their debt (especially in environments where variable interest rates are applied).

In many countries, the health crisis has led to a significant increase in government deficit and debt ratios, due to falling activity and exceptional government support measures. In mature economies, public debt ratios are at historically very high levels. These developments increase the risk of tensions in the sovereign debt market. In the private sector, the rise in interest rates, combined with the withdrawal of a number of support measures implemented in the context of the health crisis, could weaken some companies that have benefited from such support measures. A risk of correction could also occur in some real estate markets.

The BNP Paribas Group's exposure in emerging countries is limited. However, the vulnerability of some of these economies could lead to a deterioration in the rating of these countries by the agencies, followed by an increase in risk premiums and debt servicing, leading to disruptions in the global financial system. In many advanced and emerging countries public policy support to avoid a wave of bankruptcies has

contributed to additional debt. In the medium term, this increase in excessive debt could lead to a decline in repayment capacity, while the simultaneous increase in public debt would reduce the ability of states to support the economy. On the household side, job losses could also affect debt repayment capacity. Some major financial players (including, insurers, pension funds and asset managers) have an increasingly systemic dimension and, in the event of market turbulence, may have to unwind large positions in a context where market liquidity would be relatively fragile.

Risks related to the health crisis

The impact of the recent health crisis on the economy and the risk of extreme shocks have decreased since 2020. The dissemination of vaccination has allowed the reduction or the removal of restrictive measures in many countries. However, the emergence of a variant or other virus, resulting in restrictions, remains possible. If countries with low vaccination rates or strict restrictions are particularly exposed to the economic consequences of such developments, other countries could be affected by negative spillovers, due, in particular, to supply chain disruptions.

Risks of trade disruption with increased geopolitical risk

A number of developments suggest that trade and globalisation tensions related to increased geopolitical risk may persist in the coming years. In recent years, in particular, disagreements and tensions between the United States and China, the health crisis and the consequences of the invasion of Ukraine have encouraged many governments to strengthen their economic sovereignty, particularly in self-sufficient strategic areas. Different outcomes are possible, ranging from moderate regionalisation (competing blocks) to more pronounced regionalisation (separate blocks). In this context, some economic agents could be encouraged to significantly revise their supply chain and location, which could weigh on the volumes traded and negatively affect agents' and financial markets' confidence and ultimately slow global growth.

Laws and regulations applicable to financial institutions

Recent and future changes in the laws and regulations applicable to financial institutions may have a significant impact on BNPPF. Measures recently adopted or still under consideration, that have or are likely to have an impact on BNPPF notably include:

- prudential regulations: with the finalisation of Basel 3 published by the Basel Committee in December 2017, supplemented by the fundamental review of the trading book ("**FRTB**") in January 2019 and of credit value adjustment ("**CVA**") risk in July 2020, which introduces a revision of the credit risk, operational risk, market risk and CVA risk measurement in the calculation of risk-weighted assets. The new Basel framework also provides for the gradual introduction of an overall floor which will be based on standardised approaches. These measures are due to come into force once they are transposed into European law. To this end, on 27 October 2021, the European Commission published a draft transposition of the Basel Accord in the form of amendments to the Capital Requirements Regulation and the Capital Requirements Directive and on 8 November 2022, the European Union Council reached its position on this legislative proposal;
- the Directive of 16 April 2014 related to deposit guarantee systems and its delegated and implementing acts, the Directive of 15 May 2014 ("**BRRD**") and its revision on 20 May 2019 ("**BRRD2**"), as well as the Regulation of 15 July 2014 ("**SRM**") and its revision of 20 May 2019 ("**SRM2**") establishing a bank recovery and resolution framework, including the determination of

MREL requirements, the Single Resolution Mechanism establishing the Single Resolution Council and the Single Resolution Fund;

- the Final Rule by the U.S. Federal Reserve imposing tighter prudential rules on the U.S. transactions of large foreign banks, notably the obligation to create a separate intermediary holding company in the U.S. (capitalised and subject to regulation) to hold their U.S. subsidiaries;
- the regulation of over-the-counter derivative activities pursuant to Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the European Market Infrastructure Regulation ("**EMIR**") in Europe, notably margin requirements for uncleared derivative products, transparency and reporting requirements for derivatives transactions in securities, as well as the obligation to set off certain derivatives traded over the counter by clearing houses;
- the new Markets in Financial Instruments Directive ("**MiFID 2**") and the Markets in Financial Instruments Regulation ("**MiFIR**"); and
- the General Data Protection Regulation ("**GDPR**"), which came into force on 25 May 2018. This regulation aims to move the European data confidentiality environment forward and improve personal data protection within the European Union. Businesses run the risk of severe penalties if they do not comply with the standards set by the GDPR. This regulation applies to all banks and companies providing services to European citizens;

Moreover, in this strengthened regulatory context, the risk of non-compliance with existing laws and regulations, in particular those relating to the protection of the interests of customers and personal data, is a significant risk for the banking industry, potentially resulting in significant losses and fines. In addition to its compliance system, which specifically covers this type of risk, the BNP Paribas Group places the interest of its customers, and more broadly that of its stakeholders, at the heart of its mechanism. Thus, the code of conduct adopted by the BNP Paribas Group in 2016, updated in 2021, sets out detailed values and rules of conduct in this area.

Environmental risks

Environmental risks and, more particularly, those associated with climate change are a financial risk for the BNP Paribas Group.

The BNP Paribas Group is exposed to risks related to climate change, either directly through its own operations or for certain of its assets or indirectly through its financing and investment activities. The main risks related to climate change are as follows:

- transition risks resulting from a change in the behaviour of economic and financial agents in response to the implementation of energy policies, change in regulation, technological innovations or changes in consumer preferences; and
- physical risks resulting from the direct impact of climate change on people and assets due to extreme weather events or long-term shifts in climate patterns, such as rising sea levels or rising temperatures.

Consequences in terms of liability may arise from these two risks. They correspond to potential disputes, claims for compensation, legal proceedings brought against a company, a state or a financial institution that could be held liable by any stakeholder or citizen who has suffered from climate change. In line with international work and in particular that of the Network of Supervisors and Central Banks

for the "Greening of the Financial System", BNPPF considers the risks associated with the emergence of legal proceedings related to climate change for companies and investors, including liability risks, as a subset of physical and transition risks.

BNPPF monitors the potential impact of these risk factors in the conduct of its business, in that of its counterparties or in its investments on its own behalf or on behalf of third parties. The BNP Paribas Group thus integrates these risks into its risk management process and gradually strengthens their assessment, as the methodologies for measuring and analysing these factors and their impact on traditional risks, in particular, those relating to credit quality, are developed.

Cyber security and technology risk

BNPPF's ability to do business is intrinsically tied to the fluidity of electronic transactions as well as the protection and security of information and technology assets.

The technological change is accelerating with the digital transformation and the resulting increase in the number of communications circuits, proliferation in data sources, growing process automation, and greater use of electronic banking transactions.

The progress and acceleration of the technological changes needed to respond to customer requirements are giving cybercriminals new options for altering, stealing and disclosing data. Attacks are more frequent, with a bigger reach and sophistication across all sectors, including financial services.

The outsourcing of a number of processes is also likely to expose the BNP Paribas Group to structural cybersecurity and technology risks which can lead to the appearance of potential attack vectors that cybercriminals can exploit.

Accordingly, the BNP Paribas Group has reinforced its lines of defence dedicated to managing technological and cyber security risks and operational standards are regularly adapted to support BNPPF's digital evolution and innovation while managing existing and emerging threats (such as cyber-crime, espionage).

Emerging Risks

An emerging risk is defined as a new or evolving risk which potential impact could be material in the future but is currently not fully known or is difficult to quantify.

The BNP Paribas Group identified emerging risks related to technological innovations, the evolving regulatory environment, as well as certain health, demographic and societal risks.

Technological innovations

Technological developments related to the growing use of data in all production, marketing and distribution processes, and to data sharing among economic players (including, producers, suppliers, and customers) will impact the economic models of clients and counterparties in a lasting way. These impacts, which are sometimes hard to assess in a context where new standards, economic balances and regulatory entities are in the process of evolving and adapting, are being analysed internally by industry experts focused on the economic sectors most exposed to this evolution.

In addition, the use of algorithms and artificial intelligence techniques, which are becoming increasingly sophisticated, considerably modifies decision-making and exposes people to risks of a new nature with

standardised behaviour that can quickly affect certain markets. The emergence of decentralised finance and digital assets based on distributed ledger technologies (e.g. blockchain) are changes that may ultimately have a structural impact on the banking sector.

Furthermore, the BNP Paribas Group's competitive environment is undergoing profound change, with the presence of fintech, the emergence of new players in the activities of the financial sector (such as Google, Apple, Facebook, Amazon and Microsoft) and technological innovations which disrupt the traditional value chains of BNP Paribas Group's businesses, and place the quality of the customer experience, and the use of new technologies to reduce the cost of low added-value operations, as their competitive factors. Maintenance of BNP Paribas Group's information systems must be done in this context of evolving value chains and increasing protection needs (of systems and data, for example) in particular against cyber threats. The BNP Paribas Group is deploying a proactive strategy in this area to adapt its activities to these major technological developments and promote some industrial cooperation with fintech players. This strategy and the initiatives developed could nevertheless prove to be insufficient and introduce the risk of competition.

Evolving regulatory environments

In addition to the regulatory measures recently adopted or pending adoption, and already cited as top risks, the trend towards growing complexity and regional differences in the regulatory environment for banks and related supervision is creating relative uncertainty over future developments, compliance costs, and proper performance risk concerning the various measures. BNP Paribas Group has established an active monitoring system for its regulatory environment, enabling it to minimise these risks.

Possible future divergence by type of regulated entity, for example, depending on their degree of innovation, may also introduce risk of a competitive nature.

Health risks

The threat presented by bacteria, viruses, parasites or fungi that cause an uncontrolled spread of infectious diseases leading to widespread fatalities and economic disruption is a growing concern. It is aggravated by the resistance developed by bacteria to antibiotics, by viruses to antivirals or by fungi to antifungals, a situation that heightens the probability of large-scale health problems.

In this context, a new widespread infection or pandemic, with a bacterial, viral or fungal origin, potentially resistant to antibiotics, antiviral drugs or other treatments, and therefore difficult to eradicate, is an increasing concern, and that becomes increasingly preoccupying.

Despite the experience gained with the health crisis linked to COVID-19, such an infection could lead to new failures in infrastructure and production chains, with significant consequences for all stakeholders.

Demographic risk

The ageing population is a major underlying trend in many countries. In the years and decades to come, this change could significantly impact economic growth (which is already visible), as well as healthcare and retirement budgets, or saving and consumption behaviours.

Societal issues

In addition to responses designed to meet its customers' changing needs, BNP Paribas Group is more generally, adapting its responses to the expectations of the society in which it operates in terms of how it conducts its business, respects human rights and environmental protection. Thus, banks must deal with the growing sensitivity of their customers and partners to environmental, social and governance issues.

The BNP Paribas Group's "Code of Conduct" defines standards of conduct in line with its values and missions.

Areas of Special Interest in 2022

Türkiye

The cumulative inflation over three years of the Turkish economy reached over 100%. The Turkish lira suffered from these conditions. Türkiye is also directly and indirectly affected by the consequences of the invasion in Ukraine. While these developments did not prevent the expansion of the Turkish economy in 2022, they could, at one point, affect investor confidence, financial volatility and ultimately economic growth and the country's rating.

BNPPF's presence in Türkiye is primarily through its TEB subsidiary. At 31 December 2022, the BNP Paribas Group generated 3.5% of its pre-tax operating income in this country. The TEB entity had a solvency ratio (Capital Adequacy Ratio ("**CAR**")) of 18.6% at 31 December 2022, in excess of the regulatory requirements.

In 2022, the TEB Group's balance sheet liquidity remained solid, with a Liquidity Coverage Ratio ("**LCR**") of 211% at 31 December 2022, versus 196% at 31 December 2021. With loans outstanding of TRY 151 billion and deposits of TRY 211 billion, the TEB Group's financing structure is largely self-financed.

With respect to exposure to counterparties whose main business is in Türkiye, commercial commitments as at 31 December 2022 represented 1.1% of BNP Paribas Group's total gross commitments, on- and off-balance sheet. Exposure to Turkish sovereign risk is contained at 2.6% of the banking book's sovereign exposure and is essentially borne by the TEB Group.

Others

While the invasion in Ukraine is one of the main geopolitical risks, tensions are also palpable in Asia, in the Korean peninsula and the China Sea and remain high in some other areas, such as in the Middle East, with the potential involvement of Western powers to varying degrees.

Although the possible consequences of such risks are difficult to assess, the regional economies in question, and the global economy, could be affected through different channels (such as confidence, financial markets, trade, supply chains and commodity prices).

SECTION 17 – TAXATION

Belgium

The following summary describes the principal Belgian tax considerations of acquiring, holding and selling the Mortgage Pandbrieven. This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Mortgage Pandbrieven. Furthermore, this description is based on current legislation, published case law and other published guidelines and regulations as in force at the date of this document and remains subject to any future amendments, which may or may not have retroactive effect.

The prospective Mortgage Pandbrieven Holders are urged to consult their own professional advisers with respect to the tax consequences of an investment in the Mortgage Pandbrieven, taking into account their own particular circumstances and the possible impact of any regional, local or national laws.

Belgian withholding tax

General

The interest component of payments on the Mortgage Pandbrieven made by or on behalf of the Issuer is as a rule subject to Belgian withholding tax, currently at a rate of 30 per cent. on the gross amount of such interest. - (i) Belgian resident companies referred to in Article 2, §1, 5°, b) Belgian Income Tax Code of 1992 (*wetboek van inkomstenbelastingen 1992 / code des impôts sur les revenus 1992*) (**BITC**);
- (ii) Without prejudice to Article 262,1° and 5° of the BITC, the institutions, associations or companies referred to in Article 2, §3 of the law of 9 July 1975 on the control of insurance companies other than those referred to in 1° and 3°;
- (iii) Semi-governmental institutions (*institutions parastatales / parastatale instellingen*) for social security or institutions assimilated therewith, as referred to in Article 105, 2° of the Royal Decree of 27 August 1993 implementing the BITC (**RD/BITC**);
- (iv) Non-resident investors referred to in Article 105, 5° RD/BITC;
- (v) Investment funds referred to in Article 115 of the RD/BITC;
- (vi) Investors referred to in Article 227, 2° BITC, that are subject to non-resident income tax (*belasting van niet-inwoners / impôt des non-résidents*) in accordance with Article 233 of the BITC and which have used the Mortgage Pandbrieven for the exercise of their professional activities in Belgium;
- (vii) The Belgian State, in respect of investments which are exempt from withholding tax in accordance with Article 265 BITC;
- (viii) Investment funds governed by foreign law (such as *fonds de placement / beleggingsfondsen*) that are an undivided estate managed by a management company for the account of the participants, provided the funds units are not publicly issued in Belgium or traded in Belgium; and
- (ix) Belgian resident companies, not referred to under (i), whose sole or principal activity consists of the granting of credits and loans.

Eligible Investors do not include, *inter alia*, Belgian resident individuals and Belgian non-profit organisations, other than those mentioned under (ii) and (iii) above.

Participants to the Securities Settlement System must keep the Mortgage Pandbrieven which they hold on behalf of non-Eligible Investors in a non-exempt securities account (**N-account**). In such instance all payments of interest are subject to withholding tax, currently at a rate of 30 per cent. This withholding tax is withheld by the NBB from the interest payment and paid to the tax authorities.

Transfers of Mortgage Pandbrieven between an X-account and an N-account give rise to certain adjustment payments on account of withholding tax:

- (i) A transfer from an N-account (to an X-account or N-account) gives rise to the payment by the transferring non-Eligible Investor to the NBB of withholding tax on the accrued interest calculated from the last interest payment date up to the transfer date.
- (ii) A transfer from an X-account (or N-account) to an N-account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued interest calculated from the last interest payment date up to the transfer date.
- (iii) Transfers of Mortgage Pandbrieven between two X-accounts do not give rise to any adjustment on account of withholding tax.

When opening an X-account for the holding of Mortgage Pandbrieven, an Eligible Investor will be required to certify its eligible status on a standard form approved by the Belgian Minister of Finance and send it to the participant to the Securities Settlement System where this account is kept. This statement needs not be periodically reissued (although Eligible Investors must update their certification should their eligible status change). Participants to the Securities Settlement System are however required to annually report to the NBB as to the eligible status of each investor for whom they hold Mortgage Pandbrieven in an X-account during the preceding calendar year.

An X-Account may be opened with a Participant by an intermediary in respect of the Mortgage Pandbrieven that such intermediary holds for the account of its clients, provided that such clients are Eligible Investors. In such case, the intermediary must certify to the Securities Settlement System Participant on a form approved by the Minister of Finance that (a) the intermediary itself is an Eligible Investor and (b) the relevant client holding its Mortgage Pandbrieven through the intermediary is also an Eligible Investor.

These reporting and identification requirements do not apply to Dematerialised Mortgage Pandbrieven held by Eligible Investors with Euroclear, Clearstream, Germany, SIX SIS, Switzerland, Euronext Securities Milan, Italy, Euronext Securities Porto, Portugal and any other NBB investor (I)CSDs acting as Participants to the Securities Settlement System, provided that they only hold X-accounts and that they are able to identify the holders for whom they hold Mortgage Pandbrieven in such account. The Eligible Investors will need to confirm their status as Eligible Investor (as defined in Article 4 of the *Koninklijk Besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing/Arrêté Royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier* (Royal Decree of 26 May 1994 on the deduction and indemnification of withholding tax)) in the account agreement to be concluded with Euroclear or Clearstream, Germany, SIX SIS, Switzerland, Euronext Securities Milan, Italy, Euronext Securities Porto, Portugal and any other NBB investor (I)CSDs. Moreover, the contracts concluded by Euroclear, Clearstream, Germany, SIX SIS, Switzerland, Euronext Securities Milan, Italy, Euronext Securities Porto, Portugal or any other NBB investor (I)CSDs should contain the commitment that all of their clients-accountholders qualify as Eligible Investors.

Belgian interest withholding tax exemption for certain holders of Registered Mortgage Pandbrieven

Payments of interest and principal by the Issuer under the Registered Mortgage Pandbrieven (except Zero Coupon Mortgage Pandbrieven and other Registered Mortgage Pandbrieven which provide for the capitalisation of interest) may be made without deduction of withholding tax provided that the following conditions are cumulatively met (Article 107, §2, 5°, b) and 8°, and Article 118, §1, 1°, 2° and 3° of the RD/BITC):

- (i) the Registered Mortgage Pandbrieven are registered in the name of the holder with the Issuer during the entire relevant Interest Period;
- (ii) the holder is the legal owner (*eigenaar/propriétaire*) or usufructuary (*vruchtgebruiker/usufruitier*) of Registered Mortgage Pandbrieven in respect of which it is entitled to payment of interest, uninterruptedly for the entire relevant Interest Period;
- (iii) the holder is either (A) not resident for tax purposes in Belgium and does not use the income producing assets to exercise a business or professional activity in Belgium; or (B) a financial institution or institution which is assimilated therewith, provided for in Article 105, 1° of the RD/BITC; or (C) a state regulated institution (*parastatale/institution parastatale*) for social security, or institution which is assimilated therewith, provided for in Article 105, 2° of the RD/BITC; and
- (iv) upon each interest payment, the holder must provide the Issuer with an affidavit in which it is certified that the conditions mentioned above are complied with.

If Belgian withholding tax was levied by the Issuer further to non-compliance of condition (ii) above, then the transferor and/or the transferee have the right, subject to certain time limitations and provided conditions (i) and (iii) are fulfilled, to file a claim with the Belgian tax authorities to request a refund of Belgian withholding tax on the pro rata amount of interest attributable to them (Article 119, §1 of the RD/BITC).

Belgian income tax and capital gains

Belgian resident individuals

For individuals who are Belgian residents for tax purposes, *i.e.* who are subject to the Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), payment of the 30 per cent. interest withholding tax fully discharges them from their personal income tax liability with respect to interest received on the Mortgage Pandbrieven (*précompte mobilier libératoire/bevrijdende roerende voorheffing*). This means that they do not have to report the interest obtained from the Mortgage Pandbrieven in their personal income tax return, provided that Belgian withholding tax was in fact levied on the interest.

Belgian resident individuals may nevertheless elect to report the interest in their personal income tax return. Where the beneficiary opts to report the interest, interest payments will normally be taxed at a separate tax rate of 30 per cent. (or at the progressive personal tax rates taking into account the taxpayer's other reported income, whichever is more beneficial). If the interest payment is reported, the Belgian withholding tax retained may be credited in accordance with the applicable legal provisions.

Capital gains realised on the sale of the Mortgage Pandbrieven are in principle tax exempt, unless the capital gains are realised outside the scope of the management of the transferor's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

Different tax rules apply to Belgian resident individuals who do not hold the Mortgage Pandbrieven as a private investment.

Belgian resident companies

Interest attributed or paid to corporate Mortgage Pandbrieven Holders who are Belgian residents for tax purposes, i.e. who are subject to Belgian corporate income tax (*vennootschapsbelasting / impôt des sociétés*), as well as capital gains realised upon disposal of the Mortgage Pandbrieven are taxable at the ordinary corporate income tax rate of, in principle, 25 per cent. As an exception, small and medium-sized enterprises may be taxable at a lower rate of 20 per cent. on the first EUR 100,000 of their taxable base. Any Belgian interest withholding tax retained will generally, subject to certain conditions, be creditable against any corporate income tax due and the excess amount will be refundable. Capital losses realised upon disposal of the Mortgage Pandbrieven are in principle tax deductible.

Other tax rules apply to investment companies within the meaning of Article 185bis of the BITC.

Other Belgian resident legal entities

Belgian legal entities subject to the Belgian legal entities tax (*rechtspersonenbelasting / impôt des personnes morales*) which do not qualify as Eligible Investors and/or which do not hold the Mortgage Pandbrieven through an X-account in the Securities Settlement System are subject to a withholding tax of 30 per cent. on any interest payments received under the Mortgage Pandbrieven. Such withholding tax then generally constitutes the final taxation in the hands of the relevant beneficiaries.

Belgian legal entities which qualify as Eligible Investors and which hold the Mortgage Pandbrieven through an X-account in the Securities Settlement System, and which consequently have received gross interest income on the Mortgage Pandbrieven, are required to report and to pay the 30 per cent. withholding tax to the Belgian tax authorities themselves.

Capital gains realised on the transfer of the Mortgage Pandbrieven are in principle tax exempt, unless and to the extent the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

Organisation for Financing Pensions

Interest and capital gains derived by Organisations for Financing Pensions (**OFP**) in the meaning of the Law of 27 October 2006 on the activities and supervision of institutions for occupational retirement provision, are in principle not included in the OFP's corporate income tax base and are therefore, as a rule, not subject to corporate income tax at the level of the latter. Subject to certain conditions, the Belgian withholding tax that may have been levied on the interest due under the Mortgage Pandbrieven can be credited against any corporate income tax due and any excess amount is in principle refundable.

Belgian non-residents

Dematerialized Mortgage Pandbrieven

Dematerialized Mortgage Pandbrieven Holders who are non-residents of Belgium for Belgian tax purposes and are not holding the Dematerialized Mortgage Pandbrieven through a Belgian establishment, do not invest the Dematerialized Mortgage Pandbrieven in the course of their Belgian professional activity and are not carrying out any activities in Belgium that exceed that normal management of one's private estate, will not incur or become liable for any Belgian tax on income or capital gains by reason only of the acquisition, ownership or disposal of the Dematerialized Mortgage

Pandbrieven, provided that they qualify as Eligible Investors and hold their Dematerialized Mortgage Pandbrieven through an X-account in the Securities Settlement System.

If the Dematerialized Mortgage Pandbrieven are not entered into an X-account by the Eligible Investor, withholding tax on the interest is in principle applicable at the current rate of 30 per cent., possibly reduced pursuant to Belgian domestic tax law or applicable tax treaties, on the gross amount of the interest.

A non-resident company having allocated the Dematerialized Mortgage Pandbrieven to the exercise of a professional activity in Belgium through a Belgian establishment is subject to in substance the same rules as a Belgian resident company (see above).

Registered Mortgage Pandbrieven

Holders of Mortgage Pandbrieven who are non-residents of Belgium for Belgian tax purposes and are not holding the Registered Mortgage Pandbrieven through a Belgian establishment, do not invest the Registered Mortgage Pandbrieven in the course of their Belgian professional activity and do not carry out any other activities in Belgium that exceed the normal management of one's private estate will not incur or become liable for any Belgian tax on income or capital gains by reason only of the acquisition, ownership or disposal of the Registered Mortgage Pandbrieven, save, as the case may be, in the form of withholding tax.

Exchange of information: Common Reporting Standard

The exchange of information is governed by the Common Reporting Standard (**CRS**). On 16 May 2023, 120 jurisdictions signed the MCAA, which is a multilateral framework agreement to automatically exchange financial and personal information, with the subsequent bilateral exchanges coming into effect between those signatories that file the subsequent notifications.

More than 50 jurisdictions have committed to exchange information as from 2018.

Under CRS, financial institutions resident in a CRS country are required to report, according to a due diligence standard, financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities (which includes trusts and foundations) with fiscal residence in another CRS country. The standard includes a requirement to look through passive entities to report on the relevant controlling persons.

On 9 December 2014, EU Member States adopted Directive 2014/107/EU on administrative cooperation in direct taxation (**DAC2**), which provides for mandatory automatic exchange of financial information between EU Member States as provided in the CRS. DAC2 amends the previous Directive on administrative cooperation in direct taxation, Directive 2011/16/EU.

The Belgian government has implemented DAC2, respectively the CRS, per the Law of 16 December 2015.

As a result of the Law of 16 December 2015, the mandatory automatic exchange of information applies in Belgium (i) as of income year 2016 (first information exchange in 2017) towards the EU Member States (including Austria, irrespective the fact that the automatic exchange of information by Austria towards other EU Member States only started as of income year 2017), (ii) as of income year 2014 (first information exchange in 2016) towards the US and (iii), with respect to any other jurisdictions that have signed the MCAA, as of a date to be further determined by Royal Decree. In a Royal Decree of 14 June

2017, as amended, it was determined that the automatic provision of information has to be provided as from 2017 (for the 2016 financial year) for a first list of 18 jurisdictions, and as from 2018 (for the 2017 financial year) for a second list of 44 jurisdictions. For Nigeria, information is exchanged as of income year 2018 (first information exchange in 2019) and for another list of 6 countries, the mandatory automatic exchange of information applies as of income year 2019 (first information exchange in 2020).

The Mortgage Pandbrieven are subject to DAC2. Therefore, Belgian financial institutions holding Mortgage Pandbrieven for tax residents in another CRS contracting state shall report financial information regarding the Mortgage Pandbrieven (income, gross proceeds, etc.) to the Belgian competent authority, who shall communicate the information to the competent authority of the state of the tax residence of the beneficial owner.

Investors who are in any doubt as to their position should consult their professional advisers.

Tax on stock exchange transactions

A tax on stock exchange transactions (*beurstaks/taxe sur les opérations de bourse*) is due on the purchase and sale (and any other transaction for consideration) of the Mortgage Pandbrieven on a secondary market if such transaction is either concluded or carried out in Belgium through a professional intermediary. The rate applicable for secondary sales and purchases of Mortgage Pandbrieven in Belgium through a professional intermediary is 0.12% with a maximum amount of EUR 1,300 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary. The acquisition of Mortgage Pandbrieven upon their issuance (primary market) is not subject to the tax on stock exchange transactions.

Following the Law of 25 December 2016, the scope of application of the tax on stock exchange transactions has been extended as of 1 January 2017 to secondary market transactions of which the order is directly or indirectly made to a professional intermediary established outside Belgium by (i) a private individual with habitual residence in Belgium or (ii) a legal entity for the account of its seat or establishment in Belgium (both referred to as a **Belgian Investor**). In such a scenario, the tax on stock exchange transactions is due by the Belgian Investor (who will be responsible for the filing of a stock exchange tax return and for the timely payment of the amount of stock exchange tax due), unless the Belgian Investor can demonstrate that the tax on stock exchange transactions due has already been paid by the professional intermediary established outside Belgium. In such a case, the foreign professional intermediary also has to provide each client (which gives such intermediary an order) with a qualifying order statement (*bordereau/borderel*), at the latest on the business day after the day the transaction concerned was realised. The qualifying order statements must be numbered in series and a duplicate must be retained by the financial intermediary. The duplicate can be replaced by a qualifying daytoday listing, numbered in series. Alternatively, professional intermediaries established outside Belgium could appoint a stock exchange tax representative in Belgium, subject to certain conditions and formalities (**Stock Exchange Tax Representative**). Such Stock Exchange Tax Representative will then be liable toward the Belgian Treasury for the tax on stock exchange transactions due and for complying with the reporting obligations and the obligations relating to the order statement (*bordereau/borderel*) in that respect. If such a Stock Exchange Tax Representative would have paid the tax on stock exchange transactions due, the Belgian Investor will, as per the above, no longer be the debtor of the tax on stock exchange transactions.

The tax on stock exchange transactions will not be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional

investors as defined in Article 126/1 2° of the Code of miscellaneous taxes and duties (*Code des droits et taxes divers/Wetboek diverse rechten en taksen*).

As stated below, the European Commission has published a proposal for a Directive for a common financial transactions tax (**FTT**). The Draft Directive currently stipulates that once the FTT enters into force, the Participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished if and once the FTT enters into force. The Draft Directive is still subject to negotiation between the Participating Member States and therefore may be changed at any time. The Draft Directive is further described below (see the section entitled “*Financial Transaction Tax*”).

Value Added Tax

Pursuant to Article 44, §3, 10°, of the Belgian Value Added Tax Code, the transactions, including the negotiation, of the Mortgage Pandbrieven are exempt from value added tax, with the exception of custody and management activities.

Exchange of information: FATCA (U.S. Foreign Account Tax Compliance Act)

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (**FATCA**) impose a new reporting regime with respect to certain payments to any non-U.S. financial institutions (a “foreign financial institution”, or FFI (as defined by FATCA)) (i) in a jurisdiction that has not signed an intergovernmental agreement (IGA) or (ii) in a jurisdiction that has not reached agreements in substance and that did not become a Participating FFI by entering into an agreement with the U.S. Internal Revenue Service (**IRS**) and is not otherwise exempt from or in deemed compliance with FATCA. The list of approved jurisdictions and jurisdictions that have reached agreements in substance can be consulted on the IRS’ website: <http://www.treasury.gov/resource-center/tax-policy/treaties/Pages/FATCA-Archive.aspx>. The Issuer is classified as a reporting Model 1 FFI. The information contained on the website of the U.S. Internal Revenue Services (www.treasury.gov) does not form part of this Base Prospectus and has not been scrutinised or approved by the FSMA.

The new withholding regime was phased in beginning 1 July 2014 for payments from sources within the United States and will thus not apply to foreign passthru payments. In a later phase, it might be possible that withholding would apply to foreign passthru payments.

In execution of the FATCA legislation, an Intergovernmental Agreement (IGA) was signed on 23 April 2014 between Belgium and the United States and a Belgian law implementing the FATCA legislation was adopted by the Belgian legislator (*Wet tot regeling van de mededeling van inlichtingen betreffende financiële rekeningen, door de Belgische financiële instellingen en de FOD Financiën in het kader van automatische uitwisseling van inlichtingen op internationaal niveau en voor belastingdoeleinden/Loi réglant la communication des renseignements relatifs aux comptes financiers, par les institutions financières belges et le SPF Finances, dans le cadre d’un échange automatique de renseignements au niveau international et à des fins fiscales* of 16 December 2015). This law implies that Belgian financial institutions holding the Mortgage Pandbrieven for “U.S. accountholders” and for “Non-U.S. owned passive Non Financial Foreign entities” shall report financial information regarding the Mortgage Pandbrieven (income, gross proceeds, etc.) to the Belgian competent authority, who shall communicate the information to the U.S. tax authorities.

FATCA is particularly complex. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these

rules may apply to the Issuer and to payments they may receive in connection with the Mortgage Pandbrieven.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **Participating Member States**). On 8 December 2015, Estonia however expressed its intention not to introduce the FTT.

The proposed FTT has very broad scope and could apply to certain dealings in the Mortgage Pandbrieven (including secondary market transactions) in certain circumstances. The issuance and subscription of Mortgage Pandbrieven should, however, be exempt.

Under the proposals, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Mortgage Pandbrieven where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The Issuer is a financial institution incorporated in Belgium and therefore financial institutions worldwide may be subject to the FTT when dealing in the Mortgage Pandbrieven.

Joint statements issued by the Participating Member States indicate an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives. The FTT, as initially implemented on this basis, may not apply to dealings in the Mortgage Pandbrieven.

The proposed FTT remains subject to negotiation between the Participating Member States and the timing and scope of any such tax remains unclear. The proposed FTT may still be abandoned or repealed. Additional EU Member States may decide to participate.

The commission stated in the framework of the MFF/Own Resources negotiations that *"If there is no agreement by end of 2022, the Commission will, based on impact assessments, propose a new own resource, based on a new Financial Transaction Tax. The Commission shall endeavour to make these proposals by June 2024 in view of its introduction by 1 January 2026."*

Given the lack of certainty surrounding the proposals and their implementation, it is not possible to predict what effect the proposed FTT might have on the business of the Issuer; it could materially adversely affect its business. Prospective Mortgage Pandbrieven Holders are strongly advised to seek their own professional advice in relation to the FTT.

Tax on securities accounts

Pursuant to the Belgian Law of 17 February 2021 on the introduction of an annual tax on securities accounts, an annual tax is levied on securities accounts with an average value, over a period of twelve consecutive months starting on 1 October and ending on 30 September of the subsequent year, higher than EUR 1,000,000.

The tax is equal to 0.15% of the average value of the securities accounts during a reference period. The reference period normally runs from 1 October to 30 September of the subsequent year. The taxable base is determined based on four reference dates: 31 December, 31 March, 30 June and 30 September. The amount of the tax is limited to 10% of the difference between the taxable base and the threshold of EUR 1,000,000.

The tax targets securities accounts held by resident individuals, companies and legal entities, irrespective as to whether these accounts are held with a financial intermediary that is established or located in Belgium or abroad. The tax also applies to securities accounts held by non-residents individuals, companies and legal entities with a financial intermediary established or located in Belgium. Belgian establishments from Belgian non-residents are, however, treated as Belgian residents for purposes of the annual tax on securities accounts so that both Belgian and foreign securities accounts fall within the scope of this tax.

Each securities account is assessed separately. When multiple holders hold a securities account, each holder shall be jointly and severally liable for the payment of the tax and each holder may fulfil the declaration requirements for all holders.

There are various exemptions, such as securities accounts held by specific types of regulated entities for their own account.

A financial intermediary is defined as (i) the National Bank of Belgium, the European Central Bank and foreign central banks performing similar functions, (ii) a central securities depository included in Article 198/1, §6, 12° of the BITC, (iii) a credit institution or a stockbroking firm as defined by Article 1, §3 of the Law of 25 April 2014 on the status and supervision of credit institutions and investment companies and (vi) the investment companies as defined by Article 3, §1 of the Law of 25 October 2016 on access to the activity of investment services and on the legal status and supervision of portfolio management and investment advice companies, which are, pursuant to national law, admitted to hold financial instruments for the account of customers.

The annual tax on securities accounts is in principle due by the financial intermediary established or located in Belgium. Otherwise, the annual tax on securities accounts needs to be declared and is due by the holder of the securities accounts itself, unless the holder provides evidence that the annual tax on securities accounts has already been withheld, declared and paid by an intermediary which is not established or located in Belgium. In that respect, intermediaries located or established outside of Belgium could appoint an annual tax on securities accounts representative in Belgium. Such a representative is then liable towards the Belgian Treasury ("*Thesaurie/Trésorerie*") for the annual tax on securities accounts due and for complying with certain reporting obligations in that respect. If the holder of the securities accounts itself is liable for reporting obligations (e.g. when a Belgian resident holds a securities account abroad with an average value higher than EUR 1,000,000), the deadline for filing the tax return for the annual tax on securities accounts corresponds with the deadline for filing the annual tax return for personal income tax purposes electronically, irrespective whether the Belgian resident is an individual or a legal entity. In the latter case, the annual tax on securities accounts must

be paid by the taxpayer on 31 August of the year following the year on which the tax was calculated, at the latest.

The law also provides for certain anti-abuse provisions, retroactively applying as from 30 October 2020: a rebuttable general anti-abuse provision and two irrebuttable specific anti-abuse provisions. The latter cover (i) the splitting of a securities account into multiple securities accounts held with the same intermediary and (ii) the conversion of taxable financial instruments held on a securities account, into registered financial instruments. In the meantime, the Constitutional Court has annulled in its decision of 27 October 2022 (n° 138/2022) the two irrebuttable specific anti-abuse provisions, and the retroactive application of the general anti-abuse provision as from 30 October 2020, meaning that the latter can only apply as from 26 February 2021.

It is expected that the value of the Mortgage Pandbrieven will have to be taken into account in determining the value of a securities account.

Prospective investors are strongly advised to follow up and to seek their own professional advice in relation to this new annual Tax on Securities Accounts and the possible impact thereof on their own personal tax position.

SECTION 18 – SUBSCRIPTION AND SALE

Programme Agreement

Each Dealer, in a programme agreement dated on or about the date hereof (as amended and/or supplemented and/or restated from time to time the **Programme Agreement**), will agree with the Issuer a basis upon which they or any of them may from time to time agree to purchase Mortgage Pandbrieven. Any such agreement will extend to those matters stated under “*Form of the Mortgage Pandbrieven*” and “*Terms and Conditions of the Mortgage Pandbrieven*” above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of its expenses in connection with the establishment of the Programme and the issue of Mortgage Pandbrieven under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

Selling restrictions

General

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Mortgage Pandbrieven or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Mortgage Pandbrieven under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries. None of the Issuer nor any other Dealer shall have any responsibility therefor.

None of the Issuer nor the Dealers represents that Mortgage Pandbrieven may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

In particular (but without limiting the generality of the above), subject to any amendment or supplement which may be agreed with the Issuer in respect of the issue of any Tranche, each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, to comply with the following provisions except to the extent that, as a result of any change in, or the official interpretation of, any applicable laws and/or regulations, non-compliance would not result in any breach of the applicable laws and/or regulations.

Prohibition of Sales to EEA Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Mortgage Pandbrieven which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA.

- (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Mortgage Pandbrieven to be offered so as to enable an investor to decide to purchase or subscribe the Mortgage Pandbrieven.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and it will not offer or sell the Mortgage Pandbrieven to any consumer (*consument/consommateur*) within the meaning of the Belgian Code of Economic Law (*Wetboek van economisch recht/Code de droit économique*) in Belgium.

Public Offer Selling Restriction under the Prospectus Regulation

In relation to each Member State of the EEA where the Prospectus Regulation is applicable (each a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Regulation entered into force, it has not made and will not make an offer of Mortgage Pandbrieven with a denomination of less than Euro 100,000 which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State.
